Chapter 1 : Course Objectives

In PeopleSoft version 8, you will use the applications in an Internet environment. The system will require the installation of only a web browser, the Internet Explorer, on individual user machines. Installation of client software on your computer will not be required as it was in PeopleSoft version 7.

Using the Internet Explorer, you will sign in to your PeopleSoft applications as you would when opening your favorite website.

This course is intended for faculty, staff and student employees who are current users of the PeopleSoft version 7 Financials system and will continue to use PeopleSoft as The University of Akron updates to version 8. Frequently-used procedures will be reviewed.

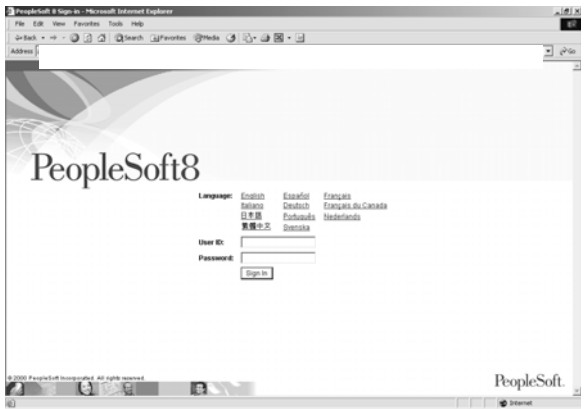

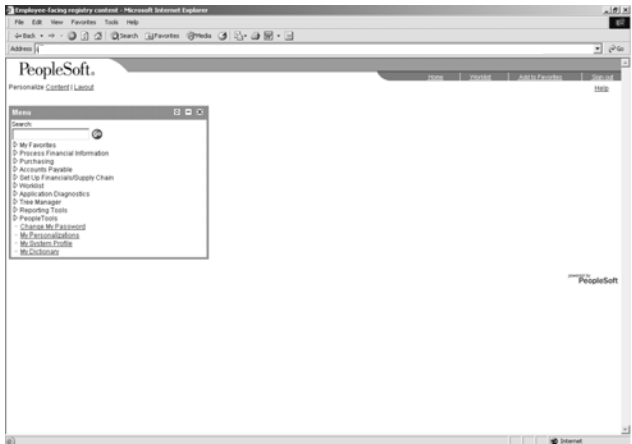

In this course, overall changes from PeopleSoft Financials version 7 to version 8 are reviewed. At the end of class, you will be able to:

- Sign In and Sign Out
- Navigate using the menu and navigation bar
- Search for and locate a record
- Use Run Control IDs, the Process Scheduler and the Report Manager to complete common printing tasks
- Set and use favorites
- Inquire on a Financial document
- Print a web page
- Locate The University of Akron's PeopleSoft documentation, instructor-led courses and web-base courses on the web
- Use this documentation to navigate common paths and perform common tasks

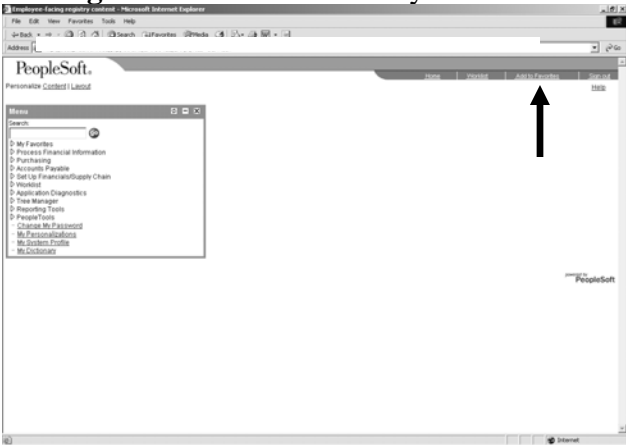

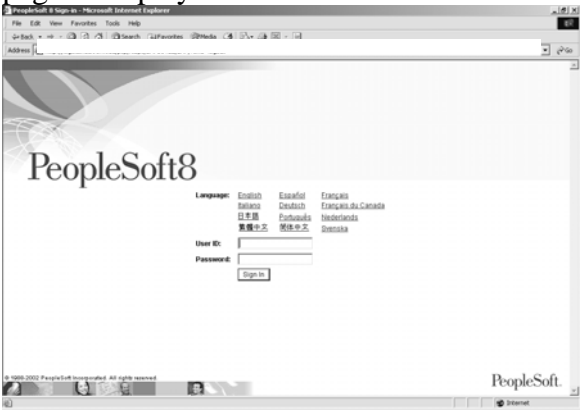

NOTES:

Chapter 2 : Sign In and Sign Out

Sign In to PeopleSoft

What you do	What happens
<ol style="list-style-type: none"> 1. Open the Internet Explorer. 2. If this is the first time that you are logging in, type the URL given to you by your instructor. Set this as a favorite in the Internet Explorer. <p>If you have set the PeopleSoft Sign-In page as a favorite, select it from the favorites list.</p> <p>NOTE: For instructions on setting favorites in the Internet Explorer, see Appendix A.</p>	
<ol style="list-style-type: none"> 3. Enter your User ID and password in all capital letters. 4. Click on the  button. 	
<ol style="list-style-type: none"> 5. OPTIONAL: Press F11 to use the Full Screen view in the Internet Explorer. <p>In the Full Screen view, the Internet Explorer's title bar, status bar, menu bar and toolbars are hidden, as well as the Windows taskbar. This allows more display area for the PeopleSoft pages.</p> <p>Pressing F11 again will return to the Normal view in the Internet Explorer.</p>	

Sign Out of PeopleSoft

What you do	What happens
<p>1. DO NOT PERFORM THIS STEP UNTIL THE END OF CLASS.</p> <p>To sign out, click on the Sign out link in the top right corner of the web page.</p> <p>2. When the PeopleSoft Sign In web page is displayed, close the Internet Explorer.</p> <p>Important: You need to sign out of PeopleSoft using the Sign out link. Do not close the Internet Explorer until you sign out and see the Sign In web page as shown at the right.</p> <p>If you do not sign out, your PeopleSoft session remains open until your session times out.</p>	<p>The Sign out link is indicated by the arrow.</p>  <p>After you sign out, the PeopleSoft Sign In web page is displayed.</p> 

Chapter 3 : Menu Navigation

Discussion

In the previous version of PeopleSoft Financials, the data and your choices were presented in standard Windows formats. After logging in to PeopleSoft, the PeopleSoft program opened in a window. A main menu, from which you made selections, was displayed near the top of the window.

In the current version of PeopleSoft Financials, the data and your choices are presented as web pages. The menu is displayed on the left side of the page. As you make selections, the menu expands itself until you make your final selection.

Although the appearance of the menu is changed, many of the menu selections that are made for frequent inquiries and processes remain the same.

Terms

Navigation header: The links displayed in this header will remain at the top of every page in the Financials application.

Menu Groups: The Home page lists the menu groups to which you have access. These groups represent a set of functions. When you select a menu group, the group is expanded to list the menus that are a part of that group.

Menu: These selections are groups of business processes.

Menu Items: These selections are specific business processes, such as Use, Inquire, Report.

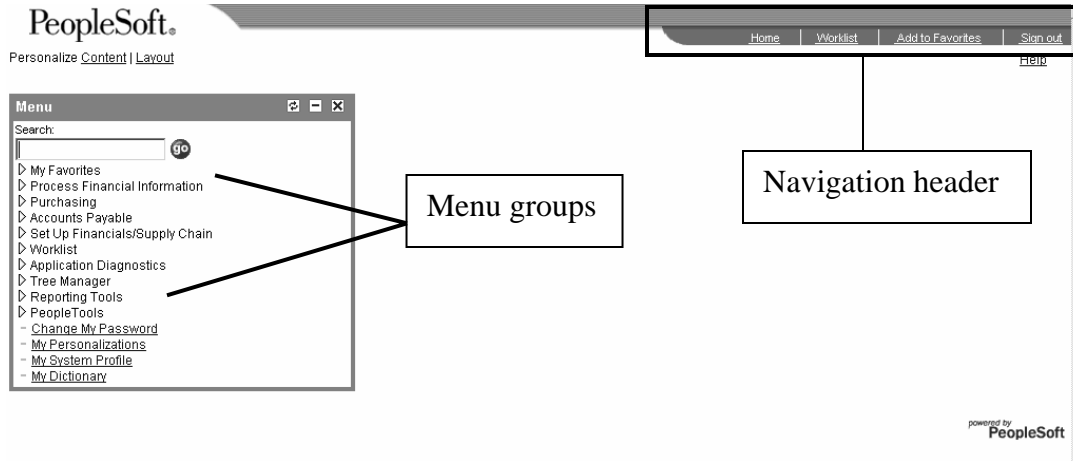

Components: In the previous version of PeopleSoft, these were called panel groups.

Pages: In the previous version of PeopleSoft, these were called panels. A component may have one or more pages.

Steps

What you do	What happens
-------------	--------------

1. Review the Home web page for PeopleSoft Financials.

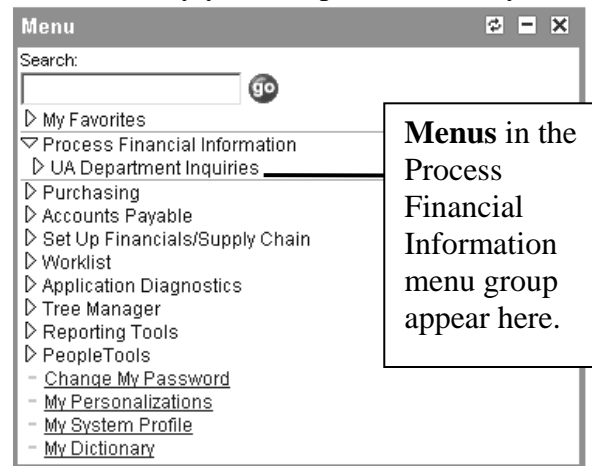

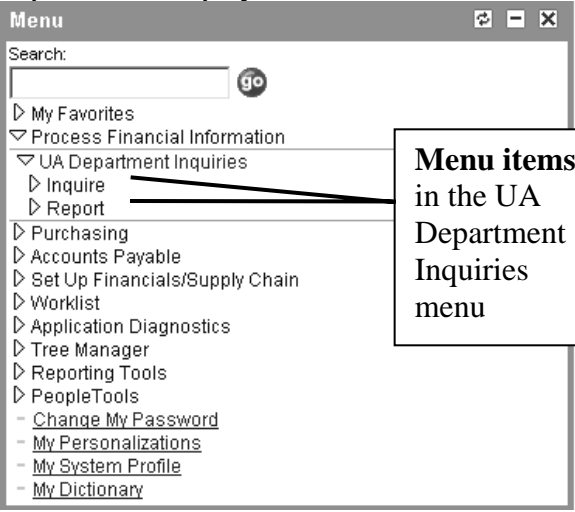

2. To make a selection from the menu groups, click anywhere on the text for that group.

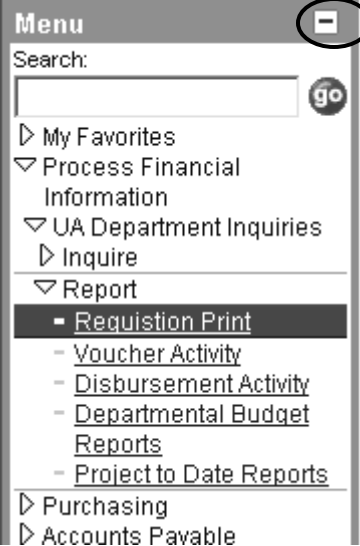

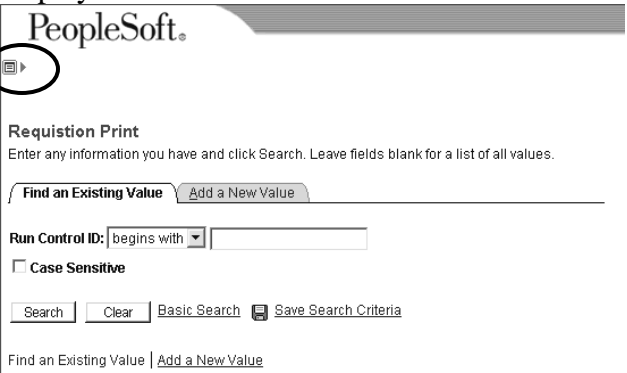

Click on the menu group **Process Financial Information**.

3. Note that:
 - a. The menu group and its menus are shaded for easier identification. The shading is to help you “keep your place.”
 - b. The triangular icon for Process Financial Information has changed to point down. This is to indicate your choice.

The Process Financial Information menu group expands to display the menus that are available in its group. The menus that you see are determined by your PeopleSoft security.

What you do	What happens
<p>4. Click on the <u>menu</u> UA Department Inquiries.</p> <p>5. Note that:</p> <ol style="list-style-type: none"> The menu and its menu items are shaded for easier identification. The shading is to help you “keep your place.” The triangular icon for UA Department Inquiries has changed to point down. This is to indicate your choice. 	<p>The menu for UA Department Inquiries is expanded to display its menu items.</p>  <p>Menu items in the UA Department Inquiries menu</p>
<p>6. Click on the menu item Report.</p> <p>The hyphen in front of the selections listed under Report indicates that these selections are <u>components</u>. <u>Components were called panel groups</u> in the previous version of PeopleSoft.</p> <div data-bbox="237 1188 740 1524" style="border: 1px solid black; padding: 5px; margin-top: 10px;"> <p>Menu groups and menu items have a triangular icon in front of them.</p> <p>Components (formerly called panel groups) have a hyphen in front of them. Components are underlined, as well.</p> </div>	<p>The Report menu item is expanded to list the components that are available.</p>  <p>Components in the UA Department Inquiries, Report menu item</p>

What you do	What happens
<p>7. Click on the component Requisition Print.</p> <p>Note that your final choice, the component, is shaded in a dark color.</p>	<p>The Requisition Print – Find an Existing Value page is displayed.</p> 
<p>8. To hide the main menu, click on its Collapse button .</p> <div data-bbox="214 1381 716 1717" style="border: 1px solid black; padding: 10px; margin-top: 20px;"> <p>The Collapse button has changed to be the Expand button . The Expand button is located in the upper left corner of the page.</p> <p>Click on the Expand button to display the main menu.</p> </div>	<p>The main menu with its collapse button displayed</p>  <p>When the main menu is collapsed, the page is displayed without the main menu.</p> 

Chapter 4 : Setting Favorites

There are two options for setting favorites for PeopleSoft version 8 web pages.

1. The favorites may be created in the Internet Explorer.
2. The favorites may be created within PeopleSoft.

Favorites created in the Internet Explorer are available only on the computer at which the favorite was created, because the favorites are stored on that particular computer.

Favorites created within PeopleSoft are available at any computer at which you sign in, because the favorites are stored in the PeopleSoft database. The basic steps to set a favorite remain the same as in the prior version of PeopleSoft.

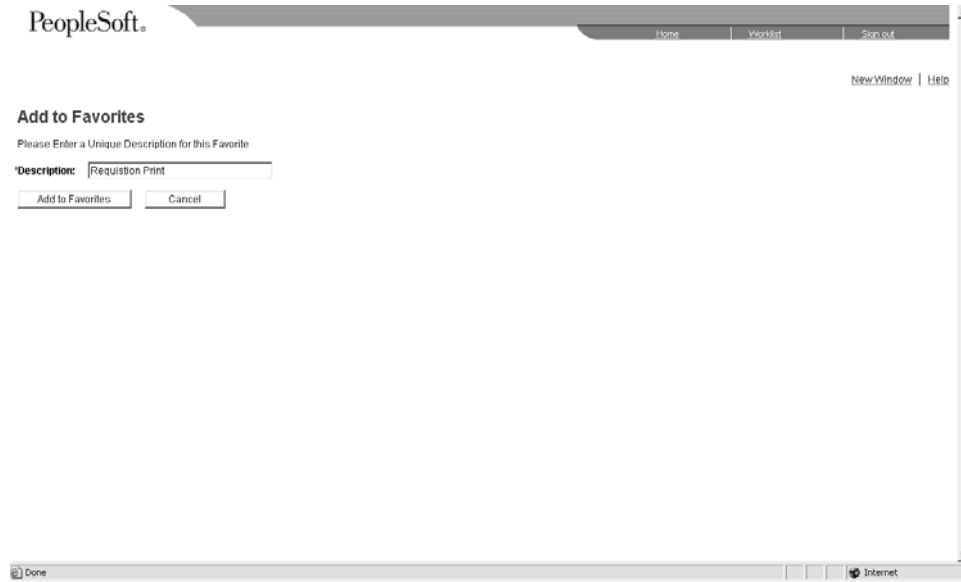

1. Navigate to the page to be set as a favorite.
2. Click on the Add to Favorites link in the navigation header.
3. Type a name for the favorite.

For information on setting favorites in the Internet Explorer, see Appendix A.

In this lesson, the favorites are created within PeopleSoft.

What you do	What happens
<p>1. Navigate to the page to be set as a favorite.</p> <p>In class, you are on the page to be set as a favorite, the Requisition Print – Find an Existing Value page.</p>	<p>The Find an Existing Value page is displayed.</p> 
<p>2. Click on the Add to Favorites link in the navigation header, which is in the upper right area of the web page.</p> 	<p>The Add to Favorites page is displayed. A default name for the favorite is given. You may change this.</p>

What you do	What happens
-------------	--------------

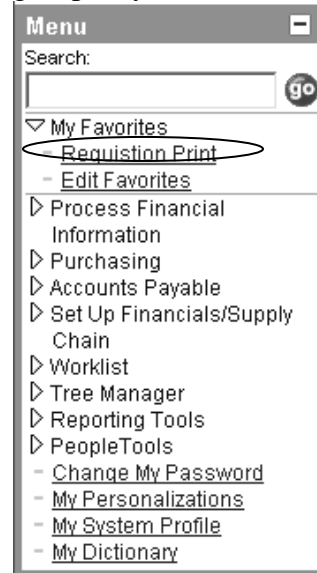

3. To change the name of the favorite, click to place the cursor in the Description field and type a new name.

In class, leave the default name of **Requisition Print**.

4. Click on the button at the bottom of the page.

The new favorite is added to PeopleSoft. It is added to your list of favorites in the menu group, My Favorites.

By default, the favorites are listed in alphabetical order. Place the favorites in an order of your own choice by numbering them. See Appendix B for instructions on organizing favorites in PeopleSoft.

Chapter 5 : Use a Run Control ID – Requisition Print Report

Run Control IDs

What is a Run Control ID?

A Run Control ID is an identification code that represents:

- your PeopleSoft ID
- the process you are running, such as printing a departmental budget report or printing a requisition
- your criteria for that process, such as From Date 11/15/2004 Through Date 11/15/2004, Requester AC628PR for printing a Requisition.

Each process that you run needs its own unique Run Control ID. If you print budget reports and print requisitions, you will create one Run Control ID for printing budget reports and one Run Control ID for printing requisitions.

When do you create a Run Control ID?

The first time that you run a process, you need to create a Run Control ID. Some examples of processes are gathering the data to print a Departmental Budget Report or gathering the data to print a Requisition.

When you run the process in the future, you use the same Run Control ID as the first time that you ran the process. You can change the criteria each time you run the process.

What are the characteristics of a Run Control ID?

A Run Control ID can be up to 30 characters in length. It cannot contain spaces. Some examples of Run Control IDs are **BudgetPrint8** or **ReqPrint8**.

Printing a Requisition

Part A: Use the Menu to Navigate

What you do	What happens
<p>1. From the main menu, choose: Process Financial Information, UA Department Inquiries Report Requisition Print</p> <p>In class, you have done this step already.</p>	<p>The Requisition Print component is displayed. The Find an Existing Value page is on top.</p> 

Part B: Create a New or Use an Existing Run Control ID

The first time that you print a requisition, you need to create a Run Control ID.
When you print a requisition in the future, use this existing Run Control ID.

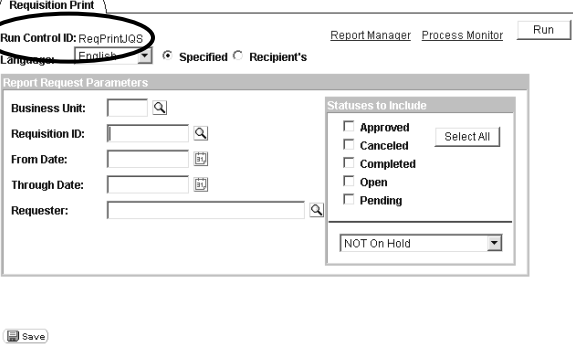

Create a New Run Control ID

IMPORTANT:

If it is the first time that you are printing a requisition, follow these steps.

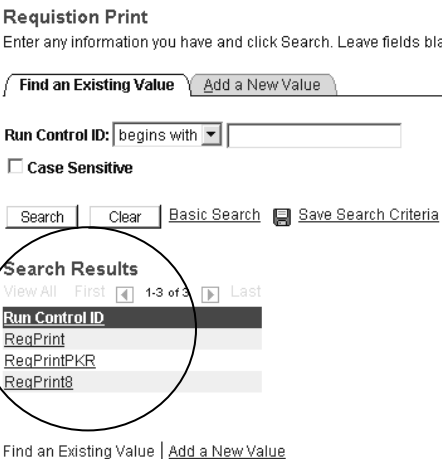

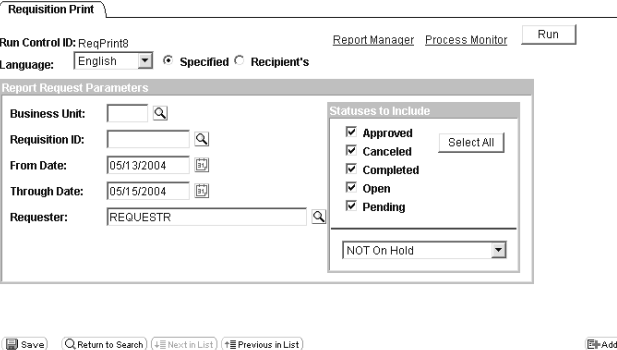

If you previously have printed a requisition, proceed to “Use an Existing Run Control ID” on the next page.

What you do	What happens
<p>2. Click on the Add a New Value link or the Add a New Value folder tab.</p>	<p>The Add a New Value page is displayed.</p> <p>Requisition Print</p> 
<p>3. In the Run Control ID field, type a Run Control ID with a maximum number of 30 characters and no spaces.</p> <p>In class, type ReqPrintXXX where XXX are your initials.</p> <p>For example, John Q. Smith would type ReqPrintJQS</p>	<p>Requisition Print</p> 

What you do	What happens
4. Click on the <input type="button" value="Add"/> button.	<p>The Requisition Print page is displayed. The Run Control ID is displayed at the top of the page.</p>  <p>The screenshot shows the 'Requisition Print' interface. At the top, there is a 'Run Control ID: ReqPrintLI08' which is circled in red. To the right of this are links for 'Report Manager', 'Process Monitor', and a 'Run' button. Below this is a 'Report Request Parameters' dialog box. It contains several input fields: 'Business Unit', 'Requisition ID', 'From Date', 'Through Date', and 'Requester', each with a search icon. To the right of these fields is a 'Statuses to Include' section with checkboxes for 'Approved', 'Canceled', 'Completed', 'Open', and 'Pending', along with a 'Select All' button. Below the checkboxes is a dropdown menu set to 'NOT On Hold'. At the bottom left of the dialog is a 'Save' button.</p>

Use an Existing Run Control ID

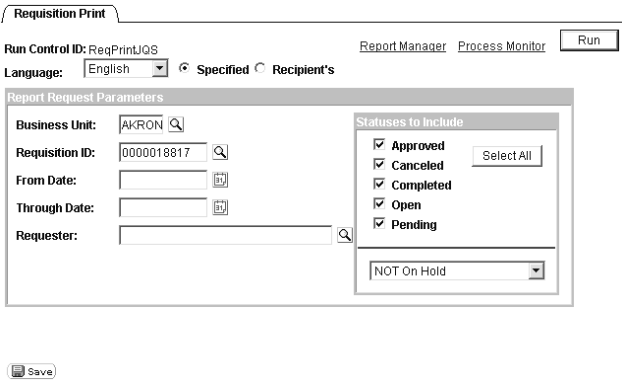

Once you have created a Run Control ID for a report, you can use that Run Control ID over and over. If you need to change the criteria, you can.

What you do	What happens
<p>2. On the Find an Existing Value page, click on the Search button.</p>	<p>A list of your Run Control IDs is displayed in the Search Results area.</p>  <p>Requisition Print Enter any information you have and click Search. Leave fields blank for a list of all values.</p> <p>Find an Existing Value Add a New Value</p> <p>Run Control ID: begins with <input type="text"/></p> <p><input type="checkbox"/> Case Sensitive</p> <p>Search Clear Basic Search Save Search Criteria</p> <p>Search Results View All First 1-3 of 3 Last</p> <p>Run Control ID RegPrint RegPrintPKR RegPrint8</p> <p>Find an Existing Value Add a New Value</p> <p>If you only have one Run Control ID for the report, the criteria page for the report will be displayed immediately. You will not need to choose a Run Control ID from the list of Search Results.</p>
<p>3. In the Search Results list, click on the Run Control ID that you want.</p>	<p>The Requisition Print page is displayed with the criteria that you used previously with this Run Control ID. You may change any of the criteria as needed.</p>  <p>Requisition Print</p> <p>Run Control ID: RegPrint8 Report Manager Process Monitor Run</p> <p>Language: English Specified Recipient's</p> <p>Report Request Parameters</p> <p>Business Unit: <input type="text"/></p> <p>Requisition ID: <input type="text"/></p> <p>From Date: 05/13/2004</p> <p>Through Date: 05/15/2004</p> <p>Requester: REQUESTR</p> <p>Statuses to Include <input checked="" type="checkbox"/> Approved <input checked="" type="checkbox"/> Canceled <input checked="" type="checkbox"/> Completed <input checked="" type="checkbox"/> Open <input checked="" type="checkbox"/> Pending <input type="button" value="Select All"/> <input type="text" value="NOT On Hold"/></p> <p>Save Return to Search Next in List Previous in List Add</p>
<p>4. Proceed to step 5 to set the report criteria.</p>	

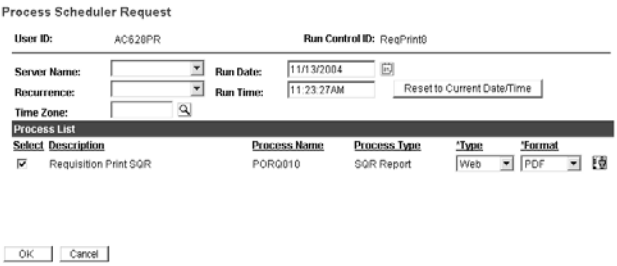

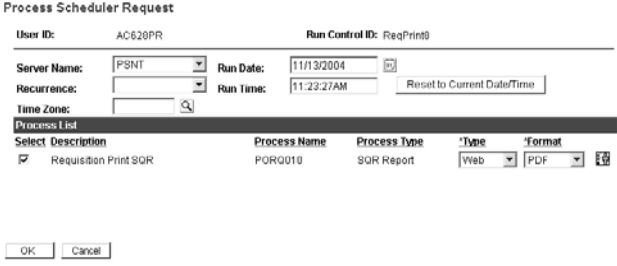

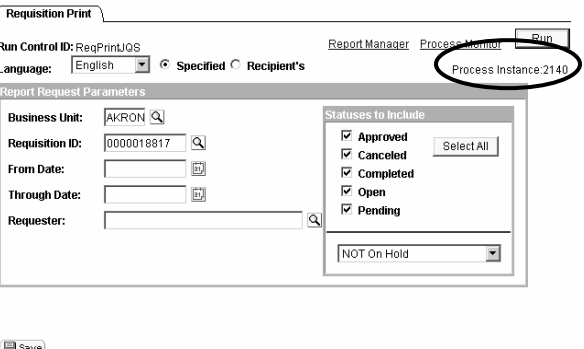

Part C: Set the Report Criteria

In this exercise, the Requisition ID number is known and is used to print the requisition. However, you may set different criteria to print requisitions.

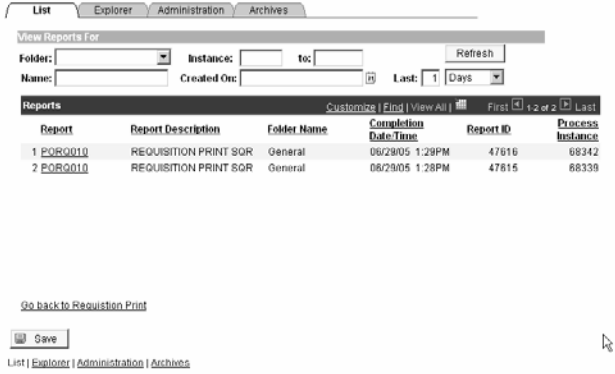

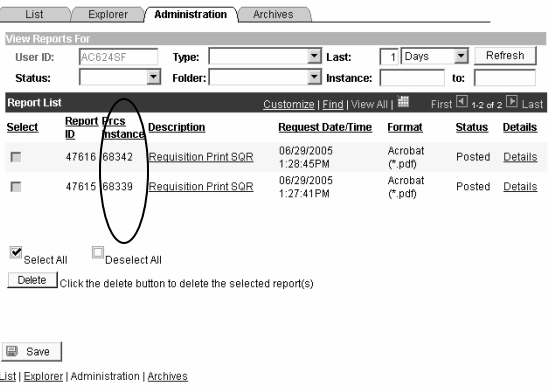

For example, you may want to print all the requisitions entered today for a particular Requester. Type today's date in the From Date and the Through Date fields. Enter the Requester's PeopleSoft user ID in the Requester field. In the Statuses to Include box, Select All. At the hold status down arrow, select On hold AND not on hold. The screenshot here shows the criteria set to print all the requisitions entered on 11/15/2004 by Requester AC628PR.

What you do	What happens
<p>5. In this example, you know the Requisition ID number.</p> <p><u>Type the criteria for the report.</u></p> <p>a. Business Unit: Akron</p> <p>b. Requisition ID: 0000018817 (You need to enter the leading zeroes.)</p> <p>Statuses to Include box: Click on the  button.</p> <p>c. Leave the hold status as NOT on Hold, because you know that the requisition is not on hold.</p> <p>6. Click on the  button.</p>	<p>The criteria are set and saved to the run control ID that you created.</p> 

Part D: Use the Process Scheduler

What you do	What happens
<p>7. Click on the  button.</p> <p>The Run button replaces the traffic light tool that you used in the previous version of PeopleSoft.</p>	<p>The Process Scheduler page is displayed.</p> 
<p>8. Note/Select the following:</p> <p>Server Name: PSNT Run Date: (Do not change the system date that defaults.) Run Time: (Do not change the system time that defaults.)</p> <p><u>In the Process List grid</u> at the bottom of the page: A checkmark needs to appear in the Select checkbox. Type: Web Format: PDF</p>	<p>The Process Scheduler page is displayed with your selections.</p> 
<p>9. Click on OK.</p> <p>10. Note the Process Instance number.</p> <p>There will be one, unique Process Instance Number for each report.</p>	<p>The word Processing will flash in the upper right corner of the page. Your request for a Requisition Print Report is processed.</p> <p>The Requisition Print page is displayed.</p> 

Part E: Use the Report Manager to Print the Report

What you do	What happens
<p>11. On the Requisition Print page, click on the Report Manager link.</p>	<p>The Report Manager component is displayed. The List page is on top.</p> 
<p>12. Click on the Administration folder tab. 13. In the Report List grid, look in the Prce Instance field to locate the Process Instance number for your report.</p> <p>You noted that number on the Requisition Print page.</p> <p>NOTE: The list of reports shown is for the last seven days. You only see the reports that you ran. The list is in order with the most recent report at the top and the “oldest” report at the bottom.</p>	<p>The Administration page is displayed.</p> 

What you do	What happens

Report List Customize | Find | View All | First 1-3 of 3 Last

Select	Report ID	Pracs Instance	Description	Request Date/Time	Format	Status	Details
<input type="checkbox"/>	47782	68611	Requisition Print SQR	06/30/2005 7:35:25AM	Acrobat (*.pdf)	Posted	Details
<input type="checkbox"/>	47616	68342	Requisition Print SQR	06/29/2005 1:28:45PM	Acrobat (*.pdf)	Posted	Details
<input type="checkbox"/>	47615	68339	Requisition Print SQR	06/29/2005 1:27:41PM	Acrobat (*.pdf)	Posted	Details

Select All Deselect All

Click the delete button to delete the selected report(s)

The status of your report must be Posted in order for the report link to be available.

Click the report description to view the report.

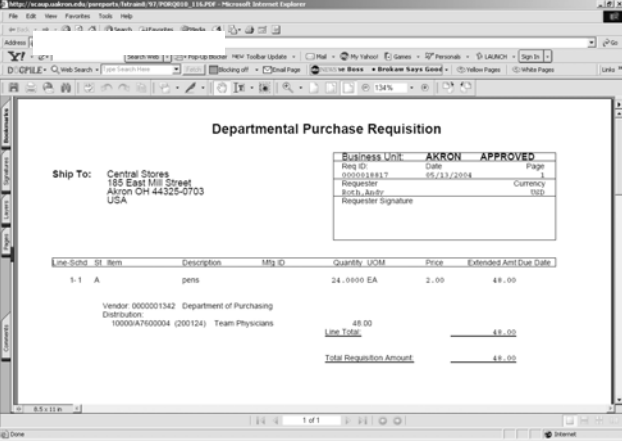

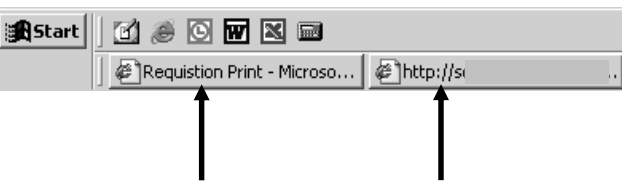

The Delete button is deactivated. You cannot use it to delete report. The reports are kept for seven calendar days and automatically deleted on the eighth day.

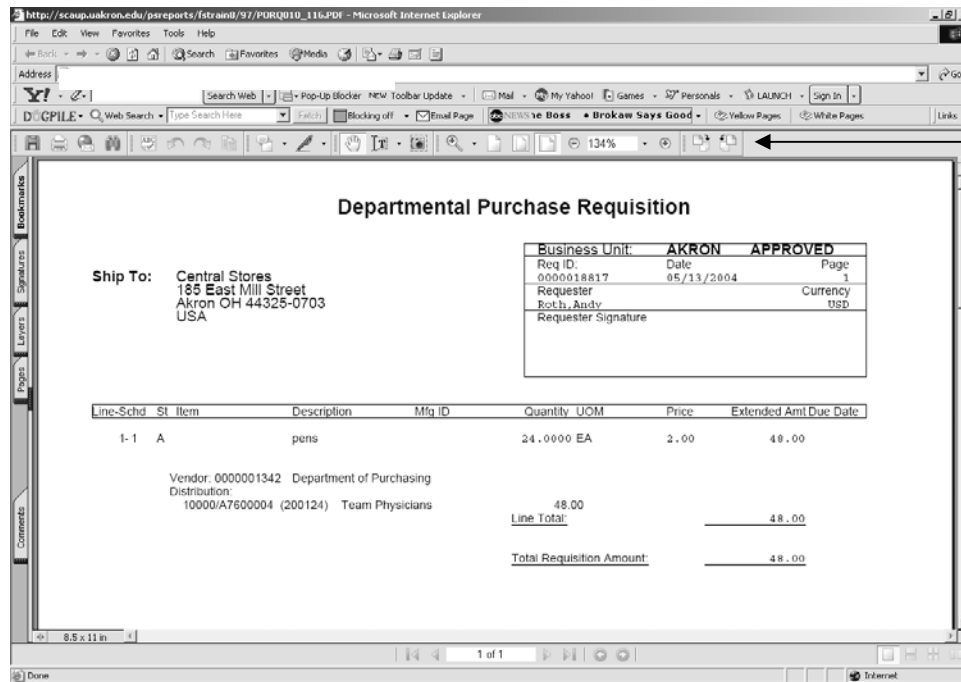

14. The report is not complete and available for viewing and printing until the **Status** column reads **Posted**.

Click on the button to update the display and to see the change in status. The display does not refresh automatically. You may need to click on the Refresh button several times until the Status changes and the column reads Posted.

In Report Manager, there are several status levels:

Scheduled	The process was just added to the report request.
Processing	Process Scheduler has initiated the program and is running the process at that time.
Generated	The report has finished processing and all files are available for transferring.
Posting	The report is in the process of being transferred to the Report Repository.
Posted	The report has finished posting and is ready to be viewed.

What you do	What happens
<p>15. When the Status of a report is Posted, click on the report description link (in this example it is <u>Requisition Print SQR</u>) for the Process Instance number for the report that you want to view and print.</p>	<p>The report is opened in a second, new Internet Explorer window.</p> 
<p>16. Note that the report opened in a second window, separate from the original window for PeopleSoft.</p> <p>On the Windows' taskbar at the bottom of the screen, there is a button for the Report Manager and a button for the display of the report.</p>	

You may use the Adobe Reader toolbar to Print or Save the report.

What you do	What happens
<p>17. To print the report, click on the Printer tool  in Adobe Acrobat's toolbar.</p> <p>In the Windows' Print dialog box, make your choices.</p>	<p>The report is directed to the printer.</p> <p>NOTE: To save the report as a file on your PC or home (H:) directory, use the Save tool  in Adobe Acrobat's toolbar.</p>
<p>18. Close the report window by clicking on its Close button .</p>	<p>The Administration page of the Report Manager component is displayed.</p>

NOTE:

A report that you have run will be saved and available to you for seven days from the time that you ran the report. On the eighth day, the report is deleted from the system.

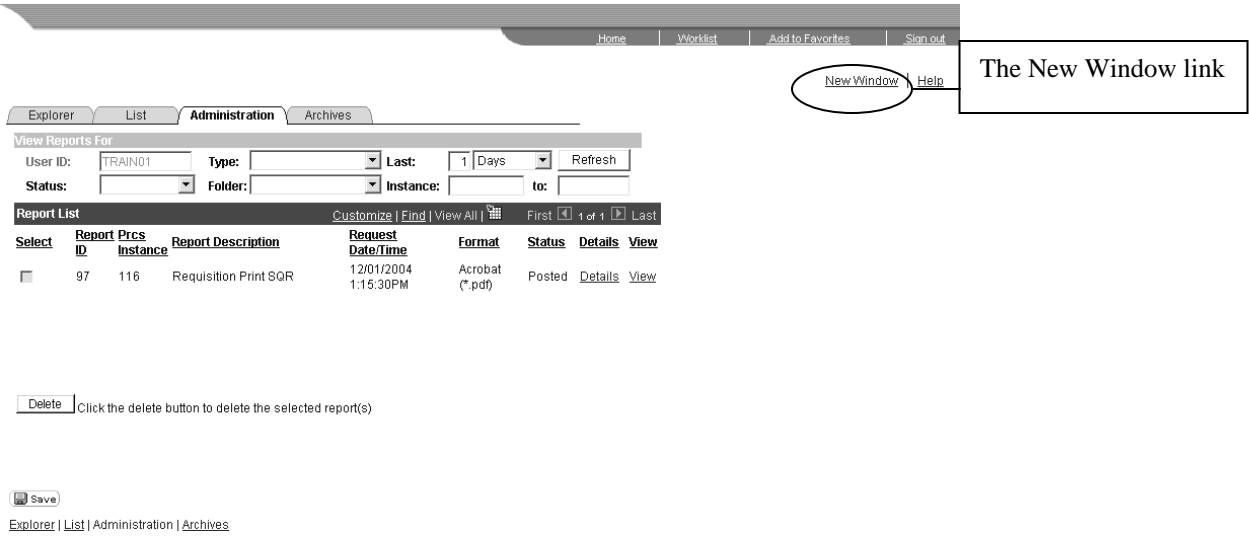

To view and print a saved report, navigate directly to the Report Manager. Enter the **path:** Reporting Tools, Report Manager. Click on the Administration folder tab.

NOTES:

Chapter 6 : Using Multiple Windows

The **New Windows** link can be helpful if you are entering or viewing data and need additional information that is stored in another component. You can open a new window, do a separate search in that window and locate the data that you need.

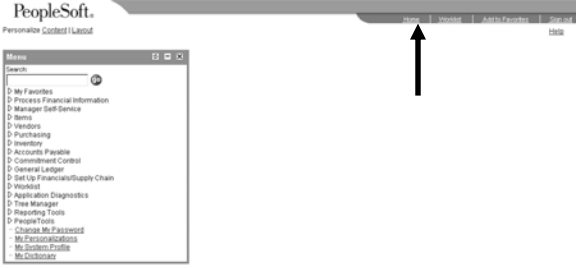

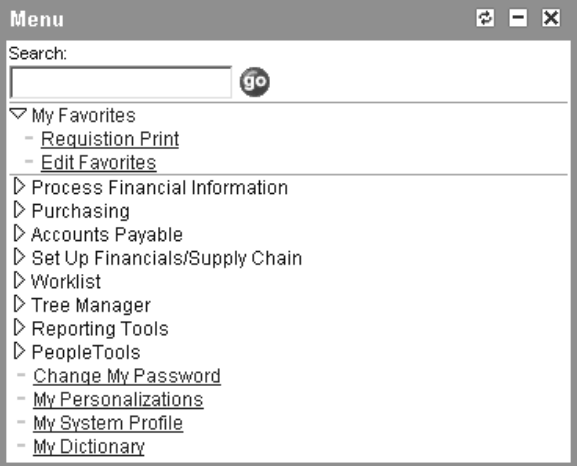

Caution: Close the second window that you open, when you are done with it, by clicking on its X. Do not sign out of the second window, unless you are ready to sign out of PeopleSoft. When you sign out of one window in PeopleSoft, you are signing out of PeopleSoft and all the windows open in PeopleSoft.

What you do	What happens
 <p>The screenshot shows the PeopleSoft Administration interface. At the top, there are navigation links: Home, Worklist, Add to Favorites, and Sign out. Below that, there are tabs for Explorer, List, Administration, and Archives. The main content area shows a 'View Reports For' section with fields for User ID (TRAIN01), Type, Last (1 Days), Status, Folder, and Instance. Below this is a 'Report List' table with columns: Select, Report ID, Prcs Instance, Report Description, Request Date/Time, Format, Status, Details, and View. A single report is listed with ID 97, Instance 116, and Description 'Requisition Print SQR'. At the bottom, there is a 'Delete' button and a 'Save' button.</p>	<p>The New Window link</p>
<p>1. To open a new window, click on the New Window link.</p>	<p>A second PeopleSoft window is opened with the same path that you were using in the first window.</p>
<p>2. Note the Windows' taskbar at the bottom of your screen. There is a button for each of the open windows.</p>	 <p>The screenshot shows a Windows taskbar with the Start button on the left and several application icons. Two windows are open, both titled 'Report Manager - Microso...'. The taskbar is positioned at the bottom of the screen.</p>
<p>3. Make any menu selections to navigate to the PeopleSoft page that you need.</p>	<p>The page that you selected is displayed.</p>
<p>4. Close this window by clicking on its X.</p>	<p>The first PeopleSoft window is displayed.</p>

NOTES:

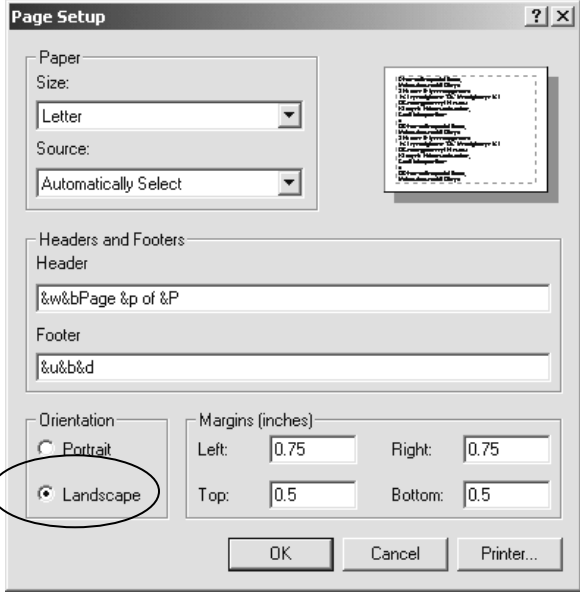

Chapter 7 : Use Favorites

Once you have set a favorite, you can use the Favorites menu group to quickly navigate to the component you need.

What you do	What happens
<p>1. Click on the Home link in the Navigation Header.</p>	<p>The home page for PeopleSoft Financials is displayed.</p> 
<p>2. In the Main Menu, click on My Favorites.</p>	<p>The list of your favorites is displayed.</p> 
<p>3. Click on Requisition Print to select that favorite.</p>	<p>The Requisition Print – Find an Existing Value page is displayed.</p> <p>Requisition Print Enter any information you have and click Search. Leave fields blank for a list of all values.</p> <p>Find an Existing Value Add a New Value</p> <p>Run Control ID: begins with <input type="text"/></p> <p><input type="checkbox"/> Case Sensitive</p> <p><input type="button" value="Search"/> <input type="button" value="Clear"/> Basic Search <input type="button" value="Save Search Criteria"/></p> <p>Find an Existing Value Add a New Value</p>

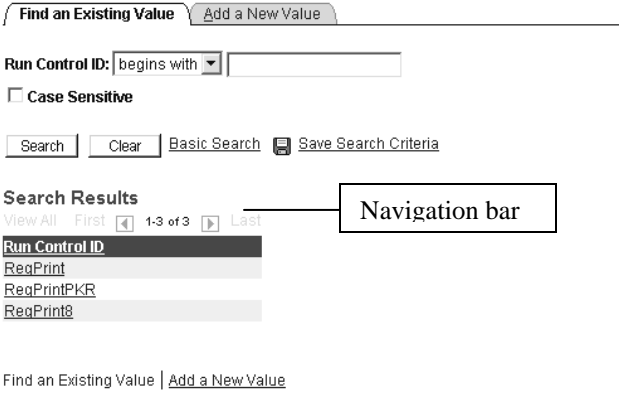

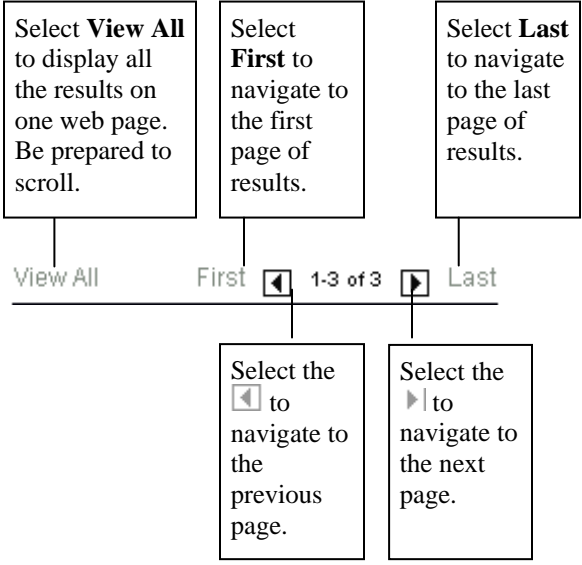

NOTES:

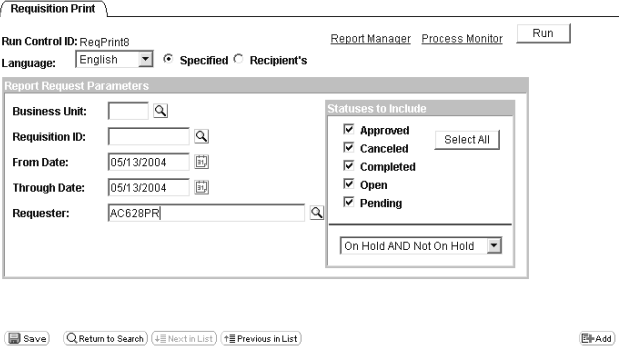

Chapter 8 : Printing a Web Page Using the Browser

What you do	What happens
<p>1. <u>To print the web page that is displayed</u>, use the browser's print function.</p> <p>Select File, Print from the Internet Explorer's menu.</p> <p>In the Print dialog box, change any options and click OK. Many of the pages need to be printed in a landscape orientation in order to see all the data.</p>	<p>NOTE: Before you print, click on File, Print Preview from your browser's menu. This will allow you to be sure that the printed copy is what you want.</p> <p>One method to change to a landscape orientation of the paper is to select File, Page Setup from the Internet Explorer menu. In the dialog box, click on the option button for landscape.</p> 
<p>2. Click <u>Home</u> in the navigation header.</p>	<p>The main menu page is displayed.</p>

NOTES:

Chapter 9 : Use an Existing Run Control ID

What you do	What happens
<p>1. On the Find an Existing Value page, click on the <input type="button" value="Search"/> button.</p>	<p>A list of your Run Control IDs is displayed in the Search Results area of the page.</p> <p>Requisition Print Enter any information you have and click Search. Leave fields blank for a list of all values.</p>  <p>When results are displayed in the format that is seen here, it is called a grid.</p>
<p>2. a. Note that the total number of rows retrieved is listed in the header of the grid. In the example shown, there are 3 rows.</p> <p>b. Note the navigation that is available in the view tools on the navigation bar of the grid.</p> <p>The view tools are useful if results are lengthy and are displayed on more than one page.</p> <p>In the example shown, the results are displayed on a single page, so that the view tools are not necessary.</p>	

What you do	What happens
<p>3. In the Search Results grid, click on the link for the Run Control ID that you created earlier in class (ReqPrintXXX, where XXX are your initials).</p>	<p>The Requisition Print page is displayed. The criteria is displayed that you used previously for this Run Control ID.</p>  <p>The screenshot shows the 'Requisition Print' interface. At the top, there is a 'Run Control ID: ReqPrint8' and buttons for 'Report Manager', 'Process Monitor', and 'Run'. Below this, the 'Language' is set to 'English', and radio buttons for 'Specified' (selected) and 'Recipient's' are visible. A 'Report Request Parameters' box contains several fields: 'Business Unit', 'Requisition ID', 'From Date' (05/13/2004), 'Through Date' (05/13/2004), and 'Requester' (AC628PR). To the right of these fields is a 'Statuses to Include' section with checkboxes for 'Approved', 'Canceled', 'Completed', 'Open', and 'Pending', all of which are checked. A 'Select All' button is also present. At the bottom of the parameters box, there is a dropdown menu set to 'On Hold AND Not On Hold'. Below the parameters box, there are navigation buttons: 'Save', 'Return to Search', 'Next in List', 'Previous in List', and 'Add'.</p>
<p>4. You may change any of the criteria and Run the Requisition Print report.</p>	

Chapter 10 : Online Inquiry

Discussion

In this chapter, you review how to inquire on financial documents. Use these instructions to inquire about requisitions, purchase orders and vouchers.

If you will use any of the following inquiries on a frequent basis, consider using the **Customization** feature available in each inquiry. One advantage to customizing an inquiry screen is that the data that you review most often can appear on the first of the pages to avoid scrolling or clicking on additional folder tabs.

Each inquiry has its own customization. Click on the Customize link  in the header of the grid. For a review of customizing an inquiry grid, see Appendix C.

To download the data displayed in the inquiry results grid, click on the **Download tool**  in the header of the grid. If you will be downloading data to Excel, you need to configure the Internet Explorer to open the Excel documents in Excel. If you do not, the Excel worksheets will open in the Internet Explorer. See Appendix D for instructions on working with Excel and PeopleSoft Financials.

Inquire on a Requisition

The Requisition Inquiry component, reviewed in part A, and the Requisition Document Status component, reviewed in part B, are available for locating information about a requisition.

Part A: Requisition Inquiry Page

You can use this page to locate the following information:

- Status of the requisition
- The Date the requisition was created
- Total Amount of requisition
- Items on a requisition
- Approval History
- If a Purchase Order has been created
- If the items from the requisition have been received
- If a Voucher has been created
- If payment has been made and the check number

What you do	What happens
1. Enter the path : Purchasing, Requisitions, Review Requisition Information, Requisitions	The Requisition Inquiry page is displayed. This page is used to enter the criteria for the requisitions on which you want to check the status.

What you do	What happens
--------------------	---------------------

2. Fill in search criteria to locate the requisition(s) you need. Using more criteria will limit the search.

This page may be used to review up to 20 of the Requester’s requisitions for a given time period. The search results from this page are limited to 20 rows.

Business Unit	AKRON
Requisition ID	Enter the Requisition ID, including any leading zeroes. Example: 0000018984 To select a range of Requisition IDs, enter the beginning Req ID here and the ending Req ID in the To Req field. (Remember that search results are limited to 20 rows.)
<p>Req Status</p> <p>→ In class, use the Lookup tool to see the list of values.</p>	Enter a value or click on the Lookup tool to see a list of values. Only the following values are used for searching at The University of Akron – A, C, P, X . A (Approved), C (Complete), P (Pending Approval), X (Canceled).
<p>Requester</p> <p>→ In class, use the Lookup tool.</p>	This is the User ID that you use to log on to PeopleSoft. You can use the Look up button to locate IDs. For example: Requester: <input type="text" value="begins with"/> <input type="text" value="PUY"/>
Requisition Date	Enter the date on which the Requisition was entered. You can use the Choose a Date button to display a calendar to select a date. To select a range of dates, enter the beginning date here and the ending date in the To field. (Remember that search results are limited to 20 rows.)
Vendor ID	Enter the Vendor ID. To lookup the Vendor ID, click on the Vendor Lookup link. (The Name search field at Vendor lookup is case sensitive.)

What you do	What happens
3. In class, the first search is for a specific requisition. At Requisition ID , enter 0000018859 . 4. Click  .	The Requisitions Inquiry Details page is displayed.

Use this tool to download the data in the grid to Excel.

The Customize link

The Show All Columns tool

Click on the link for the Requisition ID to display the Line Details page. Use the Return button to return to the Requisition Inquiry pages.

10. Click on the Search link to return to the Requisition Inquiry search page.	The Requisition Inquiry search page is displayed.
--	---

What you do	What happens
<p>11. If you do not know the Requisition ID number or wish to search for a group of requisitions, enter the appropriate criteria.</p> <p>In class, enter criteria to search for the requisitions created: between 06/01/2004 and 06/30/2004 by a Requester with the ID PUY12AR</p> <p>The Requester field is case sensitive. Type the Requester ID in all capital letters.</p>	
<p>12. Click on OK .</p>	<p>The Requisitions Inquiry Details page is displayed.</p> <p>In this example as shown below, three requisitions match the search criteria.</p>

Requisitions

Unit	Requisition	Status	Requester	Req Date	Total Amt	Currency
<input type="checkbox"/> AKRON	0000018868	Approved	Roth,Andy	06/30/2004	1.430	Dollar
<input checked="" type="checkbox"/> AKRON	0000018859	Approved	Roth,Andy	06/22/2004	10.000	Dollar
<input type="checkbox"/> AKRON	0000018854	Approved	Roth,Andy	06/17/2004	18.170	Dollar

Select the Requisition that you need by clicking to mark its checkbox.

Follow the instructions in steps 5 through 8 above to review the information about the selected Requisition.

- [Search](#) [Approval History](#) [Header Comments...](#) [Document Status](#)
- [Show RFQ](#) [Show PQ](#) [Show Receipts](#) [Show MSR](#) [Show Voucher / Payment](#)

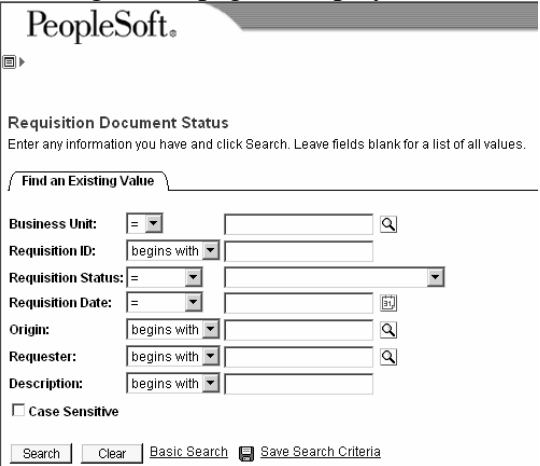

NOTE: If the search criteria that you entered return more than 20 requisitions in the search results, you will see this message. Click on OK to proceed to the Requisitions Inquiry Details page. If you do not see the requisition(s) that you need in the search results, modify your search.

Part B: Requisition Document Status Inquiry

You can use this page to locate the following information:

- Requisition Status
- Budget Status
- Requester Name
- Document ID’s for Purchase Order, Voucher, and Payment

What you do	What happens
<p>1. Enter the path:</p> <p>Purchasing, Requisitions, Review Requisition Information, Document Status</p>	<p>The Requisition Document Status –Find an Existing Value page is displayed.</p> 
<p>2. Enter search criteria to locate the requisition you need.</p>	

Business Unit	AKRON
Requisition ID	<p>Enter the Requisition ID. Example: 0000018859 or 18859</p> <p>At the down arrow, select the operator “=” or “begins with” if you are entering the full requisition ID. Select the operator “contains” to enter just the last digits (minus the leading zeroes).</p>
Requisition Status	<p>Enter a value or click on the down arrow to see a list of values. Only the following values are used for searching at The University of Akron – A, C, P, X.</p> <p>A (Approved), C (Complete), P (Pending Approval), X (Canceled).</p>
Requisition Date	<p>This is the date on which the requisition was entered. You can type the date or use the Choose a Date button  to select a date from the calendar. Select the operator “=” for a single date. You may change to the operator of your choice, such as “between” to locate a range of dates.</p> <p>Requisition Date: <input type="text" value="between"/> <input type="text" value="10/22/2004"/>  and <input type="text" value="10/25/2004"/> </p>
Requester	<p>This is the User ID that you use to log on to PeopleSoft. You can use the Look up  button to locate IDs.</p>

What you do	What happens
3. Click on Search .	The requisitions that match your criteria are listed in the Search Results area.

What you do	What happens
7. Click on the Voucher Inquiry link to review that line item's voucher.	A separate window is opened with the Voucher Inquiry page displayed.

8. This page is displayed in a second PeopleSoft window, so after you review the information on the Voucher Inquiry page, close the window by clicking on its X .	The window for the Voucher Inquiry is displayed. You can see voucher information, such as Invoice Number, Invoice Date, Gross Invoice Amount, Voucher Unpaid Balance, Detail Lines, Scheduled Payments, etc.
9. Click on the Activity Summary link to return to the PO Activity Summary page.	The PO Activity Summary page is displayed.
10. Click on Return to Search if you want to search for the Activity Summary for another Purchase Order.	

Inquire on a Voucher

The Voucher Inquiry component, reviewed in Part A, and the Voucher Document Status Inquiry, reviewed in Part B, are available for locating information about a voucher. The Voucher Inquiry provides voucher information, such as invoice number, related vendor and payment information. The Voucher Document Status Inquiry shows all the documents related to a voucher, such as PO, Requisition, Payments, etc. These two inquiries are discussed in this lesson.

Another inquiry, Voucher Accounting Entries Inquiry, also, is available, but is not reviewed in this lesson. To use that inquiry enter the **path**:
 Accounts Payable, Review, Vouchers, Voucher Accounting Entries

Review Appendix C for recommendations on customizing this inquiry page.

Part A: Voucher Inquiry Page

What you do	What happens
1. Enter the path : Accounts Payable Review Vouchers Voucher Inquiry	The Voucher Inquiry page is displayed. Use this page to search for the voucher(s) you need to review.

The screenshot shows the 'Voucher Inquiry' interface. It features a 'Search Criteria' section with various input fields and dropdown menus. Callouts point to specific fields:

- From Voucher ID:** A callout box states 'Enter the Voucher ID here, if known.' This field is circled in red.
- From Vendor ID:** A callout box states 'The Vendor ID fields'. This field is circled in red.
- *Amount Rule:** A callout box states 'The Amount Rule fields'. This field is circled in red.

Other visible fields include: From Business Unit (AKRON), To Business Unit (AKRON), *Voucher Style (All Vouchers), From Invoice, To Invoice, Post Status, Approval Status, Voucher Balance, SetID (AKRON), From Vendor Short Name, To Vendor Short Name, Vendor Date Type, From Vendor ID, To Vendor ID, Vendor Location, From Date (11/18/2004), To Date (11/18/2004), *Amount Rule (Any), Voucher Gross Amount, Transaction Currency, Search, and Reset Criteria buttons. Below the search criteria is a 'Sort Criteria' section with *Sort By (Voucher ID), *Sort Asc/Desc (Ascending), and a Sort button. At the bottom are sections for 'Display Currency Criteria' and 'Late Interest Analysis'.

What you do	What happens
<p>2. Enter the criteria for your search.</p> <p>If you know the Voucher ID, enter it in the From Voucher ID field.</p> <p>If you do not have the Voucher ID, you can conduct searches, such as:</p> <ol style="list-style-type: none"> Search by Vendor ID in conjunction with an Amount Rule or Date Range. Search by Voucher Styles. 	<p>In this example, the Voucher ID 00163439 is entered in the From Voucher ID field.</p> <p>You need to enter leading zeroes for the Voucher ID.</p>
<p>3. Click  .</p>	<p>The Voucher Inquiry Results that match your criteria are displayed at the bottom of the page.</p>

What you do	What happens				
4. Scroll to the right on this page to review additional information.	If the voucher has a discount, it will reflect this difference between Gross Amount Paid and Net Amount Paid. Here is an example of a discount of \$2.00 (1%). <table border="1" data-bbox="802 464 1159 617"> <thead> <tr> <th>Gross Amount Paid</th> <th>Net Amount Paid</th> </tr> </thead> <tbody> <tr> <td>200.00</td> <td>198.00</td> </tr> </tbody> </table> These fields are the last fields listed on the Voucher Details tab. You need to scroll to the right to see this data.	Gross Amount Paid	Net Amount Paid	200.00	198.00
Gross Amount Paid	Net Amount Paid				
200.00	198.00				
5. Scroll to the left.					
6. On the Voucher Details tab, click on the Payment Information icon  .	The voucher payment information is displayed.				

[Back To Voucher Inquiry](#)

Business Unit: AKRON **Voucher ID:** 00163439 **Invoice Number:** 493540299

Vendor Name: Dell Computer Corp **Vendor Location:** MAIN OFF

Gross Invoice Amount: 3,343.00 **Transaction Currency:** USD

Bank SetID	Bank Code	Bank Account	Payment Reference ID	Applied Business Unit	Applied Voucher ID	Payment Date	Payment Amount	Payment Currency	Voucher Paid Amount	Payment Status
AKRON	BANK1	CDA	325783			10/23/2003	15,097.97	USD	3,343.00	Paid

Gross Invoice Amount is the total amount on this voucher.

Details area

7. Review the data in the **Details area of the page**.*

Payment Reference ID: Check number

Payment Amount: Amount paid on this check (\$15,097.97). When a check is issued, it may be in payment for several/many invoices to the same vendor.

Voucher Paid Amount: Amount paid on this voucher (\$3,343.00)

Payment Date: The date that the check is issued

*See the section in this lesson “Vouchers with Multiple Scheduled Payments” to review a more complex payment scenario.

8. Click on the Back To Voucher Inquiry link.	The Voucher Inquiry page is displayed.
9. Click on the Detail Lines icon  .	A second PeopleSoft window is opened with the Voucher Line information and charges.

What you do	What happens
-------------	--------------

Business Unit: AKRON Voucher ID: 00163439 Invoice Number: 493540299 Invoice Date: 10/09/2003
 Vendor ID: 0000000047 Name: Dell Computer Corp ShortName: DELLCOMPUT-002
 Gross Invoice Amount: 3,343.00 Total Non-Merchandise Charges: 0.00
 Entered VAT Amount: 0.00 Transaction Currency: USD

When you click on the Detail Lines icon, the page shows you the voucher line Description, Amount and ChartField information.

Voucher Lines										
Line:	1	Description:	dimension 2400	Amount:	3,343.00					
Item ID:		Quantity:		UOM:		Unit Price:

Chapter 11 : Clearing Cache in Internet Explorer

The temporary internet files are copies of the web pages that you recently opened. The web pages are copied, so that if you open them again, the pages will be displayed quickly. It is a good practice to occasionally clear the cache.

For the PC

What you do	What happens
<p>1. From the Internet Explorer menu bar, click on Tools, Internet Options.</p> 	<p>The Internet Options dialog box is displayed.</p> 
<p>2. On the General tab, click on the Delete Files... button.</p>	<p>The Delete Files message box is displayed.</p> 
<p>3. Click in the checkbox for Delete all offline content.</p> <p>4. Click on OK.</p>	<p>The hourglass will appear while the files are being deleted. If you have not cleared cache recently, this may take a minute or several minutes.</p> <p>When cache is cleared, the hourglass is no longer seen. The Internet Options dialog box is displayed, as shown in step 1.</p>
<p>5. In the Internet Option box, click on OK.</p>	
<p>6. Close the Internet Explorer.</p>	

For the Macintosh

What you do	What happens
<p>1. From the Internet Explorer menu bar, click on Explorer, Preferences.</p> 	<p>The Internet Explorer Preferences box is displayed.</p>
<p>2. In the scroll box on the left, locate the Web Browser menu.</p> <p>3. From the Web Browser menu, locate and click on Advanced.</p> <p>4. In the Cache frame, click on the Empty Now button.</p>	
<p>5. When the files are deleted, click on OK.</p>	

Chapter 12 : Locating PeopleSoft Training and Documentation on the Web

The home web page of Software Training and Technological Services contains links to PeopleSoft version 8 instructions:

- Seminars (instructor-led) – Register for classes, such as this one.
- Hard copy manuals and job aids – Download materials that you can print through Adobe Reader.
- Web-based audio-visual tutorials – Watch a movie that leads you through the steps of common procedures in PeopleSoft.
- PeopleSoft manual updates and changes – When a procedure changes or a new procedure is added, a notation will be made in the PeopleSoft Version 8 Manual Log. View the log and download any new/changed materials that are pertinent to your job.

When you are back at your desk, open your browser, such as Internet Explorer, and navigate to <http://www.uakron.edu/its/learning/index.php> . Set it as a Favorite so that you easily can check for instructions and updates when needed.

Look at the list of items under **Important Links for Faculty and Staff**.

The screenshot shows the ITS (Information Technology Services) website. The top navigation bar includes links for About UA, Admissions, Academics, Administration, Alumni, Athletics, Campus Map, and Home. The main header features the ITS logo and the University of Akron name and address (302 Buchtel Mall, Akron, OH 44325). The page is titled 'SOFTWARE TRAINING AND TECHNOLOGICAL SERVICES' and contains several paragraphs of text describing the services provided. A sidebar on the left lists various services like Applications, Operations, Telecommunications, Networking, Learning Technologies, iPLAN, Distance Learning, Computer Based Testing, Help Desk, Software Training, Registration & Info Center, and Computer Store. A right sidebar lists categories such as Learning Technologies, E-mail Tools, Find People, Help Desk, E-Learning, and Registration & Info Center. The central content area includes contact information for Sue McKibben and a circled section titled 'Important Links for Faculty and Staff' which lists various training and documentation resources.

Important Links for Faculty and Staff

- Seminars
- Mail and Calendar Documentation
- Microsoft Office XP
- PeopleSoft v7.6 - General Information
- Peoplesoft v7.5 - Financials Training Materials
- PeopleSoft v8 Training - Main Page
- Internet Explorer/Portal Basics
- WebCT Documentation
- Using the Mainframe System (MVS)
- Setting up and using ZipSpace

Important Links for Students

- Mail Documentation
- WebCT Documentation
- Setting up and using ZipSpace

NOTES:

Appendix A Favorites in Internet Explorer

When you find an Internet site that you like and want to use again, you can save the address (URL) as a Bookmark, which is also referred to as a Favorite. You can add new favorites, delete favorites and organize favorites. The favorites feature is just a folder that you use to store Internet shortcuts. Favorites will save you a lot of time if you tend to use the same Web sites frequently.

Create a Favorite

What you do

1. Go to the Web page that you want to set as a favorite.
2. From the menu, select **Favorites, Add to Favorites**.
3. In the **Add Favorite** box, either leave the default **Name** or type in a new name for the site so that you will easily remember the new favorite name for retrieval.

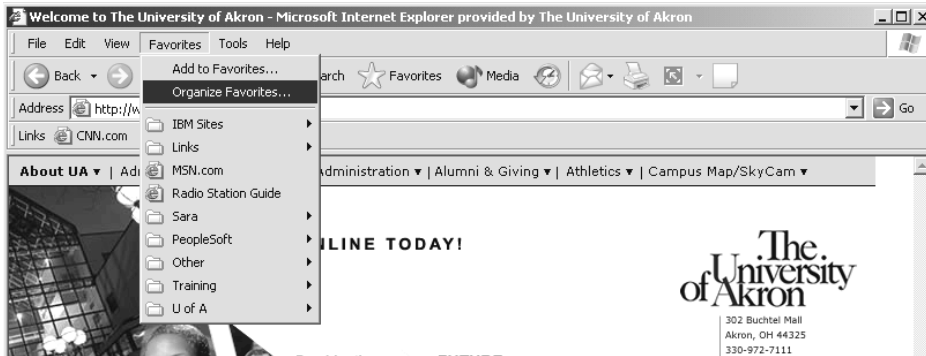

Select **OK**.

Use a Favorite

What you do

1. From the menu, select **Favorites**.

2. Locate the favorite you want to navigate to from the **Favorites** list on the menu, and select it to go to that Web page.
-

Organize Favorites

What you do

1. If you set a lot of favorites, you can use the menu option of **Favorites, Organize Favorites** to create folders and to organize, move, or delete your favorites.

- To create a folder, click on the **Create Folder** button and type the name of the folder over “New Folder” in the folder name frame on the right side of the Organize Favorites box.
- To rename a folder, click on the **Rename** button and type the new name in the folder name frame on the right side of the Organize Favorites box.
- To move a favorite into a different folder, select the link on the right and then click on the **Move to Folder** button and select a new folder.
- To delete a favorite, select the link on the right and then click on the **Delete** button. Click on **Yes** to confirm the deletion.

After you are finished making changes, click on the **Close** button.

NOTES:

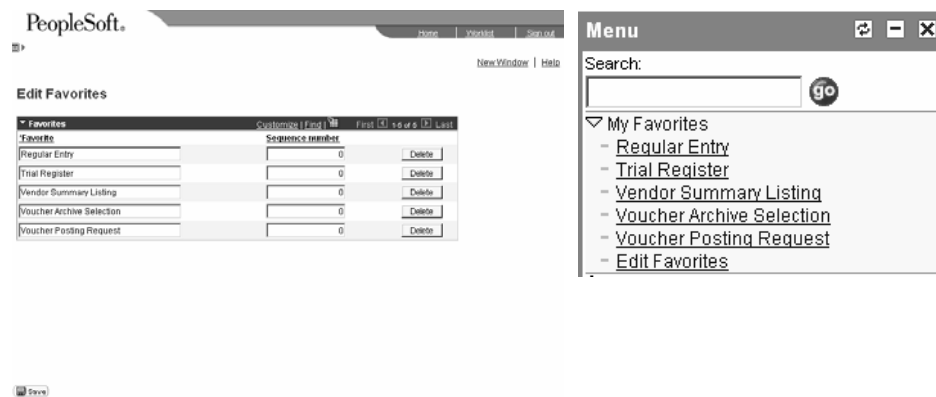

Appendix B Organize Favorites in PeopleSoft

Editing Favorites in PeopleSoft

There are four editing options for your PeopleSoft favorites:

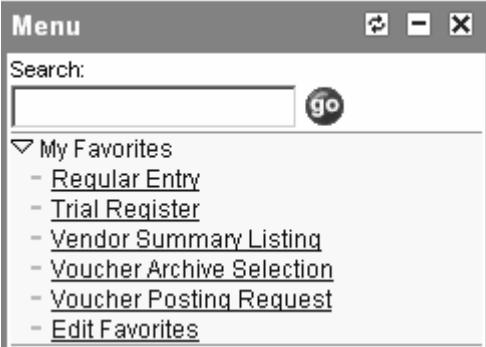

1. Choose/Customize the order in which your favorites appear
2. Delete a favorite from your list
3. Search for a favorite and
4. Download favorites

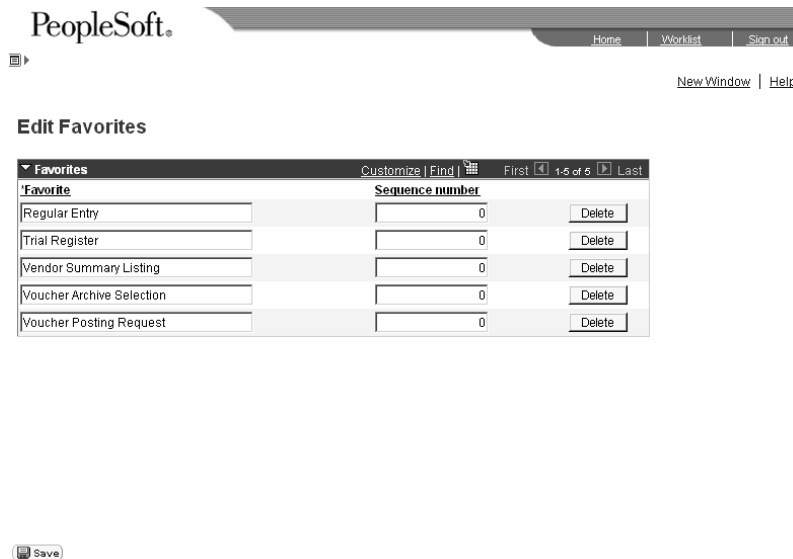

Changes you make in the editing menu will appear in your “My Favorites” Menu

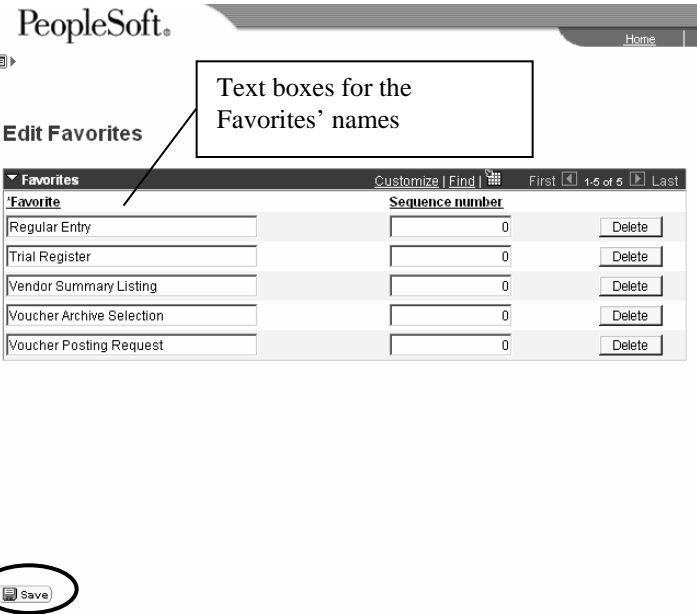

Customizing the Order of Favorites

When you add a favorite in PeopleSoft the list that appears under the heading My Favorites automatically defaults to alphabetic order either in ascending (A-Z) or descending (Z-A) order. You can choose change the order by assigning a number/priority to the favorite and then determine the order the numbers will appear ascending (1-20) or descending (20-1)

What you do	What happens
1. Select My Favorites from the main menu.	
2. Select Edit Favorites.	<p>The Edit Favorites page is displayed.</p> <p>Display of current list of favorites appears. From this menu you can do the following:</p> <ul style="list-style-type: none"> Edit the name of a favorite Sort a column Delete a favorite Customize order of Favorite editing menu Find a specific favorite Download favorites

Editing or Changing the Name of a Favorite

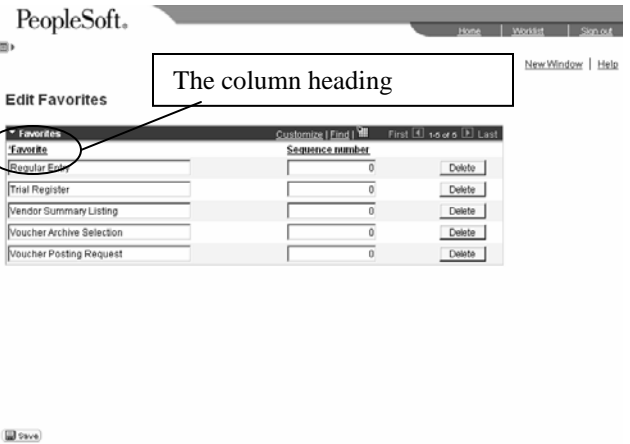

What you do	What happens																		
<ol style="list-style-type: none"> 1. Click in the text box of the favorite you want to edit. 2. Type the correct name for the favorite. 3. Click on the Save button. 	 <p>The screenshot shows the 'Edit Favorites' page in PeopleSoft. At the top, there is a 'Home' link. Below it, the 'Edit Favorites' title is displayed. A table lists five favorite items, each with a text box for the name and a 'Delete' button. The items are: Regular Entry, Trial Register, Vendor Summary Listing, Voucher Archive Selection, and Voucher Posting Request. A callout box points to the text boxes with the text 'Text boxes for the Favorites' names'. At the bottom of the page, a 'Save' button is circled.</p> <table border="1" data-bbox="760 514 1453 703"> <thead> <tr> <th data-bbox="764 533 1015 552">Favorite</th> <th data-bbox="1015 533 1144 552">Sequence number</th> <th data-bbox="1144 533 1445 552"></th> </tr> </thead> <tbody> <tr> <td data-bbox="764 558 1015 577">Regular Entry</td> <td data-bbox="1015 558 1144 577">0</td> <td data-bbox="1144 558 1445 577">Delete</td> </tr> <tr> <td data-bbox="764 583 1015 602">Trial Register</td> <td data-bbox="1015 583 1144 602">0</td> <td data-bbox="1144 583 1445 602">Delete</td> </tr> <tr> <td data-bbox="764 609 1015 627">Vendor Summary Listing</td> <td data-bbox="1015 609 1144 627">0</td> <td data-bbox="1144 609 1445 627">Delete</td> </tr> <tr> <td data-bbox="764 634 1015 653">Voucher Archive Selection</td> <td data-bbox="1015 634 1144 653">0</td> <td data-bbox="1144 634 1445 653">Delete</td> </tr> <tr> <td data-bbox="764 659 1015 678">Voucher Posting Request</td> <td data-bbox="1015 659 1144 678">0</td> <td data-bbox="1144 659 1445 678">Delete</td> </tr> </tbody> </table>	Favorite	Sequence number		Regular Entry	0	Delete	Trial Register	0	Delete	Vendor Summary Listing	0	Delete	Voucher Archive Selection	0	Delete	Voucher Posting Request	0	Delete

Delete a Favorite

What you do	What happens
<p>1. Select the Delete button.</p>	
<p>2. Click on OK</p>	
<p>3. Click on Save.</p>	

Customize Order of the Edit Favorites Page

Use these steps to change the Edit Favorites display.

From this:

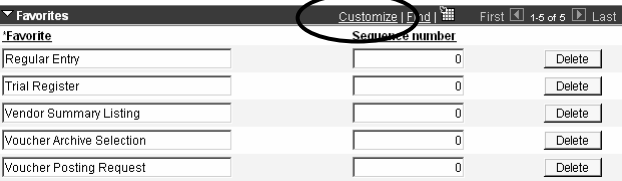

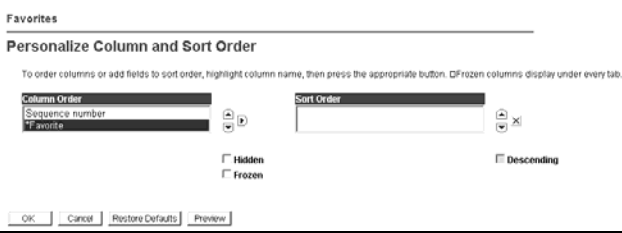

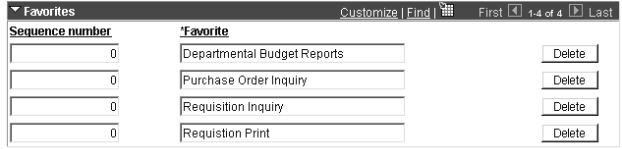

Edit Favorites

*Favorite	Sequence number	
Departmental Budget Reports	0	Delete
Purchase Order Inquiry	0	Delete
Requisition Inquiry	0	Delete
Requisition Print	0	Delete

To this:

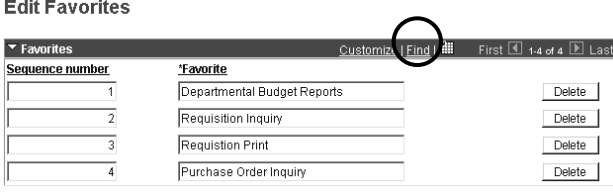

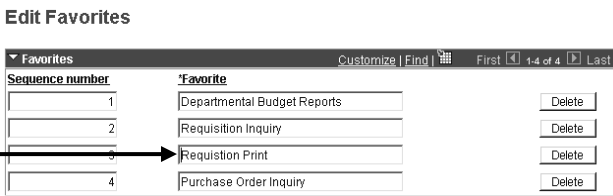

Edit Favorites

Sequence number	*Favorite	
0	Departmental Budget Reports	Delete
0	Purchase Order Inquiry	Delete
0	Requisition Inquiry	Delete
0	Requisition Print	Delete

What you do	What happens
1. Select Customize from the header bar.	
1. Click on the Favorites column name. 2. Click on the Move Down button  .	
3. Click on OK .	<p>The Sequence Number column is displayed first, followed by the Favorites column.</p> 

What you do	What happens
4. NOTE: Hidden and Frozen options are similar to the features of spreadsheets, but since there are only two columns available these features are not really helpful. Therefore it is not recommended that you use these features.	

Find a Specific Favorite

What you do	What happens
<ol style="list-style-type: none"> 1. Select Find 	
<ol style="list-style-type: none"> 2. Type in the name or part of the name of the favorite. 3. Select OK. 	
<ol style="list-style-type: none"> 4. The Cursor will be inserted into the favorite name field of the closest match. 	

NOTES:

Appendix C Customizing an Inquiry Grid

On many of the inquiry pages, there are grids that contain more than one tab of data. You can use the **Customize** link to reorganize the presentation of the fields on the tabs, so that:

- The data you need most frequently appears on one tab, or
- The data is in an order that is more logical to you, or
- You do not need to scroll to locate data

The **Customize** link allows you to:

- Change the order of the columns (fields)
- Change the sort order
- Hide columns from view
- Freeze columns so that the column appears on every tab (This would be an identifying field such as the ID number.)
- Move columns from one tab to another

In this example the Voucher Inquiry page is used. The inquiry search results on this page appear in a grid with two folder tabs. You will customize the results area .

The screenshot shows the PeopleSoft Voucher Inquiry page. At the top, there are navigation links: Home, Worklist, Add to Favorites, and Sign out. Below that is the Search Criteria section with various input fields for Business Unit, Voucher ID, Voucher Style, Invoice, Post Status, Approval Status, Voucher Balance, SetID, Vendor Short Name, Vendor Location, Voucher Date Type, From Date, To Date, Amount Rule, Voucher Gross Amount, and Transaction Currency. There are Search and Reset Criteria buttons. Below the search criteria is the Sort Criteria section with Sort By (Voucher ID), Sort Asc/Desc (Ascending), and a Sort button. Underneath is the Display Currency Criteria section. The main area is the Voucher Inquiry Results, which has two tabs: Voucher Details (selected) and More Details. A 'Customize' link is visible in the top right of the results area. A callout box labeled 'Folder tabs' points to the Voucher Details and More Details tabs. Another callout box labeled 'Customize link' points to the Customize link in the results area.

What you do	What happens
<ol style="list-style-type: none"> 1. Enter criteria for your search, as outlined in Chapter 7 of this manual. 2. Click on Search. <p>To customize the grid, you must have search results that appear.</p>	<p>The items that match your criteria are displayed in the search results area.</p>

What you do	What happens
3. Click on the Customize link.	The Personalize Column and Sort Order page is displayed.

Voucher Inquiry Results

Personalize Column and Sort Order

To order columns or add fields to sort order, highlight column name, then press the appropriate button. Frozen columns display under every tab.

4. **Hide columns** so that they do not appear in the search results.
- Click on the column to be hidden.
 - With the column highlighted, click on the **Hidden** checkbox.

Follow this procedure to hide any of the other columns.

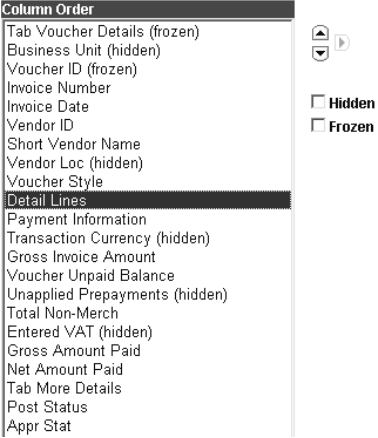

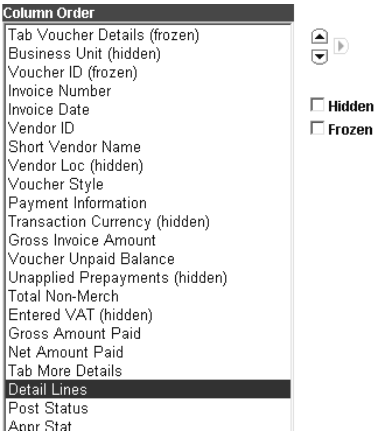

To freeze a column (have the column appear on every tab for this inquiry page), follow these steps but click to place a checkmark in the **Frozen** checkbox.

For example, the Business Unit is hidden.

For the Voucher Inquiry page, it is recommended that you hide these columns:

- Business Unit (always AKRON)
- Vendor Loc (usually Main)
- Transaction Currency (always USD)
- Unapplied Prepayments (not applicable to UA)
- Entered VAT (not applicable to UA)

What you do	What happens
<p>5. Move columns to change the order they appear on a tab or to move the column to another tab.</p> <p>a. Click on the column to be moved.</p> <p>b. With the column highlighted, click on the up  or down  move button until the column is in the correct place.</p>	<p>The Detail Lines item is selected.</p>  <p>The move down button  is clicked on several times, until the Detail Lines item appears below “Tab More Details.”</p>  <p>The Detail Lines are moved to the More Details tab.</p>
<p>6. Click on  at the bottom of the page.</p>	<p>You can review the customization you have selected before clicking on OK to confirm it.</p>
<p>7. If you like the previewed customization, click on .</p> <p>If not, make additional changes and preview them before clicking on .</p>	<p>The customization of this page is saved. That means that the inquiry page will be displayed this way whenever you navigate to it.</p> <p>The Voucher Inquiry page would look as shown on the following page. Everything on the Voucher Details tab can fit on one page with no need to scroll from left to right.</p>

What you do	What happens
-------------	--------------

Voucher Inquiry Results											
Voucher Details										More Details	
										Customize Find View All First 1 of 1 Last	
Voucher ID	Invoice Number	Invoice Date	Vendor ID	Short Vendor Name	Voucher Style	Payment Information	Gross Invoice Amount	Voucher Unpaid Balance	Total Non-Merch	Gross Amount Paid	Net Amount Paid
00163439	493540299	10/09/2003	0000000047	DELLCOMPUT-002	Regular		3,343.00			3,343.00	3,343.00

8. At any time, you can return the inquiry page to the system defaults by clicking on **Restore Defaults** and then clicking on **OK** .

Appendix D Using Excel with PeopleSoft Financials

If you will be downloading data to Excel from PeopleSoft Financials, the Excel files will open in the Internet Explorer, unless you configure the Internet Explorer by following the instructions in Part A.

Part A: Configuring Internet Explorer to Open Office Documents in the Appropriate Office Program Instead of in Internet Explorer

When you click on an html link to a Microsoft Office file from within Internet Explorer, the file may open in Internet Explorer, rather than opening in the appropriate Office program. These instructions outline the process of changing your settings so that the applications will open in the appropriate program. Keep in mind that you will need to follow these instructions for each Office program – Word (.doc), Excel (.xls), and PowerPoint (.ppt).

Steps

1. Open My Computer by double clicking on the **My Computer** icon on the computer desktop.
2. From the menu bar select **Tools, Folder Options**.
3. Click on the **File Types** tab.
4. In the **Registered file types** list, click the specific Office document type (for example, XLS for a Microsoft Excel Worksheet).

What to look for:

Excel= XLS

Word= DOC

PowerPoint= PPT

Access= MDB

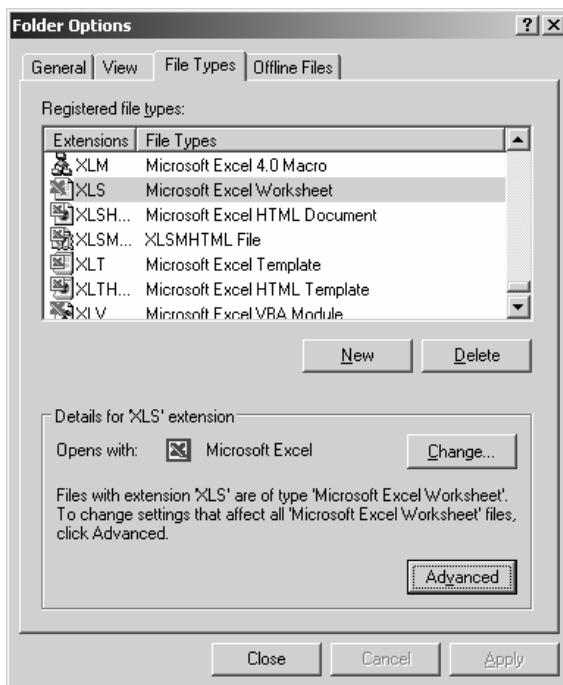

Then, click on the **Advanced** button.

Steps

5. In the **Edit File Type** dialog box, click to clear the **Browse in same window** check box (or click to clear the **Open Web documents in place** check box).

Click on the **OK** button.

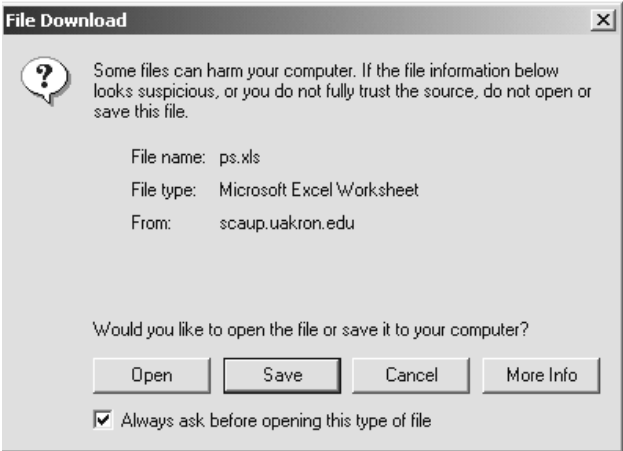

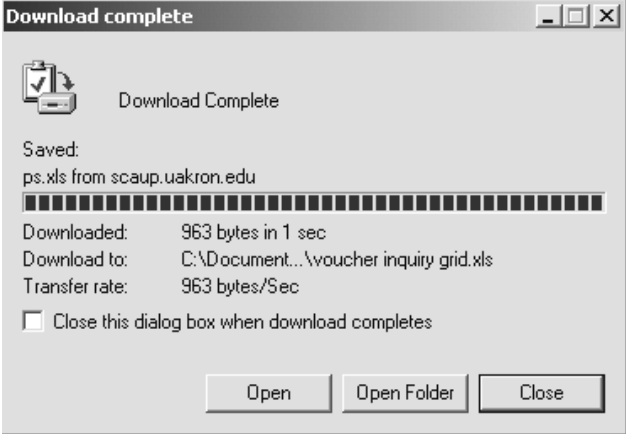

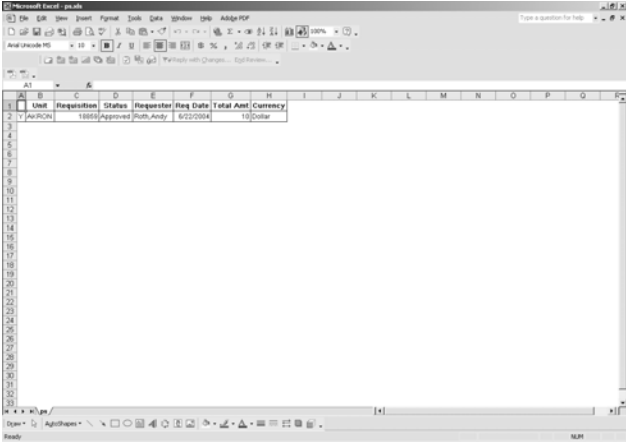

Click on the **Close** button.

Part B: Using the Download Tool

In the inquiry results grid, a tool is available to download the data in the grid to Excel. Click on the **Download tool**  , save the data to an Excel file and open the file in Excel. Be sure to follow the instructions in Part A on the previous pages to configure the Internet Explorer **before** you use the download tool.

What you do	What happens
<p>1. If you want the Excel file to contain the data on both tabs, click on the Show All Columns tool  so that all the data is displayed.</p> <p>When the search results are displayed in the grid, click on the Download tool  in the grid's header.</p>	<p>The File Download dialog box is displayed.</p> 
<p>2. Click on  to save the data in the grid to an Excel worksheet.</p>	<p>The Save As dialog box is displayed.</p> 

What you do	What happens
<p>3. At Save in, navigate to the drive and folder in which to save the file.</p> <p>4. At File name, type a file name.</p> <p>5. Click on .</p>	<p>The data is saved as an Excel worksheet. The Download Complete dialog box is displayed.</p> 
<p>6. Click on  to open the file in Excel.</p> <p>Click on  if you do not want to open the Excel file until later.</p>	<p>If you chose open, Excel opens with the saved worksheet.</p>  <p>If you chose close, a PeopleSoft window is displayed.</p>
<p>7. Close the report window that says Loading.</p>	<p>The inquiry page is displayed.</p>

Appendix E Changing Your Password

The University of Akron’s security administrator recommends that you change your password every 30 days. When you create a password, it should be between 6 to 8 characters and contain a mixture of letters, numbers and special characters, such as !, @ and #. One method for choosing a good password is to pick a phrase that you can easily remember and take the first letter of each word in the phrase. Then, randomly insert numbers and special characters between the letters. For example, the phrase **Would you like fries with that?** Could be **WUL8FWT?**

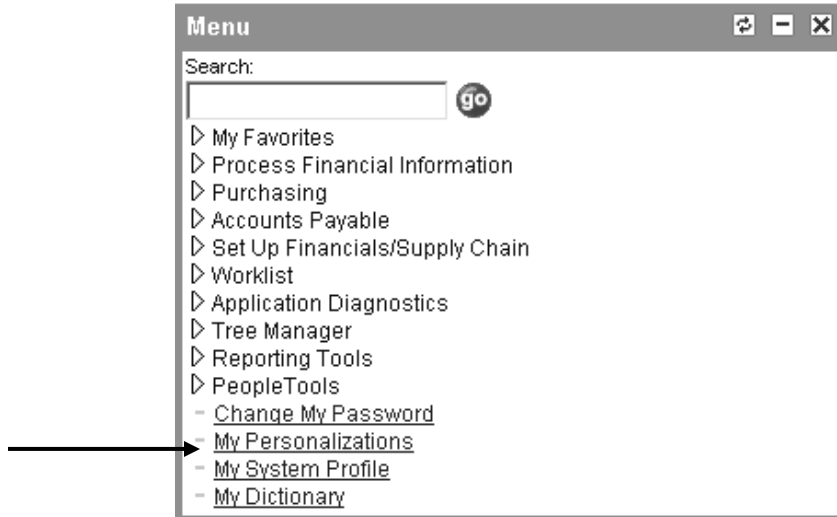

If you have any questions or concerns about your PeopleSoft ID and password, contact our security administrator at pssecurity@uakron.edu

What you do	What happens
<ol style="list-style-type: none"> From the menu, click on the link - Change My Password . 	<p>The Change Password page is displayed.</p> <p>Change Password</p> <p>User ID: TRAIN01 Description: Training ID</p> <p>*Current Password: <input type="text"/></p> <p>*New Password: <input type="text"/></p> <p>*Confirm Password: <input type="text"/></p> <p><input type="button" value="Change Password"/></p>
<ol style="list-style-type: none"> Note the asterisks which indicate that all three fields are required. Type your current password in the Current Password field. Type the new password in both the New Password and Confirm Password fields. 	<p>The passwords will be masked and appear as asterisks.</p> <p>Change Password</p> <p>User ID: TRAIN01 Description: Training ID</p> <p>*Current Password: <input type="password" value="*****"/></p> <p>*New Password: <input type="password" value="*****"/></p> <p>*Confirm Password: <input type="password" value="*****"/></p> <p><input type="button" value="Change Password"/></p>

What you do	What happens
<p>5. Click on Change Password .</p>	<p>This message is displayed.</p> <p>Password Changed</p> <p>Password Saved</p> <p>✓ Your password has successfully been changed.</p> <p>Return</p> <p>NOTE: If you receive a message other than this message, return to the Change Password page and retype your current password. Then, be sure that the new password that you type follows the guidelines outlined at the beginning of this lesson.</p>
<p>6. Click on Return .</p>	<p>The Change Password page is displayed.</p> <p>Change Password</p> <p>User ID: TRAIN01 Description: Training ID</p> <p>*Current Password: <input type="password" value="*****"/></p> <p>*New Password: <input type="password" value="*****"/></p> <p>*Confirm Password: <input type="password" value="*****"/></p> <p>Change Password</p>
<p>7. Click on Home .</p>	<p>The home page with PeopleSoft's main menu is displayed.</p>  <p>The screenshot shows the PeopleSoft home page with a main menu on the left side. The menu items include: All Accounts, Process Financial Information, Purchasing, Accounts Payable, General Ledger, Set Up Financial/Supply Chain, Worklist, Application Diagnostics, Time Manager, Reporting Tools, PeopleTools, Change My Password, My Personalizations, My Custom Profile, and My Customary. The page title is 'PeopleSoft. Personalize Content Layout' and the date is '1/15/05'.</p>

Appendix F Using My Personalizations

If you like to use the TAB key to move from field to field on a page, you should change the settings for TAB at the menu option, My Personalizations.

What you do	What happens										
<p>1. Click on the My Personalizations link.</p>	<p>The Personalizations page is displayed.</p> <p>Personalizations</p> <p>Training ID</p> <p>Standard settings are in effect.</p> <p>Changes to Personalization settings require you to log off and log back on in order to take effect.</p> <p>Personalization Categories</p> <table border="1"> <thead> <tr> <th data-bbox="808 1276 1203 1304">Description</th> <th data-bbox="1203 1276 1386 1304">Personalize Option</th> </tr> </thead> <tbody> <tr> <td data-bbox="808 1304 1203 1331">General Options</td> <td data-bbox="1203 1304 1386 1331">Personalize Option</td> </tr> <tr> <td data-bbox="808 1331 1203 1358">Internl & Regional Settings</td> <td data-bbox="1203 1331 1386 1358">Personalize Option</td> </tr> <tr> <td data-bbox="808 1358 1203 1386">System & Application Messages</td> <td data-bbox="1203 1358 1386 1386">Personalize Option</td> </tr> <tr> <td data-bbox="808 1386 1203 1413">Navigation Personalizations</td> <td data-bbox="1203 1386 1386 1413">Personalize Option</td> </tr> </tbody> </table> <p>Restore Defaults</p>	Description	Personalize Option	General Options	Personalize Option	Internl & Regional Settings	Personalize Option	System & Application Messages	Personalize Option	Navigation Personalizations	Personalize Option
Description	Personalize Option										
General Options	Personalize Option										
Internl & Regional Settings	Personalize Option										
System & Application Messages	Personalize Option										
Navigation Personalizations	Personalize Option										
<p>2. Click on the Personalize Option for Navigation Personalizations.</p>	<p>The Option Category: Navigation Personalizations page is displayed.</p>										

What you do	What happens
-------------	--------------

Option Category: Navigation Personalizations

Personalizations		Find First 1-10 of 10 Last
Personalization Option	Default Value	Override Value
Automatic menu collapse	No	<input type="text" value=""/> Explain
Tab over Calendar Button	No	<input type="text" value=""/> Explain
Tab over Grid Tabs	No	<input type="text" value=""/> Explain

Tab over Toolbar	No	<input type="text" value=""/> Explain

3. For an explanation of each Personalization Option, click on the [Explain](#) link for that option.

For example, if you click on the [Explain](#) link for the first option, Automatic menu collapse, this page is displayed.

Personalization Explanation

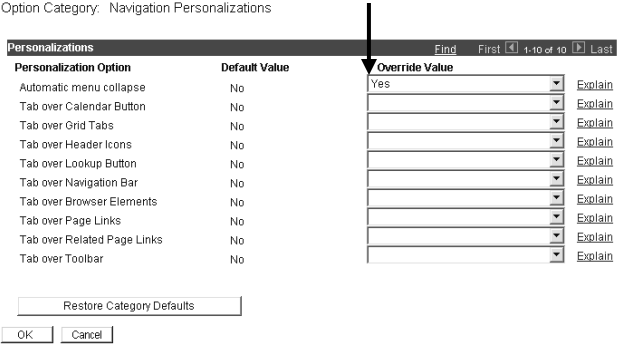

Automatic menu collapse

Default Value No

Override Value

Explanation
 Enabling this personalization causes the menu to automatically collapse when a transaction is selected. You may expand the menu either by using Ctrl-X or the show menu icon.

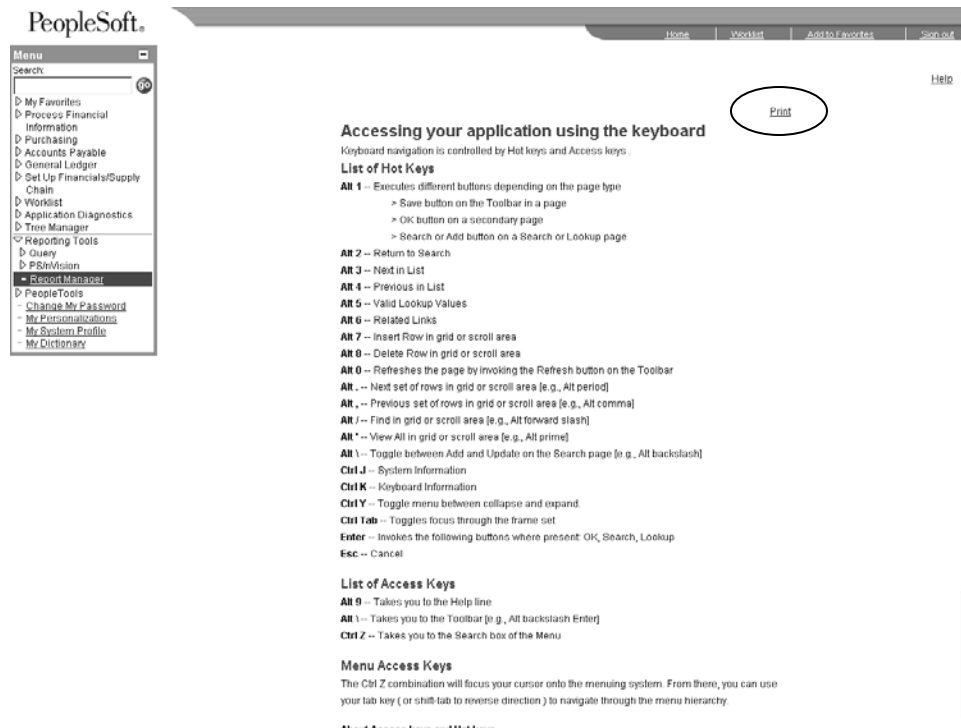

Image:

What you do	What happens																																												
<p>4. To change the default value from No to Yes, select Yes at the down arrow for the Override Value field.</p> <p>5. Click <input type="button" value="OK"/> .</p>	<p>The Option Category: Navigation Personalizations page is displayed with your change.</p>  <p>Option Category: Navigation Personalizations</p> <table border="1"> <thead> <tr> <th>Personalization Option</th> <th>Default Value</th> <th>Override Value</th> <th></th> </tr> </thead> <tbody> <tr> <td>Automatic menu collapse</td> <td>No</td> <td>Yes</td> <td>Explain</td> </tr> <tr> <td>Tab over Calendar Button</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Grid Tabs</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Header Icons</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Lookup Button</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Navigation Bar</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Browser Elements</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Page Links</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Related Page Links</td> <td>No</td> <td></td> <td>Explain</td> </tr> <tr> <td>Tab over Toolbar</td> <td>No</td> <td></td> <td>Explain</td> </tr> </tbody> </table> <p>Restore Category Defaults</p> <p>OK Cancel</p>	Personalization Option	Default Value	Override Value		Automatic menu collapse	No	Yes	Explain	Tab over Calendar Button	No		Explain	Tab over Grid Tabs	No		Explain	Tab over Header Icons	No		Explain	Tab over Lookup Button	No		Explain	Tab over Navigation Bar	No		Explain	Tab over Browser Elements	No		Explain	Tab over Page Links	No		Explain	Tab over Related Page Links	No		Explain	Tab over Toolbar	No		Explain
