

**College of Applied Science and Technology**  
**Computer Information Systems**  
 Cisco Networking Technology Certificate (244205C)

The following information has official approval of The University of Akron's College of Applied Science and Technology but is intended only as a guide. Completion of this certificate is contingent upon many factors, including but not limited to class availability, total number of required credits, work schedule, finances, family, course drops/withdrawals, successfully passing courses, and prerequisites, among others.

The Cisco Networking Certificate provides the network administration and technical support skills needed to provide Cisco support to business and industry.

This certificate may be earned independent of earning a degree.

The following courses constitute a "Certificate in Computer Information Systems – Cisco Networking Technology" and must be completed with a minimum grade point average of 2.0 over-all for the certificate to be noted on the student's record.

✓	Courses	Credits	Prerequisites
	2440:201 Networking Basics	3	2440:105 or placement exam
	2440:202 Router and Routing Basics	3	2440:201
	2440:203 Switching Basics and Wireless	3	2440:201
	2440:204 WAN Technologies	3	2440:202 and 2440:203
	<b>Total Credits for Certificate</b>	<b>12</b>	

Students entering the Computer Information Systems certificate programs (Programming, Cisco Networking Technology, Database Development, and Webmaster) must pass department placement exams or complete the following bridge course prior to enrolling in the program.

**Bridge Course:** 2440:105 Introduction to Computers & Application Software

**Students must achieve a "C" or better in their technical courses (2440/2600)**
