# CLINIC SERVICE FEES

## In-Clinic Services:

- Payable by cash, credit card, Apple Pay, or Zip card: visit fees, rapid testing, in-clinic procedures, medical supplies/equipment, and medications from the clinic stock
- We do not bill insurances or HSA (Health Savings Account) cards for these services. We can provide a detailed receipt for you to turn into your HSA upon request.

## Send-Out Labs:

- Health insurance can be used for send-out lab work to Quest Diagnostics. Send-out labs include bloodwork, urine cultures, STI specimens, throat cultures, PAP smear specimens, etc.
- Please bring your insurance card or a front and back copy of it (picture on phone) to your appointment.
- There is out-of-pocket pricing available for uninsured patients or patients who do not wish to use insurance.

# CLINIC SERVICE FEES

## Medications

- Patients may purchase medications prescribed by our nurse practitioners from the clinic stock. The average medication cost ranges from \$3 to \$14, depending on the type and quantity of the medication.
- Patients may request a prescription to fill at the pharmacy if Health Services does not stock the medication or the patient wishes to use health insurance for the medication.

## International Students
