

**THE UNIVERSITY OF AKRON
AKRON OHIO
SUMMIT COLLEGE**

**CONSTRUCTION ENGINEERING TECHNOLOGY
CERTIFICATE PROGRAM IN CONSTRUCTION MANAGEMENT**

Requirements:

A minimum of 18 hours is required.

The certificate program in Construction Management is open to undergraduates or graduates who have been admitted to The University of Akron. This program is aimed at developing technical knowledge and skills necessary to supervise a construction project. This certificate may be earned independently of earning a degree, but all course work can be applied to the B.S. degree in Construction Engineering Technology.

The following courses are required:

		Credit Hours
2990:351	Construction Quality Control	2
2990:352	Field Management & Scheduling	2
2990:358	Advanced Estimating	3
2990:359	Construction Cost Control	3
2990:453	Legal Aspects of Construction	2
2990:468	Construction Management	3
2990:498	Independent Study in Construction	3

Because most of the required courses have prerequisites, students should consult with the program director of the Construction Engineering Technology program for a contract before beginning course work.

One semester of co-op or an internship with a construction or construction related company is required.
