bmaguth@uakron

Campers will experience the engineering and entrepreneurial process to plan and design a product that will be pitched to a panel of experts.

Campers will be engaged in the needs assessment, research, product design, and marketing processes through fun, thoughtful, social experience.

Experienced instructors will take participants through the **concept to design to market** process.

This camp is specifically designed to:

- Develop team dynamic skills through team projects.
- Develop research skills related to a need or pain point and translate it to the market place.
- Develop engineering and entrepreneurial skills through authentic experiences.

Cost:

- \$300 for one week.
- Price includes all lunches, supplies, and camp T-shirt.
- Register with a friend or meet someone new!
- Applications accepted on a first-come, first-served basis.
- Limited scholarships available to families that qualify.

The H. Kenneth Barker

Center for **Economic** Education

Sponsored by the H. K. Barker Center for
Economic Education
