

Engineering Fair Proposal

Name: _____

The purpose of the proposal is to describe what you intend to do. Write in the future tense because you will be completing the work sometime in the next few weeks.

<p>Title: This could change as you progress through the project.</p>	
<p>Objectives: State the problem you are trying to solve and the idea that can solve this problem.</p>	
<p>Goals: State 1) your engineering goals and 2) constraints – be specific.</p>	
<p>Materials: Make a simple list of equipment or chemicals needed for your prototype.</p>	
<p>Methods: Describe the steps you will take to complete the construction of your prototype. Explain how you will test to see if your prototype will solve the problem.</p>
