

# HARBISONWALKER INTERNATIONAL (HWI) ENGINEERING AND SCIENCE OPPORTUNITIES

2020 GRADUATES > GRADUATE STUDENTS > JUNIORS/SENIORS

## 2020 GRADUATES: START YOUR CAREER WITH FIRE!

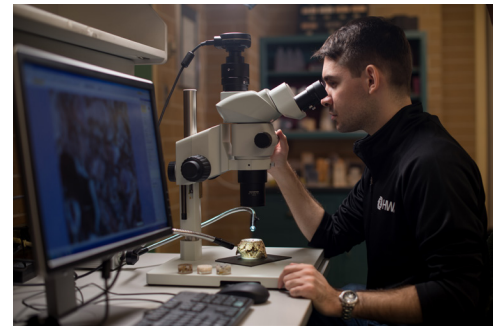

HarbisonWalker International's Focused Intense Rotational Education (**FIRE**) Program is designed to provide graduates with a critical overview of business functions and operations that will assure a smooth transition from academia to the modern business world.

**FIRE** combines a capstone project with a six-month rotational experience program providing participants with direct exposure to core business functions including:

- **Manufacturing Operations**
- **Research and Development**
- **Transportation and Distribution**
- **Technical Marketing**
- **Supply Chain Management**
- **Sales and Customer Service**

**FIRE** also offers participants personalized onboarding, training, and development opportunities to accelerate leadership, business, and financial acumen. It also creates connections with accomplished mentors and senior leadership - blazing a trail for career success!

For more information on the HWI **FIRE** Program, visit [www.thinkHWI.com/careers](http://www.thinkHWI.com/careers).

## STEM SUMMER INTERNSHIP OPPORTUNITIES

HarbisonWalker International also has STEM-related internships available in 2020. These opportunities are:

- Focused on research and development (R&D) or technical marketing
- 12-week programs, to be completed between May and August 2020
- Located at HWI's Headquarters in Moon Township, Pa, or our Advanced Technology & Research Center (ATRC) in West Mifflin, Pa. (Remote work is not available.)

### REQUIREMENTS AND QUALIFICATIONS:

Applicants must be currently enrolled in a STEM bachelor's, or advanced degree, program at an accredited college or university.

Applicants must have completed a minimum of two years of collegiate instruction (junior, senior, or graduate student)

Successful completion of coursework in engineering or material science fields such as ceramics, metallurgy, physics, or chemistry is preferred.

**Every day around the world, HWI's people and products stand up to the challenges and pressures of every job. And for more than 150 years, companies have relied on our world-class products that continue to set the gold standard for the refractory industry.**

### About HarbisonWalker International

With more than 150 years of industry leadership, HarbisonWalker International (HWI) is the largest supplier of refractory products and services in the United States. Headquartered in Pittsburgh, Pennsylvania, the company's international network spans North America, Europe, and Asia, with 19 manufacturing plants, 30 global sourcing centers, and technology facilities in both the United States and China. Serving virtually every major industry that requires refractory solutions to enhance production and protect assets, HWI is consistently recognized for its talented experts, industry firsts, and intensely driven excellence.
