CHP Poverty Simulation

Millions of Americans, many of whom are children under the age of 18, live in poverty every day. The College of Health Professions is encouraging our students to walk a mile in the shoes of those facing poverty by participating in our second Poverty Simulation.

The simulation provides participants with the opportunity to assume the role of a low-income family member living on a limited budget. The poverty simulation will be held from approx. 10:00 am-1:00 pm on Friday, April 24, 2015 at Quaker Square. Opportunities to observe or assist are still available. Please RSVP if you are interested by calling Dr. Lori Kidd at 330-972-6703. Thank you!
