Analytical thinking, Negotiation, Planning and Optimization, Interpersonal and Cross functional collaboration, Agile and Adaptable

Data & Technical Skills:

Data Visualization (Power BI), Statistical Analysis (R, Python, JMP), Machine Learning (R, Python), SQL, MS Office Suite (Excel, PowerPoint, Word).

Business Analytics and Supply Chain professional with a strong background in data visualization, statistical modeling, and process optimization. Skilled in Power BI, R, Python, SQL, and Excel, with experience building interactive dashboards and actionable insights that support strategic decision-making. Recognized for being agile and adaptable, with proven ability to collaborate across functions, manage complex projects, and improve operational efficiency. Currently seeking an opportunity to apply analytical and problem-solving skills in a business analytics & supply chain management role.

PATIENCE BUKARI

MSM – BA – Supply Chain Management

Email: modabukari@gmail.com

LinkedIn: [Patience Bukari](#)

Expected Graduation: December 2026

SKILLS

SQL, Power BI, Tableau, Excel (VLOOKUP), JMP

GSAP, Salesforce, Premia, SharePoint, Transporeon

Patience is a graduate student in Master of Science in Management – Business Analytics with a concentration in Supply Chain Management. Patience brings several years of global experience in customer success, insurance operations, and credit support, having worked with global firms such as Shell, Poland and Revolut, Poland. Her expertise includes B2B order management, export documentation, and workflow optimization, supported by technical proficiency in tools like Power BI, Excel, SQL, GSAP, and Salesforce. Patience aspires to grow into roles such as supply chain specialist, operations strategist, business analyst, process improvement coordinator, or customer experience manager.

REBECCA COTTRELL

MSM – BA – Supply Chain Management

Email: Rebecca.3.cotttrell@gmail.com

LinkedIn: [Rebecca Cottrell](#)

Expected Graduation: May 2026

SKILLS

Continuous Improvement Grey belt Certification

Strategic Leadership Certification

Able to manage over 1,400 electronic components

Proficient in Excel and SAP Business Network

Upon completing my Master of Science- BA with a focus on Business Analytics and Supply Chain, I am eager to advance my career by applying my analytical and strategic skills to address complex supply chain challenges driven by global disruptions and evolving market dynamics. My goal is to contribute to building resilient, efficient supply pipelines that can adapt to global changes and minimize production risk.

I am equally enthusiastic about continuing to grow in my current role as an operational purchaser, where I manage over 1400 electrical components and collaborate cross-functionally to support production and new business projects. I would love the opportunity to explore sourcing in the near future to gain a more rounded understanding of the procurement process from start to finish.

TAIWO KOLAWOLE

MSM – BA – Supply Chain Management

Email: Taiwo.Kolawole@outlook.com

LinkedIn: [Taiwo Kolawole](#)

Expected Graduation: May 2026

SKILLS

Analytics:

Power BI

R Programming

Python

Cybersecurity

Management:

Supply Chain

Financial Accounting

Professional with a decade of experience in building and maturing Governance, Risk, and Compliance (GRC) programs for Level 1 and 2 merchants. Expertise spans internal controls, cybersecurity audit, and supply chain management.

GRC & Security Leadership: Expert in implementing and maintaining compliance frameworks (PCI DSS, NIST 800-53, ISO 27001, HIPAA) and conducting risk assessments.

Stakeholder Engagement: Skilled at translating complex requirements into actionable policies and educating cross-functional teams on security best practices.

Operational Excellence: Passionate about leveraging technology to enhance data protection, streamline supply chain operations, and improve cost-effectiveness without sacrificing customer satisfaction.

JESS MORRISON

MSM – BA – Supply Chain Management

Email: jjm237@uakron.edu

LinkedIn: [Jess Morrison](#)

Expected Graduation: Dec. 2026

SKILLS

Analytics:

Python, R, Microsoft Excel

Management:

Project Coordination, Team Management, Leadership, Planning, Problem Solving, Communication, Motivation, Adaptability, Decision-making

Jess is a student pursuing a MSM in Business Analytics and Supply Chain Management. With a background in operations management, project coordination, and international education, she brings strong leadership, adaptability, and global awareness to every role. She has led large teams and managed multi-project operations as a Market Research Shift Manager, supported faculty as a Graduate Teaching Assistant, and taught English to students internationally – including volunteer work in Italy. These experiences have shaped her into a highly adaptable and culturally attuned professional with a passion for efficiency, and continuous improvement.

She is currently seeking a Summer 2026 internship in supply chain management. Her long-term goal is to become a global supply chain specialist focused on optimizing logistics and sourcing strategies in dynamic, international environments.

AISWARYA PAI

MSM – BA – Information Systems

Email: ap499@uakron.edu

LinkedIn: [Aiswarya Pai](#)

Expected Graduation: Dec 2025

SKILLS

Analytics: SQL, Python, R, C#, Tableau, Excel, Machine Learning, Data Storytelling, Business Systems Analysis & Design, UML

Management: Agile/Scrum, Project Management, Stakeholder Collaboration

Cloud & DevOps: AWS, Azure, Terraform, Azure DevOps, GitHub

Aiswarya Pai is a Management Information Systems graduate student with six years of experience in data analysis, business systems design, cloud solutions, and business intelligence. Proactive and collaborative, she brings technical expertise, leadership skills, and the ability to tailor solutions to business needs. Aiswarya aspires to reenter the industry as a Senior Data Analyst, Cloud/Data Consultant, or Business Intelligence Engineer, where she can leverage her industry experience and academic learning to drive data-informed decisions and optimize outcomes.

PRERNA PANDEY

MSM – BA – Supply Chain

Email: corp.prerna@gmail.com

LinkedIn: [Prerna Pandey](#)

Expected Graduation: May 2026

SKILLS

R Programming, Power BI, Tableau, SQL, Microsoft Office, HTRI software, ChemCAD.

Prerna is a graduate student in Business Analytics and Supply Chain Management with strong skills in data analytics, visualization, and business systems. She has 3.5 years of experience as a Chemical Engineer in areas such as global supply chains, project management, client engagement and process engineering. For 2025 summer, Prerna worked at Ricoh Inc. Cleveland, Ohio as a Business Analyst and Operational Excellence intern. She is eager to apply her analytical and process optimization expertise to roles in Business Analytics, Supply Chain Analytics, Project Management and Business Intelligence, with a strong focus on sustainability.
