

Calling All Teachers!

Attend a one-week professional development workshop this summer – at no cost to you!

ASM MATERIALS CAMP® 2015

**University of Akron
Akron, OH
July 20-24, 2015**

Who should attend?

- High school general science, chemistry, physics, math and technology teachers
- Middle school physical science teachers

Why attend?

- Learn how to engage your students using simple, low-cost experiments that you can integrate into your existing lesson plans
- Help your students discover career opportunities in science and engineering

"I gained much more than I anticipated from attending camp. I feel rejuvenated as a teacher and now have many new "tricks" in my teaching bag to keep students interested in science!" Heather Fares, Hudson Middle School, Akron Teachers Camp 2014

"The master teachers made the experiments fun and this excitement can be brought into the classroom and motivate students to embrace science in a relative manner." Jerrit Ekama, East CLC, Akron Teachers Camp 2014

Everything is FREE: 4 CEUs, materials, lunches & snacks

Graduate credits available! Two (2) graduate credits available (at participant's expense) through the University of Missouri-Kansas City at \$250. (This is optional.)

How to apply:
