Letter of Commitment

This information is provided as part of The University of Akron's commitment to safety and security on campus and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and The Higher Education Act: Fire Safety Report.

Safety: A shared responsibility

Your safety is our priority and our concern. It also must be your concern. As a university, we work very hard to prevent crime, fire, accidents and illness, but nothing we do is as important as what you do - and, in some cases, don't do. The University of Akron Police Department has primary responsibility for crime prevention and law enforcement on campus. Other areas, such as the Division of Student Affairs, and the Offices of Transportation and Parking, Environmental Health and Safety and many others also contribute to making The University of Akron a safer place to study, work and live.

This site contains valuable information about how you can help us keep you safe, on and off campus. Please pay special attention to the safety tips. Following them may greatly reduce the chances that you'll be the victim of crime, become injured or lose valuables.

Let's work together to have a safe year.

**Police Authority**

**About The University of Akron Police Department**

Campus law enforcement is primarily the responsibility of The University of Akron Police Department (UAPD.) The University's full-time police officers are designated by statute as the law enforcement officers of the university and are commissioned by the State of Ohio with full law enforcement authority identical to that of a municipal police officer or sheriff's deputies (Ohio Revised Code §3345.04.) The mission for every member of UAPD is to consistently seek and find ways to affirmatively promote, preserve and deliver a feeling of security, safety and quality services to members of the community; and, each officer's oath of office is a personal commitment to the rule of law and constitutional limitations of police authority.

UAPD officers meet or exceed training standards of the Ohio Peace Officers Training Council and receive ongoing in-service and specialized training, including training in victim based sexual assault investigations for all UAPD investigators. UAPD enforces all laws of the State of Ohio and the City of Akron and is responsible for public safety services such as crime prevention, medical emergencies, fire emergencies and traffic accidents. UAPD is empowered to use investigative authority on reasonable suspicion of crime, to search and arrest as authorized by law and to use reasonable and necessary force to enforce all laws and protect property on all University property and where authorized through agreement with local law enforcement.

UAPD works closely with other law enforcement agencies and law enforcement information is shared through personal contacts and technological interaction. In addition, UAPD and the City of Akron Police Department share a common records system for reports and UAPD reports are exchanged on an as-needed basis among other police agencies, so that all agencies share pertinent information.

In addition, the University maintains mutual aid agreements with several law enforcement agencies, including the cities of Akron and Orrville, and UAPD may enforce the law as provided by these mutual aid compacts. Copies of these mutual aid agreements are available here:

- **SWAT Team**
- **City of Akron**
- **City of Orville**
- **Summit County**
- **Northern Ohio Violent Fugitive Task Force**
- **Participating Ohio Universities**
UAPD provides law enforcement services to the Akron campus 24-hour-a-day, 7 days a week. Law enforcement services are provided to the University’s other campuses 24-hour-a-day, 7 days a week, through a combination of UAPD and local law enforcement agencies. Response areas include all parking lots, residence halls (including fraternity and sorority houses.) UAPD has established a strong working relationship with the City of Akron Police Department and through its agreement with the City of Akron, UAPD has been given authority to engage in patrol, crime interdiction and joint crime prevention projects in the neighborhoods near to the Akron campus.

The UAPD police station is located in the Physical Facilities Operations Center at the corner of Forge and Hill Streets. (GPS location of 146 Hill Street, Akron, OH 44325.) UAPD is staffed 24 hours every day of the year, to receive reports and investigate crimes. Emergency telephone service, 9-1-1, is available without coin from all campus phones and 485 direct emergency phones located throughout campus. Walk-in service is available every hour of every day. Non-emergency phone contact is also always available by calling 330.972.2911. Questions may also be directed to UAPD through electronic mail at jweber@uakron.edu.

Off-Campus Patrol
The University of Akron has engaged Block-by-Block to provide Off-Campus Patrol to provide unarmed eyes and ears surveillance and patrol services in the area south of East Exchange Street. The service area is bound by East Exchange Street to the north, East Thornton Street to the south, Grant Street and Sherman Street to the west and, Goodkirk Street and Brown Street to the East. The patrol also will provide an escort across the bridge on East Exchange St. to the Downtown Akron Partnership special improvement district at South Broadway. The map (see below) indicates the patrol area. The unarmed patrol works the area south of campus seven days a week between 7:30 p.m. and 4:00 a.m. and has direct communication with UAPD dispatchers if they need assistance or if a student requests an off-campus escort in the patrol zone. In addition, its bicycle patrol assists with off-campus outreach and relations and reporting safety hazards.
Criminal Activity Off Campus

The City of Akron has primary law enforcement responsibility for the off-campus areas adjacent to the University’s Akron campus. The City of Orrville has primary law enforcement responsibility for the off-campus areas adjacent to the Wayne campus. The Cities of Akron and Orrville and the University have mutual aid agreements that allow UAPD to assist the cities with off-campus incidents.

The University, through its relationships with the cities of Akron and Orrville police departments, also is able to monitor and record off campus criminal activity by students, including criminal activity at non-campus locations of recognized student organizations. The University also has the authority to address off-campus conduct in accordance with its Code of Student Conduct.

All new University of Akron employees also are required to complete an online training program entitled, “Sexual Harassment & other forms of discrimination.” The University Equal Employment Opportunity/Affirmative Action Office (“EEO/AA”) tracks attendance for all new University employees. The training was developed by the University’s Office of General Counsel (“OGC”). Additionally, the OGC provides in person quarterly sexual harassment training for those current or new employees who wish also to take advantage of “live” training. The EEO/AA Office provides Sexual Harassment & other forms of discrimination pamphlets to all interested students and employees and all employees can print out a copy of the PowerPoint training presentation. The EEO/AA pamphlets are also handed out at the annual Women’s Wellness Fair.

Upon enrollment, all new students are required to complete online sexual assault and sexual harassment training provided through LawRoom – Campus Clarity. This interactive tool is state law specific and includes tutorials and real life case examples for study and review by students. In addition, the University uses many forms of media to disseminate its policies to students. The Code of Student Conduct (which incorporates the University’s Sexual Harassment Policy) and a description of the Student Conduct process is on the Department of Student Conduct and Community Standards (“SCCS”) Website: [www.uakron.edu/studentconduct](http://www.uakron.edu/studentconduct). Information concerning the Code of Student Conduct and SCCS also is in the New Student Orientation Handbook, the Department of Residence Life and Housing Handbook; and the Undergraduate Bulletin, [http://www.uakron.edu/Registrar/Bulletins/Ugrad/?FolderPath=/Registrar/Bulletins/Ugrad/2011-2015/](http://www.uakron.edu/Registrar/Bulletins/Ugrad/?FolderPath=/Registrar/Bulletins/Ugrad/2011-2015/). SCCS also offers numerous presentations throughout the year that explain: the Code of Student Conduct, services offered by SCCS; how to report a conduct violation; and an overview of the conduct process.

In addition to the specific programs identified above, the University, as well as its constituent student and employee organizations, offers various safety and sexual assault/sexual harassment training and programming for student and employee audiences throughout the year. Information regarding ongoing prevention and awareness training and programming is communicated to students and employees through informational postings, webpage announcements and electronic newsletters that the University sends to students (through Zipmail) and employees (through the Digest.) Student organizations also may use the Zipmail system to share information with University students.
Campus Safety Initiatives and Resources

Crime Prevention Initiatives

In addition to the campus safety programming, The University of Akron employs many additional crime prevention initiatives, including:

- **Community Policing:** UAPD utilizes a community policing philosophy with the goals of:
  
  1. establishing positive contacts with the campus community;
  2. identifying real and/or perceived problems that exist in the campus community; and
  3. developing programs that aid in resolution of identified problems.

To assist in its community policing efforts, UAPD uses various modes of transportation, including bicycles, motorcycles, cars and foot patrol.

- **Emergency phones:** 485 emergency phones are located throughout the University campus and 3 additional phones are located off-campus, which provide a direct line of communication to UAPD for individuals in need of emergency assistance. These phones are strategically positioned along pedestrian walkways, inside parking decks and at many building entrances. UAPD responds to all activated emergency phones even if no words are spoken. Look for the blue lights inside buildings, in parking areas and on campus grounds.

- **Student Campus Patrol:** Student Campus Patrol operates seven days a week from 5 p.m. to 1 a.m., for the safety of anyone walking alone on campus. By calling 330-972-7263, an escort will come to your location and accompany you to your local destination. Student Campus Patrol members are employed and trained by UAPD. They are easily identified by conspicuously marked shirts or jackets. Teams assist UAPD in patrolling the campus, including parking lots and reporting suspicious behavior.

- **Sexual assault survivor's rights:** UAPD has developed and implemented a "Sexual Assault Survivor's Rights" program, which is designed to protect the rights of survivors of sexual assault and is a road map to empower and inform survivors of sexual assault. Copies of these materials are available at UAPD and via download.

- **Prospective and current student crime awareness and prevention programs:** UAPD and the Division of Student Affairs present information to prospective students and their parents about University safety programs and general campus safety tips. Safety literature and displays are available during orientation and at move-in. Information is also available at various Web sites such as http://www.uakron.edu/safety/ and http://www.uakron.edu/title-ix/.
Campus Resources:

The following Offices provide resources related to the safety, health and community standards of the University.

- **The Department of Residence Life and Housing:** Approximately 3,000 students live in the University's 10 residence halls. Access to the University's residence halls is restricted to student occupants, escorted guests and authorized University personnel. Unescorted persons are prohibited in the residence halls. While all residence halls have 24-hour visitation, buildings remain locked at all times and require a University-issued identification for access.

  Residence hall staff members receive special training from UAPD about security and safety procedures and the enforcement of residence hall regulations. Safety inspections every semester help students to maintain a safe environment. Department of Residence Life and Housing professional staff conduct programs with resident students to heighten awareness of safety on campus. Sessions cover topics from common sense precautions, (such as walking with a companion or in groups at night), to more difficult issues (such as acquaintance rape). Student programming offers other sessions such as a nationally recognized program that covers topics including bystander training, safe sex, rape prevention, gay/lesbian issues, and interracial relationships. As a part of crime prevention in the residence halls, UAPD patrols the residence halls during evening hours, Tuesday through Saturday. Officers participate in residence hall programs and respond to all police, fire and safety issues in the residence halls.

- **The Office of Student Conduct and Community Standards (SCCS):** SCCS’ primary focus is to promote and enforce University community standards through the administration of The University of Akron Code of Student Conduct. The office also serves as an information source on student discipline, judicial hearings, appeals and academic misconduct concerns. The purpose of the University discipline system is to promote student development by addressing behaviors that are inconsistent with community standards and expectations, as defined by the Code. SCCS often coordinates its services with other campus offices in an effort to serve students to the fullest extent. When appropriate, referrals will be made to other University offices to best serve students.

  Disciplinary complaints may be heard by either an Administrative Hearing Officer or Disciplinary Boards made up of faculty and students. The hearings are designed to provide a prompt, fair and impartial investigation and resolution of the complaint, and when appropriate, the Office administers proactive and educational sanctions. Although procedural requirements are not as formal as those existing in the courts of law, the student conduct process provides procedural safeguards for accusers and accused alike. Both the accuser and the accused are entitled to the same opportunity to:

  - access information that will be used at the hearing;
  - present relevant witnesses and other evidence; and,
  - have others present (including legal counsel) to act as an advisor during the hearing and related meetings or proceedings.
Upon written request, the University will disclose to the alleged victim of a crime of violence or non-forceable sex offense the report on the results of any disciplinary proceeding conducted against a student who is the alleged perpetrator of such crime or offense. If the alleged victim is deceased as a result of such crime or offense, the next of kin of the victim shall be treated as the alleged victim for such purpose.

For matters involving alleged violations of the Code of Student Conduct that would constitute a Title IX offense or sexual harassment, to ensure fairness, SCCS applies the following procedures:

- **Rights of the accuser:**
  - protection under applicable privacy laws (e.g. FERPA).
  - to be informed of the University’s student conduct process.
  - to the presence of an advisor of her/his choice (including legal counsel) during the conduct process as designated in the applicable University Rule. The advisor may advise the accuser but may not participate in the hearing or address the board unless responding to a direct question from the chairperson to the advisor.
  - to be informed of the outcome of the conduct process.

- **Rights of the accused:**
  - protection under applicable privacy laws (e.g. FERPA).
  - to be informed of the University’s student conduct process.
  - to the presence of an advisor of her/his choice (including legal counsel) during the conduct process as designated in the applicable University Rule. The advisor may advise the accused but may not participate in the hearing or address the board unless responding to a direct question from the chairperson to the advisor.
  - to be informed of the outcome of the conduct process.

Confidential medical/counseling records and information regarding the victim’s sexual history will not be provided to the accused and is not admissible at any disciplinary proceeding. As a matter of practice, SCCS does not require the accuser and the accused to be in the same room during a hearing involving a Title IX offense. To accommodate concerns regarding safety, confrontation and well-being, SCCS will provide alternate arrangements for participation, including separate facilities and video conferencing.

The hearings are conducted by persons who receive annual training on issues related to Title IX offenses and how to conduct a hearing process that protects the safety of students and promotes accountability. **The standard of evidence used to determine responsibility is a “preponderance” of evidence.** This determination is based on the greater weight of the evidence and does not require a standard beyond a reasonable doubt. The policies, procedures and sanctions outlined in the Code of Student Conduct apply to all violations of the Code, including student sexual misconduct violations.

Regardless of whether criminal charges are filed, students found to be responsible for a violation of the Code of Student Conduct related to a Title IX offense may be subject to university conduct sanctions. Sanctions against a student who has violated the Code of Student Conduct include suspension and dismissal and vary depending on the severity of the violation and the accused’s conduct history. The recommended sanction for non-consensual sexual intercourse will be dismissal. Other sanctions include suspension, expulsion from university owned and operated housing, educational intervention, no-contact orders, and restrictions from participating in extracurricular activities.
In the event that SCCS finds by a preponderance of the evidence that a Title IX offense occurred, the University will take immediate steps to: eliminate any hostile environment that has been created; prevent any further Title IX offense; and, prevent retaliation. Examples of remedial action include:

- victim counseling;
- no-contact orders;
- permitting a student to retake a course;
- mandated education or training for the accused; and
- additional education and training for the community regarding Title IX.

Both the accuser and the accused will be simultaneously informed in writing of the outcome of each stage of the conduct proceedings.

Both the Accuser and the Accused may appeal based on the grounds specified in the Code of Student Conduct (3359-41-01(H)(3)) using the appeal process specified in the Code.

(For more information concerning SCCS and Title IX offenses, please see “Reporting Sexual Misconduct/Sexual Assault,” beginning on page __ of this document.)

Whenever persons witness what appears to be a violation of University rules under the Code, they are strongly encouraged to report this to the Department of Student Conduct and Community Standards, which may conduct an investigation or contact UAPD if the reported activity appears to be criminal in nature. Individuals are not required to file a police report to pursue a complaint with SCCS. **Department of Student Conduct and Community Standards** located at Simmons Hall, Room 302. The Office may be contacted at 330-972-6380. See: [Code of Student Conduct](#).

- **Student Health Services:** Student Health Services works to assist students to meet their educational and personal goals by addressing their health concerns during enrollment. Student Health Services’ Health Education section provides health education, wellness promotion and risk reduction programming to students, faculty and staff. Student Health Services continues to maintain the University’s strategic vision of "shared responsibility" to plan, develop, implement, and evaluate health promotion techniques and continue to be a resource for those in need.

Student Health Services is designed to provide medical care for uncomplicated illnesses and injuries that are of recent onset and short duration. Student Health Services also provides confidential assistance in the event of a sexual assault. If you have any questions, please call us before your visit. Student Health Services is located in the Student Recreation and Wellness Center Room 260 and is open Monday through Friday from 8 a.m. to 5 p.m. (Last appointment at 4:30 p.m.) Student Health Services is closed on weekends and holidays. The office can be reached at 330-972-7808. [View Student Health Services' Website](#).
UAPD Tips to enhance personal safety

Whether on campus or any public place, here are some general safety tips to keep in mind.

- **Travel in groups.** Often, there is safety in numbers. If you are going to separate from your group, tell someone when you will return. Take a cell phone.
- **Park in well-lit areas.**
- **If you feel threatened,** cross the street or enter a store or business.
- **Have your keys in hand** as you approach your car. Check under the car and the back seat before you enter.
- **Alcohol and other drugs** can impair your perceptions and decision-making. Do not place yourself in a vulnerable position by being intoxicated or under the influence of other drugs.
- **If you do drink,** set a limit and stick to it. Don't drink on an empty stomach. Also: Don't leave a drink unattended. If you are away from your drink any amount of time, toss it. It's not worth the risk.

Out and about

- **Use the campus escort service.** Patrol members will escort students between campus locations from 5 p.m. to 1 a.m. nightly on school nights. Call 330-972-7263 to request the service.
- If you feel threatened or if you want to report something suspicious, use one of 485 emergency phones on campus. The phones, distinguished by their blue lights, connect directly to the UA police dispatcher at all hours.
- Program the University's emergency line into your cell phone: 330-972-2911. Or call 9-1-1.
- **Notify the UAPD if you notice anything suspicious or unusual.** Call the department at 330-972-2911 (or 9-1-1 in an emergency) at any hour. "It's amazing how often small tips from everyday people add up to something we can use," said University Police Chief Paul Callahan. "Students should not be shy about calling. We value every call."
- Going downtown on a weekend night? Use UA's [free shuttle service](#).

In the residence halls

- **Always lock your door;** even when you're sleeping or just going down the hall.
- Do not allow strangers to enter your room or your complex. Do not open your door unless you can identify the person seeking entry.
- **Do not prop any exterior doors** open to allow unescorted visitors into the residence hall.
- **Report lost or stolen residence hall keys or Zip Cards immediately** to your residence hall staff.
- Report any malfunctioning locks, doors or windows to your residence life staff.
- Do not leave your keys or Zip Card lying around in your room when you are not in the room.
- Do not leave messages on your door about when you will be returning to your room.
Living off campus

If you live in off-campus housing:

- Call the UA Police Department and request a free security audit of your rental. Our officers will:
  - test the adequacy of your locking system;
  - study all entry points and offer suggestions to improve their security; and
  - offer tips about exterior lighting and other tactics to deter would-be criminals.
- To arrange for an audit, call the UAPD at 330-972-5914 (if no answer, please leave a message).
- Don't answer the door in the middle of the night unless you are expecting someone. Ask your landlord to install a peephole in your front door. If you see someone unexpected at your door during the overnight hours, call Akron PD at 911 or UAPD at 330-972-2911.
- If you leave home, leave on a light, radio or TV to make it appear as if someone is home.
- Lock doors and windows. UA's police chief says many times thieves enter through unlocked doors and windows. Ask your landlord to install a deadbolt, if one is not present.
- Let the police department know if a streetlight is out.
- Have a problem? Take advantage of the free services and advice offered by UA's Office of Off-Campus Student Services: http://www.uakron.edu/offcampus/.

Building Security and Access

The University of Akron implements numerous safety precautions on its campus. Extensive lighting is found throughout the campus, and the University continues to implement additional lighting improvement projects and to consider public safety in maintaining its buildings and grounds. In addition, construction and renovation plans for University facilities are reviewed for principles associated with crime prevention through environmental design, both in the facility itself, and if practicable, in the adjacent area.

Access to campus buildings is restricted after normal business hours, and current University identification must be shown to gain admittance to many academic and administrative facilities during normal business hours. Access to the University's residence halls is restricted to student occupants, escorted guests and authorized University personnel. Unescorted persons are prohibited in the residence halls. While all residence halls have 24-hour visitation, buildings remain locked at all times and require a University-issued identification for access.

Policies for Reporting Crimes and Preparing Annual Reports

Individuals who are victims of, or witnesses to a crime, or otherwise become aware of a crime, are strongly encouraged to timely report that crime to the police. In fact, under Ohio law, persons who have knowledge of a felony (a victim of or witness to the crime) are required to report the crime to the police and failure to report a crime may itself be a crime. (Ohio Revised Code §2921.22)
Reporting Crime

- Crimes occurring on campus (Akron main campus, Medina campus or Wayne College campus) should be reported to UAPD by calling 9-1-1 or 330-972-2911.

- Crimes occurring off campus in Akron should be reported to the City of Akron Police Department by calling 9-1-1 (emergency) or 330-375-2181 (non-emergency).

- Crimes occurring off-campus at the Wayne College campus should be reported to the City of Orrville Police Department at 330-684-5025 or dial 9-1-1.

- Crimes occurring off-campus at the Medina campus should be reported to Medina County Sheriff's office at 330-336-6650 or dial 9-1-1.

- Crimes occurring off-campus at the Brunswick Midpoint Campus Center should be reported to the City of Brunswick Police Department at 330-225-9111 or dial 9-1-1.

- Crimes occurring off-campus at the Lakewood location should be reported to the City of Lakewood Police Department at 216-521-6773 or dial 9-1-1.

- Crimes occurring off-campus at the Millersburg location should be reported to the Village of Millersburg at 330-674-5931 or dial 9-1-1.

In addition to the police, information on criminal behavior may be reported to:

- Offices within the Division of Student Affairs, including Student Conduct and Community Standards;
- Department of Athletics, Offices of the Athletic Director and athletic coaches;
- Residence Life and Housing staff;
- Advisers to recognized student organizations; and
- Title IX Coordinator and Deputy Coordinators.

The University strongly encourages all victims of, or witnesses to crime to report all criminal activity to police in order to insure prompt evaluation for timely warning or emergency notification and for inclusion in the statistics for the annual crime report. The University encourages such reporting when the victim elects to report and also when the victim is unable to do so.

Confidentiality and Crime Reporting

Crimes reported on-campus to counselors at the University’s Counseling Center or to a physician or nurse at Student Health Services are confidential by law. Some off-campus reports also may be legally confidential (for example, to: clergy; physicians; Portage Path Behavioral Health counselors; and Rape Crisis Center counselors). Counselors and physicians are encouraged to report crimes reported to them, consistent with their professional ethics and the limitations imposed by applicable confidentiality laws, to ensure inclusion in the annual collection and disclosure of crime statistics. However, crimes reported to counselors and physicians that are learned within the scope of their professional licenses may not be included in the annual crime statistics report.

UAPD makes every effort, within the limitations of Ohio law, to protect the identity of sexual assault victims. If a sexual assault victim wishes to remain anonymous or not to file a police report, UAPD honors their request while still offering them referrals to medical care and/or counseling, as well as making appropriate referrals to the Title IX Coordinator(s) and SCCS.

Because of the Ohio public records laws and the law requiring individuals having knowledge of a felony to report such crime, The University of Akron is not able to promise confidentiality to persons reporting crimes to non-privileged recipients, including individuals or offices that supply crime statistics for this annual report.

Preparing annual reports

Crimes that are reported to the following individuals or offices are included in the annual crime statistics report. Campus offices also are encouraged to report criminal incidents to UAPD contemporaneous with occurrence to ensure inclusion, and avoid duplication of statistics in the annual report.

- City of Akron Police Department
- City of Brunswick Police Department
- City of Columbus Police Department

The University of Akron's Annual Campus Security Act Report is the result of the efforts of many people on campus. Each year the offices and individuals listed above provide information for inclusion in the annual report. No formal police report is required for a crime to be included in the statistics. Every effort is taken to ensure that all persons required to report do so, and that statistics are as accurate and complete as possible. Information included in the annual report is reviewed for accuracy, completeness and readability. If you have any questions or concerns about any of the statistics and information in this report, please contact UAPD at 330-972-2911.
Reporting Sexual Misconduct and Sexual Assault

Protocol for Sex-Based Offenses *

Introduction

The University of Akron’s protocol is designed to comply with applicable state and federal law. The University of Akron reserves the right to modify or deviate from this Protocol when, in the sole judgment of the University: circumstances warrant; to protect the rights of the involved parties; or, to comply with the law.

The University of Akron is a community dependent upon trust and respect among its constituent members. The University is committed to maintaining a healthy and safe learning, living, and working environment and an environment that promotes responsibility and respect in matters of sexual conduct. Title IX offenses (as defined in Appendix D) are a violation of trust and respect, are prohibited and will not be tolerated. This Protocol applies to academic, educational, co-curricular, athletic, study abroad, residential and off-campus conduct and other University programs. (Additional information concerning the process for offenses that occur in the employment setting or that involve third party contractors on the University campus is available at: http://www.uakron.edu/title-ix/employees/). Title IX offenses include: rape and sexual assault, domestic violence, dating violence and stalking. Violations of the University’s Code of Student Conduct – Sexual Misconduct; and violations of the University’s Sexual Harassment Policy also may constitute Title IX offenses. See Appendix D below for a full statement of Title IX Offense definitions.

The University is dedicated to preventing Title IX offenses by providing:

• education and prevention programs that inform the community about the risks and myths that contribute to Title IX offenses;
• providing assistance and support, including interim measures, through procedures sensitive to a person who has been the victim of a Title IX offense; and
• by providing a process for investigation and adjudication that includes:
  o appropriate disciplinary sanctions for those who commit Title IX offenses, up to and including suspension or dismissal; and
  o appropriate measures to prevent recurrence of the event and to correct the discriminatory effect on the victim, the reporter and any other affected individuals.

This Protocol describes how the University responds to reports of Title IX offenses and also:

• provides guidance and resources for individuals who have been the victim of a Title IX offense;
• outlines the University’s student disciplinary response to reports of alleged Title IX offenses; and
• identifies the relevant organizations and individuals within the University responsible for managing this Protocol and programs associated with it.

* Additional information concerning the specific processes and resources for employees is available at: http://www.uakron.edu/title-ix/employees/
Title IX Coordinators

Mr. Mark Stasitis is the University’s Title IX Coordinator (“Coordinator”) for matters related to University sex and/or gender based offenses. Mr. Stasitis can be reached at: 125N Administrative Services Building (“ASB”), The University of Akron, Akron, Ohio 44325; (330) 972-2352, or mstasitis@uakron.edu. Mr. Stasitis oversees the Title IX process at The University of Akron.

Ms. Bethany Prusky is the University’s Deputy Title IX Coordinator (“Coordinator”) for matters related to employee sex-based offenses. Ms. Prusky can be reached at: 125L Administrative Services Building (“ASB”), The University of Akron, Akron, OH 44325; (330) 972-6195 or bcp17@uakron.edu.

Mr. Michael Strong is the University’s Deputy Title IX Coordinator (“Coordinator”) for matters related to student sex-based offenses. Mr. Strong can be reached at: First Floor, Ritchie Hall, The University of Akron, Akron, OH 44325-4612, (330) 972-6593 or mstrong@uakron.edu.

Ms. Mary Lu Gribshaw is the University’s Deputy Title IX Coordinator (“Coordinator”) for Athletics. Ms. Gribshaw can be reached at: 183 James A. Rhodes Arena (“JAR”), The University of Akron, Akron, OH 44325; (330) 972-7080 or marylu@uakron.edu.

Coordinators will assist with:

- access to medical and mental health treatment;
- reporting the offense to law enforcement;
- reporting the offense to the Office of Student Conduct and Community Standards and/or the Equal Employment Opportunity/Affirmative Action Office for investigation; and
- Providing victim support and resources, including interim measures.

The University of Akron urges people who have been the victim of a Title IX offense to pursue criminal charges against the person or persons they believe to have committed the crime. A student who has been the victim of a Title IX offense involving a member of the campus community also is urged to make a disciplinary complaint to the Office of Student Conduct and Community Standards (“SCCS”). An employee who has been the victim of a Title IX offense involving a member of the campus community also is urged to make a complaint to the Equal Employment Opportunity/Affirmative Action Office.

A criminal charge and a disciplinary charge may be pursued at the same time; however, a University complaint, including a complaint to SCCS or EEO/AA, may be pursued without pursuing criminal charges.

Victim support and resources are available even if a student or employee elects not to pursue criminal charges or University disciplinary action.
Individuals having knowledge of a Title IX offense are strongly encouraged to timely report that crime to the police. (In fact, under Ohio law, persons who have knowledge of a felony - a victim of, or witness to the crime - are required to report the crime to the police and failure to report a crime may itself be a crime. (Ohio Revised Code §2921.22.) Individuals are encouraged to contact the resources identified in this Protocol to discuss options for safe and positive intervention on behalf of the victim. These resources also provide helpful information to assist individuals in identifying and recognizing the warning signs of abusive behavior and offering guidance on how to avoid potential attacks and becoming a victim of such violence.

Retaliation against a person who: reports a crime; brings a complaint; pursues legal action; participates in an investigation; or, is a witness in any proceeding is prohibited and will not be tolerated. Individuals who retaliate will face University discipline.

Confidentiality and Choosing a Reporting Resource

The University of Akron will preserve confidentiality to the extent possible and allowed by law. The degree to which confidentiality can be protected, however, depends upon:

- whether or not the individual to whom a Title IX offense is reported is legally required to report this information to law enforcement; or
- for an incident of sexual harassment, whether or not the individual to whom the harassment is reported has a responsibility to assist in the enforcement of the University's Sexual Harassment Policy.

The professional being consulted should make these limits clear before any disclosure of facts.

When choosing a reporting resource, please consider the following information. A person may speak confidentially with certain persons in legally protected roles, including:

- University Counseling Staff (psychiatrists, psychologists, social workers)
- University Health Services Medical Staff (physicians, nurses or nurse practitioners)
- off-campus clergy, counselors, physicians and certain social service agencies (e.g. the Rape Crisis Center of Summit and Medina County).

Privileged reporting consists of those communications that legally cannot be disclosed to any other person without the reporting person’s consent, except under very limited circumstances, such as an imminent threat of danger to self or others or if the victim is a minor.

Student Affairs staff, including resident assistants and professional residence life staff, are required by Ohio law to report Title IX offenses to UAPD, who will report it to the appropriate Coordinator. The University exercises sensitivity with respect to the privacy concerns of the reporting person. However, privacy interests of the reporting source are balanced with the University’s legal obligations; its need to protect the University community; and to insure that appropriate disciplinary processes are implemented. Notification to the parent or guardian of a victim of a Title IX offense will be made, if necessary, in accordance with the requirements of applicable privacy and reporting laws, including the Family Educational Rights and Privacy Act (“FERPA.”)
Clery Act Reporting

The Clery Act requires the University to designate University staff members who have significant responsibility for student or campus activities as Campus Security Authorities (CSAs). At The University of Akron, CSAs include: the Dean of Students; most managerial staff in The Division of Student Affairs; Residence Life staff, including resident assistants; advisors to registered student organizations; the Director and Associate Directors of Athletics and athletic coaches. CSAs are required to provide information regarding any report of a Title IX offense to UAPD to be included in the University’s Annual Report of Crime Statistics and, if appropriate, for the purpose of issuing a safety alert (timely warning) or other emergency notification. A victim’s name and other personally identifying information is NOT included in any safety alert or emergency notification. Click here for more about the Clery Act, Campus Public Safety Advisories and Emergency Notifications.

FERPA

FERPA protects the privacy of student education records and prohibits their disclosure without student consent (unless otherwise required by law) to individuals outside of the University or to individuals within the University without a legitimate educational interest. FERPA applies to reports made to the Coordinator and to SCCS. If a student is found in violation of the Code of Student Conduct for an offense that would constitute a crime of violence (e.g. sexual misconduct), the University may release the following information:

- Code of Student Conduct violation;
- name of the student found in violation; and
- sanctions imposed by SCCS.

The name of the victim will not be disclosed.

Public Records

Police reports are available for inspection and copying under Ohio’s Public Records laws. The extent to which the University can protect the identity of the victims of Title IX offenses contained in police reports is not absolute; however, the University uses its best efforts to protect the identity of the victim and the report details.

Safety Alerts and Emergency Notifications

If the report of a Title IX offense indicates that there is an immediate or on-going threat to the health and safety of the University community, the University will issue a safety alert (timely warning) or emergency notification. The safety alert’s intent is to: help individuals to protect themselves; gather information to aid in the apprehension of the suspect; and to provide general safety information. The victim’s name or personally identifying information is not included in a safety alert or emergency notification.
Medical and Counseling Services

The University of Akron strongly encourages persons who have been the victim of a Title IX offense to obtain prompt medical attention and to file a police report, both for their own protection and that of the entire campus community. Students may pursue further action through either SCCS or the appropriate Coordinator. Individuals are also advised to seek medical attention as soon as possible (within 72 hours is recommended) if they are the victim of a Title IX offense. Individuals may choose one or more options to create the most effective course for them.

Medical Care/Emergency Room Examination

An individual who has been the victim of a sexual assault Title IX offense is urged to seek medical evaluation as soon as possible, ideally within 72 hours of the incident. Any person who has been the victim of a Title IX offense may go directly to the emergency room of any local hospital for medical attention. Students who are reporting an immediate assault should be accompanied to a health care facility of their choice to allow for collection of evidence and treatment. For life-threatening conditions, call 911, or 2911 from a campus phone.

Sexual assaults for which individuals seek medical treatment must be reported to the appropriate police unit by health care officials. However, students are not required to participate in the criminal prosecution of the case or file a police report, unless the victim is a minor. A list of hospitals close to campus is attached. Students also can seek treatment or advice at University Student Health Services for any medical concerns, including: physical exams; treatment of sexually transmitted infections: pregnancy testing, and/or to obtain emergency contraception. All medical information and services are protected by privileged reporting. However, if a student decides to participate in a criminal or civil legal action, the student will be required to sign a University Health Service Medical Information Release Form to allow their attorney, the police, or the University to gain access to medical information applicable to the Title IX offense.

Medical-Legal Evidence Collection

- **Rape and Sexual Assault:** A person who has been the victim of rape or other sexual assault is encouraged to request collection of medical-legal evidence. Collection of evidence entails interaction with police and a police report. Prompt collection of physical evidence is essential should a person later decide to pursue criminal prosecution and/or a civil action. If the rape or sexual assault occurred outside of 72 hours, a free and confidential exam still can be administered at local hospitals; however, the sooner a rape or sexual assault is reported, the more likely evidence will remain. To help preserve evidence, the victim is encouraged to avoid:
  - bathing or douching;
  - washing hands or face;
  - urinating;
  - drinking any liquids;
  - smoking, eating, or brushing their teeth;
  - if clothes are changed, soiled clothes should be placed in a paper bag (plastic can destroy crucial evidence).
Questions about evidence collection can be directed to the Rape Crisis Center of Summit and Medina Counties at 330-434-7273 or your local Rape Crisis Center.

- **Domestic Violence, Dating Violence or Stalking**: A person who has been the victim of domestic violence, dating violence or a stalking offense is encouraged to request collection of medical-legal evidence. Collection of evidence entails interaction with police and a police report. Prompt collection of physical evidence is essential should a person later decide to pursue criminal prosecution, civil action or in obtaining a civil protection order. The sooner offenses are reported, the more likely evidence will remain. To help preserve evidence, the victim is encouraged to avoid:
  - bathing or douching;
  - washing hands or face;
  - drinking any liquids;
  - smoking, eating, or brushing their teeth;
  - if clothes are changed, soiled clothes should be placed in a paper bag (plastic can destroy crucial evidence).

Questions about evidence collection can be directed to the Rape Crisis Center for Summit and Medina Counties at 330-434-7273 (or your local Rape Crisis Center) or the Battered Women’s Shelter of Medina and Summit Counties at 330-374-0119 or 1-877-414-1344.

**Counseling**

Counseling may be obtained following an incident involving sexual misconduct, no matter how much time has elapsed since the incident. On and off-campus resources are available 24 hours a day, 7 days a week for students, faculty and staff members. A variety of counseling services are available. On-campus counseling services are available for students at the Counseling Center, located in Simmons Hall 306, (330) 972-7082. [http://www.uakron.edu/counseling/](http://www.uakron.edu/counseling/). Counseling services are free and the services are privileged communications. Counseling services are available for faculty and staff through IMPACT or through psychological services provided through their individual insurance and is privileged communications. See also the Resource Guide (Appendix E) and [http://www.uakron.edu/title-ix/resources/](http://www.uakron.edu/title-ix/resources/).

Students who are the victims of a Title IX offense also may be referred to The University of Akron Crisis, Assessment, Referral and Evaluation “CARE” team. The CARE Team provides guidance and assistance to students who are experiencing crises and responds to students when concerns have been identified for a student’s health, welfare and safety.

**Filing a Sexual Misconduct/Sexual Assault Report**

The University of Akron encourages victims to file a police report in all cases involving potential criminal conduct; however, victims of Title IX offenses have several options for initiating a complaint/report, which can be done singly or in combination:
• reporting to the police, either University of Akron Police Department (UAPD) or off-campus police;
• reporting to the University’s Office of Student Conduct and Community Standards;
• reporting to the University’s equal Employment Opportunity/Affirmative Action Office
• reporting to the appropriate Coordinator (listed above); and/or
• reporting to any Campus Security Authority.

Reporting is best done as soon as possible after the incident, but may be done at any time. If the victim is incapacitated or is unable to make a report, a report should be filed on behalf of the victim. UAPD and the SCCS promptly will inform the appropriate Title IX Coordinator of the report.

The University will assist victims of sexual misconduct with reporting sexual misconduct/assault and in obtaining medical support and information regarding available legal resources as well as counseling and support services. If requested by the victim, and if reasonably available, the University will assist the victim in changing her/his academic or living or work situation after the alleged assault. (See further information below regarding Interim Measures.)

If the victim is a student, the Code of Student Conduct addresses a much broader range of sexual misconduct than does criminal law. Criminal investigations/prosecutions are not determinative of whether a violation of the Code of Student Conduct has occurred.

Filing a Report with The University of Akron Police Department/Off-Campus Police

For a Title IX offense that took place on-campus, students or employees should contact UAPD directly at 330-972-2911 to file a report with the police. UAPD officers will respond quickly and with sensitivity upon notification of an assault. Students or employees who are victims of an off-campus sex-based offense who want to file a report with the City of Akron Police Department should call 330-375-2677, or if it is an emergency, 911. If the assault occurred in an off-campus location other than Akron, the student or employee should contact the local law-enforcement jurisdiction where the offense occurred. Upon request:

• SCCS and the Coordinator will assist victims in making a report to the police;
• UAPD will assist the victims in obtaining protection or restraining orders; and
• UAPD will assist the victim in notifying the police department having jurisdiction where the incident occurred.

In addition to all other available processes, and in accordance with Ohio Revised Code Sections 3345.22 and .23 (“1219” procedures), an alleged perpetrator who has been arrested and charged with a qualifying crime under Ohio law (including rape, sexual battery or gross sexual imposition), may be suspended pending final resolution of the criminal charges. If convicted, a student is dismissed for a period of one year and only may be readmitted to the University by the Board of Trustees upon terms of strict disciplinary probation. Suspension and dismissal under the “1219” process is imposed in addition to University discipline under the Code of Student Conduct.
In general, non-consensual sexual conduct may constitute a crime. Ohio law does not define consent for sexual conduct; however, Ohio law states that the following are not consent*:

- if the offender substantially impairs the victim’s judgment or control by administering any drug, intoxicant or controlled substance to the other person surreptitiously or by force, threat of force or deception;
- if the victim’s ability to apprise the nature of or control their own conduct is substantially impaired;
- if the victim is coerced;
- if the offender uses force or threat of force;
- if the victim is unaware the act is being committed (e.g. unconscious); or
- if the victim’s ability to consent is substantially impaired because of a mental or physical condition or because of advanced age.

*This is a non-exhaustive list and does not constitute legal advice. Individuals should consult with law enforcement and prosecutors for advice.

Title IX offenses reported to UAPD are shared with the appropriate Coordinator, and Title IX offenses first reported to the Coordinator will be reported to UAPD if the alleged offense occurred on-campus and to the appropriate law enforcement unit if the offense occurred off-campus. (Please note, a delay in reporting to police may weaken or result in a loss of evidence used to determine whether an individual is responsible for a Title IX offense. Individuals may have up to 20 years to file a sexual assault report with the police.)

Reporting a Title IX offense to UAPD or other law enforcement does not require the filing of criminal charges by the victim; however, it allows all support systems for the victim to be initiated. Choosing not to pursue University or criminal action, however, does not necessarily remove the responsibility of the University to investigate and/or take action. Individuals who choose to notify police should be aware of the importance of the immediacy of reporting the incident and the importance of preserving physical evidence at the assault scene as well as on the person assaulted. Physical evidence can provide important evidence to support criminal charges leading to a successful prosecution.

Filing a Complaint with SCCS (for student violations)

If the accused is a student at The University of Akron, individuals are urged to file a complaint of with SCCS by calling 972-6380. Individuals are not required to file a police report to pursue a complaint with SCCS.

Disciplinary complaints may be heard by either an Administrative Hearing Officer or Disciplinary Boards made up of faculty and students. The hearings are designed to provide a prompt, fair and impartial investigation and resolution of the complaint. The hearings are conducted by persons who receive annual training on issues related to Title IX offenses and how to conduct a hearing process that protects the safety of students and promotes accountability.

Although procedural requirements are not as formal as those existing in the courts of law, the student conduct process provides procedural safeguards for accusers and accused alike. Both the accuser and the accused are entitled to the same opportunity to:
• access information that will be used at the hearing;
• present relevant witnesses and other evidence; and,
• have others present (including legal counsel) to act as an advisor during the hearing and related meetings or proceedings.

Confidential medical/counseling records and information regarding the victim’s sexual history will not be provided to the accused and is not admissible at any disciplinary proceeding. As a matter of practice, SCCS does not require the accuser and the accused to be in the same room during a hearing involving a Title IX offense. To accommodate concerns regarding safety, confrontation and well-being, SCCS will provide alternate arrangements for participation, including separate facilities and video conferencing.

To ensure fairness, the following procedures apply:

• **Rights of the accuser:**
  • protection under applicable privacy laws (e.g. FERPA).
  • to be informed of the University’s student conduct process.
  • to the presence of an advisor of her/his choice (including legal counsel) during the conduct process as designated in the applicable University Rule. The advisor may advise the accuser but may not participate in the hearing or address the board unless responding to a direct question from the chairperson to the advisor.
  • to be informed of the outcome of the conduct process.

• **Rights of the accused:**
  • protection under applicable privacy laws (e.g. FERPA).
  • to be informed of the University’s student conduct process.
  • to the presence of an advisor of her/his choice (including legal counsel) during the conduct process as designated in the applicable University Rule. The advisor may advise the accused but may not participate in the hearing or address the board unless responding to a direct question from the chairperson to the advisor.
  • to be informed of the outcome of the conduct process.

**The standard of evidence used to determine responsibility is a “preponderance” of evidence.** This determination is based on the greater weight of the evidence and does not require a standard beyond a reasonable doubt. The policies, procedures and sanctions outlined in the Code of Student Conduct apply to all violations of the Code, including student sexual misconduct violations.

Regardless of whether criminal charges are filed, students found to be responsible for a violation of the Code of Student Conduct related to a Title IX offense may be subject to university conduct sanctions. Sanctions against a student who has violated the Code of Student Conduct include suspension and dismissal and vary depending on the severity of the violation and the accused’s conduct history. The recommended sanction for non-consensual sexual intercourse will be dismissal.

Other sanctions include suspension, expulsion from university owned and operated housing, educational intervention, no–contact orders, and restrictions from participating in extracurricular activities.
In the event that SCCS finds by a preponderance of the evidence that a Title IX offense occurred, the University will take immediate steps to: eliminate any hostile environment that has been created; prevent any further Title IX offense; and, prevent retaliation. Examples of remedial action include:

- victim counseling;
- no-contact orders;
- permitting a student to retake a course;
- mandated education or training for the accused; and
- additional education and training for the community regarding Title IX.

Both the accuser and the accused will be simultaneously informed in writing of the outcome of each stage of the conduct proceedings.

Both the Accuser and the Accused may appeal based on the grounds specified in the Code of Student Conduct (3359-41-01(H)(3)) using the appeal process specified in the Code.

An accused student, in accordance with University Rules, may be suspended from the University on an interim basis pending the final outcome of the conduct proceeding. See: 3359-41-01(F)(2)(e). A victim has the right not to file a written report with SCCS. However, absent compelling circumstances, the University will not initiate disciplinary action against the accused in the absence of a written signed complaint from the victim.

### Filing a Report with a Coordinator

Individuals may elect to report a Title IX offense directly to the appropriate Coordinator, as identified above.

#### Immediate Response

A Coordinator generally will first urge the victim to attend immediately to any medical needs. The victim will be given information on available medical and psychological resources. A Coordinator also can arrange for a professional staff member to accompany a victim to the hospital if requested by the victim. The victim also will be assisted in contacting a support person, such as a parent or friend, if desired.

The victim will be informed of his or her right to file a police report and/or file a disciplinary complaint against the accused and will be given a copy of the University’s protocol for reporting and responding to Title IX offenses. Upon request, a Coordinator will assist victim in notifying UAPD if the assault occurred on-campus, or municipal police if the assault occurred off-campus, and/or in filing a disciplinary complaint if the accused is a student. If the victim is a student, the victim has the right to determine whether she or he will file a written complaint with the SCCS. If the accused is someone other than a student, (e.g. faculty, staff or visitor), a Coordinator will inform the victim of the right to pursue a sexual misconduct complaint using the appropriate University process.

**All Coordinators are required by law to notify appropriate law enforcement authorities of any sexual assault reported to her/him.**
Interim Measures

Upon request, a Coordinator (or designee) will initiate an immediate response and use best efforts to:

- provide information regarding medical, psychological and support services;
- provide interim safe space within the University;
- separate the victim and accused from engaging with each other in common areas, residence halls, campus buildings, and student activities;
- provide academic support services, including tutoring options;
- change the victim’s or the accused’s living situations if those changes are reasonably available and under the authority of the University;
- provide alternate transportation and parking options;
- if the victim is a student, change the victim’s or accused’s class or other academic program assignments if those changes are reasonably available and under the authority of the University;
- change working conditions;
- assist the victim in connecting with the UAPD and the Office of Student Conduct and Community Standards' processes to obtain a no-contact order, restraining order or other lawful order of protection.
- assist the victim in reporting the incident to an accused’s home institution, if the accused is not affiliated with the University.

Preliminary Investigation

The appropriate Coordinator will seek the victim’s consent to investigate the report. If the victim consents to the investigation and the accused is a student, the Coordinator will refer the matter to SCCS, which will conduct the investigation. (If the student already has filed a complaint with SCCS, the Title IX investigation will be conducted through the initiated SCCS process. If the accused is not a student, the Coordinator will refer the matter to the Equal Employment Opportunity/Affirmative Action Office.

A Title IX investigation generally will not begin without the consent of the victim unless the appropriate Coordinator determines circumstances warrant investigation. A Coordinator will evaluate the request for confidentiality in the context of the University’s obligation to provide a safe and nondiscriminatory environment for all students and employees. Factors that the Coordinator may consider include, but are not limited to:

- the nature of the alleged assault (e.g., use of force or threat of force, alleged use of “date rape” drugs);
- whether there have been other complaints against the same person;
- if the circumstances suggest a likelihood that the accused will commit another Title IX offense;
- whether the circumstances suggest a pattern of behavior by the accused;
- whether the accused has threatened the victim or other third parties since the incident; and
- the accused’s right to access the complaint.

If the victim insists that his or her privacy be protected and that his or her name or other identifiable information not be disclosed to the accused, the appropriate Coordinator will advise the victim of the University’s limited ability to respond to the complaint. However, the Coordinator may take other steps to limit the effects of the alleged assault, prevent its recurrence and provide a safe and non-discriminatory environment for all students and employees and to provide support services to the victim. A Coordinator will review the victim’s report. If the report alleges potential criminal conduct and the police have not been notified, the Coordinator will notify UAPD.
During any stage of the investigation, if a Coordinator (or designee) reasonably suspects that the accused poses an imminent threat of harm or disruption to the campus community and the accused is a student, a Coordinator may initiate disciplinary charges through the Office of Student Conduct and Community Standards and/or an interim suspension pursuant to University Rule 3359-41-01(F)(2)(e).

Decline to File a Report

The victim has the right not to file a report. However, victims are highly encouraged to seek medical attention, including counseling, either on- or off-campus. Victims who wish to file a report at a later date may do so by contacting UAPD or the appropriate Coordinator’s Office. Please note, a delay in reporting could weaken or result in a loss of evidence used to determine whether an individual is responsible for a sexual misconduct/assault. However, even if a victim declines to file a report, a Coordinator will continue to provide support services to the victim, and may be able to take other steps to limit the effects of the alleged assault, prevent its recurrence and provide a safe and non-discriminatory environment for all students and employees.

Other Disciplinary Processes

The disciplinary process of individual schools or university-related organizations does not supersede this policy. This policy does not negate the right of schools or organizations to institute their own disciplinary process for cases of sexual misconduct/assault.

Reports for Title IX offenses are included in the Annual Security and Fire Safety Report.

Retaliation

Any retaliatory conduct against an individual that has sought assistance for a Title IX offense (including victims, reporters and witnesses) is strictly prohibited. Any such action will be considered a violation of the University’s policies against discrimination and harassment and will be subject to discipline.

Protection Orders

UAPD and/or any Coordinator can assist a student in obtaining a court issued protection order or a University no-contact order. If a protection order is issued, the protected party should provide a copy of the order to UAPD. UAPD will coordinate notification to the appropriate University offices. The protected party should report any violation promptly to UAPD.

Legal Remedies

In addition to criminal prosecution and University discipline, an individual who commits a Title IX offense may be subject to civil litigation. Individuals who believe that they have been the subject of a Title IX offense may wish to contact individual legal counsel or their local Legal Aid office, including Community Legal Aid Services in Akron 330-535-4191.
Immigration and International Student Information

Additional legal protections may be available for immigrants and international students who are the victims of crime or human trafficking. The United States Department of Homeland Security, Citizenship and Immigration Services annually sets aside a limited number of non-immigrant visas for individuals who meet eligibility criteria. More information is available at: www.uscis.gov. For further assistance, individuals also may contact: Community Legal Aid Services in Akron 330-535-4191.

Additional information concerning education and training programs to promote awareness, and prevention of dating violence, domestic violence, sexual assault (including rape and acquaintance rape) and stalking is in the Campus Safety Programming section of this Report and also can be found at: www.uakron.edu/safety and www.uakron.edu/title-ix.
Timely Warnings

Safety Advisory

In the event that a crime occurs on The University of Akron campus, or on public property surrounding campus, and in the judgment of The University of Akron Police Department (UAPD) that crime constitutes a serious or on-going threat to the campus community, a Safety Advisory will be issued by the University. The purpose of a Safety Advisory is to provide to individuals information about the incident that will: enable persons to protect themselves; heighten safety awareness; aid in the prevention of similar crimes; and, seek information that will lead to an arrest and conviction of the perpetrator.

Whether an incident triggers the need for a Safety Advisory is considered on a case-by-case basis. Factors that are considered include:

- the type of alleged crime (including whether the offense is a Clery reportable offense);
- the facts of the incident (including where and when the incident occurred);
- when the incident was reported; and,
- the extent of information known by UAPD.

(For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other University of Akron community members and a Safety Advisory would not be necessary. In cases involving sexual assault, if the report of the assault is reported long after the incident occurred, there may not be the ability to distribute a “timely” warning notice to the community.)

Every attempt will be made to distribute a Safety Advisory soon after the incident is reported; however, the release of the Safety Advisory is subject to the availability of facts concerning the incident. The decision to issue an Advisory will be made by the University's assistant vice president for campus safety/police chief or designee, with notice to the senior vice president, provost and chief operating officer, the leader of the student affairs division and the chief communications officer. Other University offices may be consulted as necessary.

Safety Advisories are distributed to students, faculty and staff via a blast e-mail and are posted on the University’s Safety website. Safety Advisory e-mails typically include:

1. A succinct statement of the incident.
2. Possible connection to previous incidents, if applicable.

Emergency Notification and Response

Emergency Messaging System – Notification of an Immediate Threat

The University of Akron maintains multiple systems for alerting the University about campus emergencies, including via cell phone text messages and email. These notices also post to the University website. The University of Akron Text Messaging System is available to all University students, faculty, and staff. Enroll in UA's free emergency, text- messaging service.

In addition, in the case of an emergency the University can activate an announcement via a public announcement system and can communicate with many buildings through voice announcements from the UAPD dispatch center to individual building fire alarms systems. The university also may elect to alert the media to obtain assistance in disseminating information.

Emergency messaging primarily will be used for situations that pose an immediate threat to the health or safety of students or employees on campus or for an event that necessitates the closing of an entire campus (e.g., severe weather, chemical spills, fires and crime.) Emergency messages about criminal activity generally will not be sent unless it is decided that there is an imminent threat of danger. In those cases where a crime has been reported and UAPD determines that although there is no immediate threat, the crime still represents a serious or ongoing threat to the campus community, a Timely Warning/Safety Advisory will be issued.

The emergency messaging system is provided in addition to existing emergency notification procedures and does not replace or eliminate any other emergency notification system (e.g., fire alarms, tornado sirens.) The University will provide follow-up information to the community as appropriate, including via the University's website.

Emergency Notification Procedures

If UAPD confirms there is an immediate and imminent threat to the health or safety of some or all of the members of the campus community (e.g. tornado), UAPD may direct its police dispatch to send a text message and to activate the indoor and outdoor audible warning systems. In this scenario, UAPD will determine the content and audience for the message. If there is not an imminent threat of danger, but circumstances still warrant an emergency notification, UAPD may consult with the Department of Communications and Marketing (and other offices as necessary), which, in consultation with UAPD, will determine the content of the message and will use some or all of the methods described above to communicate to the campus community or appropriate segment of the campus community.

In either scenario, the University will, without delay and taking into account the safety of the community, determine the content of the emergency message (notification) and initiate the emergency messaging (notification) system, unless issuing a message (notification) will, in the professional judgment of UAPD or other responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency situation.

The warnings typically consist of the following elements: a short description and location of the incident; actions the recipient needs to take to avoid harm; and how follow-up information will be provided.
Emergency Notification v. Timely Warning

If there is an immediate threat to the health or safety of students or employees occurring on campus, The University of Akron will follow its Emergency Communication Procedures. No additional Safety Advisory (i.e. Timely Warning) based on the same circumstance will be issued. Follow-up information will be disseminated to the community as needed.

Additional Communication

In the event of a significant on-campus emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty or staff, the University will also post information on its homepage at www.uakron.edu. The University of Akron’s Office of Communications and Marketing is charged with notifying the media in the event of an emergency. Updated information will be posted to the University’s website and provided to the media as available.

Annual Publication

General information about the University’s response and evacuation procedures is publicized each year as part of its Campus Safety Report, which is published as part of its compliance with the Clery Act.

Emergency Response Procedures and Testing Emergency Response/Evacuation Procedures

Emergency Response Procedures

The University of Akron has established a Comprehensive Emergency Management Plan (CEMP) to provide an all-hazards approach for managing its response to emergencies or disasters that threaten the safety and well-being of the University’s community or disrupt its programs and operations. The University also has established an Emergency Operations Group (EOG) to carry out its CEMP. These types of large-scale emergencies require a coordinated response effort between the University and local emergency response agencies. The CEMP is an operational plan that establishes policies, procedures, responsibilities and organizational structure to be implemented during emergencies and disasters, both during campus-wide emergency planning and during an actual emergency incident.

The CEMP shall be activated when circumstances indicate that there is a significant emergency or dangerous incident on campus. The first University safety force member that arrives on scene shall establish incident command over the radio and give a detailed overview of the situation, including: the type of incident; the number of people, vehicles or buildings involved; the number of injured people and type of injuries; and whether the situation presents an immediate threat to the health or safety of students and employees. If the situation presents an immediate threat, the University of Akron Police Department (UAPD) Dispatch Center, under the direction of the Assistant Vice President of Campus Safety - Chief of Police (or designee) and with notice to the Provost, is responsible for initiating the CEMP by immediately contacting the University’s Chief Communication Officer (CCO) and Emergency Management Coordinator (EMC), who will coordinate the distribution of necessary notifications and activation of the Campus Emergency Operations Center.
In the event that the University President or Board of Trustees determines that unsafe conditions (i.e. the threat of serious injury to persons or extensive damage to property) exist as the result of a natural, human caused or technological disaster, the President (or designee) will immediately proclaim in writing the existence of a State of Emergency and the time of its occurrence. The President (or designee) shall issue a declaration to the campus community and public through the news media and such other means of dissemination consistent with Chapter 3345.26 of the Ohio Revised Code. Prior to the issuance of the emergency proclamation, the President should, if possible, consult with members of the UA Board of Trustees and Assistant Vice President of Campus Safety to discuss the proclamation of the State of Emergency. When proclaimed, the EOG Manager immediately shall notify the Summit County Emergency Management Agency (SEMA).

Testing Emergency Response and Evacuation Procedures

Text messaging and the indoor and outdoor warning systems are tested regularly. E-mail, the telephone announcement line and the digital tools are in regular use. A graphics light home page has been developed and it is ready to be activated if needed during an emergency. System tests are pre-announced. The campus is informed at the beginning of the academic year of the monthly tests of both the indoor and outdoor warning system.

Campus safety services also conduct tests of emergency response procedures on at least an annual basis. The tests typically are announced. The Office of Environmental Health and Safety coordinates at least one announced or unannounced drill and exercise per year and conducts follow-through activities designed for the assessment and evaluation of emergency plans and capabilities, and documentation of the tests is maintained by the University’s Office of Environmental and Occupational Health and Safety. The University also includes this description of Emergency Response procedures annually in its campus safety report and in conjunction with at least one test per year.

Evacuation drills are coordinated by EOHS each semester for all residence hall facilities. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation routes are contained in the Student Staff Emergency Manual. Students are provided guidance about the direction they should travel when exiting each facility for a short term building evacuation. In addition the Student Staff Emergency Manual contains details and locations of the Community Check Points. Designated locations for long-term evacuations are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. UAPD, Student Affairs staff and Residence Life staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Evacuation drills for residence halls are monitored by EOHS and Student Affairs staff. Recommendations for improvements may be submitted to the appropriate departments/offices for consideration. The University of Akron has protocols for assisting people with different disabilities for safe evacuation.
Missing-student notification policies and procedures

When resident students move into their residence halls, they are given the opportunity to identify a person that the University shall notify within twenty-four (24) hours of a determination by The University of Akron Police Department (UAPD) or the City of Akron Police Department (APD) that the student is missing. (Unless APD is the entity that determines that a student is missing, UAPD also will notify APD within twenty-four (24) hours of its determination that a student is missing.)

Student contact information will be kept confidential. Unless otherwise required by law, contact information only will be accessible to authorized campus officials and law enforcement personnel as part of a missing person investigation. However, should an un-emancipated student under the age of eighteen be determined as missing, in addition to notifying the designated contact person, the University is required by law to notify the custodial parent or guardian within twenty-four (24) hours of such determination.

Should anyone believe that a student has been missing for more than twenty-four (24) hours, s/he immediately should contact UAPD or a Residence Life or Student Affairs staff member, who immediately will contact UAPD. UAPD will investigate the missing student report. If the student is not located during the ensuing twenty-four (24) hours, or sooner as conditions may dictate, the University will notify APD as well as the student’s confidential contact person (and/or parent as necessary.)

The University of Akron is concerned with the quality of life on campus and believes that a rewarding college experience can only be achieved through the elimination of chemical abuses. Information is included below about drug and alcohol use and abuse, health risks, legal and University sanctions, resources and support services available to anyone with concerns about alcohol and drug problems. Fire Safety

The University of Akron emphasizes the importance of fire safety, particularly among its resident students. However, because the possibility for residence hall fires exists, The University of Akron takes a number of precautions to protect the approximately 3000 students who currently live in ten residence halls.

Reporting Fires and Evacuation

- All fires should be reported immediately to the City of Akron Fire Department, University of Akron Police Department (911 or 972-2911) or residence hall staff. Upon receipt of a fire report, The University of Akron Police Department immediately will dispatch officers and Environmental and Occupational Health and Safety personnel to investigate fire reports on campus and route calls to the City of Akron Fire Department as necessary.

- Upon receiving notice of a fire by way of an announcement or activation of the fire alarm system, occupants immediately should evacuate the building using the closest available exit. Elevators should not be used. Once out of the building, individuals should assemble at their pre-designated meeting point to await further instructions.

- Each floor has a clearly marked location where students who require physical assistance to evacuate residence halls should go to obtain evacuation assistance. Students must call University Police at 330-972-2911 to secure assistance during an evacuation. This number also is posted on each residence hall floor.

Equipment

- All residence halls are equipped with a fire alarm system. All alarm systems function and undergo rigorous testing and documentation each year. Fire safety specialists activate the alarm systems annually and inspect and clean the system components on an annual basis.

- Fire extinguishers (ABC type) are located in all residence halls and spaced in accordance with the Ohio Fire Code.

- All residence hall rooms have flame-retardant mattresses and window shades. Public areas have carpets and drapery that meet maximum flammability standards.

- Campus police have the ability to unlock all student room and building doors in an emergency to maximize evacuation and rescue. In addition the University’s regional campus and center buildings are equipped with "Knox Security Key Boxes." These high security boxes contain building master keys for use by the firefighters who come into a residence hall. The boxes are opened by a key that is on each fire truck. The sub master keys in these "Knox Boxes" enable firefighters to quickly unlock building doors in order to maximize evacuation and rescue or to fight an active fire.

- Further information concerning each residence hall and housing facility fire safety system is available on the chart contained in this report.
Restrictions

- The University of Akron restricts use of any item that produces an open flame or heating surface in residence hall student rooms. Candles, incense, and hot plates are among the restricted items. The full list of prohibited items is available in the Residence Life Handbook, which can be found at: http://www.uakron.edu/reslife/community-living.dot.

- All residence halls are non-smoking. This includes all student rooms.

Education

- The University of Akron’s fire safety specialists offer fire safety information to the campus during the campus safety fair, which is held annually during the beginning of school. All resident students also receive a fire inspection checklist during move-in, which helps students identify fire safety risks and recommends safe practices. Fire safety information also is provided through floor meetings to all resident students. Additional safety information can be found at the Department of Environmental and Occupational Health and Safety (EOHS) Web site: http://www.uakron.edu/safety/ehos/fire.dot

- The University of Akron conducts fire drills once each semester for its residence halls and as required by Ohio’s Fire Code for all other campus buildings. During the 2013 calendar year, the University conducted thirty fire drills among its residence halls. The University also conducted drills for academic support buildings as required by law. EOHS also provides on-site fire training in the residence halls upon request.

- Each floor has a clearly marked location where students who require physical assistance to evacuate residence halls should go to obtain evacuation assistance. Students must call University Police at 330-972-2911 to secure assistance during an evacuation. This number is also posted on each residence hall floor.

- Emergency Action Plan placards, which detail emergency guidelines for different types of possible emergencies, including fire, are posted throughout each residence hall and provided to each resident’s room.

- Residence hall video display boards provide safety messaging throughout each academic term.
Fire Safety Recommendations and Tips

Smoking and Safety

- Careless smoking is the leading cause of fire deaths in North America.
- Smoking in bed or when you are drowsy could be deadly.
- Provide smokers with large, deep non-tip ashtrays and soak butts with water before discarding.
- Before going to bed or leaving home after someone has been smoking, check under and around cushions and upholstered furniture for smoldering cigarettes.

Cooking Safety

- Never leave cooking unattended and turn pot handles inward on the stove where you can't bump them.
- Keep cooking areas clear of combustibles and wear clothes with short, rolled-up or tight-fitting sleeves when you cook.
- If grease catches fire in a pan, slide a lid over the pan to smother the flames and turn off the heat. Leave the lid on until cool. NEVER throw water on steaming or burning grease.

Cool a Burn

- Run cool water over a burn for 10 to 15 minutes.
- Never put butter or any grease on a burn. Never use ice.
- If the burned skin blisters or is charred, see a doctor immediately.

Space Heaters

- Keep portable heaters and space heaters at least 3 feet from anything that can burn.
- Keep children and pets away from heaters, and never leave heaters on when you leave home or go to bed.

Use Electricity Safely

- Do not overload extension cords or run them under rugs. Replace any electrical cord that is cracked or frayed.
- If an electrical appliance smokes or has an unusual smell, unplug it immediately, then have it serviced before using it again or discard.
- Don't tamper with your fuse box or use improper-size fuses.

When Not to Fight a Fire

- If the fire is spreading beyond the spot where it started.
- If you can't fight the fire with your back to an escape exit.
- If the fire can block your only escape.
How to Use a Fire Extinguisher

- The following are general statements for the operation of a fire extinguisher; however, all extinguishers are different. Users should be trained on how to use a fire extinguisher prior to use to insure that the correct type of extinguisher is used and that it is used properly.
- Pull the pin.
- Aim the extinguisher nozzle at the base of the flames.
- Squeeze the trigger while holding the extinguisher upright.
- Sweep the extinguisher from side to side to cover the area of the fire.

Off-Campus Fire Safety Tips

- All rental properties should be equipped with a smoke detector in every room used for sleeping and on every level of your home, including the basement.
- Test detectors every month, following the manufacturer's directions, and replace batteries once a year, or whenever a detector "chirps" to signal low battery power.
- Never "borrow" a smoke detector battery for another use - a disabled detector can't save your life.
- Replace detectors that are more than 10 years old.

Future Fire Safety Initiatives

The University of Akron continually strives to improve campus fire safety. All new building construction and renovations are completed in accordance with applicable fire codes and the University is exploring opportunities to further expand its Network Fire Alarm Mass Notification System.

Appendix B
Footnotes to Crime and Fire Statistics

Department of Education Clery Definitions

A. Campus:

1. Any building or property owned or controlled by an institution within the same reasonably contiguous geographic area and used by the institution in direct support of or in a manner related to the institution’s educational purposes, including residence halls; and

2. Any building or property that is within or reasonably contiguous to the area identified in paragraph (1) that is owned by the institution but controlled by another person, is frequently used by students and supports institutional purposes (such as a food or other retail vendor).

B. Non-Campus:

1. Any building or property owned or controlled by a student organization that is officially recognized by the institution; or

2. Any building or property owned or controlled by an institution that is used in direct support of, or in relation to, the institution’s educational purposes, is frequently used by students, and is not within the same reasonably contiguous geographic area of the institution.

C. Public Property:

All public property, including thoroughfares, streets, sidewalks and parking facilities, that is within the campus, or immediately adjacent to and accessible from the campus. Public property, for purposes of data collection and this report, does not include businesses or private residences adjacent to the campus.

Footnotes:

a. "Public Property" statistics include police reports taken by the City of Akron, the City of Orrville and the Medina County Sheriff for public properties adjacent to the University Akron and Wayne campuses and the Medina County University Center. Every effort has been made to comply with the definitions contained in the statutes, regulations and Handbook for Campus Crime Reporting; however Public Property statistics provided by municipalities are not independently verified by the University, and may include reports of crimes that occurred in private residences, businesses or Non-Campus locations.

b. The Department of Education Cutting Tool requires sex offenses to be categorized as forcible and non-forcible sex offenses. Forcible sex offenses currently are defined as forcible rape, forcible sodomy, forcible fondling and sexual assault with an object. Non-forcible sex offenses are defined as incest and statutory rape. For purposes of the 2011 – 2013 reporting years, these definitions apply to the reported
statistics. Proposed regulations under VAWA will require institutions to report and disclose instances of rape, fondling, incest and statutory rape rather than forcible and non-forcible sex offenses. This change reflects the FBI’s recently updated definition in the UCR Summary Reporting System (SRS), which modifies the definition of rape to include rape, sodomy and sexual assault with an object. The definitions for Title IX offenses in Appendix D reflect the modified definition of rape.

c. Municipal police departments provide statistics for Public Property and Non-Campus according to F.B.I. Uniform Crime Reporting (U.C.R.) requirements. Sex Offenses are re-categorized pursuant to the Uniform Crime Reporting National Incident Based Reporting System (NIBRS), as required by the Campus Security Act.

d. Hate crimes are crimes that manifest evidence that the victim was intentionally selected because of the victim's actual or perceived: race (RA), gender (GE), religion (RE), national origin (NO), sexual orientation (SO), gender identity (GI), ethnicity (ET) or disability of the victim (DB).

e. No statistics are available for Dating Violence, Domestic Violence and Stalking for reporting years 2011 and 2012, or for hate crimes involving national origin and gender identity. Institutions first were required to record statistics for these offenses beginning with reporting year 2013.

f. Non-campus statistics for the Akron campus include statistics for:
   - 411 Wolf Ledges Pkwy (The University of Akron Research Foundation – laboratory space)
   - 495 Wolf Ledges Pkwy (The University of Akron Research Foundation – laboratory space)
   - 539 E. Town Street, Columbus, OH (leased student intern housing)
   - Bath Nature Preserve
   - Columbus State University (leased classroom space during specific hours)
   - Copley High School (leased classroom space during specific hours)
   - First Congregational Church (leased classroom space during specific hours)
   - Fraternity and Sorority houses
   - Lakewood Center
   - Mid-Point Campus Center (Brunswick)
   - Panzner Wetland Wildlife Preserve
   - Steiner Woods

Non-campus statistics for the Wayne College Campus include statistics for:
   - Holmes County Higher Education Center in Millersburg
   - Wadsworth High School (leased classroom space during specific hours)

Medina County University Center currently does not have any Non-campus properties. Neither Wayne College Campus or Medina County University Center have residence halls.

g. 478 Orchard and 503/505 Vine are apartment buildings owned by the University, but not designated as residence halls or managed by the University. These buildings have been reclassified from non-campus property to on-campus residences, and the statistics include time prior to reclassification. The buildings’ tenants include a mix of students and non-students.
