Tips for Families

1. Set aside regular times to connect with your family. It is OK for a family to not be perfect.

2. Focus on the positive! When your student is engaged, ask them how they are doing.

3. Stay in touch with your student's teachers and advisor. They can provide valuable insights into your student's progress.

4. Encourage your student to participate in extracurricular activities. This can help them develop new skills and make new friends.

5. Don't be afraid to ask for help. There are many resources available to support your student's success.

Tips for Students

1. Start each day with a goal. What do you want to accomplish today?

2. Stay organized. Keep your work area clean and clutter-free.

3. Take breaks. It's important to take time for yourself.

4. Ask for help when you need it. Don't be afraid to reach out to teachers or advisors.

5. Stay positive. Believe in yourself and your abilities.

Tips and Expectations

- Be responsible. Take ownership of your education.
- Show up on time. Be punctual and ready to learn.
- Participate in class. Ask questions and engage in discussions.
- Complete assignments on time. Don't wait until the last minute.
- Seek help when needed. Don't hesitate to ask for additional support.

Your family's role is to help your student succeed. By working together, we can ensure your student's success.
