

**College of Applied Science and Technology**  
**Manufacturing Engineering Technology**  
**Quality Control Certificate (288007C)**

The following information has official approval of The University of Akron's College of Applied Science and Technology but is intended only as a guide. Completion of this certificate is contingent upon many factors, including but not limited to class availability, total number of required credits, work schedule, finances, family, course drops/withdrawals, successfully passing courses, and prerequisites, among others.

The need for trained quality technicians continues to grow as manufacturing increases its focus on quality as an absolute requirement in the very competitive world-wide environment. The certificate program will provide entry-level qualifications for non-degreed individuals while also offering the opportunity for career manufacturing personnel to obtain formal quality training. All courses taken may be applied toward the AAS or BS degree in Manufacturing Engineering Technology.

This certificate may be earned independent of earning a degree.

The following courses constitute a "Certificate in Manufacturing Engineering Technology – Quality Control" and must be completed with a minimum grade point average of 2.0 over-all for the certificate to be noted on the student's record.

✓	Courses		Credits	Prerequisites
	2820:131	Software Applications for Technology	1	2030:151
	2870:441	Advanced Quality Practices	3	2880:241 or permission
	2880:100	Basic Principles of Manufacturing Management	4	
	2880:241	Introduction to Quality Assurance	3	2030:152
	3470:261	Introductory Statistics I	2	Mathematics Placement Test
	3470:262	Introductory Statistics II	2	3470:261 or equivalent
		<b>Total Credits for Certificate</b>	<b>15</b>
