

# **The Center for Career Management**

## **Full-Time Salary Statistics**

### **Fall 07– Spring 08 Graduates**

The following data was collected through the Senior Survey, which is voluntarily filled out by graduating students. The information in this report is sorted first by academic college, then by degree type, and then by major. The information includes the number of students reporting salary data per major, the average starting salary, the minimum starting salary reported and the maximum starting salary reported.

If you have any questions or if you would like to request salary information collected during previous years please contact:
