

2018-19 EVENT CALENDAR

Rubber City Math Teacher Circle

The Rubber City Math Teacher Circle is planning five sessions during the 2018-19 school year. The Circle will meet on the following Thursdays from 4:00-6:00 p.m. at the Andrew Jackson House, 277 E. Mill Street, Akron.

Date	Facilitator	Topic
Sept. 13	Dr. Linda Saliga (UA)	Break out! Figure out the combinations and discover what's in the box!
Nov. 8	Dr. Lynne Pachnowski (UA) Alternate location: Bierce Library 154	Flexagons! Take these paper wonders to your pre-holiday classes or holiday parties and make everyone say, "How does it do that?"
Jan. 17	Steve Miller (Summit ESC)	Prime Climb. Because you just can't get enough of primes.
Mar. 14	Dr. Lance Nelson (UA)	Pi Day Celebration! Just when you thought you knew everything about pi.
May 9	Dr. Sandra Wilder (APS)	Cube Conversations (or other substitution)

Contact Hours and Graduate Credit Available

Teachers can earn contact hours (2 hrs. per session) for attending through The University of Akron.

Teachers can earn 1 graduate credit hour from Ashland University if they attend all five sessions AND the G.A.M.E.S. mini-conference (2.5 hours) at Hoban High School on Sat., Feb. 9, AND complete a 3-hour written assignment. Register for the mini-conference at the Sept. 13 meeting.

Additional Opportunities

Date	Location	Topic
Oct. 11	John S. Knight Conference Center Presented by Drs. Kathy Lane (BW), Linda Saliga (UA), Lynne Pachnowski (UA), and Mr. Jeff Eisenbraun (Mahoning ESC)	Conway's Rational Tangles – An investigation involving ropes, patterns, programming logic, and a couple of nifty moves. A huge favorite among Math Teacher Circle participants! You must be registered for the OCTM Conference to attend.

To register for one, two, or all, go to <https://goo.gl/forms/fsCmttVhn8zEurJi2>
