Casebook(s): Req: No text required

Assignment: The reading assignment for the first class is available on the TWEN site for this course. There are four readings; one is an older Newsweek article "Born or Bred", the second is a compilation of several more recent articles that address the same issue, the third is the Ex-Gays article and fourth is the Praying To Be Straight article linked at 2004 WLNR 330628.

Please read the assignment and be prepared to discuss the questions of:

1. whether or not homosexuality is a matter of biology, choice, a combination, or something different and why;
2. whether or not the answer to this question matters, and why; and
3. whether or not from a legal perspective we should be asking and answering this question and why.

In preparation for class discussion, you may wish to explore <http://www.exodus-international.org> (a website Promoting "Freedom from homosexuality through the power of Jesus Christ"; see especially the "testimonials" section). For a contrasting perspective, see <http://www.exgaywatch.com>, especially the "Former ex-gays" topic and the "Recovery" section. These offer more personal views of the perspectives. You might also want to look at the websites below for more "clinical" perspectives.
