

2016 (REM) Request PHMSA- funded Remote Training — Responding to Flammable Liquids Transported by Rail

Security and Emergency Response Training Center

5550 DOT Road | Pueblo, CO 81007 | 719.584.0584 | www.sertc.org

Joe Campbell:

Your recent request for Responding to Incidents Involving Flammable Liquids Transported by Rail remote-delivery training has been approved.

CLASS DETAILS:

Training Contact Name: Joe Alexander
Training Contact Email: joealexander@hudson.oh.us
Training Contact Phone: 330-342-1860
Training Address: 40 S. Oviatt Street | Hudson | OH | 44236
Training Date: October 14, 2016
Training Start Time: 8:00am

At any time you can view who has registered for the class using this link: [Students Registered](#)

Your next step is to distribute the links below to all your participants. Also note the contact information above is emailed to each student after they register:

Participant Registration Options:

www.regonline.com/PHMSA for Student Registration (direct registration for this course)

OR

www.sertc.org to access from our website, selecting Courses-Remote

The site location needs to have a classroom setting for 40 participants and an outside area to place our 27 foot trailer (i.e. parking lot, engine bay, apron, etc.).

Meals are not provided by SERTC; the host may/may not offer meals at their own discretion. If no meals are provided we suggest hosting the class in an area accessible to restaurants.

If you have any questions or concerns please feel free to contact us at 719-584-0584.

Best regards,

SERTC Admin
