

# THINK TANK TO SHARK TANK: From Engineering to Entrepreneurship

Recommended for teachers of grades 6-12

**JULY 22-26, 2019 9:00 AM - 2:30 PM**

Teachers will gain valuable classroom resources and tools to design learning experience that advance principles in entrepreneurship and engineering. Educators experience the engineering process and then use skills and entrepreneurial concepts to design a product and business plan that will be pitched to a panel of experts.

**SPACE IS LIMITED!**

**This institute is specifically designed to help educators:**

- Develop team dynamic skills through team projects
- Develop researching skills related to addressing a need and then bringing it to the market place
- Develop engineering and entrepreneurial skills through authentic experiences

### Applications

Participants receive access to the *Think Tank to Shark Tank Curriculum*, along with expert faculty instruction on its implementation, all meals and supplies are provided, and educators earn a stipend (\$400 for teachers, \$200 for university students) upon program completion.

Applications close June 2nd. To apply go to: <https://forms.gle/66iW1AT9WboXQQos7>
