Pursue PhD Training in Biomimicry

Work with faculty, professionals and other personnel as you earn your PhD doing research and design in Biomimicry.

Blend Design, Biology, Engineering and Business into a unique PhD in this emerging field.

Quick Facts:

- Open to students with a bachelor's or master's degree in ANY field
- Collaborate with Industry and K12 teachers to develop and spread the paradigm of biomimicry
- Fellowships provide an annual stipend AND an additional allowance covering graduate tuition
- We seek students with backgrounds in science, design, engineering, or business who embrace an interdisciplinary approach to "innovation inspired by nature"
