

College of Applied Science and Technology
Fire Protection
 Minor (223001M)

The following information has official approval of The University of Akron's College of Applied Science and Technology but is intended only as a guide. Official degree requirements are established at the time of admission to the degree-granting college. Completion of this degree within the identified time frame below is contingent upon many factors, including but not limited to class availability, total number of required credits, work schedule, finances, family, course drops/withdrawals, successfully passing courses, and prerequisites, among others.

The following courses constitute a "Minor in Fire Protection" and must be completed with a minimum grade point average of 2.0 over-all for the minor to be noted on the student's record.

✓	Courses		Credits	Prerequisites
	2230:100	Introduction to Fire Protection	4	
	2230:102	Fire Safety in Building Design & Construction	3	
	2230:104	Fire Investigation Methods	4	
	2230:204	Fire & Life Safety Education	3	
	2230:205	Fire Detection and Suppression Systems	3	
	Total Credits for Minor		17	

Note: A minor in Fire Protection may only be awarded at the time a student receives a baccalaureate degree.

Must have a minimum cumulative GPA of a 2.0 to graduate with this minor
