

## **Current Law Index (CLI)**

Vol. 1 (1980) to the present

- Covers English language articles from any country, but also includes French language articles from Canadian publications.
- Covers a greater number of periodicals than ILP, but only goes back to 1980.
- Also indexes some articles from related non-legal journals.
- Published monthly, cumulated quarterly and annually.
- Articles are indexed in a Subject Index, and Author/Title Index.
- Under each subject, articles are listed chronologically.
- Includes Table of Cases and a Table of Statutes, used in the same way as the ILP (see above).

## **Legal Information Management Index**

Vol. 1 (1984) to the present

- Indexes English language material on legal information and law librarianship from U.S. and Canadian publications.
- Includes a Key-Word Index, Author Index, and Book Review Index, and lists of abbreviations used.
- THE key-Word Index lists articles alphabetically, using each significant word in the title as an entry. This differs from the subject heading used by other indexes in that only words that are in the title are indexed.
- Published bi-monthly and cumulated annually.

## **Index to Foreign Legal Periodicals**

Vol. 1 (1960) to the present

- Includes periodicals from over 80 countries in both English and foreign languages.
- Foreign titles using Roman alphabet are not translated, but those using different alphabets are translated, and the original language is indicated.
- Subject headings are in English.
- Includes a Subject Index, Author Index, and Book Review Index.
- Includes List of Periodical Titles and List of Title Abbreviations
- Includes Geographical Index listing subject headings under which each country or region is mentioned.

## **Index to Periodical Articles Related to Law**

1958 to the present

- Covers periodicals that are not included in CLI, ILP, or IFLP.
- Indexes articles of value to those in the legal professions from non-legal periodicals.
- Indexes new legal periodicals not yet included in other legal periodical indexes.

- Published quarterly, cumulated annually, with additional cumulated volumes covering larger spans of time.
- Include a Subject Index, Author Index, and List of Periodicals Indexed.
- Articles are listed alphabetically under each subject.

## **KINDEX: An index to Legal Periodical Literature Concerning Children**

Vol. 1 (1977) to the present

- The subject nature of this index is indicated by the title.
- Includes a Subject Index (called the Classification Index), and Author Index.
- Includes list of periodicals indexed and subject headings used.
- User's Guide list cross-references for subject headings.
- The pages of the entire series are numbered consecutively, and each issue includes a Cumulative Page Index giving the page numbers in previous issues where each subject heading appears.

## **Criminal Justice Periodical Index (CJPI)**

1975-1998

- Subject-specialty index, published quarterly.
- Covers over 100 English language periodicals from the U.S., Canada, and the Great Britain.
- Topics covered are: corrections, criminal law, criminology, family law, juvenile justice, police studies, drug abuse, security systems, rehabilitation, and prison administration.
- The index is published three times a year, the third issue being cumulative for the year.
- Uses Author Index and Subject Index
- Includes lists of periodicals indexed, publishers represented.

## **An Index to Legal Periodical Literature**

Vol. 1 (to 1886) –Vol. 18(1925)

- Also known as the Jones-Chipman index.
- Covers periodicals retrospectively across the 1800's and some even earlier. This is the only index covering this period.
- Covers English language journals (US, UK, Canada).
- Includes List of both Law Periodicals Indexed and General Periodicals containing articles related to law, and List of Abbreviations Used.
- Includes Subject Index and Author Index.
- Subject Index includes biographical articles, where a person's name may be the subject. Not to be confused with Author Index, which lists authors' names and page in Subject Index where articles is listed
