Tutorial Services offers subject tutoring in a wide variety of disciplines (General Education courses). Please call either ext 6984 or 6550 during lab hours to set up an appointment. Tutoring in math classes is available without an appointment.

Mathematics is done on a drop-in basis and no appointment is necessary. Mathematics tutoring may not be done one-on-one, and this depends on the current availability of math peer-tutors and time of the semester (test and midterm weeks are especially busy).

Subject tutoring requires an appointment. Limited drop-in science tutoring hours may be available.
