The following information has official approval of the School of Nutrition and Dietetics, but is intended only as a supplemental guide. Official degree requirements are established at the time of transfer and admission to the degree-granting college. Completion of this degree within the identified time frame below is contingent upon many factors, including but not limited to: class availability, following the sequence of classes as listed below, total number of required credits, work schedule, finances, family, course drops/withdrawals, successfully passing courses, prerequisites, among others. The transfer process is completed through an appointment with your Academic Advisor.

All students begin in the Didactic program as a major in Dietetics.
- All courses marked with an (*) must be completed prior to the entry to the Didactic Program in Dietetics (DPD).
- Bolded Courses require a grade of “C” or better for the Verification Statement. Refer to the last page for an explanation of the differences between the Didactic and Coordinated Programs.

**Preadmission courses**: A grade of “C” or higher is required. A minimum combined 3.0 GPA is required.

Early transfer to the College of Health Professions can occur after completing 12 credits at The University of Akron, completion of at least one core science course and earning a 3.0 GPA at The University of Akron.

*Italicized* courses fulfill General Education requirements. Unless a course is specified, refer to the General Education guide at [http://www.uakron.edu/advising/docs/General_Education_Guide.pdf](http://www.uakron.edu/advising/docs/General_Education_Guide.pdf)

### 2nd Year
#### Spring Semester
- **3100:202** Human Anatomy & Physiology II 3 3100:200
- **3100:203** Human Anatomy & Physiology II Lab 1 corequisite: 3100:202
- **6200:201** Accounting Principles I (Note b) 3 24 credits completed
- **3400:210 or 3400:221** Humanities in the Western Tradition 4 32 credits & 3300:112 or equivalent
- **3100:203** Humanities in the World since 1300 3 32 credits & 3300:112 or equivalent
- **Total** 14

### 3rd Year
#### Fall Semester
- **7760:400** Nutrition Communication and Education Skills 4 7760:133 or 7760:316
- **7760:426** Human Nutrition (Fall only) 3 7760:133, 7760:228, 3100:202, 3100:203, 3150:112, 3150:113
- **7760:443** Nutrition Assessment (Fall only) 3 7760:133, 7760:228, 3100:202, 3100:203, 3150:112, 3150:113 or permission of the instructor
- **6500:480** Introduction to Management of Healthcare Systems 3 Upper college standing
- **Area Studies / Cultural Diversity Requirement** 2
- **Total** 15

#### Spring Semester
- **7760:310** Food Systems Management I (Spring only) (Note c) 4 7760:250, 6200:201 or 2420:211 or permission from the instructor; corequisite 7760:314
- **7760:314** Food Systems Management I Field Experience (Spring only) 2 corequisite 7760:310
- **7760:328** Medical Nutrition Therapy I (Spring only) 3 7760:133 or 7760:316, 7760:228, 7760:426, 7760:443
- **6500:301** Management Principles and Concepts 3 48 credit hours
- **Area Studies / Cultural Diversity Requirement** 2
- **Total** 14

#### Summer Semester
- **7760:489** Professional Preparation for Dietetics 1
- **Total** 1

### 4th Year
#### Fall Semester
- **7760:413** Food Systems Management II (Fall only) 3 7760:310
- **7760:428** Medical Nutrition Therapy II (Fall only) 3 7760:328
- **7760:480** Community Nutrition I (Fall only) (Note c) 3 7760:316 or 7760:426 prerequisite
- **Humanities Requirement** 3 32 credits & 3300:112 or equivalent
- **Elective (Note a)** 3
- **Total** 15

#### Spring Semester
- **7760:447** Senior Seminar: Critical Issues: Nutrition and Dietetics 1 Senior standing
- **7760:403** Advanced Food Preparation (Spring only) 3 7760:141 or 7760:250 or permission
- **7760:424** Nutrition in the Life Cycle (Spring only) 3 7760:316 or 7760:426, or permission of the instructor
- **7760:482** Community Nutrition II (Spring only) 3 7760:480
- **7760:487** Sports Nutrition (Spring only) 3 7760:133, 7760:426, 3100:202, 3100:203, 3150:112, 3150:113 or 203 or permission of the instructor
- **Elective (Note a)** 1
- **Total** 14

### Minimum Credits for Degree
120
NOTES:

a. A student in the Didactic program will complete 7 credit hours of electives. A student in the Coordinated Program is required to complete Introduction to Entrepreneurship (6300:201) and 5 credit hours of electives.

Recommended Electives: Medical Terminology (2740:120); Legal and Social Environment of Business (6400:220); Basic Pharmacology (2740:230); Human Cultures (3230:150); Methods of Social Research I (3850:301); Anthropology of Food (3230:420); Intercultural Communication (7600:325); First Aid and CPR (5550:211); Introduction to Entrepreneurship (6300:201); Introduction to Ethics (3600:120).

b. 2420:211, Basic Accounting I AND 2420:212, Basic Accounting II may be substituted for 6200:201, Accounting Principles I.

c. A $35.00 fee for Liability Insurance is collected as part of course fees and provides you with required malpractice coverage.

ACADEMIC ADVISING: Students can transfer to the College of Health Professions with 12 credits, 3.0 GPA, and 1 prerequisite science completed. Admitted students will be considered pre-admits to their desired major and will receive advising from the College of Health Professions’ Student Success Center in Mary Gladwin Hall 313. Once the student meets or is in progress to complete the first year requirements with a 3.0 GPA and a C or better, then the student will be eligible to apply for the Didactic Program. Students admitted to the program will be assigned a faculty adviser.

STUDENT DIETETIC ASSOCIATION (SDA): The University of Akron Student Dietetic Association is open to all interested undergraduate and graduate students at the University. Its purpose is to stimulate interest in the dietetic profession, orient members to The Academy of Nutrition and Dietetics, and organize activities to involve members in programs for the public to help promote nutrition education. Contact the faculty advisor (330-972-8664), watch the Schrank bulletin board for meeting notices, and/or talk to one of the student officers for more information. New officers are elected yearly, and names are posted on the dietetics bulletin board.

DIDACTIC or COORDINATED PROGRAM: The first and second year of the dietetic curriculum for both the Didactic Program (DP) and the Coordinated Program (CP) are identical. Both programs meet the DP requirements of the Accreditation Council for Education in Nutrition and Dietetics. To be eligible for active membership in The Academy of Nutrition and Dietetics and subsequent registration, graduates of the Didactic Program are required to complete a dietetic internship following completion of their course work at the University of Akron. Effective Fall 2015, students must apply for admission to the Didactic Program. Application information is available on the Nutrition/Dietetics website. Deadline for application submission is March 1st.

The CP includes over 1200 hours of pre-professional practice within the final two years of study, during which students gain knowledge as well as clinical experience in three main areas: food service administration, medical nutrition therapy, and community nutrition. CP graduates are eligible for active membership in the Academy and may take the national registration examination following graduation. State licensure requirements must also be satisfied prior to practice in Ohio. Information about limited permits and licensure are provided during the program.

Information regarding official application to Coordinated Program is available in course 7760:120 Career Decisions in Nutrition. Applications are available on the school web site. Students applying to the Coordinated Program should have a minimum GPA of 3.0, a 3.0 science GPA, and be prepared for heavy time commitment. Students accepted to the Coordinated Program complete a new Academic Program Agreement, and are then advised by the Coordinated Program Director. Deadline for application submission is February 1st.
VERIFICATION STATEMENTS: The Didactic and the Coordinated Programs are accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND). The student's Academic Program Requirements include courses which meet the verification statement requirements. Upon graduation, verification statements are signed by the Didactic or the Coordinated Program Director, indicating satisfactory completion of the program requirements. To earn a Verification Statement in DP or CP, students must have a 3.0 GPA and obtain a grade of "C" (2.0) or better in the following courses (unless waived): 3100:130, 200-201,202-203; 3150:110,111,112,113; 3470:250 or 260; 3750:100; 3850:100; 6200:201 or 2420:211 and 212, 6500:301, 480; 7600:105 or 106, 7760:120, 133, 228, 250, 251, 310, 314 (DP only), 315 (CP only), 328, 400, 403, 413, 424, 426, 428, 443, 447, 480, 482, 487, 489 (DP only). In addition CP students must complete the following courses with a minimum of a B or with CR: 7760:315, 329, 429, 444, 481, 483, 484, 486. Please note: Recency of education requirements may need to be satisfied.

IMPORTANT:
- If courses are taken out of the recommended sequence, graduation may be delayed.
- If General Organic Biochemistry classes were completed more than 5 years ago. Please see contact the School of Nutrition and Dietetics for additional evaluation.
- To progress in the Nutrition majors, students may not repeat any course required for the verification statement more than once. If, after the first repeat, a student has not earned a "C" or better in a course, they will be dropped from the program.
- Once dropped, students will not be permitted to re-enter the dietetics programs.

STATEMENT OF UNDERSTANDING: Students are required to comply with the rules and regulations necessary to meet the foundation knowledge and skills for dietetics. Medical insurance, proof of immunization and a thorough criminal background check (BCI/FBI) for clinical experiences are required. The background check may reveal a student's unsealed and sealed criminal record.

SCHOLARSHIPS: Scholarships are available from various sources (including the School of Nutrition/Dietetics and The Academy of Nutrition and Dietetics) throughout the school year. Information regarding scholarships and the application is posted on the dietetics bulletin board in Schrank Hall South. Deadlines for applications will vary. It is the student's responsibility to request letters of recommendation from the faculty if required. Email the application before the posted deadline dates as instructed online.

EMPLOYMENT OPPORTUNITIES: A student majoring in Dietetics gains some knowledge and experience in all three areas of specialization: management, medical nutrition therapy, and community dietetics. Thus, rewarding positions may be found in a variety of settings: hospitals, schools and colleges, commercial food services, community agencies, health care agencies, with manufacturers and distributors, with family practice units and private physicians requiring the professional services of a registered dietitian, or in the area of food and nutrition research. Average salary for dietitians is approximately $57,910 annually.
