

## **DeGrafth Palmore**

Electrical Engineering

**Hometown:** Akron, OH

### **Professional/Student Organizations:**

- Black Organization for STEM Students
- Black Excellence Commission
- National Society of Black Engineers
- AK Rowdies (2014)

### **Why UA College of Engineering?**

I choose The University of Akron because we are a family. There are a lot of offices and organizations to be a part of that wants the best for you such as the Increasing Diversity in Engineering Academics (IDEAs) and Choose Ohio First (COF STEM) programs.

### **Why did you choose your major?**

Seeing your ideas become a reality always drove me to learn new and exciting things. Electrical engineering gives you the opportunity to create and expand a world that are straight out of the pages of a comic book.
