

Mackenzie Gittinger

Biomedical Engineering, Biomechanics track

Hometown: Green Springs, OH

Professional/Student Organizations:

- Society of Women Engineers
- Biomedical Engineering Society
- Alpha Delta Pi Sorority (Membership Education Vice President 2016, Scholarship Chair 2015)

Why UA College of Engineering?

I chose The University of Akron because of its campus atmosphere, affordable tuition, and location. The university's engineering program is by far one of the best in the state of Ohio and the reputation of its co-op program is what sealed the deal!

Why did you choose your major?

I chose my major because I had intended to attend medical school, however, if I changed my mind, I would be able to still pursue a career as an engineer.
