MECHANICAL ENGINEERING TECHNOLOGY

The Associate of Applied Science degree prepares individuals to work as technicians in developing, designing, manufacturing, testing, and servicing mechanical equipment and systems. The Bachelor of Science degree prepares individuals to work as technologists in applying specific principles for analyzing, designing, developing, implementing, and overseeing advanced mechanical systems or processes.

DEGREES AND CERTIFICATES

• Bachelor’s of Science in Mechanical Engineering Technology
• Associate of Applied Science in Mechanical Engineering Technology
• Certificate in Corrosion Technology

EMPLOYMENT OPPORTUNITIES

• Engineering Laboratory Technician
• Junior or Assistant Design Engineer
• Design Drafter
• Plant Engineer
• Customer Service Technician

This program is accredited by the Engineering Technology Accreditation Commission of ABET, http://www.abet.org.
