

### Three Year OAE Content Test Passage Rate Benchmarked with Ohio Performance

In addition to APK, teacher candidates are required to pass the content test to obtain teacher license in Ohio. Three year content test results was compared with Ohio passage rate in Table 1. The content test data indicated that the EPP has been performing higher than Ohio average passage rate in most content areas. The content tests lower than Ohio performance are Early Childhood Education (across all 3 years), English Language Arts (across 2 years), integrated science (across 2 years), and middle grade mathematics. These could considered areas of weakness. Program faculty need to examine the specific performance domains to modify instruction to improve candidate’s performance of the OAE content tests notified **in red** in Table 1.
