Step 1: Purchase a Turning license or a clicker and Turning license from the bookstore.

For a smart device or laptop: If you have a smart device (iPhone, iPad, Android), or a laptop, and your instructor will allow you to use it in class, you will only need to purchase a Turning license from the bookstore. You will then need to download and install the ResponseWare app for your device. Guides are available on The University of Akron’s clicker support site. If you are using a laptop, you will only need to log into responseware.com.

For a clicker: If you do not have a smart device or your instructor does not allow the use of a smart device in class, you will need to purchase a clicker and Turning license. (the license is included in the box with the clicker). The included Turning license allows you to use ResponseWare as well as a clicker.

Step 2: Create a Turning account through the Turning Technologies link in your Springboard course.

A. Log into Springboard and enter your course.

B. Select the Turning Technologies registration link in your course home.

C. You will need to sign-up for a Turning Technologies account if you do not have one already.

Enter your email address and select “Create.” It is strongly recommended that you use your UA email address.

D. A confirmation email will be sent to the email address you used in creating your account. Check your email and select the link within the email.

E. Complete the form by filling out your user information. Select “Student” as your role. Enter a password making sure to follow the requirements. Select the checkbox to agree to the terms. Select the Finish button.
F. You will now see a confirmation that your account has been created and linked to Springboard.

G. Enter your license code and select Redeem.
   If you are using a clicker, enter the response devise ID and select Register.

H. Select Finish.

**Step 4:** Verify your license, clicker device ID, and Springboard link

A. Select Dashboard.

B. Make sure that you have green checkmarks for your license and learning management system.
   If you are using a clicker devise, make sure that it has a green checkmark.
