

Enabling Cookies

In order to utilize The University of Akron's portal it will be necessary to have cookies enabled on your browser. The following instructions are provided to enable cookies in the Internet Explorer browser.

1. Open Internet Explorer and select **Tools – Internet Options** from the menu bar.
2. You should be positioned on the General tab, click on the **Privacy** tab.
3. It is recommended that the privacy setting be at **Medium** or **Medium High**. If your setting is not at one of these settings, use the slider to select the Medium (or Medium High) level.

4. Click on **Ok** to accept the setting.
