ASSISTANT PROFESSOR
Department of Chemical Engineering
Texas Tech University, Lubbock, TX

Description:

The Department of Chemical Engineering at Texas Tech University invites applications for several faculty positions at the Assistant Professor level.

Duties:

Successful candidates will be expected to develop nationally and internationally recognized and externally funded research programs, develop departmental and multidisciplinary collaborations, teach existing graduate and undergraduate courses in chemical engineering and develop new courses, and perform internal and professional service at a level commensurate with rank.

Requirements:

- Candidates must be currently eligible to work in the United States.
- Ph.D. degree in Chemical Engineering or a closely related field.
- Research interests should complement strengths in the department in bioengineering, energy and sustainability, polymers, rheology, and soft matter, and computational methods/modeling in chemical engineering.

Contact:

Applicants must apply at the TTU online job application web site at www.texastech.edu/careers; use the following requisition numbers: 4888BR for polymers and soft matter and 4896BR for energy and sustainability.

The application process requires uploading a detailed CV, a statement of research and teaching interests, and the contact information for at least three references. Applications will be accepted until the position is filled, with those received prior to October 15, 2015, assured full consideration.

As an Equal Opportunity/Affirmative Action employer, Texas Tech University is committed to the goal of building a culturally diverse faculty committed to teaching and working in a multicultural environment. We actively encourage applications from all those who contribute, through their research, teaching and/or service, to the diversity and excellence of the academic at Texas Tech University. The university welcomes applications from minorities, women, protected veterans, persons with disabilities, and dual-career couples.
