Computer Training at Your Company... *...With Our Lab!*

**You don't have to send your employees away for computer training!
We will bring our Mobile Laptop Lab to your company and customize
our programs to fit your organization's needs**

**Please check our Web site for our most current applications. If you need a
program that is not listed, please call us and inquire about onsite computer
training. Many of our instructors can teach programs that may not be offered
in the catalog every semester.**

Here is a sampling of our computer courses:

Managing a Windows 2003 server (MCSA)	Dreamweaver 8
Working in a Windows 2008 Server Environment (MCTS)	Flash
