Parking can be a little confusing but you should enter the parking lot from the driveway that is located on the right immediately before you get to the Quaker Square hotel/dorm. DO NOT park in the deck that is to the right. That is not University Parking. Once you have entered go straight until you see a parking attendant box and gate on your left. Go through this gate. Continue straight. Quaker Station is on your right and Quaker Square dorms are to your left. As you face Quaker Station, the entrance is on the far left side of the building. To get there, drive straight and then turn right at the end of the building. Parking will be straight ahead. Please note, you will not be able to see the entrance until you drive past Quaker Station and then turn right to park. Parking may be hard to find so you may have to go around to the right if you can’t find parking immediately and then continue to follow the road through the parking lot as it continues left and through the tunnel that extends under the street and onto the other side of the street. This is an additional parking area where you can park. The parking pass must be in the car window and you cannot park in downtown lots, metered parking or handicapped parking (unless you have the handicapped parking pass).

Once you have parked, walk back to the side door of Quaker Station. Please call me at 330-354-7217 if you have any problems.
