Certificate of Insurance

If applicable the supplier/vendor entering into an agreement with the University shall provide proof of General Liability Insurance and if required other insurance, which will protect the supplier/vendor from claims which may arise out of or result from the supplier’s/vendor’s performance or obligations as set forth in the University Service Agreement. The Certificate of Insurance shall name The University of Akron as an additional insured.

Worker’s Compensation

If applicable the supplier/vendor must show proof of coverage of a valid Certificate of Workers’ Compensation, which meets the several requirements of Ohio law. A photocopy of the vendor’s certificate (if located in Ohio) will be sufficient to enable us to verify coverage.
