

CLASS RANKINGS FOR FALL 2016

Class Rankings Policy

Generally: The School of Law calculates individual class rankings after the end of the fall and spring semesters. We rank students based upon their entering class year (e.g., 2015, 2016) and their enrollment division (e.g., full- or part-time). Students changing division (e.g., part-time to full-time) will be ranked with the new division at the end of the semester in which the classification goes into effect.

Students taking summer classes are not issued a new class rank in August.

Grades processed after semester rankings post (e.g. grades from previous Incompletes) will be included in the following semester's class rankings.

Students are ranked with their entering class unless their projected graduation date changes due to a leave of absence or significant reduction in credit load. Any student who takes a leave of absence for one academic year will not be ranked during that year.

Akron Law ranks transfer students based upon the year the student entered the transferring law school (and not based on the year the student began studying at Akron Law).
