- One summer program, OR
- Two summer programs in different summers, OR
- One semester, OR
- One semester plus one summer program

The availability of these combinations of study abroad are subject to the student's obtaining the appropriate permission for underload and overload for that and future semesters, as applicable.

(Approved by the School of Law Faculty March 8, 2007)

A student may request study abroad status to enroll for coursework at another ABA-accredited law school. A student may receive permission to spend an entire fall or spring semester abroad **only after all required courses are completed.** Summer study abroad may be done following the first year of day full-time law studies -or- following the second year of evening part-time law studies.

1. In the case of summer study abroad, permission should be granted absent a compelling reason to deny permission pertaining to the best academic interests of the student.
2. In the case of a fall or spring semester abroad, permission should be granted to any student with a GPA above 2.7 absent a compelling reason to deny permission pertaining to the best academic interests of the student. Permission may be granted to any other student if, in the judgment of the Associate Dean or Assistant Dean of Law Student Services, it is in the best academic interests of the student.

Pre-approved courses may be transferred to apply toward the Juris Doctor degree at The University of Akron School of Law providing that these courses are:

- Letter graded (no grade below D-)
- Not similar to courses taken at The University of Akron
- Not clinical, internship, or externship experiences unless separately approved*
- Not independent research projects

* Students interested in enrolling in clinical externships and internships through other ABA-accredited law schools can be approved by seeking prior written permission of the Associate Dean or Assistant Dean of Law Student Services. The clinical experience may be at the ABA-accredited law school or via that school's study abroad program. The student must provide a written description of the proposed experience. To be approved the experience must be:

- 1) offered through an ABA-accredited program elsewhere,
- 2) have a classroom component or a similar way of having faculty input and supervision and student reflection upon the clinical experience as a broader learning experience,
- 3) be supervised by a faculty member who is available to students during the experience, and
- 4) if an externship, the externship field placement must be regularly reviewed and assessed by a faculty member as to its value and the type of learning and feedback experiences students receive in the placement.

(Approved by the School of Law Faculty October 20, 2005)

If my study abroad status is approved, I understand that I am responsible for arranging to have an original, official transcript sent from the host school so that credit may be considered and transferred to The University of Akron School of Law. Failure of the host law school to submit an original official transcript or official receipt of grades until the transcript may be received could result in a delay of my law school graduation. Deadlines for receipt of the official transcripts for degree candidate students must be established with Student Services Counselor Liz Sauders.
