### Course Description

There are three focus areas: management, safety and sanitation, and nutrition. This in-depth program includes 126 hours classroom instruction and more than 200 hours of supervised field experience in a preapproved work setting. Fifty hours of field experience must be under the direct supervision of a licensed registered dietician preceptor with one year of post-registration experience. All field experience sites must meet the requirements of the Dietary Managers Association. Cost includes all materials, textbooks, on-site visitation to long-term care facilities and speakers. Enrollment is limited to 20 students. Registrants must be high school graduates or equivalent. Credentialing exams are held in Spring and Fall. Exam fee is not covered in this course. No discounts apply. For information about credentialing, visit [www.dmaonline.org](http://www.dmaonline.org) or call Dietary Managers Association at 800-323-1908. For course information visit [www.uakron.edu/ce](http://www.uakron.edu/ce)

### Student Comments

"I was a Dietary Supervisor for four years. When I started this class I had only been a food service director for seven months and had never worked in assisted living – only skilled care. You taught me all I needed to make me feel suitable to do this job." DH

"I would hope to continue communication with Fran and Debbie. Not only are they very knowledgeable, but very friendly and understanding of individual learning needs." JR

"I hold advanced degrees from the OSU and the Armed Forces. I am the CFO of a \$30 million corporation. This was the most informative and useful instruction class I have ever experienced! Keep up the great work!" GM

"I'd love to take any course offered by this team. It was time well spent, thoroughly enjoyed, and I leave feeling confident in my new knowledge." VM
