BEST Medicine Helpful Publications

Good research is the first step towards a successful science fair project. In addition to gathering information about a specific project, the BEST Medicine team strongly encourages students to research other inventors and scientists along with their corresponding projects/inventions. In order to help students get started on their way toward developing a successful project we have provided this list of resources to help you build the best project for the fair:

Rasmussen, Greta. WakerUppers: A Spirited Collection of Thinking Activities. Available from Dale Seymour Publications. (Grades 2-6)

Rowland, Dr. Elizabeth and Dr. Leonard Molotsky. Resource of Creative and Inventive Activities. Richardson, TX: National Inventive Thinking Association, 1994. (For teachers)

Sobey, Ed. Inventing Stuff. Available from Dale Seymour Publications. (Grades 5 and up)

Yenne, Bill. 100 Inventions That Shaped World History. Bluewood Books, 1993. (Grades 3-6)

Book and CD-ROM
