

SPORT BUSINESS

BEGINNING FALL 2022

The Bachelor of Business Administration in Sport Business degree prepares students to answer important questions that arise in sport business. Core competencies include critical thinking and communication skills as well as a broad understanding of business administration-related coursework as it relates to the sport industry. Students gain experience in applying business concepts in sport-specific settings which culminates with a consulting project. Upon completion of the program, students can expect job opportunities in varying roles in professional, Intercollegiate, and community sport organizations.
