3750:474 Psychology of Women (4cr) (**DD**)	
120 Credit Minimum	

*The Psychology Department recommends that a student take a statistics course to satisfy their general education math requirement. It is strongly recommended that a student complete statistics prior to 3750:110 Quantitative Methods in Psychology. Introduction to Psychology 3750:100, is a departmental requirement and counts towards the Social Science requirement. Students should consult with their BCAS adviser for a semester by semester guide to assist with planning for course enrollment
