We surveyed our spring 2016 graduates to determine their career outcomes.

77% who earned an undergraduate degree are employed full-time in their chosen field or in a position that requires a degree, or they are continuing their education (i.e. graduate school).

82% who earned a bachelor’s degree participated in at least one experiential learning experience* before graduating.

AVERAGE STARTING SALARY OF BACHELOR DEGREE GRADUATES

- $48,512 with experiential learning
- $43,475 without experiential learning

* Experiential learning includes internships, practicums, assistantships, student teaching, undergraduate research, field experiences, clinicals, volunteer work related to major and study abroad.

Career outcome data is based on a survey knowledge rate of 95% of our Spring 2016 graduates.
