Calendar 2007-2008

Fall Semester 2007

Day and Evening Classes Begin	Monday, Aug. 27
*Labor Day (Day and Evening)	Monday, Sept. 3
Veteran's Day observed (staff holiday	r; classes held) Monday, Nov. 12
**Thanksgiving Break	Thursday–Saturday, Nov. 22-24
Classes Resume	Monday, Nov. 26
Final Instructional Day	Saturday, Dec. 8
Final Examination Period	Monday-Saturday, Dec. 10-15
Commencement	Saturday, Dec. 15
Final grades due	Tuesday, Dec. 18
Spring Intersession (Winter Recess)	Saturday-Saturday, Dec. 22, 2007-Jan. 12, 2008

Spring Semester 2008

- 1	
Day and Evening Classes Begin	Monday, Jan. 14
*Martin Luther King Day	Monday, Jan. 21
*Presidents' Day	Tuesday, Feb. 19
Spring Recess	Monday-Saturday, March 17-22
Classes resume	Monday, March 24
Final Instructional Day	Saturday, May 3
Final Examination Period	Monday–Saturday, May 5-10
Commencement	Saturday-Sunday, May 10-11
Final grades due	Tuesday, May 13
Law School Commencement	Sunday, May 18

* Classes Canceled (day and evening)

Summer Session I 2008

Day and Evening Classes begin for first 5-week, first 8-week, 10-week, and 13-week sessions	Monday, May 19
*Memorial Day	Monday, May 26
Day and Evening Classes begin for second 5-week and 8-week sessions	Monday, June 9
Final Instruction Day for first 5-week session	Saturday, June 21
Final grades due first 5-week session	Tuesday, June 24

Summer Session II 2008

Day and Evening Classes Begin for third 5-week session	Monday, June 23
*Independence Day	Friday, July 4
Final Instruction Day for second 5-week and first 8-week sessions	Saturday, July 12
Final grades due for second 5-week and first 8-week sessions	Tuesday, July 15
Final Instruction Day for third 5-week and 10-week session	Saturday, July 26
Final grades due third 5-week and 10-week sessions	Tuesday, July 29
Final Instruction Day for second 8-week session	Saturday, Aug. 2
Final grades due for second 8-week session	Tuesday, Aug. 5
Final Instruction Day for 13-week session	Saturday, Aug. 16
Commencement	Saturday, Aug. 23

University Closing Policy

The safety of students, faculty and staff is the University's highest priority. When severe weather is predicted or when emergencies arise, the president or designee will determine when conditions necessitate closing or canceling classes at the entire University or any of its specific campuses.

The president or designee will make a decision to close based on recommendations from:

- University police, safety and facilities personnel, who will be checking the condition of campus sidewalks and parking lots;
- City and county law-enforcement agencies, who will report on road conditions on highways and roads in areas surrounding the University;
- The Ohio State Patrol and the County Sheriff, who may issue advisories related to the weather; and
- Additional sources as needed.

Closing information will be announced as early and as simply as possible. This information will be relayed to students in several ways:

- Radio and TV: Closing information will be provided to major radio and television stations in Akron, Canton and Cleveland.
- On the Web: Closing information will be posted on the University's home page at www.uakron.edu and on ZipLine at http://zipline.uakron.edu.
- E-mail: A message will be sent to students' and employees' University mailboxes.
- By phone: The University's emergency information phone line is updated around the clock as conditions warrant. The number is 330-972-SNOW or 330-972-6238 (TDD/Voice).

University colleges/departments are encouraged to establish a method for communicating the closing decision to department personnel.

^{**} Classes canceled from Wednesday at 5 p.m. until Monday at 6:45 a.m.

Inquiries

Address inquiries concerning:

Admissions information, campus tours, and transfer of credits to the Office of Admissions, The University of Akron, Akron, OH, 44325-2001. (330) 972-7100, or toll-free, (800) 655-4884. FAX (330) 972-7022.

Financial aid, scholarships, loans, and student employment to the Office of Student Financial Aid, The University of Akron, Akron, OH 44325-6211. (330) 972-7032. Toll free (800) 621-3847. Fax (330) 972-7139.

Athletics to the Athletic Director, The University of Akron, Akron, OH,44325-5201. (330) 972-7080.

Registration, records, graduation, DARS, scheduling, residency requirements, and veteran's affairs to the Office of the University Registrar, The University of Akron, Akron, OH 44325-6208. (330) 972-8300.

Graduate study to the Graduate School, The University of Akron, OH 44325-2101. (330) 972-7663.

The University switchboard number is (330) 972-7111.

Disclaimer

While every effort is made to provide accurate and up-to-date information, the University reserves the right to change, without notice, statements in the Bulletin series which include, but are not limited to rules, policies, procedures, fees, curricula, courses, programs, activities, services, schedules, course availability, or other matters. For example, programs may be modified due to limited resources or facilities, unavailability of faculty, insufficient enrollment, or other such reasons as the University deems necessary.

Please note that editions of this Undergraduate Bulletin prior to 1994-95 were titled the "General Bulletin."

THE UNIVERSITY OF AKRON IS AN EQUAL EDUCATION AND EMPLOYMENT INSTITUTION

Operating under nondiscrimination provisions of Titles VI, VII, of the Civil Rights Act of 1964 as amended and IX of the Educational Amendments of 1972 as amended. Executive Order 11246, Vocational Rehabilitation Act Section 504, Vietnam Era Veterans' Readjustment Act, and Americans with Disabilities Act of 1990 as related to admissions, treatment of students, and employment practices.

It is the policy of this institution that there shall be no unlawful discrimination against any individual at The University of Akron because of race, color, creed, sex, age, national origin, handicap or status as a veteran.

The University of Akron will not tolerate sexual harassment of any form in its programs and activities, and prohibits discrimination on the basis of sexual orientation in employment and admissions.

The nondiscrimination policy applies to all students, faculty, staff, employees and applicants.

Complaints of possible sex and other forms of discrimination should be referred to:

AA/EEO Office ASB, Room 138 Akron, OH 44325-4709 Phone: (330) 972-7300

Policy Information on Title IX may be obtained from

About The University of Akron

Background

HISTORY

The connection between The University of Akron and its surrounding community has been a recurring theme in its history. The institution was founded as a small denominational college in 1870 and has grown to its current standing as a major, metropolitan, state-assisted university. It is significant that the efforts, energy, and financial support of an Akron manufacturer of farm equipment, John R. Buchtel, were instrumental in persuading the Ohio Universalist Convention to build its college on a hill overlooking the town that stretched along the Ohio Canal. The grateful trustees responded by naming the school Buchtel College. It is also significant that during its first four decades, the struggling institution was repeatedly aided in its efforts to survive by various local entrepreneurs who pioneered and prospered in such industries as cereals, clay products, matches, and rubber. Buchtel College's emphasis on local rather than denominational interests became increasingly clear, and by 1913 those strong ties and the school's financial situation caused its trustees to transfer the institution and its assets to the city. For the next 50 years, The Municipal University of Akron received its principal support from city tax funds and swelled from an enrollment of 198 to nearly 10,000.

The growth of the college paralleled the remarkable expansion of the community itself. From 1910 to 1920, Akron was the fastest-growing city in the country, evolving from a thriving canal town of 70,000 to a major manufacturing center of 208,000, thanks in large part to a boom in local factories that bore names such as Goodyear, Firestone, Goodrich, and others. The age of the automobile — and the demand for inflatable rubber tires — changed the complexion of Akron forever.

Changes within the Municipal University's curriculum reflected the strong interrelationship of town and gown. In 1914 a College of Engineering began instruction, and other professional schools followed: Education (1921), Business Administration (1953), Law (1959), Community and Technical College (now Summit College) (1964), Fine and Applied Arts (1967), and Nursing (1967).

Considering the institution's location in the heart of a burgeoning rubber industry, it seemed only appropriate that the world's first courses in rubber chemistry would be offered at Buchtel College, in 1909. From those first classes in Professor Charles W. Knight's laboratory would evolve the world's first College of Polymer Science and Polymer Engineering (1988). During World War II, University of Akron researchers helped fill a critical need in the U.S. war effort by contributing to the development of synthetic rubber. The University's polymer programs have produced some of the world's most able scientists and engineers, and today attract millions of dollars annually in research support, as well as top graduate students from around the world.

Research, innovation, and creativity actively take many forms at the University — in the sciences, and in the arts and humanities. Today, University faculty study ways of matching workers with jobs to maximize performance; develop new ways to synthesize fuel; write and produce plays, write poetry, choreograph dance works; explore improved methods of tumor detection; evaluate water quality in northeast Ohio; provide speech and hearing therapy to hundreds of clients; aid the free enterprise system by sharing the latest in business practices with new and established companies alike; provide health care in community clinics; and study political campaign financing and reform. Faculty are awarded patents each year for their work on new technologies and products. The University of Akron's continuing and central commitment to the liberal arts is signified by the perpetuation of the institution's original name in the Buchtel College of Arts and Sciences.

The University has a long tradition of serving the needs of part-time and full-time students through day and evening classes, and it attracts traditional and nontraditional students of all economic, social, and ethnic backgrounds. Committed to a diverse campus population, the University is at the forefront of all Ohio universities in recruiting and retaining students of diverse backgrounds.

The University's first doctoral degree was, appropriately enough, awarded in polymer chemistry in 1959, but master's degrees were granted as early as 1882. The University of Akron now offers 17 doctoral degree programs and four law degree programs as well as more than 100 master's degree programs and options. The University offers undergraduate students a choice of more than 200 majors and areas of study leading to associate and bachelor's degrees. Hundreds of noncredit continuing education courses, certificate programs and specialized training opportunities are available for individuals and organizations.

In 1963 the receipt of state tax monies made the University a state-assisted municipal university, and on July 1, 1967, The University of Akron officially became a state university. Today, more than 24,000 students from 44 states and 76 countries are enrolled in its 10 degree-granting units. The University of Akron is the public research university for Northern Ohio. It is the only public university in Ohio with a science and engineering program ranked in the top five nationally by *U.S. News & World Report*. Its College of Polymer Science and Polymer Engineering also is the nation's largest

academic polymer program. The University excels in many other areas, including global business, biomedical engineering, organizational psychology, educational technology, marketing, dance, intellectual property law and nursing. Alumni of the University number more than 137,000 and include scientists, engineers, artists, lawyers, educators, nurses, writers, business people, and other professionals at work in every state and throughout the world.

The 218-acre Akron campus, with 81 buildings, is within walking distance of downtown Akron and is located in a metropolitan area of 2.8 million people. The University's presence in Northeast Ohio provides numerous opportunities in revation, major collegiate, amateur, and professional sports, concerts, cultural events, and commerce, all within easy driving distance and many accessible via public transportation. Arts venues on campus include Daum and Sandefur theatres, Guzzetta Recital Hall, the Emily Davis Gallery, and E.J. Thomas Performing Arts Hall, the flagship performance venue for the region. The critically acclaimed Akron Symphony Orchestra, Tuesday Musical and UA Steel Drum Band perform at Thomas Hall. The University joined the Mid-American Conference in 1991 and participates on the NCAA Division I level in 18 sports.

In 2004, The University of Akron completed the first phase of a campus enhancement program, dubbed "New Landscape for Learning," that added 30 acres of green space and 10 new buildings, including a Student Recreation and Wellness Center, Student Union, Honors Complex, classroom buildings and parking decks. This transformation continues today with construction of a 15th residence hall and an addition to the Fine and Applied Arts building.

For more than 137 years, The University of Akron has been an active participant in Akron's renaissance of commercial and artistic endeavor, a leader in the metropolitan area's intellectual and professional advancement, a center for internationally lauded research efforts and a source of enrichment, education, and vitality for Northeast Ohio. Our history is a long and proud one — yet at The University of Akron, our eyes are on the future, for our students, our faculty and staff, our community, and our world.

MISSION STATEMENT

The University of Akron, a publicly assisted metropolitan institution, strives to develop enlightened members of society. It offers comprehensive programs of instruction from associate through doctoral levels; pursues a vigorous agenda of research in the arts, sciences and professions; and provides service to the community. The University pursues excellence in undergraduate and graduate education, and distinction in selected areas of graduate instruction, inquiry, and creative activity.

CHARTING THE COURSE

Today, the University stands on the threshold of a fundamental shift in thinking and a sweeping recommitment of institutional talents, energies and resources toward attaining even greater excellence. The blueprint for change is "Charting the Course," an ongoing and dynamic process of strategic thinking that begins with the University's fundamental strategies and builds to where the institution envisions itself in the future.

Objective and documented excellence tells us that The University of Akron is already the leading public university in northern Ohio and signals a clear promise and destiny. We have framed our vision as a Statement of Strategic Intent:

The University of Akron intends to be recognized as the public research university for Northern Ohio.

That recognition will be gained by building upon the documented excellence that has enabled the University to achieve its current high level of achievement, and by strategic investments, partnerships and initiatives.

The University will continue to build a leadership position in information technology – to better prepare our students for today's technologically advanced knowledge economy, to make learning more accessible and dynamic, and to increase the effectiveness of the University's planning and operations.

We will attain technological and programmatic excellence throughout the University by taking full advantage of our metropolitan setting and long-standing relationships with area business and industry. We will act decisively to form and optimize strategic partnerships that will benefit our students and our community.

Enabling student success will continue to be the hallmark of The University of Akron. We recognize, importantly, that students are the responsibility of all of us at the University. We will work to strategically shape and determine the quality, diversity and size of our student body. And, we will strive to offer students the chance to apply what they are learning in the classroom through hands-on research, service, internships, cooperative education or similar opportunities.

Student success is our number one priority.

A CIVIL CLIMATE FOR LEARNING: STATEMENT OF EXPECTATIONS

The University of Akron is an educational community of diverse peoples, processes, and programs. While all of us have our individual backgrounds, outlooks, values, and styles, we all share certain principles of personal responsibility, mutual respect, and common decency. Our campus culture requires that we maintain and extend those principles, for without them we cannot thrive as a humane and worthwhile university. To keep ourselves aware of these shared principles, this statement articulates some of the expectations and responsibilities of a civil climate for learning on our campus.

Principles of Our Campus Culture

Our campus culture acknowledges the importance of all in our community for their participation in our common enterprise as a university. We value the contributions and we respect the needs of students, faculty, contract professionals, staff, administrators, maintenance and service personnel, and everyone else whose work and dedication enable us to pursue our individual and collective academic goals.

Together we maintain an intellectual culture that is accessible, disciplined, free, safe, and committed to excellence.

By our behavior with one another, we endorse a culture of diversity, celebrating the uniqueness of the individual and developing our understanding and tolerance of differences in gender, ethnicity, age, spiritual belief, sexual orientation, and physical or men-

We take responsibility for sustaining a caring culture, nurturing growth and fulfillment in one another and in the larger communities of which we are a part.

We insist on a culture of civility, united in our rejection of violence, coercion, deceit, or terrorism. We work to increase collaboration, cooperation, and consensus within rational dialogue characterized by mutual respect and consideration.

Ours is a responsible culture. We expect each member of our community to carry out responsibly his or her duties for preserving the integrity, quality, and decency of our environment and our discourse

Expectations and Responsibilities

To preserve and propagate the Culture of The University of Akron, everyone must engage in certain specific behaviors. Anyone new to this campus must be aware of the expectations we have of each other and be committed to fulfilling his/her responsibility in maintaining our culture.

Inside the classroom

Inside the classroom, faculty are expected to respect the sanctity of the teaching/learning process by honoring their commitment to students in terms of time, fairness, and enthusiasm. It is the responsibility of faculty to set and enforce the classroom rules of conduct. Faculty members are expected to treat men and women, persons of all colors and ethnicities, and persons with varying abilities, spiritual preference, or sexual orientation with equitable respect and consideration. Faculty should value and pursue excellence in teaching as well as research. Faculty shall not engage in sexual or other forms of harassment or engage in inappropriate dual relationships with students. Faculty must not tolerate academic dishonesty nor discrimination or harassment from students to other students.

Students are expected to respect the sanctity of the teaching/learning process by expressing respect for the faculty member as the organizer and guide through this learning experience, as well as for fellow students. Disruptive, disrespectful, discriminatory, harassing, violent and/or threatening behavior is explicitly prohibited. Academic dishonesty will not be tolerated. Students are expected to to take responsibility for their own learning and, in return, can expect responsible teaching from the faculty member. Students should report unprofessional behavior on the part of faculty members. Students have a right to expect that they will not be sexually or otherwise harassed, intimidated, or threatened.

On the campus

On the campus, everyone is expected to respect and protect the dignity and freedom of each other. There must be the opportunity for expression of all points of view, free from name-calling or ridicule. All members of the University family are expected to be civil and tolerant of others. It is the responsibility of each member of the University community to express dissatisfaction with anyone who fails to meet the responsibility of civility and to request that they do so. In the event that cooperation can not be attained, proper authorities must be involved to insist upon these minimum expectations. Only by campus-wide compliance to these expectations can we achieve a clear sense of our campus culture and, accordingly, a sense of mutual pride

Students can expect that all representatives of all departmental and administrative offices will treat them with respect, a sense of cooperation and with concern for their welfare. Students can also expect appropriate coordination of services among depart-

Everyone is expected to respect the campus environment by behaving in ways that protect the safety, order, and appearance of all campus facilities. Each person must take steps to preserve the ecological and aesthetic aspects of the campus.

Additional Behavioral Expectations

All members of the University community are required to abide by all laws and regulations of The University of Akron, the City of Akron, the State of Ohio, and the Federal Government. Students are expected to abide by the Student Code of Conduct and the University Disciplinary Procedures. Faculty, contract professionals, administrators, and staff are expected to abide by all University regulations and procedures.

ACCREDITATION

Accreditation assures that degrees are recognized and approved by select regional and national education associations, societies and councils. Accreditation serve two fundamental purposes: quality assurance and institutional and program improvement.

There are two types of accreditation of educational institutions: institutional accreditation and specialized accreditation. Institutional accreditation evaluates the entire institution and accredits it as a whole. The University of Akron has been approved by The Higher Learning Commission of The North Central Association of Colleges and Schools (30 North La Salle Street, Suite 2400 Chicago, IL 60602 (800) 621-7440) since 1914 and has been reaccredited at the highest level as a comprehensive doctoral degree-granting institution.

Institutional accreditation is separate from the accreditation given by professional associations or organizations. Specialized accreditation evaluates particular units, schools or programs within an institution and is often associated with national professional associations or with specific disciplines.

Accreditation provides the security of knowing that the University will honor most credits earned at a similarly accredited college or university. Degrees earned at the University are respected and sought after by prospective employers.

Institutional Accreditation:

sion of The North Central Association of Colleges and Schools

Specialized Accreditations:

AACSB-The International Association for Management Education

Accreditation Board for Engineering and Technology American Association for Family and Consumer Sciences

American Association of Marriage and Family Therapy (provisional)

American Association of Nurse Anesthesia — Council on Accreditation

American Dietetic Association

American Psychological Association

American Speech-Language-Hearing Association

Association of Collegiate Business Schools and Programs

Commission on Accreditation for Athletic Training Education (CAATE)

Commission on Collegiate Nursing Education

Committee on Allied Health Education and Accreditation of American Medical Association

Council for the Accreditation of Counseling and Related Educational Programs (provisional, Council on Social Work Education

Foundation for Interior Design Education Research

International Fire Service Accreditation Congress

National Association of Education for Young Children

National Association of Schools of Art and Design

National Association of Schools of Dance National Association of Schools of Music

National Association of Schools of Public Affairs and Administration (NASPA) National Certification Board of Pediatric Nurse Practitioners and Nurses

National Council for Accreditation of Teacher Education

National League of Nursing Accrediting Commission

Ohio Department of Education

Professional Society for Sales & Marketing Training (SMT)

The School of Law is accredited by or holds membership in the following:

America Bar Association

Association of American Law Schools League of Ohio Law Schools

Council of the North Carolina State Bar

State of New York Court of Appeals

The University also holds membership in the following educational organizations:

American Association of Colleges for Teacher Education

American Association of Colleges of Nursing

American Association of Community Colleges American Association of State Colleges and Universities

American Council on Education

American Society for Engineering Education

American Society for Training and Development

Council of Graduate Schools

Department of Baccalaureate and Higher Degree Programs (National League for Nursing) International Council on Education for Teaching (associate)

Midwestern Association of Graduate Schools

National Association of Graduate Admission Professionals

National Association of State Universities and Land-Grand Universities

North American Association of Summer Sessions

Ohio College Association

Ohio Continuing Higher Education Association

United States Association of Evening Students

University Council on Education for Public Responsibility University Continuing Education Association

University Sales Center Alliance (USCA)

The American Association of University Women grants membership to women graduates with approved baccalaureate degrees from The University of Akron.

Academics

The University of Akron offers comprehensive programs of instruction leading to the associate (two-year), bachelor's (four-year), master's (graduate), and doctoral (graduate or professional) degrees. A student may study in the College of Business Administration, Buchtel College of Arts and Sciences, Summit College, College of Education, College of Engineering, College of Fine and Applied Arts, University College, School of Law, College of Nursing, and College of Polymer Science and Polymer Engineering.

GRADUATE SCHOOL

The Graduate School offers advanced study to students who wish further education beyond the baccalaureate degree with programs leading to the master's degree as well as the doctoral degree.

A separate publication detailing admission procedures and individual study requirements for graduate work is available from the Graduate School. The Graduate Bulletin may be obtained online at http://www.uakron.edu/gradsch.

Graduate School, The University of Akron, Polsky Building, Room 469, Akron, OH 44325-2101

Graduate degree programs are listed below. A dagger (†) indicates programs that offer doctorates only; an asterisk (*) signifies programs that offer both master's and doctoral degrees; the remaining disciplines offer master's degrees only.

You may contact the Graduate School via e-mail at gradschool@uakron.edu or visit the World Wide Web site at http://www.uakron.edu/gradsch/ for more information.

BACCALAUREATE PROGRAMS

The University of Akron believes that the student should master basic courses in the humanities, social sciences, and physical sciences before proceeding to advanced work in the major. Both the University College concept and Summit College's College Success Program guarantee this mastery. Direct, Standard or Adult admit students seeking a baccalaureate degree and having attained less than 30 college semester credits study in the University College before transferring to a degree-granting college. General admit students seeking a baccalaureate degree study in Summit College's College Success Program before transferring to a degree-granting college. Studies in the University College develop students' abilities to understand and express ideas effectively and to comprehend the processes involved in accurate thinking. After completing the general studies phase, students are admitted to a degree-granting college, where they then concentrate on courses in their specific academic interests. Baccalaureate programs are offered in:

Accountancy Education Professional Accounting Adolescent to Young Adult Advertising eMarketing and Advertising Anthropology (Interdisciplinary Program) Applied Mathematics Integrated Science Fields Art Art Education Ceramics Graphic Design . ASSOCIATE PROGRAMS

Our fast-paced age of technological development needs persons specifically trained for work in the semiprofessional, technical, and highly skilled professions. Most critically needed are laboratory technicians, health technicians, engineering assistants, sales people, supervisors, secretaries, and management assistants. The following is a list of associate degree programs:

Note: The Step-Up programs are cooperative courses of study that allow students to complete a specific associate degree program followed by a related upper college course of study that results in the baccalaureate degree. All associate degree programs of technology are "step-up's" with the School of Communications in the College of Fine and Applied Arts and with the College of Education's Technical Education Program. Summit College does not guarantee that courses successfully completed within the College will transfer to colleges on this or any other campus. Acceptance of all transfer courses is determined by each individual college or school. Colleges also determine what the overall grade point average is prior to acceptance to their college. See your academic advisor for these requirements.

HONORS COLLEGE

The University's Honors College provides scholarships, curriculum options, special housing, and other advantages to especially motivated and high-achieving undergraduates who meet the program's admission requirements. The Honors College student completes a major in one of the bachelor's degree-granting colleges, selects a set of Honors Distribution courses in place of the University's General Education Program, participates in a series of Honors Seminars (Colloquia), and creates a Senior Honors Project. The successful Honors College student is recognized at graduation with the designation of University Honors Scholar.

EDUCATION ABROAD

Global awareness, international experience, and ability to appreciate languages and cultures are critical for the university graduate. Education Abroad enhances the student's academic background; develops critical thinking and decision making skills; increases intercultural, political and economic understanding; and enhances self-

The University of Akron has Education Abroad direct exchanges and affiliations with universities in Denmark, France, Germany, Israel, Japan, Mexico, The Netherlands, the People's Republic of China, Peru, Romania, Russia, South Korea, and the United Kingdom. In addition, UA has affiliation agreements with AustraLearn, the Institute for Study Abroad at Butler University, Cultural Experiences Abroad (CEA), and the Ohio International Consortium. Programs are available to all students regardless of major, languages, training or financial means. Education Abroad may be undertaken for an academic year, a semester, or a summer, depending upon the host institution.

Short-term education abroad programs are also available though UA. Among these are departmental programs such as the "Spring Break in Belgium" (Myers School of Art), "Summer Study in the French Alps" (Modern Languages), "Health Care in Germany" (Nursing Instruction), "Study Abroad in Greece" (Marketing and International Business), "Four Weeks in Italy" (Myers School of Art), "Teaching and Learning in China" (Education), "Three-Week China/Korea Study Tour" (International Programs), "Two-Week Geology of China Field Study Tour" (Geology), "Directed Spanish Study Abroad" in Spain (Modern Languages), "Study/Work in London" in the United Kingdom (Marketing and International Business), "Wayne College Abroad" at numerous destinations, and various field study programs in Biology. The Alumni Association also offers interesting destinations for alumni and friends of the University.

Students receive elective credit towards graduation for all courses in which they earn a D- or better. Some courses may be applicable to the University's language and General Education requirements, with prior permission. Credits toward a major, minor, or certificate may be completed abroad with the consent of the student's College. Education Abroad credits are an automatic exception to the restriction of 18 total credit hour maximum for transient work.

International internships are available and are designed to provide an educational work experience to students who want to enhance academic and career preparations. Students may also arrange for student teaching abroad through the College of Education

Students may use their financial aid for all University education abroad programs that are credit bearing. The programs are affordable, and some programs are at or below the average residential cost of attending The University of Akron. Students may also pursue scholarships, fellowships and grants such as the Freeman-Asia Award Program, Fulbright, Gilman, Marshall, National Science Foundation, National Security Education Program (NSEP), Rhodes, Rotary, and the Truman Foundation. For study or research abroad after graduation, students should inquire about scholarship programs during their junior year.

The Education Abroad Library in the Office of International Programs houses details of nationally competitive scholarship awards as well as study, work, teach, volunteer, and travel abroad literature and international career information.

International Student/Teacher Identity Cards are available for purchase in the Office of International Programs. The International Identity Cards are endorsed by UNESCO and are recognized worldwide as proof of student and teacher status. The card provides access to special student airfares and travel discounts, budget accommodations, rail and bus passes, insurance benefits, and emergency services.

For further information, attend a special event such as "Study Abroad 101," an "Education Abroad Forum," or the annual "Education, Travel Abroad Fair." Students may call (330) 972-6349 to make an appointment for a personal planning session. The Office of International Programs is located in Polsky 483. The Web site is www.uakron.edu/oip/StudyAbroad.

Official ISIC Issuing Office

OFFICER TRAINING PROGRAMS (ROTC)

The University of Akron supports and promotes a robust officer training program — Army Reserve Officer Training Corps. ROTC produces leaders for the Army while building better citizens for America. ROTC is a military educational program designed to give men and women the opportunity to become officers while earning a college degree. ROTC offers scholarships, leadership training, and many other experiences simply not available to your average college student. ROTC classes and leadership training will help you sharpen your analytical skills. You'll learn to evaluate changing conditions and make appropriate decisions. Being in ROTC requires you to take an added class and lab in addition to your other college courses. Typically, ROTC class credits can be applied as general elective credits toward your degree, and if you complete all four years of ROTC courses, you can earn a minor in the respective discipline. For more information, see the ROTC section under Undergraduate Academic Programs.

WAYNE COLLEGE

To meet the needs of citizens in Wayne, Holmes, and Medina counties, The University of Akron Wayne College opened its doors in 1972. Wayne College offers eight technical programs as well as the first 64 credits of many baccalaureate programs. The following degrees are available from The University of Akron Wayne College: Associate of Arts; Associate of Science; Associate of Technical Studies; Associate of Applied Business in Business Management Technology, Health Care Office Management and Office Technology; Associate of Applied Science in Paraprofessional Education, and Social Services Technology. Please refer to **Section 4** in this Bulletin for more information about Wayne College programs.

OFF-CAMPUS PROGRAMS

As an urban institution of higher learning, the University clearly identifies and supports its public service role through a variety of off-campus programs. Work force Development and Continuing Education Division offers special institutes, workshops, and course professional groups through the academic departments, through credit and noncredit continuing education, and through Developmental Programs.

The University also operates educational centers at the following locations:

Medina Professional Development Center

The University of Akron Medina Professional Development Center opened in October 1998 to service the Medina County area. The Center, offering credit and noncredit courses year round, is equipped with the latest technology, including a distance learning room and computer laboratory. More information is available by calling the Center at (330) 764-4940.

University Partnership Program — Lorain County Community College

The University Partnership Program brings colleges and universities, including The University of Akron, to the LCCC campus to offer the coursework and programs that students need for bachelor's and master's degrees. Degrees offered parallel those that LCCC offers, enabling students to move into higher level degrees without leaving LCCC. More information is available by calling the Center at (800) 995-5222, ext. 7873.

Partnership with The University of Akron, Cuyahoga Community College, and Cuyahoga Valley Career Center will boost career and educational opportunities for students coming through secondary programs to associate, baccalaureate programs and beyond.

OFFICE OF MULTICULTURAL DEVELOPMENT

The mission of the Office of Multicultural Development at The University of Akron, an advocate for equity and social justice, is to ensure that students of diverse ethnic, social and cultural backgrounds achieve their fullest potential, in an affirming environment which supports access, retention, and successful completion of their goals. This mission is characterized by extensive student focused collaboration of all segments of the campus community, with an emphasis on preparing students to live and excel in a global society.

The Office of Multicultural Development strives to:

- Support the creation and establishment of high quality educational programs to a wide variety of diverse student populations
- Foster an environment conductive to teaching and learning
- Support and nurture in students' intellectual growth and openness to a range of diverse ideas and human possibilities
- Instill in students an overarching sense of integrity and social justice so they may contribute as responsible citizens in a diverse community and pluralistic society
- Prepare students to be successful in the world of work
- Prepare students for the pursuit of lifelong learning
- Present cultural, social and intellectual activities for campus and local community enrichment
- Provide all graduates with the skills and tools necessary to attain personal and professional fulfillment while stimulating intellectual abilities that will enable them to make informed and ethical decisions

The Office of Multicultural Development includes: Academic Support Services and the Pan-African Center for Community Studies.

Through aggressive, innovative and proactive programming, the Office of Multicultural Development seeks to involve all students in improving the campus climate. The promotion, coordination, and cooperation of various offices, programs, academic departments and service units, will enhance student success. It is through the involvement and interaction of all concerned, that needs are met and academic and social development occurs.

Academic Support Services

Academic Support Services, a unit within the Office of Multicultural Development, supports the university in its goal retain students of color by providing a variety of programs and services geared toward assisting first-year students in their adjustment to college through programs such as:

ADVANCE Orientation program provides high school graduates who intend to enter The University of Akron as full-time baccalaureate freshmen with guidance and advance preparation for the college experience. ADVANCE stands for Akron's Diversity Voice Addressing New College Experiences. Various campus faculty, administrators and current UA students facilitate this program. Extended Orientation activities include parent sessions, assessment and skill enhancement activities, faculty guidance concerning educational expectations in college and social activities.

The PASSAGE Program stands for Preparing Akron Students for Success and Great Expectations. The PASSAGE program is a structured learning community experience that promotes the academic and social integration of students of color into the university. Through PASSAGE, we help students develop a strong affiliation with the academic culture of the university. The PASSAGE program promotes student learning and retention through collaborative and cooperative learning and promotes the use of learning technology.

The **Four Phase Advising System (4PAS)** is designed to assist conditionally admitted, baccalaureate students of color enrolled in The University of Akron. 4PAS provides personalized, continual, individual academic advisement by a professional staff member. The maximum number of students to a 4PAS advisor is 25. These advisors develop one-on-one advising relationships with each of their assigned students.

Peer Mentors are selected to support first-year students with an opportunity to be mentored by academically successful upper-class students. Additionally, Peer Mentors assist first-year students with developing effective strategies for educational advancement.

Students of any academic rank experience academic, personal, social, and cultural support through programs such as:

The **Leadership Development Program (LEAD)** assists college students in developing personal skills and competencies necessary for academic, co-curricular achievement, and community outreach/involvement to career settings.

The Ethnic and Peer Connection Groups (EPC Groups) increases students

of colors' feelings of connection to the University resulting from having opportunities to participate in experiences that affirm their identity The EPC Groups addresses issues related to ethnicity, racial identity, and cultural effects on peer relationships. Healthy peer relationships and affirmed identities have a positive impact on students' coping strategies such as self-disclosure, self-direction, confidence, and social support. Expected student outcomes from these programs are related to enhancing student retention and the assisting students of color with developing positive peer networks

- SistahFriends Network provides an outlet, especially for women of color, to discuss the issues, needs, excitement and joys related to success in campus and community life.
- Brothers Talking to Brothers offers African-American males an opportunity to convene and discuss issues related to manhood, brotherhood, and the image of the black male. Brothers Talking to Brothers meet on the second Monday of each month.
- The Latin Circle provides first-year Latino/Latina students opportunities for the fellowship at The University of Akron. In addition to sharing experiences with your peers, you'll help the Office of Multicultural Development create the kinds of socio-cultural experiences that promote the recruitment, retention, and graduation of Latino/Latina students. The Latin Circle also will introduce you to key campus administrators, faculty, and community leaders of Latin decent.

The Office of Multicultural Development is located in the Buckingham Cultural Center, Room 115. For more information, please contact the office at (330) 972-6769.

Pan African Center for Community Studies

The primary focus of The Pan African Center for Community Studies is to provide opportunities for faculty, staff and students to develop an understanding and appreciation of African-based cultures, which have developed throughout the world. The Center also provides information to support and stimulate student research. Services offered include a variety of lectures, seminars, pragrams, workshops and activities, which promote student development and contribute to a more comprehensive understanding of the African Diaspora, with an emphasis on the African American experience. The Pan- African Culture & Research Center is guided by the philosophy of "Legacy, Leadership and Excellence" which forms the basis for a "Beloved Community," espoused by Dr. Martin Luther King, Jr. It is through understanding our past, preparing leaders for the future, and embracing excellence that this theme is realized.

The Pan African Center for Community Studies is an innovative center, which combines the best of the academic world with the best of the social and community world. It combines the many missions of the urban university to be both socially and academically engaged with the society at large. It also provides information to support and stimulate student research. It also is designed to connect the University to the community making the Center a resource for those who are interested in Akron's African American past. Services offered include a variety of lectures, seminars, programs, workshops, and activities, which promote student development and contribute to a more comprehensive understanding of the African Diaspora, with special emphasis on the African American experience.

In the **Dr. Shirla R. McClain Gallery of Akron Black History and Culture**, you can see the history and experiences of African Americans who have helped develop and shape this city. It also serves as a show place for the research activities of the Pan African Center for Community Studies. The center's Black History lecture series continues to bring top-notch intellectuals to share their research with the greater Akron community. The presence of these intellectuals is due in large part to another exciting part of our program the synergies developed between the University and the business community. Several businesses have contributed to this series to fund these exciting lecturers. The Ohio Humanities Council and several companies such as Alltel Communications, Bank One, The Akron Beacon Journal and the Steward Calhoun Funeral Home have all contributed funds to make this lecture series a success and we thank them for their support.

All students at The University of Akron are encouraged to learn more about the history and culture of African and African American people. The Pan African Center for Community Studies is located in the Buckingham Center, Room 101. For more information, please contact the Center at (330) 972-7030.

UA ADULT FOCUS

(Office of the Senior Vice President and Provost)

UA Adult Focus (formerly the Evening Division and Adult Resource Center) is a comprehensive service unit for all undergraduate adult learners on main campus, and reports to the Senior Vice President and Provost. Their mission includes community outreach, marketing, recruitment, and pre-admission counseling, along with academic, social and emotional support for adult students. Some of the services provided by UA Adult Focus include:

- · Adult-centered day and evening orientation programs
- "Transitions" Workshops for incoming adult students
- "Focus on Success" intensive academic skills workshops
- Computer lab and study lounge
- Career Quest (pre-enrollment interest and aptitude assessments)
- Adult Learner Mentor Program
- · Adult Learner Handbook
- · Adult Learner student organization
- Parenting Network
- · Child Care Referral
- Parenting Handbook
- Alpha Sigma Lambda national scholastic honorary
- Verna Trushel Displaced Homemakers Scholarship
- Scholarship search assistance
- Adult Learner Emergency Book Loan
- · Specialized pre-admission academic advising for adults
- Community outreach
- Evening hours Monday through Thursday

Adult Focus is located in Carroll Hall, Room 55. Contact them at (330) 972-5793 or by e-mail at adultfocus@uakron.edu. Comprehensive information is located on their Web site at http://www.uakron.edu/uaaf.

THE UNIVERSITY OF AKRON WORKFORCE DEVELOPMENT AND CONTINUING EDUCATION

The mission of the Workforce Development and Continuing Education is to serve the people of Northeastern Ohio by offering courses and programs that increase access to, and links The University of Akron with community, business and industrial workforce needs.

Workforce Development and Continuing Education at The University of Akron provides a wide range of educational, technical, and research services that enhance the effectiveness and quality of workforce learning. In addition, Workforce Development and Continuing Education provides services that require the special expertise of the faculty and staff to better serve the economic and social development of Northeastern Ohio.

The University of Akron has a strong tradition of service to the community through research, consultation, business partnership and continuing education. Buchtel College's first class (1872) was comprised of 46 regular freshman and 164 preparatory noncredit students, including civil war veterans. Within a year, Buchtel College enrolled noncredit students in business courses in an outreach center in Barberton.

Workforce Development and Continuing Education is the liaison between external constituencies in search of services and technical expertise available through the University and academic and professional units and individuals who can best supply those needs.

Primary goals include:

- · Providing workforce, professional and continuing education.
- · Participate actively in technology transfer.
- Share in the significant discoveries of pure and applied scientific research conducted by University faculty.
- Support the development of Ohio business and industry.
- More efficiently use The University of Akron's resources to meet important social and economic needs.
- Facilitate certification of health care, human service, human resources and other professionals.
- Enhance articulation between the University and area schools.
- Service to non-traditional students.

Workforce Development and Continuing Education is located in the Polsky Building, Room 466. For more information, call (330) 972-7577 or find them on the World Wide Web at http://www.uakron.edu/ce.

SUMMER SESSIONS

The University's Summer Sessions provide educational opportunities for the student who wishes to attend college classes over the summer. Summer Sessions include work toward associate, baccalaureate, and advanced degrees as well as additional education in students' chosen professions.

The Campus

Currently the Akron campus covers more than 218 acres and encompasses more than 80 buildings. Recent and continued growth with new academic, administrative and recreational spaces, in addition to major renovations to existing buildings are attributable to the University's commitment to provide an "Infrastructure for Academic Success.

LOCATION

The University is situated in a large metropolitan area. The campus, although centrally located within the City of Akron, features park-like pedestrian areas. Students have easy access to retail outlets, transportation, and churches. The University of Akron is located between East Market Street and East Exchange Street on the eastside of the downtown area. Akron is easily reached by automobile from major national east-west routes (Interstates 80, 90, 76, and the Ohio Turnpike) and northsouth routes (Interstates 71 and 77), all of which link Akron to the surrounding states and regions. For airline passengers, limousine service is available from the Cleveland Hopkins International Airport located to the north and the Akron-Canton Regional Airport, located to the south.

BUILDINGS

Many of the buildings on campus bear the names of prominent persons who are recognized for their contributions in administration, education, business, science, or University service. Major buildings include:

100 Lincoln Street Building. This building houses the Information Technology Services (Electronic Repair and Distributed Technology Services), Purchasing Department, Telecommunications Department and Office of The Vice President, Capital Planning and Facilities Management.

277 Broadway Street Building. This building houses the Department of Institutional Marketing

Administrative Services Building. This building houses the Office of the Associate Vice President for Business and Finance; Office of the Associate Vice President, Controller; Office of the Executive Director, Human Resources, and

Akron Polymer Training Center, The Akron Polymer Training Center at 225 East Mill St. is an instructional classroom and laboratory facility for Polymer Engineering and Engineering and Science Technology Polymer Science classes.

College of Arts & Sciences Building. Located at 290 E. Buchtel, the College of Arts & Sciences Building is occupied by the Dean of the Buchtel College of Arts & Sciences, Computer Science, Economics, Geography and Planning, History, Mathematics, Statistics, Psychology and 16 classrooms.

Athletics Field House. The building is adjacent to the Student Recreation Center and the Ocasek Natatorium and is one of the best indoor facilities in the nation. The field house features a full 120-yard Astro Play field, 300-meter six-lane Mondo track, 8,000-square foot strength and condition center, batting cages, indoor golf training facility, locker rooms, sports medicine and rehabilitation center and spectator seating

Auburn Science and Engineering Center. Named for Dr. Norman P. Auburn, 10th president of the University, this complex is one of the largest academic buildings in the state. This complex houses the College of Engineering Dean's office, the Engineering Co-op Office; Mechanical, Electrical, and Civil Engineering; as well as the Science Technology Library and Department of Biology and Biology Research Facility.

Ayer Hall. Named for the first dean of the College of Engineering, Frederic E. Ayer, Ayer Hall provides classrooms and offices for the Physics' department and Academic Achievement programs.

Bierce Library. This building is named for General Lucius V. Bierce, an Akron mayor, lawyer, historian, state senator, philosopher, philanthropist, and soldier. In addition to the book and periodicals collections, the facility houses audio-visual materials, maps, and microforms.

Buchtel Hall. Originally built in 1870, this structure was destroyed by fire in 1899 and rebuilt in 1901 (Buchtel Hall II). The administrative center of campus, Buchtel Hall was completely restored in 1973 following a devastating fire in 1971. It is the University's link with its predecessor, Buchtel College. It provides office space for numerous administrative officials of the University.

Buckingham Center. Located at 220 Wolf Ledges Parkway in the renovated Union Depot Building. This building houses the offices of the Associate Provost Multicultural Development, Office of Multicultural Development, Black Cultural Center, Academic Achievement Programs, classrooms and a repository of African-American history

Business Administration Building. This facility, located at 259 South Broadway, houses offices, classrooms, and laboratory facilities for the dean of the College of Business Administration, the George W. Daverio School of Accountancy, and the departments of Finance, Marketing, and Management.

Center for Child Development. This former Girl Scout regional headquarters building at 108 Fir Hill has been renovated to accommodate the University's Center for Child Development

Computer Center. This building located at 185 Carroll Street houses the University's Information Services offices, main computers, and workrooms.

Crouse Hall. Crouse Hall houses the Department of Geology, the Center for Environmental Studies, classrooms, and some of the College of Education offices.

E.J. Thomas Performing Arts Hall. Named for Edwin J. Thomas, prominent industrialist and dedicated member of the University Board of Trustees from 1952 to 1975, this cultural center was formally opened in 1973. Designed to accommodate concerts, opera, ballet, and theater productions, the hall is a masterpiece in architecture, acoustics, and creative mechanisms. It stands at the corner of University Avenue and Hill Street

Exchange Street Residence Hall and Retail Center. This recently completed complex will provide space for two- and four-bedroom apartments in addition to single occupant rooms. The ground floor will provide space for retail space and service

Folk Hall. This building, at 150 E. Exchange St., provides modern, well-equipped facilities for the Mary Schiller Myers School of Art. Studios are available for graphic arts, photography, drawing, painting, metalsmithing, ceramics, and computer design. The Emily Davis Art Gallery is also located in the facility.

Gallucci Hall. This building, located at 200 East Exchange Street, is a co-ed residence hall and home for the Hospitality Management Department and Crystal Room dining facility.

Mary E. Gladwin Hall. Housing the College of Nursing and biology laboratories, this building was named in honor of distinguished alumna Mary E. Gladwin (1887), who rendered unparalleled service to the nation during World War I. The \$10 million complex opened in 1979 and includes the administrative offices of the College of Nursing, faculty offices, the Center for Nursing, a Learning Resources Center that includes patient care simulation areas, an audio-visual center, and a state-of-the-art computer learning center.

Goodyear Polymer Center. This building, located at 170 University Avenue, houses offices for the dean of the College of Polymer Science and Polymer Engineering, the Vice President for Research and Dean Graduate School and the Office of technology Transfer. The facility features a 200-seat lecture hall, offices, classrooms, and research laboratories for the Institute and Department of Polymer Science.

Guzzetta Hall. Located at 157 University Avenue, Guzzetta Hall is occupied by the Dean of the College of Fine and Applied Arts and the Department for the School of Dance, Theater and Arts Administration, Firestone Conservatory and the School of Music in addition to student practice rooms, an experimental theater and a 300-seat recital hall.

James A. Rhodes Arena. This structure on Buchtel Common is connected to Memorial Hall by a pedestrian bridge and contains an intercollegiate basketball and volleyball arena with seating for 5,500. The facility also serves as a concert and special event venue, and houses an indoor walking/jogging track, physical education laboratories, classrooms, meeting rooms, department of intercollegiate offices, locker rooms, a sports medicine room and a ticket office.

Honors Complex and Residence Hall. This newly constructed facility, located at 180 and 188 South College Street, is home of the Honors College and

Hower House. Located on Fir Hill, this 19th-century mansion has been designated a Historic Place by the National Park Service.

Knight Chemical Laboratory. This complex is named in honor of Dr. Charles M. Knight, who taught the first courses in rubber chemistry at Buchtel College as early as 1909. Opened in 1979, the building houses the Department of Chemistry and features many innovative laboratories with the most sophisticated safety equipment, as well as classrooms and faculty and administrative

Kolbe Hall. Named for the first president of the Municipal University of Akron, this building was remodeled for the School of Communication. Additions to and remodeled space within the building have provided space for faculty and staff offices, TV studio areas, WZIP-FM radio station, computer labs and classrooms. The building also houses the Paul A. Daum Theater.

Leigh Hall. Leigh is named in honor of Warren W. Leigh, first dean of the College of Business Administration. This building is occupied by the offices of Distributed Education, Institute of for Teaching and Learning, and Institutional Research, in addition to The John S. Knight Auditorium.

Paul E. Martin University Center. Located at 105 Fir Hill, the Paul E. Martin University Center has changed from a private club serving dues-paying members to a University-operated restaurant and banquet center. The table service restaurant is open for lunch between 11:30 a.m. and 2 p.m. Business and departmental functions, banquets, receptions, and parties can be scheduled during the hours of 7:30 a.m. to noon. The office of the Department of Development is located on the upper floors of the building.

McDowell Law Center. Named for C. Blake McDowell, prominent local attorney, alumnus, and benefactor of the University, the center houses the School of Law. Opened in 1973, it provides space for the law library, classrooms, moot courtroom, appellate-review office, seminar rooms, and faculty offices. An addition provides library and support space, and a second expansion has linked McDowell Law Center to West Hall, providing additional administration office space. The law complex stands at the corner of University Avenue and Wolf Ledges Parkway.

Memorial Hall. Dedicated to the memory of Summit County men and women who died in World War II, this is the companion building to the Rhodes Arena. It contains the Office of Sports Science and Wellness Education, a multi-functional gymnasium with spectator seating, two smaller gymnasiums, a motor learning lab, a human performance lab, an athletic training lab, a weight training and fitness center, an athletics batting cage, and several classrooms.

Ocasek Natatorium. The natatorium houses an Olympic-size swimming pool with adjacent spectator seating area, and locker rooms and showers. The center also houses eight racquetball courts as well as weight room facilities. The natatorium is named for former Ohio State Senator Oliver Ocasek.

Olin Hall. Named in honor of Professor Oscar E. Olin and Mr. Charles Olin, this facility houses the following departments and institutes: Arts & Sciences Careers Program, Ray C. Bliss Institute of Applied Politics, Philosophy, English Language Institute, Sociology, Political Science, English, Modern Languages, Classical Studies, Anthropology, and Archeology.

Olson Research Center. This facility, adjacent to the new Polymer Engineering Academic Center on Forge Street, houses space for the Department and Institute of Biomedical Engineering and the Department and Institute of Polymer Engineering.

Physical Facilities Operations Center. This building, located at 146 Hill Street, houses physical facilities offices, craft shops, the central heating and cooling distribution center, and the Campus Police/Security Department.

The Polsky Building. The largest academic building in Ohio, this renovated downtown department store is home to the Summit College dean's office, and the departments of Business Technology, Public Service Technology, Allied Health Technology, and Associate Studies. Also located here are the University Archives, the Archives of the History of American Psychology, the School of Speech-Language Pathology and Audiology and its Audiology and Speech Center, the Department of Public Administration and Urban Studies, the School of Social Work, the Continuing Education Office, the Office of International Programs, the Graduate School's Office, the Office of Research Services and Sponsored Programs, and the Institute for Policy Studies offices, the Center for Health and Social Policy and Taylor Institute for Direct Marketing. A University food service facility and a campus bookstore are in operation on the High Street level (third floor).

Polymer Engineering Academic Center. This newly constructed 31,900 sq. ft. addition to the Olson Research Center houses departmental, faculty and graduate student offices, the Rubber Division offices of the American Chemical Society, classroom space and a 134-seat lecture hall.

Robertson Dining Hall. This building houses the cafeteria and a dining room for students.

Rubber Bowl. This off-campus stadium at 800 George Washington Blvd., four miles from campus, features an artificial turf playing field, seating for 35,000, locker rooms, concessions, and a press box.

Schrank Hall. Named for Harry P. Schrank, longtime member and chairman of The University of Akron's Board of Trustees. This complex, which adjoins Auburn Science and Engineering Center, is composed of two academic structures and a parking deck. Schrank Hall North contains space for Adult Focus, Biology, College of Engineering, Computer-Based Assessment and Evaluation, Summit College and Women's Studies. Schrank Hall South contains space for the School of Family and Consumer Science, ROTC-Military Science, in addition to Summit College's Engineering and Science Technology Department.

Simmons Hall. This building, located at 277 East Buchtel Avenue, is occupied by departments of Student Affairs, University College, and Business and Finance. Major services provided in this building are Admissions, Center for Career Management, Student Financial Aid, Office of the Registrar, University College, New Student Orientation, and Business and Finance (Student Financials).

Stitzlein Alumni Association Center. Named for Harry P. and Rainey G. Stitzlein, this recently remodeled building, north of East Buchtel Ave. at Fir Hill, houses the Office of The Alumni Association.

Student Recreation and Wellness Center. This complex houses facilities and services for student recreation and wellness as well as Intramural Sports and the Campus Infirmary, which provides health services for the University.

Student Union. The Student Union, located in the center of campus, serves as a hub for social and educational activities for students, faculty, and staff. This facility houses various food venues, a ballroom and meeting rooms, theater, game room, Computer Solutions — the computer technology store, DocuZip copy center, bank, Information Center, Ticketmaster outlet, Planet Underground — a DVD/CD store, Starbucks, Zip Card office and Barnes and Noble Bookstore. Visit our Web site at http://www.uakron.edu/studentlife.

Whitby Hall. Located at 200 Buchtel Common, Whitby Hall is named in honor of G. Stafford Whitby, a pioneer in the development of polymer science. This building is occupied by the Department of Chemical Engineering department offices; faculty offices and research labs; a computer lab and classroom.

Zook Hall. Named to honor George F. Zook, president of the University from 1925 to 1933, this Buchtel Common facility houses the College of Education offices of the Dean, Associate Dean for Academic Affairs and Assistant Dean for Student Affairs and admission advisement offices. Other facilities include a lecture room that seats 245, general classrooms, a science and mathematics classroom/laboratory, a distance learning classroom, a Center for Literacy, two technology-enhanced demonstration classrooms, two computer-training classrooms, and a multi-media laboratory.

FACILITIES AND EQUIPMENT

The University's addition of modern teaching aids demonstrates its recognition of the need, in this technological age, for up-to-date facilities and equipment. Many of these facilities are described below.

Buchtel College of Arts and Sciences

The **Department of Biology** houses greenhouses, controlled-environment chambers, an animal research facility, a molecular biology research center, modern laboratories, and equipment that includes advanced light microscopes (differential interference contrast, fluorescence), electron microscopes (scanning and transmission), scintillation counters, ultracentrifuges, DNA sequencing apparatus, and physiographs; vehicles, boats and a 400-acre nature preserve are available for fieldwork. Many biology courses use the department's student computer lab for review of multimedia presentations, data analysis, simulations, Internet and Web assignments, teleconferencing, scanning, word-processing, and printing.

The **Department of Chemistry** is located in the Knight Chemical Laboratory building. The department is home to state-of-the-art facilities for the spectroscopic identification and characterization of compounds. These include the centers for Laser spectroscopy, Mass spectrometry, Nuclear Magnetic Resonance spectroscopy, and X-ray crystallography. Students have access to the department's computer lab for internet and Web assignments, data analysis, computations, word-processing and printing. The Chemical Stores facility maintain an inventory of more than 1,100 items, including chemicals, glassware, and apparatus. Additional information about the department, faculty, and programs can be found on the department Web site located at www.chemistry.uakron.edu.

The **Department of Classical Studies, Anthropology and Archaeology** has a Macintosh-based computer lab which gives easy student access to a collection of several thousand original digital images of ancient Mediterranean buildings, artifacts and art works, to the Perseus program, a digital multimedia database on the Greek world (20,000 images and most of Greek literature both in Greek and in translation), and to the Internet and the Web. The lab includes an extensive suite of graphics software, three dual-monitor authoring workstations as well as desktop machines, flatbed and film scanners, and an accelerated 100 base-T local network connected to the University backbone. Digital investigation and creation are a regular part of most classes.

Interdisciplinary anthropology has laboratories for biological anthropology, cultural anthropology, and archaeology. The biological anthropology lab features hominid fossil casts. The cultural anthropology lab has workstations and software for a range of interview and analysis methods. The archaeological laboratory houses collections and equipment used for field research projects. Students use computers equipped with ArcGIS and qualitative software, and they access our collection of several thousand original digital images of ancient buildings, artifacts and works of art. They also work with the Perseus program, a digital multimedia database of 20,000 images on ancient Greece and its great literary works. Anthropology labs have dual monitor authoring workstations; desktop machines; flatbed and film scanners; and an accelerated 100 base-T local network connected to the University backbone. Digital investigation and creation are quite commonplace in anthropology classes.

The Department of Computer Science is located on the second floor of the College of Arts and Sciences Building. Students in Computer Science have access to a wide variety of computing facilities, operating environments, languages and software in laboratories maintained in and by the department. In addition to a PC lab, a UNIX lab and a Graduate Research lab, the department has two cluster computers available for research and instruction. Our facilities are state-of-the-art and provide a broad range of experience that is attractive to potential employers.

Department computers provide access to the Internet, the World Wide Web, and the computational resources of the Ohio Supercomputing Center in Columbus. In addition, there are connections to the VBNS Internet II network. Many department computers are accessible via the University dial-up lines or the Internet.

The proximity of the faculty offices to the computer laboratories encourages regular interaction between students and faculty. Staff members provide introductory seminars and are always available to assist and guide students. A friendly, informal, helpful atmosphere makes the department an enjoyable place to learn and gain practical

The **Department of Economics** is housed on the fourth floor of the College of Arts and Sciences Building in a modern office complex with space for both faculty and graduate students. Economics as a discipline has become increasingly analytic. The department has a computer laboratory for faculty and students. It is equipped with the latest equipment, running in a Windows environment. In addition, the department has a variety of software, including economic tutorials, word processing programs and SAS. The lab is also equipped with a laser printer. Network access allows students to search for books, journal articles, the latest economic data, etc., remotely from either Ohio Link or the World Wide Web. The lab is located in close proximity to the faculty offices which facilitates interaction between faculty and students, and enhances the students' educational experiences. Additional information about the department, the faculty, and the programs is available on the department Web site at www.uakron.edu/econ.

The Department of English is located on the third floor of Olin Hall. The department offers freshmen the opportunity to take composition classes in its state-ofthe-art computer classrooms. Students have the opportunity to submit written work for literary prizes every spring as well as apply for various English scholarships. The Department hosts the Literary Guild for students, runs a journal of creative writing for students, and sponsors an open mic night featuring poetry and fiction readings by students. Additional information about the department, the faculty, and the programs is available on the department Web site at www.uakron.edu/english.

The Department of Geography and Planning has an instructional computer lab and specialized labs for research and production work in cartography, geographic information systems (GIS), remote sensing, and soils analysis. These labs have a variety of cartographic, GIS, remote sensing, database, spreadsheet and statistical analysis software as well as digitizers, scanners, printers and plotters. The department also houses a diverse collection of maps, aerial photographs and satellite

The Department of Geology and Environmental Science has modern instrumentation for field and laboratory studies that include an environmental scanning electron microscope, automated electron microprobe, environmental scanning electron microscope, and automated x-ray diffractometer. An ion-coupled plasma spectrometer, atomic absorption spectrometer, ion chromatograph, and coal and sulfur analyzers support geochemical studies. Environmental magnetism and paleomagnetism of sediments are analyzed with an alternating gradient magnetometer, magnetic susceptibility equipment, spin magnetometer, alternating field demagnetizer, and a pulse magnetizer. Geophysical research is conducted with a gravimeter, field magnetometer, automated resistivity gear, seismic-surveying equipment, ground-penetrating radar, and a field gradiometer. In addition to the standard equipment used to prepare and analyze rocks and sediment, the department has Giddings Soil Probe, Zodiac boat, pontoon-supported aqueous drilling platform, one four-wheel drive vehicle, and two 15-passenger vans. Data analysis and presentation preparation are supported by a variety of modern computers, printers, and plotters.

The **Department of History** occupies one wing on the second floor of the College of Arts and Sciences Building. This new office complex includes a multi-media room for Web-based computer work in close proximity to faculty offices, enhancing students-faculty interaction. The endowed interdisciplinary Sally A. Miller Humanities Center is housed within the department and offers fellowships, sponsors speakers and runs pedagogical workshops. The online Journal of Northeast Ohio History, which offers both editorial experience and opportunities of scholarly publication, has its office in the department. The History suite contains three separate seminar rooms, where undergraduate and graduate students work closely with faculty. More information about the department can be found on its Web site: www3.uakron.edu/history.

The **Department of Modern Languages** has a Language Resource Center in Olin Hall. The Language Resource Center contains facilities for students to listen to audiotapes and view videotapes as a class or individually. Fourteen networked multimedia computers have software for additional language practice and foreign language word processing. Access to the World Wide Web provides students with the opportunity to both read and listen to up-to-date news and cultural information in foreign languages. Magazines and dictionaries are also available for student use. Additional information about the department and its programs is available on the internet at www.uakron.edu/modlang/.

The **Department of Philosophy** is located on the second floor of Olin Hall. It houses a small computer lab and a private library for philosophy students. Brief biographies and pictures of each faculty member in the department can be found on the University Web site at www.uakron.edu/philosophy/.

The **Department of Physics** is located on the first three floors of Ayer Hall. Facilities include research laboratories used for faculty and student research projects, laboratories for experiments associated with coursework and a computer lab for undergraduate and graduate student use, and smaller PC clusters for research. The department has an e-mail system and a Web page (http://www.physics.uakron.edu) for use by the faculty and physics students. Many instructors use this system to distribute course materials and entertain questions and feedback from students. The smallness of the department provides ample opportunity for interaction with all faculty members. This interaction combined with the laboratory space, computing facilities and reading room offer a diverse learning experience to the student in an attractive and hospitable environment.

The **Department of Political Science** maintains an instructional computer laboratory consisting of 16 computers. This laboratory is used by Political Science students assigned research tasks requiring improved computer and Internet skills.

The **Department of Psychology** is located on the third floor of the College of Arts and Sciences Building. The department maintains three computer labs that are available for undergraduate and graduate students in Psychology. All labs have access to the internet. Supported throughout the labs are statistical packages which include SAS, SPSS, MPlus and SurveyPro. Wordperfect and MS Word are available throughout the department for word processing. A full-time research programmer/analyst provides hardware and software support for the department and writes custom software for computerized research. In addition to the computer labs, a counseling clinic is maintained by the department and has videotaping capabilities for the study of counseling processes and outcomes. Also, the department's Center for Organizational Research engages in outreach to the greater Akron community and provides applied research experience for students. Additional facilities of the Psychology Department include: research areas for individual computer research and for small group behavior research, a Test Room where current psychological testing materials are kept, and an Undergraduate Advising Office for psychology students. Additional information about the department, its faculty, and its programs, is available on the Internet at http://www.uakron.edu/psychology.

The **Department of Sociology** facilities include research laboratories used for funded research projects. The Newman Library, providing many current professional journals, is open for students' use. The Department is also affiliated with the Institute for Health and Social Policy.

The Department sponsors the "Sociology Club" for undergraduates and hosts a chapter of the International Sociology Honor Society, AKD. Additional information about the department, its faculty, and its programs is available on the internet at http://www.uakron.edu/sociology.

The Department of Statistics maintains two instructional computer labs. One of these labs is used for class laboratory sessions for the general education mathematics requirement courses, Basic Statistics and Statistics for Everyday Life, and is located in the College of Arts and Sciences Building, Room 108. The other lab, located in the College of Arts and Sciences Building, Room 109, is being used for various undergraduate and graduate statistics courses. The Center for Statistical Consulting, housed in the department and maintained by the Buchtel College of Arts & Sciences, provides opportunities for students to gain valuable experience in the practical applications of statistics while interacting with faculty and clients.

The Department of Theoretical and Applied Mathematics is located on the second floor of the College of Arts and Sciences Building. It provides students in mathematics and applied mathematics with a wide variety of computing facilities, operating environments, programming languages, and software. These facilities are being constantly upgraded to maintain currency in a rapidly changing field. Most computers in the department also provide Internet access to encourage students and faculty to keep current on subjects of interest. Access to the facilities at the Ohio Supercomputing Center in Columbus is also available for undergraduate students involved in research. The department home page at www.math.uakron.edu provides updated information about the department, its facilities, faculty and programs.

The proximity of the faculty offices to the computer laboratories encourages regular interaction between students and faculty. The use of e-mails also enhances studentfaculty communication. Staff members provide introductory seminars and are always available to assist and guide students. A friendly, informal, helpful atmosphere makes the department an enjoyable place to learn and gain practical experience.

Summit College

Most offices and specialized laboratories of Summit College are located in The Polsky Building and Schrank Hall South. However, the college also uses portions of Gallucci Hall and Schrank Hall North. In addition, Summit College classes are frequently scheduled in classrooms all over the University campus and at off-site locations.

The programs in the Business Technology Department consist of Business Management Technology, Computer Information Systems, Hospitality Management, Marketing & Sales, and Office Administration. Computer Information Systems (CIS) offers hands-on experience to those students who are pursuing an associate degree as well as to those students who want to obtain one of the numerous certificates offered. The CIS program has a cluster of well-equipped computer labs to provide programming, microcomputer and networking classes. Each of our labs offers a variety of hardware and software to enable the students to experience different systems platforms and applications. CIS has partnerships with some of the largest software and hardware companies in order to offer professional certifications and maintain our leading edge. The Hospitality Management program is located in Gallucci Hall, where a complete restaurant (with kitchen and a 120-seat dining room) serves food to the general public as part of its curricula in restaurant management, culinary arts and hotel/lodging management. The Office Administration program has a model office lab and several computer labs dedicated to keyboarding, word processing, desktop publishing and computer-based graphic presentations, tape dictation, and information/records management.

The **Department of Development Programs** is located in Polsky 334. Its mission is to prepare UA students to achieve their personal and academic goals. Toward this end, it offers basic academic skills courses and, in conjunction with the Office of the Associate Provost for Student Academic Success, an array of academic support services. Basic skills courses are offered in writing, mathematics, and reading and study skills. To further support and maintain quality instruction in the General Education courses, Applied Study Strategies classes are offered to teach study skills applied specifically to challenging first-year courses. In addition to courses, Writing and Mathematics labs, the Study Skills Center, and peer tutoring are available to all University students. For the convenience of our students, tutoring and learning labs are available in two locations — on the third floor of the Polsky Building and on the second floor of Carroll Hall.

The Engineering and Science Technology Department is located primarily in Schrank Hall South. Many computer-related laboratories provide hands-on experience for students. The Drafting and Computer Drafting Technology program maintains two drafting laboratories and a new Computer-Aided Drafting Laboratory. The Computer-Aided Drafting Laboratory is equipped with microcomputer work stations utilizing AutoCAD and SolidWorks software. The Electronic Engineering Technology program provides a circuits laboratory, electronics laboratory, control system laboratory, digital circuits, and system laboratory equipped with personal computers and a facility for fabricating printed circuit boards. Computers in labs also contain industry grade software used in the design, simulation, construction and programming of circuits. The Mechanical Engineering Technology program maintains a mechanical design laboratory, a fluids and thermal laboratory, and a materials testing and metallographic laboratory. Manufacturing Engineering Technology labs include equipment for the study of robotics, CNC machining and programmable logic controllers. The Surveying & Mapping Technology program maintains two computerized laboratories; one for map generation and GIS/GPS activities, and one for surveying instrumentation studies and practices. The Construction Engineering Technology program area maintains two laboratories; one for investigating the properties of construction materials and a computer lab. The computer lab is used for teaching software associated with estimating, project scheduling and construction administration. In addition, the department has laboratories for physics (mechanics, electricity, heat and light), chemistry and programming

The **Allied Health Department** is located in Polsky 124. The following labs are dedicated to the Allied Health programs: Polsky 112 Respiratory Care, Polsky 121 for Surgical Technology and Polsky 123 to Medical Assisting.

The **Associate Studies Department** is located in The Polsky Building, Room 131. The department has two labs equipped with a total of 55 computers. Located in Polsky 295 and 297, these labs are primarily dedicated to English-area courses, such as Technical Report Writing, Writing for Advertising and Writing for the World Wide Web.

The **Public Service Technology Department** is located in the Polsky Building Room 161. The Criminal Justice lab, located in Polsky 202, houses 30 computers and is where the Criminal Case Management classes are conducted. A dedicated classroom for Criminal Justice is located in Polsky 167. The Fire Protection program's extensive lab is located in Polsky 227. A classroom wired for internet connection, Polsky 223, is shared by the Fire Protection and Emergency Management programs. The Community Services program has "interviewing skills" breakout rooms located in Polsky 151A, 151B, and 151C; its dedicated classroom is located in Polsky 152. The Early Childhood Development Program lab is located in Polsky 110C with designated multipurpose rooms 110A and 110B. In addition, the Early Childhood Development Program interfaces with The University of Akron Center for Child Development.

College of Business Administration

The **College of Business Administration** is located in the 81,000 square-foot, four-story College of Business Administration Building, which houses the college's offices, classrooms, computer laboratories, and advising services. The departments of Finance, Management, Marketing, the George W. Daverio School of Accountancy, the Fitzgerald Institute for Entrepreneurial Studies, the Fisher Institute for Professional Selling and the Institute for Global Business share the CBA. All undergraduate and graduate programs are fully accredited by AACSB International — The Association to Advance Collegiate Schools of Business, the most prestigious accrediting agency for business schools.

Tiered, amphitheater-style classrooms permit close contact between students and professors. The Milton and Henrietta Kushkin Computer Laboratory provides three computer classrooms, each equipped with 36 personal computers, and a homework laboratory for students with more than 75 computers. Each PC is equipped with current versions of word processors, spreadsheets, database managers, and multimedia software. All PC's are connected to the Internet.

The Carl V. and Clyde A. Fisher Sales Laboratory provides the college with six group lab rooms connected by one-way mirrors to a central monitoring and control room. Sophisticated audiovisual equipment permits the recording of activities in each lab room which can then be shown to students to provide immediate feedback. This facility is a key resource in college programs for training in sales, sales management, negotiation, leadership, and employment interview preparation.

The Goodyear Tire and Rubber Company Lecture Hall, the building's largest classroom, is equipped with a state-of-the-art audio-visual system capable of projecting textbook material, transparencies, slides, videotapes, computer screen images, and the like onto the room's 10-by-10 foot screen. Other classrooms also offer multimedia and internet capabilities.

The Gary L. and Karen S. Taylor Institute for Direct Marketing occupies approximately 32,000 square feet on the fifth floor of the Polsky Building, a block away from the CBA and connected by skywalks. The facility boasts a creative lab, an analytical lab, a call center, an applied research center, several direct response laboratories, a student learning suite, an entrepreneurial incubator, offices for the Institute and an executive education suite. The college's direct marketing and executive education programs are housed in these facilities.

Facilities for seminars, continuing education programs, and student organization meetings are provided in the John P. Murphy Executive Seminar Room and adjacent small-group meeting room.

Offices of the college's 15 active student organizations are located in the James Dunlap Student Organization Office Suite just off the atrium lobby. Student Organizations offer opportunities for development of social, professional, leadership, and networking skills through interaction with business professionals and other students.

College of Education

The offices, laboratories, and other facilities of the College of Education are located in Zook Hall, Carroll Hall, Crouse Hall, the James A. Rhodes Health and Physical Education Building, and Memorial Hall.

The **Department of Educational Foundations and Leadership** serves undergraduate and graduate students in the College of Education. The department serves undergraduate students by providing instruction in core courses in teacher education and postsecondary technical education. In the area of leadership, the department provides graduate courses in school administration and higher education administration. The department members also teach the core curriculum of historical, philosophic, psychological, and social foundations required in all graduate education programs. They teach, advise, and supervise problems, theses, and dissertations of students in their degree-granting graduate programs, the master's programs in Educational Foundations, the master's and doctoral programs in Educational Administration, the master's program in Higher Education Administration, undergraduate and masters programs in Postsecondary Technical Education, certificate in Technical & Skills Training and certificate in Postsecondary Teaching.

The **Department of Sport Science and Wellness Education** prepares students for careers in teaching, athletic training, exercise science, coaching and related recreational fields. There are laboratories for the study of exercise physiology, anatomy, athletic training, motor behavior, teaching skills (microteaching), and computer utilization in physical and health education. The department has access to the James A. Rhodes Health and Physical Education Building (classrooms, the main gym, an indoor running track, a multi-purpose room, and four teaching station areas), Memorial Hall (classrooms, as well as large and small gyms), Ocasek Natatorium (a classroom, a swimming pool, nine racquetball courts, and a weight room), Student recreation and Wellness Center (cardiovascular fitness area, weight training area) Athletic Field House (sports medicine equipment), and Lee Jackson Field (an outdoor running track). Each of these facilities and resources is used in the presentation of our undergraduate academic programs.

The Department of Curricular and Instructional Studies includes the areas of early childhood, middle childhood, secondary (adolescent to young adult), preschool to grades 12 (P-12) education and the areas of special education as an intervention specialist for early childhood (P-3 mild/moderate/intensive), mild to moderate (K-12) or moderate to intensive (K-12). Initial teacher preparation programs are available at the undergraduate, post-baccalaureate and master's degree levels. The early childhood program prepares teachers to teach age three to grade three. The middle childhood program prepares teachers to teach grades four through nine with specialization in each of two areas selected from reading/language arts, mathematics, science and social studies. The secondary program prepares teachers in grades seven to twelve to teach language arts, mathematics, science, social studies or family and consumer science (grades 4-12). The P-12 program prepares teachers of foreign language, music, dance, drama, or visual arts. Endorsements are available in reading and teaching English as a second language. The special education options prepare undergraduates as intervention specialists/teachers for children with special needs and graduate students to be master teachers and supervisors of special education programs. The University Center for Child Development, under the direction of the College of Education, provides child care for children while serving as an experimental learning site for teacher education students.

The Department of Counseling offers graduate programs leading to the Ph.D. as well as the Master's degree. The Ph.D. is offered in Guidance and Counseling (with specialties in Counselor Education and Marriage and Family Counseling/Therapy), and Counseling Psychology (a collaborative program with the Department of Psychology in the College of Arts and Sciences). Masters programs are offered in Community Counseling, Marriage and Family Counseling/Therapy, School Counseling and Classroom Guidance for Teachers. The department also operates a multidisciplinary clinic, the Clinic for Child Study and Family Therapy...

College of Engineering

The offices, undergraduate laboratories, classrooms, research facilities, machine shops, computer laboratories, and other facilities of the College of Engineering are located in the Auburn Science and Engineering Center, Schrank Hall North, Whitby Hall, and the Olson Research Building.

The graduates from the College of Engineering's undergraduate programs regularly achieve the highest scores in the State of Ohio on the Fundamentals of Engineering Examination, which is the first step in professional licensure. Student teams that participate in national student competitions consistently are in the top 10% of the competitors. More than 80 percent of eligible undergraduates elect to combine practical industrial experience with their academic studies by participating in the Cooperative Education Program, which is one of the oldest and most successful Cooperative Education programs in the United States

Every regular faculty member actively teaches at both the undergraduate and graduate levels while performing research and professional service to the community. The current active research centers include the Computational Mechanics Research Center, the Institute for Biomedical Engineering Research, and the Microscale Physiochemical Engineering Center. The College enjoys excellent relations with industry and the public sector. This relationship is formalized through the Engineering Advancement Council, which works actively on behalf of the College, and the Engineering Advisory Council.

The College's undergraduate programs in Chemical Engineering, Civil Engineering, Electrical Engineering, Mechanical Engineering, Computer Engineering, Mechanical Polymer Engineering and the Cooperative Engineering Program are fully accredited by the Accreditation Board for Engineering and Technology (ABET).

The College's new undergraduate program in Biomedical Engineering is under the direction of experienced faculty members and will be considered for ABET accreditation when eligible.

The master's programs in the College consist of departmentally administered Master of Science degrees in Chemical, Civil, Electrical, and Mechanical Engineering. The Dean's Office administers the Master of Science in Engineering degree with specializations in Biomedical Engineering, Polymer Engineering, and Engineering Management.

The Doctor of Philosophy in Engineering is offered in the interdisciplinary fields of Environmental Engineering, Mechanics, Systems Engineering, Materials Science, Transport Processes, Biomedical Engineering, Engineering Applied Mathematics, Chemical Reactions and Process Engineering, Microscale Physiochemical Engineering, and Polymer Engineering. This interdisciplinary degree integrates departmental disciplines and is administered by the Dean's Office. There is coordinated Doctor of Philosophy in Engineering Degree with Youngstown State University and a joint MD/Doctor of Philosophy Degree in Engineering with the Northeast Ohio Universities College of Medicine.

The **Department of Biomedical Engineering** is located in the Olson Research Center and has classrooms, instructional laboratories and research laboratories. The department provides educational opportunities at both the undergraduate level (BS Biomedical Engineering) and the graduate levels (MS and Ph.D. in Engineering). Biomedical engineering graduate students may also participate in the joint MD/Doctor of Philosophy in Engineering Degree program between the College of Engineering and the Northeast Ohio Universities College of Medicine.

Research faculty members in the Biomedical Engineering Department have strong research programs in biomechanics, instrumentation, signals, imaging and biomaterials are active participants in the Institute for Biomedical Engineering Research. There are nine major research laboratories located in the Biomedical Engineering Department.

The Musculoskeletal Biomechanics Laboratory is equipped with materials testing equipment and finite element analysis capabilities. This Laboratory can also evaluate and test medical and surgical procedures and applications.

The Human Interface Laboratory conducts research in virtual reality, telemanipulation, biofeedback therapy and minimally invasive surgery. The Rehabilitation Engineering Laboratory is equipped to conduct collaborative research on problems related to stroke, head injury and arthritic patients. The Biomedical Instrumentation Laboratory has continuous wave and Doppler ultrasonic equipment, temperature sensing devices, blood pressures and flow monitoring equipment.

The Vascular Dynamics Laboratory provides facilities to measure and analyze blood flow through steady and pulsatile in vitro models of cardiovascular importance using techniques such as flow visualization, 2-D laser Doppler anemometer and pulse Doppler ultrasound techniques.

The Motion Analysis Laboratory studies all aspects of human movement. This laboratory is equipment with a Vicon Motion Analysis System, two AMTI force plates, a MA-1—EMG system, and associated computer hardware and software.

The Biostereometrics Laboratory is equipped to perform spatial analysis using three-dimensional sensing technology, which includes a Kern Maps-200 Digitizing System and a JK Laser Holographic camera for laser holographic interferometry.

The Biomaterials and Tissue Engineering Laboratory provides equipment infrastructure to investigate all aspects of biomaterials. The facility includes a wet lab for formulation, development and analysis of biomaterials, including medical applications for nanotechnology. The tissue culture lab has equipment to investigate the interactions of cells and tissues with biomaterials and to develop tissue engineering scaffolds for developing therapies in regenerative medicine.

The **Department of Chemical Engineering** is located in Whitby Hall with undergraduate laboratories in the South Tower of the Auburn Science and Engineering Center and research laboratories in the North Tower of the Auburn Science and Engineering Center. The department provides educational opportunities for students at both the undergraduate and graduate levels in Chemical Engineering. Undergraduates may earn Specialization in Polymer Engineering and Biotechnology by taking appropriate courses.

A major feature of the Undergraduate Laboratory is the 24 feet high distillation unit with the Corning Glassplant 6-inch and 12-inch columns configured as a 12-plate bubble-cap column, an 8-foot high packed-bed column, and control systems. The laboratory has a pilot plant with a 5-gallon agitated reactor and a packed-column stripping facility. Laboratory experiments include a fluid flow measurement apparatus, heat transfer study systems, ion exchange for separation, microporous material synthesis in a well mixed reactor, and enzymatic material synthesis. The undergraduate laboratory is associated with a variety of courses and is available for individual and team research projects. Demonstration units for biochemical degradation, chemical precipitation, and reverse osmosis are available as well as analytical instrumentation including atomic adsorption and gas chromatography.

The Department of Chemical Engineering has an Undergraduate Computer Laboratory with excellent on-line computer access and up-to-date software. Software programs include word processing, numerical calculations and programming, process simulation software (ChemCAD), and computational fluid dynamics software (CFX). Students studying process dynamics and control make use of our Unix based UltraSparc workstations, National Instruments process data acquisition hardware and software, as well as a variety of engineering software packages including Matlab, Mathematica, Maple, and Control Station. Undergraduate Design Laboratories are available for honors research, individual design projects, and team

The Applied Colloid and Surface Science Laboratory has a state-of-the-art laser light scattering facility including a Lexel argon-ion laser, a vibration isolated optical bench, a Brookhaven correlation and probability analyzer, FTIR-Ramen, TGA, and an IBM PC-based data acquisition system. The Biochemical and Environmental Bioengineering Laboratory is a satellite center of the Ohio Bioprocessing Research Consortium, housing a state-of-the-art HPLC-MS with additional luminescence, UV/VIS, and RI detectors. The labs are well equipped with several bioreactor assemblies, Sorvall RC-5C refrigerated super centrifuge, Perkin-Elmer UV/VIS spectrometer and LS-50B luminescence spectrophotometer, and on-line NAD(p) H fluorometers. The Biomaterials Laboratory is available for polymer synthesis and storage include a nitrogen hood, Sephadex separation columns, an oil bath, a dry bath, a vacuum oven, a Buch rotary evaporator, and a Labconco lyophilizer.

The Catalysis Research Laboratory is equipped with high pressure and high temperature IR reactor system with a Nicolet Magna-IR 550 Spectrometer Series II, a Nicolet Magna-IR 560 Spectrometer E.S.P. and a Balzers Prisma QMG 200 Mass Spectrometer for in situ catalyst preparation, in situ characterization, temperature programmed desorption of NO, H2, and CO, and in situ reaction studies.

The Multiphase and Solids Processing Laboratory is equipped to do research in filtration and flows through porous media. The labs are equipped with a gamma ray instrument for measuring porosity of packed columns and filter cakes, a Frazier Test to measure air permeability of filter media, a Hiac Royco BR8 particle counter, a Zeta Meter and a Brookhaven EKA Streaming Potential instrument for measuring zeta potentials. An optical system is set up to measure particle sizes and size distributions. The Nonlinear Control Laboratory is equipped with Unix based workstations and a variety of engineering software packages.

The Supercritical Fluids Laboratory, a key lab in the Ohio Supercritical Fluid Technology Consortium, is equipped with FTIR/RAMAN/ATR, GC/FID/TCD high pressure phase behavior apparatus, Berty Reactor, 1-liter stirred Reactor, dynamic light scattering, mechanical testing and high temperature GPC. The Thin Film Laboratory is equipped with plasma systems, thermal chemical vapor deposition, and in situ microbalance.

The **Department of Civil Engineering** is located in the Auburn Science and Engineering Center and Schrank Hall North and has five major laboratories. In the Environmental Engineering Laboratory, students learn to analyze water, wastewater and contaminated soils to assess its quality and to determine the most effective treatment techniques. Laboratory equipment includes UV-visible spectrophotometers, respirometers, gas chromatographs, high-performance liquid chromatographs, toxicity analyzers, an atomic absorption spectrophotometer, and a total organic carbon analyzer. Water and wastewater analytical kits are available for field studies.

The Wendell Ladue undergraduate computer room is equipped with personal computers and associated facilities for civil engineering students for both class and personal use

In the hydraulics laboratory a tilting flume enables the student to visualize water flow in streams and rivers. A pressurized pipe module is used to study frictional losses in different size pipes. Instructional laboratories introduce several hydraulic software tools such as FlowMaster for pressurized pipe and open channel flow calculations, EPANet, for water distribution pipe network analysis, HEC-RAS, for calculating water surface profiles for natural streams and channels, and Water CAD.

In the soil mechanics and foundation engineering lab, a student learns how to analyze soil by a variety of tests and equipment to determine shear strength, compaction characteristics, and consolidation. In addition to the standard equipment for routine testing, the laboratory has a computer-controlled cyclic triaxial testing system, flexible wall permeameters, and particle image analysis systems.

In the structural materials laboratory, students have the opportunity to observe the experimental verification of the behavior of structural materials, members and connections subjected to tension, compression, bending and torsion. Physical testing is accomplished through the use of two universal testing machines with a maximum capacity of 500,000 lbs., five closed loop servohydraulic testing machines with a maximum capacity of 100,000 lbs., a load frame used to test full scale members and structural systems and a Charpy impact machine. One of the closed loop machines has the capability to apply both axial and/or torsional loads. Further, a full array of data acquisition equipment is available.

The transportation lab is equipped with a complete signal control system supported by video and laser speed/range detection systems to provide traffic data for systems operation and analysis. The global positioning system tracks the position of probe vehicles on transportation network and the spread spectrum radio transmits the video and traffic data from one such system to another wirelessly.

The **Department of Electrical and Computer Engineering** is located in the South Tower of the Auburn Science and Engineering Center. The Department has an undergraduate program in Electrical Engineering and an undergraduate program in Computer Engineering. Both programs take advantage of the learning facilities that are available in the Department of Electrical and Computer Engineering which includes laboratories for the study of circuits, analog and digital electronics, control, computers, energy conversion, microprocessor interfacing, power electronics, and electromagnetics/microwaves. Laboratories follow instruction to help the student apply the material learned in class.

In the circuits laboratory students learn the basics of circuit design, instrumentation and measurements. The laboratory is equipped with digital oscilloscopes, digital volt/ampere meters and other basic measuring equipment.

The analog and digital electronics laboratory builds on the circuits sequence and introduces the student to more advanced design tools and concepts, including computer simulation of circuits. In addition to digital oscilloscopes, the laboratory contains signal generators and the like, specialized equipment such as a transistor curve tracer, single-board microcomputers, development systems, personal computers and other specialized instruments.

The computer laboratory is an open laboratory with free access to students. The laboratory contains networked personal computers with all software necessary for other courses, as well as word processing and networking software. The laboratory also serves courses in computer engineering and many elective courses and for research purposes.

The two control laboratories teach the basics of analog and digital control. The laboratories are equipped with digital measuring equipment, analog and digital computers and interfacing components.

The energy conversion laboratory teaches electric machines, energy conversion, and machine control. The laboratory is equipped with motors, generators and controllers, both digital and analog. Emphasis is placed on computer control of machines

The microprocessor interfacing laboratory is dedicated to interfacing the computer to the outside world. Students learn how to connect devices to computers, how to program them, and how these can be used in design. The laboratory uses a variety of real-world designs and projects to keep students up to date on this important engineering activity. The equipment in the laboratory includes personal computers, single-board micro computers and industrial controllers in addition to measurement equipment and components.

The power electronics lab is taught as part of a power electronics course and teaches design of power components and circuits for operation at high voltage, high current and high power. Digital controllers and all digital measuring equipment account for a very modern laboratory.

The electromagnetics/microwave laboratory uses basic experiments in transmission lines, waveguides and antennae to teach the principles involved. In addition to the basic equipment, the laboratory has a shielded room for specialized measurements.

A regularly updated computer laboratory is available for modeling and software development projects in all courses. The senior design project laboratory provides bench space and instrumentation for assembly and test of team projects.

Additional laboratories signal processing and advanced control exist as part of elective courses.

The **Department of Mechanical Engineering** is located in the Auburn Science and Engineering Center and maintains laboratories that are used by the undergraduate programs in Mechanical Engineering and the undergraduate program in Mechanical Polymer Engineering. The undergraduate program in Mechanical Engineering is staffed by mechanical engineering faculty and the undergraduate program in Mechanical Polymer Engineering is staffed by faculty from the Department of Polymer Engineering and the Department of Mechanical Engineering. Polymer specialization courses for the Mechanical Polymer Engineering Program are dual listed under the Department of Polymer Engineering and under the Department of Mechanical Engineering.

There are eight laboratories in the Department of Mechanical Engineering. The Thermal and Fluid Science Laboratory has internal combustion engines, a gas turbine, a supersonic wind tunnel, a subsonic wind tunnel, and a water tunnel. The Heat Transfer Laboratory has temperature measurements systems, a gas laser, and a spectrum of heat exchangers.

The Mechanical Measurements Laboratory has a complete complement of transducers, calibration equipment and standards, signal conditioners, analog recording devices and microprocessor-based digital data acquisition systems. The Materials Testing Laboratory has a computer controlled servohydraulic structural testing machine and a uniaxial universal testing machine for performing static, quasistatic, cyclic and dynamic tests on a spectrum of engineering materials and several types of hardness testing equipment.

The Parker Hannifin Motion and Control Laboratory has hydraulic and pneumatic servo systems as well as several pilot systems controlled by PLCs and computer controllers.

The Experimental Mechanics Laboratory has photoelastic strain measuring equipment and associated facilities, coupled with a complete range of strain gage instrumentation for both static and dynamic measurements. The Mechanical Design Laboratory has several major software packages for computer-aided design connected to the College's Engineering Computer Network Facility (ECNF). The System Dynamics and Controls Laboratory is composed of several microprocessors, analog computers, and digital controllers, as well as equipment for process control and robotics.

The Micro Electro Mechanical Systems (MEMS) Laboratory has instrumentation to build and characterize MEMS devices.

The Vibration and Acoustics Laboratory has electromechanical shakers, sound pressure level instrumentation, and frequency spectrum analyzers for modal analysis. The Metallography and Failure Analysis Laboratory has a complete set of metallographic instrumentation for microstructural analysis of both conventional and advanced engineering materials, and electron microscopes for analysis of failure. Undergraduates in the Mechanical Polymer Engineering program use laboratory

facilities in the Department of Polymer Science, the Department of Polymer Engineering, and the Maurice Morton Institute of Polymer Science in addition to the laboratories in the Department of Mechanical Engineering.

The facilities in the Department of Polymer Science contain extensive laboratories for polymer synthetic chemistry and for the characterization of macromolecules and polymer morphology. A nuclear magnetic resonance laboratory is maintained with several high-resolution instruments. The applied research section of the Maurice Morton Institute of Polymer Science operates a variety of analytical and compounding / processing laboratories to serve the needs of industry and government agencies for a reliable source of problem solving and data. Processing laboratories include unique blending/compounding and molding facilities.

The Akron Polymer Training Center serves as a laboratory for the processing and testing of rubber and plastic materials. This Center provides classrooms and laboratories for undergraduate students in the Mechanical Polymer Engineering program. The laboratories available in the Department of Polymer Engineering include the Extrusion Laboratory, the Electromagnetic Radiation and Electron Optics Laboratory, the Thermal and Dielectric Laboratory, the Rheological Laboratory, and the Mechanical Laboratory.

College of Fine and Applied Arts

The mission of the Mary Schiller Myers School of Art is to provide a high quality education and leadership in the fine arts, art history, design and art education. We seek to provide excellence in teaching, research and community service, contributing in the visual culture of the region. The Myers School of Art combines a strong foundation program with high quality programs in eight studio areas as well as art history and art education. The faculty consists of practicing artists, designers and scholars who combine a dedication to excellence in teaching with creative and scholarly practice. The large number of faculty offers a diversity of approaches to art. An excellent faculty-to-student ratio and faculty mentoring allow extensive individual instruction. We offer two degrees designed to meet the needs of both our traditional and non-traditional students. The BA emphasis affords an opportunity for those interested in a broad background in the arts or work in related fields, while the BFA provides solid training and preparation for professional practice and life-long learning. We recognize that there are many kinds of excellence. Our mission is to determine and encourage these within our diverse student body.

It is also our mission to offer our expertise and resources as professionals to the Akron and Northeastern Ohio communities. Strong exhibition programs, visiting artists and lecture series that are open to the public are one way to accomplish this. We also encourage our faculty to provide leadership and services to the community as working artists, designers, speakers, exhibition jurors and consultants.

The School of Communication features a television classroom/studio and a wide complement of supporting audio and video equipment, including graphics generators and linear and non-linear editors. Portable audio and video equipment is available for location use. There is an audio recording facility with multitrack capability. The School also houses radio station WZIP, an on-air 7,500 watt FM radio station serving Northeast Ohio. WZIP-FM is operated by UA students under the supervision of professional broadcasters and gives students an opportunity to develop skills in broadcasting and communication through the completion of on-air assignments. A multimedia production/editing laboratory-classroom supports class instruction. News, publications, and other writing classes have access to Macintosh and PC computer laboratories with complete desktop publishing layout, graphics, and print capabilities. The School works in cooperation with local organizations, non-profit groups and professional agencies in an internship program for upper-level students.

The School of Speech-Language Pathology and Audiology provides preprofessional and professional training to students who wish to become speech-language pathologists and/or audiologists. The School houses the Audiology and Speech Center, which functions as a practicum training arm as well as a service agency for persons in the region who have speech, language, and/or hearing problems.

The School of Dance, Theatre, and Arts Administration is located in the new Guzzetta Hall addition. The activities in the Dance Program include the undergraduate dance programs for the B.A. in Dance with a Business Cognate and B.F.A. degrees in Dance, Multi-age License in Dance, dance minor, the Dance Institute for students ages 8-18, and continuing education for adults. There are seven technology enhanced studios, each with mirrors, barres, sprung marley floors, and pianos. There also is an athletic training room with a graduate assistant athletic trainer and a jacuzzi. Annual performances are held in the intimate Daum Theatre in Kolbe Hall, and E.J. Thomas Performing Arts Hall. The University of Akron is an accredited institutional member of the National Association of Schools of Dance. The Theatre Program offers a B.A., B.A. in Theatre Arts, Multi-age License in drama/theatre, and graduate programs in Theatre and Arts Administration. It utilizes three different performing spaces to present its annual season of two to four productions. Guzzetta Hall houses the versatile "black box" experimental Sandefur Theatre as well as rehearsal, teaching, and shop facilities. Kolbe Hall is the site of the 244-seat Daum Theatre, complete with support facilities. This conventional proscenium theatre is the home of theatre productions, as is E.J. Thomas Performing Arts Hall. Student productions are performed in Studio 28, Sandefur Theatre, and Daum Theatre.

The School of Family and Consumer Sciences is housed in Schrank Hall South and is accredited by The American Association of Family and Consumer Sciences. The School provides education in nine undergraduate and five graduate programs, including Child and Family Development, Child Life, Family and Consumer Sciences Teacher Education, Dietetics, Food and Consumer Sciences, Fashion Merchandising, and Interior Design. Nine laboratories, including a Computer Center, are available for student learning experiences. All programs provide community experiences through internships, clinicals, and student teaching. These programs have active Advisory Committees of community professionals who provide advice and networking assistance. The School's Center for Family Studies offers a variety of certificate programs, including Divorce Mediation, Home Based Intervention and Case Management. In cooperation with the College of Education, the School maintains the Center for Child Development for the study of child development and teacher education. The School houses the Program for Nutrition Intervention which is the service learning, outreach, and research arm of the Division of Nutrition/Dietetics, and provides nutrition assessment and counseling services to the University community.

The School of Music is housed in Guzzetta Hall and also utilizes the E.J. Thomas Performing Arts Hall. Guzzetta Recital Hall seats 250 and is equipped with a pipe organ, harpsichord, two concert grand pianos, and a recording booth. The Music Computer Center is equipped with Macintosh computers and MIDI/sound and video equipment. An electronic music studio features digital and analog multitrack recording and sound synthesis equipment for music composition. Classrooms, studios, and 40 practice rooms (acoustical sound modules) are used for teaching, rehearsals, and prac-

The School of Social Work offers CSWE-accredited professional training to social work students by linking them to a variety of local health and human services community agencies and organizations. The strong commitment and interaction with a network of agencies in the community serves as a laboratory for students.

College of Nursing

The College of Nursing, located in Mary E. Gladwin Hall, provides professional nursing education at the baccalaureate, master's and doctoral levels. The College is approved by the Ohio Board of Nursing and the baccalaureate and master's program are accredited by the Commission on Collegiate Nursing Education. The College has a Student Affairs Office which provides academic advising services to prospective and prenursing students. The College contains a state-of-the-art Learning Resource Center, including a computer laboratory exclusively for nursing students. The Center for Nursing within the College is closely linked to the Akron community and is used by faculty and students for community service, practice, education and research. The College of Nursing also has a Center for Gerontological Health Nursing and Advocacy whose primary goal is to improve the health care and quality of life for elders.

The baccalaureate curriculum is a six-semester clinical sequence after completion of University and college prerequisite courses. Students have practice experiences in a variety of settings including hospitals, clinics, rehabilitation agencies, long-tern care facilities, community health agencies, mental health agencies, pediatric agencies and home care settings.

The LPN/BSN sequence is designed for licensed practical nurses who wish to obtain a baccalaureate degree in nursing. The program itself, after completion of the prerequisites, is 2-1/2 years in length, full-time. A part-time option is available. The RN Advancement option offers two career pathways to meet the needs of registered nurses. The RN/BSN sequence is designed for nurses who wish to obtain a baccalaureate degree in nursing. The RN/MSN sequence is designed for the experienced nurse who wishes to go on to graduate study to prepare for advanced nursing practice roles. Students wishing to begin work on their master's degree (RN/MSN option) may do so while meeting the baccalaureate requirements. Additional admission requirements and a graduate nursing research class (Inquiry I) are part of the RN/MSN option. Continuation in the graduate program is predicated on meeting graduate program requirements and acceptance into the graduate nursing program. The RN Advancement option is offered on the Akron campus as well as the campuses of Lorain County Community College and Wayne College in Orville.

The Master's Program includes advanced practice options as a clinical nurse specialist, nurse practitioner, or nurse anesthetist and an advanced role option in nursing service administration. Advanced Role Preparation in Nursing Educator Role and Nursing Management and Business Certificate Programs are also available. Advanced practice specialties include adult/gerontological health nursing, behavioral health nursing, child and adolescent health nursing and nurse anesthesia. Postmasters certificate programs include adult/gerontological health nursing, behavioral health nursing, and child and adolescent health nursing and nurse anesthesia. Core courses in the Master of Science in nursing program are offered via distance learning from the Akron campus to the Lorain County Community College (LCCC) campus.

The **Doctoral Program** in nursing is a joint Ph.D. program with Kent State University. It is the first Joint Doctoral Program in Nursing in the state of Ohio. The curriculum focuses on the development and testing of theories and models of nursing science and nursing practice, the consideration of the social, political, legal and economic implications of health care policies and practices, and the dissemination of knowledge.

College of Polymer Science and Polymer Engineering

The College of Polymer Science and Polymer Engineering offers only graduate degrees leading to the Master of Science and Doctor of Philosophy in both Polymer Science and Polymer Engineering. In addition, there are elective courses in both polymer science and polymer engineering for undergraduate science and engineering majors. Options which emphasize polymer engineering have been developed with the College of Engineering through the Departments of Chemical Engineering and Mechanical Engineering for undergraduate students interested in the polymer industry. Options have also been developed in the college of Arts and Sciences in Chemistry and Physics which emphasize polymer science. In addition, an interdisciplinary undergraduate program leading to a degree in Mechanical Polymer Engineering, approved by the faculties of the colleges of Engineering and Polymer Science and Polymer Engineering was started in fall 1995. Students in this program are administered in the College of Engineering, and the program is described in that section of this Bulletin.

The facilities of the **Department of Polymer Science** and the **Maurice Morton Institute of Polymer Science** support fundamental and applied research in polymer chemistry, physics, and many aspects of polymer behavior. There are extensive laboratories for polymer synthetic chemistry and for the characterization of macromolecules and polymer morphology. The macromolecular modeling center provides state-of-the-art computer modeling capabilities for research, and provides a way to introduce chemistry students in local high schools to computer modeling. A nuclear magnetic resonance laboratory is maintained with several high-resolution instruments supervised by a professional staff. The applied research section of The Maurice Morton Institute of Polymer Science operates a variety of analytical and compounding/processing laboratories to serve the needs of industry and government agencies for a reliable source of problem solving and data. The total value of major instrumentation and equipment housed in the polymer science laboratories exceeds \$15 million.

The Department of Polymer Engineering and Institute of Polymer Engineering maintain a broad-based range of processing, structural, and rheological/mechanical characterization facilities. Processing facilities include unique blending/compounding facilities with five twin-screw extruders, a microscale compounder, and seven internal mixers including flow visualization capability; eight single-screw extrusion lines for plastics and rubber, with ultrasonic and sound waves and rotational mandrel dies, and with single/multiple bubble tubular film and cast film extrusion capability as well as two biaxial film stretchers. Molding facilities include screw injection molding capability of five machines, blow molding, plug assist thermoforming and compression molding, filament winding and pultrusion processing for composites. Characterization capability includes scanning electron and atomic force microscopy, X-ray diffraction (including a rotating anode X-ray generator), Fourier transform infrared, small angle light scattering, optical microscopy and retardation, radiography, differential scanning calorimetry, thermogravimetric analysis, dielectric thermal analysis, and surface profiling, rheological and mechanical testing, including rotational and capillary shear rheometry, dynamic mechanical, tensile and impact testing.

The **Akron Polymer Training Center**, which serves as a laboratory for the processing and testing of rubber and plastic materials, was opened in June 1994. The Center was developed at the urging of the Akron Regional Development Board and EPIC, an industrial-government-university consortium, to train machine operators and technicians for the polymer industry. The Center also provides classrooms and laboratories for graduate students in Polymer Engineering, for undergraduate students in Mechanical Polymer Engineering, and for two-year associate degree students in Polymer Technology as well as continuing education courses for scientists and engineers.

University Libraries

Library facilities are housed in three separate locations: in Bierce Library on Buchtel Common; the Science Library in Auburn Science and Engineering Center, Room 104; and Archival Services in the Polsky Building, lower level.

Library services include reference and research assistance, user education, bibliographic instruction, and computer-based information searching. Materials can be borrowed from the University Libraries through the circulation department or obtained from other libraries through the OhioLINK network or other resource-sharing arrangements.

The University Libraries' collections contain more than 2.8 million items: books, periodicals, government documents, curricular materials, microforms, maps, audiovisual materials, and archival documents. The library receives nearly 14,000 magazines, journals, newspapers, and other serial publications.

Through the library's memberships in the Center for Research Libraries, the Ohio Library and Information Network, the Online Computer Library Center (OCLC), and the Ohio Network of American History Research Centers, access to vast resources is greatly increased for University students, faculty, and staff.

University identification cards function as library cards. Group study rooms, photocopy services and equipment for use in making paper copies from microforms are available in Bierce Library and in the Science Library. Students may use one of the 180 circulating laptop computers available in Bierce and Science libraries.

Audiovisual Services, located in Bierce Library, Room 63B, maintains an extensive centralized collection of media hardware and audio-visual resources for student and faculty use. It also has a collection of instructional materials in various media formats (filmstrips, slides, etc.) to supplement classroom instruction. Audio Visual Services also designs, installs, and maintains technology-enhanced general purpose classrooms, offering permanent in-room projection, sound reinforcement and a sophisticated media retrieval system.

Information Technology Services Division

Providing Information Technology (IT) Direction, Services and Support for The University of Akron.

The Information Technology Services (ITS) Division supports all of the University's technology needs including data and communications. In today's University environment, professors, students, administrators, and staff use the same technology and products. Personal productivity tools, network connectivity, and services provide a common infrastructure for the dissemination of information and communications.

The ITS Division is preparing for the University's future technology needs with an emphasis on the continued convergence of voice, video and data networks into a single digital network environment.

Distributed Technology Services provides technology and software support services for the campus community. Computer Solutions, a unit of DTS, is the central point of computer hardware and software acquisitions for students, faculty, staff, and departments.

Computer Labs: A combination of 270 Dell and IBM wireless laptops are available for two- and four-hour loans in Bierce Library, room 361, the Science & Technology Library, Circulation desk and the Student Union, information desk. The wireless laptops can be used anywhere within the libraries and Student Union to access the internet, to get mail, or to do class assignments. Two general purpose computer labs for students are located in the Polsky Building, Room 267 and the College of Arts & Sciences building, Room 103A. Each is equipped with 20 state of the art Windows desktop PCs, HP printers and scanning stations.

Both the wireless and general purpose labs have the same productivity tools such as Microsoft Office, Adobe e-Books, SPSS and SAS. All computers have internet and e-mail capabilities.

Internet Kiosks 90 strategically placed internet kiosks provide instant access to email and web registration on campus.

Student Computer Support Services provides University of Akron students with knowledgeable assistance in the setup and operation of their personal computer equipment. SCSS will install University approved software and assist in installing hardware and peripherals, which will enable you to connect to the University computer network and the internet. SCSS will also provide hardware diagnostics, software diagnostics (within reason) and basic troubleshooting. SCSS will not install or troubleshoot any software or hardware relating to games. If a hardware problem is found or suspected, our student technicians will give you an idea as to where the problem lies, so that you can seek assistance from your hardware provider or service center. SCSS can also help you set up your dial-in access to the University Computer Network as well as direct network connections or wireless for residence hall students.

SCSS will install (you must have the original media) and troubleshoot the following software products:

- Microsoft Windows XP, XP Home, 2000, ME, 98
- Microsoft Office 2003, 2000, 98
- Microsoft Publisher
- Adobe Acrobat Reader
- Hummingbird Remote Job Entry
- McAfee Virus Scan software
- Dial-up support

**Please note that all Microsoft software must be purchased by the student prior to installation. An agreement between the University and Microsoft. allows the university to sell Microsoft software products to University of Akron students through Computer Solutions, at significantly reduced prices.

Location: The Lincoln Building. 100 Lincoln St., Room 103; (330) 972-7626

Hours of Operation: Monday-Friday, 7:30 a.m. - 5 p.m.

Computer and Laptop Repair: The University of Akron Electronic Repair and the Bierce Laptop Service Center are the certified service centers for the IBM laptops as well as for Apple, Dell, Gateway, and HP computers products. Service for the laptops is provided as a carry in service. Electronic Repair is located in the Lincoln Building, Room 103, (330) 972-7626.

Hours of operation: Monday-Friday, 7:30 a.m. - 4 p.m.

Technology Learning Support Services (TLSS) provides the campus community with support services for computing hardware and software. Walk-in Support Centers combined with Laptop checkout areas are convenietly located across campus.

Walk-in Zips Support Centers

Bierce 69

Hours of operation during the Fall and Spring semesters:

Monday - Thursday: 7:30 a.m. - midnight Friday: 7:30 a.m. – 9 p.m. Saturday: 9 a.m. - 8 p.m. Sunday: noon - midnight

Summers hours are modified and are posted on the Web page.

Computer Solutions, a unit of TLSC, is the central point of computer hardware and software acquisitions for students, faculty, staff and departments.

Computer Solutions is a higher education reseller of computer hardware, software and many peripheral devices. Its customers are current accredited students, current employees and departments of The University of Akron. Educational pricing allows Computer Solutions to provide the lowest prices to its customers. Computer Solutions also offers a variety of services to students, faculty, staff and departments of the University.

State-of-the-art Apple, Dell and Gateway desktops and wireless laptop computers can be purchased at Computer Solutions, located in the Student Union. The wireless laptops can be used in any on-campus building or outdoor green space. Wireless laptop computers are used by the faculty for teaching and research.

Computer Solutions has licensing agreements with Microsoft, Adobe, SPSS, SAS and Macromedia. Many other education and business software products are also available. The software can be purchased at greatly reduced prices.

Web page: www.uakron.edu/its/compstore Location: Student Union, Room 307 Hours of operation: Monday-Thursday 8 a.m. - 6 p.m.

Friday 8 a.m. – 5 p.m.

Software Training Services develops web-based tutorials and documentation for student self-service applications, the portal (ZipLine), WebCT, and email (WebMail). For more information, visit Software Training Service's web site at http://www.uakron.edu/its/learning/training/index.php.

Computer Based Assessment & Evaluation provides support to students who are required to take surveys, assessments and tests online. The testing lab is located in Carroll Hall 325 and reservations for test appointments can be made at http://cbt.uakron.edu. CBA & E provides support for the following:

- Develops and delivers tests, surveys and other assessment instruments on a variety of platforms.
- Administers academic computer testing in a secured, proctored
- Administers placement testing for incoming university students.
- Develops specialized test and system applications.

Design and Development designs, develops, implements, administers and supports Web-based, Web-enhanced and multimedia applications at The University of Akron. Out team is composed of instructional, curriculum, graphics and multimedia designers and producers.

- We provide a Web presence for traditional and online courses by creating and supporting courses using an e-learning system, currently,
- We support departments in the design and development of online programs and courses that provide access and interaction.
- We support faculty in the design and development of Web-based and Web-enhanced course materials, including multimedia and
- We support students in accessing and using these courses.
- We provide digital photography and imaging, videotaping and editing and production for courses, other university initiatives and community
- We offer live and on-demand video streaming and hosting.
- We offer Web site design and other graphic design for a variety of
- We explore emerging technologies and how they can be used to enhance teaching and learning.

For further information, contact Design & Development Services at (330) 972-8290.

- To troubleshoot a WebCT issue on your own, navigate to https://www.uakron.edu/forms/webct/webctguide/webctguide.html.
- To request assistance with a WebCT issue, navigate to http://www.uakron.edu/help.

Distance Learning Services: Distance Learning Services provides synchronous videoconferencing and web collaboration capabilities to the classroom environment. Students at the University are able to interact and share materials with students at one or more remote locations via classrooms equipped with state-of-the-art videoconferencing and web collaboration technologies. In addition to accommodating traditional course offerings, Distance Learning Services also provides:

- A corporate videoconferencing suite ideal for group meetings and personal interviews.
- A relationship with a network of content service providers that specialize in events such as virtual field trips.
- Special event connections that support educational initiatives, i.e. work shops and professional development.

For further information, contact Distance Learning Services at (330) 972-2720.

Audio Visual Services: Audio Visual Services is located on the ground floor of Bierce Library, Room 63.

- Students can locate DVDs, videotapes, compact discs and various other nonprint media in this location.
- Call (330) 972-7811 to order audio visual equipment. Staff will deliver equipment on campus, assist with the set up of the equipment and will help troubleshoot any technical problems.
- The Media Resource Center is a "mini store" which has blank VHS tapes, CDs, DVDs and audio tapes for sale. For a nominal fee, we will make copies of noncopyrighted materials, or will convert media from one format to another format.

Hours of operation during the Fall and Spring semesters:

Monday-Thursday 7:30 a.m. - 9:30 p.m. Friday 7:30 a.m. - 5 p.m. Saturday 9 a.m. - 5 p.m. Sunday noon - 6 p.m.

Please call (330) 972-7811 for summer hours.

Network Services provides network connectivity and remote access for faculty, staff and students. Network connections are available in the Residence Halls and the entire campus is covered with 802.11b wireless services. Remote access is provided by the use of modern dial-in lines and VPN access. High speed cable modem service from the local area cable provider is also available at a reduced rate.

UA's computer network, named UAnet, provides access to:

- ZipLINK UA's library catalog
- OhioLINK the library catalogs of all State of Ohio universities and colleges
- Electronic Mail (e-mail)
- The Internet
- UAnet's web pages
- Network file storage and printing

Student Affairs Campus Safety and Security Cocurricular Activities

Student Affairs

Charged with the responsibility of helping our diverse student body to maximize the total benefits that college offers, Student Affairs provides services that promote the academic, social, cultural, personal and physical growth and development of the student. Sensitive to the changing needs of today's college student, Student Affairs is committed to helping students meet their individual academic goals.

This responsibility will be accomplished by our commitment to these objectives:

- · Creating a civil, supportive learning environment,
- Providing academic support systems to increase student retention and encourage satisfactory educational progress,
- Celebrating diversity within the campus community,
- Collaborating with all constituencies within the University to increase enrollment and improve the quality of the student experience,
- Encouraging students to assume responsibility for their educational decisions and experiences,
- Identifying and addressing evolving student needs in a changing environment,
- Addressing the needs of greater community constituencies through programs, services, and other resources.

The following section outlines Student Affairs units and the services offered to students

ACADEMIC ACHIEVEMENT PROGRAMS

Academic Achievement Programs is dedicated to the mission of preparing students for personal success. It provides various academic, recreational, social and cultural experiences for Akron-area students. Through five district programs, it expands and enhances academic instruction, provides exposure to organized athletic activities, and adds value to the development of students through intensive summer components as well as academic year activities. These experiences are intended to empower students to make good decisions at home, in school, and in personal relationships, which will improve their self-worth, impact high school graduation rates and facilitate the successful admission to and graduation from postsecondary educational institutions.

The Upward Bound Program is designed to provide intense academic, cultural and social experiences for its students, enabling them to develop the skills, attitudes and motivation necessary to enter and succeed in college. Students participate in a summer enrichment component and during the school year receive counseling, advising and other academic support services. The program serves Akron Public School students in grades 9-12. Upward Bound is federally funded through the United States Department of Education. It is a Federal TRIO Program.

The Pre-Engineering Program is designed to encourage and stimulate the interests of targeted high school students who have expressed or demonstrated interest and skill in mathematics or science. Field trips, workshops and tutorial services enhance and facilitate the pursuit of careers in engineering.

The Educational Talent Search Program (ETS) provides services to eligible youth and adults to assist them in enrolling or re-enrolling in postsecondary education. The program serves Akron Public Schools students grades 6-12 and adults from the community, via workshops, newsletters, field trips and personal appointments. The program helps participants prepare for college, including assistance with college preparation, selection, admissions and the financial aid application process. Funded by the U.S. Department of Education, this is a Federal TRIO program.

The Strive Toward Excellence Program (STEP) is a pre-college preparatory program designed to assist students who aspire to attend college. STEP selects students in grade six. Funded by the Firestone Trust Fund, "Firestone Fellows" participate in STEP for two years and then move into the University's Upward Bound Programs, which assist them through high school. Program graduates are guaranteed admission to The University of Akron and granted scholarship assistance. The program serves students who attend Akron Public Schools.

The Upward Bound Math/Science Program is designed to provide students with the skills and motivation necessary to pursue and complete an undergraduate course of study, preferably in mathematics or the sciences. The six-week summer residential program consists of integrated instructional classes in Polymer Science/Chemistry, Mathematics, English/Technical Writing and Computer Science plus hands-on laboratory courses in Polymer Science and Computer Science. Other components include: a Research Project, Career Exploration, field trips, cultural experiences, recreational activities, college visits and mentoring by polymer science professors. Emphasis is placed on visualization and "doing" science and math utilizing hands-on projects, independent research, faculty interaction and mentoring while taking advantage of the resources of the world's largest, state-of-the-art polymer instructional and research facility at The University of Akron. Funded by the U.S. Department of Education, this is a Federal TRIO Program.

THE CENTER FOR CAREER **MANAGEMENT**

The Center for Career Management's mission is to provide career services to all students and alumni of The University of Akron. Students also may participate in the Career Advantage Network (CAN) program, which provides opportunities to gain major related work experiences prior to graduation for eligible students, regardless of academic major.

Career Services

Career Services for students and alumni include opportunities to participate in oncampus interviews with representatives from business, industry, education and branches of the government. Numerous educational outreaches are provided throughout the campus community which includes a wide variety of topics such as, resume writing, job search skills, dress for success, etiquette dinning and mock interviews. In addition, CCM offers leadership opportunities for students and sponsors career expos in collaboration with academic colleges, giving students the opportunity to network with hundreds of potential employers. CCM maintains a career resource library that enables students and alumni to utilize computers, employer literature, videotapes, job search information, job openings and career related books and periodicals. Career consultations are also available and may be scheduled by contacting the Center for Career Management.

Career Advantage Network

At The University of Akron, students may gain relevant work experience in their chosen fields before graduation through participation in the Career Advantage Network (CAN). Participation is crucial in order for students to gain first-hand knowledge of their careers and make important contacts prior to graduation. Research also shows that students who participate, have a greater success rate in their job search. Employers prefer to hire graduates with career-related experience thus participation in this program is invaluable.

CAN guarantees opportunities for eligible students to participate in academic related experiential learning opportunities regardless of major. Experiential learning may include cooperative education, internships, practicums, clinical/field-based experiences, student teaching and/or service learning.

Currently the two most utilized programs within CAN are co-op and internships.

Cooperative Education (co-op) combines classroom learning with relevant work experience by integrating classroom theory with on-the-job performance. The goal is to provide professional work opportunities in order to test career and professional goals. Research shows that students participating in co-op enhance their self-confidence and professional maturity. Participants can register for the co-op course and outcomes are posted on transcripts as credit/non-credit. Co-op is always a paid experience and can be repeated each semester.

Internships are typically a short-term supervised work experience in a student's field of interest for which the student may earn academic credit. Usually internships are one-time only experiences and pay is dependent on the students major and the employment industry. Students work in collaboration with CCM and the academic unit internship coordinator to develop these experiences.

To participate in co-op/internship, interested students must make an appointment with a representative in the Center for Career Management, meet academic requirements that are specific to their major and attend an orientation session

Students and employers participating in cooperative education are subject to all federal, state and local labor laws. Additionally, students on work assignments must abide by all the rules and regulations of the participating employer and of the cooperative education program. Participating students are recognized as full-time students, for financial aid purposes, at The University of Akron when working in an approved cooperative education/internship field assignment and when complying with the rules and regulations of the cooperative education programs.

The Center for Career Management is located in Simmons Hall Room 301 and can be contacted at (330) 972-7747 or via the Web at http://www.uakron.edu/ccm.

For additional information on the College of Engineering cooperative education program, please contact the Cooperative Education Office in the College of Engineering, located in Auburn Science and Engineering Center Room 203.

COUNSELING, TESTING, AND CAREER CENTER

The Counseling, Testing and Career Center provides psychological counseling, career planning, educational counseling, testing, outreach and consulting services to the University community. The Center is staffed by a culturally diverse group of psychologists and psychology trainees. Counseling services are free and confidential to enrolled students. There is a fee for testing services. The Center is located in Simmons Hall, 306. Phone numbers are: Counseling Services (330) 972-7082, and Testing Services (330) 972-7084. Visit our Web site at http://www.uakron.edu/coun-

Counseling Services

- Short-term personal counseling and psychotherapy addresses many areas including stress, loneliness, anxiety, and depression; alcohol and drug use; relationships (family, partners, friends), sexual assault; oppression, cultural identity and selfesteem. Biofeedback services are also available for stress management. ULifeline is an informative mental health and wellness link on the Web page
- Career counseling helps students decide on a major and career direction. Students identify interests, values, abilities and goals and relate these to the world of work. Testing and occupational information is available through counseling, workshops and on the CTCC Web site.
- Educational counseling helps students develop educational goals and motivation, as well as effective study skills. A streaming study skills Web video is on the Web
- · College Survival Kit workshops cover many topics including improving academic performance, career planning, increasing wellness, and personal issues; as well as providing support groups for students of diverse cultures. Brochures are avail-

Testing Services

· Numerous testing programs including, CLEP, college entrance examinations, career assessments, personality assessments, academic placement testing, oncampus academic testing and learning disorder assessments are available.

Outreach and Consulting Service

The Center regularly provides speakers for classes, residence halls, student organizations, and administrative offices. Consultation is available for emergency and crisis situations.

OFFICE OF ACCESSIBILITY

The University welcomes students with disabilities. The mission of the Office of Accessibility is to provide students with full access to and the opportunity for full participation in the academic environment. We are advocates of social justice for students with disabilities and work to end oppression by examining the social, cultural and institutional barriers to inclusion of all students. We embrace the diversity of our student body and celebrate a culturally sensitive and accessible campus through outreach, partnership, and advocacy with many university departments.

Our goal is to provide reasonable accommodations and a supportive, well-resourced environment to students with disabilities in order to promote student success in the university environment. This mission goes well beyond the legal requirements, including Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act (ADA) of 1990, and supports the University's commitment to create a welcoming environment for all students. For more information, call (330) 972-7928 or (330) 972-5764 (TTY), see our Web site at www.uakron.edu/access, or visit Simmons Hall Room 105.

OFFICE OF INTERNATIONAL PROGRAMS

As a supporting unit to The University of Akron, the staff in the Office of International Programs undertakes the following:

- To provide admission services to all prospective undergraduate international students as well as financial verification and immigration documents for undergraduate and graduate international students.
- To aid in the transition/integration of international students, scholars, and scientists through the provision of services, such as providing orientation programs, undergraduate academic advising, and evaluating international undergraduate academic credentials.
- To provide information and counseling services for The University of Akron students who wish to study, work, or travel abroad.
- To provide all immigration counseling services for international students, scholars, and faculty members.
- To develop and support campus and community resources and activities designed to promote international understanding and appreciation of cultural diversity both on and off campus.
- To assist faculty and/or departments who have an interest in establishing exchange agreements abroad.
- To facilitate contacts between The University of Akron faculty members and departments with their foreign university contacts to assure that meaningful, mutually beneficial, reciprocal agreements are maintained.

For further information, contact:

Office of International Programs The University of Akron Polsky Building, Room 483 Akron, OH 44325-3101 (330) 972-6349 Phone (330) 972-8604 Fax international@uakron.edu E-mail www.uakron.edu/oip/

RESIDENCE LIFE AND HOUSING

The Department of Residence Life and Housing is administratively responsible for managing the University's student housing program. The University provides reasonably priced, clean, convenient and secure residence hall facilities. In addition, the residence hall program is committed to providing a meaningful living/learning environment which directly supports the educational, social, and personal development of each student.

Freshman Residential Policy Requirement

The University of Akron is committed to providing a learning environment supportive of its academic mission complementary to its academic programs. The University acknowledges that national studies find that first-year freshman uniquely benefit from a residence hall experience. Social integration and access to faculty, staff, and institutional resources are enhanced through an on-campus residential experience. The University considered and accepted the findings that living on-campus positively influences academic persistence and success, including degree completion. For all these reasons, all first-year freshman students at The University of Akron are required to reside in University residence halls for the duration of their freshman academic year at the University. Students are encouraged to apply by the May 1 Freshman Guarantee Deadline.

Upon admission to the University, all first-year freshman students will be required to make application for residence in University housing and will be assigned and assessed appropriate room and board fees, so long as space is available and/or unless the student is subject to one of the exemptions below:

Exemptions to the Freshman Residential policy include:

- permanent home residence with parents or legal guardians who reside in: Summit, Portage, Stark, Wayne and Medina counties
- registered for fewer than 6 credit hours
- 21+ years of age
- military experience 1+ years
- married (proof of marriage required)
- student is parent with custodial care responsibilities (proof of custody care
- other extenuating circumstances, including but not limited to, special dietary needs or conditions, cultural or religious needs or accommodations, undue hardship, or any other circumstance(s) in support of an exemption which, if not granted, would undermine or contravene the purpose of the Freshman Residential Requirement Policy.

Students seeking exemption from the Freshman Residential Policy should contact the Department of Residence Life and Housing 330-972-7800 to request the Freshman Residential Requirement Policy and Exemption Procedures and Petition packet, or visit their Web site at www.uakron.edu/reslife/exemption.php.

The Department of Residence Life and Housing supervises and manages 15 on-campus residence hall facilities accommodating approximately 2,900 students. Students are encouraged to apply for residence hall accommodations as soon as possible. Housing assignments and honoring student preferences are determined by the student's housing application date.

Fully accepted new students may request a Contract for Housing Accommodations and Food Service which must be returned with the prepayment (\$150) and meningitis disclosure form to reserve a residence hall assignment. The prepayment will be refunded to new entering students, transferring and graduate students for Contract cancellations received before May 15; the prepayment is forfeited for cancellations received after May 15.

Staff, supervised by the Department of Residence Life and Housing, reside in each hall. A professionally trained Residence Life Coordinator is assigned to each complex and selected upperclass students are appointed to serve as Resident Assistants (RAs), who are assigned to residence hall floor/areas. Staff are available to residents to guide and direct those having questions about University resources, services and programs. In addition, residence hall staff and student governance councils sponsor social, cultural, recreational, and educational events and activities exclusively for residents.

Most undergraduate residence halls are fully air-conditioned and offer a variety of room configurations, ranging from traditional, two-person rooms to suite-style and apartment accommodations with private baths and kitchens. Student rooms are furnished with beds, desks, desk chair, closet storage, limited lighting and window coverings. Most students augment University-provided furnishings with personal possessions to enhance bedroom/study room areas. Residence hall students are not permitted to have pets on campus.

All residence hall rooms have high-speed Ethernet connections for each student, except University Apartments. The University Apartments Ethernet system is wireless, not hardwired. University Apartment residents must provide their own wireless card to access the Ethernet system. Each residence hall is equipped with coin-operated washers and dryers. Most residence halls have study areas and lounges. Residential students may have automobiles and must purchase and display a University parking permit.

Room and Board Rates - 2007-2008

Residence hall room and board rates for 2007-2008 are listed below. All rates quoted include room and board fees for the full academic year (vacation periods excluded). Freshmen are eligible for assignment to all residence halls except Joey, Exchange Street and Townhouses

Garson Hall	. \$3,816.00
Brown Street, Bulger, Gallucci, Grant, Orr, Ritchie,	
Sisler-McFawn, Spanton	\$4,955.00
Townhouses, University Apartments - multiple units	\$5,203.00
(Wallaby, Wallaroo, Joey)	
Honors Complex Double	\$5,545.00
Joey Double	\$6,403.00
Exchange Street &	
Honors Complex Singles	\$6,868.00
Exchange Street Apartments	\$7,176.00

BOARD PLANS

Required for all residence hall students except University Apartments, Exchange Street **Apartments** and Townhouses (per semester):

10 Meal Traditional	\$1,291.00
10 Meal Gold	\$1,398.00
15 Meal Traditional	\$1,363.00
15 Meal Gold	\$1,524,00
19 Meal Traditional	\$1,398.00
19 Meal Gold	\$1,586.00
Unlimited Meal Plan	\$1,586.00
3-Meal Plan	\$ 299.00
5-Meal Plan	\$ 375.00
Block of 50 Meals	\$ 375.00
Townhouse/Apartment 300	\$ 300.00

For information on Residence Hall Refunds, please see the heading under Fees and Expenses in Section 3 of this Bulletin.

Vacation Housing

Most University residence halls are closed for Thanksgiving break and Winter break. However, students anticipating the need for on campus housing during any or all of the academic year semester break periods should request assignment to Grant Hall. Bulger Hall, Townhouses, University Apartments or Exchange Street. Vacation housing will be \$16 per night double occupancy and \$24 per night single occupancy.

Summer Housing

Residence hall housing is available during summer sessions on a limited basis. Summer 2007 room rates are \$16 per night double occupancy and \$24 per night single occupancy. These rates do not include food service. Residence hall dining service is not available during summer sessions, but food service is available at the Student Union.

Dining Service Meal Plans

All residence hall students are required to participate in the University Meal Plan options, except residents of Townhouses, University Apartments or Exchange Street **Apartments**. The University ID Card, "The Zip Card," is activated as a debit card. The card may be used for Food Services at the Student Union, Robertson Café, Zee's, Subway, Sizzling Zone, Martin Center, Rob's Express, Gallucci Hall's Break Point, Crystal Room and the Bierce Coffee Shop.

The card may also be used for purchases at the Bookstore, PACS Express, Print Labs, Student Union Theater, gain fee admission to athletic events, Computer Solutions, library charges and Health Service charges.

Traditional Plan — All-you-can-eat buffet style meals served at Robertson Café. Breakfast, lunch and dinner are served Monday through Friday, with brunch and dinner on Saturday and Sunday. A total of 19 meals are offered each week. You can change your meal plan at any time during the first six weeks of the semester. You can choose from the following dining plans:

- 19 Traditional Dining Plan entitles you to all meals served;
- 15 Traditional Dining Plan entitles you to select any 15 of the 19 meals
- 10 Traditional Dining Plan entitles you to select any 10 of the 19 meals served.

The Traditional Dining Plan resets your Zip Card each week to the 19, 15 or 10 Traditional Dining Plan that you have chosen. There are no credits for meals missed during the week. Dining Plans are valid for one semester only. Door rates at Robertson Café are breakfast, \$5.75; lunch/brunch, \$7.75; and dinner, \$8.95.

Gold Meal Plan — We take the Traditional Plan and add a credit in Dining Dollars for missed meals at Robertson Café. This plan offers the same number of meals as the Traditional Plan, 10, 15 or 19. Dining Dollars may be used at numerous dining locations on and off campus. Dining Plans are valid for one semester only. The Dining Dollar credit rates are as follows: breakfast, \$1.86; lunch/brunch, \$2.52; and dinner, \$3.17.

Unlimited Meal Plan — Enjoy unlimited access to Rob's Café, plus treat a friend with three guest meal passes each semester. This is a great plan if you have a hectic schedule or just need a snack between classes.

3 and 5 Meal Plans — Perfect for commuter students and students living in University housing with a kitchen. Choose three or five meals a week at Rob's Café (breakfast, lunch, dinner or brunch).

Block of 50 Meals — Commuter students and anyone in University housing with a kitchen can use this for 50 meals at Rob's Café each semester.

Townhouse/Apartment 300 — Get 300 dining dollars on your Zip Card to use at any dining location that accepts Zip Cards. Available to commuter students and students in University housing with a kitchen.

Rob's Café — The newly renovated café features great specialty stations (deli bar, Mexican, pasta bar, vegetarian, pizza, soup of the day, omelets and more) and theme nights (holiday dinners, wings night, breakfast for dinner, and appetizer night). If you think you'll miss meals because of class or work, be sure to sign up for bagged lunches

Residence Hall Program Board

The Residence Hall Program Board (RHPB) is a student-administered programming organization which provides leadership training and a variety of social activities for residence hall students. The RHPB administratively includes four subcommittees (Major Events, Music and Comedy, Publicity and Technical). RHPB sponsors an array of activities such as Welcome Weekend, Sibs Weekend, Hall Fest, the 7:17 coffeehouse series, Residence Life Cinema and road trips. In 1997 and 1998 RHPB was named best program board in the nation by the National Association for Campus Activities. In 2000, 2003 and 2006, The University of Akron was named "National School of the Year" by Campus Activities Magazine. The Association for the Promotion of Campus Activities (APCA) named The University of Akron Residence Hall Program Board the 2002 Programming Board of the Year at their national conference in Jacksonville, FL.

Residence Hall Council (RHC)

The Residence Hall Council (RHC) serves as the student government for residence hall students. The purpose of RHC is to facilitate communication among students, faculty and administration; to provide programs and services for the residential student community; and to plan educational, cultural, and community service activities for residence hall students. The RHC consists of an executive committee and representatives from each residence hall. In addition, each residence hall has its own hall government responsible for supporting and enriching the residence hall environment and sponsoring programs and activities for residents.

Residence Hall Access

Access into University residence halls is restricted to student occupants, escorted guests and authorized University personnel. Unescorted persons are not permitted in the residence halls at any time. Twenty-four (24) hour guest visitation is permitted in all residence halls. However, students may vote to restrict visitation hours if

Except for Gallucci, Honors Complex and Ritchie halls, where administrative offices are housed, all residence halls are locked on a continuous basis. During weekdays, Gallucci Hall is locked between 11 p.m. and 8 a.m. In addition, most residence halls operate 24-hour reception areas. All residence halls except University Apartments and the Townhouses, guests must present identification as a requirement for building entry. Residents may enter at their own discretion but must also present identification when registering guests, a requirement for building entry 24 hours a day. Each resident has access to his or her own building and room with keys or access cards. The Residence Life staff receives specialized training from University police on security and safety procedures and enforcement of residence hall regulations.

The Residence Life staff conduct educational programs for residents to heighten awareness of safety and security concerns. Sessions include topics from personal safety to sexual assault. The University police department patrols all residence halls during the evening and early morning hours.

SIXTY-PLUS (60+) PROGRAM

Developed in accordance with State Law 3345.27, passed in 1976 and amended in March 1999, the Sixty-Plus program provides residents 60 and older the opportunity to audit credit classes or take courses for credit on a space-available, non-tuition

To qualify for the Sixty-Plus Program, the prospective student must be 60 years of age or older and have resided in the State of Ohio for at least one year.

Sixty-Plus students are exempt from payment of tuition and general service fees but are expected to pay for any books, special fees, laboratory or instructional fees and parking, if needed. Auditing allows students to attend classes, but college credit is not awarded.

Sixty-Plus participants may enroll for 11 or fewer credits unless request to enroll in a greater number of credits is approved by the Senior Vice President and Provost. Participants in this program may be prohibited from enrolling in certain courses or classes for which special course or training prerequisites apply or in which physical demands upon students are inappropriate for imposition upon persons 60 years of age or older, or in which the number of participating regular students is insufficient to cover the University's or college's course-related expenses as determined by the

Space availability is determined after the degree-seeking students have registered. Sixty-Plus registrations are held immediately before the start of each term, and participants must register in-person. Sixty-Plus participants are subject to the same disciplinary and/or governance rules affecting all students.

A Sixty-Plus student will be issued a Student ID Card which will permit them to use specific University facilities and services and obtain student rates for purchases of goods and services.

To be eligible to enroll in a course for credit, the student's family income must be less than 200 percent of the Federal poverty guidelines as revised annually by the U.S. Secretary of Health and Human Services for a family size equal to the size of the family of the person whose income is being determined.

For further information regarding course selection, guidance, and/or registration, contact the Office of Admissions at (330) 972-7100 or (330) 972-6425.

STUDENT FINANCIAL AID & STUDENT EMPLOYMENT

The Office of Student Financial Aid & Student Employment is located in Simmons Hall at 277 E Buchtel Ave. near the corner of College St. and Buchtel Ave. Our office can be reached at (330) 972-7032 or toll free long distance at (800) 621-3847. You can receive assistance in person via our service windows in the Student Services Lobby. For your convenience, much of the general information about the application process for financial aid, scholarships and student employment can be found at our Web site: http://ww.uakron.edu/finaid.

A detailed statement regarding all financial assistance programs can be found in Section 3 of this Bulletin.

STUDENT HEALTH SERVICES

Student Health Services, located in Suite 260 of the Student Recreation and Wellness Center, assists students in achieving their educational and personal goals by addressing their health care concerns while they are enrolled at The University of

The student who becomes seriously ill or suffers a serious injury on campus should be taken to an emergency room of one of the local hospitals without delay. Those persons present in this kind of emergency should call University Police or 911 immediately. The University assumes no legal responsibility or obligation for the expenses of such transportation or for medical services at the hospital.

Student Health and Accident Insurance, designed specifically for students, is available to students enrolled for six or more credit hours. The student insurance provides coverage for such items as hospitalization, surgical benefits, and in-hospital medical benefits. Brochures describing details of the student health insurance plan may be obtained at Student Health Services.

Completed health forms and other health-related records are confidential and are kept in the Student Health Services offices. For more information, contact Health Services at (330) 972-7808.

STUDENT SERVICES CENTER

The Student Services Center's primary purpose is to act as the customer service arm of the Registrar, Financial Aid and Student Accounts offices. Students needing assistance in any of these areas should first seek help from the Student Services Center staff rather than from the specific offices. Center staff are cross-trained in all of these service areas, and our goal is to assist students in one-stop. Quite often, student issues involve more than one office, and cross-trained Center staff are able to help answer questions without passing students from person to person, or office to office.

The Student Services Center is located on the first floor of Simmons Hall.

STUDENT RECREATION AND **WELLNESS CENTER &** OCASEK NATATORIUM

Live smart! BFIT (x2348) Phone: (330) 972-2348 www.zipsrec.uakron.edu

At the Student Recreation and Wellness Center (SRWC) and Ocasek Natatorium (ONAT) there's so much more to explore! We aim to foster campus and community relations and are committed to providing superior facilities, solid programming, and innovative ideas that enhance academic, recreational and leisure experiences.

Amenities include: Leisure Pool, 30-person spa, 1/10 mile walking/jogging track, 15,000 square feet of cardiovascular and strength training equipment, 5 multi-function gymnasiums, 2 group exercise studios, 53.5 ft. climbing rock, bouldering cave, Outdoor Adventure gear rentals, 8 racquetball and wallyball courts in the Ocasek Natatorium and the Climbing Rock Café.

Two multi purpose classrooms, the group exercise studios and gymnasiums can be converted for meeting rooms, speaking engagements, presentations, afterproms/after-hour and many other activities. Tables, chairs, podiums, LCD projectors, 25' screen and sound systems are available in each area. A karaoke system, a staging system, sumo wrestling, inflatable jousting, adult tricycles, batting cages, golf nets, putting greens and table tennis tables are available for rental. The Leisure Pool area includes a wet classroom, lazy river, Vortex, 2 lap lanes, multi-bubblers and a basketball hoop.

The Aquatic Program invites you to take a break from the rigors of daily life and take a guick dip in the Leisure Pool and spa or a guick lap in the Ocasek Natatorium competition pool. A variety of programs are offered for you to take part in such as; group swimming lessons, private and semi-private swimming lessons, kayaking classes, scuba classes, springboard diving lessons, stroke clinics, Intramural inner tube water polo, water polo club sports, water volleyball, or just float around in the lazy river. For more information call (330) 972-8280.

The Climbing Rock Café: Located just inside the front doors of the SRWC, the Climbing Rock Café offers a variety of items. Vending machines are also available in the ONAT and SRWC. For more information call (330) 972-2486

Fitness Services is designed to meet the fitness needs of each individual by creating a climate that motivates and promotes physical conditioning. The Fitness staff will deliver quality fitness services and programs by promoting a fun and inviting atmosphere, while treating members in a friendly, respectful manner. A variety of equipment is available for recreation and/or physical conditioning, including cardiovascular machines, adjustable weight machines, plate loaded equipment and free weights. An entertainment system is linked to all cardio equipment for your listening and viewing enjoyment while you work out. For more information call (330) 972-

The Group Exercise Program is developed to provide diverse exercise opportunities and services to members who wish to be involved in an exercise program facilitated in a group setting. The staff provides up-to-date quality instruction and highenergy motivation to the SRWC members in a correct and safe aerobics format. Group Exercise is provided through a variety of classes including yoga, kick-boxing, aquatic exercise, core-training, flexibility and strength and endurance. For more information call (330) 972-6599.

The Intramural Sports Program is designed to provide opportunities for students, faculty, and staff to participate in sport experiences. Among many other skills, this will help develop leadership and team building. The Intramural Sports Program allows the University community to participate in recreational activities in an organized competitive atmosphere. Our activities include: basketball, tennis, inner tube water polo, dodge ball, volleyball, and a variety of other activities. We aim to provide social relationships, good sportsmanship, and health and fitness maintenance. The University of Akron promotes organized recreational activities and most of all fun! For more information call the OASIS (Outdoor Adventure Services & Intramural Sports) office at (330) 972-6956.

The Information/Sales Office provides basic supplies you may have forgotten to bring such as a lock for your locker. Year round, the SRWC is free for currently enrolled main campus students to utilize and the ONAT remains free for all currently enrolled main campus students, staff and faculty. Membership & Guest Pass opportunities are available for purchase at the Information/Sales Office. Cash, check, Master Card and Visa are accepted. For more information call (330) 972-7610.

The Outdoor Adventure Program invites you to experience vertical excitement on the 53.5' indoor climbing wall or indulge your wild side on an Outdoor Adventure excursion. Outdoor seminars and clinics as well as programs such as backpacking, day hiking, camping, canoeing, and kayaking will provide the University community with all of their outdoor needs. The Outdoor Rental Center offers a comprehensive collection of the highest quality outdoor equipment on the market. We are able to provide all of your equipment needs for backpacking, camping, kayaking and canoeing. For more information call the OASIS (Outdoor Adventure Services & Intramural Sports) office at 330.972.6956.

Wellness Services provides a variety of confidential evaluative tests that include physical fitness assessments, body composition, metabolic testing, and other health screenings. We support lifestyle changes through evaluation, education, structured classes, seminars, a resource library, and a knowledgeable staff to supply a means for expanding health knowledge. Relaxation massage and nutritional guidance are new services now available. Student professional development through research, practice, and utilizing state of the art technology are also provided through Wellness Services. For more information call (330) 972-6599.

Location: The Student Recreation and Wellness Center (SRWC) and Ocasek Natatorium (ONAT) are located on the South East corner of campus. The neighboring street corners of both facilities are Carroll, Union, Spicer and Vine. The SRWC main entrance faces NW toward Memorial Hall, the SE/back entrance is off Spicer Street/Lot 10 and the ONAT main entrance faces North toward the James A. Rhodes Arena

Parking: Lots 8 and 10 located on the South East corner of campus sit behind both the SRWC and ONAT facility. The cornering streets are Carroll, Union, Spicer and

THE STUDENT UNION **FACILITY**

The Student Union, located in the center of campus, houses numerous functions of student life and student engagement, and serves the students, faculty, and staff. This facility offers various food venues, ballroom and meeting rooms, theater, game room, student organization offices, Computer Solutions — the computer technology store, DocuZip copy center, bank, Information Center, Ticketmaster outlet, Planet Underground — a DVD and CD store, Starbucks, Zip Card Office, and Barnes & Noble Bookstore. Visit our Web site at http://www.uakron.edu/studentlife.

- Food Areas. On the first level is Zee's convenience store, which has a variety of items, including sundry items for the busy student. On the second level are Subway, Sizzling Zone, the exciting Union Market and Starbucks. Auntie Anne's is scheduled to open by Fall 2007.
- DocuZip Copy Center, located on the second level, offers the following services: copying, including color, oversized and reduced copies; binding of materials; mailing facilities for campus, U.S. mail, and United Parcel Service (UPS); literature distribution; and class support files.
- Barnes & Noble Bookstore is located on the first level. The primary purpose of the Bookstore is to make available books and supplies required for coursework. In addition, the store also carries a wide range of classroom supplies, paperbacks, engineering and art supplies, photo supplies, greeting cards, University memorabilia and clothing.
- The Donfred H. Gardner Theatre, located on the second floor, screens secondrun movies as well as occasional first-run sneak previews. The theater also hosts special events and performances.
- Ticketmaster Center, located on the second floor, sells tickets to most events in northern Ohio, including Blossom Music Center, Public Hall Cleveland and the Quicken Loans Arena. Over-the-counter sales include tickets to campus functions, sporting events and local shows.
- The Information Center, located on the second floor, is operated seven days a week during the normal building operating hours. The Information Center staff can answer questions regarding department and student organizations, on-campus events, the Metro buses and the University Bus Loop. Laptops can be checked out for use in the Union at the Information Center. Please call (330) 972-4636 if you need a question answered.
- Room Reservations can be obtained in the Student Union. The Reservation line is located at the Information Center. Call (330) 972-8689 to reserve the ballroom and meeting rooms located in the Student Union.
- Computer Solutions, located on the third level, is The University of Akron's computer technology store. As an education reseller, personal computer hardware, peripherals, and software are available at educational pricing. The store is a service for students, faculty and staff. In addition, the store is a point of contact for other services, such as requesting a university network ID (UANet ID) or requesting a network connection in the residence halls.
- The Game Room, located on the first floor, has a pool hall, bowling lanes and video gaming. The bowling lanes feature Extreme glow-in-the-dark bowling. Bowling and Billiards physical education classes are conducted in the Game Room.

Other areas and departments located in the Student Union include:

Student Judicial Affairs

The University of Akron has the responsibility to protect the rights, health and safety of our academic community and to ensure that the members of our community may pursue their educational goals without undue interference. The goal is to bring about outcomes that are positive for all parties involved. To this end, students are expected to familiarize themselves with the identified standards for appropriate behavior and scholarship whenever on or affecting persons or property owned, leased, or operated by The University of Akron. The development and enforcement of standards of conduct for students is an educational endeavor, which fosters students' personal and social development. Students are expected to abide by applicable federal, state, and local laws and may be held accountable for any violations in which they are involved. Student Judicial Affairs is the agent that receives and reviews complaints that allege violations of the University's Student Code of Conduct. Confidentiality is maintained and records of proceedings are released only upon receipt of written authorization of the student involved. All hearings are fundamentally fair and respect the rights of the individuals involved. By becoming familiar with the definition of student misconduct, students can be fully aware of their rights and responsibilities as a student at The University of Akron and have a successful, rewarding experience.

Students are advised to become aware of the disciplinary procedures published in the University Rules and Regulations Concerning Campus Conduct and Student Discipline Procedures (Student Code of Conduct). The Student Code of Conduct, can be accessed by visiting www.uakron.edu/studentlife/sja or visiting Student Judicial Affairs, Student Union 211. For more information regarding the Student Code of Conduct, please contact Student Judicial Affairs at (330) 972-7866.

Associated Student Government

The Associated Student Government (ASG), the representative government for undergraduate students, provides services and forums to address student needs, participates in University governance, and decides budgetary allocations to undergraduate student groups. The ASG holds general elections in mid-March of each year to decide the student leadership for the following academic year. Student Government works to assess and fulfill the special needs of students, including Town Hall meetings, free tax services, issue forums and co-sponsorship of campus lectures. Freshmen can also become involved as a Freshman Senator through elections that occur in September. At the All Campus Recognition and Celebration in April, ASG recognizes outstanding achievement by awarding Who's Who Among Students in American Colleges and Universities, A-Key and Exceptional Civic Engagement awards. The ASG office is located in Student Union 133, (330) 972-7002, http://www.uakron.edu/asg.

Zips Programming Network

The Zips Programming Network (ZPN) is the all-campus activities board responsible for providing educational, recreational, social and musical events for the campus community. A sample of ZPN's programs includes Homecoming, Parents/Family Day, comedians, Diversity Week, coffeehouse performances, Student Center Entertainment, and other special events. The council is comprised of nine executive board members as well as a general membership. Membership is open to any student interested in developing organizational, leadership and management skills. ZPN's office is located in the first floor of the Student Union. For more information, call (330) 972-7014 or visit our Web site at http://www.uakron.edu/studentlife/zpn.

Greek Life

The Greek community at The University of Akron consists of a group of diversified men and women belonging to 22 different fraternities and sororities. Our Greek community provides its members with opportunities for growth and excellence in academic, leadership, service learning, and social arenas. Fraternity and sorority membership can offer a more well-rounded, co-curricular college experience.

At UA, we have three major governing Councils for Greek Life. The Interfraternity Council (IFC) represents 11 fraternities. The National Pan-Hellenic Council (NPHC) represents our six historically African-American fraternities and sororities, and the Panhellenic Council (PHC) represents five sororities.

Our fraternity and sorority members are often leaders in various areas of campus involvement, including Residence Life, New Student Orientation, Black United Students, Ambassadors, Zips Programming Network and Associated Student Government. The Greek community has provided a significant outlet for those dedicated to making such commitments. The Greek experience is tremendous for those students who choose to join. A fraternity or sorority will provide life-long friendships and excellent opportunities for personal growth. National studies have shown that members of Greek organizations graduate at a higher rate and remain more active as loyal UA alumni than non-fraternity and sorority members.

For more information, please visit Greek Life in the Student Union or call (330) 972-7909 or visit www.uakron.edu/studentlife/greek/index.php.

The SOuRCe (Student Organization Resource Center)

The SOuRCe is located on the first floor of the Student Union directly across from the game room in room 130. The SOuRCe houses offices for Greek Leadership, the Zips Programming Network, the Associated Student Government, and 10 additional student organization offices and numerous student organization pods or work stations. The SOuRCe has additional satellite student organization offices on the first floor of the Student Union. These offices house the student publications - The Buchtelite (student newspaper) and the Tel-Buch (student yearbook). A SOuRCe liaison can assist students with contacting any of the student organization to help students become involved.

The SOuRCe, Co-Curricular and All Campus Programs are committed to providing each and every student with opportunities for hands-on experience outside the classroom that relates to what is being taught in the classroom. Please contact the SOuRCe administration with any questions at (330) 972-7021.

Commuter Central

The University of Akron commuter students now have a campus advocate in Commuter Central located in the Student Union across from the game room in room 130. Commuter Central hosts programs, services and information specifically directed for commuter students and their needs. There is also a Commuter Student Assistant program where students can contact a fellow student and have questions answered in a prompt fashion. Commuter Central offers a cozy place to study, an opportunity to read a magazine, enjoy the plasma televisions or connect with other commuters. Commuter Central also contains a kitchenette with a microwave, toaster and a sink. For more information, please contact Commuter Central at (330) 972-

Campus Safety and Security **Information**

SAFETY AND SECURITY

This information is provided as part of The University of Akron's commitment to safety and security on campus and is in compliance with the Federal Crime Awareness and Campus Security Act of 1990

THE CAMPUS

The University employs many people to keep the campus safe and secure. The Division of Public Safety provides for student and employee safety and security through the departments of University Police and Environmental and Occupational Health and Safety. Student Affairs is responsible for security and safety policies governing residence halls, fraternities, and sororities and for teaching students about security and crime prevention.

It is the intent of the University to continue and enhance current safety and security education and awareness programs throughout the year. The purpose of these programs is to assure that the campus community frequently receives information and instruction on University crime and safety policies and procedures, and on drug and alcohol control and prevention.

A safe campus can be achieved only with the cooperation of the entire campus community. The University hopes students will read and become familiar with this material and be responsible for their own safety and the security of others.

UNIVERSITY POLICE

Campus law enforcement is primarily the responsibility of The University of Akron Department of Police. University police provide 24-hour-a-day patrol protection to the campus, parking lots, residence halls, and on-campus fraternity and sorority houses. The police station is located in the Physical Facilities Operation Center at the corner of Hill and South Forge streets and is staffed 24 hours a day.

The University's 33 police officers are commissioned by the State of Ohio with full law enforcement authority and responsibilities identical to the local police or sheriff. The UA Police Department works closely with the Akron Police Department and other law enforcement agencies. Reports are exchanged every business day so that both agencies receive pertinent information. Information is shared through personal contacts and by phone and radio. University and City of Akron police regularly work together at large campus events such as athletic competitions and dances.

UA Police officers have met or exceeded the training standards of the Ohio Peace Officers Training Council. They also receive ongoing in-service and specialized training in first aid, CPR, firearms, defensive tactics, legal updates, and other skills.

UA Police officers enforce laws regulating underage drinking, the use of controlled substances, weapons, and all other incidents requiring police assistance. They also are responsible for public safety services such as crime reports, medical emergencies, fire emergencies, and traffic accidents.

Incidents which may not rise to the level of a violation of law are referred to the Office of Student Conduct. The Student Code of Conduct Manual explains the University's disciplinary process and is available through the Office of Student

It is the goal of every member of the University Police Department to promote, preserve, and deliver feelings of safety and security through quality services to the members of the University community.

DRUG AND ALCOHOL PREVENTION

The issue of drug and alcohol abuse concerns the entire University community as well as our surrounding neighborhoods. The federal Drug Free Schools and Communities Act Amendments of 1989 require schools, colleges, and universities receiving federal financial assistance to implement and enforce drug and alcohol prevention programs for students and employees.

The University of Akron prohibits the illegal use, possession, sale, manufacture, or distribution of drugs and alcohol by all students and employees on University premises or as part of any University activity. Any misuse of substances by University students and employees that presents physical or psychological hazard to individuals also is prohibited.

It is the responsibility of The University of Akron to adopt and implement a drug prevention program for its students and employees. The University as an institution, and each of us as individuals, must eliminate the use of illicit drugs and alcohol that contribute to the unrecoverable loss of time, talent, and lives.

CRIME PREVENTION

Through the Office of Crime Prevention, University police officers provide educational programs to students and employees on personal safety, sexual assault/acquaintance rape prevention, drug and alcohol abuse prevention, and related topics. The University Police Department welcomes the chance to talk with any campus group. Candid dialogue between UA Police and the public has created greater confidence in the community to report unlawful activities. These programs are scheduled when

Potential illegal actions and on-campus emergencies can be confidentially reported by any student, faculty, or staff member. Complaints received by UA police which fall outside their jurisdiction will be referred to the appropriate agency, or the complainant will be provided a phone number where the complaint can be filed. Likewise, other agencies refer complaints to University Police when appropriate. The University Police encourage the prompt reporting of crimes.

Security considerations in maintenance are a high priority.

Police officers patrol parking lots 24 hours a day. UA police also offer assistance to motorists with battery jumps, inflating tires, unlocking vehicles, and obtaining fuel for

To request nonemergency assistance, call extension 7123. To schedule an appointment for an educational program, call extension 7123.

For emergencies, dial 911 from any campus telephone.

Student Campus Patrol

A student escort service operates 5 p.m. to 1 a.m. seven days a week for the safety of anyone walking alone on campus during the evenings. By calling extension 7263, an escort will come to the student's location and accompany him/her to any campus building or parking lot.

Employed and trained by The University of Akron Police Department, the campus patrol teams are easily identified by labeled blue jackets, or maroon t-shirts. These teams assist the University police in patrolling campus parking lots and other campus areas and report suspicious individuals or activities directly to the police dispatch

Emergency Phones

Yellow or red emergency phones are directly connected to the UA Police Department. These phones are strategically located throughout campus pedestrian walkways and inside parking decks. Police respond to the activation of any emergency phone receiver, even if no words are spoken.

Outdoor security phones are at the main entrances of all campus residence halls. UA Police and other campus numbers can be dialed on these phones.

If using an off-campus phone, dial (330) 972- before the campus extension.

Emergency Phone Numbers

Call extension 911 on campus to reach UA police immediately

Police	7123
Campus Patrol	7263
(Police Nonemergency)	8123
Environmental and Occupational Health and Safety	6866
E	011
Fire	911
EMS/Medical	
	911
EMS/Medical	911

Emergency numbers are monitored 24 hours a day. If calling from an off-campus phone, dial (330) 972- and then the four-digit number you wish to reach. Use 911 for emergencies when dialing from all campus extensions.

Campus Buildings

Most University academic facilities are open to the public from 7 a.m. until the latest evening classes let out. Administrative buildings are generally locked at 6 p.m. When the University is closed, all buildings are locked and may be opened only by authorized personnel.

Health and Safety

Members of the Department of Environmental and Occupational Health and Safety routinely inspect the campus for environmental and safety concerns. The Department of Physical Facilities maintains University buildings and grounds and regularly inspects facilities and promptly makes repairs to ensure safety and security. University Police work with both units to respond to reports of potential safety and security hazards, such as broken windows and locks. UA police also work with physical facilities personnel to help maintain adequate exterior lighting and safe landscaping practices.

Personal Responsibility

The cooperation and involvement of students, faculty, and staff in any campus safety program is absolutely necessary. All must assume responsibility for their own safety and security of their property by following simple, common sense precautions. For example, although the campus is well-lighted, everyone should confine their movements to well-traveled areas. There is safety in numbers, and everyone should walk with a companion or with a group at night. Valuables should be marked with a personal identification number in case of loss or theft. Bicycles should be properly secured when not in use. Automobiles should be locked at all times. . Valuables and purses should never be lying in view in a car but locked in the car trunk for safekeeping. Protect your identity and personal information.

Crime Statistics

The University of Akron Police Department complies with reporting standards set by the United States Department of Education guidelines. Our crime statistics can be found at our police department Web site at http://www3.uakron.edu/police/ crimprev.htm. A hard copy of crime statistics can be obtained at The University of Akron's Police Department located at 146 Hill St., Akron, OH 44325-0402.

Cocurricular Activities and Other Services

The variety of experiences gained through involvement in cocurricular and social activities during students' college years contribute to a more well-rounded University education beyond the classroom. Cocurriculars are those activities that allow students the opportunity to develop emotionally, physically, politically, academically, socially, and spiritually, and include intercollegiate and intramural sports, student publications, honor societies, departmental organizations, special interest groups, university-wide programming committees, student government, and liberal arts activities. Participation in cocurricular activities provides students with an opportunity to meet new acquaintances, network with professional contacts, broaden the classroom experience, and develop marketable leadership skills for a career search. Studies show that involved students have a higher rate of retention.

Eligibility in the 200-plus registered student organizations and other cocurricular activities is dependent on the student's maintenance of academic good standing at the University. Some selective organizations such as honoraries and varsity athletics require special eligibility criteria.

PERFORMING AND VISUAL ARTS

Opportunities are abundant for students to develop the ability to face the public through such live audience performances as plays, debates, recitals, and dance, as well as media presentations through radio, television, and film.

A student who aspires to act, write, or produce in theatre is encouraged to attend auditions and to apply for technical positions. The experimental theatre in Guzzetta Hall is distinguished by its flexible design. The Paul A. Daum Theatre in Kolbe Hall, with its intimate proscenium stage, is the scene for many University productions.

Those interested in mass media communication will find that Kolbe Hall contains fully equipped television and radio studios. A student may participate in the operation and broadcast of radio station WZIP (88.1 FM).

A University student interested in music may audition for membership in the Marching Band, Concert Choirs, Jazz Ensembles, Concert Band, the Symphonic Band, Musical Theatre and Opera productions, orchestra, or any number of small or specialized musical ensembles or clubs.

An additional opportunity in the area of performing arts is offered through dance, in the form of The University of Akron Dance Company.

The University Art Galleries present challenging and exciting contemporary exhibitions. lectures and events. The largest is the Emily Davis Gallery in Folk Hall, which showcases works by regionally and nationally known artists, as well as by outstanding student artists.

ATHLETICS

The University of Akron believes that intercollegiate athletics are an important and wholesome adjunct to the principal mission of the University, enhancing the physical well-being and health of its students and providing an opportunity to broaden their intellectual and social development. Accordingly, programs of both intercollegiate and intramural sports are provided. Participants in either program must be, first and foremost, full-time students whose fundamental aim is to obtain a sound education.

The University of Akron competes as a member of the Mid-American Conference in 18 NCAA Division I intercollegiate sports. The three seasons of participation include: Fall – football, men's soccer, women's soccer, men's and women's cross country, and women's volleyball; Winter – men's and women's basketball, men's and women's indoor track and field, women's swimming and diving, and rifle; Spring – softball, baseball, men's golf, women's tennis, and men's and women's outdoor track and field. The athletics program actively seeks participants from the campus population and annually attracts nearly 400 students for participation in intercollegiate sports. Likewise the athletics department selects each spring a cheerleading squad and dance team from the campus community and incoming high school seniors.

Intercollegiate athletics programs enhance the educational opportunities of the students who participate in those activities. The men and women who are involved in intercollegiate athletics programs at The University of Akron are expected to maintain the academic standards required of all students at the University and adhere to applicable NCAA and Mid-American Conference regulations.

Students are admitted free to all regular season home intercollegiate contests with a validated I.D.

Further educational opportunities in athletics can be pursued through the Office of Athletics External Relations, James A. Rhodes Arena, Suite 81, (330) 972-7468.

STUDENT PUBLICATIONS

The Buchtelite is a student newspaper issued twice weekly during the academic year. It serves as the campus "voice" with news stories, interest columns, and photographs revolving around campus events. Copies of each edition are distributed to students free of charge at various campus locations. Students interested in becoming members of the Buchtelite staff should visit the office located in the Student Linion.

The *Tel-Buch* is the University's yearbook with comprehensive editorial and photographic coverage of student life at The University of Akron. This impressive publication is free to students in attendance during the school year that the yearbook summarizes. The *Tel-Buch* office is located in the lower level of the Student Union.

Akros Review is a literary journal of creative writing and art work primarily by students of The University of Akron and secondarily by artists and writers in the Northeast Ohio area.

DEPARTMENTAL ORGANIZATIONS

Academic departments sponsor organizations that provide social and educational programs and activities in special fields of study so that students may enhance and expand their knowledge of their academic field outside of the classroom. Guest speakers, community service projects, and career nights are often included in the calendar of programs. Joining a departmental organization allows students the opportunity to meet classmates with similar interests, to develop study groups, to network with the professional world, and to build a strong academic foundation for future career paths.

CENTER FOR CHILD DEVELOPMENT

The University of Akron Center for Child Development provides a variety of early childhood programs which are open to students, faculty, staff, and the community. The trained teaching staff provides a stimulating learning environment and opportunities for growth in all areas of development — social, emotional, physical and intellectual.

The Center for Child Development is open year round between 7:30 a.m. and 6 p.m. Monday through Friday. The program offers hourly flextime and half-day programs for children three to five years old and toilet trained. Full-day sessions are available for children 18 months to five years old.

A summer program is also offered for school-aged children. This program is offered from 7:30 a.m. until 6 p.m.

For more information call the Center for Child Development, (330) 972-8210.

Admissions Procedures and Requirements Fees and Expenses Financial Aid

Admissions

Admission is necessarily limited by the University's capacity to provide for the student's educational objectives. The University reserves the right to approve admission only to those whose ability, attitude, and character promise satisfactory achievement of University objectives. Special consideration for admissions and housing may be given to those applicants who provide The University of Akron with cultural, racial, economic, and geographic diversity, who possess outstanding talents, or whose previous academic performance may have been affected by physical, mental, or learning environment factors.

CLASSIFICATION OF STUDENTS

The University of Akron classifies its students according to their needs, educational background, goals, and abilities. Classifications include:

- Undergraduate A student who has not earned the baccalaureate degree and is eligible to enroll in undergraduate-level credit courses.
- Postbaccalaureate A student who holds the baccalaureate degree from an accredited institution, who is eligible to enroll in credit courses at the undergraduate level, and who has not been admitted to the Graduate School.
- Transfer Student A student who has been attending another accredited institution but who wishes to complete a degree at The University of Akron.
- Graduate A student who holds the baccalaureate degree from an accredited institution, has been admitted to the Graduate School, and is eligible to enroll in graduate-level credit courses.
- Professional A student who holds the baccalaureate degree from an accredited institution and has been admitted to the School of Law.
- Special Student A special student is enrolled as a non-degree seeking student to participate in a special short-term program.
- Auditor A student who wishes to enroll in a course without obtaining a grade-point value ("A-F") or a grade of noncredit or credit. Such students must indicate that they are auditors at the time of registration. Audit status may be denied if space is not available. An auditor is expected to do all prescribed coursework except the writing of examinations.
- Postsecondary Enrollment Options A student who is currently enrolled in high school may enroll in the postsecondary enrollment options program. Students must meet the outlined requirements for these programs.
- Guest or Transient Student -(from another institution) A student who is regularly enrolled and eligible to continue at another institution, and who desires to enroll at The University of Akron for specified courses. A student who is currently on suspension from the home institution is not eligible to be a Guest student. There is a two consecutive term limit for this classification.
- (from The University of Akron) A student enrolled at The University of Akron who must obtain written permission from the dean of the student's college before enrolling (guest student status) for credit work at another institution. Credit for such work may be granted at the discretion of the dean.

ADMISSION PROCEDURE

The University of Akron operates under a policy of rolling admissions, which means applications are reviewed on a rolling basis, beginning September 1, with a May 1 confirmation deadline and admissions as space is available thereafter. However, it is advisable for a prospective student to submit all credentials as early as possible to be assured the best selection of classes and/or a room in the residence halls

Admission procedures vary for different types of students. The various admissions categories include: recent high school graduate, transfer student, adult student, postbaccalaureate student, special student, guest student and postsecondary enrollment options student.

Please contact the Office of Admissions at (800) 655-4884 or (330) 972-7100 for application deadlines and admission information, or send an e-mail to admissions@uakron.edu. International students should contact the Office of International Programs at (330) 972-6349 for specific information regarding international admission. More information regarding admission to The University of Akron is also available online at www.uakron.edu/admissions.

Graduating High School Seniors

A student currently enrolled as a high school senior or a student who has graduated from high school not more than one year ago should apply for admission as follows:

The State of Ohio has adopted a policy stating that students must pass the Ohio Graduation Test in order to receive a diploma, except for those students who are exempt from taking the test. Therefore, The University of Akron requires successful completion of the Ohio Graduation Test for graduating high school seniors. The GED Certificate of High School Equivalency is recognized in lieu of the diploma.

- Obtain an application form from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4884, or writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it as soon as possible with the nonrefundable \$30 application fee (a one-time charge). All checks should be made payable to The University of Akron and should specify what fees and for which student the payment is being made.
- Send a completed copy of the College Prep Core Curriculum form to the Office of Admissions at the time of application.
- Send an official high school transcript to the Office of Admissions at the time of application. This record must be received before any admission action can be taken by the University.
- Take entrance tests. Arrangements may be made through the student's high school to take the ACT or SAT. (The University's Counseling, Testing and Career Center also serves as a testing site for the ACT test.) Test scores must be submitted before an applicant can be formally admitted to the University.
- Included with the letter of admission to the University, the student will receive direction regarding new student orientation, academic advising and registration.
- The University requires enrollment in basic mathematics and/or English if the student's academic advisor determines that deficiencies exist in one or both of these areas. This recommendation will be based on the following: work completed at a previous institution in mathematics and/or English, high school academic record (if available), standardized test results (ACT or SAT if available), and University mathematics and/or placement test results. If a mathematics or English placement test is deemed necessary to comply with this policy, the student must take the appropriate placement test(s) by the completion of the first term of attendance.

Home-Schooled Students

The University of Akron accepts student's completion of home schooling as an alternative to a high school diploma. Home-schooled students should indicate "homeschooled" in the section of the admissions application for name of high school.

An admissions committee will review each application from a home-schooled student. The academic preparation review process will place home-schooled students, based on this assessment, in the appropriate category of direct, standard, or provisional admission.

A home-schooled student should apply for admission as follows:

- Obtain an application form from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4884, or writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it as soon as possible with the \$30 nonrefundable application fee (a one-time charge). All checks should be made payable to The University of Akron and should specify what fees and for which student the payment is being made.
- Submit documentation that the student was exempt from compulsory public school attendance for the purpose of home education (signed by school district superintendent).
- Send a completed copy of the College Prep Core Curriculum form to the Office of Admissions at the time of application.
- Send a student transcript to the Office of Admissions at the time of application. This record must be received before any admission action can be taken by the University.
- Take entrance tests. Arrangements may be made through the student's school district to take ACT or SAT. (The University's Counseling, Testing and Career Center also serves as a testing site for the ACT test). Test scores must be submitted before an applicant can be formally admitted to the University.
- Provide other supporting documentation including book lists, special projects, activities, etc.
- Included with the letter of admission to the University, the student will receive direction regarding new student orientation, academic advising and registration.
- The University requires enrollment in basic mathematics and/or English if the student's academic advisor determines that deficiencies exist in one or both of these areas. This recommendation will be based on the following: work completed at a previous institution in mathematics and/or English, high school academic record (if available), Standardized test results (ACT or SAT if available), and the University mathematics and/or placement test results. If a mathematics or English placement test is deemed necessary to comply with this policy. the student must take the appropriate placement test(s) by the completion of the first term of attendance.

Adult Students

An adult student who has graduated from a regionally accredited secondary school or has completed the GED test is eligible to enroll.

The following application procedures should be followed:

- · Obtain an application form from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4484, or by writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it as soon as possible with the nonrefundable \$30 application fee (a one-time charge). All checks should be made payable to The University of Akron, and should specify what fees and for which student the payment is being made.
- Send an official high school transcript or GED results to the Office of Admissions at the time of application.
- If the student is under 21 years of age at the beginning of the term for which they apply, the student also must submit results of either the ACT or SAT. (The University of Akron's Counseling, Testing and Career Center serves as a testing center for the ACT test.) These test scores are needed before an applicant is formally admitted to the University.
- Included with the letter of admission to the University, the student will receive direction regarding new student orientation, academic advising and registration.
- The Office of Adult Focus offers assistance with admissions process, advising and guidance concerning financial aid, scholarships, and scheduling/registration. Please call (330) 972-5793 to speak with an advisor.

Transfer Students

A student applying for admission who has formerly attended another regionally accredited institution of higher learning may apply to transfer to The University of Akron. The student also must present scholastic records judged to be satisfactory by University of Akron officials. The assessment of scholastic records may include consideration of prior courses, grade-point average, credit value, and other such factors which the University or individual colleges use in evaluating, ranking, or otherwise determining admissibility to the University or to specific programs. Please contact the Office of Admissions for admission criteria.

A transfer student should apply as follows:

- Obtain an application form from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4884, or writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it as soon as possible with the nonrefundable \$30 application fee (a one-time charge). All checks should be made payable to The University of Akron, and should specify what fees and for which student the payment is being made.
- A transfer applicant must request the official transcripts from the records office of all institutions previously attended. They should be mailed to the Office of Admissions.
- A student under 25 years of age and with fewer than 12 credits of accredited transfer work must submit a high school transcript or GED scores along with the college transcript(s). A student under 21 years of age and having fewer than 12 transfer credits must submit results from the ACT or SAT test in addition to a high school transcript or GED scores. These documents must be received and evaluated before any admission action can be taken by the University
- · Please note that failure to take the required test(s) prohibits enrollment in college level mathematics and/or English courses.
- Upon acceptance, transfer students must sign up for Transfer Transition, an orientation program specially designed to meet their needs. Students meet with administrators of the college to which they have been admitted, take required math, writing and reading placement tests (if required), obtain their student Zipcard (I.D.), UANetID and password, learn how to register online, meet with an academic advisor, register for classes and get the answers to other questions specific to transfer students.
 - Students are urged to sign up for Transfer Transition as early as possible in order to have a good selection of course options.
- If a student is currently on dismissal from a previous institution at the time of application, the student will not be permitted to enroll for a period of one semester. (Example: Dismissed Fall of 2004, permitted to enroll Spring of 2005.)

Transfer Module

The Ohio Board of Regents, following the directive of the Ohio General Assembly, has developed a new statewide policy to facilitate movement of students and transfer credits from one Ohio public college or university to another. The purpose of the State Policy is to avoid duplication of course requirements and to enhance student mobility throughout Ohio's higher education system. Since independent colleges and universities in Ohio may or may not be participating in the transfer policy, students interested in transferring to an independent institution are encouraged to check with the college or university of their choice regarding transfer agreements.

The new Ohio Board of Regents' Transfer and Articulation Policy established the Transfer Module, which is a specific subset of the entire set of a college or university's general education requirements. The Transfer Module contains 54-60 quarter hours or 36-40 semester hours of specified course credits in English composition, mathematics, fine arts, humanities, social science, behavioral science, natural science, physical science, and interdisciplinary coursework.

A transfer module completed at one college or university will automatically meet the requirements of the transfer module at the receiving institution, once the student is accepted. Students may be required, however, to meet additional general education requirements that are not included in the Transfer Module.

Conditions for Transfer Admission

Students meeting the requirements of the Transfer Module are subject to the following conditions:

- 1. The policy encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module and either the Associate of Arts or the Associate of Science degrees. These students will be able to transfer all courses in which they received a passing grade of D or better. Students must have an overall grade point average of 2.0 to be given credit for the Transfer Module.
- 2. The policy also encourages receiving institutions to give preferential consideration for admission to students who complete the Transfer Module with a grade C or better in each course and 90 guarter hours or 60 semester hours. Students must have an overall grade point average of 2.0 to be given credit for the Transfer Module and only courses in which a C or better has been earned will transfer.
- 3. The policy encourages receiving institutions to admit on a non-preferential consideration basis students who complete the Transfer Module with a grade of C or better in each course and less than 90 quarter hours or 60 semester hours. These students will be able to transfer all courses in which they received a grade of D- or better.

Admission to a given institution, however, does not guarantee that a transfer student will be automatically admitted to all majors, minors, or fields of concentration at that institution. Once admitted, transfer students shall be subject to the same regulations governing applicability of catalog requirements as all other students. Furthermore, transfer students shall be accorded the same class standing and other privileges as native students on the basis of the number of credits earned. All residency requirements must be successfully completed at the receiving institution prior to the granting of a degree.

Responsibilities of Students

In order to facilitate transfer with maximum applicability of transfer credit, prospective transfer students should plan a course of study that will meet the requirements of a degree program at the receiving institution. Specifically, students should identify early in their collegiate studies an institution and major to which they desire to transfer. Furthermore, students should determine if there are language requirements or any special course requirements that can be met during the freshman or sophomore year. This will enable students to plan and pursue a course of study that will articulate with the receiving institution's major. Students are encouraged to seek further information regarding transfer from both their advisor and the college or university to which they plan to transfer.

Appeals Process

A student disagreeing with the application of transfer credit by the receiving institution shall have the right to appeal the decision. The student must submit the appeal in writing to the Dean of University College. A committee comprised of the Dean of University College, the Associate Dean from the degree-granting college of the student's academic major and the University Registrar shall review the appeal. If the student disagrees with the appeal committee's decision, he/she may appeal to the Associate Provost.

^{*} Will apply toward the Transfer Module only for students enrolled in the Community and Technical College.

Postbaccalaureate Students

A student who holds the baccalaureate degree from an accredited college/university and wishes to continue educationally but has not been admitted to the Graduate School, should apply as a postbaccalaureate student through the Office of Admissions. This procedure should be followed:

- · Obtain an application form from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4884, or writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it as soon as possible with the nonrefundable \$30 application fee (a one-time charge). All checks should be made payable to The University of Akron, and should specify what fees and for which student the payment is being made.
- A postbaccalaureate student must request transcripts from the institution from which he or she received a bachelor's degree and any transcripts for any subsequent coursework. These documents must be received and evaluated before any admission action can be taken by the University.
- A health record will be sent from the Office of Admissions after the student has been admitted. Please complete the form and return it. This provides the University with the information necessary for a complete health record on every student.
- Included with the letter of admission, the student will receive information on registration and instructions for academic counseling by a faculty member in the appropriate department.

Special Student

A special student is enrolled as a non-degree seeking student to participate in a special short-term program. A special student may not take courses for more than two consecutive semesters unless official status as a regular student is gained. A special student may not take more than 15 credits unless official status as a regular student is gained

This procedure should be followed:

- Obtain an application from the Office of Admissions, The University of Akron, Akron OH 44325-2001
- Obtain permission to enroll under the Special Student category from an admissions officer.
- Information regarding registration for classes and academic advising will be forthcoming in the letter of admission.

Guest Students (Non-University of Akron Students)

An undergraduate guest student must apply to the Office of Admissions. A graduate student must apply through the dean's office of the Graduate School.

A guest student may not, as a general rule, attempt more than 15 credits in any semester or session and is subject to all rules and regulations of The University of Akron. Guest students must be in good standing at their home school.

The following procedures should be followed when applying to the University as a guest student:

- Obtain an application from the Office of Admissions, either by calling (330) 972-7100, or (800) 655-4884, or writing the Office of Admissions, The University of Akron, Akron, OH 44325-2001. Applications also are available online at www.uakron.edu/apply. Complete the application and return it with the nonrefundable \$30 application fee (a one-time charge).
- · Receive advice and written approval by the home institution for the coursework for which the student plans to enroll.
- After admittance, information regarding registration will be sent to the student.
- Guest students are not eligible to receive financial assistance from The University of Akron, but may qualify for aid from their "home" institution.

DIRECT/STANDARD/ PROVISIONAL ADMISSION

The University of Akron has adopted a "direct/standard/provisional" admission policy for traditional-aged entering freshmen. Traditional-aged freshmen are defined as those who have graduated from high school within the previous two years. The policy was established to communicate to students whether they are academically prepared to be successful at the University. The key elements of the policy are:

Academically talented freshmen will have the option of admission directly to the program of their choice. To be directly admitted, a student must meet certain academic standards such as high school grade-point average, test scores, class rank, and core curriculum. The standards for direct admission are selective and are determined by each academic department. Students are admitted "standardly" to University College if their credentials are above the standards for provisional admission but below the standards for direct admission to an academic program.

Entering freshmen who are identified as being academically underprepared will be admitted into Summit College under provisional admission status as general admit students. General admit students will begin their University of Akron academic careers as part of Summit College's College Success Program. As such, general admit students will be required to complete skill building courses and other prescriptive activities. Students will be considered for general admission into the Summit College College Success Program if they have less than a 2.3 GPA or lower than a 16 ACT/650 SAT score, or if they are deficient in completing the core curriculum for college preparation.

Core curriculum is defined by the following: English, 4 units; Mathematics, 3 units; Natural Science, 3 units; Social Science, 3 units; Foreign Language, 2 units.

All students (both general and standard) pursuing an associate's degree will be admitted directly to Summit College.

For more information regarding specific criteria for admission, please contact the Office of Admissions at (800) 655-4884 or (330) 972-7100 or by e-mail at admissions@uakron edu

Criteria for Direct Admission to Degree-Granting College

Each of the undergraduate programs has determined its specific requirements for direct admission. Students receive standard admission to the University if their credentials are above the requirements for provisional admission but below the requirements for direct admission to the academic program of their choice.

INTERNATIONAL STUDENTS

The University of Akron welcomes international students and scholars and seeks to make their educational and work experiences pleasing and meaningful. Each year, approximately 1,000 international students and scholars from more than 80 countries pursue studies, research, and teaching at The University of Akron.

Admission Procedures for International Students

International students may apply to begin their studies for the Fall (late August) or Spring (mid January) semesters, or for one of the two sessions of the Summer semester (May/July). Students should submit their applications at least three months prior to the semester for which they wish to begin their studies. (For scholarship consideration, read the information under the June Thomas Rogers section on the reverse side.) Applicants must be high school (secondary school) graduates with a minimum grade point average (GPA) of 2.3 on a 4.0 scale in core courses for standard admission. The following documents should be mailed to:

> The University of Akron, Office of International Programs International Undergraduate Admissions Polsky Building, Room 483 Akron, OH 44325-3101 USA

> > Telephone: 330/972-6349 Fax: 330/972-8604 E-mail: international@uakron.edu

Undergraduate Admission Application for International Students

Fill in the application accurately and completely. Please type or print distinctly. The permanent address should be the home country or legal residence. A copy of the passport page information should be enclosed. If you are currently in the United States, submit a copy of the visa page and both sides of the I-94. A \$50.00 one-time non-refundable application fee must accompany this application. Application fees will not be deferred or waived. Make the check or money order payable to: The University of Akron. If you are using a credit card, be sure that it is accepted in the United States. Type or clearly print the credit card number, expiration date, name as it appears on the card and the signature of the cardholder. Do not send cash. For your convenience, you may register online at: http://www.uakron.edu/admissions/onLineIntnlAppl.php.

Transcripts

Submit official transcripts or certified true copies from all high schools/secondary schools, universities/colleges and/or professional schools that you have attended. Certified true copies must bear the official stamp and signature of the appropriate academic officer. If the language of instruction for the institution is not English, an exact certified English translation must be provided also. Transcripts should indicate the grading key, grade point average (GPA) equivalent to a 4.0 scale, and institutional accreditation. Notarized copies are not true copies and are not acceptable.

Students who have attended an academic institution in the United States must have the official transcripts submitted by that institution. If you are applying as a transfer student, have your academic advisor or the designated official complete an International Student Advisor's Report.

Optional: International students concerned about transfer credit may choose to have their credentials evaluated in advance by a third party. One such service is AACRAO International Education Services, One Dupont Circle NW, Suite 520, Washington, DC 20036. E-mail: oies@aacrao.org, Web site: http://www.aacrao.org/international/foreignEdCred.cfm.

Degree Conferral

Applicants must submit supporting documentation for all earned degrees indicated on the application. Provisional certificates may be accepted pending the award of a degree. High school/secondary school students must show proof of graduation before they will be permitted to register for their first semester. The same standards of authenticity for listed degrees/transcripts apply.

English Language Proficiency

The University requires students for whom English is not the native language to take either the Test of English as a Foreign Language (TOEFL) or International English Language Testing System (IELTS). TOEFL applications may be obtained from bi-national agencies, United States Information Service (USIS) offices, or from the Educational Testing Service (ETS). The IELTS is jointly administered by Cambridge (ESOL), British Council and IDP Education Australia. Undergraduate students must achieve a minimum TOEFL score of 61 internet based, 173 computer based, or a minimum IELTS score of 6.0. TOEFL and IELTS scores older than two years are invalid and unacceptable.

Conditional Admission is offered to students who are academically acceptable, but who have not yet obtained the level of English proficiency required for Full Admission. Students who meet this criteria may attend the University's English Language Institute (ELI). Students enrolled in the ELI may not enroll for undergraduate coursework at the same time. For further information regarding the ELI, you may contact:

English Language Institute
The University of Akron, Olin Hall, Room 302
Akron, OH 44325-1909
USA
Phone: (330) 972-7544; Fax: (330) 972-7353
E-mail: ua-eli@uakron.edu
www.uakron.edu/eli

Applicants who have satisfactorily completed nine months of full-time academic coursework at a U.S. college/university and are in good standing at that institution or international students who have graduated from an Ohio high school and passed all parts of the Ohio Graduation Test may have the TOEFL or IELTS requirement waived upon written request to and final approval from the Office of International Programs. However, they may be required to take math, English, or foreign language placement tests upon arrival.

Note: Students who do not meet the English language proficiency requirement are not eligible for the June Thomas Rogers International Student Scholarship.

SAT/ACT

International students are not required to take the SAT nor the ACT for admission consideration, however, some scholarships do require one or both of these tests. Therefore, it is very important that you read the scholarship application information carefully. For test schedule information, logon www.collegeboard.com.

For general information, e-mail international@uakron.edu; for admission status information, e-mail intlsta@uakron.edu. You must be admitted by February 1 to be considered for a scholarship.

Medical Insurance Coverage

All international students are required to provide proof of major medical health insurance coverage that meets the minimum established requirements set forth by the University before they will be permitted to register for classes. While it is not mandatory, you may purchase the student health insurance plan offered through the University for your convenience. The insurance coverage must remain in effect during a student's enrollment at The University of Akron.

International Student Orientation

International students are required to attend an International Student Orientation program that takes place one to two weeks before classes begin. Orientation information will be mailed to students along with the Certificate of Eligibility. The orientation fee is \$60.

If you have further questions, you may contact the Office of International Programs by:

E-mail: international@uakron.edu <mailto:international@uakron.edu> Web site: <u>www.uakron.edu/oip</u> <http://www.uakron.edu/oip>

Phone: (330) 972-6349 Fax: (330) 972-8604

Note: All fees are subject to change without notice.

Financial and Immigration Documentation

Information on estimated expenses can be found on the form "Declaration and Certification of Finances" (DCF) included in the application packet. This form must be completed and returned to the Office of International Programs along with other application materials. A letter of support from your sponsor may be substituted for the DCF.

Undergraduate tuition and living expenses for the 2007-2008 academic year will be approximately \$26,900. Tuition is subject to change.

Applicants planning to arrive to The University of Akron on student visa (F-1/J-1) must submit the DCF form and original financial documents required by this form. According to U.S. government regulations, financial documents must demonstrate that the student has enough immediately available funds to meet all expenses of the first year of program and adequate funding will be available for each subsequent year of study. Documents must be dated no earlier than one year from the start of their program.

Once the student has been admitted and his/her financial documents are sufficient, the Office of International Programs will issue the Certificate of Eligibility (I-20/DS-2019) needed for the student to apply for an F-1/J 1 visa.

Students on F-1/J-1 visa transferring to The University of Akron from another U.S. college/university without leaving the U.S.A. will be eligible for transfer only if they maintain a valid nonimmigrant status. The I-20/DS-2019 will be issued upon submission of the documents proving their valid status, meeting requirements mentioned above, and after release of their SEVIS record to The University of Akron. A new I-20/DS-2019 must be obtained before the first semester starts.

June Thomas Rogers Scholarships

A limited number of June Thomas Rogers Scholarships are available to undergraduate international students. All interested applicants should contact the Office of International Programs for further details or go to www.uakron.edu/oip.

Note: Prospective undergraduate students should apply for the "New Undergraduate International Student Award." Continuing students should apply for the "International Understanding Award."

Procedures and Requirements

INTENT TO ENROLL

The University of Akron requires students to submit an Intent to Enroll form, indicating their acceptance of the University's offer of Admission, and a \$75 University Confirmation fee. The Intent to Enroll form is sent to students at the time of admission to the University. Upon receipt of the Intent to Enroll form and the University Confirmation fee, the student is issued a New Student Enrollment Packet, which includes their UA Net ID (Internet ID), directions on requesting an orientation date and information on requesting on-campus housing, if desired.

NEW STUDENT ORIENTATION

All new freshmen, transfer students and students enrolled in the Post Secondary Enrollment Option Program (PSEOP) are required to attend an orientation program prior to registering for classes at The University of Akron. Orientation is conducted as a one-day program and is intended to ensure a smooth transition to the University. Content includes sessions on academic policies and procedures, registration and financial responsibility, computer technology, campus safety and career planning. In addition, students will take any necessary placement tests, meet with an academic advisor and register for classes during orientation.

Students will need their UA Net ID, found in the New Student Enrollment Packet, to request an orientation date. Multiple orientation sessions are available prior to each term and are filled on a first come, first served basis. Students should request an orientation date early for the best selection of program dates.

ACADEMIC ADVISING

New students are required to meet with academic advisors upon initial entry to the University. Thereafter, students are strongly encouraged to see advisors each term to discuss degree requirements, career goals, major choice, course selection, and other academic concerns

REGISTRATION

Each term it is necessary for a student to select courses, complete required forms, and pay the appropriate fees to register officially for classes. The student may elect to register by the Web or in person. Details about these options are described on the University Registrar's Web page at www.uakron.edu/registrar every academic period.

CLASS ATTENDANCE

A student is expected to attend all meetings of a class for which he or she is registered. A student may be dropped from a course by the dean if absences are repeated and the instructor recommends this action; a student can gain re-admission only with permission of both dean and instructor. A student who does not drop the course receives an "F" which counts as work attempted whenever grade-point ratio calculations are made.

STUDENT SCHEDULES

Adding Courses

A student must register for a course before the end of the fifth day of a fall or spring term or the second day of a summer session. Additions to the student's official schedule may be made after that date, but before the 15th calendar day, only with the permission of the student's advisor, instructor and dean or the dean's designate. Students who have not registered by this deadline may not attend classes to receive credit for the course.

This deadline applies to all regular 15-week courses offered in the Fall, Spring and Summer semesters. For all other courses, such as those in intersessions or those which are flexibly scheduled, courses must be added, with appropriate permission, by the date when 20% of the course has been completed.

A student in the University College should initiate all changes through an advisor in the Academic Advisement Center, Simmons Hall.

Withdrawal Policy

A student may withdraw from a course without an advisor's or course instructor's signature through the 15th day of a semester or comparable dates during summer session, intersession, etc. After the 15th day of a semester, and up to the midpoint of a semester, a student may withdraw from a course with the signature of the student's advisor.

After the midpoint of a semester, a student must have the signature of both the course instructor and the advisor. Such authorization must be dated and processed through the office of the Student Services Center no later than the last day of the 12th week of classes or comparable dates during summer session, intersession etc.

Should the instructor or advisor refuse to sign the withdrawal form, the student may appeal to the dean of the student's college, who shall make the final decision after consultation with the instructor or advisor who declined to approve

An approved withdrawal after the 15th day of the term will be indicated on the University official academic record by a "WD." A student who leaves a course without going through the withdrawal procedure will be given an "F" in the course.

GRADE POLICIES AND CREDIT

Grades and the Grading System

A student will receive grades on various types of classroom performance during the progress of most courses and a final grade at the end of the term. At the end of the term, students may obtain their grades either by Web or in person. Details about these options are described on the Registrar's Web page at www.uakron.edu/registrar. Individual tests are usually graded with percentage or letter marks, but official academic records are maintained with a grade-point system. This method of recording grades is as follows:

Grade	Quality Points	Key
Α	4.0	
A-	3.7	
B+	3.3	
В	3.0	
B-	2.7	
C+	2.3	
С	2.0	
C-	1.7	
D+	1.3	
D+	0.0	Graduate courses only
D	1.0	
D	0.0	Graduate courses only
D-	0.7	
D-	0.0	Graduate courses only
F	0.0	Failure
1	0.0	Incomplete
IP	0.0	In Progress
AUD	0.0	Audit
CR	0.0	Credit
NC	0.0	Noncredit
WD	0.0	Withdrawn
NGR	0.0	No grade reported
INV	0.0	Invalid grade reported
PI	0.0	Permanent Incomplete
R	0.0	Repeat

Notes: Prior to Fall Semester 1973 cumulative grade point averages included transfer work

A student cannot raise a grade through re-examination.

I - Incomplete: Indicates that the student has done passing work in the course but that some part of the work is, for good and acceptable reason, not complete at the end of the term. Failure to make up the omitted work satisfactorily by the end of exam week for the following term, not including summer sessions, converts the "I" to an "F." The new grade is to be reported by the date that grades are due. When the work is satisfactorily completed within the allotted time, the "I" is converted to whatever grade the student has earned. (If instructors wish to extend the "I" grade beyond the following term for which the student is registered, prior to the end of the term they must notify the registrar's office in writing of the extension and indicate the date of its termination. It is the responsibility of the student to make arrangements to make up the incomplete work. The faculty member should submit the new grade to the registrar's office in writing.)

- IP In Progress: Indicates that the student has not completed the scheduled coursework during the term because the nature of the course does not permit completion within a single term.
- PI Permanent Incomplete: Indicates that the student's instructor and the dean with jurisdiction over the course may for special reason authorized the change of an incomplete ("I") to a permanent incomplete ("PI").
- WD Withdraw: Indicates that the student registered for the course but withdrew officially after the 15th day of the term.
- NGR No Grade Reported: Indicates that, at the time grades were processed for the present issue of the record, no grade had been reported by the instructor.
- INV Invalid: Indicates the grade reported by the instructor for the course was improperly noted and thus unacceptable for proper processing.

Importance of Grades

Grades determine whether a student is either eligible or ineligible to remain at the University. Eligibility in the 200-plus registered student organizations and other cocurricular activities is dependent on the student's maintenance of good academic standing at the University. A student who has not been placed on probation or dismissed from the University is deemed to be in good academic standing. Some selective organizations such as honoraries and varsity athletics require special eligibility criteria.

On the basis of grades, a student receives opportunities to take additional courses to accelerate academic progress.

A student should transfer from the University College to a degree-granting college when the grade and credit-hour requirements of that college have been met. Acceptance for admission to a college depends on the approval of the dean of the college which the student chooses to enter and on the student's academic performance to date.

Dean's List

Undergraduate students who carry 12 graded credits or more without receiving an "Incomplete" or "In Progress" grade and earn a grade point average of 3.25 or better are eligible for inclusion on the Dean's List of their respective college. This is an undergraduate academic honor recognizing excellence in the classroom prior to the completion of the degree. Developmental Program course load hours do not carry academic credit toward a degree and are not considered in determining Dean's List honors.

Part-Time Student Dean's List

Undergraduate part-time students who carry between 6 and 11.5 graded credits without receiving an "Incomplete" or "In Progress" grade and earn a grade point average of 3.25 or better are eligible for inclusion on the Part-Time Student Dean's List of their respective college. This is an undergraduate academic honor recognizing excellence in the classroom prior to the completion of the degree. Developmental Program course load hours do not carry academic credit toward a degree program but do count in computing a student's course load for financial aid or student employment, and are used in probation and dismissal decisions.

Probation-Dismissal

An undergraduate student who fails to maintain a grade-point average of 2.00 ("C") is placed on academic probation and may be subject to a change of courses, dismissal, or some other form of discipline. Academic discipline is determined by the dean of the college in which the student is enrolled. Reinstatement of a student is determined by the dean of the college from which the student was dis-

Once dismissed from the University, a student is not eligible to register for credit courses until readmitted

Repeating Courses

Any course may be repeated twice by an undergraduate student subject to the following conditions:

- To secure a grade ("A-F") a student may repeat a course in which the previously received grade was a "C-," "D+," "D," "D-," or "F," "CR," "NC," or "AUD." Registrations under the "CR/NC" option are subject to the restrictions in the "CR/NC" policy.
- To secure a "CR," a student may repeat a course in which the previously received grade was a "NC." Registrations under the "CR/NC" option are subject to the restrictions in the "CR/NC" policy.
- To secure a grade ("A-F"), "CR," "NC," a student may repeat a course in which the previously received grade was an "AUD." Registrations under the "CR/NC" option are subject to the restrictions in the "CR/NC" policy.
- A graded course ("A-F") may not be repeated for a grade of "AUD."
- A course taken under the "CR/NC" option may not be repeated for a grade of "AUD."
- With the dean's permission, a student may substitute another course if the previous course is no longer offered. Courses must be repeated at The University of Akron.
- Grades for all attempts at a course will appear on the student's official academic record.
- Only the grade for the last attempt will be used in the grade-point average.
- All grades for attempts at a course will be used in grade-point calculation for the purpose of determining graduation with honors and class standing.
- For purposes of this section, credit for this course or its equivalent will apply only once toward meeting degree requirements.

Course Substitution Policy

The University of Akron recognizes that some students may be unable to satisfy specific coursework requirements for degree completion. Therefore, the student may request a course substitution. A course substitution is not appropriate when the specific course(s) is essential to the degree being sought and a substitution would represent a fundamental alteration of the program.

The process for requesting a course substitution is as follows:

The student contacts his/her advisor and requests a course substitution.

- . If the request(s) is based on a disability, the office of accessibility shall be consulted and shall assist the advisor and student in the facilitation of a solution.
- If the advisor approves, an appropriate substitution is agreed upon and the recommendation with rationale is forwarded to the department chair or school director for approval
- The student shall be advised of and sign an informed consent form which is forwarded with the recommendation and which states the following:
 - 1. You have been advised that this substitution is only applicable in this college and is not binding on any other college within the university
 - 2. You understand that a course substitution may ultimately affect further studies at this university or other colleges and universities including graduate studies
- If the department chair or school director approves, the recommendation with rationale is forwarded to the Dean.
- If the Dean approves, the office of the Dean shall notify all parties concerned.
- If the Dean disapproves, the student may request a review by the Senior Vice President and Provost.

Academic Reassessment

An undergraduate student who has not attended The University of Akron for at least three calendar years and re-enrolls may be a candidate for Academic Reassessment. To be eliqible, the student's cumulative grade point average during the previous enrollment period at The University of Akron has to have been less than 2.00, and the student must maintain a grade point, average of at least 2.00 or better for the first 24 letter graded ("A" through "F") associate and baccalaureate credits earned after re-enrollment while having a minimum of 50% of the total hours required for their degree program remaining. Upon meeting these requirements, the student may petition the University through their Dean to apply Academic Reassessment to their record according to established rules and policies.

Grades and credit hours associated with reassessed courses are forfeited and may not be used to satisfy any degree requirements. Only grades below "C" may be reassessed. Grades earned for courses reassessed are excluded for GPA calculations but remain on the student's official academic record and are part of the calculation in determining graduation with honors and class standing.

A student may utilize this academic reassessment policy only once. Grades of CR/NC and AUD are excluded from this calculation. A maximum of 30 credit hours in a baccalaureate program or 15 credits in an associate program may be reassessed.

Academic Dishonesty

Students at The University of Akron are an essential part of the academic community, and enjoy substantial freedom within the framework of the educational objectives of the institution. The freedom necessary for learning in a community so rich in diversity and achieving success toward our educational objectives requires high standards of academic integrity. Academic dishonesty has no place in an institution of advanced learning. The University community is governed by the policies and regulations contained within the Student Code of Conduct available at www.uakron.edu/studentlife/sja or in the Student Union 211 or contact Student Judicial Affairs at (330) 972-7866.

The University of Akron considers academic integrity an essential part of each student's personal and intellectual growth. Instances of academic dishonesty are addressed consistently. All members of the community contribute actively to building a strong reputation of academic excellence and integrity at The University of Akron

It is each student's responsibility to know what constitutes academic dishonesty and to seek clarification directly from the instructor if necessary. Examples of academic dishonesty include, but are not limited to:

- Submission of an assignment as the student's original work that is entirely or partly the work of another person.
- Failure to appropriately cite references from published or unpublished works or print/non-print materials, including work found on the World Wide Web.
- Unauthorized copying of an assignment in computer programming, or the unauthorized examination or view of the computer, specifically during
- Possession and/or unauthorized use of tests, notes, books, calculators or formulas stored in calculators not authorized by the instructor during an
- Providing and/or receiving information from another student other than the instructor, by any verbal or written means.
- Observing or assisting another student's work.
- Violation of the procedures prescribed by the professor to protect the integrity of the examination.
- Cooperation with a person involved in academic misconduct.

A student who has been accused of academic dishonesty will be asked to meet with the course instructor. The matter can be resolved informally at the College level and/or an academic sanction can be imposed. If the student opposes the decision, he/she may appeal to the College Dean. If the matter is referred to Student Judicial Affairs, an informal meeting will occur and, if substantial evidence exists, the office has the authority to take formal action against the student including, but not limited to, suspension or dismissal from the University. A more detailed discussion of these procedures can be found in the Student Code of Conduct found at www.uakron.edu/studentlife/sja.

Credit/Noncredit Option (undergraduate and postbaccalaureate only)

A student who takes a course on a "credit" or "noncredit" (CR/NC) basis, and who earns a grade equivalent of "A" through "C-," shall receive credit ("CR") for the course and have the grade, "CR," placed on the permanent record; a grade equivalent of "D+" through "F" will be recorded with the noncredit grade, "NC."

For the baccalaureate degree, no more than 16 credits of non-language courses and no more than 20 credits in total (including language courses) are permitted to be taken on a CR/NC basis. For the associate degree, no more than eight credits of non-language courses and no more than 10 credits in total, including language courses, is permitted.

A student is eligible for the CR/NC option if the student has:

- completed 50% of the number of credits required for a degree;
- a GPA of at least 2.30; and
- · the consent of an advisor.

The CR/NC option is available only at the time of registration for the course. After the first week of the term or first two days of a summer session, the status cannot be changed. The registrar will notify the instructor of those students utilizing the CR/NC option by means of the final class list.

Courses that can be taken on a CR/NC basis:

- one free elective (not in major field) course per term;
- any first- and/or second-year foreign language course at any time, regardless of grade-point average.

Courses that can not be taken CR/NC:

- · any General Education courses
- · courses required by colleges and departments of all undergraduate majors

Courses for which "CR" is awarded will be counted as hours completed only; courses for which "NC" is awarded shall not be counted as hours attempted; in neither case shall "CR" or "NC" be considered in calculating grade-point average, but in both instances the course shall be entered on the student's official academic record.

A student may repeat a course for credit (CR), or a grade (A-F) after receiving a grade of "NC.

A college may designate in the printed schedule, on an annual basis, a course as not available to be taken on a "CR/NC" basis.

A student taking a course on a "CR/NC" basis is expected to meet the full requirements of the course as required by the instructor.

Audit Policy

A student choosing to audit a course must elect to do so at the time of registration. The student pays the enrollment fee and may be expected to do all the work prescribed for students taking the course for credit, except that of taking the examination. Any faculty member may initiate withdrawal for a student not meeting these expectations.

Transient Work at Another University

The purpose of transient work is to provide the University of Akron student with opportunity to: 1) take a course that is not offered at The University of Akron; or, 2) if the student is away in the summer, to take a course in a distant location; or, 3) in rare cases, a student who is only a few credits shy of graduation and must leave The University of Akron due to extenuating circumstances. These courses will be listed on The University of Akron official academic record. Each course will reflect the course number, title, grade and credit value; no grade-point value will appear on the record and the grade for such course will not be included in The University of Akron grade-point calculation. The name of the institution will be listed on The University of Akron official academic record as well as the date that the coursework was taken.

Any University of Akron student who wishes to take coursework at another regionally accredited institution of higher education must receive prior approval by the academic dean of the appropriate unit if the student intends to apply this coursework toward a degree at The University of Akron.

- 1. A student can make an official request for transient credit by submitting a Transient Permission Form. If the coursework taken at another institution will be used to satisfy The University of Akron General Education requirements, prior written permission to take the course must be received from the University College dean unless the course has been previously approved as an equivalency by The University of Akron.
- 2. If the coursework taken at another institution will be used to satisfy a degreegranting college degree requirement or as elective credit, prior written permission to take the course must be received from the dean of the student's degree granting college unless the course has been previously approved as an equivalency by The University of Akron.
- 3. A student must earn a grade of "D-" or better in the course at the other institution in order for the credits to apply towards the student's degree requirements at The University of Akron unless otherwise specified by the degreegranting college. The student must provide the official transcript for the course in order to receive credit.
- 4. No more than 18 total credit hours of transient work may be approved prior to the granting of a baccalaureate degree. No more than nine total credit hours of transient work may be approved prior to the granting of an associate degree.
- 5. Approvals for transient attendance at other institutions are valid for only the requested term and are subject to all restrictions of the dean of the college approving the request for transient credit.
- 6. Students who are on probation, dismissed or are in the last 32 hours of a baccalaureate degree or are in the last 16 hours of an associate degree are restricted or denied transient permission by either the dean of the degreegranting college or the dean of the University College except in rare and compelling circumstances.

Note: coursework taken at another institution cannot be considered for The University of Akron's Repeat for Change of Grade policy or Academic Reassessment policy and will not be calculated into the UA grade point average.

ALTERNATIVE CREDIT OPTIONS

American Council on Education's College Credit Recommendation Service

The University of Akron accepts the American Council on Education's College Credit Recommendation Service (CREDIT).

CREDIT evaluates and makes credit recommendations for formal educational programs and courses offered by organizations including business and industry, labor unions, professional and voluntary associations, schools, training suppliers, and government agencies. The program is based on the idea that it is sound educational practice for colleges and universities to grant academic credit for high-quality educational programs conducted by a variety of organizations provided that the courses are appropriate to an individual's degree program.

Advanced Placement Credit

Many high schools offer special Advanced Placement courses through the auspices of the Educational Testing Service for possible college credit. By enrolling in such courses during high school, and taking the Advanced Placement Tests at the end of each course, high school students may earn undergraduate credits in a number of different academic areas. The test score required to receive credit for a specific course is determined by the Academic Department in which the course is offered. Credits earned in this manner are included in the total credits completed, but are not assigned a grade and do not count in the quality-point ratio, class standing, or graduation with honors calculations. Students must take the tests while they are attending their high school. It is not possible to take the tests once a student is enrolled at The University of Akron. The following table lists disciplines available for Advanced Placement testing, scores required for accruing credit, and courses at The University of Akron for which credit may be earned.

Bypassed Credit

Certain courses designated in this bulletin by each department enable an eligible student to earn "bypassed" credit. An eligible student who completes such a course with a grade of "C" or better may apply for and receive bypass credit for designated prerequisite courses which carry the same departmental code numbers. A student who completes such a course with a "C-"or lower will not be eligible to apply for or receive bypass credit. If the prerequisite course is required for graduation and the bypass attempt is unsuccessful, then the student must take the prerequisite course. Credit for such bypassed prerequisites shall be included in the total credits earned but shall not count in the quality point ration, class standing or hours required for graduation with honors. Bypassed credit is not awarded on the basis of completing a course either credit-by-examination or credit/noncredit, or by completing a course as repeat for change of grade.

College Level Examination Program (CLEP)

College Level Examination Program (CLEP) is a national program that offers the opportunity to obtain college credit by examination. A variety of experiences may have prepared a person to earn college credit. Each institution determines which CLEP tests it will accept, the passing score, and the amount of credit that will be awarded. CLEP examinations for credit toward any degree are not permissible in the term before graduation. Credit by CLEP may not be used to repeat for change of grade.

CLEP tests are administered Monday through Friday and Tuesday evenings. Contact the Counseling, Testing, and Career Center at (330) 972-7084 to make a reservation and/or to obtain more information.

The following guidelines outline the terms under which The University of Akron will accept the results of specified CLEP tests for college credit.

General Education Course	Credits	CLEP Equivalent
English Requirement 3300:111 English Composition I	4	CLEP Examination in Freshman College Composition, plus essay. (Must receive minimum score of 60 on the subject examination and pass the essay.)
Sociology Requirement		
3850:100 Intro to Sociology	4	Clep Examination in Introductory Sociology. (Must receive minimum score of 50 on the subject examination.)
Macroeconomics		
3250:201 Princ. of Macroeconomics	3	Clep Examination in Introductory Macroeconomics. (Must receive minimum score of 50 on the subject examination.)

General Education Course	Credits	CLEP Equivalent
Government & Politics in the U.S.		
3700:100 Govt. and Politics in the U.S.	4	Clep examination in American Government. (Must receive minimum score of 50 on the subject examination.)
Natural Science Requirement, Biolog	ıv	
3100:103 Natural Science Biology	4	Clep examination in Biology. (Must receive minimum score of 50 on the subject examination.)
Natural Science Requirement, Chem	istry	
3150:100 Chemistry and Society or	3	CLEP examination in Chemistry. (Must receive a minimum score of 50
3150:151 Principles of Chemistry I or	3	on the subject examination.)
3150:110 Intro to General Organic		
and Biochemistry I	3	
Mathematics Requirement		
3450:145 College Algebra	4	CLEP examination in College Algebra. (Must receive a minimum scale of 50 on the subject examination.)
Psychology		the Subject examination.
3750:100 Introduction to Psychology	3	CLEP examination in Psychology. (Must receive a minimum score of 50 on the subject examination.)

Credit by Examination

A student interested in earning credits by special examination may do so with the permission of the dean of the student's college and the dean of the college in which a particular course is offered and by payment of a special examination fee. The grade obtained in such an examination is recorded on the student's permanent record. Credit by examination is not permitted in the semester before graduation. Credit by examination may not be used to repeat for change of grade.

International Baccalaureate

The University of Akron recognizes the academic quality of the International Baccalaureate (IB) program and the efforts of students enrolled in IB coursework by awarding advanced-standing credit for the completion of the IB Diploma. Higher level examination scores are considered for departmental credit in the areas of French, Spanish, German, Geography, Latin, Greek, Economics, Chemistry, History, English, Social Anthropology, Mathematics, Music and Physics. Although minimum scores for the awarding of credit vary by subject area, generally scores of four or five are sufficient. No credit is awarded for IB Subsidiary examinations, with the exception of some foreign languages.

For additional information, contact the University College Dean's Office, located at Simmons Hall 302, (330) 972-7066.

Military Credit

The University of Akron awards credit for military experience based upon recommendations by the Commission on Accreditation of Services of the American Council of Education (ACE). In order for credit to be awarded, the student must submit to the Office of the Registrar (Veterans' Affairs) their DD214 form. Block credit will be awarded from this document for Basic Training as well as one credit for physical education. Applicability of this credit for a student's degree program will be determined by established University policies.

For additional education credit, the ACE transcript can be used for complete awarding of credit. Information regarding the ACE transcript can be obtained at www.acenet.edu

Summit College students should submit their ACE transcript to the Transfer Specialist, Summit College Advising Office, Polsky Room 301 or call (330) 972-5325 to get additional information.

Other students should submit their ACE transcript to the Transfer Specialist, University College, 205 Simmons Hall or to get additional information, call (330) 972-7009.

Students interested in the SOC (Service Members Opportunity Colleges) should contact the Transfer Specialist/Advisor in University College at (330) 972-7009.

Postsecondary Enrollment Options

Postsecondary Enrollment Options program is a state-wide program created by the Ohio legislature to allow high school students to enroll in a college or university for the fall and spring semesters. There are two options for students interested in the

Option A: This option allows students to receive college credit only. The student is responsible for all costs associated with enrollment including, but not limited to, textbooks, materials, supplies, tuition and fees.

Option B: This option allows students to receive high school graduation credit and college credit simultaneously. Required textbooks, and materials, tuition and fees related to the coursework are provided at public expense.

Enrollment options are not intended to be a substitute for the academic programs, social growth or maturing experience provided by Ohio's public and private high schools or otherwise interfere with or replace advanced placement courses or the college preparatory curriculum available to students within their school system.

A student in grades 9-12 may enroll in the Postsecondary Enrollment Options program. The Postsecondary Enrollment Options programs are limited and selective. The University has the right to accept only as many qualified students as can be properly

Eligibility Requirements

For 11th and 12th grade participants:

- 3.30 cumulative GPA with a 24 ACT composite or combined 1110 SAT, or 3.50 cumulative GPA with ACT or SAT (math and critical reading) test scores for place-
- All students must submit an ACT/SAT for placement purposes.
- 11th and 12th graders may enroll in up to 14 credit hours per semester. If a student wishes to enroll in more than 14 credit hours per semester, he/she may appeal to the Assistant Dean of University College.

For 9th and 10th grade participants:

- 3.75 cumulative GPA.
- 26 ACT composite or 1150 SAT math and critical reading composite.
- Letter of recommendation from a school instructor within the student's field of interest at The University of Akron.
- Grade of at least a B+ in all English courses.
- Write an essay, 500 words or less, regarding why the student wants to enroll in the Postsecondary Enrollment Options Program.

Students interested in participation in the program should:

- Obtain an Undergraduate Admission application from the Office of Admissions, The University of Akron, Akron, Ohio 44325-2001.
- Complete and return the form with the guidance counselor's and parents' signatures and the non-refundable \$30 application fee (a one time charge).
- The application deadlines are May 15 and Oct. 15 for the Fall and Spring semesters, respectively.

Information regarding acceptance into the program, registration for classes, and academic advising will be forthcoming in the letter of admission to the Postsecondary Enrollment Options program.

Tech Prep

College Tech Prep is value-added education. This program integrates technical training and college prep academics beginning in high school and continuing through a minimum of an associate degree. College Tech Prep prepares students for highly skilled occupations supported by regional business and industry in the area of business, information, health and engineering technologies. The College Tech Prep pathway is a skill-building curriculum jointly designed by business, high schools, and colleges. This pathway links the high school experience with a college

Application fees are waived for College Tech Prep students entering The University of Akron. Students have the potential to earn college credit, gain advanced skills and have a clearer sense of career direction while they are still in high school.

For additional information regarding the College Tech Prep programs, contact Kelly Herold, Tech Prep Director, at (330) 972-8832.

Tech Prep Postsecondary Enrollment Option

For Tech Prep students interested in the Postsecondary Enrollment Option, the entrance level grade point average (GPA) is 3.0 overall with a 21 or higher composite score on the ACT. The college may admit a student with a lower GPA and/or ACT on a case by case basis.

A Tech Prep student will be required to obtain a formal written recommendation letter from the high school (guidance counselor or principal) that indicates the support of the school and that the student shows promise in their technical field.

Tech Prep Postsecondary students will be limited to college coursework that directly relates to the associate degree program in their specific Tech Prep

Pathway. Students meeting the above requirements will be eligible for PSEO Option B. (Option B allows students to receive high school graduation credit and college credit simultaneously. Textbooks, materials, tuition and fees related to the coursework are provided at public expense.)

Additionally, the application fee will be waived for Tech Prep Postsecondary stu-

Interested Tech Prep students should take the following steps:

- · Obtain a Tech Prep Postsecondary Enrollment Application from the Office of Admissions, The University of Akron, Akron, OH 44325-2001 or from their high school or career center guidance counselor.
- Complete and return the application with the recommendation letter and required signatures to Kelly Herold, Tech Prep Director, The University of Akron, Akron, OH 44325-6001.
- Information regarding acceptance into the program, registration for classes and academic advising will be forthcoming in a letter of admission to the Tech Prep Postsecondary Enrollment Options Program.

Transfer Credit

The Transfer Credit policy is subject to the appropriate approval process and as such may be subject to change.

The University of Akron awards transfer credit for non-remedial, non-developmental college-level coursework completed with earned grades of "D-" or better at an institution of higher learning in the United States which is fully accredited or has been granted candidacy status by one of following regional institutional accrediting agencies: Middle States Association of Colleges and Schools, Commission on Higher Education; New England Association of Schools and Colleges, Commission on Institutions of Higher Education; North Central Association of Colleges and Schools, Higher Learning Commission; Northwest Commission on Colleges and Universities; Southern Association of Colleges and Schools, Commission on Colleges; Western Association of Schools and Colleges, Accrediting Commission for Community and Junior Colleges; Western Association of Schools and Colleges, Accrediting Commission for Senior Colleges and Universities. A summary of the number of credits accepted will be listed on the official academic transcript along with the name of the institution and dates of attendance

Students who meet the requirements of the Transfer Module and receive an Associate of Arts or an Associate of Science degree with a cumulative grade point average of 2.00 or better will receive transfer credit for college-level coursework passed with a grade of "D" or better. Any "D" work earned after the awarding of the associate degree will not be accepted for transfer credit.

No grade point value will appear on the record; and no grade point average will be calculated for the coursework listed. Transfer students shall be accorded the same class standing and other privileges as all other students on the basis of the number of credits earned. All residency requirements must be completed successfully at the receiving institution prior to the granting of a degree.

CLEP or Advanced Placement credit posted on transcripts from previously attended regionally accredited Ohio colleges and universities is eligible for credit at The University of Akron. CLEP or Advanced Placement credit posted on transcripts from previously attended regionally accredited non-Ohio colleges and universities is not eligible for credit at The University of Akron. Students must present original documentation attesting to scores earned prior to receiving alternative credit considerations.

The University of Akron does not guarantee that a transfer student automatically will be admitted to all majors, minors, or fields of concentration at the institution. For courses that have been taken at an institution of higher education noted in the reference above, the dean of the college in which the student intends to obtain a degree will specify which courses, other than general courses, will apply toward the degree requirements at the University. University College will specify which courses listed will apply toward the General Education program requirements.

Transfer students must meet all University of Akron residency requirements.

For other types of transferable credit, please see the section on Alternative Credit Option in this Bulletin.

Note: Official transcripts and/or documentation for alternative credit can be obtained from the following Web sites:

www.acenet.edu www.collegeboard.com www.collegeboard.org/clep/ www.getcollegecredit.com

COURSE NUMBERING SYSTEM

Each course at the University has two numbers. One designates the college and department of which it is a part; one specifies the subject matter of the particular course. For instance:

3300:220 English Literature

In the above example, the first four digits of the number (3300) indicate the college and department. In this case, 3000 represents the Buchtel College of Arts and Sciences; 300 refers to the Department of English. The second set of digits (220) following the colon, indicates exactly which course in the Department of English is being specified. The course number also indicates the level at which the course is being taught and the point at which the student is ready to take the course

An explanation of the course numbering system follows:

100-199	First-year-level courses
200-299	Second-year-level courses
300-399	Third-year-level courses
400-499	Fourth-year-level courses
500-699	Master's-level courses
600-799	J.Dlevel courses
700-899	Doctoral-level courses

When approved 400-level undergraduate courses are taken for graduate credit. they are designated as 500-level courses. A student must apply for and be admitted to the Graduate School to receive graduate credit.

NOTE: Courses listed each term contain an additional three-digit number indicating the specific section(s) offered.

GRADUATION REQUIREMENTS

Requirements for Baccalaureate and Associate Degrees

A candidate for the baccalaureate or the associate degree must:

- File an application for graduation with the Registrar. If the candidate plans to complete degree requirements at the end of fall semester, submit an application by or before May 15. If the plan is to complete degree requirements at the end of spring semester, submit an application by or before September 15. Submit an application by or before February 15 for Summer Commencement.
- Earn a minimum of 128 credits for a baccalaureate degree, 64 credits for an associate degree (some programs of study may require more credits) with a minimum 2.00 grade point average as computed by the Office of the Registrar for work attempted at the University consistent with the Repeating Courses policy. Some of the colleges may have by action of their faculties, adopted a higher grade-point average for graduation with a degree from that college. The grade point average achieved at the time of completion of requirements for a degree will include repeated and reassessed courses which will be used to calculate rank in class and graduation honors.
- Meet all degree requirements including grade-point averages that are in force at the time a transfer is made to a degree-granting college. If the student should transfer to another major, then the requirements should be those in effect at the time of the transfer. For a student enrolled in an associate degree program in Summit College, the requirements shall be those in effect upon entrance into the program.
- · For purposes of meeting foreign language requirements, all foreign language and "American Sign Language" can fulfill the foreign language requirement for those programs that have a non-specific foreign language requirement. However, for those majors or programs that specify specific language requirements, the applicable specific language requirement must be met to satisfy graduation requirements for that major or program
- Be approved for graduation by appropriate college faculty, Faculty Senate, and Board of Trustees
- Complete the requirements for a degree in not more than five calendar years from the date of transfer, as defined below. In the event the student fails to complete the degree requirements within five calendar years from the date of transfer, the University reserves the right to make changes in the number of credits and/or courses required for a degree.

- The date of transfer for a student in a baccalaureate program will be the date that the student is accepted by the degree-granting college. For a student enrolled in an associate degree program in Summit College, the date of transfer refers to the date of entrance into the program.
- Complete a minimum of 32 earned credits in the baccalaureate degree total or a minimum of 16 earned credits in the degree total in residence at The University of Akron.
- Earn the last 32 credits in the baccalaureate degree total or 16 credits in the associate degree total in residence at The University of Akron unless excused in writing by the dean of the college in which the student is enrolled if at least 32 credits (baccalaureate) or 16 credits (associate) have been earned at The University of Akron.
- If a student who has transferred from another institution wishes to present for the student's major fewer than 14 credits earned at The University of Akron, written permission of both the dean and head of the department concerned is
- Discharge all other obligations at the University.

Level Status

The level status of each student is dependent upon the number of credit hours earned. The University identifies the following levels:

> Senior 96 credit hours or higher Junior 64-95.99 credit hours earned Sophomore 32-63.99 credit hours earned Freshman 0-31 99 credit hours earned

Requirements for Additional Baccalaureate and Associate Degrees

- Meet requirements given in Section 3, Requirements for Baccalaureate and Associate Degrees.
- Earn a minimum of 32 credits after the awarding of the first baccalaureate degree or 16 credits after the awarding of the first associate degree. These credits shall be earned in residence at The University of Akron.

Change of Requirements

To accomplish its objectives better, the University reserves the right to alter, amend, or revoke any rule or regulation. The policy of the University is to give advance notice of such change, whenever feasible.

Unless the change in a rule or regulation specifies otherwise, it shall become effective immediately with respect to the student who subsequently enters the University, whatever the date of matriculation.

Without limiting the generality of its power to alter, amend, or revoke rules and regulations, the University reserves the right to make changes in degree requirements of the student enrolled prior to the change by:

- Altering the number of credits and/or courses required in a major field of study.
- Deleting courses.
- Amending courses by increasing or decreasing the credits of specific courses, or by varying the content of specific courses.
- · Offering substitute courses in same/or cognate fields.

The dean of the college, in consultation with the department or division head of the student's major field of study, may grant waivers in writing if a change in rules affecting degree requirements is unduly hard on a student enrolled before the change was effective. The action of the dean of the college in granting or refusing a waiver must be reviewed by the senior vice president and provost on his or her own motion, or at the request of the dean of the college of the student affected, or at the request of the student affected.

Credit and grade-point requirements for graduation as adopted by the college faculties are listed in this bulletin

Graduation with Honors

Honors announced at the commencement ceremony are determined on the Grade Point Average as of the end of the term prior to the graduation term. Official honors are determined after ALL final grades have been reported on the academic record. All graded courses, including repeated and reassessed courses, are included in both determinations. The official honors designation will be posted to the diploma and academic transcript.

1) For a student who is being awarded a baccalaureate degree and who has completed 64 or more credits at The University of Akron, the degree

will be designated	if the overall grade point average is
Cum Laude	between 3.40 and 3.59
Magna Cum Laude	between 3.60 and 3.79
Summa Cum Laude	3.80 or higher

(2) For a student who is being awarded an associate degree and who has completed 32 or more credits at the University, the degree

will be	if the overall
designated	grade point
	average is
with distinction	between 3.40 and 3.59
with high distinction	between 3.60 and 3.79
with highest distinction	3.80 or higher

Fees and **Expenses**

Fees subject to change without notice

Student Expenses

Despite the willingness of taxpayers and generous friends of the University to help support higher education, some portion of this total expense must be borne by the student.

Following are comprehensively outlined fees for students at the University who are studying for credit and noncredit in all areas of instruction. Included also are the additional expenses required for special academic services available to students, and other miscellaneous fees, such as application and graduation fees. It is the responsibility of the student to know the correct amount of all fees, including the non-Ohio resident surcharge.

In any question concerning fees, surcharge, or residence, it is the responsibility of the student, parents, or court-appointed guardian, to furnish such proof as may be required by The University of Akron. A student who is in doubt about residency status should consult with the University registrar.

It is the responsibility of the registrar to assess fees and surcharges at the time of registration; information given by the student at that time is used in the assessment. Each registration is later audited by the University auditor, and appropriate additional charges or refunds will be made.

All fees and surcharges are due at the time of registration or on the specified fee payment deadline. The status of the student as of the opening day of the semester or session for which registered will determine the final, correct amount of

An Installment Payment Plan for tuition and fees is available to all students. For information, see page 59 of this Bulletin.

Tuition and Fees*

Tuition (Students enrolled prior to Summer 2002):

Undergraduate

\$283.80 per credit 1-11.5 credits \$3,405.60 per semester 12-15 credits Over 15 credits \$3,405.60 + \$283.80 per credit over 15

Tuition (Students enrolled Summer 2002 and after):

Undergraduate

\$300.77 per credit 1-11.5 credits 12-15 credits \$3,609.24 per semester Over 15 credits \$3,609.24 + \$300.77 per credit over 15

Tuition Surcharge:

(Nonresidents of Ohio pay the surcharge in addition to the instructional fee)*

(9)	Disregarding the instruction of an officer or parking employee	up to \$35
(10)	Parked in a firelane	up to \$50
(11)	Parked in a handicap access area	up to \$50
(12)	Display a false, altered forged, lost or stolen permit	up to \$110
(13)	Parking in a handicap area	up to \$500
•	All fines paid after thirty (30) calendar days from date of violation	Add 25% late fee
•	Vehicles will be booted for violations totaling \$40 or more	
	Boot fee:	\$40

Technology Fees

Exempt
edit hour
edit hour

Library Fees

Excluding Freshmen, Law School and Wayne students

Summit College	\$2 per credit hour
All other Undergraduate and Graduate students	\$3 per credit hour

Course Materials Fee Schedule*

For the following undergraduate courses, the fee noted will be assessed to cover the cost of instructional materials.

Summit College

Course	nogo		Course
Number	Course Title	Credits	Fee
2020:222	Technical Report Writing	3	\$10
2020:224	Writing for Advertising	4	\$15
2200:246	Multicultural Issues in Child Care	3	\$15
2200:247	Diversity in Early Childhood Literacy	3	\$15
2220:250	Criminal Case Management	6	\$40
2220:296	Current Topics: Criminal Justice	1	\$5
2230:100	Introduction to Fire Protection	4	\$20
2230:104	Fire Investigation Methods	4	\$20
2230:205	Fire Detection and Suppression Systems	3	\$20
2230:206	Fire Sprinkler System Design	3	\$15
2235:305	Principles of Emergency Management	3	\$15
2235:405	Hazard Prevention and Mitigation	3	\$15
2235:400	Disaster Relief and Recovery	3	\$15
2235:410	Disaster in Film	1-4	\$5
2260:100	Introduction to Community Service	3	\$10
2260:100	Introduction to Gerontological Services	3	\$10
2260:130	Addiction Education and Prevention	2	\$15
	Addiction Treatment	4	\$20
2260:261 2260:267	Addiction Treatment Addiction Assessment and Treatment Planning	3	\$20 \$15
2260:278	Techniques of Community Work	4	\$10
2280:121	Fundamentals of Food Preparation I	4	\$100
2280:121	Fundamentals of Food Preparation I	4	\$100
	Advanced Food Preparation	4	
2280:230		3	\$100
2280:232	Dining Room Service and Training		\$15
2280:233	Restaurant Operations and Management	4 3	\$100
2280:250	Front Office Operations		\$25
2280:261 2290:104	Baking and Classical Desserts	3	\$100 \$30
	Basic Legal Research and Writing	3	
2290:204	Advanced Legal Research	3 1	\$30 \$30
2290:290	ST: Legal Assisting Technology	3	
2420:212	Basic Accounting II	3	\$5 \$5
2420:215	Computer Applications for Accounting Cycles	3	
2440:105	Intro to Computers & Appl. Software		\$5
2440:121	Introduction of Logic/Programming	3 2	\$5 ¢F
2440:125	Spreadsheet Software		\$5
2440:140 2440:141	Internet Tools Web Site Administration	3	\$5 \$5
		3	
2440:145	Operating Systems	3	\$6.25
2440:160	Java Programming		\$5
2440:170	Visual Basic	3	\$5
2440:175	Microcomputer Applications Support	3	\$5 *F
2440:180	Database Concepts	3	\$5
2440:201	Networking Basics	3	\$30
2440:202	Router & Routing Basics	3	\$5
2440:203	Switch Basics & intmd Routing	3	\$30
2440:204	WAN Technologies	3	\$5
2440:210	Client/Server Programming	3	\$5
2440:211	Interactive Web Programming	3	\$5
2440:212	Multimedia/Interactive Web Elements	3	\$5

Enrollment Cancellation for Non-Payment

An undergraduate student whose financial account shows an amount due after their assigned due dates risk having all or part of their registration for current and/or future terms cancelled; however, non-payment of fees does not guarantee enrollment cancellation. If a student enrolls in classes and then decides not attend, it is still the student's responsibility to drop their classes to ensure the proper credit towards fees for the term, as defined by the current refund policy.

Payment Plan

This plan is designed to spread tuition and University housing fees into installments. To begin the Payment Plan, down payment is required along with a signed application. The Payment Plan application and terms and conditions are printable via the Web at www.uakron.edu. Click on "Student Life." Choose "Student Accounts," "Forms," "Payment Plan Agreement Form."

Semester applications are to be received in the office by the close of business on the due date. Anticipated financial aid may be used towards the down payment, requiring you only to submit the difference, along with the signed application. Your balance will be divided into equal installments, depending on the semester and sign-up date for the payment plan. All prior obligations and prior term payment plan must be paid in full before the next term application will be approved. Payment Plan payment due dates and amounts can be viewed via the Web at www.uakron.edu. Access the Registration and Information Center; enter student UANET ID and password. Choose "For Students," "View Account." It is the student's responsibility to know when payments are due and to pay on time.

Adjustments or changes to your class schedule will automatically apply to the Payment Plan subject to the withdrawal and refund policies of The University of Akron. A withdrawal from a class does not exempt you from charges for that class if refund is less than 100%.

A \$25 late charge will be assessed for each partial or full payment made after the established Payment Plan due date.

Questions concerning the Payment Plan can be directed to (330) 972-5100.

Student Health and Accident Insurance

Student health and accident insurance designed specifically for a student of The University of Akron is required of all residence hall students and all international students except those who present proof that they already have similar coverage. All students enrolled for six or more credit hours are eligible to purchase student health nsurance available through Health Services. For information about this plan, please visit the insurance administrator's Web site at http://www.leonardinsurance.com or call Health Services at (330) 972-7808.

Veterans Expenses

A disabled veteran who is eligible for admission to the University may register for courses without payment of fees if the disabled veteran has been authorized for training by the V.A. If the disabled veteran has not been authorized, payment of all fees is required. However, the University will return to the veteran the payment made when the official authorization is received.

A non-disabled veteran must pay fees at the time of registration. The non-disabled veteran will receive direct payment from the V.A. after enrollment has been certified under the provision of USC Title 38.

Dependents of a veteran covered under other provisions of USC Title 38 must pay fees at the time of registration. The V.A. will make direct payment to the payee.

Regulations Regarding Refunds - Credit/Noncredit

All fees, e.g., instructional, general, parking, etc., are subject to change without notice. Students shall be charged fees and/or tuition and other fees in accordance with schedules adopted by the Board of Trustees. Registration does not automatically carry with it the right of a refund or reduction of indebtedness in cases of failure or inability to attend class or in cases of withdrawal. The student assumes the risk of all changes in business or personal affairs.

Fees Subject to Refund - Credit

Certain fees are subject to refund.

- Instructional fee (tuition) and nonresident surcharge.
- General fee.
- Course materials and computing fee
- Student parking fee (only if permit is returned).
- Student teaching fee.
- Residence hall fees (note: subject to special policy).
- Technology fee.

Amount of Refund - Credit

Amount of refund is to be determined in accordance with the following regulations and subject to course instructor/advisor signature requirements contained in The University of Akron's official withdrawal policy:

- if the University cancels the course;
- if the University does not permit the student to enroll or continue except for disciplinary reasons. No refund will be granted to a student dismissed or suspended for disciplinary reasons;
- if the student dies before or during the term; is drafted into military service by the United States; is called to active duty; or if the student enlists in the National Guard or Reserve prior to the beginning of the term. Notice of induction or orders to active duty is required if the student is called to active duty. A student who enlists voluntarily for active duty should see "in part" below.

In part

if a student requests official withdrawal, the following refund percentages apply

If 6.667% of class attended — 100% refund

If 13.333% of class attended - 70% refund

If 20% of class attended — 50% refund

If 26.667% of class attended - 30% refund

If 33.333% of class attended - 20% refund

Greater than 33.33% of class attended — 0% refund

- · refunds for course sections are based on class length. The courses which have not been scheduled consistent with the standard 15 week fall/spring/summer semester will also be handled on a prorated basis according to the number of days of the section (class, institute, workshop) which has passed prior to official withdrawal compared to the number of days said section has been scheduled to meet. If a drop occurs on class day, it is counted as a day attended for the pur-
- · Refunds will be determined as of the date of formal withdrawal unless proof is submitted that circumstances beyond control of the student, e.g., hospital confinement, prevented the filing of the formal withdrawal earlier, in which case the refund will be determined as of said circumstance. The student assumes responsibility for filing for a refund.
- Refunds will be mailed as soon as possible. Refund checks are subject to deduction for any amount owed to The University of Akron by the student.

Refund Policy for Noncredit Courses

If a non-credit course is canceled by The University of Akron, a full refund will be issued. Withdrawal requests received up to three (3) business days prior to the first class meeting will result in a full refund less a \$10 processing charge, or an opportunity to transfer to another course. Thereafter, withdrawal requests received up to the beginning of the second class meeting will receive a 50% refund. No refunds are issued after the second day of classes. Exceptions to this policy are noted in the non-credit schedule of classes. Substitutions may also be accepted in lieu of a refund.

Refunds for non-credit courses are determined by the date the withdrawal request is received. The refund period cannot be extended if the student fails to attend the first class. Charge cards and refund checks will be processed promptly. Parking permits must be returned to the Continuing Education office to receive a refund.

Note: See page 63 for additional refund information if Financial Aid is involved.

Residence Hall Refunds

Refund/Release and Forfeiture Policy

A refund of paid Housing Accommodations and Food Service fees, including prepayment fees, will be paid in any of the following situations:

A full refund of paid room and board fees and the prepayment under the following cir-

- · Graduation of the STUDENT from The University of Akron;
- Academic dismissal of the STUDENT from The University of Akron;
- Non-attendance or complete withdrawal by the STUDENT from The University of Akron prior to the start of the Contract term (except the prepayment which shall be forfeited). The prepayment will be refunded for new entering, transfer and graduate students when notification of intent to break Contract is received prior to the fifteenth of May for the following fall semester and the fifteenth of October for Contracts initiated for spring semester; or
- Mandatory or recommended participation in academic programs of The University of Akron requires the STUDENT to commute regularly beyond the Akron metropolitan area (e.g., student teaching or co-op assignments). At time of cancellation, documentation from the UNIVERSITY department affiliated with the program will be required.

A partial refund of paid room and board fees, except the prepayment fee, once occupancy has been established (e.g., acceptance of room keys and/or signing occupancy document) will e prorated beginning on the date the STUDENT officially surrenders use of UNIVERSITY housing and returns all appropriate keys (room and apartment keys) to UNIVERSITY staff and satisfied UNIVERSITY-mandated housing separation requirements and procedures under the following circumstances:

- Cancellation of the entire Contract term after the start of the fall semester and subsequent spring semester.
- Cancellation of a single semester Contract after the start of the semester.

A partial refund of paid room and board fees when the STUDENT has fulfilled fall semester obligations and breaches the Contract for spring semester, except when under any dismissal or suspension. The STUDENT shall pay, as a cancellation fee for breach of the terms of the Contract, an amount of \$200.00.

The STUDENT shall not be liable for further forfeitures and shall be released of further financial liability beyond the date of termination as per the refund/release and forfeiture policy if the UNIVERSITY, in its sole discretion, terminates the Contract:

- For reasons related to the orderly operation of the residence halls, or for reasons relating to the health, physical, or emotional safety and well-being of the STUDENT, or for reasons relating to the health and well-being of the persons or property of other students, faculty, staff, or UNIVERSITY property.
- In the event that the STUDENT is dismissed or suspended from The University of Akron for disciplinary reasons in accordance with laws or rules and regulations of the Board of Trustees, or, if the STUDENT is placed on terms of disciplinary probation in accordance with laws or rules and regulations of the Board of Trustees, whereby such terms of probation prohibit the STUDENT from residing in UNIVERSITY housing
- In the event the student has misrepresented or purposefully omitted any fact on the Contract, specifically as it relates to the report of crime committed by the STUDENT prior to the submission of the Contract. Failure to report may result in the current Contract cancellation and future Contract submission

Contract cancellations for a current semester received after the 12th week of that semester will be assessed the full semester fees.

The STUDENT is financially responsible for fees incurred through the date of such termination, dismissal, suspension, or probation or until the STUDENT has completed the check-out process with the appropriate UNIVERSITY employee, whichever date is later.

Notice requirements. All notices of intent to break this Contract must be submitted to The Department of Residence Life and Housing. If the STUDENT is under the age of 18, the written notification of termination must be co-signed by the STUDENT'S parent or legal guardian

No Show Policy. The UNIVERSITY will hold the STUDENT'S assignment until close of business on Wednesday of the first week of each semester. At that time the room will be reassigned and the STUDENT'S Contract will be canceled and the prepayment shall

THE UNIVERSITY OF AKRON RESIDENCY REQUIREMENTS

For detailed information on the Ohio Board of Regents Residency Requirements, visit the Office of the University Registrar's web site at http://www.uakron.edu/ registrar/ResRulesandRegs.php.

Financial Aid

Financial aid programs were developed by federal and state governments, as well as by institutions of postsecondary learning to assist students from families with limited resources in meeting their educational expenses. The primary purpose of financial aid is to ensure that no person is denied the opportunity of attending college because of financial need.

Generally, financial aid is provided in four forms: scholarships, grants, loans and work-study funding. Applying for all types of aid requires the completion of The University of Akron Scholarship Application, the Free Application for Federal Student Aid (FAFSA), as well as applications for any and all private scholarships that a student might be interested in. It is not unusual for a student to receive all four forms of aid.

Mission Statement

The Mission of the University of Akron's Office of Student Financial Aid & Student Employment is to help students achieve their educational potential. Our office accomplishes this by:

- Adhering to state and federal regulations as well as University policies regarding the awarding of aid funds.
- Being committed to removing financial barriers for those who wish to pursue postsecondary learning.
- Making every effort to assist students with financial need.
- Having an awareness of the issues affecting our students and advocating for our students' interests at the institutional, state and federal levels.
- Educating our students and their families by providing quality consumer information.
- Respecting the dignity and diversity of each one of our students by providing services that do not discriminate on the basis of race, gender, ethnicity, sexual orientation, religion, disability, age or economic status.
- Ensuring the confidentiality of our students' information.
- Assuring the uniform application of all needs analysis formulas consistently across The University of Akron's full population of financial aid applicants.
- Committing to the highest level of ethical behavior by avoiding conflict of interest or the appearance of such a conflict.

Maintaining the highest level of professionalism reflects our commitment to the goals and mission of the University of Akron.

Applying for Financial Aid

To apply for most state and federal financial aid programs, a student must complete the Free Application for Federal Student Aid (FAFSA).

There are two ways to complete the Free Application for Federal Student Aid:

Electronic Filing: This is generally the quickest and easiest way for students (and their parents) to apply. Families who take full advantage of its features including electronic signature by PIN (Personal Identification Number) experience significantly faster aid processing times. For best success, follow these steps:

A. Obtain A PIN number.

- 1. Obtain a PIN for the student at www.pin.ed.gov.
- 2. If the student is a dependent student, a parent should obtain a PIN at the same Web site.
- 3. If you provide an e-mail address at the PIN web site it generally takes 72 hours or less for the federal government to respond with a link to their secure web page where you may pick up your PIN after submitting your information and self-created password. **NOTE:** If your Internet service provider utilizes a spam-catcher or other system that diverts such e-mail away from your normal e-mail in-box, be sure to check the location these e-mails are directed to during the three days following your PIN Application.
- 4. A PIN is useful for many purposes working with the US Department of Education, including: Online signature of FAFSA forms and Master Promissory Notes. Once you receive a PIN it is good until you change it, so be sure to keep it in a secure place so you will be able to use it each year to sign your online FAFSA application.

B. Complete the FAFSA online.

- 1. Be sure to gather student (and if the student is a dependent student) parent income information from the prior year and have it ready to reference for completion of the FAFSA. For a complete list of information you will need, visit FAFSA on the Web site: www.fafsa.ed.gov. Click on the link, "Before Beginning a FAFSA," then click on the link, "Documents Needed." You can print this information if it is helpful.
- 2. Some families are more comfortable completing information on paper first, and then, online. This is easily done at the FAFSA Web site, www.fafsa.ed.gov, by clicking on the link, "Before Beginning a FAFSA," then, clicking on the link, "Pre-Application Worksheet." Print and complete the worksheet and you will be able to type your responses in order—directly from the worksheet.
- 3. When you are ready to complete a FAFSA on line, click on the link that says, "Filling out a FAFSA." Follow the directions provided.
- 4. When prompted near the beginning of the online form, the student should be sure to choose to enter his or her PIN as this will act as their signature.
- 5. At the end of the document, if the student is a dependent student, the parent will have an opportunity to sign the form with a PIN. Provide the PIN for signature.
- 6. If the student provides an e-mail address, the student aid report will be sent to the student via e-mail. If the student does not, it will be sent through the US mail. NOTE: If you provide an e-mail address, and your Internet service provider utilizes a spam-catcher or other system that diverts such e-mail away from your normal e-mail in-box, be sure to check the location these e-mails are directed to until you receive your electronic Student Aid Report. If you must make corrections, check this location until you receive the updated electronic Student Aid Report.

If at any time you have questions about this process you may contact the Office of Student Financial Aid & Student Employment or the US Department of Education at 1-800-4-FED-AID.

Paper Filing: The traditional paper FAFSA is still available. Though this option can, during peak processing times, take up to 6 weeks to complete, it remains an excellent option if you do not have online access or are uncomfortable submitting information even to a secured online site. If the student provides an e-mail address on the paper FAFSA the student aid report will be sent to the student via e-mail. If the student does not, it will be sent through the US mail. NOTE: If you provide an e-mail address, and your Internet service provider utilizes a spamcatcher or other system that diverts such e-mail away from your normal e-mail inbox, be sure to check the location these e-mails are directed to until you receive your electronic Student Aid Report. If you must make corrections, check this location until you receive the updated electronic Student Aid Report. The paper FAFSA is available through this office or through your high school counselor.

SOURCES OF AID

To meet the needs of the financial aid applicant, there are a number of sources from which aid can be received. The following programs are some of those sources of aid for which The University of Akron selects recipients and/or distributes the funding.

Federal Programs

Federal Pell Grant

This is the basic federal grant program for undergraduate students. The U.S. Department of Education determines eligibility, and money is disbursed by The University of Akron. Because this is a "grant," it is not repayable. (For more information see Refund/Repayment Policy later in this section.) The amount of the grant varies based on hours of enrollment. If a student's enrollment is less than full time, a pro-ration of the Pell Grant is required.

Federal Supplemental Educational Opportunity Grant (FSEOG)

This is a grant that is offered to undergraduate students who have exceptional need as determined by the U.S. Department of Education. These grants are only awarded to students who meet the guidelines established by the Department of Education and who have met the priority awarding deadline (March 1). Entering freshmen and continuing students must have a 2.00 grade point average and must be enrolled for a minimum of six (6) credit hours to be eligible.

Academic Competitiveness Grant Program

An eligible student may receive an Academic Competitiveness Grant (ACG) of \$750 for the first academic year of study and \$1,300 for the second academic year of study. To be eligible for each academic year, a student must:

- · Be a U.S. citizen;
- Be a Federal Pell Grant recipient;
- · Be enrolled full-time in a degree program;
- Be enrolled in the first or second academic year of his or her program of study at a two-year or four-year degree-granting institution;
- · Have completed a rigorous secondary school program of study (after January 1, 2006, if a first-year student, and after January 1, 2005, if a sec-
- If a first-year student not have been previously enrolled in an undergraduate program: and
- If a second-year student, have at least a cumulative 3.0 grade point average on a 4.0 scale for the first academic year.

National SMART Grant Program

An eligible student may receive a National SMART Grant of \$4,000 for each of the third and fourth academic years of study. To be eligible for each academic year, a student must:

- Be a U.S. citizen:
- Be a Federal Pell Grant recipient;
- Be enrolled full-time in a degree program;
- Be enrolled in a four-year degree-granting institution;
- Major in physical, life or computer science, engineering, mathematics, technology, or a critical* foreign language; and
- · Have at least a cumulative 3.0 grade point average on a 4.0 scale (as set forth in regulations to be promulgated soon) in the coursework required for the STUDENT'S major.
- * The U.S. Department of Education will publish a list of eligible majors, including critical foreign languages, sciences, mathematics and engineering

A current list of majors is available online at http://ifap.ed.gov/dpcletters/attachments/GEN0615Attach1.pdf.

Federal College Work-Study Program (FCWSP)

The Federal Work-Study Program provides an eligible student with a job on-campus or, in limited cases, an off-campus job related to community service. Eligibility for FCWSP is determined on the basis of need, early application (March 1), a 2.25 grade point average, and a minimum enrollment of six (6) credit hours each semester. This award shows the amount of money that can be earned while employed as a work-study student during the academic year. This award is earned through employment and cannot be deducted from the fee invoice.

Federal Perkins Loan

The Federal Perkins Loan Program offers low-interest, long-term loans for an eligible student Eligibility and loan amounts for the Perkins Loan is determined on the basis of need, early application (March 1), a 2.50 grade point average, and a minimum enrollment of six (6) credit hours each semester. This federal loan must be repaid, although there are some important cancellation options which are listed in your promissory note. Repayment on this loan begins nine months after the student ceases to be enrolled for 6 credit hours. The current interest rate is fixed at 5% and is calculated at the time repayment of the loan begins. Interest does not accrue while the student is duly enrolled or during the nine month grace period.

Federal Subsidized Stafford Loan

This program offers low-interest, fixed-rate loans to eligible students on the basis of financial need. The interest for this loan is paid by the federal government while the student is in school or in a grace period. To be eligible for this loan, the student must complete the FAFSA form and related processes. After satisfactory completion of the form and processes an Award Notification estimating the potential eligibility for the loan, will be sent to the student must complete this form and submit it to the Office of Student Financial Aid & Student Employment.

Federal Unsubsidized Stafford Loan

The Stafford Unsubsidized Loan is not based on financial need, but completion of the FAFSA form and its processing is required to receive it. After satisfactory completion of the form and processes an Award Notification estimating the potential eligibility for the loan, will be sent to the student must complete this form and submit it to the Office of Student Financial Aid & Student Employment. The government does not pay the interest on this loan while the student is in school. Interest begins accumulating the Unsubsidized Stafford immediately. The student may elect to pay the interest while in school, or may choose to have the interest capitalized

Nursing Student Loan

The Nursing Student Loan Program offers low-interest, long-term loans for eligible students. Eligibility and loan amounts are determined through early application (March 1), a 2.00 grade point average, minimum enrollment of six (6) credit hours, and need. The federal loan must be repaid beginning nine months after ceasing to be enrolled for the minimum credit hour requirement. The current interest rate is 5% and is calculated at the time repayment of the loan begins.

Federal PLUS Loan

The parents of undergraduate, dependent students may borrow through this program. Eligibility is not based on financial need, but rather on the student's enrollment as a student and on the parents' credit. If this is the only aid the student is seeking, a FAFSA does not have to be completed. Parents may borrow up to the cost if attendance, less any other financial aid. Applications may be obtained at The University of Akron or by contacting your local lending institution. Monthly payments for this variable-interest rate loan begin 30-60 days after loan receipt.

Alternative Loans

Alternative/private loan programs are designed to bridge the funding gap when savings, scholarships, grants, federal loans, and other resources are not sufficient. These private loans are alternatives for students who are not able to borrow through the other federal loan programs or need additional funding beyond their federal aid eligibility. These loans require a good credit rating and/or a creditworthy co-signer. It is important to borrow responsibly and only borrow to the extent necessary in order to maintain a reasonable level of indebtedness. For more information on this type of loan, visit our Web site at www.uakron.edu/finaid. Click on the link on the left hand side that says, "Loan Information." Scroll through the page until you find the link in the center of the page that says, "Alternative Loans." Click on this link to find information about specific Alternative Loans. Phone numbers are available so you may contact the lenders for specific information regarding their specific loan products.

Note: The terms of these loans are subject to rapid change. Contact lenders for most up-to-date information. The University of Akron is not responsible for changes in terms of loans. Students should ask questions of the lenders and do their own investigation and evaluation of which of these or other commercial loan products best suit their individual needs.

State Programs

Ohio College Opportunity Grant (OCOG)

This is a grant that is offered to students who are Ohio residents, by the State of Ohio. A student must meet the requirements set by the Ohio Board of Regents. This program replaces the Ohio Instructional Grant for students whose first attendance of college as a fully admitted college student occurs during or after the 06-07 academic year.

Ohio Instructional Grant (OIG)

The OIG is available to an eligible undergraduate student who is an Ohio resident. The grant is awarded by the Ohio Board of Regents. Eligibility is based on family income and application by the deadline (which is subject to change annually—contact the financial aid office for details) Students apply for the OIG by completing the FAFSA. If the state determines that a student is eligible to receive the OIG, both the student and The University of Akron will receive notification from the state.

Ohio Safety Officers College Memorial Fund

This program provides tuition assistance to the children and spouses of peace officers, fire fighters and certain other safety officers who are killed in the line-of-duty, anywhere in the United States. Recipients must be Ohio residents. Recipients may enroll for full-time or part-time study at any participating Ohio post-secondary institution. The Fund provides benefits which cover full instructional and general fee charges at public colleges and universities and a portion of these costs at private post-secondary institutions. Interested students should contact the Ohio Board of Regents State Grants & Scholarships Department.

Nurse Education Assistance Loan Program (NEALP)

The Nurse Education Assistance Loan Program (NEALP) provides financial assistance to Ohio students enrolled for at least half-time study (or accepted for enrollment) in an approved Ohio nurse education program. There are two deadlines, June 1 and November 1. Students may apply online between January 1 and June 1 for nursing classes beginning in the fall. Students may also apply between June 2 and November 1 for new nursing programs beginning in January (spring). If funding is not available to award loans to all eligible NEALP applicants, first-time awards will be made on the basis of "relative financial need" as indicated by an applicant's "Expected Family Contribution" or EFC. The maximum award is \$3,000 per year for up to four years of eligible study.

Recipients may be eligible for loan cancellation at a rate of 20% per year for a maximum of five years if the recipient is employed in the clinical practice of nursing in the State of Ohio. The maximum loan forgiveness is 100%. Borrowers who do not complete an approved nurse education program are not eligible for loan forgiveness and must repay the loan in full, plus interest. For interest rate and application information contact The Ohio Board of Regents: 1-888-833-1133

The Ohio Education and Training Voucher Program

The Ohio Education and Training Voucher Program offers funds to foster youth and former foster youth to enable them to attend colleges, universities and vocational training institutions.

- Students may receive up to \$5000 a year for four years as they pursue higher education.
- The funds may be used for tuition, books or qualified living expenses.
- These funds are available on a first-come, first-served basis to students out
 of the Ohio foster care system.

You must fall into ONE of these three categories:

- * You were in foster care on your 18th birthday and aged out at that time.
- * Your foster care case will be closed between the ages of 18 and 21.
- * You were adopted from foster care with adoption finalization AFTER your 16th birthday.
- You are a U.S. citizen or qualified non-citizen.
- Your personal assets (bank account, car, home, etc.) are not worth more than \$10,000.
- You must be aged 18, 19 or 20 when you first apply to the ETV Program.
- You must have been accepted into or be enrolled in a degree, certificate or other accredited program at a college, university, technical or vocational school.†
- To remain eligible for ETV funding, you must show progress towards a degree or certificate.

To apply for this award, visit the following web site: www.statevoucher.org and click on the state of Ohio on the map. Follow the directions as listed.

Ohio Academic Scholarship

The state of Ohio awards this scholarship each year to a graduating senior from each Ohio high school. The scholarship must be used at a college in Ohio. The amount is \$2,100 and is renewable annually for four years. Contact your school counselor for details.

Ohio War Orphans' Scholarship

The Ohio War Orphans' Scholarship program awards tuition assistance to the children of deceased or severely disabled veterans who served in the armed forces during a period of declared war or conflict. These awards can be substantial Note: Disability status may, under certain circumstances, have occurred after the veteran's service period. Please, contact the Ohio Board of Regents at (888) 833-1133 or (614) 644-7420 for more information.

Ohio National Guard Scholarship

This scholarship is available to students who enlists in the Ohio National Guard. Contact a local recruiter for details.

University Programs

Scholarships

The University offers scholarships to students with high academic achievement. Academic scholarships are awarded to the continuing student as well as the outstanding high school student who plans to enroll. These academic scholarships are renewable each year based on continued high academic performance. A University Scholarship Application must be submitted each academic year. Priority deadline for entering freshmen applicants is February 1, for continuing students April 1.

In order to be considered for all possible scholarships, students should also complete a Free Application for Federal Student Aid (FAFSA) as soon as possible after January 1, but no later than March 1, each year. While scholarship requirements vary, all those listed here, unless noted otherwise, require students to carry a minimum of 12 credit hours per semester while enrolled at The University of

Scholarship For Excellence recipients will be selected from applicants with the highest combination of high school grade point average (min. 3.80), class rank (min. top 10%), and standardized test scores (min. 30 ACT/1310 SAT). New freshmen must be fully admitted by February 1 to be considered, November 15 for Early Action.

- Award Amount: \$6,000
- · Recipients who are admitted to the Honors College may also receive an Honors Scholarship in addition to this award (see below).
- Renewal GPA: Scholarship for Excellence-3.25
- Minimum Enrollment: Full-time undergraduate (12 credits/semester)

Presidential Scholarship recipients are selected from applicants with a high combination of high school grade point average (min. 3.50), class rank (min. top 10%), and standardized test scores (min. 28 ACT/1230 SAT). New freshmen must be fully admitted by February 1 to be considered, November 15 for Early Action.

- Award Amount: \$3,000
- Recipients who are admitted to the Honors College may also receive an Honors Scholarship in addition to this award (see below).
- Renewal GPA: Presidential Scholarship 3.25
- Minimum Enrollment: Full-time undergraduate (12 credits/semester)

Partners In Excellence recipients are selected from applicants with a good combination of high school grade point average (min 3.30), class rank min. top 25%), and standardized test (min. 26 ACT/1160 SAT). New freshmen must be fully admitted by February 1 to be considered, November 15 for Early Action.

- Award Amount: \$1,500
- Recipients who are admitted to the Honors College may also receive an Honors Scholarship (see below) in addition to this award.
- · Renewal GPA: Partners In Excellence-3.0

Student Success Scholarship recipients are selected from applicants with an above average combination of high school grade point average (min. 3.0), class rank (min. top 50%), and standardized test scores (min. 22 ACT/1010 SAT) who also have significant financial need.

- Award Amount: \$1,500
- Renewal GPA: Student Success Scholarship 2.75
- Minimum Enrollment: Full-time undergraduate (12 credits/semester)

National Merit Finalist Awards are granted to students who are selected as National Merit Finalists. These students will receive a minimum \$6,000 Scholarship for Excellence (see above), renewable for three additional years for a total of 8 semesters. Finalists who apply, and are admitted, to the Honors College may receive an additional scholarship award from the Honors College (see

- · Award Amount: As described above.
- Renewal GPA: National Merit Finalist-3.25
- Minimum Enrollment: Full-time undergraduate (12 credits/semester)

Honors Scholarship recipients are typically new freshmen with 3.50 high school grade point average and upper 10 percent nationally in test scores may be considered for an Honors Scholarship. Recipients must be admitted to the Honors College to receive these scholarships. Honors Scholarship awards are combined with University Scholarships to reach maximum Scholarship for Excellence, Presidential and Partners in Excellence Scholarship Levels.

- Early Admission Deadline: November 15 preceding the academic year
- Standard Admission Deadline February 1.
- Essay and Interview required
- Award Amount: \$3,000 (Merit award); \$1,500 (Recognition award)
- Renewal: 3.25 End of first year; 3.30 End of second year; 3.40 End of third
- Minimum Enrollment: Full-time undergraduate (12 credits/semester)

Phi Theta Kappa Scholarships are awarded for students transferring from community colleges at which they are members of Phi Theta Kappa Honorary Society.

- Award Amount: \$1,000 per year
- Renewal: 3.0— maximum of six full-time semesters

Transfer Scholarships are awarded to students transferring to The University of Akron with at least 24 semester hours of credit. Minimum cumulative grade point average of at least 3.25 required. Application deadline: April 1 (for fall semester)

- Award Amounts: \$1,500 (cumulative GPA of at least 3.50); \$1,000 (cumulative GPA of at least 3.25)
- Renewal: 3.0—maximum six full-time semesters

ROTC Scholarships are available to qualified students who demonstrate academic and leadership potential. Special incentives are available for students majoring in nursing and engineering. Contact the ROTC office for details.

Departmental and Performance Scholarships are offered by many academic departments and are usually based on academic record or an audition/portfolio. For more information, please contact your department.

The University of Akron Tuition Incentive for Students from Out-of-State including U.S. Territories

Akron Advantage Awards Scholarships for Non-Resident Students

Akron Advantage Blue Award — Sixty percent reduction of the non-resident surcharge (per academic year).

Full-time, First-time Freshmen students from one of the 49 states outside of Ohio and all U.S. territories must meet one of the following eligibility criteria:

- 3.0 high school GPA (based on 6th semester transcript)
- 1000 SAT combined (critical reading and math score)
- 21 ACT
- · Direct admission to a degree granting college
- · Dependent of a UA alumnus/alumna

Akron Advantage Gold Award — Full reduction of the non-resident surcharge (per academic year).

Full-time, First-time Freshmen students from one of the 49 states outside of Ohio and all U.S. territories must meet two of the following eligibility criteria:

- · High school GPA of at least a 3.5 on a 4.0 scale (based on 6th semester transcript)
- Top 10% of their high school class
- ACT composite test score of at least a 27 or SAT combined test score of at least 1200 (critical reading and math scores)

In addition to the above eligibility criteria for the Blue and Gold Awards, students must meet the following to remain eligible to receive the awards:

- · Out-of-state residency status (as stated above, a student from one of the 49 states outside of Ohio and all U.S. territories)
- Full-time status (at least 12 credit hours per semester Fall and Spring)
- · Remain in good academic standing
- The scholarship is renewable for up to four academic years.

Student Employment

Student Employment can assist you in finding a job on or off campus. These jobs may or may not be related to your major field of study, but they are designed to work around your class schedule. Jobs are posted on the Financial Aid Web site or you can find them by following these directions:

- 1. Go to http://www.uakron.edu/finaid.
- 2. Click on the link on the left-hand side that says "Student Employment and Federal Work Study Information."
- 3. You will be given a choice of the types of jobs to view.
- 4. Click on the link of your choice.
- 5. Use the vertical and horizontal functions to find information not visible on the screen.
- 6. If you are interested in a posting, please contact the employer directly, using the phone number listed in the description.

If you have further questions, or wish to register for the job applicant pool, you can call (330) 972-7405.

Job Location & Development

The Job Location & Development Program exists to assist students in locating off campus part-time employment. By working part-time, students are able to gain some valuable work experience and to earn money to assist with college expenses. Call (330) 972-7405 for details.

Student Volunteer Programs

Student Volunteer Programs seek to recruit and refer students for volunteer positions with social service and nonprofit agencies in Northeast Ohio. Volunteering offers students a wealth of experience which will enable discovery of the reality of American life in ways that cannot be as graphically communicated in the classroom. In addition, the rendering of public service by student volunteers will help them develop an understanding of professional requirements and their role as truly educated citizens; enhance their educational experiences; give concrete form to the abstract learning of the college curriculum by applying it to immediate human needs; and know that a truly successful life must include helping others.

Students who are in good academic standing may participate in the program's volunteer activities. Students are also expected to respect the rules and regulations of their volunteer agency. For more details call (330) 972-7405.

Computation of Financial Aid

Government formulas determine what the family may be able to contribute toward the student's education. This amount is called the family contribution. Some of the key factors involved in computing the family contribution are as follows:

- Family income
- Number of family members in collegeFamily size
- Family assets

The difference between the cost of education and the family contribution is called the unmet need. The unmet need is the amount the Office of Student Financial Aid attempts to cover through various financial aid programs to assist a student in meeting educational costs.

Notification of Award

A student will be notified of the aid package by a Financial Aid Award Notification sent to the mailing address. Students who have received their UAnet ID are able to check their financial aid awards through Zipline financials. If students have questions regarding their financial aid awards they can always contact the Office of Student Financial Aid & Student Employment by phone or in person.

Distribution of Aid

Most financial aid will be applied directly to the tuition fee invoice. Awards are based on full-time enrollment (12 semester credits). If the student is not taking at least 12 credits, contact the Office of Student Financial Aid so that financial aid may be adjusted. The student is awarded aid for the entire academic year; however, the aid is disbursed proportionately each semester. If a student's aid exceeds the direct costs, the difference is given to the student prior to the beginning of each semester to assist with other educational expenses such as transportation, housing, books, etc. The student must maintain satisfactory enrollment status to be eligible for all aid.

Revision of Awards

After receipt of the financial aid award, situations may arise which may necessitate a revision in the aid package. A revision may result from receipt of an outside scholarship; a dramatic change in the family income such as unemployment of a parent or a divorce, etc. If family financial circumstances change, contact the Office of Financial Aid & Student Employment so the aid package may be reviewed.

Rules for Refund of Title IV Aid

Refund/Repayment Policy — Students Receiving **Financial Aid**

If your invoice is paid using financial aid, and you officially withdraw from all courses or unofficially withdraw (receive all F's) please refer to the "Refund/Repayment Policy."

If you withdraw from some but not all of your courses, your aid could be affected as follows:

Scholarships Concerns: Scholarships have credit hour requirements. If you drop below the required hours, the refund is repaid to the scholarship.

Federal Pell Grant: The Pell Grant will be adjusted for any change in enrollment that occurs on or prior to the 15th day of the semester. Pell will also adjust for any class withdrawn from that has not yet begun.

Ohio Instructional Grant (OIG): OIG is based on full-time enrollment. If enrollment drops below full-time during the university's 100% refund period, then 100% of the grant will be cancelled. If enrollment drops below full-time during any other refund period, the grant will be pro-rated.

Loan Concerns: Dropping below half-time could place your loan into its grace period or repayment. In addition it could affect student loans currently being disbursed. For example, if your loan is for two semesters, the second semester portion may be cancelled, reduced or returned.

2. If you officially withdraw from all courses or unofficially withdraw (receive all F's), you are subject to the:

Refund/Repayment Policy (Return of Title IV Refund Policy)

This policy is used to determine the amount of federal student aid that must be returned to the appropriate aid programs and should not be confused with the published university refund policy. When a student withdraws from all classes on or after the first day of classes and the student has received financial aid the following refund policy will apply:

The refund/repayment policy is a pro-ration of earned versus unearned financial aid. The earned financial aid percentage is determined by taking the days attended in the period by total days in the period. (Example: Student withdraws 5th day of the semester which has 110 days in its period, 5/110 = 5 percent earned.) Subtracting earned aid from aid that was awarded and disbursed gives you the amount of unearned aid that must be returned. The responsibility to repay unearned aid is shared by the institution and the student and is in proportion to the aid each is assumed to possess. The student may be billed from The University of Akron for any account balance created when the college is required to return funds. The balance due would be the result of tuition charges that are no longer being covered by the unearned aid or unearned aid that the student received in an excess aid check. Under the refund/repayment policy, the programs are reimbursed in the following order: Unsubsidized Stafford Loan, Subsidized Stafford Loan, Federal Perkins Loan, PLUS Loans, Federal Pell Grant, Federal Supplemental Educational Opportunity Grant, and LEAP funded programs.

Depending on the situation, withdrawal dates are determined in one of the following ways:

- The date the withdrawal is processed by the Office of the University Registrar
- · The date the student is officially dismissed from the college.
- · The last date of documented academic attendance or coursework.
- In the case of unofficial withdrawals (students receiving all "F" grades), it is the midpoint of the period of academic enrollment or last date of documented academic attendance or coursework.
- Students who never attended classes will be required to repay all student aid funds received.

Once students have attended past the 60% point of the payment period, all federal financial assistance is considered earned.

Please inquire in the Office of Student Financial Aid if you need additional information on the refund policies.

Eligibility for Aid as it Applies to **Certain Classifications of Students**

Transfer Students

The University of Akron Office of Student Financial Aid will use the National Student Loan Database (NSLDS), eliminating the need to request individual financial aid transcripts (FATs) for most Title IV student aid applicants. If a student is transferring to the University during the academic year and has received a Federal Pell Grant and/or OIG from the prior school, the student must:

- The student must have their financial aid information submitted to The University of Akron. This can be done using the federal government's web site, www.fafsa.ed.gov to make a correction to the original FAFSA to include The University of Akron's Title IV Aid code #003123, and re-signing the FAFSA with his/her PIN. If the student is a dependent student, the parent will have to re-sign the corrected electronic form as well.
- Have the former Financial Aid Office provide a transfer request to have the OIG transferred to The University of Akron. Federal Perkins Loans, Federal College Work-Study Programs, Federal Supplemental Educational Opportunity Grants, and scholarships do not automatically transfer. The student must reapply for these programs at The University of Akron.

Graduate, Law, and Postbaccalaureate Students

A graduate or professional student who has already received a bachelor's degree can apply for the Federal Subsidized and Unsubsidized Stafford Loans. The Federal Pell Grant, Ohio Instructional Grant and Federal Supplemental Educational Opportunity Grant cannot be received. Post-baccalaureate students can only apply for Subsidized and Unsubsidized Stafford Loans. Graduate assistantships are available through various graduate departments. A graduate fellowship and other graduate awards are distributed by the Graduate School; therefore, a separate application is required

Guest Students

A guest student is one who is taking classes at The University of Akron but will receive the degree at another institution. Contact the Office of Student Financial Aid for written instructions on how to receive financial aid

International Students

A student in the United States on a student or other temporary visa is not eligible for any state or federal financial aid. Application for scholarships, short-term loans, and some types of employment may be made.

Veterans

A veteran may be eligible to receive educational benefits through the Veterans Administration and should contact the Veterans Office at (330) 972-7838.

Student Rights and Responsibilities

It is your right as a student to know and understand all aspects of your financial aid award. It is also your responsibility to follow all rules of each program. We anticipate that the information contained in this Bulletin will assist you with your questions regarding financial aid.

Installment Payment Plan

The University offers an Installment Payment Plan (IPP) to the student who needs temporary help in paying tuition and housing. Information and applications are available through the Office of Student Financials, (330) 972-5100.

Inquiries

Since the process of applying for financial aid may at first seem complicated, it is suggested that families contact a high school counselor or a University financial aid officer for additional information. Direct inquiries to: Office of Student Financial Aid, The University of Akron, Akron, OH 44325-6211; Phone: (330) 972-7032 or (800) 621-3847. The Office of Student Financial Aid is located in the Student Services Building at the corner of Buchtel Avenue & College Street. We look forward to working with you.

Standards of Satisfactory Academic Progress

Financial Aid recipients are required to be making Satisfactory Academic Progress toward completion of their educational programs as determined by the Office of Student Financial Aid. This is true whether or not student financial aid has been received previously. A copy of the Standards of Satisfactory Academic Progress Policy may be obtained from the Office of Student Financial Aid.

Undergraduate Academic Programs

Summit College

Stanley B. Silverman, M.A., *Dean*Michael J. Jalbert, J.D., *Associate Dean*Don Laconi, M.Ed., *Assistant Dean*

OBJECTIVES

Summit College helps to further the goals and purposes of the University by emphasizing the following objectives:

- The college serves the student by providing the means to examine academic and career opportunities considering interests, abilities and achievements.
- The college provides for industry, business, government agencies, health-care establishments and human service occupations; pre-service and in-service training for entry-level positions and/or advancement in employment.
- Consistent with the philosophy of learning as a life-long experience, the college provides educational opportunities for the student no matter the age, background and need; full- or part-time, day or evening.
- The college provides quality instruction with qualified and experienced teachers who are encouraged to use the community as a "laboratory" for achieving educational goals.

The college also offers bachelor's degrees, certificates and minors.

Cooperative Education

Minimum requirements for cooperative education students include the following:

- Enrollment in a program of study offered by Summit College wherein cooperative education has been established.
- Minimum grade-point average of 2.00 for all University of Akron coursework and a minimum of 2.00 for all coursework applicable to program of study.
- Completion of specific courses and/or credits for a particular program as approved by the college faculty.

Minor Areas of Study

For an explanation of minor areas of study in Summit College, see **Section 5** of this Bulletin.

DEVELOPMENTAL PROGRAMS

The Department of Developmental Programs provides academic support:

- for all University students through individual tutoring, work in the Study Skills centers, Mathematics and Writing laboratories, and study strategies courses.
 Through these activities students develop and strengthen the skills necessary for successful performance at the college level.
- for students, including those who have been out of school for a number of years, who wish to strengthen their educational preparation through coursework in specific areas.

Students must complete with a grade "C" or better any developmental courses they may be required to take within the first 32 credit hours attempted. Both credit hours and development hours are included in these first 32 hours.

Developmental Courses

Developmental courses are offered in writing, reading, college reading and study skills, mathematics, and chemistry. (See 2010:042 through 071) Applied Study Strategies courses are offered in conjunction with specific General Education courses such as Introduction to Psychology, Introduction to Sociology, U.S. History, Basic Math II, Government and Politics in the U.S., Natural Science:Biology, and others. (See 2010:064) Classes are small to provide maximum opportunity for individual help.

BACCALAUREATE DEGREE PROGRAMS OF INSTRUCTION

Computer Information Systems, Networking Option

Baccalaureate level graduates have learned business computer and network applications and practices consistent with the requirements of the modern information technology professional. This program emphasizes the knowledge and applied skills necessary to succeed in today's environment.

The networking option allows students to attain an in-depth study of network management including building, securing, managing, and troubleshooting multimedia wired and wireless LAN and WAN networks.

Students entering the Computer Information Systems program must demonstrate a fundamental knowledge of computers by examination or take the following bridge courses prior to enrolling in the program.

equired	Bridge Courses:	Credits

Emergency Management (Step-Up) Degree Program

Bachelor of Science in Emergency Management

For the first and second years, see Associate Degree Program in Fire Protection Technology (65 credits), Criminal Justice Technology (64 credits), Environmental Health and Safety Technology (69 credits), Emergency Medical Service (66 credits), Community Services (68 credits) and other related programs.

Third Year

Fall Semester		Credits
2235:305	Principles in Emergency Management	3
2235:380	Disaster Victims: Casualties and Recovery	3
2235:490	Current Topics in Emergency Management	3
3300:112	English Composition	3
3350:310	Physical and Environmental Geography	3
3370:200	Environmental Geology	3
3370:201	Exercises in Environmental Geology Lab	<u>_1</u> 16
Spring Semest	ter	10
2235:350	Emergency Response Preparedness and Planning	3
3350:305	Maps and Map Reading	3
3400:210	Humanities in Western Traditions I	4
3370:xxx	Natural Science	1
5540:xxx	Physical Education	1
	Area Studies & Cultural Diversity	<u>2</u> 17
Fourth Year		
Fall Semester		
2235:405	Hazard Prevention and Mitigation	3
2235:450	Emergency Management Research Methods and Applications	4
2980:425	Land Navigation	3

 Required Electives — A minimum of 21 credit hours must be completed from the courses listed below. Those specifically identified in the curriculum guide are suggested. Students may select other courses which better support his/her career interests.

2235:490	Current Topics in Emergency Management	1-4
2235:497	Independent Study: Emergency Management	1-4
2980:425	Land Navigation	3
2985:101	Introduction to Geographic and Land Information	3
3100:105	Introduction to Ecology	2
3100:104	Introduction to Ecology Lab	1
3250:385	Economics of Natural Resources and the Environment	3
3350:305	Maps and Map Reading	3
3350:314	Climatology	3
3350:320	Economic Geography	3
3350:440	Cartography	3
3350:444	GIS Applications in Geography and Planning	3
3350:447	Introduction to Remote Sensing	3
3370:350	Structural Geology	3
3370:421	Coastal Geology	3
3400:471	American Environmental History	3
3700:370	Public Administration Concepts and Practices	4
3850:428	The Victim in Society	3
7600:303	Public Relations Writing	3
7600:344	Group Decision Making	3

Bachelor of Arts in Interdisciplinary Studies

This degree meets the needs of students who have an interdisciplinary academic goal. It expands opportunities for non-traditional students to complete their degrees at The University of Akron by allowing them to combine courses from various colleges to design a program. For more information on the program, see page 99.

Engineering and Science Technology

The baccalaureate-level programs in Engineering Technology are intended to fill the widening gap in modern industry between the professional engineer and the engineering technician. The graduate of a program works in close support of engineers, translating conceptual ideas into functioning systems and providing supervisory direction for the implementation of these ideas by technicians and craftspeople.

These programs are designed as transfer programs to permit the qualified engineering technology student to continue education to the baccalaureate degree. During the first and second years of full-time study, a student follows an associate degree program in the corresponding engineering technology. The third and fourth years of full-time study provide the additional study required for the baccalaureate degree. Emphasis is placed on advanced training in the student's field of specialization, broadened knowledge of related technical fields, extended general education and basic management training.

The programs are available in automated manufacturing engineering technology, electronic engineering technology, mechanical engineering technology, surveying and mapping and construction engineering technology. It is intended that a graduate will find employment in manufacturing, technical sales and service, application engineering, inspection and testing and the more standardized aspects of engineering design.

The requirements for the Bachelor of Science in Automated Engineering Manufacturing Technology, the Bachelor of Science in Electronic Engineering Technology, the Bachelor of Science in Mechanical Engineering Technology. the Bachelor of Science in Surveying and Mapping, or the Bachelor of Science in Construction Engineering Technology are as follows:

- Compliance with the general University requirements for a baccalaureate degree as listed in this Bulletin.
- Compliance with the requirements of the General Education program as outlined in this Bulletin.
- Completion of the requirements for the associate degree in a related engineering technology at The University of Akron or other accredited institution.

Bachelor of Science in Automated Manufacturing Engineering Technology

The Bachelor of Science in Automated Manufacturing Engineering Technology is an upper-level degree program designed to provide the student with additional education beyond an AAS degree. A Manufacturing Engineering Technology associate degree program serves as the first two years. Although an associate manufacturing program is cited, graduates from other related associate programs can frequently enter the program with little or no bridgework.

Third- and fourth-year requirements:		
XXXX:XXX	Humanities Requirement (see advisor)	
XXXX:XXX	Area Studies/Cultural Diversity Requirement (see advisor)	4
2030:154	Elements of Math IV	3
2030:255	Technical Calculus I	3

XXXX:XXX	Humanities Requirement (see advisor)	6	
XXXX:XXX	Area Studies/Cultural Diversity Requirement (see advisor)	4	
XXXX:XX	Technical Elective	3	

Prior to enrolling in the program, a student must have completed at least 45 credits of the two-year program with a grade-point ratio of 2.00 or higher in Math for Engineering Technology, Technical Physics and technical courses (2920 series) in the two-year program; and a minimum overall grade-point ratio of 2.00.

Bachelor of Science in Surveying and Mapping Technology (BSSMT)

Accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012: Telephone: (410) 347-7700.

Program Description

The B.S. in Surveying and Mapping Technology degree program is an upper-level degree program designed to provide the student with additional education beyond the AAS degree in Surveying Engineering Technology. This degree is also designed to meet the formal education requirements for registration as a Professional Surveyor in the State of Ohio.

This upper-level degree program is defined as follows:

- The first two years are completed as an AAS degree in Surveying Engineering Technology or similarly based program.
- Two of the remaining three years are for the completion of prescribed coursework.
- The remaining year of the three years is devoted to a cooperative work experience in the Surveying and Mapping field. The student normally enters the coop segment between the junior and senior years.

The B.S. in Surveying and Mapping Technology degree program includes classroom, laboratory and industry experiences which stress the application of established surveying and mapping knowledge.

Requirements for Admission

Applicants for the Surveying and Mapping Technology program must hold an associate degree in Surveying Engineering Technology from an accredited program or provide an equivalent academic background. The applicant must have a minimum cumulative grade-point average of 2.0 out of a possible 4.0. Applicants with an associate degree in a discipline other than Surveying Engineering Technology will be required to complete a specific formal set of courses as specified at the time of admission. Final approval for admission is based upon recommendations from the Director of the Surveying and Mapping Program.

Cooperative Work Study Requirement

The required Cooperative Work Study experience of the Surveying and Mapping Technology program consists of 52 weeks of surveying work experience which may begin after the student has completed 64 hours of coursework in the Surveying and Mapping program. This program may be satisfied by any one of the following options:

- A. One calendar year.
- B. Three semesters (Summer I and II counts as one semester for the co-op).
- C. Department review of prior or concurrent work experience.

Students having prior or concurrent work experience should submit to the Surveying and Mapping Technology Co-op Review Committee appropriate documentation before signing their program contract. The Surveying and Mapping Technology Co-op Review Committee will determine whether this work experience satisfies the co-op requirement.

Requirements for Graduation

- Compliance with the requirements of the general studies program as outlined in this Bulletin.
- Completion of the requirements for the associate degree in Surveying Engineering Technology, at The University Akron or an approved associate degree program. Students transferring from another institution must have their transcripts evaluated to ensure that they have the required number of credits in surveying courses. Those found deficient must complete lower level surveying coursework before upper level Surveying and Mapping Technology courses can be taken.
- Successful completion of a minimum of 136 credits in the B.S. in Surveying and Mapping Technology program including the associate degree program, the general studies courses, a one-year co-op, and the following course requirement:

Bachelor of Science in Construction Engineering Technology

Accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012: Telephone: (410) 347-7700.

Program Description

The B.S. in Construction Engineering Technology degree program is an upperlevel degree program designed to provide the student with additional education beyond the AAS degree in Construction Engineering Technology. This degree is also designed to meet the formal education requirements for registration as a Professional Engineer in the State of Ohio.

This upper-level degree program is defined as follows:

- The first two years are completed as an AAS degree in Construction Engineering Technology or similarly based program.
- Two of the remaining three years are for the completion of prescribed coursework.
- The remaining year of the three years is devoted to a cooperative work experience in the construction field. The student normally enters the co-op segment between the junior and senior years.

The B.S. in Construction Engineering Technology degree program includes classroom, laboratory and industry experiences which prepares students for careers in the construction industry and other allied industries.

Requirements for Admission

Applicants for the Construction Engineering Technology program must hold an associate degree in Construction Engineering Technology from an accredited program or provide evidence of an equivalent academic background. The applicant must have a minimum cumulative grade-point average of 2.0 out of a possible 4.0. Applicants with an associate degree in a discipline other than Construction Engineering Technology will be required to complete a specific formal set of courses as specified at the time of admission. Final approval for admission is based upon recommendations from the Director of the Construction Engineering Technology Program.

Cooperative Work Study Requirement

The required Cooperative Work Study experience of the Construction Engineering Technology Program consists of 52 weeks of construction work experience which may begin after the student has completed 34 hours of coursework in the Construction Engineering Technology Program. This program may be satisfied by any one of the following options.

- A. One calendar year.
- B. Three semesters (Summer I and II count as one semester for the co-op).
- C. Department review of prior or concurrent work experience.

Students having prior or concurrent work experience should submit to the Construction Engineering Technology Co op Review Committee appropriate documentation before signing their program contract. The Construction Engineering Technology Co-op Review Committee will determine whether the work experience satisfies the co-op requirement.

Requirements for Graduation

Compliance with the requirements of the general education program as outlined in this Bulletin.

Completion of the requirements for the associate degree in Construction Engineering Technology at The University of Akron or an approved associate degree program. Students transferring from another institution must have their transcripts evaluated to ensure that they have the required number of credits in Construction Engineering Technology courses. Those found deficient must complete lower level construction engineering technology coursework before upper level construction engineering technology courses can be taken.

Successful completion of a minimum of 135 credits in the B.S. in Construction Engineering Technology program including the associate degree program, the general education courses, a one-year co-op, and the following course requirements.

Third and Fifth	n Year Requirements:	Credits
2030:356	Technical Calculus II	3

Bachelor of Science in Respiratory Therapy

This Bachelor of Science program is accredited by the Commission on Accreditation of Allied Health Education Programs, 35 East Wacker Drive, Suite 1970, Chicago, IL 60601 312 553-9355. The program prepares graduates to perform respiratory therapy procedures, under the direction of a physician. This program emphasizes critical thinking and assessment of patients with cardiopulmonary disorders. Admission is selective due to space availability in the clinical component of the program.

ASSOCIATE DEGREE PROGRAMS OF INSTRUCTION

Specialized technical programs are offered in the following departments of the college:

Allied Health Technology
Associate Studies
Business Technology

Public Service Technology

Public Service Technology

These programs lead to the Associate in Applied Science, Associate in Applied Business (carrying a designation of the specific program), and Associate of Technical Study. In addition, a program in liberal arts leading to the Associate of Arts and a program leading to the Associate of Individualized Studies are offered in the Associate Studies Department.

Requirements for Graduation

Candidates for the associate degree must have the following:

- Complete the required courses listed in the program.
 Complete as a minimum, the number of credits listed for each program.
- Earn a minimum grade-point average of 2.00 in all work taken at The University of Akron.
- Be recommended by the faculty.
 Spend the last semester in residence (earning a minimum of 16 credits) at the University unless excused by the dean of the college.
- Complete other University requirements as in "Requirements for Graduation,"
 Section 3 in this Bulletin.

A student who expects to receive a second associate degree must earn a minimum of 16 credits in residence which have not counted toward the student's first degree.

Allied Health

2740: Medical Assisting Technology

This program provides students with the background to perform a wide range of tasks in the physician's office and other ambulatory health care settings. Administrative tasks include ICD-9-CM & CPT coding and medical software usage. Clinical tasks include injections, phlebotomy, assisting with minor surgery, minor office procedures, and CLIA waived laboratory tests.

The Medical Assisting Program is accredited by the Commission on Accreditation of Allied Health Education Programs (CAAHEP), on recommendation of the Curriculum Review Board of the American Association of Medical Assistants Endowment (AAMAE). CAAHEP, 1361 Park St., Clearwater, Fla., (727) 210-2350, www.caahep.org.

2760: Radiologic Technology

This program prepares graduates to perform radiologic examinations under a physician's direction for diagnosis and treatment of physical diseases and injuries. Although the University is authorized to offer the associate degree in radiologic technology, this degree program is not fully operational on campus at this time but is offered in conjunction with an area hospital school of radiology.

A student who satisfactorily completes an accredited program in radiologic technology at a hospital school having an affiliation with the University may earn the associate degree by completing additional courses at the University. The student will then receive a block of credit for the hospital program that is applicable only to the associate degree in radiologic technology. (Selective Admission)

The degree requ	uirements for the student are as follows:	Credits
2020:121	English	4
2030:130	Mathematics for Allied Health	3
2040:240	Human Relations	3

Students must complete a minimum of 8 credit hours of 2000: courses.

2100: Individualized Study

The Associate of Individualized Study (AIS) is designed for students whose educational goals cannot be met through one of the structured associate degree programs. It makes available a program of study which combines coursework from various disciplines and focuses on education for individual development.

A student at The University of Akron may apply for the AIS program by meeting with the AIS coordinator and submitting the AIS application. The purpose of this procedure is to determine the appropriateness of the program for the student; and, with the assistance of the AIS chair, to select the areas of study.

Although students assume the responsibility for the selection of their areas of study, they must receive assistance and approval from the Chair of the AIS program. Requirements for graduation from the AIS program are:

- Completion of:
 - course 2100:190 Individualized Study Evaluation;
 - minimum of 40 credits in the AIS program after acceptance to the program;
 - minimum of 20 credits of Summit College courses;
 - minimum of 16 credits in the General Course Category;
 - at least one-half of the courses in the approved areas of concentration at the 200 or above level number equally divided among the selected areas;
 - all other University of Akron requirements for graduation.
 - Areas of concentration will be formed by courses drawn from a minimum of two and a maximum of four instructional areas.
 - AIS degree will not be awarded in any combination of areas of concentration for which The University of Akron offers either an associate or baccalaureate degree.
 - Areas of concentration must serve a coherent educational or occupational goal.
 - Only previous coursework completed with a grade of "C" or higher may be applied toward the AIS degree.

[†] At least two courses from two different sets; one of which must be a lab course.

^{##} See "The University College," Section 4 of this Bulletin for alternate course options.

Business Technology 2280: Hospitality Management

Provides the general knowledge and skills necessary for success within the multifaceted hospitality industry.

• Students entering the Hospitality Management program must pass department placement exams or complete the following bridge courses prior to enrolling in the program.

2540: Office Administration

Preparing students for the different but often overlapping fields of administrative assisting, secretarial, word processing, information management, or clerical work, this program is based on personal career objectives. Students choose from program options that prepare them for positions in administrative assistant work; medical, legal, or international secretarial; or office/information management.**

• Students entering the Office Administration program must pass department placement exams or complete the following bridge courses prior to enrolling in the program.

^{* 2040} students can take a minimum of two credits of any of the Area Studies/Cultural Diversity courses approved for general education. 3370: students can take a minimum of three credits of any of the Natural Science courses approved for general education.

^{*} Students completing NTMA Journeyman's Machinist Program receives bypass credit for these courses. Those not completing the entire program or who have completed the program prior to 1/1/96, see an advisor.

2940: Drafting and Computer Drafting Technology

This program prepares an individual to work as a drafter by providing in-depth knowledge of drafting principles as well as computer-aided drafting. The program is designed to prepare the student to work in the major fields of technology, including electrical, architectural, mechanical, manufacturing, surveying, and structural technology. It will educate the individual to compile detailed drawings based on rough sketches, specifications and calculations made by engineers, architects and designers. This daytime program is especially suitable for those who have a special interest or talent for spatial visualization, but do not want an extensive coverage of advanced mathematics or physics.

2980: Surveying Engineering Technology

Accredited by the Technology Accreditation Commission of the Accreditation Board for Engineering and Technology, 111 Market Place, Suite 1050, Baltimore, MD 21202-4012 - Telephone: (410) 347-7700.

This program prepares graduates to work as surveying technicians under the direction of a professional registered surveyor. It is designed to provide a foundation in mathematics, physics and communication skills as well as the surveying skills necessary to become a Certified Surveying technician under the National Society of Professional Surveyors' (NSPS) testing program.

Associate of Technical Studies

The Associate of Technical Studies (ATS) program is available for adult students whose educational objectives and interests cannot be met through one of the formal associate degree programs.

Requirements

- Completion of the ATS application, including the selection of a minimum of one and a maximum of three major areas of study with a reasonable selection of courses from each area.
- Approval of the ATS application by the ATS coordinator, the faculty in the appropriate division(s), the ATS Committee, and the dean of Summit College.
- Application toward the degree of only that transfer course category and 14 semester credits in the basic course category.
- Completion of at least one half of the technical courses taken at The University
 of Akron in the approved area(s) of study at the 200 level or higher, to be
 equally divided among the selection areas, where applicable.
- Completion of a total of 64 semester credits with a grade-point average of 2.0.
- Completion of all other graduation requirements of The University of Akron.

Public Service Technology

2200: Early Childhood Development

This program prepares students for employment in a variety of staff positions in child care centers, nursery schools, and Head Start programs that service infants, toddlers, and pre-Kindergarten children. Graduates can be classroom assistants or head teachers, run their own center or be a center administrator.

^{††} Changes by subject each semester. Must be taken twice for a total of six credits.

^{**} The following are recommended: 139, Life Saving; 155, Swimming; 173, Self-Defense; or 174, Karate.

Public Safety and Security Administration

Social events and technological innovations have increased the demand for well educated security professionals to meet emerging threats. This program provides a strong foundation in safety and security administration concepts, practice, and disciplines while allowing the student to explore specific topics such as computer and information security, homeland security, medical facility security, loss prevention, airport security, and security investigations. The program is intended for those seeking careers, or career advancement in both private and public safety and security functions.

Wayne College

John P. Kristofco, Ph.D., Dean Paulette M. Popovich, Ph.D., Associate Dean of Instruction

HISTORY AND MISSION

To meet the needs of the citizens of Wayne, Holmes and Medina counties, The University of Akron Wayne College opened its doors in 1972. Wayne College offers eight technical programs and seven certificate programs, as well as the first 64 credits of many baccalaureate programs. The following degrees are available from The University of Akron Wayne College: Associate of Arts; Associate of Science; Associate of Technical Studies; Associate of Applied Business in Business Management Technology, Health Care Office Management and Office Technology; Associate of Applied Science in Paraprofessional Education, and Social Services Technology.

ADMISSIONS

Admission materials can be obtained by writing the Admissions Office at Wayne College or the Office of Admissions of The University of Akron, or by calling (330) 683-2010 in the Orrville/Wooster area, or 1-800-221-8308 in Ohio.

The student enrolled at Wayne College may also take courses at the main campus of The University of Akron while attending Wayne College. Likewise, a student enrolled on the main campus may take courses at Wayne College. The University of Akron Wayne College is accredited at the associate degree level by the North Central Association of Colleges and Schools.

WAYNE COLLEGE PROGRAMS

The following associate degree programs are available at Wayne College. The structure of these programs may differ from similar programs within the Summit College of The University of Akron. All required courses for these programs are available at the college for students attending day or evening classes. A diploma issued as a result of the completion of one of these programs carries The University of Akron Wayne College designation. In some instances, specific course sequencing is necessary, especially to the student attending full time, to accommodate completion of the program in two years. Please consult an advisor at Wayne College for further details.

Associate of Technical Studies

The Associate of Technical Studies (ATS) provides an integrated program of study for those students whose educational objectives and interests cannot be met through the college's formal associate degree programs. The Associate of Technical Studies permits students to combine various courses from two or more of the college's existing programs with other University credits, with credits earned at other postsecondary institutions, and/or with training received through other educational enterprises.

The Associate of Technical Studies is administered through the Office of the Dean and coordinated by the Associate Dean of Instruction. Interested students must complete a formal Associate of Technical Studies application. Upon application, the Associate Dean of Instruction makes an initial assessment of any transfer work and assists the applicant in selecting relevant areas of study. The application is then forwarded for review by the faculty most closely associated with the proposed area of study. Upon faculty acceptance, the application is submitted to the Associate of Technical Studies Committee who, upon approval, forwards the application to the dean of Wayne College for final approval.

The following are the graduation requirements for the Associate of Technical Studies:

- Completion of an Associate of Technical Studies application specifying a coherent combination of technical courses selectively drawn from two but no more than three major areas of study and reflecting a reasonable array of courses within each area of study
- Approval of the Associate of Technical Studies application by the Associate Dean of Instruction, relevant faculty, the Associate of Technical Studies committee, and the dean of Wayne College.
- Degree application of only that transfer coursework completed with a "C" (2.0) grade or better.

- Completion of at least 14 credits of "general education" courses and 14 credits of "basic" courses, as required by the Ohio Board of Regents.
- Completion of at least one-half of the technical credits at The University of Akron and/or Wayne College, equally divided among the selected areas of study.
- Completion of a minimum of 64 credits with a grade point average of 2.0
- Completion of all other University graduation requirements.

2020: Associate of Arts/Associate of Science

The Associate of Arts and Associate of Science degree (sometimes referred to as the university parallel, transfer, or general education) programs are intended to produce an intelligent individual who understands effective social behavior and appreciates scientific fact and human values. The programs are designed to impart specific skills essential to effective adult functioning. These include the abilities to write and speak effectively, to calculate, and to think constructively and critically. The programs also provide a broad foundation of general knowledge about the physical and social universe as preparation for advanced bac-

Most recipients of the Associate of Arts and the Associate of Science degrees transfer to bachelor's degree-granting institutions to complete their intellectual, professional, and cultural goals. The Associate of Arts and the Associate of Science degrees meet the general education requirements for most baccalaureate degree programs at The University of Akron and other colleges and universities throughout the country.

Completing the Associate of Arts or the Associate of Science degree also fulfills the Transfer Module as outlined by the Ohio Board of Regents.

- Students must have completed a minimum of 32 semester credits and have completed 3300:112 English Composition II before enrolling for this course. An additional six credits of humanities must also be completed. Please consult an advisor for specific options.
- Students must complete two courses totaling four credits from the area studies/cultural diversity options. The engineering student is required to take only one course. Please consult an advisor for specific options.
- 3 The mathematics requirement varies by department. Please consult an advisor for specific requirements
- 4 A minimum of eight credits of natural science are required. One course must have a laboratory component. However, departmental requirements may vary. Please consult an advisor for
- ⁵ Students may satisfy the General Education Requirement in the social sciences area by completing two courses totaling six credits from two different sets in the social science group. Please consult an advisor for specific information.
- ⁶ In the arts program, a student is free to choose any electives, but they must be in some logical sequence. They should lead to some upper-college degree program, i.e., arts and sciences, education, or fine and applied arts.
- In the science program, a student is free to choose any electives. However, at least two-thirds of the credits must be in the natural sciences; mathematics, statistics or computer science; engineering; business administration; or nursing department; and should lead to some upper-college degree objective.

2260: Social Services Technology

This program prepares graduates for preprofessional employment in social work as Social Work Assistants. The curriculum combines learning experiences in the classroom with field work in human service organizations. With only four additional credits beyond the associate degree, it is also possible to complete a Certificate in Gerontological Social Services and a Certificate in Therapeutic Activities. The associate to bachelor's degree option also provides the first half of a bachelor's degree in social work at The University of Akron School of Social Work.

2530: Health Care Office Management

The Health Care Office Management program is designed to meet the needs of current health care office employees and others to develop skills to prepare for technical, supervisory, or management positions in the health care field. Graduates will be trained for the daily operation and management of the health care practice. The responsibilities include all administrative, financial, human resources, clerical and supply functions, with a special emphasis on medical coding, insurance billing, and financial analysis.

Students entering the program must demonstrate a fundamental knowledge of computer software and keyboarding by examination (CISBR) or take the follow bridge courses prior to enrolling in the program:

Credits

2440:10 5	Introduction to Computers and Application Software	3
2540:290	ST: Keyboarding for Skill Development	1

• A grade of "C" or higher is required in all 2530: department courses.

2650: Paraprofessional Education - Intervention **Specialist**

The Associate of Applied Science degree in Paraprofessional Education -Intervention Specialist is designed for individuals who want to serve students with disabilities in a variety of educational settings. You will study how children learn and develop; how to support students with diverse learning needs within their school settings; how to effectively collaborate with teachers and other related service personnel; and the historical foundations for special education programs. The program serves as a pathway to the Bachelor's degree program for students interested in obtaining licensure as an Intervention Specialist.

The goal of the Paraprofessional Education program at Wayne College is to create a cadre of paraprofessionals who will serve the diverse needs of students in the educational community. These educational paraprofessionals will be trained to perform the following activities within their roles in educational programs — provide instructional support to individuals and small groups of students, implement behavior plans, collaborate with teachers to ensure educational programming is consistent across settings and personnel, assist teachers with technology integration for students, collect data on students and educational practices, and provide personal care assistance.

- Fulfills course requirements for CompTlA's Security +certification program. Fulfills course requirements for CompTlA's Network+ certification. Fulfills course requirements for Microsoft MCSA certification program.
- Fulfills course requirements for CompTIA's Linux + certification program .
- Fulfills course requirements for Comp TIA's A+ OS certification.

CERTIFICATE PROGRAMS

Certificate programs are designed to provide students with specialized job training utilizing courses from the college's associate degree programs. These courses may subsequently be applied toward the Associate of Applied Business in Health Care Office Management, Office Technology or Business Management Technology degrees, or the Associate of Applied Science in Social Services Technology degree.

Gerontological Social Services Certificate

Recipients of this certificate gain knowledge and skills to support social service employment in nursing homes, retirement communities, senior centers and nutrition sites, and similar settings. Although the elderly are the fastest growing group in our society and there are growing demands for individuals to work with older adults, there is a shortage of workers with specialized training in the field of aging. Therefore, this certificate enhances employability, especially when combined with an associate degree in Social Services Technology. With just one additional credit, it is possible to receive a Certificate in Therapeutic Activities.

		Credits
2260:121	Social Service Techniques I	3
2260:122	Social Service Techniques II	3

		22

Medical Billing Certificate

The medical billing specialist is an integral part of the health care team. Medical billing personnel are responsible for patient billing and basic accounting systems used in the health care facility. The individual responsible for the medical billing needs to know medical terminology, principles of anatomy and physiology, disease processes, medical procedures, medical records, patient billing, accounting, and computer skills. Medical references will be used extensively to code patient diagnoses and medical procedures performed. Competence in completion of the standard health insurance claim, knowledge of third-party reimbursement, and an understanding of collection policies and procedures are also important to this position.

Wayne College's Medical Billing Certificate prepares you to work in hospitals, nursing homes, outpatient clinics, medical group practices, health maintenance organizations, medical billing services, and insurance companies.

Students entering the program must demonstrate a fundamental knowledge of computer software and keyboarding by examination (CISBR) or take the following bridge courses prior to enrolling in the program:

		Credits
2440:105	Introduction to Computers and Application Software	3
2540:290	ST: Keyboarding for Skill Development	3

• A grade of "C" or higher is required in all 2530: department courses.

2420:211	Basic Accounting I	3

		33

Network Support Specialist Certificate

Wayne College's Network Support Specialist Certificate will prepare you to meet the challenge of an exciting career in the computer networking and information technology industry. This program incorporates Microsoft Corp. standard courses and prepares students to qualify for Microsoft's Certified Systems Engineer (MCSE) certification. Students completing this certificate will be prepared to fill first-level positions requiring skills in local area network administration and support.

Coursework can also be applied towards the Associate of Applied Business in Office Technology, or to the Associate of Technical Studies degree.

Students entering the program must demonstrate a fundamental knowledge of computer software and keyboarding by examination (CISBR) or take the following bridge courses prior to enrolling in the program:

		Credits
2440:105	Introduction to Computers and Application Software	3
2540:290	ST: Keyboarding for Skill Development	1

Therapeutic Activities Certificate

This certificate prepares recipients for entry-level positions in activities in long-term care, an area with frequent job openings, and to meet the psychosocial needs of older adults through individual and group therapeutic activities in diverse settings. Combined with the Certificate in Gerontological Social Services, it also provides knowledge and skills to support social service roles with the elderly. While enhancing employability and effectiveness in the field of aging, much of the content can also be applied to diverse fields of practice and is helpful for work with numerous populations.

		10

Workplace Communication Certificate

This certificate prepares individuals for the workplace communication skills demanded by today's employers. Courses focus on functional skills (writing, editing, oral presentations), as well as theoretical and technological foundations (ethics, computer-assisted design) applicable in the workplace. For employees already on the job, the certificate offers the opportunity to update skills and satisfy corporate demands; for current students, the certificate provides competence in workplace communication skills that prospective employers will seek.

GENERAL EDUCATION/ TRANSFER PROGRAM

Wayne College offers the first two years of general baccalaureate education for transfer to the Akron campus of The University of Akron or to any other college or university. General courses in communications, the humanities, cultural diversity, social sciences, mathematics and natural sciences are required, along with basic courses in the student's chosen field. For undecided students, this is the time to take courses from several areas in order to select a field most to their liking.

The following outlines represent the first two years of study for various bachelor's degree programs of The University of Akron. Some courses not currently available at Wayne College may also need to be completed in the first two years of selected University programs to assure proper course sequencing and timely completion of degree requirements. These programs are marked with an asterisk (*). Finally, completion of the courses listed may also qualify a student to receive either the Associate of Arts or the Associate of Science degree. Please consult a Wayne College advisor for further details.

Students are eligible to apply to the College of Nursing during spring semester of the first year if they have completed all of the courses listed above and attained a grade point average of 2.50 or higher. If the student is accepted into the college, attendance at the Akron campus is necessary during the second year in required clinical nursing courses. The following list of courses may be taken at Wayne College during the second year by students who do not satisfy the admission requirements.

^{*} Certain courses not currently available at Wayne College may also need to be completed in the first two years of selected University programs to assure proper course sequencing and timely completion of degree requirements.

University College

Karla T. Mugler, Ph.D., Associate Provost and Dean Greg Dieringer, M.A., Assistant Dean Bonnie Williams, Ph.D., Assistant Dean

Monique Beauvais, MPA, Assistant to the Dean Anne Jorgensen, M.M.,

Director, Academic Advisement for Student Athletes
Sandra Jovicic, M.A., Interim Director, Adult Focus
Nancy Roadruck, M.S.Ed., Director, Academic Advisement Center

OBJECTIVES

The purpose of the University College is to further the objectives of The University of Akron by providing a quality program of collegiate education and to pursue the following aims:

- To offer students a basic program of General Education and the prerequisite courses for advancement to the degree-granting colleges.
- To provide Learning Communities, Learning Assistants and academic support services for students to strengthen their skills and facilitate their success in college courses.
- To assist new students in their transition to college through a comprehensive New Student Orientation program prior to enrollment, as well as a semesterlength Student Success Seminar, and a mentor program.
- To direct students to the proper curricula to ensure that students will enter their degree-granting colleges prepared to undertake advanced coursework.
- To ensure for transfer students a smooth transition to The University of Akron.

The college recommends the student for advancement to the degree-granting colleges upon satisfactory completion of the appropriate requirements.

A student who completes 30 semester credits and achieves a grade-point average of 2.00 ("C") or better may be eligible for transfer to a degree-granting college. A student should always check with an advisor to determine specific requirements for transfer to the program of the student's choice.

Acceptance of a student in a degree-granting college is the responsibility of the respective collegiate dean, the dean of the University College, and heads of departments concerned.

GENERAL EDUCATION

The General Education Program of The University of Akron is the core of courses that provide the skills and knowledge considered essential for all graduates of the University. The General Education Program is designed to ensure, insofar as possible, that our graduates will possess:

- the capacity for critical, independent thought.
- a personal sense of values, tempered by tolerance and a regard for the rights
 of others
- the ability to use language effectively as a medium of both thought and expression.
- the analytical skills necessary to make sound qualitative and quantitative judgements.
- the ability to describe and explain differences in civilizations and cultures.
- an understanding of the conditions that affect them as individuals and as members of society.
- · the capacity to evaluate intellectual and artistic achievements.
- a knowledge of science, technology, and mathematics and their effects on human activities.
- a knowledge of positive mental and physical health practices.

Recommended Core Curriculum

Students pursuing a baccalaureate degree must complete the General Education Program, which consists of 42 credits distributed among eight categories. Students are advised to select General Education courses in conjunction with courses needed for their major during their first few years of study. **Students must complete their English, Mathematics, and Speech requirements during the first 48 credit hours.** Courses noted with a single asterisk (*) will apply toward the General Education requirement only for students enrolled in Summit College. All students are responsible for meeting prerequisites for the necessary courses listed in the General Education Program. **NOTE:** Specific departmental requirements may vary, so students are encouraged to consult an advisor for specific information about selecting appropriate General Education courses from the recommended core curriculum.

7900:144	Tap Dance I	2

Note: Dance technique courses do not meet this requirement for dance majors.

ACADEMIC ADVISEMENT CENTER

Values Underlying Academic Advising Services

The fundamental values of the advising services provided by The Academic Advising Center are to educate, advocate, and empower students to make effective academic and career decisions. It is our goal as academic advisors to facilitate the student's decision making process, while clearly informing the student that this process still remains his/her responsibility as a student. The advisor/student learning relationship is established to be an engaging and challenging association, which supports the mutual trust and respect of both parties. This learning relationship is maintained through regular contact with the students using all means available to us (i.e., face-to-face, e-mail, phone). This on-going relationship is used to gain insight into the student's academic and personal needs. Through the growth of this relationship the learning outcomes for the students will be achieved and our students will move on to the completion of their degree and become a contributing member of society.

The Mission of the Academic Advisement Center

Our mission is to educate, advise and empower University College students regardless of age, color, race, gender, handicap/disability, national origin, religion, sexual orientation, and veteran status to make effective academic decisions as they work to fulfill their educational, career, and life goals.

Learning Outcomes

Our students:

- understand the university's General Education and pertinent degree-related requirements.
- understand the expectations of being a student at The University of Akron and the mechanics of class performance, grading, and the scholarly responsibilities of the academic experience.
- are proficient with using the student web for all activities related to enrollment.
- appreciate the value of out-of-class experience and are aware of opportunities for learning outside the classroom.
- are proficient at the goal-setting and decision-making processes that support the completion of their academic and career goals.
- develop an educational plan consistent with life goals.
- understand the critical balance between campus activities and life outside the University.

LEARNING LABORATORIES

The Study Skills Centers and the Mathematics and Writing Laboratories are open to all students without charge.

- The Study Skills Centers, Carroll Hall 217 and Polsky 332, provide professional instruction in a variety of reading and study strategies, memory techniques, and test-taking methods as they apply to specific courses.
- The Mathematics Labs, Carroll Hall 208 and Polsky 333, provide professional instruction for students who are having difficulty in any entry-level mathematics course.
- The Writing Labs, Carroll Hall 217 and Polsky 303, offer professional instruction to students taking any course requiring writing.

TUTORIAL SERVICES

Tutoring is available free of charge to help students develop academically.

- Peer tutoring is available for all General Education courses and for most freshmen and sophomore courses, including Chemistry, Physics, Mathematics, Sociology, Psychology, Science, Business, and Modern Languages. Tutoring is conducted either on an individual basis or in small groups. Interested students should inquire in 215A Carroll Hall.
- Full-time undergraduate students are eligible to be peer tutors; a nationally certified training program for tutors is provided every semester.

To inquire about any of these services, come to 215A Carroll Hall, call (330) 972-6552, or e-mail pamela6@uakron.edu.

LEARNING ASSISTANTS

Learning Assistants are specially trained peer tutors who have been recruited to assist students in the learning process. Learning Assistants are partnered with Faculty Mentors, and they work as a team to advance students' confidence in their ability to think critically and to problem-solve independently. Because Learning Assistants have already mastered key study strategies themselves, they can model these learning techniques for the students who seek their assistance both inside and outside the classroom.

LEARNING COMMUNITIES

Students who seek to increase their interactions with faculty and other students should consider registering for courses that are a part of a Learning Community. A Learning Community is a group of about 25 students who take two to four courses together; the faculty members integrate topics and assignments across the courses so that what is being learned in one course reinforces and complements what is being learned in the other courses. Learning Communities benefit students by providing them with a peer group that has courses in common. Students can form study groups easily and are more willing to participate in classes because they know one another. Many courses in Learning Communities apply toward baccalaureate and associate degree requirements; some courses fulfill General Education requirements. Students in any major, including students who are undecided about a major, are welcome to participate in a Learning Community.

To register for a learning community talk to your academic advisor, or for more information call the University College Dean's Office at (330) 972-7066.

STUDENT SUCCESS SEMINAR

The first semester at a university can be a challenging, and at times an overwhelming experience. University College offers a course which can help turn the challenges into successes. The Student Success Seminar is a two-credit course which provides students with the opportunity to discover more about The University of Akron and themselves, and to learn strategies for a successful college experience. Taught by faculty and administrators from across the campus, course topics include: stress management, note-taking and planning, test-taking and critical thinking skills; information about University services available to students; exposure to University cultural events; and an orientation to library and computing resources. Students may register for the Student Success Seminar during their New Student Orientation program. For additional information, contact the University College Dean's Office at (330) 972-7066.

Reserve Officer Training Corps (ROTC)

1600: MILITARY SCIENCE

Army Reserve Officers' Training Corps (ROTC)

The University's Army Reserve Officers' Training Corps (ROTC) was established in 1919, making it one of the oldest in the country. The main goal of the program is to develop the future military leaders of our country. It provides the active Army, Army Reserve and Army National Guard with commissioned male and female officers. Army ROTC is your chance to develop leadership skills for success in your career, be it in the Army or as a civilian professional. Upon graduation with a four-year degree and ROTC, you will be leaving your alma mater as a second lieutenant in the United States Army.

A student enrolled in Army ROTC has an opportunity to study and participate in leadership and management experiences which are unique to the college curriculum. Leadership, self-discipline, responsibility and physical stamina are stressed as the student learns to plan, organize, motivate and lead others. Program goals are to develop decision-making abilities through detailed examination of leadership factors; expand oral and written communication arts; provide some technical training in basic military skills; and develop an understanding of the relationship between the student's basic degree field and its application in the United States

Programs

Four-Year Program

A full-time student enrolled in The University of Akron or Wayne College may enroll in the Army four-year program. Freshmen and sophomores enroll in the basic military courses (Military Science I and II) of the four-year program for two credits per semester. MS I and II classes are held two hours each week, in addition to a one and one-half-hour leadership laboratory, and cover studies in military history, leadership fundamentals, basic military skills, first aid, Leadership Assessment Program, and Army organization. Enrollment in MS I or MS II constitutes no obligation to military service or continuance into the advanced course and the credits received can be applied toward elective requirements.

A student who completes the basic course (MS I and MS II) is eligible for and may apply for enrollment into the advanced course, which may lead to a commission. Advanced course studies are held three hours per week, in addition to a mandatory one and one-half-hour leadership laboratory and physical training three times per week for three semester credits. The course of study includes: advanced leadership, application of tactics, ethics and professionalism, methods of instruction, resource management, and the responsibilities of an officer. The advanced course includes a five-week paid summer camp attended usually between the junior and senior year. A student in the advanced course is paid \$450-\$500 per month, or approximately \$4,500 per school year. Upon commissioning, the student will serve as an officer in the Army Reserve, the National Guard, or on active duty.

Two-Year Program

A student can also enter the advanced course by attending a basic four-week military skills summer camp at Fort Knox, Kentucky, just prior to the MS III year or Junior year, or by having prior military service or training. This equals the basic course of the four-year program, and makes the student eligible to enter the advanced course as described under the four-year program.

Cadet Activities

The Department of Military Science offers numerous activities to enrich classroom instruction; provide a better understanding of the military and military life; and improve technical skills. These include the following:

- Adventure training: marksmanship, rappelling, backpacking and water survival
- Social organizations
- Student organizations
- Battlefield tours
- Intercollegiate military skills competition (Ranger Challenge, marksmanship)

Advanced Military Training

Students enrolled in Military Science classes may volunteer for the following U.S. Army specialty schools as quotas become available. Special requirements and prerequisites must be met.

- Airborne Training
- Air Assault Training
- Mountain Warfare School
- Northern Warfare School

Requirements for Admission

Basic Course: None.

Advanced Course: Completion of basic course, Leadership Training Camp, or prior

- Pass the Army physical fitness test, and meet the Army's height and weight
- Permission of the Professor of Military Science.
- Be in good academic standing with the University.
- Meet Army medical standards

Requirements for Commissioning

- Completion of a baccalaureate or advanced degree.
- Completion of an approved three-credit Military History course.
- Meet Army medical standards.
- Completion of the advanced ROTC course.
- Completion of advanced summer camp normally between Junior and Senior
- · Pass Army physical fitness test.
- Agree to fulfill a service obligation to serve as a commissioned officer on active duty, in the Army Reserve, or in the Army National Guard.
- Pass Army swim test.

Military Science Scholarships

The Army ROTC has four-year scholarships available to high school seniors. Additionally, there are three- and two-year scholarships available on a competitive basis to students attending the University, whether or not they are enrolled in ROTC when applying for the scholarship. These scholarships provide tuition, fees, \$900 per year for texts, and \$300-\$500 per month allowance to the student for up to 10 months of the school year. Scholarship students may spend three to four years on active duty. University free room and board scholarships are available on a competitive basis. A 2.5 GPA must be maintained.

Uniforms and Textbooks

Military textbooks for all ROTC courses and equipment for military training are provided free by the Department of Military Science. Uniforms are issued free to all students while enrolled in the program, but must be returned.

Financial Allowances

An advanced course cadet and scholarship students are paid a non-taxable allowance of \$450-\$500 per month for up to 10 months of the school year. A student attending basic summer camp or advanced camp is paid for travel expenses, meals, housing, and a salary.

The Professor of Military Science may also award cash stipends to students who excel in their academic studies. Stipends are based on academic merit, participation, and scholarship winners

The starting salary for a newly commissioned active duty officer is approximately \$38,000 per year which increases 15 percent per year on average for the next four years. Officers receive 30 days paid vacation per year.

SPECIAL RESERVE AND NATIONAL GUARD PROGRAMS

Simultaneous Membership Program (SMP)

Members of the Reserves or National Guard who are enrolled full-time in the University may enroll in advanced ROTC if they apply for SMP membership through their unit, are accepted by the Professor of Military Science, and meet all other admission requirements for the advanced course (MS III and MS IV). Commissioning may occur upon completion of the advanced ROTC course, and the member can elect to serve as an officer in the Reserves or National Guard.

An SMP member receives \$350 tax-free per month while in ROTC, is promoted to an E-5 officer trainee in the reserve/guard unit and receives E-5 pay, and may receive an additional \$350 from the Guard, if qualified.

Army Nurse Program

The University of Akron has been selected as a primary participant in the U.S. Army Cadet Command Partnership in Nursing Education program (PNE).

- Freshmen and sophomores may enter the Army Nurse Program upon permission of the Professor of Military Science.
- University free room and board nurse scholarships are available to all Army ROTC nurse scholarship winners.

Honors College

Dale H. Mugler, Ph.D., *Dean* Karyn B. Katz, Ph.D., *Associate Dean*

INTRODUCTION

The Honors College supports high achieving and highly motivated students with challenging curriculum options, honors classes, academic scholarships, priority in registration, priority assignment to rooms in the honors residence, and enhanced computer and study facilities. Honors College students who complete the requirements of their academic majors and of the Honors College with cumulative gradepoint averages of at least 3.40 are recognized at graduation as University Honors Scholars.

ADMISSION

Every applicant for admission to the Honors College is required to:

- Provide academic transcripts, test scores, or other documentation as needed.
- Submit an Honors College application essay to the University Honors Council.
- Interview with an approved representative of the University Honors Council.

To be admitted to the Honors College, a student must normally be enrolled as a full-time student in a bachelor's degree program.

A student may be admitted to the Honors College upon graduation from high school, upon transfer from another college or university, or following an assessment of his or her academic and career record.

To be considered for admission, an applicant entering from high school must provide evidence of at least two of the following:

- High school grade-point average of 3.5 or above.
- Class rank within the highest 10 percent.
- Admissions test scores (ACT 27 or SAT ranking in the highest 10 percent nationally)

Other applicants, whether transfer students, continuing undergraduates, or students who have been away from school for several years, are evaluated in terms of previous grades and other appropriate documented accomplishments.

HONORS CURRICULUM

Academic Majors

An Honors College student completes the requirements for a major in one of the colleges awarding bachelor's degrees. The student enrolls in honors classes, as available, within the major. The Senior Honors Project counts as advanced coursework.

Honors Distribution

In place of The University of Akron General Education requirements (except for physical education), an Honors College student completes an individually selected set of courses to meet the Honors Distribution. With the approval of the Honors Council, the student completes a balance of coursework in the humanities, social sciences, and natural sciences, enrolling in honors sections of those classes when available. The Honors Distribution consists of the following four Group requirements totalling at least 38 credits:

Group I (The Humanities)

Six or more credits in courses offered by these departments:

3200: Classics	3400: History	3400: World Civilizations
3210: Greek	3400: Humanities in the	3510: Latin
3240:Archaeology	Western Tradition	3600: Philosophy

Group II (Languages and the Arts)

Six credits of English Composition (Honors) and/or other English; and three or more credits from the other departments listed below:

3300: English	3550: Italian	7520: Applied Music Lesson
3500: Arabic	3570: Russian	7600: Communication
3500: Chinese	3580: Spanish	7700: Sign Language
3500: Japanese	7100: Art	7800: Theatre
3520: French	7500: Music	7900: Dance
2520: Corman		

Group III (The Social Sciences)

Six or more credits in courses offered by the departments below:

3230: Anthropology	3350: Geography and Planning	3750: Psychology
3240: Archaeology	3700: Political Science	3860: Sociology

3250: Economics

Group IV (The Natural Sciences and Mathematics)

Three or more credits in mathematics, computer science, or statistics; and six or more credits of science courses, including a lab.

3100: Biology	3370: Geology	3470: Statistic
3150: Chemistry	3450: Mathematics	3650: Physics
3230: Human Evolution	3460: Computer Science	,

Group credits cannot be completely fulfilled by advance placement credits alone.

If a course the student selects is offered as an honors section, that is the section the student should take. In case of scheduling conflict, postpone until the student can schedule honors sections.

Suggested courses and special cases are noted on the Honors Web page.

Honors Colloquia

All Honors College students participate in the Honors Colloquium series: Humanities in the sophomore year, social sciences in the junior year, natural sciences in the senior year. These one-semester, two-credit courses are interdisciplinary seminars open only to Honors College students.

,		
1870:250	Honors Colloquium: Humanities	(during second year; during first year if majoring in Nursing or Dietetics)
1870:360	Honors Colloquium: Social Sciences	(during third year; during second year if majoring in Nursing or Dietetics)
1870:470	Honors Colloquium: Natural Sciences	(during fourth year; during third year if majoring in Nursing or Dietetics)

Senior Honors Project

The Honors College student is required to complete a Senior Honors Project. This capstone of the honors student's academic and pre-professional studies begins with a choice of faculty advisor and submission of a proposal in the junior year. It is a chance to work intensively, with the guidance of a faculty sponsor, on a thesis, investigation, production, or problem of the student's choice. In designing, completing, and reporting on their Senior Honors Projects, these students have unique opportunities to apply their learning and test their abilities. Students should register for senior honors project course credit, totaling at least two credits.

Other Features

Scholarships

Students admitted to the Honors College are eligible for academic scholarships awarded by the University Honors Council, ranging from partial awards, covering part of each year's tuition and fees, to the Lisle M. Buckingham Scholarships, which provide tuition and general fees, room and board, for up to eight semesters.

Advising

In each academic department, an Honors Faculty Advisor advises Honors College students, from orientation until graduation. With this Honors Faculty Advisor's guidance, the student plans the Honors Distribution and schedules what is needed to meet departmental, college, and Honors College degree requirements.

Priority in Registration and Residence Assignment

Honors College students are in the first group permitted to register for classes every semester. New Honors College students also have priority in residence hall assignments within the Honors residence, which also contains the Honors College offices, computer facilities, seminar rooms, individual and group studies, and study and meeting rooms for the use of commuting Honors students.

Open Classrooms

An Honors College student, with the instructor's permission, may attend undergraduate classes or lectures for which the student is not formally enrolled. Free access is available.

Access to Graduate Courses

With the permission of the Honors Faculty Advisor and the graduate program instructor, an Honors College student may enroll in graduate courses for either undergraduate or up to 12 credits of graduate credit.

The University Honors Council

Consisting of faculty representing the seven colleges granting the bachelor's degree, two Honors College students, the Director of Admissions, the Director of Student Financial Aid, and the Dean and Associate Dean of the Honors College, the Honors Council is responsible for all decisions on admissions to the Honors College, the awarding of Honors College scholarships, the approval of each student's Honors Distribution and Senior Honors Project, and the definition of policies and procedures appropriate to the mission of the Honors College.

Bachelor of Arts in Interdisciplinary Studies

Students pursuing this degree must select a college of residence, devise a proposed program of study with an advisor in the college selected. The proposal must be approved by the University Interdisciplinary Studies Committee.

This degree may be pursued in Summit College, Buchtel College of Arts and Sciences and the College of Fine and Applied Arts.

Required:

- A minimum of 128 semester credits with a minimum grade point average of 2.0 at The University of Akron and a 2.0 average in all college level work.
- Completion of 42 credits in the General Education program as required of all baccalaureate students.
- A minimum of 47 credits in 300- and/or 400-level courses.
- Core requirements A minimum of 63 credits, divided among three areas of study selected by the student with the advice and approval of the appropriate academic advisors. The emphasis may be selected among the participating degree-granting colleges.
- Emphasis The student must select an area of emphasis in a four-year program which will be designated as the college "host." He/she must take 21-28 credits in an emphasis program.
- Cognates The student must take at least 21 hours in two other areas in an
 individually structured, interdisciplinary or disciplinary program of study outside
 the student's emphasis field. The student proposes courses that focus in a
 common theme, which is a reasonable program of study to meet his/her
 unique educational goals. The 63 credits will include 12 credits of 300- and/or400 level courses in each of two of the student's emphasis or cognate areas.
- A minimum of 14 credits of coursework in a foreign culture.

There are two options for courses that would be applicable to this area:

Option A — Completion of a second year of a foreign language on the University level or by demonstrating equivalent competency. The competency test is to be approved by the Department of Modern Languages.

 $\textbf{Option B} \ -- \ \text{Some courses currently listed in the Undergraduate Bulletin may be used to fulfill the 14-credit minimum:}$

		Credits
3230:358	Indians of North America	3
3250:461	Principles of International Economics	3
3350:353	Latin America	3
3350:356	Europe	3
3350:360	Asia	3
3350:363	Africa South of Sahara	3
3400:301	Mao's China	3
3400:303	Japan	3
3400:325	Women in Modern Europe	3
3400:336	Russia since 1801	3
3400:337	France from Napoleon to DeGaulle	3
3400:381	History of Canada	3
3400:416	Modern India	3
3400:473	Latin America: The 20th Century	3
3400:476	Central America and the Caribbean	3
3700:321	Western European Politics	3
3700:405	Politics in the Middle East	3
6800:305	International Business	3
7100:301	Medieval Art	3
7100:302	Art in Europe during the 17th and 18th Centuries	3
7100:303	Italian Renaissance Art	3
7100:304	Art in Europe during the 19th Century	3
7100:306	Renaissance Art in Northern Europe	3
7600:325	Intercultural Communication	3

This list is not exhaustive. Students may propose other courses.

Buchtel College of Arts and **Sciences**

Ronald F. Levant, Ed.D., Dean William A. Francis, Ph.D., Associate Dean Charles B. Monroe, Ph.D., Associate Dean Annabelle M. Foos, Ph.D., Associate Dean

MISSION STATEMENT

Buchtel College of Arts and Sciences serves the mission of the University, which is to develop enlightened members of society. To this end, the College seeks to foster the commitment of humanity, the nurture of civility, and the advancement

The Buchtel College of Arts and Sciences has three administrative divisions: Humanities, Natural Sciences, and Social Sciences. The Humanities Division includes the departments of Classical Studies, Anthropology and Archaeology, English, Modern Languages, and Philosophy. In these disciplines, students learn about the evolution of diverse civilizations, their languages, literatures, cultures and their lasting contributions to our accumulated wisdom.

The Natural Sciences Division includes the departments of Biology, Chemistry, Computer Science, Geology and Environmental Science, Physics, Theoretical and Applied Mathematics, and Statistics. Students will explore physical and biological aspects of their world and learn to understand mathematics, the language of science. Their investigations will range from the characterization of molecules to mapping the expanse of the universe. They will learn about 3.5 billion years of Earth's history and the science that will create the technology of the future.

The Social Sciences Division includes the departments of Economics, Geography and Planning, History, Political Science, Psychology, Public Administration and Urban Studies (graduate only), and Sociology. In these disciplines, students observe individuals, closely knit organizations, whole cultures developing over the centuries (sometimes at peace and sometimes at war), the economic and geographical realities affecting these populations, and the ways societies organize themselves for harmony, protection and prosperity.

The Buchtel College of Arts and Sciences is beginning the process of re-visioning its place in Northeast Ohio, the nation, and the world in the early part of the 21st century. We will facilitate the development of new programs that are responsive to the needs of our students.

Qualified students seeking hands-on career exploration experiences can enroll in internships and co-op opportunities. Students wishing to enrich their majors by completing a certificate, a minor or a double major are encouraged to do so. Interdisciplinary studies are readily available to Arts and Sciences students through the Humanities Division major, the Natural Sciences Division major, the Social Sciences Division major, and the Bachelor of Arts Interdisciplinary Studies

To guide students through the rich landscape of the Buchtel College of Arts and Sciences, there are knowledgeable department program advisors waiting to discuss ways to achieve academic goals by which students can realize their personal and career ambitions

A&S Careers Program

Dr. James Egan, Program Director, Olin Hall 353, (330) 972-6207 Jo Anne Stewart, Assistant Director, Olin Hall 325B, (330) 972-6498

The A&S Careers Program administration offers job-related services to Arts and Sciences undergraduate majors, minors and graduate students. The Program is based on the belief that the vocational skills and the general marketability of liberal arts degrees are, in part, the responsibilities of academic departments. It is the Program's mission, therefore, to create links between students, alumni and local organizations so students may gain knowledge of and practical experience in given careers. To accomplish this, the Program provides a lending library of career-related publications, a computer workroom for resume writing and employment research, volunteer, paid and for-credit internship placement both on and off campus, and department-specific mentoring systems for exploration of vocational possibilities.

For more information, contact the A&S Careers Program, Olin Hall 325 A-D, (330) 972-5714 or fax (330) 972-2177 or e-mail careersprogram@uakron.edu.

COLLEGE REQUIREMENTS

Admission

The Buchtel College of Arts and Sciences admits students who have satisfied the following criteria:

- completed a minimum of 30 semester hours of credit
- completed 7 credits of English Composition for the general education
- completed 3 credits of mathematics or statistics (excluding 3450:100 Intermediate Algebra) earned in the Department of Theoretical and Applied Mathematics or the Department of Statistics
- have a minimum grade-point average of 2.00 in all work attempted in the major field, including transfer work (excluding Political Science and English, both of which requires 2.2)
- have a minimum grade-point average of 2.00 in all university work, including transfer credits (excluding Political Science and Sociology, both of which require 2.2)
- · Received approval of the Dean of the College

Transfer Students

Students transferring into the Buchtel College of Arts and Sciences from universities other than The University of Akron must satisfy the same Buchtel College of Arts and Sciences admission requirements as University of Akron students.

Baccalaureate Degrees

Requirements for the bachelor's degree include:

- · Completion of the General Education requirement.
- Three credits of mathematics or statistics (excluding 3450:100 Intermediate Algebra) earned in the Department of Theoretical and Applied Mathematics or the Department of Statistics.
- A minimum of 47 credits (exclusive of workshops and General Education courses) consisting of either:
 - 300/400-level courses both in and outside the student's major;
 - any courses outside major department as specified in and approved by the student's major advisor and the department or division head (permission should be obtained prior to enrollment), except workshops and General Education courses.
- Demonstration of ability to use English and another language:
 - for English, this ability will be shown by the completion of the General Education sequence of 3300:111,2 English Composition I, II;
 - for the other language, this ability will be shown by completion of the second year (202 at UA) of a foreign language on the University level. Demonstration of equivalent competence gained through non-academic "life experience" may be allowed through a test approved by the Department of Modern Languages contingent upon the availability of an appropriate test. The Department of Modern Languages does not offer credit by examination. Native speakers of a language other than English may be exempted from the foreign language requirement upon providing evidence of competence in the four basic language skills (speaking, reading, writing and listening comprehension) at a level equivalent to or higher than successful completion of the second year of instruction in the language at the university level. No credit is granted for exemption from the foreign language requirement. Sign Language is acceptable toward the foreign language requirement. You must complete the five courses listed below (totaling 14 credits) in the sign language sequence to satisfy the requirement.

		Credits
7700:101, 2	American Sign Language I, II	6
7700:201, 2	American Sign Language III, IV	6
7700:222	Survey of the Deaf Culture in America	2

- Completion of requirements in a major field of study (see Programs of Instruction) and the recommendation of the student's major department.
- Attaining a minimum grade-point average of 2.00 in all work attempted in the major field at The University of Akron. (Political Science 2.2, Sociology 2.2)
- Attaining a minimum grade-point average of 2.00 in all work in the major field, including transfer credits. (Political Science 2.2, Sociology 2.2, English 2.2)
- Fulfilling the University requirements for a baccalaureate degree set forth in Section 3 of this Bulletin.

Any student who wishes to receive a second baccalaureate degree must complete 32 credits of coursework in addition to the credits necessary for the first degree; 16 of the 32 credits must be in 300/400-level courses or other approved courses.

Degrees Awarded

Humanities Division: Bachelor of Arts.

Natural Sciences Division: Bachelor of Arts, Bachelor of Science, Bachelor of Science in Computer Science.

Social Sciences Division: Bachelor of Arts, Bachelor of Science in Geography/Geographic Information Sciences, Bachelor of Science in Labor Economics, Bachelor of Science in Political Science/Criminal Justice.

Interdisciplinary Studies: Bachelor of Arts in Interdisciplinary Anthropology, Bachelor of Arts in Interdisciplinary Studies

Preparation for High School Teaching

A student interested in a teaching career on the high school level may qualify for secondary school licensure by the Ohio State Department of Education while enrolled in Buchtel College of Arts and Sciences. Generally the arts and sciences major subject will also constitute a teaching major, although a second teaching field usually is required. The education and psychology courses required for the secondary school teaching license may be taken as electives toward the arts and sciences degrees. Additional elective credits will generally enable the student to meet the requirement of a second teaching field, without exceeding the credits necessary for graduation.

The number of credits in a teaching field required for licensure can be determined by referring to **Section 4**, College of Education, "Teaching Fields," located in this Bulletin.

Minor Areas of Study

For an explanation of minor areas of study in Buchtel College of Arts and Sciences, see **Section 5** of this Bulletin.

Interdisciplinary and Certificate Programs of Study

For an explanation of interdisciplinary and certificate programs of study, see Section 6 of this Bulletin.

PROGRAMS OF INSTRUCTION

Bachelor of Arts in Interdisciplinary Studies

This degree meets the needs of students who have an interdisciplinary academic goal. It expands opportunities for non-traditional students to complete their degrees at The University of Akron by allowing them to combine courses from various colleges to design a program. Students pursuing this degree must select a College of residence, devise a proposed program of study with an advisor in the college selected. The proposal must be approved by University Interdisciplinary Studies Committee. For more information on the program, see page 99.

3100: Biology

Bachelor of Science

- The General Education requirement and the second year of a foreign language.
- Core requirements: All majors for a Bachelor of Science in Biology take the sequence of courses listed below, which will provide an understanding of the fundamentals of modern biology.

8
4
3
3
4
7
2
10
7
4

 A minimum of 40 credits in biology is necessary to qualify for a Bachelor of Science degree. The minimum of 18 credits past the biology core curriculum (above) to satisfy this requirement must be at the 300/400 level. Additional courses in biology or other sciences are usually necessary to satisfy the admission requirements of graduate and professional schools for advanced work and professional studies.

Recommended:

3460:125	Descriptive Computer Science	2
3470:261,2	Introductory Statistics I,II	4

 A student majoring in biology should consult a member of the biology faculty during the first year.

Areas of Specialization (Optional)

If a student wishes to obtain a B.S. degree with a designated Area of Specialization within Biology, the student must take the required courses listed below for that specific area. Additional courses are listed as electives that may be taken to further strengthen a student's knowledge in a particular area. The area of specialization will appear on the student's transcript.

Most of these courses will be taken during the third or fourth years:

Botany Specialization (10-13 of the required 300/400 Biology credits)

A. Choose	one of the following two options with Group A (P	lant Diversity with Lab or Biology of
Vascular Pla	ants)	
3100:343	Diversity of Plants	3
3100:344	Diversity of Plants Laboratory	2
	or	
3100:345	Biology of Vascular Plants	4
B. Choose t	wo of the following within Group B	
3100:342	Flora and Taxonomy	3
3100:427	Limnology	4
3100:440	Mycology	4
3100:443	Phycology	4
3100:444	Field Marine Phycology	3

Ecology/Eve Required	olution Specialization	Credits
A. At least tw	o of the following:	
3100:406	Principles of Systematics	3
3100:422	Conversation Biology	3
3100:423	Population Biology	3
3100:428	Biology of Behavior	3
3100:430	Community/Ecosystem Ecology	4
B. At least tw	o of the following:	
3100:342	Flora and Taxonomy	3
3100:343	Diversity of Plants	3
3100:345	Biology of Vascular Plants	4
3100:418	Field Ecology	4
3100:421	Tropical Field Biology	4
3100:427	Limnology	4
3100:440	Mycology	4
3100:443	Phycology	4
3100:444	Field Marine Phycology	3
3100:451	General Entomology	4
3100:453	Invertebrate Zoology	4
3100:455	Ichthyology	4
3100:456	Ornithology	4
3100:457	Herpetology	4
3100:458	Vertebrate Zoology	4
3100:467	Comparative Vertebrate Morphology	4
3100:473	Comparative Animal Physiology	3

A course in statistics and/or in calculus is strongly recommended. 3100:497/498 Biological Problems (supervised research) in year 2 or 3 is highly recommended.

Microbiology Specialization

Required:		
3100:331	Microbiology	4
3100:433	Pathogenic Bacteriology	4
	or	
3100:435	Virology	4
3100:437	Immunology	4
Electives:		
3100:440	Mycology	4
	or	
3100:443	Phycology	4
3100:454	Parasitology	4
3100:481	Advanced Genetics	3
3150:401,2	Biochemistry I, II	6

Animal Physiology Specialization

Required:		
3100:363	Animal Physiology	4
3100:473	Comparative Animal Physiology	3
At least two of the	e following:	
3100:465	Advanced Cardiovascular Physiology	3
3100:468	The Physiology of Reproduction	3
3100:469	Respiratory Physiology	3
3100:471	Physiological Genetics	4
3100:472	Biological Mechanisms of Stress	3
3100:485	Cell Physiology	4
Electives:		
3100:365	Histology	4
3100:466	Vertebrate Embryology	4
3100:467	Comparative Vertebrate Morphology	4
3100:474	Comparative Animal Physiology Laboratory	1
3100:482	Neurobiology	3
3150:401	Biochemistry I	3
3150:402	Biochemistry II	3
	•	

Zoology Specialization

.00.09, 0	poolulization	
Required:		
3100:473	Comparative Animal Physiology	3
One of the	e following:	
3100:453	Invertebrate Zoology	4
3100:458	Vertebrate Zoology	4
One of the	e following:	
3100:466	Vertebrate Embryology	4
3100:467	Comparative Vertebrate Morphology	4
At least or	ne of the following:	
3100:365	Histology	4
3100:421	Tropical Field Biology	4
3100:428	Biology of Behavior	3
3100:451	General Entomology	4
3100:454	Parasitology	4
3100:456	Ornithology	4
3100:457	Herpetology	4
3100:455	Ichthyology	4
3100:482	Neurobiology	3

Preparation for High School Biology Teaching

For licensure, additional courses in the College of Education are required. See the College of Education "Preparation for High School Teaching," **Section 4** of this Bulletin.

 The follow 	ing courses should be taken:	Credits
3100:130	Principles of Microbiology	3
	or	
3100:331	Microbiology	4
3100:265	Introductory Human Physiology	4
3100:342	Flora and Taxonomy	3
	or	
3100:445	Plant Morphology	4
3100:453	Invertebrate Zoology	4
	or	
3100:458	Vertebrate Zoology	4
Additional co	urses that may be taken:	
3100:426	Wetland Ecology	4
3100:428	Biology of Behavior	3
3100:440	Mycology	4
	or	
3100:443	Phycology	4
3100:473	Comparative Animal Physiology	3

Preparation for Professional School

(Pre-medical, pre-dental, pre-veterinary and pre-pharmacy students)

• The following courses should be taken:

3100:363	Animal Physiology	4
3100:xxx	A 400-level Physiology course	3-4
3650:261, 2	Physics for Life Sciences I, II	8
3450:221	Analytical Geometry/Calculus I	4
	or	
3450:215	Concepts of Calculus	4
3470:261	Introductory Statistics I	2
Additional courses	s that may be taken:	
3100:331	Microbiology	4
3100:365	Histology	4
3100:466	Vertebrate Embryology	4
3100:467	Comparative Vertebrate Morphology	4
3150:401.2	Biochemistry I. II	6

3150: Chemistry

Admission, Retention and Graduation

- The student must maintain a minimum 2.00 grade point average.
- The student must obtain a grade of C- or better in all required chemistry courses.
- If a grade of less than C- is obtained in a required chemistry course, the student must successfully repeat the course within a year.

Bachelor of Science

• The General Education requirement and the second year of a foreign language.

•	Core Requiren	nent:	Credits
	3150:151	Principles of Chemistry I	3
	3150:152	Principles of Chemistry Laboratory	1
	3150:153	Principles of Chemistry II	3
	3150:154	Qualitative Analysis	2
	3150:263	Organic Chemistry Lecture I	3
	3150:264	Organic Chemistry Lecture II	3
	3150:265	Organic Chemistry Laboratory I	2
	3150:266	Organic Chemistry Laboratory II	2
	3150:313	Physical Chemistry Lecture I	3
	3150:314	Physical Chemistry Lecture II	3
	3150:380	Advanced Chemistry Laboratory I	2
	3150:381	Advanced Chemistry Laboratory II	2
	3150:423	Analytical Chemistry I	3
	3150:424	Analytical Chemistry II	3
	3150:472	Advanced Inorganic Chemistry	3
	3150:480	Advanced Chemistry Laboratory III	2
•	At least seven	credits from the following:	
	3150:199	Introductory Seminar in Chemistry	1
	3150:399	Internship in Chemistry	1-6
	3150:401	Biochemistry Lecture I	3
	3150:402	Biochemistry Lecture II	3
	3150:463	Advanced Organic Chemistry	3
	3150:497	Honors Project in Chemistry (may be repeated for a total of 8 credits)	1-2
	3150:498	Special Topics: Chemistry (may be repeated for a total of 8 credits)	1-2
	3150:499	Research Problems (may be repeated for a total of 8 credits)	1-2
	3650:481	Methods of Mathematical Physics I	3
	9871:401/501	Introduction to Elastomers	3
	9871:402/502	Introduction to Plastics	3
	9871:407/507	Polymer Science	4
	9871:411	Molecular Structure and Physical Properties of Polymers I	3
	9871:412	Molecular Structure and Physical Properties of Polymers II	2
	9871:413	Molecular Structure and Physical Properties of Polymers III	2

Subject to departmental and Graduate School approval, senior-level students may take graduate-level chemistry courses for undergraduate credit. Such courses are accepted in lieu of 400-level courses.

• Mathematics:

	3450:221	Analytic Geometry-Calculus I	4
	3450:222	Analytic Geometry-Calculus II	4
	3450:223	Analytic Geometry-Calculus III	4
	3450:335	Introduction to Ordinary Differential Equations	3
•	Physics:		
	3650:291,2	Elementary Classical Physics I, II	8

 Graduates of the Bachelor of Science program receive a degree certified by the American Chemical Society.

Bachelor of Science in Chemistry - Polymer Option

Cooperative Education Program in Chemistry

Qualifications

Arrangements for entry into the program are on an individual basis and are initiated by the student during the second year of undergraduate study. Full-time B.S. chemistry majors at The University of Akron must meet the following

- Satisfactory completion of 60 credits with a quality point average of at least 2.3 in chemistry courses and on schedule in their curriculum.
- · Acceptance by a cooperative education coordinator or director following a series of interviews

Part-time students must have completed 60 credits with a 2.3 average and be on schedule in their curriculum. They are expected to become full-time students while not on their co-op job.

Transfer students must have preparation equivalent to the minimum requirements for The University of Akron students and must have completed at least one semester of full-time study at The University of Akron.

Placement in an industrial or other position is not guaranteed, and foreign students should recognize that many companies require U.S. citizenship or possession of a permanent visa. In any case, final acceptance of a student for any position is the decision of the employer.

Schedule

The work-study schedule for students in the co-op program is as follows:

Year	Fall	Spring	Summer
1	School	School	Vacation/School
2	School	School	Vacation/School/Work
3	School	Work	School
4	Work	School	Work
5	School	School	_

Admission to Program

Interested students should attend a Cooperative Education orientation session. Students will be expected to remain with their employer for all co-op work periods in order to provide a progression of experience and responsibility. Employment must have approval of the department and the Cooperative Education director, but the University does not guarantee employment.

Registration

Students register for Cooperative Work Periods in the same manner that a student registers for any other University courses. The course is:

Cooperative Education

A registration fee for each work period is charged to offset the expenses of administering the Co-op Program. Upon completion of a work period, a statement will appear on the student's official transcript listing the course number and title. In place of a grade, "credit" or "no credit" will be given, depending upon the student's satisfactory or unsatisfactory completion of the following:

- Work performance as evaluated by the employer.
- Submission of a written Work Report and its approval by the Cooperative Education staff.
- Submission of a Cooperative Work Period Summary Form.

3200: Classical Studies, Anthropology and Archaeology

3200: Classics; 3210: Greek; 3230: Anthropology; 3240: Archaeology

Bachelor of Arts

The program will be effective Fall 2003; however, its implementation will be suspended until sufficient resources become available.

Classical Studies

This interdisciplinary major focuses on ancient Greek and Roman culture and literature. It draws upon courses in Anthropology, Art, History, and Philosophy to give the student a fully rounded view of the achievements upon which modern Western culture is built. The major should appeal to students with broad intellectual interests since fields represented include history, archaeology, literature and mythology. Majors in Classical Studies learn critical thinking skills and cross cultural analysis and regularly enter the profession of law, politics, education, or undertake graduate work in the humanities.

- Students electing this major must satisfy their language requirement in Latin (or take a minimum of two years of Latin).
- The 36 credit hour requirement includes 21 hours of core coursework and 15 hours of electives. Twenty-one or more credit hours must be completed at the 300 level or above.

 Requirements 	s: 21 credit hours from the following:	Credits
3200:220	Introduction to the Ancient World	3
3200:230	Sports and Society in Ancient Greece and Rome	3
3200:289	Mythology of Ancient Greece	3
3240:313	Archaeology of Greece	3
3240:314	Archaeology of Rome	3
3200:361	Literature of Greece	3
3200:362	Literature of Rome	3
3230:150	Cultural Anthropology	3
3400:317	Roman Republic	3
3400:318	Roman Empire	3

· Electives: 15 credit hours from the following:

3200:401	Egyptology	3
3240:472	Special Topics in Archaeology	3
3400:308	Greece	3
3400:404	Studies in Roman History	3
3600:211	History of Ancient Philosophy	3
3600:411	Plato	3
3600:432	Aristotle	3
7100:100	Art History I	4

Bachelor of Arts in Interdisciplinary Anthropology

This interdisciplinary program allows students the flexibility to construct a program of study tailored to their interests in cultural anthropology, biological anthropology or archaeology. To do so, in addition to the required course in linguistics, students are encouraged to take approved courses in partner departments.

- The General Education requirement and the second year of a foreign language.
- Core requirements 20 credits

3230:150	Cultural Anthropology	4
3230:151	Human Evolution	4
3230:359	Anthropology in the 21st Century	3
3230:398	Anthropological Research Methods	3
3240:100	Introduction of Archaeology	3
3300:371	Introduction to Linguistics	3

· Concentration Electives - a minimum of one course each from three of the following four fields for a total of 16 credits

Archaeological		
3240:313	Archaeology of Greece	3
3240:314	Archaeology of Rome	3
3240:320	Medieval Archaeology	3
3240:400	Archaeological Theory	3
3240:410	Archaeogeophysical Survey	3
3240:420	Archaeology of Ohio	3
3240:440	Archaeological Laboratory Methods	3
3240:450	Archaeological Field School	3-6
3240:472	Special Topics in Archaeology	3
3370:101	Introductory Physical Geology	4
3370:324	Sedimentation and Stratigraphy	4
3370:360	Introductory Invertebrate Paleontology	4
3370:405	Archaeological Geology	3
3370:462	Advanced Paleontology	3
3350:405	Geographic Information Systems	3
2980:122	Elementary Surveying 3	

Biological		Credits
3230:340	Paleodemography and Human Osteology	3
3230:410	Evolution and Human Behavior	3
3100:111	Principles of Biology I	4
3100:112	Principles of Biology II	4
3100:217	General Ecology	3
3100:315	Evolutionary Biology Discussion	1
3100:316	Evolutionary Biology	3
3100:428	Biology of Behavior	3
3100:429	Biology of Behavior Laboratory	1
3100:466	Vertebrate Embryology	4
Cultural		
3230:251	Human Diversity	3
3230:355	Indians of South America	3
3230:357	Magic, Myth and Religion	3
3230:358	Indians of North America	3
3230:370	Cultures of the World	3
3230:397	Anthropological Research	1-3
3230:416	Anthropology of Sex and Gender	3
3230:420	The Anthropology of Food	3
3230:457	Medical Anthropology	3
3230:460	Qualitative Methods: Basis of Anthropological Research	4
3230:472	Special Topics: Anthropology	3
3230:497	Senior Honors Project in Anthropology	3
3850:421	Racial and Ethnic Relations	3
3850:460	Sociological Theory	4
Linguistics		
3300:470	History of English Language	3
3300:489	Seminar in English	2-3
3600:481	Philosophy of Language	3

 Program Electives: All majors must earn a minimum of 12 credit hours at the 300-400 level. Six of those credits must be from Anthropology/Archaeology, courses numbered 3230 or 3240; the remainder can be Anthropology/Archaeology courses or may include credits from the following disciplines:Biology: 3100, Classics: 3200, English: 3300, Geography and Planning: 3350, Geology: 3370, History: 3400, Modern Languages: 3500 and Sociology: 3850.

3250: Economics

Economics is the study of choice in a world with scarce resources. Students majoring in economics develop their analytical and problem-solving skills while exploring theories of economic systems and their application to a large number of fields. These fields range from finance and international trade to poverty reduction and environmental problems.

Graduates are employed in both the private and public sectors in a wide range of careers. For example they can be found as financial analysts, management trainees, human resource managers, city and state economists, bank examiners, health care administrators. An economics degree is an excellent background for professional schools like law or the MBA. A joint major is a very useful option for students studying in other fields.

The Department of Economics has two degree programs: a BA in Economics and a BS in Labor Economics.

Bachelor of Arts

The BA program has core courses in theory and in quantitative and computer methods as well as a number of economics electives. If they wish, students can choose field electives relating to career tracks: business, banking and international economics, public policy or graduate school (see below). In one of their final field courses, students develop and carry out a senior project that shows their ability to apply what they have learned, both analytically and quantitatively. For potential employers, it provides an important demonstration of what an economics graduate can do.

 The General Education requirement* and the second year of a foreign language.

•	At least 32 de	partmental credits including:	Credits
	3250:200	Principles of Microeconomics	3
	3250:201	Principles of Macroeconomics	3
	3250:226	Computer Skills for Economic Analysis	3
	3250:400	Intermediate Macroeconomics	3
	3250:410	Intermediate Microeconomics	3
	3250:426	Applied Econometrics	3
	3250:496	Senior Project in Economics (attached to field course)	2
•	Departmental	Electives — 12	
•	Statistics:		
	3470:261,2	Introductory Statistics I, II	4
•	Mathematics*	*·	
	3450:210	Calculus for Business Applications or	3
	3450:215	Concepts of Calculus	4

 \bullet Electives in 300/400 courses — 24

Note: Students may not receive credit for 3250:244 Introduction to Economic Analysis and 3250:200,201. However, those students who have completed 3250:244 are not required to take 3250:200,201 before beginning upper division work. 3250:100 Introduction to Economics cannot be used to satisfy the requirements for a major or minor in economics.

Students who wish to follow a particular career-oriented track in their economic electives can do so from the following lists. Note that choosing a track is not required

	В	us	in	е	s	s
--	---	----	----	---	---	---

3250:310	Managerial economics	3

3400:465	American Economy since 1900	3

Bachelor of Science in Labor Economics

The BSLE is a more focused program relating to issues involving human resources, from the analysis of wages and labor markets to the investigation of social policy problems like health, education and discrimination. Career opportunities exist for labor market analysts and for social and labor policy experts in state and local government (like the Department of Job and Family Services or Summit County Children's Services) and in local and international firms. The BSLE program has core courses in labor theory and application plus quantitative and computer methods. The culmination of the program for each student is to bring together all these areas in a labor market analysis and evaluation project. This project demonstrates students' ability to apply what they have learned both in analytical thinking and quantitative methods. For employers, it is a valuable demonstration of what a labor economics graduate can do.

- The General Education requirement*
- · At least 33 departmental credits including:

Introductory Statistics I, II

3250:200	Principles of Microeconomics	3
3250:201	Principles of Macroeconomics	3
3250:226	Computer Skills for Economic Analysis	3
3250:333	Labor Economics	3
3250:410	Intermediate Microeconomics	3
3250:426	Applied Econometrics	3
3250:430	Labor Market and Social Policy	3
3250:434	Labor Market Analysis & Evaluation	3

- Departmental electives 9
- Statistics: 3470:261.2

•	Mathematics	*	
	3450:210	Calculus for Business Applications	3
	3450:215	or Concepts of Calculus	4

- Upper division social sciences (geography, history, sociology, political science, psychology) - 8
- Upper division electives 15

Note: Students may not receive credit for 3250:244 Introduction to Economic Analysis and 3250:200,201. However, those students who have completed 3250:244 are not required to take 3250:200,201 before beginning upper division work. 3250:100 Introduction to Economics cannot be used to satisfy the requirements for a major or minor in economics.

Internship in Economics

Students can register for 3250:495, Internship for Economics, for one to three academic credits for the semester. Normally, a minimum of 45 hours of relevant internship work is required for each academic credit. Total internship credit over all semesters may not exceed three credits.

The internship is coordinated through the Arts and Sciences Careers Program. The program must be approved by the Department of Economics Undergraduate Program Director prior to registering for the course. The internship must involve career applications of the discipline of economics.

3300: English

Statement of Policies—Admission and Graduation

For students enrolled at The University of Akron and for students wishing to transfer directly into Buchtel College of Arts and Sciences from other institutions, the following criteria must be satisfied for admission to the Department of

- The student must be admissible to Buchtel College of Arts and Sciences.
- The student must have a minimum grade point average of 2.20 in all university

In order to graduate students must achieve a grade of C- or higher in all these required courses: 3300:300; 3300:301; 3300: 315 or 316; 3300:341; 3300:371 and 3300:492.

A student must earn a cumulative grade point average of 2.20 in English courses in order to graduate with an English major.

Bachelor of Arts

- The General Education requirement and the second year of a foreign language.
- At least 36 credits in the department including the following course and distribution requirements:

Required course	S:	Credits
3300:300	Critical Reading and Writing	3
3300:301	English Literature I	3
3300:315	Shakespeare: The Early Plays	3
3300:316	Shakespeare: The Mature Plays	3
3300:341	American Literature I	3
3300:371	Introduction to Linguistics	3
3300:492	Senior Seminar	3

Distribution of requirements

One course in world or multicultural literature outside the canon of British and American writers. A minimum of four 400-level courses.

Electives — 36 credits.

3350: Geography and Planning

Bachelor of Arts in Geography - Geography Track

- The General Education requirement and the second year of a foreign language.
- · At least 47 credits as follows:

Core Requirements — 14 credits			
3350:100	Introduction to Geography	3	
3350:250	World Regional Geography	3	
3350:310	Physical and Environmental Geography	3	
3350:320	Economic Geography	3	
3350:499	Career Assessment Seminar	2	
Geotechniques F	Requirements — 15 credits		
3350:305	Maps and Map Reading	3	
3350:405	Geographic Information Systems	3	
3350:440	Cartography	3	
3350:483	Spatial Analysis	3	
3350:496	Field Research Methods	3	
Regional Geogra	phy Electives — at least 6 credits		
3350:350	Geography of the United States and Canada	3	
3350:351	Ohio: Environment and Society	3	
3350:353	Latin America	3	
3350:356	Europe	3	
3350:360	Asia	3	
3350:363	Africa South of the Sahara	3	
3350:497	Regional Field Studies	1-3	
Geography and F	Planning Electives — at least 12 additional credits from 3350 courses	12	

^{**} This track relates to professional degrees like Law, MBA or Public Policy as well as Economics. Those wishing to become professional economists through graduate work in economics (MA or Ph.D) are encouraged to take more calculus (eg. 3450:221, 222, 223) and further mathematics (eg. 3450:312).

Students are required to have at least a C grade in 3450:145 College Algebra.

Bachelor of Arts in Geography - Planning Track

• The General Education requirement and the second year of a foreign language.

 At least 47 	credits as follows:	Credits
Core Require	ments —14 credits	
3350:100	Introduction to Geography	3
3350:250	World Regional Geography	3
3350:310	Physical and Environmental Geography	3
3350:320	Economic Geography	3
3350:499	Career Assessment Seminar	2
Geotechnique	es Requirements — 12 credits	
3350:305	Maps and Map Reading	3
3350:405	Geographic Information Systems	3
3350:483	Spatial Analysis	3
3350:496	Field Research Methods	3
Planning Req	uirements — 9 credits	
3350:433	Practical Approaches to Planning	3
3350:437	Planning Analysis and Projection Methods	3
3350:439	History of Urban Design and Planning	3
Planning Elec	rtives — at least 6 credits	
3350:415	Environmental Planning	3
3350:422	Transportation Systems Planning	3
3350:432	Land Use Planning Law	3
3350:438	Land Use Planning Methods	3
3350:450	Development Planning	3
Geography a	nd Planning Electives — at least 6 additional credits from 3350 courses	6

Bachelor of Science in Geography/Geographic **Information Sciences**

- The General Education requirement and the second year of a foreign language.
- At least 47 credits as follows:

Core Requirements — 14 credits

3350:100	Introduction to Geography	3
3350:250	World Regional Geography	3
3350:310	Physical and Environmental Geography	3
3350:320	Economic Geography	3
3350:499	Career Assessment Seminar	2
Geotechniques R	equirements — 18 credits	
3350:305	Maps and Map Reading	3
3350:405	Geographic Information Systems	3
3350:440	Cartography	3
3350:447	Remote Sensing	3
3350:483	Spatial Analysis	3
3350:496	Field Research Methods	3
Geotechniques el	ectives — at least 9 credits	
3350:407	Advanced Geographic Information Systems	3
3350:441	Global Positioning Systems (GPS)	1
3350:442	Cartographic Theory and Design	3
3350:444	Applications in Cartography and GIS	3
3350:445	GIS Database Design	3
3350:446	GIS Programming and Customization	3
3350:449	Advanced Remote Sensing	3
Geography and Pl	anning electives — at least 6 additional credits from 3350 courses	6

3370: Geology and Environmental **Science**

Bachelor of Science Engineering Geology

• The General Education requirement and the second year of a foreign language.

• At least 39 d	epartmental credits including the following:	Credits
3370:101 3370:102 3370:230 3370:231 3370:301 3370:324 3370:350 3370:446 3370:493 3370:494	Introductory Physical Geology Introductory Historical Geology Crystallography and Nonsilicate Mineralogy Mineral Science Engineering Geology Sedimentation and Stratigraphy Structural Geology Exploration Geophysics † Geology Field Camp I Geology Field Camp II Geology Electives from List	4 4 4 4 3 4 4 3 3 3 3 3

- The General Education requirement and the second year of a foreign language.
- At least 47 departmental credits including:

	3370:101	Introductory Physical Geology	4
	3370:102	Introductory Historical Geology	4
	3370:230	Crystallography and Non-Silicate Mineralogy	4
	3370:231	Mineral Science	4
	3370:324	Sedimentation and Stratigraphy	4
	3370:350	Structural Geology	4
	3370:360	Introductory Invertebrate Paleontology	4
	3370:493	Geology Field Camp I	3
	3370:494	Geology Field Camp II	3
		Elective Geology courses (300/400-level)	13
•	Non-geology o	courses required for majors:	
	3150:151,2,3	Principles of Chemistry I, II	7
	3450:221,2	Analytic Geometry-Calculus I and II	8

3650:291,2 Electives:

Elective credits in Field Studies (3370:495) and Research Problems (3370:499) are strongly recommended, however only 4 credits of each may be used to satisfy the geology elective requirement. Workshop (3370:490) , may not be used to satisfy the geology elective requirement. Additional work in a supporting sciences, math, or engineering is encouraged. A student majoring in geology should consult regularly with the Director of Undergraduate Studies in the Geology Department.

Elementary Classical Physics I and II ††

[†] May also be satisfied by 4300:418 Soil and Rock Exploration.

^{††} Undergraduate geology advisor may approve substitution of 3650:261,2.

Geophysics

• The General Education requirement and the second year of a foreign language.

•	At least 30 de	epartmental credits including the following:	Credits
	3370:101	Introductory Physical Geology	4
	3370:102	Introductory Historical Geology	4
	3370:350	Structural Geology	4
	3370:441	Fundamentals of Geophysics	3
	3370:446	Exploration Geophysics	3
	3370:493	Geology Field Camp I	3
	3370:494	Geology Field Camp II	3
		Geology Electives (as approved by geophysics advisor)	6

• Science Electives 9 credits. At least three science courses approved by the geophysics advisor. Recommended courses are:

	3460:201	Introduction to FORTRAN Programming or equivalent	3	
	3650:322	Intermediate Laboratory I	2	
	3650:323	Intermediate Laboratory II	2	
	3650:350	Modeling and Simulation	4	
	3650:431	Mechanics I	3	
	3650:436	Electromagnetism I	3	
•	Non-Geology	Required Courses:		
	3150:151,2,3	Principles of Chemistry I, II	7	
	3450-221 2 3	Analytic Geometry-Calculus I. II and III	12	

Bachelor of Arts

3450:335 3650:291,2

3650:291,2

• The General Education requirement and the second year of a foreign language.

Introduction to Ordinary Differential Equations

Elementary Classical Physics I and II

Earth Science Track

• At least 44 department credits including the following:

3370:101	Introductory Physical Geology	4
3370:102	Introductory Historical Geology	4
3370:231	Mineral Science	4
3370:350	Structural Geology	4
3370:360	Introductory Invertebrate Paleontology	4
3370:493,4	Geology Field Camp I and II	6

- Elective Geology courses (Minimum eight credits at the 300/400 level) —18
- Non-Geology courses required for majors:

3150:151,2 3450:149	Principles of Chemistry I Precalculus	4 4
• At least seve	en credits from the following:	
3100:111,2	Principles of Biology I and II (or equivalent)	4
3150:153	Principles of Chemistry II (or equivalent)	3
3450-221.2	Analytical Geometry-Calculus Land II	1

Environmental Science Track

• At least 35 department credits including the following:

Elementary Classical Physics I and II

3370:101	Introductory Physical Geology	4
3370:100	or Earth Science and	3
3370:104	Exercises in Physical Geology	1
3370:200	or Environmental Geology and	3
3370:104	Exercises in Physical Geology or	1
3010:201	Introduction to Environmental Science and	3
3370:104	Exercises in Physical Geology	1
3370:231	Mineral Science	4
3370:310	Geomorphology	3
3370:493	Field Camp I	3
	or	
3370:496	Service Learning	3

• At least 21 credits of 300- and 400-level geology courses exclusive of required geology. At least three credits from the following field courses:

3370:494	Field Camp II	3
3370:495	Field Studies	1-3
3100:418	Field Ecology	4
3350:495	Soil and Water Field Studies	3

• Up to 8 credits of the 21 credits of 300- and 400-level classes may be selected from the Environmental Studies Certificate electives list. Choose from:

		Credits
3010:401	Seminar in Environmental Studies	2
3010:490	Workshop in Environmental Studies	1-4
3010:495	Field/Lab Studies in Environmental Science	3
3100:342	Flora and Taxonomy	3
3100:421	Tropical Field Biology	4
3100:426	Wetland Ecology	4
3100:427	Limnology	4
3100:430	Community/Ecosystem Ecology	4
3250:385	Economics of Natural Resources and the Environment	3
3350:310	Physical and Environmental Geography	3
3350:351	Ohio Environment and Society	3
3350:405	Geographic Information System	3
3350:407	Advanced Geographic Information System	3
3350:415	Environmental Planning	3
3350:447	Remote Sensing	3
3350:449	Advanced Remote Sensing	3
3400:471	American Environmental History	3
3850:321	Population	3
4200:463	Pollution Control	3
4300:323	Water Supply and Pollution Control	3
4300:423	Chemistry for Environmental Engineers	3
4300:424	Water-Wastewater Laboratory	1
4300:426	Environmental Engineering Design	3
4300:427	Water Quality Modeling and Management	3
4300:428	Hazardous and Solid Waste	3
Non-geology (courses required for majors:	
3100:111,2	Principles of Biology I and II	8
3100:217	General Ecology	3
3150:151,2,3	Principles of Chemistry I and II	7
3150:154	Qualitative Analysis	2
3450:149	Precalculus	4

3400: History

Bachelor of Arts

3

- The General Education requirement and the second year of a foreign language.
- A minimum of 32 credits of history, 16 of which must be in 300/400-level courses. A minimum of 6 credits in each of the three areas of course offerings, (1) United States; (2) Europe; and (3) Ancient/Non-Western/Cross-Cultural; and 3400:310, Historical Methods. With the approval of the History Department Undergraduate advisor, a History major may apply up to 6 credits of coursework in related disciplines (cognate courses) toward the fulfillment of the History degree requirements.
- · Courses in World Civilizations and Humanities in the Western Tradition may not be used to meet major requirements in History.

109

3450: Mathematics

Bachelor of Science

Mathematics

• The General Education requirement and the second year of a foreign language.

At least 34 credits including:		Credits
3450:221,2,3	Analytic Geometry-Calculus I, II, III	12
3450:307	Fundamentals of Advanced Mathematics	3
3450:312	Linear Algebra	3
3450:411	Abstract Algebra I	3
3450:421	Advanced Calculus I	3
3460:209	Introduction to Computer Science*	4
Choose at least one	e of the following two courses:	
3450:412	Abstract Algebra II	3
3450:422	Advanced Calculus II	3
Choose at least one	e of the following three courses:	
3470:450	Probability	3
3470:451	Theoretical Statistics	3
3470:461	Applied Statistics	4
Electives — Approv	ved 300/400-level courses in mathematics, applied mathematics,	
statistic	cs or computer science	15

All students should consult with their advisors for selection of appropriate electives.

· Students interested in graduate study should include the following courses in their program:

3450:412	Abstract Algebra II	3
3450:422	Advanced Calculus II	3
3450:425	Complex Variables	3
3450:445	Introduction to Topology	3

Students seeking licensure in secondary education to teach mathematics must complete the following electives:

3450:401	History of Mathematics	3
3450:441	Concepts in Geometry	2
		3
3470:450	Probability	3
3470:461	Applied Statistics	4

• Students interested in computer science should include the following electives:

3450:415 3450:427	Combinatorics and Graph Theory Applied Numerical Methods I	3
3460:210,316	Data Structures and Algorithms I, II	7
Choice of one:		
3450:413	Theory of Numbers	3
3450:410	Advanced Linear Algebra	3

Applied Mathematics

- The General Education requirement and the second year of a foreign language.
- At least 38 departmental credits including**:

3460:209	Introduction to Computer Science#	4
3450:221,2,3	Analytic Geometry-Calculus I, II, III	12
3450:335	Introduction to Ordinary Differential Equations	3
3450:312	Linear Algebra	3
3450:421	Advanced Calculus I	3
3450:427,8	Applied Numerical Methods I, II	6
3450:436	Mathematical Models	3
3470:461	Applied Statistics	4
Choose at least one of	of the following two courses:	
3450:422	Advanced Calculus II	3
3450:425	Complex Variables	3
Electives (300/400 level) of which: At least 3 credits are from 3450 courses		

At least 6 credits are from some approved applied area such as Chemistry, Computer Science, Physics, Economics, Engineering, etc.

Cooperative Education Program

Mathematics or Applied Mathematics

Schedule

The work-study schedule for a student participating in the Cooperative Education Program is as follows:

Year	Fall	Spring	Summer
1	School	School	Vacation/School
2	School	School	Vacation/School/Work
3	School	Work	School
4	Work	School	Work
5	School	School	_

Admission

Arrangements for student entry into the program are on an individual basis, and must be initiated by the student during the second year of undergraduate study. The Cooperative Education Program is an optional program available only to all full-time mathematics or applied mathematics students at The University of Akron who have satisfactorily met the following requirements:

- Sixty credits with a grade-point average of at least 2.00 out of a possible 4.00 in the program curriculum and be on schedule in the curriculum.
- Acceptance by a cooperative education coordinator or director following interviews.
- A transfer student must complete 16 credits of academic work at The University of Akron with a grade-point average of at least 2.00 out of a possible 4.00 and be on schedule in the program curriculum

A student who desires to participate in the program will fill out a Personal Data form and submit it to the department chair. The student will then meet with a member of the cooperative education staff to discuss the availability of prospective employers. During this interview, the student will be asked to sign a Cooperative Educational Agreement and a grade release form which will become effective upon employment. Employment must be coordinated or have approval of the department and the cooperative education director. The University does not guarantee employment for the student. The student will be expected to remain with the employer for all cooperative work periods in order to provide a progression of experience and responsibility.

Registration

While no academic credits are assigned, each student must register for 3000:301 Cooperative Education in the same manner that a student registers for any other University course. See department advisor before enrolling for this course.

A cooperative program fee for each work period is charged. Upon completion of a work period, a statement will appear on each student's official transcript listing the course number, title and name of the employer. In the place of a grade,"credit" or "no credit" will be given, depending upon the student's satisfactory or unsatisfactory completion of the following:

- · Work performance as evaluated by the employer.
- Written work report as approved by department chair and cooperative education staff
- · Cooperative Work Period Summary form.

Usually, work progresses satisfactorily on the job and a grade of "credit" is assigned at the end of the semester. If all the above conditions are not met, a change of grade to "no credit" will be submitted.

^{*} This course will count towards the requirement of 47 credits of 300/400-level credits

The courses 3450:100, 113-138, 145, 149, 401; 3470:250-257, 260-262, 280; and most 3460 courses do not meet these degree requirements

[#] This course will count towards the requirement of 47 credits of 300/400-level credits

^{*} This course will count towards the requirement of 47 credits of 300/400-level credits

^{**} The courses 3450:100, 113-138, 145, 149, 401; 3470:250-257, 260-262, 280; and most 3460 courses do not meet these degree requirements

[#] This course will count towards the requirement of 47 credits of 300/400-level credits

3460: Computer Science

Admission to Computer Science Major

The student must have completed 30 credits of work and have the approval of the Dean of the College. In addition, the student must have completed 3450:208, 3460:209, 3460:210 and 3450:221, each with C or better.

Bachelor of Science in Computer Science

· The General Education requirement and the second year of a foreign language.

•	Core curricult	ım:	Credits
	3460:209	Introduction to Computer Science	4
	3460:210	Data Structures and Algorithms I	4
	3460:306	Assembly and System Programming	4
	3460:307	Internet Systems Programming	3
	3460:316	Data Structures and Algorithms II	3

- Cooperative Work Period Summary form.

Usually, work progresses satisfactorily on the job and a grade of "credit" is assigned at the end of the semester. If all the above conditions are not met, a change of grade to "no credit" will be submitted.

3470: Statistics

Bachelor of Arts. Statistics

Bachelor of Science, Statistics

Bachelor of Science, Statistics/Statistical Computer Science

Bachelor of Science, Statistics/Actuarial Science

• The General Education requirement and the second year of a foreign language.

•	Core curriculum:		Credits
	3450:221,2,3	Analytic Geometry-Calculus I, II and III	12
	3450:312	Linear Algebra	3
	3470:451,2	Theoretical Statistics I, II	6
	3470:461	Applied Statistics	4
	3470:462	Applied Regression and ANOVA	4
	3470:480	Statistical Data Management	3
	3470:495	Statistical Consulting	<u>2</u>
			3/

- Complete nine credits of coursework outside the major and beyond the General Education in a suitable area of concentration as approved by the
- Electives 29 credits
- For the Bachelor of Arts degree: complete 18 credits of humanities or social sciences beyond the General Education. The 18 credits are to be from more than one department.
- For students intending to go on to graduate school, the following electives are recommended: 3450:421,422 Advanced Calculus I, II.

Statistical Computer Science option (BS only)

There are two tracks to major in Statistics with this option:

Track 1

· Other required courses:

3450:208	Intro to Discrete Mathematics	4
3460:209	Introduction to Computer Science	4
3460:210	Data Structures & Algorithms I	4
3460:316	Data Structures & Algorithms II	3
3460:475	Database Management	<u>3</u>
		10

- Electives 11 credits
- Computer Science minor can be obtained by completing 3460:306 Assembly and System Programming and another 3-credit computer science elective course in addition to the above required courses.

Track 2

Other required courses:

3460:401	Fundamentals of Data Structures	3
3460:406	Introduction to C and UNIX	3
3460:475	Database Management	<u>3</u>
		9

Electives - 20 credits

Actuarial Science option (BS only)

•	Other requir	Credits	
	3250:244	Introduction to Economic Analysis	3
	3470:471,2	Actuarial Science I, II	6
	6200:201	Accounting Principles I	_3
			12
_	Coloot two	of the following:	

Select two of the following:

3250:427	Economic Forecasting	3
3450:335	Introduction to Ordinary Differential Equations	3
3450:436	Mathematical Models	3
3470:469	Reliability Models	3
		6

• The recommended area of concentration for the Actuarial Science degree:

6200:202	Accounting Principles II	3
6400:301	Corporate Finance	3
6400:415	Risk Management and Insurance	<u>3</u>
		9

· Electives: 11 credits

3500: Modern Languages

3510: Latin; 3520: French; 3530: German; 3550: Italian; 3560: Japanese; 3570: Russian; 3580: Spanish.

Bachelor of Arts

All in-major courses in French or Spanish must be passed with a grade of C or better in order to count toward fulfillment on the major requirements.

French

- The General Education requirement.
- Completion of 27 credits above the second year (200 level): six credits in literature, six credits in culture, six credits of electives in the major language, and six credits in composition, and conversation and three credits in advanced grammar.
- Oral Proficiency Interview (OPI) exit requirement during final semester before graduation.

German

As of the start of the Fall Semester 2000 the German major will be suspended. No student will be permitted to declare a major in German after the start of the Fall Semester 2000.

Spanish

- The General Education requirement.
- Completion of 28 credits above the second year (200 level); including at least one language course, one literature course, and one culture course, all at the 400 level.
- Oral Proficiency Interview (OPI) exit requirement during final semester before graduation

3600: Philosophy

Bachelor of Arts

- The General Education requirement and the second year of a foreign language.
- · A minimum of 30 departmental credits including:

3600:101	Introduction to Philosophy	3
3600:120	Introduction to Ethics	3
3600:170	Introduction to Logic	3
3600:211	History of Ancient Philosophy	3
3600:312	History of Medieval Philosophy	3
3600:313	History of Modern Philosophy	3
	(Of the additional twelve credits, six must be earned in	
	300/400-level courses.)	

• Electives — 42 credits.

3650: Physics

Bachelor of Science

This degree is intended for the student seeking the most detailed and quantitative preparation in physics available in an undergraduate curriculum.

• The General Education requirement and 14 credits of a second language.

 Physics required 	irements:†	Credits

The following courses are recommended for students wishing to enhance their program of study in areas of research in the Department:

· Chemical Physics

A suggested program of 20 credits to include the following:			
3150:263,4	Organic Chemistry Lecture I, II	6	
3150:313,4	Physical Chemistry Lecture I, II	6	
3150:423,4	Analytical Chemistry I, II	6	
3150:380, 381	Advanced Chemistry Lab I, II	4	

Polymer Physics

A suggested prod	gram of 24 credits to include the following:	
00 1 0	·	
3150:263,4	Organic Chemistry Lecture I, II	6
3150:313,4	Physical Chemistry Lecture I, II	6
9871:401/501	Introduction to Elastomers	4
9871:402/502	Introduction to Plastics	4
9871:411,12,13	Molecular Structure and Physical Properties of Polymers I, II, III	7

• Physics (Pre-Graduate School)

Suggested prog	ram of 31 credits to include the following:	
650:406	Optics	3
650:432	Mechanics II	3
650:437	Electromagnetism II	3
650:481,82	Methods of Mathematical Physics I, II	6
650:451,52	Advanced Laboratory I, II	6
	650:406 650:432 650:437 650:481,82	1650:432 Mechanics II 1650:437 Electromagnetism II 1650:481,82 Methods of Mathematical Physics I, II

The preceding requirements specify the minimum curriculum for the B.S. in physics. The student expecting to specialize in a particular professional area should consider utilizing part or all elective courses toward this goal. The areas of specialization listed above are intended to be illustrative only; considerable flexibility is possible, depending upon the needs and interests of the individual student.

[†] Additional physics courses are usually necessary to satisfy the admission requirements of graduate schools for advanced work in physics or certain other physical sciences.

[‡] Only one of the introductory sequences 291,2 or 261,2 is applicable toward the required 40 credits. Courses 3650:130, 133, 137 are not applicable toward the required 40 credits of physics.

3700: Political Science

Statement of Policies - Admission

For students enrolled at The University of Akron and for students wishing to transfer directly to Buchtel College of Arts and Sciences from other institutions, the following criteria must be satisfied for admission to the Department of Political Science:

- The student must be admissible to Buchtel College of Arts and Sciences.
- A minimum grade point average of 2.20 must be met in all university work, including transfer credits.
- A minimum grade point average of 2.20 must be met in all work in Political Science, including transfer credits.

Only credits earned at an accredited institution of postsecondary education, as recognized by The University of Akron, will be considered for transfer credit, and only those grades will be considered in the grade point average.

Retention

Students in the Political Science programs must maintain a minimum grade point average of 2.20 overall and a minimum of 2.20 grade point average in Political Science courses in order to remain in the program. A student who fails to maintain the 2.20 cumulative average will be placed on academic probation. Failure to raise the average after one semester or one 10 week summer session will result in dismissal from the program. The student may not apply for readmission for at least one semester.

Graduation

A Political Science major must earn a cumulative 2.20 grade point average in Political Science and overall to graduate with such a declared major.

Grades of D- or above obtained in any course at other institutions will apply toward a Political Science degree at The University of Akron.

Bachelor of Arts

- The General Education requirement and the second year of a foreign language.
- · Students must select one of the following three tracks:

American Trac	k	Credits
3700:100	Government and Politics in the United States	4
3700:201	Introduction to Political Research	3
3700:300	Comparative Politics	4
3700:303	Introduction to Political Thought	3
3700:310	International Politics and Institutions	3
And two 400-leve	el courses (may include 400-level course used to meet the American	politics
requirement)		

Choose one American politics course from among the following:

3700:341	American Congress	3

Inter-Disciplinary

Four courses from a list of approved 200-, 300- or 400-level 3-credit courses from the departments of Accounting, Communications, Finance, English, History, Philosophy, and Sociology; but two courses from same group cannot be selected (total: 12 credits).

Bachelor of Science in Political Science/ Criminal Justice

- Minimum of 131 credits required.
- Students pursuing the Political Science/Criminal Justice program must complete coursework in criminal justice technology from Summit College or another accredited institution. This may be done in one of three ways: Track 1 complete all requirements for an associate degree in criminal justice; Track 2 complete a minor in criminal justice outside the Department of Political Science; or Track 3 — complete 12 credits of approved criminal justice coursework outside the Department of Political Science with a minimum 3.0 GPA.
- Completion of General Education requirements. Students should note that 2020:121 English and 2820:105 Basic Chemistry only satisfy General Education requirements for students who are completing the associate degree in Criminal Justice Technology and are classified as Summit College students. Furthermore, 2030:151, 152 and 153 Technical Mathematics I-III are only options for associate degree track students and all three courses (6 credits) must be completed before the student transfers to the College of Arts and Sciences. Students at Summit College (pursuing the full Associates Degree) may also take Technical Mathematics I (2030:151) paired with Mathematics for Modern Technology (2030:161). If you are unsure which courses to take, feel free to contact the Political Science Department for guidance.
- Completion of 47 credits of 300/400-level courses excluding General Education courses (including Humanities and Area Studies and Cultural Diversity) or any workshop.
- At least six credits of coursework which will introduce the student to a foreign culture. Such courses shall be selected by the student with the approval of the advisor in the Department of Political Science. Selected courses may be chosen from any of the following departments: modern languages, history, political science, anthropology and geography.
- At least 30 departmental credits including:

Foundations in Political Science: Government and Politics in the United States 3700.100

3700.100	Government and routies in the officed States	-
3700:201	Introduction to Political Research	3

3700:474	Political Opinion, Behavior and Electoral Politics	3
3700:475	American Interest Groups	3
3700:476	American Political Parties	3

3750: Psychology

Bachelor of Arts

The General Education requirement and a minimum of 40 credits in psychology including:

• 12 credits of core requirements:

3750:100	Introduction to Psychology	3
3750:105	Professional and Career Issues in Psychology	1
3750:110	Quantitative Methods in Psychology	4
3750:220	Introduction to Experimental Psychology	4

• 16 credits from the following six courses:

3750:230	Developmental Psychology	4
3750:320	Biopsychology	4
3750:335	Dynamics of Personality	4
3750:340	Social Psychology	4
3750:345	Cognitive Processes	4
3750:410	Psychological Tests and Measurements	4

- 12 credits of psychology electives, of which no more than four may be fulfilled with 495 Field Experience or 497 Independent Reading and/or Research in Psychology.
- Completion of second year of a foreign language or a similar level of proficiency in American Sign Language.

3850: Sociology

(3850: Sociology; Sociology/Criminology and Law Enforcement)

Statement of policies - Admission

For students enrolled at the University of Akron and for students wishing to transfer directly to Buchtel College of Arts and Sciences from their institutions, the following criteria must be satisfied for admission to the Department of Sociology:

- The student must be admissible to Buchtel College of Arts and Sciences
- A minimum grade point average of 2.20 must be met in all university work, including transfer credits. Only credits earned at an accredited institution of postsecondary education, as recognized by The University of Akron, will be considered for transfer credit, and only those grades will be considered in the grade point average.

Graduation

A Sociology, Sociology/Criminology and Law Enforcement major must earn a cumulative 2.20 grade point average in Sociology and overall to graduate with such a declared major.

Bachelor of Arts

Sociology

- The General Education requirement and the second year of a foreign language.
- · A minimum of 30 credits in sociology including:

4
8
4
14

Electives

The student should consult with a departmental advisor about using electives to enhance the student's interest area, e.g., academic sociology, criminology and law enforcement, health, family, aging and life cycle, social inequalities and social research.

Sociology/Criminology & Law Enforcement

Students who enter the Sociology/Criminology & Law Enforcement program must complete coursework in Criminal Justice Technology. This may be done in one of three ways: (1) complete the program requirements for an A.S. in criminal justice; or (2) complete 18 credits of criminal justice coursework, of which three credits must be 2220:100; or (3) complete one of the two minors (General Criminal Justice or Corrections Area of Concentration) offered in Criminal Justice Technology.

• The General Education requirement and the second year of a foreign language.

A minimum	of 34 credits in sociology, including:	Credits
3850:100	Introduction to Sociology	4
3850:301,2	Methods of Social Research I, II	8
3850:460	Sociological Theory	4
3850:330	Criminology	3
3850:441	Sociology of Law	3
3850:433	Deviant Behavior	3
3850:495	Field Internship	3
AND (choose one)		
3850:431	Corrections	3
3850:430	Juvenile Delinquency	3
AND (choose one)		
3850:320	Social Inequalities	3
3850:421	Racial and Ethnic Relations	3

Bachelor of Arts in Interdisciplinary Anthropology

For information on the Interdisciplinary Anthropology program, please see 3200: Classical Studies, Anthropology and Archaeology.

Division Majors

Humanities

The humanities division consists of the departments of classical studies, anthropology and archaeology, English, modern languages and philosophy. The disciplines of history and the creative and dramatic arts (art, music, theatre arts) are included. The divisional major must include the following:

- The General Education requirement and the second year of a foreign language.
- A minimum of 54 credits, at least 24 of which must be in courses at the 300/400 level. The 54 credits must include 18 credits in each of any three of the following six fields: classics, English, history, modern languages, philosophy and the creative and dramatic arts.
- The first two years of any language in either classics or modern languages will
 not be included in the 18-credit requirement for those disciplines.

By field, the 18-credit requirement must include:

•	Classics:		
	3200:361 3200:362 3200:189	The Literature of Greece The Literature of Rome Classical Mythology	3 3 3
•	English:		
	300/400 level, inc	luding at least two courses at the 400 level (minimum)	9
•	History:		
		300/400 level (minimum)	10
•	Modern Langu	uages:	
		Composition and Conversation Literature Any combination of linguistics and culture-civilization	6 6 6
•	Philosophy:		
	3600:101 3600:120 3600:170	Introduction to Philosophy Introduction to Ethics Introduction to Logic	3 3 3
•	Creative and [Dramatic Arts:	
		Non-performance courses in art (7100), music (7500)	

Courses for the humanities division major must be selected with the approval of the division advisor. For further information, please contact the Office of the Dean, Buchtel College of Arts and Sciences.

and theatre arts (7800)

Natural Sciences

The divisional major provides for a broad background in science with concentration in selected areas. It is an appropriate major for those preparing for admission to professional programs in medicine, dentistry or veterinary science or for those desiring a Liberal Arts degree with a general emphasis in science. Additional coursework is often necessary for those planning graduate studies in a particular science discipline. The natural sciences division consists of the departments of biology, chemistry, geology and environmental science, theoretical and applied mathematics, computer science, statistics, and physics. The divisional major must include:

- The General Education requirement.
- 47 credits at the 300-400 level.
- A minimum of 64 credits in the natural science division and/or engineering, at least 27 of which must be in natural science divisional and/or engineering departments at the 300/400 level.
- At least 27 credits from one of the departments of the natural sciences division.
- At least 16 credits with at least two credits at the 300/400 level from another
 of the following disciplines: biology, chemistry, engineering, geology, mathematics or computer science or statistics, physics, polymer science.
- At least 16 credits from a third of these disciplines; or alternatively, at least eight credits in each of two other of these disciplines.
- · A foreign language is strongly recommended.
- 3450:149 Precalculus (or higher level 3450 course) regardless of major or minor areas.

The courses for the natural sciences division major must be selected only from courses approved toward the department major. For further information, please contact the Office of the Dean, Buchtel College of Arts and Sciences.

Social Sciences

The social sciences division consists of the departments of economics, geography and planning, history, political science, psychology, sociology, public administration and urban studies (graduate program only). The divisional major must include the following:

- The General Education requirement and the second year of a foreign language.
- A minimum of 54 credits, at least 24 of which must be in courses at the 300/400 level. The 54 credits must include a minimum of 15 credits in each of any three of the following six fields: economics, geography, history, political science, psychology and sociology-anthropology.

Ву	tield, the 15-ci	redit requirement must include:	Credi
•		100 Introduction to Economics** (must include 3250:200 Principles of and 3250:201 Principles of Macroeconomics)	15
•	Geography:		15
•	History:		15
	At least seven of	the 15 credits at the 300/400 level	
•	Political Science	ce:	15
	At least seven of	the 15 credits at the 300/400 level	
	3700:100	Government and Politics in the United States or	4
	3700:201	Introduction to Political Research	3

Each student shall take at least one course in two of the four areas (American government and politics, comparative politics, international politics and political theory) shown below:

American Government and Politics:

3700:210	State and Local Government and Politics	3
3700:341	The American Congress	3
3700:350	The American Presidency	3
3700:360	The Judicial Process	3
3700:370	Public Administration: Concepts and Practices	4
3700:380	Urban Politics and Policies	4
3700:381	State Politics	3
3700:402	Politics and the Media	3
3700:440	Survey Research Methods	3
3700:441	The Policy Process	3
3700:461	The Supreme Court and Constitutional Law	3
3700:462	The Supreme Court and Civil Liberties	3
3700:480	Policy Problems	3

Comparative	Politics:	Credits
3700:300	Comparative Politics	4
3700:321	Western Europe Politics	3
3700:326	Politics of Developing Nations	3
3700:420	Issues and Approaches in Comparative Politics	3
3700:425	Latin American Politics	3
Internationa	l Politics:	
3700:310	International Politics and Institutions	3
3700:328	American Foreign Policy Process	3
3700:415	Comparative Foreign Policy	3
Political The	ory:	
3700:302	American Political Ideas	3
3700:303	Introduction to Political Thought	3
3700:304	Modern Political Thought	3
 Psychology 	r.	15
 Sociology-A 	Anthropology:	15

Courses for the social sciences division major must be selected with the approval of the divisional advisor. For further information, please contact the Office of the Dean, Buchtel College of Arts and Sciences.

Social Sciences — PPE Track

The Social Sciences division PPE track consists of courses from the departments of Philosophy, Political Science, and Economics. The PPE divisional major must include the following:

- The General Education requirement and the 2nd year of a foreign language.
- A minimum of 54 credits, at least 24 of which must be in courses at the 300/400 level. The 54 credits must include a minimum of 15 credits in each of the 3 following fields: Philosophy, Political Science, and Economics.
- · By field, the 15 credit requirement must include:

Philosophy: 3600:120 Introduction to Ethics* 3 3600:170 3 Introduction to Logic* 3600:464 Philosophy of Science 3 3600:3xx/4xx 300/400 level courses in Philosophy 6 15 Political Science: 3700:201 Introduction to Political Research 3 3700:303 Introduction to Political Thought 3 3700:3xx/4xx 300/400 level courses in Political Science 9 15 **Economics:** 3250:244 Introduction to Economic Analysis** 3 Intermediate Macroeconomics 3 3250:400 3250:410 3 Intermediate Microeconomics 3250:3xx/4xx 300/400 level courses in Economics 6

 The remaining nine credits of electives (to complete the total minimum PPE requirement of 54 credits) can be taken in either Philosophy, Political Science, or Economics. These nine credits do not have to be taken all in one department. It is recommended, however, that they be taken at the 300/400 level.

15

Bachelor of Science/Doctor of Medicine Degree (B.S./M.D. Program)

Introduction

The University of Akron, Kent State University, Youngstown State University, and Northeastern Ohio Universities College of Medicine (NEOUCOM) offer, as a consortium, a six-year B.S./M.D. program. Each year The University of Akron admits a limited number of carefully selected students into its B.S./M.D. degree option. Only students with no college credit after graduation from high school are eligible. Students with college credit taken as high school students are eligible. The deadline for application to the program is October 1 for early admissions and December 15 for regular admissions.

Students selected for the program enter Phase I, the B.S. degree phase, where they may obtain the baccalaureate degree in two or three years on the Akron campus (summers included). Phase I students who successfully complete coursework requirements, maintain required grade point averages, achieve required scores on the Medical College Admission Test, and meet all other standards of readiness for medical education are then promoted directly to NEOUCOM for Phase II of the B.S./M.D. program. Phase II consists of a four-year medical school course of study, at the NEOUCOM campus and at selected clinical campuses, leading to the M.D. degree.

During Phase I, B.S./M.D. students usually pursue a natural sciences division major in the Buchtel College of Arts and Sciences, although other majors may be selected with the approval of the B.S./M.D. Program Coordinator. B.S./M.D. students are eligible for participation in the University Honors College. Curricula for both options are listed below.

B.S./M.D. students pursuing either the regular or honors track may also complete a certificate in Gerontology by fulfilling requirements from courses available from the Institute for Life-Span Development and Gerontology and the Office of Geriatric Medicine, NEOUCOM. Application is made through the Institute for Life-Span Development and Gerontology.

Requirements

Group I: 15 hours		urs	Credits
•	Required:		
	1880:310	Medicine and the Humanities	3
	3600:361	Biomedical Ethics	3

• Remaining 9 credits from among the following:

•	0	•
Classics (3200)		Greek (3210)
Latin (3510)		English (3300, above 112)
History (3400)		Philosophy (3600)

3300:112	English Composition II Honors	3
	or Other approved writing class	3-4

· Remaining credits from among the following:

Modern Languages (3520-3580 300 level or above)	Art (7100)
Music (7500)	Musical Organizations (7510)
Applied Music (7520)	Theatre Arts (7800)
Theatre Organizations (7810)	Dance (7900)
Dance Organizations (7910)	

Group III: 9 hours

Required:

3750:100 Introduction to Psychology 3

· Remaining six credits from among the following:

Anthropology (3230)	Economics (3250)
Geography (3350)	Political Science (3700)
Psychology (3750)	Sociology (3850)

Group IV: 68 hours (satisfies requirement for Natural Sciences Divisional major).*

•	Required:		Credits
	Mathematics		
	3450:221	Analytical Geometry Calculus I	4
	3460:125	Descriptive Computer Science	2
	3470:261,2	Introductory Statistics I, II	4
	Biology		
	3100:111,112	Principles of Biology I,II	8
	3100:211	General Genetics	3
	3100:363	Animal Physiology	4
	3100:467	Comparative Vertebrate Morphology	4
	3100:485	Cell Physiology	4
	(plus 4 addition	al biology 300/400 credits - may be transferred from NEOUCOM)	
	Chemistry		
	3150:151,153	Principles of Chemistry I, II	6
	3150:152	Principles of Chemistry I Laboratory	1
	3150:154	Qualitative Analysis	2
	3150:263,264	Organic Chemistry I, II	6
	3150:265	Organic Chemistry Lab	2
	3150:401,402	Biochemistry I, II	6
	Physics		
	3650:261,262	Physics for Life Sciences I, II	8

Free Electives: 14 hours

Free electives may be selected from any departments except physical education (5540), Summit College math or science classes, mathematical sciences (3450, 3460, 3470) and sciences (3100, 3150, 3370, 3650). Credits earned in excess of requirements for any Group HIII may be applied toward this free elective requirement. (May be taken on credit/noncredit basis.)

Specific B.S./M.D. Program Requirements: 11 hours

	2780:290	Special Topics	2		
	3100:180	BS/MD Orientation	1		
	3100:190,191	Health Care Delivery Systems	2

B.S./M.D. Honors Track

Students accepted into the NEOUCOM B.S/M.D. program are also eligible to enroll in the University Honors College.

The B.S./M.D. Program Coordinator will serve as the Honors Preceptor for the B.S./M.D. students. Other faculty will become involved as each student plans the honors project. Requirements for retention in the Honors College are determined by the Honors Council.

Honors Requirements:

Colloquia: †

onoquia.		
1870:250	Honors Colloquium Humanities	2
1870:360	Honors Colloquium Social Sciences	2
	Honore Project	3

A major research paper will be required. A University of Akron faculty member shall direct the paper. The work must be completed prior to the completion of the undergraduate degree. In any of the following options, each student is expected to file the formal paper with the department of choice and the Honors Council in compliance with the procedures established by the Honors Council. Two options are possible:

1) A student may register for three hours of regular honors project hours in any department currently offering such credit. The student would be expected to complete a major research paper which in some way relates medicine to the discipline of the department.

2) A student may complete a research laboratory project in biology during the first summer of medical school. A formal paper, directed by a University of Akron faculty member, will be submitted as partial completion of the honors requirements.

- B.S./M.D. Honor students will be encouraged to enroll in honors sections whenever possible but honors work in the divisional major will not be required.
- Students who withdraw from the B.S./M.D. program who are otherwise eligible to continue in the Honors College may remain in the Honors College under current requirements.
- Students who withdraw or are no longer eligible to remain in the Honors College may continue in the B.S./M.D. program provided they meet current B.S./M.D. requirements.

^{*} The College requirement of 47 upper level credits is waived for B.S./M.D. students promoted to Phase II in two years. Those who leave the program or take a third year must satisfy this requirement. See adviser for clarification.

[†] These seven credits will substitute for seven of the required free electives.

College of **Engineering**

G. Haritos, Ph.D., Dean Subramaniya Hariharan, Ph.D, Associate Dean of Research Paul C. Lam, Ph.D., Associate Dean, Undergraduate Studies and Diversity Programs

OBJECTIVES

The College of Engineering provides educational opportunities for students at both the undergraduate and graduate levels who wish to pursue careers in engineering. The faculty in the College of Engineering performs research with the purpose of contributing new knowledge to the fields encompassed by engineering principles. Professional service is in concert with the objectives of the University.

COLLEGE REQUIREMENTS

Admission

To be admitted to the College, the student must have a) completed 30 credits of coursework; b) completed the second course of Analytical Geometry-Calculus; and c) received "C-"or better in all required math courses that were attempted less than three times, or at least a "B" for any such course attempted a third time. The student must have no more than three grades for any one course and no more than six "repeats for change of grade." The student must have a 2.3 grade-point average in three of the following areas: overall, engineering, math,

Students accepted into the University Honors College as engineering majors are automatically admitted to the College of Engineering. Incoming freshmen with appropriate credentials may receive direct admission to the College upon application (See University Admissions in Section Three)

Transfer Students

Students transferring into the College of Engineering from universities other than The University of Akron must satisfy the same College of Engineering Admission requirements as those students from The University of Akron.

Continuation in the Baccalaureate Programs

Academic Probation

A student is on academic probation when half or more of the credit hours or courses for any semester results in grades of D+, D, D-, F, I, and/or W; the overall or engineering grade point average is less than 1.50; the overall or engineering grade point average for two consecutive semesters is less than 2.00; and the cumulative grade point average for all engineering courses is less than 2.00. Students should consult the Associate Dean, Undergraduate Studies for removal from Academic Probation.

Academic Suspension

A student who has been on Academic Probation for at least one semester, and who is not removed from probation by recommendation from the department head, shall be suspended from the College for a period of two consecutive semesters or a consecutive semester and a summer session only if the student's cumulative grade point average is greater than 2.00. If less than 2.00, the student shall be dismissed from the University unless accepted by another college within the University. Any student who attempts any course for a third time and obtains a grade below a C- shall be suspended from the College for two consecutive semesters or a consecutive semester and summer session.

Degrees

The College offers Bachelor of Science degrees in Biomedical Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering, Computer Engineering, Mechanical Engineering, Mechanical Polymer Engineering, and Engineering.

Requirements for Graduation

Compliance with University requirements, Section 3 of this Bulletin.

Completion of the requirements in the appropriate list of courses and a minimum of 136-140 credits of coursework

Recommendation of the student's department.

Achievement of 2.00 grade point average in all engineering coursework attempted with 4XXX course prefix.

Engineering Accreditation

Engineering is that profession in which knowledge of mathematics and natural sciences, gained by study, experience, and practice, is applied, with judgement, to develop ways to utilize economically the materials and force of nature for the benefit of mankind.

Admission to the engineering profession is normally through a university undergraduate program in one of the disciplines of engineering. Curricular criteria are established by academic and industrial representatives that sit on the Accrediting Board for Engineering and Technology (ABET). The curricular criteria under which Akron's Engineering programs are currently accredited are:

- One year of mathematics and basic science
- · One-half year of humanities and social sciences
- One year of engineering science
- One-half year of engineering design

In addition, the ABET 2000 Criteria requires that (1) each program shall make a formal assessment of each student's ABET Required Abilities and (2) that a process must exist by which the student assessments can be used to modify the educational delivery process. The ABET Required Student Abilities are:

- An ability to apply knowledge of mathematics, science, and engineering.
- An ability to design and conduct experiments, as well as to analyze and interpret data.
- An ability to design a system, component, or process to meet desired needs.
- An ability to identify, formulate, and solve engineering problems.
- An ability to communicate effectively.
- An ability to use the techniques, skills, and modern engineering tools necessary for engineering practice.
- An ability to function on multidisciplinary teams.
- An understanding of professional and ethical responsibility.
- The broad education necessary to understand the impact of engineering solutions in global and societal context.
- A recognition of the need for, and an ability to engage in life-long learning.
- · A knowledge of contemporary issues.

The Biomedical Engineering, Computer Engineering, Mechanical Polymer Engineering, Chemical Engineering, Civil Engineering, Electrical Engineering and Mechanical Engineering programs are ABET accredited programs.

Cooperative Education

The optional cooperative education program provides for a coordinated sequence of alternate periods of classroom instruction and employment during the five-year

The cooperative program simultaneously provides for the development of fundamental principles in the classroom and for their application in practice. The student has the opportunity to find the type of work and organization in which the student can best apply individual ability. The student gains an appreciation of the problems of labor and management by first-hand experience. The student develops mature judgement by coping with the everyday problems. The employer of a co-op student has the ability to train and select a student whose abilities and aptitudes can be adapted to the needs of technical staff requirements.

While a student is at work, all rules and regulations prescribed by the employer must be obeyed. In addition, the student is subject to all current labor laws and conditions. The student is considered a full-time student by the University while on industrial assignments.

The University does not guarantee employment, but makes every effort to place a student in the best learning situation that is consistent with the acquisition of sound professional experience

PROGRAMS OF INSTRUCTION

4200: Chemical Engineering

Chemical Engineering education develops the student's intellectual capacity and ability to apply the principles of transport phenomena, thermodynamics, and chemical reaction kinetics to the creative resolution of technological problems.

All engineers are trained in the application of mechanics, materials, economics, systems, and controls. Chemical and biomolecular engineers, however, apply chemical principles to design, evaluate, build, and operate systems capable of converting inexpensive raw materials into marketable products via chemical reactions, biological processes, and physical separations.

The chemical and biomolecular engineer finds career opportunities in the chemical process industries, usually involving polymer production, petroleum refining, environmental remediation, materials research and development, process design and development, and process operations and control. In addition, chemical engineers are increasingly in demand in such areas of current interest as process simulations, biotechnology, supercritical fluid processes, and solids processing. Critical thinking skills developed throughout the curriculum enable chemical engineers to succeed in other fields including medicine, patent law, and international business.

The Chemical Engineering program maintains a balance between theory and practice to prepare students for careers in a highly technical global society. The curriculum stresses the integration of mathematics, science, and chemical engineering fundamentals throughout the program. At each level of the program, from freshman through seniors, students have the opportunity to gain experience in a wide range of emerging technologies through laboratory courses and design or research electives. Exciting work is performed in biocompatible polymeric materials, biological cellular and enzymatic processes, nanocomposite materials, chemical vapor deposition, computational molecular science, microscale separations, advanced process control, green chemistry, and novel catalytic reactions. Students are also encouraged to gain important practical experience through the optional cooperative education program.

Mission: The goal of the Chemical Engineering Department is to prepare baccalaureate graduates with the necessary skills so that they can contribute to a highly technical global society through their professional careers. The philosophy of the Chemical Engineering faculty is to provide a strong theoretical foundation supported by practical applications of that knowledge, which is consistent with the mission of The University of Akron.

The specific educational objectives of the Chemical Engineering Program are to educate chemical engineers who can:

- A. Solve chemical engineering, materials engineering, or biotechnology problems through the application of engineering fundamentals and the use of engineering tools:
- B. Understand practical aspects of engineering, including the abilities to design and conduct experiments and to analyze and interpret data;
- C. Apply their theoretical and practical knowledge to the design of engineering systems, components and processes;
- D. Function as practicing engineers, including the ability to communicate well, work effectively on a team, learn independently, and act ethically in their professional duties; and
- E. Continue their professional development through continuing education, including graduate studies.

The chemical engineering program is accredited by ABET and meets the curriculum requirements specified by the American Institute of Chemical Engineers. Graduates must demonstrate:

- a thorough grounding in chemistry including organic and physical and a working knowledge of advanced chemistry such as inorganic, analytical, materials chemistry, polymer science or biochemistry.
- a working knowledge of material and energy balances, thermodynamics, heat, mass, and momentum transfer, chemical reaction engineering, separation processes, process dynamics and control, and process economics and design.

Graduates must be able to:

- Relate chemical structure to material properties.
- Apply first principles in order to analyze and solve chemical engineering problems including comprehensive, open-ended design problems.
- Develop experiments from proposed hypotheses and interpret data.
- Pose and develop practical solutions to chemical engineering problems which include the limitations of environmental, safety, and ethical constraints.
- Design and select optimal processes for chemical production.
- Select and use computational tools (spreadsheets, numerical methods, process simulators) to design, analyze, and solve chemical engineering problems.
- · Work effectively in teams.
- Write and speak effectively in a technical setting.
- Independently assimilate new concepts to facilitate life-long learning.

The Chemical Engineering program provides a unique opportunity to master teamwork and design project management skills. Teams of freshmen through senior Chemical Engineering undergraduates work on a realistic chemical engineering design project. Besides experience with a range of current chemical engineering topics, the projects allow students to develop teamwork, communication, presentation, project management and information technology skills. Many teams are mentored by practicing chemical engineers from industry.

The Chemical Engineering curriculum consists of:

• General Education — 29 credits.

Students are required to achieve a C- or better in course 4200:200 to continue taking 4200:300 level courses and above.

Students enrolled prior to Spring 2003 semester in Chemical Engineering should contact the department for the transition schedule.

Biotechnology Specialization Certificate

Chemical Engineering students may choose to specialize in biotechnology. The goal of this program is to allow engineering students with an interest in chemical and biotechnology to develop suitable preparation for careers or graduate study in biotechnology or in the medical fields without reducing their potential for careers in traditional chemical engineering. Students will have ample opportunity to work with researchers in biotechnology through their engineering and design electives.

•	Students who	o complete this specialization are exempt from:	Credits

4300: Civil Engineering

Civil Engineers plan, design, build, and operate the infrastructure of modern society. This includes highways, bridges, buildings, power plants, industrial facilities, tunnels, seaports, airports, offshore structures and almost anything else needed as the basis of modern life. Civil engineers are also vigorously engaged in environmental activities, particularly creating safe water supplies and transporting it to where it is needed, collecting and treating wastewaters, cleanup of environmental problems, and insuring the safe disposal of solid wastes.

To achieve the high level of professional competence needed, an extensive study of mathematics, mechanics (both solids and fluids), engineering materials, structural design and environmental reactions is required. The civil engineering sub-topics that utilize these fundamentals are environmental, geotechnical, hydraulic, structural, and transportation engineering. The civil engineering curriculum at The University of Akron insures a firm grounding in all these sub-topic areas, while allowing a specialization, if desired, in the environmental, geotechnical, transportation, and structural areas. Engineering design problems are incorporated into courses in each area. The senior capstone design course presents a problem involving one, or possibly all, of these areas in the design of complex systems.

Most civil engineering graduates work for design consultants, construction companies, or governmental agencies. Others work for industrial firms and utilities. Many civil engineers own their own businesses.

The curriculum is designed to emphasize the fundamentals which places the graduate in a strong position to pursue further education, formally or informally, and to begin a career in any of the above areas. To meet the curriculum requirements specified by the American Society of Civil Engineers (ASCE) for ABET accreditation, the civil engineering program will prepare students who have the following attributes:

- An ability to apply knowledge of mathematics, science and engineering.
- An ability to design and conduct experiments, analyze and interpret data.
- An ability to design a system, component or process to meet desired needs
- An ability to identify, formulate, and solve structural, environmental, hydraulic, geotechnical and transportation problems.
- An ability to communicate effectively with written, oral and visual means in both technical and non-technical settings.
- An ability to function on multi-disciplinary teams.
- An ability to design a civil engineering component or system with an understanding of professional and ethical responsibility
- Have the broad education necessary to understand the impact of civil engineering solutions in a global and societal context.
- A recognition of the need for and an ability to engage in life-long learning.
- An ability to use techniques, skills and modern engineering tools necessary for civil engineering practice
- General Education 29 credits

4400: Electrical Engineering

The branches of electrical engineering include: research, development, design, manufacture and operation of electrical and electronic projects, services, and systems for instrumentation, automation, communication, power generation and distribution and computation.

The growth of electronics has been accelerated by the space age and the emergence of the high speed digital computer. There is hardly a segment of the economy that has not been influenced by electronics. The computer has found its way into virtually all aspects of modern life. A student wishing to specialize in computer engineering will find appropriate electives available.

The wide use of electrical means of measurement, control and computation has resulted in the need for electrical engineers in all types of industries. Varied employment opportunities are available.

The Electrical Engineering Program is accredited by ABET and meets the curriculum requirements specified by the Institute for Electrical and Electronic Engineers. The program is designed to meet career needs of its graduates, and the requirements of industrial employers and advanced educational programs, such as law schools, medical schools and graduate programs in electrical engineering. The educational objectives of the program are that its graduates

- achieve competitively compensated entry level positions or entry into programs of advanced study in areas of their interest,
- prove themselves to be highly competent in engineering and related practice,
- continue to develop professionally through practical experience and a lifelong commitment to learning, and
- exhibit high standards of ethical conduct and social responsibility in engineering.
 Additionally, the program supports creativity and excellence in the practice of electrical engineering, and the advancement of knowledge.

The program is continuously updated and improved through a well defined assessment process, assuring that graduates are prepared to meet the above objectives by achieving:

- the ability to apply mathematics, science and engineering knowledge to the identification, formulation and solution of electrical engineering problems,
- specialized engineering knowledge in areas of interest related to career objectives,
- the ability to design systems, components or processes to meet client needs,
- the ability to design and conduct experiments and interpret technical data,
- the ability to work effectively in interdisciplinary teams and within engineering organizations,
- proficiency in technical communications oral, written and visual,
- the ability to use tools of modern engineering practice effectively, including standard instruments, computational and presentation software, engineering libraries and the Internet
- the ability and motivation to extend their competence into new areas, and
- an understanding of safety, environmental, intellectual property and societal impact issues in electrical engineering, and related professional ethics.
- General Education 29 credits.

4450: Computer Engineering

Computer engineering applies computer technology along with traditional engineering science to address systems in which computing is an essential function. Such systems include the smart device or instrument, the flexible manufacturing system and communication system that characterizes the information age. Computer engineering covers a demanding range of science and technology, combining software with hardware, and the discrete with the continuous.

The Computer Engineering Program is accredited by ABET and meets the curriculum requirements specified by the Institute for Electrical and Electronic Engineers. The program is designed to meet career needs of its graduates, and the requirements of industrial employers and advanced educational programs such as law schools, medical schools and graduate programs in computer engineering. The educational objectives of the program are that its graduates

- achieve competitively compensated entry level positions or entry into programs of advanced study in areas of their interest,
- prove themselves to be highly competent in engineering and related practice,
- continue to develop professionally through practical experience and a lifelong commitment to learning, and
- exhibit high standards of ethical conduct and social responsibility in engineering.

Additionally, the program supports creativity and excellence in the practice of computer engineering, and the advancement of knowledge.

The program is continuously updated and improved through a well defined assessment process, assuring that graduates are prepared to meet the above objectives by achieving:

4600: Mechanical Engineering

Mechanical engineers design and analyze physical systems and are employed in a variety of industries in different capacities. Mechanical engineers play important roles in many types of companies, including automotive, petroleum, energy generation and conversion, aerospace, tire, consulting, chemical, electronic, and manufacturing

The Mechanical Engineering curriculum at The University of Akron is designed to give the student knowledge of fundamental principles of the (1) thermal/fluids stem. (2) structures and motion stem, and (3) controls stem of mechanical engineering, as well as the application of these principles to pertinent problems. A significant measure of the mechanical engineering education is the degree to which it has prepared the graduate to pursue a productive engineering career that is characterized by continued professional growth.

To meet the curriculum requirements specified by The American Society of Mechanical Engineers (ASME) for ABET accreditation, the undergraduate program in Mechanical Engineering must satisfy the following program outcomes:

- · Apply knowledge of mathematics, science and engineering in a logical and discerning manner.
- Design and perform laboratory experiments for thermal, fluid and mechanical systems; know how to analyze and interpret results.
- Design thermal, fluid, mechanical and control systems to meet specifications within environmental, social, political, ethical, health and safety, manufacturability and sustainability constraints.
- · Participate effectively in teams involving several disciplines.
- Identify, formulate, and solve thermal, fluid and mechanical problems by applying first principles, including open-ended problems.
- Develop practical solutions for mechanical engineering problems under professional and ethical constraints.
- Communicate effectively with written, oral, and visual means in a technical setting.
- Understand the impact of engineering in a global, economic, environmental, and societal context.
- Be prepared for a lifetime of continuing education.
- · Know about contemporary issues in engineering.

Have an ability to use modern modeling and simulation techniques, and computing tools.

Requirements

- General Education 29 credits.

Flectives:

Electives must include three credits from Mechanical Engineering Design Electives, three credits from Technical Electives, and three credits from Mechanical Engineering Technical Electives.

Polymer Engineering Specialization Certificate

Mechanical Engineering students may earn a Polymer Engineering Specialization Certificate by taking one of the following courses:

9871:401	Introduction to Elastomers	3
9871:402	Introduction to Plastics	3
9871:407	Polymer Science	4
and the follow	ring two courses:	
4700:425	Introduction to Blending and Compounding of Polymers	3
4700:427	Mold Design	3

A mechanical engineering student may choose a Design of Energy Systems or Design of Mechanical Systems polymer-related project in lieu of one of the above 4700 polymer engineering courses with approvals from the chairs of the Department of Mechanical Engineering and the Department of Polymer Engineering.

Motion and Control Specialization Certificate

All manufacturing processes involve motion and control which may range from simple use of pneumatics cylinders in robotics to coordinated motion and sequence control in assembly lines. The technology in motion and control grows and changes at a pace that makes systems of more than five years old obsolete. The primary purpose of the Motion and Control Specialization certificate program is to provide the graduating engineers with a focused expertise in motion and control and to furnish the necessary tools in order to enable them to follow the changes in technology after graduation. In addition, the program will also serve the practicing engineers and life-long learners to come back to school to refresh their skills using the certificate program.

Persons interested in this program should contact the Department of Mechanical Engineering.

Admission:

To participate in the program, the student should be formally admitted to The University of Akron as a post-baccalaureate, undergraduate, graduate or nondegree graduate student.

Requirements:

Students should successfully complete all three courses listed below: 4600:442/542 Industrial Automatic Control 3 4600:444/544 Robot Design and Control Applications 3 4600:670 Integrated Flexible Manufacturing Systems* 3

Computer engineering majors must achieve C- or better in 4400:231 Circuits I to take 4400:332 Circuits II.

^{*} Undergraduate students must obtain permission to take this course

4700: Mechanical Polymer Engineering

The Department of Mechanical Engineering in cooperation with the Department of Polymer Engineering has developed the undergraduate program in Mechanical Polymer Engineering. This program integrates mechanical engineering science and design with polymer processing science and technology.

The Mechanical Polymer Engineering curriculum at The University of Akron is designed to give the student knowledge of fundamental principles as well as the application of these principles to polymer processing problems. A significant measure of the Mechanical Polymer Engineering education is the degree to which it has prepared the graduate to pursue a productive engineering career in the polymer industry that is characterized by continued professional growth.

To meet the curriculum requirements for ABET accreditation, the undergraduate program in Mechanical Polymer Engineering must satisfy the following program outcomes:

- Apply knowledge of mathematics, science and engineering in a logical and discerning manner.
- Design and perform laboratory experiments for thermal, fluid, materials and mechanical systems; know how to analyze and interpret results.
- Design thermal, fluid, mechanical, materials and control systems to meet specifications within environmental, social, political, ethical, health and safety, manufacturability and sustainability constraints.
- Participate effectively in teams involving several disciplines.
- Identify, formulate, and solve thermal, fluid, materials and mechanical problems by applying first principles, including open-ended problems.
- Develop practical solutions for mechanical-polymer engineering problems under professional and ethical constraints.
- Communicate effectively with written, oral, and visual means in a technical setting.
- Understand the impact of engineering in a global, economic, environmental, and societal context.
- Be prepared for a lifetime of continuing education.
- Know about contemporary issues in engineering.
- Have an ability to use modern modeling and simulation techniques, and computing tools.

4800: Biomedical Engineering

Biomedical Engineering is a highly interdisciplinary field of engineering which combines a fundamental understanding of engineering principles with an appreciation of the life sciences. Biomedical Engineers are prepared to solve problems in the health care industry and interact equally with other engineers and health care professionals. Students are prepared to embark on careers in research, design and development of medical devices, instrumentation, analysis tools, clinical evaluation methods, systems and processes, and other forms of medical technology.

The development of an in-depth understanding of the fundamentals of engineering is essential and therefore a degree in Biomedical Engineering focuses first on core engineering coursework, followed by advanced applications specific to the field of Biomedical Engineering. To maintain a core understanding of engineering, the program is divided into three tracks: Biomechanics, Instrumentation, and Signals and Imaging. The Biomechanics track is designed for those students who would pursue a Mechanical Engineering background with specialization in the areas of cardiovascular, orthopedic, rehabilitation engineering and system simulations. The Instrumentation, Signals and Imaging track is designed for those students who wish to pursue an Electrical Engineering background with specialization in biomedical instrumentation, signal and image processing, imaging devices and detectors and system simulations. The Biomaterials and tissue Engineering track is designed for those students who desire to focus on the cellular aspects of Biomechanics with specialization in the areas of material interactions with the human body, design and development of biomaterials, including tissue engineering and drug delivery systems.

Students in the Department of Biomedical Engineering receive individual advising in their areas of interest. Graduates of the program will be prepared to apply their knowledge of engineering and medicine to design, test and evaluate systems or system components to be used in the health care industry, to design and develop research projects, including the analysis and interpretation of data and the dissemination of results, and to participate in other biomedical engineering problem solving activities. Graduates will also be well prepared to enter graduate study in Biomedical Engineering or Medical School. Evaluation of the Bachelor's Degree Program in Biomedical Engineering is ensured through the use of exit-interviews and an alumni tracking and survey procedures.

The Department of Biomedical Engineering has established the following program outcomes for obtaining ABET accreditation. Graduates should be able to demonstrate:

- An ability to apply basic knowledge of anatomy and physiology, as well as knowledge of fundamental conservation laws and constitutive laws in mechanical and biomechanical systems (for the Biomechanics Track) or fundamental conservation laws and principles of circuit analysis and design, electromagnetics and signal and image analysis to biomedical engineering (for the Instrumentation, Signals and Imaging Track).
- An ability to design, devise and conduct experiments in biomechanical systems/bioinstrumentation and analyze the results.
- An ability to design medical devices, systems or techniques to meet specific goals.
- An ability to participate effectively as a member of a multi-disciplinary team.
- An ability to recognize, define, evaluate and solve biomedical engineering problems.
- An understanding of professional and ethical responsibility in biomedical engineering.
- An ability to communicate effectively with multi-disciplinary groups using written, oral and visual means.
- The ability to appreciate the impact of biomedical engineering on society.
- The ability to pursue/sustain active professional growth.
- A knowledge of contemporary issues in medicine and engineering, as well as an awareness of current developments in society and technology.
- An ability to use modern techniques, skills and tools for biomedical engineering practice.

Bachelor of Science in Engineering

This degree program was established to introduce flexibility into the College of Engineering. Within the 66 credits of the option portion of the program, a student can pursue a focused curriculum in areas such as business administration, industrial management, environmental engineering, biomedical engineering, and premedicine. The program of study may be very narrow as in the case of a student wishing to specialize in structural design, foundation and soil mechanics. For another student interested in patent law, the program may be broad, touching on chemical, mechanical, and electrical engineering subjects. The individual's program is designed to meet each student's announced goals.

Admission

3

Electives:

Admission to the program is restricted. A student requests admission by letter to the associate dean of the College of Engineering, outlining in some detail the particular objective and how the Bachelor of Science in Engineering program may enable the student to prepare for career goals. The mathematics, physics, and chemistry requirements are identical to those of the ABET accredited programs in Chemical Engineering, Civil Engineering, Electrical Engineering, and Mechanical Engineering.

General Curriculum Requirements

College of Education

Cynthia Capers, Ph.D., Interim Dean Evonn Welton, Ph.D., Assistant Dean for Student Affairs Sajit Zachariah, Ed.D., Assistant Dean

OBJECTIVES

Mission Statement: The College of Education is a community of professionals whose purpose is to provide leadership for community well-being through standard-setting programs that enhance teaching, learning and human development; research and inquiry; and outreach. We develop ourselves and others through continuous improvement and through a commitment to these core components of professional practice and scholarship: Knowledge, Technology, Diversity and Ethics

The aim of the College of Education is to meet the comprehensive charge of our mission through initial and advanced teacher education programs as well as programs in administration, counseling, technical education, higher education, sport studies, athletic training and several teacher education programs housed outside the College. Programs include a balanced offering of a foundation in general education, intensive study in the content area, and those professional courses and other learning experiences which attempt to combine theory and practice.

The education program and courses presented in the bulletin reflect the most current courses and program offerings. For further information about specific programs and requirements, contact the College of Education Office of Student Affairs Advisement Office at (330) 972-6970.

COLLEGE REQUIREMENTS

Selection, Admission, Retention, and Teacher Licensure*

The College of Education has selective admission, retention, and graduation requirements for the completion of a program at The University of Akron.

For all students applying to a College of Education teacher preparation program, the admission and degree requirements outlined in the current UA Undergraduate Bulletin will be used to determine admission (or readmission) and degree requirements to all programs.

For retention through graduation, all decisions are made by the department, following the College's or department's approved criteria. Prior to admission to a program, Ohio requires all colleges and universities preparing teachers and educational personnel to assess students in the areas of oral communication and academic achievement. Letters of recommendation may also be required. The University of Akron's College of Education admission procedures are designed to establish admission criteria, provide for assessments, allow for skills enhancement, reassessment and reapplication where appropriate, and support the recruitment of under-represented groups in education.

- General Education Requirements To be admitted to the College of Education, all students must be able to meet the following criteria: A student must have completed at least 30 semester hours of coursework. This coursework must include three semester hours in each of the required courses in mathematics, natural science, social science, and public/oral communications, seven (7) semester hours in English composition and one (1) semester hour of physical education. Appropriate General Education equivalencies for transfer students will be determined by the University College Dean's Office. The remaining 10 semester hours must consist of general education coursework that meets the requirements of the University and the admission requirements of the department's program studies area.
- Grade-Point Average For admission, a student must have an overall GPA of 2.50. Also, students must have a GPA of 2.50 in their department's specified pre-admission coursework (30-32 credits).
- Post-Baccalaureate Grade-Point Average Upon review of previous coursework and experience, post-baccalaureate students seeking admission to a COE teacher education program who have an overall GPA less than 2.50 but greater than 2.20 may elect to complete appropriate post-baccalaureate coursework as would be specified by a departmental advisor sufficient to raise the overall GPA to 2.50 for admission.
- Basic Computer Literacy Student must demonstrate basic computer literacy by demonstrating mastery of hands-on computer skills on a test in the Education Resource Center computer laboratory. The student with no previous computer background/skill is advised to take a basic computer literacy course.
- Academic Achievement Evidence of competency in mathematics as evidenced by the Praxis I Pre-Professional Skills Test (PPST), or computerized version (CBT), scoring at least 172 in mathematics. (Student with a 22 Composite ACT score or a 1050 Composite SAT score is exempt from this admission requirement.) Evidence of competency in reading comprehension and writing as evidenced by the Praxis I Pre-Professional Skills Test (PPST), or computerized version (CBT), scoring at least 173 in reading comprehension and at least 172 in writing. (Student with a 22 Composite ACT score or a 1050 Composite SAT score is exempt from this admission requirement.)
- Speech and Hearing Ohio law requires that all education students take a speech and hearing test through a licensed professional and/or approved clinic. Students with deficiencies must follow through on recommended treatment.
- Bureau of Criminal Investigation Clearance Student must provide evidence
 of a current BCI clearance for admission to any teacher education licensure program. A BCI clearance is valid for 12 months from date of issue. If the BCI clearance has expired when application for an Ohio teacher's license is submitted, a
 second BCI clearance will be required. An individual who has not been a continuous resident of Ohio for the five year period preceding the clearance request
 must present both a BCI and an FBI clearance report.
- College of Education Application All students must complete a College of Education application form.
- Admission Timeline Admission to a College of Education teacher preparation program is in effect for five years from the date of admission.

All criteria and procedures regarding selective admission and retention are available in the Office of Student Affairs Advisement Center, Zook Hall 228, The University of Akron, Akron, OH 44325, phone (330) 972-6970.

These requirements do not apply to non-teacher licensure degree programs. See specific program requirements for those areas.

Application for Admission to Professional Education Programs

All students are expected to complete an application for admission. Applications are available in the Office of Student Affairs, Zook 207.

- References Students are expected to ask two individuals, not related to them, but who know them well, to complete a reference form attesting to their interpersonal skills and motivation level related to success as a career professional
- Program Area of Study All students are expected to comply with requirements specified by the program to which they are applying. These are available in the department.
- Advisement All students will be assigned an advisor and will need to complete an individual advisement program plan. Students are encouraged to see their program advisor as frequently as necessary to assure they are maintaining positive progress in their program.
- Retention Retention of students in each program will be evaluation-based. Students will have opportunities to upgrade their skills and achievement in areas where such needs may exist. Completion of program requirements will be reviewed annually by the student and advisor. Areas of strength and weakness are to be evaluated, and, if a student presents an area of weakness, the advisor will refer the student for remediation. Approval to student teach is contingent on the student's progress through the program of study with satisfactory grades. Graduation is contingent on completion of coursework, student teaching, G.P.A. of 2.50 overall, 2.50 in education classes, and 2.50 in the student's major.
- Licensure After graduation, students may apply for licensure through the Office of Student Affairs. The State of Ohio requires all applicants for licensure to submit a current BCI (Bureau of Criminal Investigation) Clearance. A BCI clearance is valid for 12 months from the date of issue. Ohio also requires all applicants for licensure to pass appropriate examination(s) for intended area(s) of licensure. Information about specific licenses can be obtained from the Office of Student Affairs Licensure Coordinator.
- Coursework coursework more than 10 years old may not be applicable for certification/licensure. Check with your advisor regarding specific departmental
- Transfer Students Transfer students will be expected to meet the same admission standards as Akron students.
- Post-Baccalaureate Students Qualified post-baccalaureate students seeking licensure only will be admitted to the College of Education and to the appropriate department once they meet all requirements.

Bachelor's Degrees

A student prepares to teach any one of the following areas or fields: early childhood (age 3 through grade 3), middle childhood (grades 4 through 9) the conventional academic fields found in programs for adolescent to young adult students (grades 7 through 12), in special education as an intervention specialist for early childhood (P-3 mild/moderate/intensive), mild/moderate (K-12), or moderate/intensive (K-12), the vocational field of family consumer sciences (grades 4 and beyond), multi-age (grades PK through 12) and postsecondary technical education. A minimum of 128 credits with a grade-point average of 2.50 overall, 2.50 in education classes, and 2.50 in the student's major must be completed to qualify for the bachelor's degree.

The specific subjects required for degrees in certain fields are set forth in subsequent pages. In all cases, the requirements include courses in general education, professional education and content areas.

The Bachelor of Arts in Education degree is granted to those whose major is in one of the academic fields. The Bachelor of Science in Education is granted to those whose major is in the other special fields or in early childhood or middle childhood education.

The Bachelor of Science in Postsecondary Technical Education is awarded to those who complete the requirements of that program.

Teacher Education Program

Overview – The central theme of The University of Akron's Teacher Education Program is "Educator as Decision-Maker." This was chosen because the complexity of teaching is increasing and the professional knowledge base is growing. Decision-making is stressed in the standards-based programs that prepare teachers and other school personnel for professional practice. At the initial preparation level, programs are aligned with the Praxis Pathwise domains, Specialized Program Associations (SPA Standards), and the following standards developed by the Interstate New Teacher Assessment and Support Consortium (INTASC).

Interstate New Teacher Assessment and Support Consortium Principles (INTASC) — 1) The teacher understands the central concepts, tools of inquiry, and structures of the discipline(s) he or she teaches and can create learning experiences that make these aspects of subject matter meaningful. 2) The teacher understands how children learn and develop and can provide learning opportunities that support their intellectual, social and personal development. 3) The teacher understands how students differ in their approaches to learning and creates instructional strategies that are adapted to diverse learners. 4) The teacher understands and uses a variety of instructional strategies to encourage students' development of critical thinking, problem solving, and performance skills. 5) The teacher uses an understanding of individual and group motivation and behavior to create a learning environment that encourages positive social interaction, active engagement in learning, and self-motivation. 6) The teachers uses knowledge of effective verbal, nonverbal and media communication techniques to foster active inquiry, collaboration, and supportive interaction in the classroom. 7)The teacher plans instruction based upon knowledge of subject matter, students, the community and curriculum goals. 8) The teacher understands and uses formal and informal assessment strategies to evaluate and ensure the continuous intellectual, social and physical development of the learner. 9) The teacher is a reflective practitioner who continually evaluates the effects his/her choices and actions on others (students, parents, and other professionals in the learning community) and who actively seeks out opportunities to grow professionally. 10) The teacher fosters relationships with school colleagues, parents, and agencies in the larger community to support students' learning and well-being.

Students must complete appropriate professional education courses with grades of 'C' or better before being allowed to progress to the next phase of professional education courses.

Professional Preparation

Built on a foundation of general studies that begins prior to admission, the Teacher Education Program is organized into four phases that reflect how teachers can learn to make good decisions.

- Phase I. Learning About Learners, "How can I use information about myself and others to understand decisions about students and learners?'
- Phase II. Learning About Teaching, "How do I use principles of learning to make instructional decisions?"
- Phase III. Learning to Apply the Principles of Teaching, "How do I make instructional decisions for specific groups of students?"
- Phase IV. Learning to Teach, "How do I make the best decisions for stu-

During each phase of the program, students take a combination of core courses, field experiences, and courses in their program studies area that are tied to each phase. The core courses cover the knowledge base that is common for all teachers, regardless of their teaching field. The field experiences provide students with experience in schools from the very beginning of their program. Additionally during their field and clinical experiences, teacher education students learn to apply what they are learning in courses.

Program studies area courses are related to students' intended area of certification/licensure. In addition, students have an advisor to help plan what to study and to review what has been accomplished.

The culminating experience for teacher education students is student teaching. Under the supervision of a team of college faculty and a classroom teacher, each student teacher begins to put newly developed competencies into practice.

Clinical and Field-Based Experiences

All teacher education students are required to participate satisfactorily in clinical and field-based experiences prior to recommendation for licensure for teaching in Ohio. These clinical and field-based experiences are designed to provide teacher education students with the opportunity to apply theory and skills related to their areas of licensure in at least one-half of the clinical and field-based clock hours. The field-based experiences are planned in diverse settings. Clinical experiences are those planned activities in which teacher education students apply the principles of the field of teaching to individual cases or problems.

Portfolio

Students admitted to their College of Education teacher preparation program and beginning their professional education coursework Fall 2002 and thereafter, will complete a student portfolio. Specific portfolio assignments are often completed as part of a course, clinical experience, or field experience and must be judged acceptable by the instructor before credit is awarded for the experience connected to that particular portfolio entry. The portfolio must be submitted for acceptance before student teaching and again prior to program completion.

Student Teaching

Student teaching is an all-day, full-time experience in an approved public or private school for either 11 (adolescent to young adult licenses) or 16 (early and middle childhood and multi-age licenses) weeks. Intervention Specialist student teaching is for 16 weeks. Placements are made in appropriate sites at the discretion of the Extended Educational Experience Officer.

All students must have an approved application to be placed for student teaching. As part of the application process, the student must submit evidence of a passing score or scores on the appropriate Praxis II subject area test or tests, and evidence approval of his/her portfolio. Student teaching is a planned teaching experience in schools selected and supervised by the Office of Extended Educational Experiences in consultation with program faculty.

To qualify for student teaching, students must have a 2.50 average overall, 2.50 in education classes, and 2.50 in the student's major, and in methods courses(as defined by departments), core courses and in their teaching field(s). Satisfactory completion of field and clinical experience is also required before student teaching.

Note: Music majors, before assignment for student teaching, are required to pass the General Musicianship Examination described in the music section of the College of Fine and Applied Arts. To avoid possible delay in graduation, it is necessary for the student to take the examination six months prior to the anticipated assignment for student teaching.

Licensure

Every teacher in Ohio public schools is required to have a teaching license covering the fields in which teaching is being done. This license is issued by the Ohio State Department of Education upon recommendation of the Dean of the college. The student must provide evidence of a current BCI (Bureau of Criminal Investigation) Clearance, must pass appropriate examination requirements required in Ohio, complete the appropriate program requirements successfully, and be recommended for a teaching license. An individual who has not been a continuous resident of Ohio for the five year period preceding the clearance request must present both a BCI and an FBI clearance report. Application for the license may be obtained from the Office of Student Affairs, College of Education, Zook Hall 207; (330) 972-6970.

Students Enrolled in Other Colleges at The University of Akron

All students, regardless of the degree-granting college in which they are enrolled, must fulfill requirements for admission to a teacher education program within the College of Education and must comply with procedures on selective admission and retention, and recommendation for licensure. Teacher preparation programs in the fields of music, visual arts, drama/theatre, and family and consumer sciences are housed in the College of Fine & Applied Arts. (Please see requirements listed in the Fine & Applied Arts section of the Bulletin.)

Cooperative Education

The requirements for participation in the Co-op Program are as follows. The student must:

- Be admitted to the College of Education, which requires completion of at least a minimum of 30 credit hours with at least a 2.50 overall grade-point average.
- Sign an agreement card which states that participation in Cooperative Education will not meet College of Education or State of Ohio requirements for clinical/field experience or student teaching.
- Agree to abide by all rules and regulations of Cooperative Education.
- Apply for admission to Cooperative Education through the completion of a Cooperative Education workshop.

PROGRAMS OF INSTRUCTION

5200: Early Childhood Education

http://www.uakron.edu/colleges/educ/COE/programs.php

Early Childhood

Prior to admission, students must complete 35 credit hours of coursework with a 2.50 GPA. These requirements provide Early Childhood majors with the breadth of knowledge (science, written and oral communication, math and social studies) they will need to make decisions in the Early Childhood setting. Students admitted to Early Childhood Education must achieve a grade of "C" or higher in all professional education courses to be eligible to student teach and graduate from the College of Education. Other admission requirements are outlined on the program application form.

Courses and experiences prepare our students to work in preschools, childcare centers, or to teach in primary schools. Various techniques to establish positive learning environments are taught as students learn to plan, implement, and evaluate instructional programs, and to select, develop and implement methods and materials for the introduction of science, language arts, math and social sciences to children in an integrated curriculum which stresses critical thinking and problem solvina.

These Education majors work toward licensure in early childhood. Endorsements such as Teaching English to Speakers of Other Languages (TESOL) and Reading can be added to licenses.

For specific program and licensure requirements, students should contact a preadmission advisor in Zook Hall 207, (330) 972-6970.

Requirements for Admission to Early Childhood Education

Successful completion of courses required for admission to Early Childhood Education must be taken from the following course list. Students must have an overall GPA of 2.5 and a 2.5 GPA in the following courses, with not less than a "C" in any of the courses listed.

 Written and O 	ral Communication – at least 10 credits	Credits
3300:111 3300:112 7600:105	English Composition I English Composition II Introduction to Public Speaking or	4 3 3

Reading Endorsement

Students who are preparing to teach at the early childhood level or who already hold an early childhood teaching license may add a reading endorsement. For more information, contact Dr. Evangeline Newton (enewton@uakron.edu).

5250: Middle Level Education

http://www.uakron.edu/colleges/educ/COE/programs.php

Prior to admission students must complete 35 credit hours of coursework with a 2.50 GPA. These requirements provide Middle Childhood Education majors with the breadth of knowledge (science, written and oral communication, math and social studies) they will need to make decisions in the Middle Childhood setting. Students admitted to Middle Level Childhood Education must achieve a grade of "C" or higher in all professional education courses to be eligible to student teach and graduate from the College of Education. Other admission requirements are outlined on the program application form. Courses and experiences prepare students to work in elementary, middle and junior high schools. Various techniques to establish positive learning environments are taught as students learn, plan, implement and evaluate instructional programs, and select, develop and implement methods and materials for the introduction of science, language arts, math and social sciences to children in an integrated curriculum that stresses critical thinking and problem solving.

These Education majors work toward licensure in middle childhood. Endorsements such as Teaching English to Speakers of Other Languages (TESOL) and Reading can be added to licenses. All students in Middle Childhood Education are also required to have two areas of concentration from outside the College of Education. Students may choose from sciences, social sciences, mathematics, or reading and language arts. For specific program and required course listings in each area of concentration, students should contact a pre-admission advisor in Zook Hall 207, (330) 972-6970.

Requirements for Admission to Middle Childhood Education

Successful completion of courses required for admission to Middle Childhood Education must be taken from the following course list. Students must have an overall GPA of 2.5 and a 2.5 GPA in the following courses, with not less than a "C" in any of the courses listed.

Note: Prerequisites 7100:210 or 7500:201

 Written and Oral Communication – at least 10 credits 		
3300:111 3300:112 7600:105	English Composition I English Composition II Introduction to Public Speaking or	4 3 3

5300: Secondary (Adolescent to Young Adult) Education

http://www.uakron.edu/colleges/educ/COE/programs.php

Prior to admission, students must complete 30 credit hours of coursework with a 2.50 GPA as outlined below. These requirements provide Adolescent to Young Adult Education, P-12 and Specialty Program majors with the breadth of knowledge they will need to make decisions in the secondary school setting. Students admitted to Secondary Childhood Education must achieve a grade of "C" or higher in all professional education courses to be eligible to student teach and graduate from the College of Education. Other admission requirements are outlined on the program application form.

The program mandates an expert knowledge in a specific content area. This knowledge prepares and encourages teachers to be decision-makers by adapting and applying content knowledge to the needs and interests of a diverse student population. Upon graduation with a Bachelor of Arts or Science in Education, students are ready to teach in school settings appropriate to their licensure. For further licensure and graduation requirements, students should consult a departmental advisor.

The Department offers teacher licensure in the following areas: Language Arts (7-12), Math (7-12), Science (7-12), Social Studies (7-12), Foreign Language (P-12), Visual Arts (P-12), Dance (P-12), Drama/Theatre (P-12), Music (P-12) and Family and Consumer Science (4-12)

For specific program and licensure requirements, students should contact a preadmission advisor in Zook Hall 207, (330) 972-6970.

Requirements for Admission to Adolescent to Young Adult (AYA) or P-12 Specialty Programs

• Written and Oral Communication – at least 10 credits

All applicants must successfully complete the following coursework prior to admission into an AYA program.

Credits

3300:111	English Composition I		4
3300:112	English Composition II		3
7600:105	Introduction to Public Speaking		3
	or		
7600:106	Introduction to Effective Oral Co	mmunications	3
Social Science	e – a minimum of 3 credits		
 Mathematics 	- minimum of 3 credits		
3450:xxx	coursework offered by the Math	ematics Department that meets	
	General Education Math requirer	ments (3450:100 or 140 does not co	ount)
	or		
3470:xxx	coursework offered by the Statis	tics department that meets the Ger	neral

- Natural Science a minimum of 5 credits
- Physical Education/Wellness 5540:xxx Physical Education/Wellness • Teaching Field(s) – a minimum of 8 credits

Education level mathematics requirement

- Does not include coursework already used above. A 2.50 GPA 8 in all such coursework is required. This includes credits beyond the minimum of 8
- Professional courses (courses to be taken in an approved sequence):

5100:200	Introduction to Education	3
5100:220	Educational Psychology	3
5100:300	Educational Equity & Excellence	3
5300:100	Orientation to the AYA/P-12/Multi-Age Programs	0
5300:311	Instructional Techniques in Secondary Education@	5
5300:325	Content Reading in Secondary Schools (for AYA)	3
	or	
5500:455/555	Literacy for Multiage Licensure	3
5300:495	Student Teaching	8
5300:496	Student Teaching Colloquium	1
5500:230	Educational Technology	3
5500:360	Educational Planning	3
5500:370	Educational Implementation	3
5500:475	Instructional Technology Applications	3
5610:225	Introduction to Exceptionalities	3

Courses in teaching field(s) and electives as determined by the department.

Teaching Fields

Each student preparing for secondary school teaching must complete at least one teaching field. P-12 indicates that licensure in that field is for preschool through grade 12. Other fields lead to licensure for grades 7-12 or as noted. Minimum number of credits is shown for each field.

Minimum Number of Credits Required for Approval in Various **Teaching Fields**

Comprehensive Subjects by Field	Credits
Integrated Language Arts	45
Integrated Mathematics	42
Integrated Science (six options)+:	
Biology (Life Science) and Earth Science	79-80
Biology (Life Science) and Chemistry	88-89
Biology (Life Science) and Physics	82-83
Earth Science and Chemistry	83
Earth Science and Physics	71
Chemistry and Physics	83
Integrated Social Studies	62
AYA:Life Sciences	60
AYA:Earth Sciences	54
AYA:Physical Sciences - Physics	55
AYA:Physical Sciences - Chemistry	61
P-12 Drama Theatre	45
P-12 Foreign Language	45
P-12 Music	54-56
P-12 Visual Arts	58
Family and Consumer Science	
Endorsements in the following fields may be added to any of the above fields:	
Reading	18
TESOL (Teaching English to Speakers of Other Languages)	22

TESOL Endorsement (Teaching English to Speakers of Other Languages)

This program introduces students to the key issues in teaching English to nonnative speakers through coursework in linguistics, second language theory and methods, and in related disciplines.

Students seeking this validation must have studied a foreign language at sometime during their academic career.

Students who do not have English as a native language must demonstrate adequate proficiency in English with a valid TOEFL score of 580 or above and a score of 240 or above on the TSE (Test of Spoken English).

Required coursework:

3300:371	Introduction to Linguistics or	3
3300:489	Seminar in English: Introduction to Bilingual Linguistics	3
3300:473	Seminar in Teaching ESL: Theory and Method	3
3300:489	Seminar in English: Sociolinguistics or	3
5500:481	Multicultural Education in the United States	3
3300:489	Seminar in English: Grammatical Structures of Modern English	3
5500:487	Techniques for Teaching English as a Second Language in the Bilingual Classroom	4
5500:485	Teaching Reading and Language Arts to Second Language Learners	4
5300:395	Field Experience	2

[@] Variations will occur in P-12 licensure fields. See Program Plan sheets for specific courses.

^{*} Those receiving less than a "B" must take the PRAXIS I and pass for admission

Athletic Training

Program Director, Stacey Buser, M.S., A.T., C/LAT Clinical Instructor

The Athletic Training Program is a competitive program which prepares students for eligibility to sit for the Board of Certification examination and the Ohio State Licensure examination. Students are prepared via didactic coursework, rotations with clinical instructors via The University of Akron varsity sports, clinical experiences, practicum experiences and field experiences. These include rotations with collegiate athletes, high school athletes, physically active populations, general practitioners, and orthopedic surgeons.

Athletic Training Program Objectives

The Athletic Training education program at The University of Akron is a comprehensive major that will prepare students for a career in athletic training for sports medicine. It is the objective of the athletic training staff to provide experiences which will enrich didactic education of athletics training students. The students will be provided numerous clinical educational experiences with many allied health professionals for education and guidance in the profession of athletic training.

Admission and Exit Requirements

Entrance into the Athletic Training Program is by selective admission. Students are encouraged to apply at the end of the freshman year. Applications are accepted May 1 of each academic year to admission in the following fall semester.

Admission Requirements

1. Students must have taken the following courses in order to be eligible for admission into the Athletic Training Education program:

> 3100:200/201 Anatomy & Physiology I and Lab 3100:202/203 Anatomy & Physiology II and Lab Introduction to Athletic Training 5550:212 First Aid/CPR: Professional Rescuei Care and Prevention of Athletic Injuries 5500:241 Care and Prevention of Athletic Injuries Lab

- 2. Each student must submit a completed application, which will include an essay on why the student has selected athletic training as a career choice, and the role athletic training will play on his/her profession
- 3. Students must have two letters of recommendation which describe academic ability, character, and work ethic. One of these will be a professor/instructor at The University of Akron.
- 4. The student must maintain a cumulative grade point average of 2.5 (with a C or better in 3100:200, 201, 202, 203).
- 5. The athletic training selection committee will interview all students in May of each academic year.
- 6. Once a student is accepted into the athletic training education program, student must pass the technical standards. This requires a physical examination by a licensed physician to ensure that all standards have been met by the student.

In addition, students must maintain a 2.5 grade point average and earn a "C" or better in all core athletic training courses.

- Students will be required to follow all guidelines for acceptance into the College of Education, including a criminal background check.
- ** A copy of the technical standards, physical examination form, and all other athletic training materials can be obtained by contacting the Program Director in Memorial Hall 77D or by http://www.uakron.edu/sportmed.

Graduation Requirements

To graduate with the athletic training major, the student must:

Obtain full admittance into the College of Education.

- 1. Successfully complete all University requirements.
- 2. Successfully complete all required Athletic Training courses.
- 3. Pass all designated Athletic Training courses with a C or better.
- 4. Have a minimum over-all GPA of 2.5. A 2.5 is also required in the major field of study.
- 5. Have completed an Athletic Training portfolio.
- 6. Complete exit interview with Program Director and Approved Clinical Instructor
- 7. Complete exit evaluation form of the Athletic Training Program and return it to the Program Director. In addition, the athletic training student must complete an exit interview with the Program Director during the final semester in the program.

Clinical Experience

Under Commission on Accreditation of Athletic Training Education (CAATE) guidelines, all clinical experiences are built into the core athletic training courses. The courses are designated with a * under core athletic training courses. The clinical experience component contains rotations either with an approved clinical instructor (varsity sport rotation), practicum (high school, physician office) or field experience. Athletic Training students are under the direct supervision of an approved clinical instructor during the clinical education. All students will be provided numerous educational and clinical opportunities, which will include, but not limited to, experience with contact athletics, non-contact athletics, collision athletics, gender differences, team and individual events, in/off-season athletics, and physically active individuals. The 800 hour State of Ohio licensure requirement will be met during the clinical education component of the education program.

The field experience and practicum rotations will be completed at any of our three affiliate allied health settings and their satellites. These include Akron General Sports and Physical Therapy, Summa Health Systems, and The PT Center for Sports and Family Physical Therapy.

Candidates interested in physical therapy school should:

- 1. Investigate academic entrance requirements at schools in which they might be interested and then tailor their program here to meet their needs.
- 2. Know that most schools require some field/clinical hours prior to admission. Students in this program will be responsible to accumulate these hours on their own and under the guidance of certified therapists.

Exercise Science

Program Rachele M. Kappler, M.S.Ed., ACSM ES Certified, (330) 972-6524, kappler@uakron.edu

The Bachelor of Science in Education: Exercise Science is designed to prepare students for employment in commercial, corporate, clinical, community and government agencies with interest in the areas of physical activity and health promotion. The Exercise Science Track prepares individuals for work in clinical fitness centers, rehabilitation programs, or any other programs that require exercise prescription and evaluation. The exercise science program prepares students to sit for certification examinations such as the American College of Sports Medicine (ACSM) and the American Council on Exercise (ACE). Visit pre-admission advising in Zook Hall 228 or Memorial Hall Room 140 for more information.

Sport Studies Track

Program Coordinator: Dr. Alan Kornspan, (330) 972-8145; alan3@uakron.edu

The Sport Studies track comprised of coursework related to leadership, programming, management, marketing, psychosocial, historical, philological and legal aspects of sport. The student is prepared for job opportunities in athletic administration, high school/college coach, collegiate recreation/intramural director, sport information director, aquatics director, sport marketing director, sport programmer, parks and recreation director and a multitude of other available opportunities. The Sport Science track also prepares students for graduate studies in sport management, sport behavior and sport science.

• The following are required in the recommended sequence (see advisor):

3100:200, 201	Human Anatomy and Physiology I, Lab	4
3100:202, 203	Human Anatomy and Physiology II, Lab	4
3400:356	Sports in American History Since 1865	3

5550:460 Practicum in Physical Education (4-11) is required for all concentration areas.

5610: Special Education

This program is designed to meet the needs of children with exceptionalities, the College of Education offers three licensure options as follows: Intervention Specialist Early Childhood (P-3), Intervention Specialist Mild to Moderate (K-12), and Intervention Specialist Moderate to Intensive (K-12). These programs prepare education students to work effectively with pupils who experience physical, learning, and/or emotional special education needs. Graduates of these programs are trained to put theory into practice by providing instruction for students with special needs in a variety of educational settings. These settings include the general education classroom setting, individual and small group tutoring, and special classes. For specific program and licensure requirements, student should contact a Pre-Admission Advisor in Zook Hall 207, (330) 972-6970.

Prior to admission into Special Education, you must complete the required General Education courses listed. These General Education requirements provide Intervention Specialist Education majors with the breadth of knowledge they will need to make decisions while teaching children with exceptionalities. Other admission requirements are outlined on the program application form.

Intervention Specialist for Mild/Moderate **Educational Needs**

This program is designed to meet the standards for the State of Ohio teaching license for Intervention Specialist for Mild/Moderate Educational Needs. Students completing this program will be prepared to work as an Intervention Specialist with students who have mild/moderate educational needs. The program consists of 45 hours of General Education requirements, 18 hours of Teaching Education core requirements, 46 hours of Special Education core requirements and 19 hours of Intervention Specialist for Mild/Moderate Educational Needs program requirements. The total program requires 128 hours; there are no elective hours in the program.

Requirements for Admission to Special Education

The following is a list of General Education courses that must be taken by every applicant.

• General Education — 45 credits

Department of Educational Foundations and Leadership

Postsecondary Technical Education

Susan J. Olson, Ph.D. Program Coordinator solson@uakron.edu (330) 972-8223

Prior to admission, students must complete 30 credit hours of coursework with a 2.50 GPA overall. These requirements provide Technical Education Program majors with the breadth of knowledge they will need to make decisions in their teaching or training career. Other admission requirements are outlined on the program application form, available online.

Within the Department, the Postsecondary Technical Education program prepares students to teach in postsecondary institutions or in education training programs in private industry or public agencies. This program does not provide for State of Ohio licensure for p-12. Specific teaching content areas for a Bachelor of Science Degree in Technical Education include: business, health, engineering, natural sciences and public service technologies. Students interested in teaching a subject in a technical specialty or training technique should consult the program coordinator.

Requirements for Admission to Postsecondary Technical Education Program

All applicants must successfully complete the following coursework prior to admission into Postsecondary Technical Education.

• Written and Oral Communication – at least 10 credits

3300:111	English Composition I	4
3300:112	English Composition II	3
	(with grades "C" or better)	
7600:105	Introduction to Public Speaking	3

College of Business Administration

James R. Emore, D.B.A., Associate Dean Anne G. Jorgensen, M.M., Director, Undergraduate Programs

INTRODUCTION

The College of Business Administration (CBA) is a professional college of the University that is dedicated to teaching, business research, and public service. The college is accredited by the American Assembly of Collegiate Schools of Business (AACSB) and offers accredited baccalaureate and master's degree programs during the day and evenings.

Mission Statement

The College of Business Administration promotes economic efficiency and the free enterprise system by preparing competent and responsible business leaders through comprehensive educational programs, relevant research, and professional service.

In our free society, effective leaders are indispensable, and effective business leaders are indispensable to the free enterprise system. The CBA educates a vital component of the region's business leaders and has prepared competent and responsible business leaders working throughout the world.

Effective Instruction

The CBA emphasizes effective teaching as the primary means to produce future business leaders. The faculty are strongly committed to being involved with CBA students, and to being accessible to them. The CBA attempts to provide relatively small class sections throughout the curriculum.

Effective teaching includes challenging our students through a variety of teaching methods. The college relies heavily upon case method, seminar presentation, skills performance methods (oral and written), discussion method, and experiential learning in addition to traditional lectures. These methods are used to: 1) involve the students actively in their own education by requiring preparation and performance; 2) instill in students the ability to educate themselves as a lifelong habit; and 3) prepare students to more effectively and quickly bridge the gap to competent business leadership.

In addition, the CBA must provide students with an education in solid management skills (critical thinking, problem analysis and solving, oral and written communications, computing and specific functional competencies), people skills (compassion, self-confidence, tolerance), and ethical values (responsibility and the ability to withstand the daily pressures of management without succumbing to personal interest). Exposure to business practitioners—in and out of the class-room—assists in achieving these goals. The CBA must introduce students to a basic understanding of professionalism, public service responsibilities, and the role of business in society. This requires that students develop a respect for learning and a preference for solutions that advance the public good. Further, the CBA emphasizes creativity, open-mindedness, and diverse cultural perspectives.

Since the college's inception, the college curriculum has been designed with equal emphasis on broad basic theoretical principles as well as immediate applied practices. Classroom knowledge is consistently made more significant by visits to businesses, the college's excellent tradition of student organizations, guest speaker programs, and other efforts to bring students and business people closer together.

COLLEGE REQUIREMENTS

Requirements for Admission

The College of Business Administration will admit students who have completed at least 40 semester hours of credit, who meet the academic performance requirements established by the faculty of the College, and who file an application for transfer.

Academic Performance Requirements:

- Complete the following coursework or equivalent as part of the 40-hour requirement:
 - 3450:145 College Algebra
 - · a behavioral science course
 - 3250:200 Principles of Microeconomics or 3250:201 Principles of Macroeconomics
 - 6200:201 Accounting Principles I
- Earn at least a 2.50 overall grade-point average
- Earn at least a 2.00 grade-point average in business administration and economics courses.
- Earn at least a 2.00 grade-point average in any business major courses.

Transfer Students

Transfer students and students using intercollege transfer from degree-granting colleges must satisfy the following admission requirements:

- · Complete at least 40 semester hours of credit
- Earn at least a 2.50 overall grade-point average
- Earn at least a 2.00 grade-point average in business administration and economics courses.
- Earn at least a 2.00 grade-point average in any business major courses.
- All business transfer courses must be at a grade of "C" or higher.

Refer to the transfer students section under **Other Admissions** below.

Other Admissions

Students accepted into the University Honors College as business majors are automatically admitted to the College of Business Administration. Incoming freshman with appropriate credentials may receive **direct admission** to the College upon application (see University Admissions in **Section Three**) .

University of Akron students who meet all criteria for admission to the College of Business Administration, except the 2.5 grade-point average, are encouraged to apply for admission on an individual case basis. In these circumstances, an admission committee will consider a number of factors for the student's benefit, including: grades in the most recent coursework, grades received in pre-business courses, ACT/SAT scores, and the difficulty of a previous major. Through the consideration of these indicators, students with a good probability of success in the College of Business Administration may be admitted. Application forms and procedures may be obtained from the College Office of Undergraduate Advising, located in Room 260 of the Business Administration Building. Telephone information is available at (330) 972-7042.

Transfer students from other colleges and universities, including other degree-granting colleges within The University of Akron system, must meet the same grade-point average and credit-hour standards as University of Akron students. Transfer students who have not completed the coursework listed under the Academic Performance Requirements will be conditionally admitted until the end of the semester one calendar year from the date of entrance into the program. Unconditional admission will be dependent upon successful completion of all coursework required for admission into the College of Business Administration. In the event the student will be suspended from the College of Business Administration until all required coursework has been successfully completed.

Transfer of Courses and Advanced Standing

Some courses taken outside of the University College or the College of Business Administration may be accepted in lieu of college and departmental requirements. The College of Business Administration will consider the following in determining whether or not to grant credit: the content, complexity and grading standards of courses taken elsewhere and the suitability of courses taken elsewhere for the program of study chosen here.

Transfer students from accredited two-year and four-year colleges are welcome. Transfer students should refer to the Requirements for Admission under College Requirements on the previous page.

Continuation of the **Baccalaureate Program**

Academic Probation

A CBA student shall be subject to academic probation if any one of the following three conditions exists:

- The accumulated GPA for all courses is less than 2.0; or
- The accumulated GPA for all CBA and Economics courses is less than 2.0; or
- The accumulated GPA in the major is less than 2.0.

Degrees

The College of Business Administration, organized on a departmental basis, offers programs of study in accounting, business administration, e-marketing and advertising, finance, management, marketing, sales and international business. Seven baccalaureate degrees are offered: the Bachelor of Science in Accountancy, the Bachelor of Science in Business Administration, the Bachelor of Science in Management, the Bachelor of Science in Business Administration/Finance, the Bachelor of Science in Business Administration/Marketing, the Bachelor of Science in Business Administration/eMarketing/Advertising and the Bachelor of Science in Business Administration/International Business.

Requirements for Graduation

To receive a baccalaureate degree from the College of Business Administration, a student must meet the following requirements:

- Complete a minimum of 128 semester credits with a minimum 2.30 gradepoint average. No more than three credits of physical education courses may be applied toward CBA degree requirements.
- In order to enroll in all CBA 3xx and 4xx course, all students are required to have a minimum 2.00 overall grade-point average.
- After transfer into the College of Business Administration, students may take any courses for free elective credit, except those courses which would be duplicative or significantly overlap any pre-business or CBA course
- Obtain at least a 2.00 grade-point average for courses in the major as well as for courses in business administration and economics.
- At least 50 percent of the business credit hours required for a business degree must be earned at The University of Akron, including a minimum of 14 credits in the student's major program.
- Receive admission to the College of Business Administration and earn at least 15 credits within the college after admission is granted.
- Obtain the recommendation of the department faculty in the student's pri-
- Complete other University requirements listed in **Section 3** of this Bulletin.

• General Education requirement of 42 credits, including:

		Credit

Minor Areas of Study

For an explanation of minor areas of study in the College of Business Administration, see Section 5 of this Bulletin.

Certificate Programs

The College of Business Administration offers certificate programs in Entrepreneurship, Financial Planning, Health Care Selling, International Business, Professional Selling, and Retail Marketing, which are described in Section 6 of this Bulletin.

Cooperative Education Program

The requirements for the College of Business Administration's Cooperative Education Program are as follows:

- Acceptance into the CBA.
- Complete 3250:200, 201 and 6200:201.
- Maintenance of a grade point average of at least 2.3.

Students must apply for participation in the program through the Center for Career Management.

Internship Program

The requirements for the College of Business Administration's Internship Program are as follows:

- · Acceptance into the CBA, pursuing a major or minor in business.
- Completion of 3250:200 and 6200:201.
- Maintenance of a grade point average of at least 2.5 (an employer may require a higher GPA).
- Satisfaction of additional requirements specified by the department of the student's major or minor.

Students must apply for participation in the program through the Center for Career Management.

During the phase-in of these courses, students who have completed 3450:145 College Algebra (4 credits) may complete 3450:210 Calculus with Business Applications to satisfy their

^{**} Students contemplating and/or committed to going on to graduate school are recommended to complete 3450:215 Concepts of Calculus I.

Accountancy majors may take either 6400:321,2 or 6400:220. Accountancy majors planning to become Certified Public Accountants (CPAs) should take 6400:321, 2. Other majors take 6400:220

PROGRAMS OF INSTRUCTION

6100: General Business

This degree program is intended to offer flexibility to the student. Some students who intend to pursue careers in small business management, whether by creating or acquiring a business, or perhaps taking over a family business enterprise, may find the flexibility of this degree program best for them. Other students with more administrative experience may also prefer the larger course selection offered by this degree program.

The Bachelor of Science in Business Administration (BSBA) program does not include a major per se.

Instead, the students complete the CBA core curriculum and 27 credit hours from the following:

• Two courses (24 credits) from the 300- or 400-level of 6200, 6400. 6500 and 6600, which must include one of the following

			Credits
	6200:320	Accounting Information Systems	3
	6200:454	Information Systems Security	3
	6400:379	Advanced Corporate Finance	3
	6500:310	or Business Information Systems	3
	6600:490	or Marketing Strategy	3
•	And one	additional course from the following:	
	6100:201	Introduction to E-business	3
	6100:495	Internship in Business Administration	3
	6300:201	Introduction to Entrepreneurship	3
	6600:275	Professional Selling	3
	6800:405	Multinational Corporations	3
	6800:421	International Business Practices	3
	Total credit	s required	27

6200: Accountancy

The George W. Daverio School of Accountancy prepares students for careers in accounting, auditing, taxation, and information systems services. The functions of accountancy and information systems are essential to the decision-making process in commerce, industry, and government. There are exceptional opportunities for professional advancement regardless of career path and the type of institution a graduate may choose.

Graduates may pursue certification credentials such as Certified Public Accountant (CPA), Certified Management Accountant (CMA), Certified Internal Auditor (CIA) and Certified Information Systems Auditor (CISA). CISA is an information technology professional who specializes in the areas of audit, control and security.

After January 1, 2000, Ohio law requires 150 hours of college level education as a prerequisite for certification as a Certified Public Accountant in the state of Ohio. CPA certification is generally required for careers in public accounting. Careers in industry, government, non-profit institutions or information systems consulting services generally do not require students to pass the CPA exam.

To receive a Bachelor of Science in Accounting degree from the George W.Daverio School of Accountancy, a student must complete the College requirements and the requirements for the program described below:

Professional Accounting Program

For students pursuing professional careers in public accounting, management accounting, internal auditing, government or non-profit institutions as an accountant:

3300:275	Specialized Writing: Business	3
6200:301	Cost Management and Enterprise Resource Planning	3
6200:320	Accounting Information Systems	3
6200:321	Intermediate Accounting I	3
6200:322	Intermediate Accounting II	3
6200:430	Taxation I	3
6200:440	Auditing	3
6200:454	Information Systems Security	3
6200:460	Advanced Managerial Accounting	3
6200:xxx	Accounting electives	6
Total credits required		

Students who elect to work in public accounting as CPAs should plan to pursue our 150-credit hour Accelerated BS/MS (Accounting) degree. This degree can be completed in exactly 150 credits and offers students the opportunity to focus their studies in professional accountancy or accounting information systems. Students with an interest in pursuing the Accelerated BS/MS program should talk with the Chair of the School of Accountancy.

MINIMUM REQUIREMENTS FOR PARTICIPATION IN AN ACCOUNTING INTERNSHIP

In addition to the internship requirements established in the College of Business, students must satisfy all of the following minimum requirements to participate in an accounting internship:

- 1. a grade of B or better in 6200:201 (Accounting Principles I);
- 2. a grade of B or better in 6200:202 (Accounting Principles II);
- 3. a passing score on the School of Accountancy's Pre-Internship Achievement test (PAT); and
- 4. registration in or completion of (a) 6200:320 (Accounting Information Systems) and (b) 6200:321 (Intermediate Accounting I)

The PAT is a 40-item multiple choice test developed by the School of Accountancy. It covers primarily content from 6200:201 (Accounting Principles I). It is administered by the University's Computer Based Testing Center during the Center's regular office hours. Students are allowed up to three tries (each separated by at least one week) to obtain a passing score.

Students who do not satisfy the specific grade requirements in 6200:201 (Accounting Principles II) and 6200:202 (Accounting Principles II) may petition the Chair of the School of Accountancy for permission to participate in the Internship. Scores on the PAT and performance in 6200:320 (Accounting Information Systems) and 6200:321 (Intermediate Accounting I) will be considered in evaluating petitions.

6400: Finance

The primary mission of the Department of Finance is to provide a quality education to students that will prepare them for leadership positions within the finance profession in business. Students acquire financial knowledge and skills that can be applied in a variety of environments. The study of finance prepares students to understand the financial transactions in today's global economy. Careers in finance include corporate finance, investment management, financial markets and institutions, and personal financial services.

Careers in corporate finance include financial analyst positions in manufacturing, commercial, and service enterprises where initial assignments might include financial planning, capital expenditure analysis, cash management, credit management, lease evaluation, mergers and acquisitions, and special projects. Students with an interest in investment management are trained for careers as account executives, security analysts, or portfolio managers in bank trust departments, securities brokerage firms, investment research firms, and investment banks. Careers in financial markets and institutions are available in banking, mutual funds, insurance companies, and other financial institutions. Banking careers include commercial lending, retail banking, treasury operations, trading, and trust operations. The rapidly expanding financial services field includes careers in personal financial planning, real estate, and insurance.

The finance curriculum offers students the opportunity to study in one of two specific areas of specialization - Corporate Financial Management and Financial Services. Students in the Financial Services program may also achieve a Concentration in Real Estate or Personal Financial Planning.

To receive a Bachelor of Science in Business Administration/Finance degree, the student must successfully complete one or the other of these 33-credit-hour programs:

Corporate Financial Management Program

All finance majors must complete four required major (core) courses with an average grade of "C" over the four courses. In addition, students in the Corporate Financial Management Program must complete five additional courses, one required and four electives:

•	Finance Core:		Credits
	6400:200	Foundations in Personal Finance	3
	6400:338	Financial Markets and Institutions	3
	6400:343	Investments	3
	6400:379	Advanced Corporate Finance	3
•	Required:		
	6400:473	Financial Statement Analysis	3
	6400:485	Financial Strategy	3

Electives:

Select at least 18 credits. Students must complete six credits of 6200 courses (choosing either 6200:321 and 6200:322 or 6200:430 and 6200:431) and twelve 6400 credits from the following:

6100:495	Internship in Business Administration	3
6100:497	Honors Project in Business Administration	2-3
6200:321	Intermediate Accounting I	3
6200:322	Intermediate Accounting II	3
6200:430	Taxation I	3
6200:431	Taxation II	3
6400:323	International Business Law	3
6400:403	Real Estate Finance	3
6400:417	Retirement Planning	3
6400:436	Commercial Bank Management	3
6400:438	International Banking	3
6400:481	International Business Finance	3
6400:490	Selected Topics in Finance	1-3

Financial Services Program

All finance majors must complete three required major (core) courses with an average grade of "C." In addition, students in the Financial Services Program must complete at least 24 credits from those listed below:

	•		
•	Finance Core: 6400:200	Foundations in Personal Finance	Credits 3
	6400:338	Financial Markets and Institutions	3
	6400:343	Investments	3
	6400:379	Advanced Corporate Finance	3
•	Select at least	24 credits from the following:	
	6100:495	Internship in Business Administration	3
	6100:497	Honors Project in Business Administration	2-3
	6200:410	Taxation for Financial Planning	3
	6200:430	Taxation I	3
	6400:323	International Business Law	3
	6400:390	Real Estate Principles: A Value approach	3
	6400:402	Income Property Appraisal	3
	6400:403	Real Estate Finance	3
	6400:415	Risk Management and Insurance	3
	6400:417	Retirement Planning	3
	6400:424	Legal Concepts of Real Estate	3
	6400:432	Seminar in Financial Planning	3
	6400:436	Commercial Bank Management	3
	6400:447	Security and Portfolio Analysis	3
	6400:473	Financial Statement Analysis	3
	6400:490	Selected Topics in Finance	1-3

6500: Management*

The emphasis on education in management is the result of several factors. First, managers are becoming increasingly aware that a professional approach to management requires understanding of quantitative methods, the behavioral sciences and the use of computers. Second, the management task is becoming much more complex in terms of the number of activities, volume of work and the broader impact of managerial decisions. Third, the practice of management in any setting requires a measure of specific preparation and qualification.

Events of the past several years have brought about a rapid and sweeping change in the business and industry of our society. The major in management reflects the complex problems of firms involved in manufacturing and/or service in a highly competitive and interactive global economy. The curriculum is designed to provide the student with a solid foundation in management. It also allows the student to emphasize a specific area of study by pursuing one of the management options.

The graduate with a management degree finds many employment opportunities with firms in staff, supervisory and other management positions. The graduate possesses, in addition, the required basic understanding for effectively managing facilities, equipment, information and personnel in a variety of settings such as transportation, manufacturing, warehousing, research or institutional management. Also, the graduate has the fundamental preparation to undertake advanced study leading to a master's degree.

To receive the Bachelor of Science in Management with a major in management, a student must complete the common college Requirements for Graduation, and the requirements of one of the five options listed:

Human Resource Management Option

Management Core: Complete all 9 credits:		Credits
6500:302 6500:310	Organization Behavior and Leadership Skills	3
6500:471	Business Information Systems Management Project	3
Required: Comp	plete all 15 credits:	
6500:341	Human Resource Management	3

E-Marketing Practices

6600: Marketing*

Marketing is concerned with exchange - the process by which individuals or organizations provide or receive anything of value. The American Marketing Association defines marketing as "the process of planning and executing the conception, pricing, promotion, and distribution of ideas, goods, and services to create exchanges that satisfy individual and organizational objectives." While marketing was traditionally considered a business function actively practiced only by for-profit organizations, it is now generally accepted that a marketing perspective and the use of marketing techniques can improve the operation of any organization, including not-for-profit organizations, government agencies, and other groups and individuals who were not historically thought to be among the users of marketing concepts and practices.

Given the rather broad and encompassing view of marketing, it is not surprising that a significant proportion of the work force is employed in some aspect of the various marketing functions and activities. While job opportunities are diverse, some of the more common areas of employment include retail merchandising and management, product development and planning, physical distribution and channels, marketing communications and brand management, industrial purchasing, and marketing research. In addition, a significant proportion of marketing graduates launch and pursue very successful careers in professional selling and sales management within the business to business sector of the economy. Consequently, the Department of Marketing offers a specialized major in Sales Management in addition to its major in Marketing Management.

Our majors must meet all requirements of 1) the General Education program, 2) the Pre-Business program, 3) the College of Business Core program, 4) the required courses within each program, and 5) the elective courses within each program.

To receive a Bachelor of Science in Business Administration/Marketing degree, the student must select either the Marketing Management Major or the Sales Management Major and successfully complete one of the other of these programs.

eMarketing and Advertising Major**

eMarketing has become an essential channel of distribution for almost every type of business in every type of product line serving today's customers. The Internet business concept is essentially in the introductory stage of the business life cycle. Growth within this emerging approach to business will provide eMarketing and Advertising majors with a wide variety of career opportunities with a very diverse set of product and service industries. Graduates of this program have the opportunity to pursue career opportunities in both the creative and the technological sides of Internet Marketing. The program is designed to provide the student with a full set of fundamental skills and work place competencies essential for success and advancement in one of the most dynamic areas of business. Both theory and practice are stressed through a series of foundation, analytical, creative, and "how to do it" experiences. Students will not only know "what to do" but also "how to do it." Program learning experiences are greatly enhanced by the state-of-the-art classroom and laboratories in the new Taylor Institute for Direct Marketing.

Majors must meet all requirements of: [1] the General Education Program, [2] the Pre-Business Program, [3] the College of Business Administration Core Courses Program, and [4] the eMarketing and Advertising Course Requirements and

To receive a Bachelor of Science in Business Administration eMarketing and Advertising degree, the student must successfully complete the following 34-credithour program:

6800: International Business

The dynamic changes in the world's physical, political, economic, and cultural environments are resulting in threats to the well being of both individuals and organizations, as well as creating totally new market opportunities for business firms and enterprises. The challenge is to effectively compete in the global marketplace as it exists today and develops tomorrow. This academic program views international business in the broad context of all business transactions devised and carried out across national borders to satisfy the organizational and personal goals of firms and individuals. International business studies incorporate all of the functional business operations of accounting, finance, management, and marketing; as such, it is an integrative field of study within an international framework. Given the growth and complexity of international business activities and practices, career opportunities are available and rewarding.

The International Business major must complete 1) the General Education program requirements, 2) the Pre-Business program requirements, 3) the College of Business Administration Core requirements, 4) the required courses within the International Business major, and 5) the elective courses within the International Business major.

To receive a Bachelor of Science in Business Administration/International Business each student must successfully complete all of the course requirements outlined in each of the three required categories and one of the optional categories listed below.

Students should give careful consideration to the pursuit of a dual major. By adding a limited number of credit hours, students can receive a dual major in sales management and marketing management, sales management and e marketing/advertising, or sales management and international business. Dual majors are one of the best methods for expanding your career specializations and opportunities. Check with your CBA advisor to determine the specific requirements for the dual major of your choice

To complete this program as a second major, the student must take at least 12 credit hours of 6600 courses in addition to the requirements for any other major, minor, or certificate that has been earned.

College of Fine and Applied Arts

James M. Lynn, Ph.D., Interim Dean Julia A. Spiker, Ph.D., Associate Dean Academic Affairs

OVERVIEW

The College of Fine and Applied Arts comprises seven schools and E.J. Thomas Performing Arts Hall. Three are "fine/performing arts" schools: Art, Dance, Theatre, and Arts Administration; and Music. Four are "applied arts" schools: Communication; Family and Consumer Sciences; Social Work: and Speech-Language Pathology and Audiology.

These seven schools share one common mission — to provide education that improves the human condition. In addition to preparing students for graduate study and professional career opportunities, the College seeks to benefit the larger community by enriching the creative and cultural climate, thereby enhancing the quality of life for individuals.

COLLEGE REQUIREMENTS

Requirements for Admission

To be admitted to the College of Fine and Applied Arts, the student must have completed at least 30 credits of work with at least a 2.30 grade-point average or above and have the approval of the dean. A student transferring to the School of Art from another institution must submit a portfolio of work for approval before admission. A student transferring from another college or institution into the music program must submit to a placement examination and an audition. The longer and more professionally oriented programs should be started during the first or second year when the student is still under the guidance of the Office of Academic Advising. The shorter majors need not be declared before the student is ready for transfer to the college. At the time of admission to the college, the student is assigned an advisor by the Director of the School.

Requirements for **Baccalaureate Degrees**

- Compliance with University requirements, Section 3 of this Bulletin.
- · Completion of a major program of instruction (see below).
- Electives consisting of courses offered for credit in the University's four-year degree programs, provided that the prerequisites as set forth in this Bulletin are met, and further provided that not more than two credits of physical education activities, eight credits of applied music or four credits of music organizations are included. (Credit limitations on applied music and music organizations do not apply to the Bachelor of Music degree.) While credits from another institution or college may be accepted, application toward graduation will depend upon the nature of the student's program of study.
- The recommendation of the director of the student's major school.
- Demonstrated ability to use English. One other language may be required depending upon the degree program.

Degrees

The following baccalaureate degrees are granted in the College of Fine and

Bachelor of Arts in Studio Art, Art History, Art Education

Bachelor of Fine Arts (Ceramics, Graphic Design, Metalsmithing, Photography, Painting/Drawing, Printmaking, Sculpture)

Bachelor of Fine Arts in Dance

Bachelor of Arts in Interdisciplinary Studies

Graduation Requirements

A student must earn a major in a school of the college. A major consists of 24 to 62 credits in addition to the required General Education and, in the case of the Bachelor of Arts degree, foreign language courses. Part or all of these credits may be taken in specifically required courses depending upon the major. The exact requirements for each major will be found on the following pages in the section headed "Programs of Instruction."

Minor Areas of Study

For an explanation of minor areas of study in the College of Fine and Applied Arts, see Section 5 of this Bulletin.

PROGRAMS OF INSTRUCTION

Bachelor of Arts in Interdisciplinary Studies

This degree meets the needs of students who have an interdisciplinary academic goal. It expands opportunities for non-traditional students to complete their degrees at The University of Akron by allowing them to combine courses from various colleges to design a program. For more information on the program, see page 99.

7100: Art

Bachelor of Arts

• Two years of a foreign language as required by major.

in American Sign Language — 14 credits:

- Students must have an overall GPA of 2.5 in all 7100 art courses.
- Completion of studio or art history option as required by major.
- Electives 6-25 credits.
- 7100:100 Survey of History of Art I, 7100:101 Survey of History of Art II, 7100:210 Visual Arts Awareness (included in General Education), and elective art history course(s) as required by major.

Studio Art Option

- General Education (including 7100:210 Visual Arts Awareness) 42 credits Completion of the second year of a foreign language or the following courses

7400: Family and Consumer Sciences*

The mission of the School of Family and Consumer Sciences is to prepare professionals to take leadership positions as generalists and specialists in the areas of family and consumer science. These include dietetics, family and child development, child life, nutrition, clothing, textiles and interiors and vocational family and consumer science education. Graduates are employed in public and private sectors in retailing, health and human services, dietetics, nutrition education and counseling, commercial and residential interior design, child care in hospital and community settings, food product development, food service administration, and teaching in private and public schools.

- General Education Requirement 42 credits.**
- Family and Consumer Sciences Core:

Students must meet the College of Fine and Applied Arts requirements for admission.

All students enrolled in baccalaureate programs in the School of Family and Consumer Sciences are required to complete the following core of requirements:

		Creaits
7400:447	Senior Seminar: Critical Issues in Professional Development	1
7400:450	Families, Individuals and Environments	3
7400:362	Family Life Management	3

Bachelor of Arts in Family and Child Development

This degree offers the following emphases: family development, child development, and child-life specialist. Within the GED Social Science requirements, 3850:100 Introduction to Sociology and 3750:100 Introduction to Psychology are preferred by the department. Also, a student choosing the Child Development option must earn a "C" or better in both 7400:201 Courtship, Marriage Family Relations and 7400:265 Child Development to be accepted into the program. In addition to departmental requirements listed under 7400: Family and Consumer Sciences, a student must complete one of the following options:

Family Development (58 credits)

ranniny Deve	nopment (56 credits)	
3750:230	Developmental Psychology	4
7400:141	Food for the Family	3

Child Life Specialist

The Child-Life Specialist works in a medical setting with children and their families. The psychosocial stress of hospitalization and medical procedures are reduced through normalization of the environment, developmentally appropriate activities, preparation and support for medical procedures and therapeutic play.

To become a Certified Child Life Specialist, a student must complete the academic requirements, three field experiences as defined by the Child Life Council and pass the Certification Examination of the Child Life Council. Level 1 field experience includes working with normally developing children in a non-medical setting. Field level 2 and 3 experiences occur in a Child Life program at an approved pediatric facility under the supervision of Academic and Clinical Certified Child Life Specialists. Field level 2 practicum includes 128 hours in the clinical setting and weekly class meetings. Field level 3 internship ranges from 480 to 650 hours, to be completed in an intensive, full-time format.

The Organization for Children's Health Care is a University of Akron student group for the professional development of students preparing for a career working in the pediatric medical field. Working with community groups by providing activities with children are available.

Admission to the Child Life Program:

Twelve students per year are accepted into the program. Applications are accepted by February 1 each year. Students who wish to apply must have completed 36 credits with a minimum grade-point average of 3.0 and have completed the prerequisite courses. The application packet includes essays and three letters of reference. The application packet may be obtained at the School of Family and Consumer Sciences. Students must meet the College of Fine and Applied Arts Requirements for admission. Previous volunteer experience in a pediatric hospital is encouraged although not required before applying to the program. Upon successful completion of an interview, students will sign a Child Life Specialist Contract and must maintain a 3.0 in all courses. Students are encouraged to meet with the child life advisor for course requirements.

Detailed information on admission to the program of study may be obtained by writing to: Director of Child Life Program, Schrank Hall South, Room 215, Akron, OH, 44325-6103.

^{*} The second year of a foreign language is an optional requirement for the School of Family and Consumer Sciences. Please consult with an advisor in the the proper degree area for options available.

^{**} The University College's General Education requirement for the Bachelor of Science in Dietetics and the Bachelor of Arts in Food and Consumer Sciences is 45 credits. The additional three credits come from the use of 3150:129,30 General Chemistry (8 credits) to meet the natural sciences requirements, and from the use of 3850:100 Introduction to Sociology (4 credits) and 3250:100 Introduction to Economics (3 credits) to meet the social sciences requirements. The abovementioned courses meet the American Dietetic Association requirements.

In addition to the following:

Bachelor of Arts in Interior Design

Credits

The professional interior designer is qualified by education, experience, and examination to enhance the the function and quality of interior spaces for the purpose of improving the quality of life, increasing productivity, and protecting the health, safety, and welfare of the public. This four-year professional program prepares students for entry-level positions in residential or nonresidential interior design. The program includes understanding and application of the design process; space planning and programming; furniture selection and layout; application of design elements and decorative elements; selection and application of lighting and color; codes, regulations, and barrier-free environments; systems; development of drafting and communications skills; study of the basic and creative arts; the profession; environmental concerns; universal design; and computer applications in interior design. Both lecture and studio coursework are included in this program. Affiliation with the American Society of Interior Designers (ASID) is available through membership in the student chapter.

The Bachelor of Arts in Interior Design is CIDA (Council for Interior Design Accreditation) accredited at the professional level. CIDA promotes excellence in interior design education through research and the accreditation of academic programs that prepare interior designers to create interior environments for improving the quality of human experience. CIDA is a recognized member of the Commission on Recognition of Postsecondary Accreditation (CORPA), is recognized by the U.S. Department of Education (DOE) as a reliable authority on the quality of education in the field of interior design, and is a member of the Association of Specialized and Professional Accreditors (ASPA).

Key to the success of any educational program is its interaction with the professional community. The Interior Design Program has an active Advisory Board with representation from the profession, the industry, and the alumni. The professional members of the Advisory Board are:

Scott Lukens, Hassenstab Architects
Robert Lann, Business Interiors and Environments
Jackie Kubilas, Atlas Carpet Mills
Leilani Gainer, Brown and Steidl Architects
Sue Hutchinson, Shaw Contract Group
Annie McGinty, Masland Contract

Admission to the Interior Design Program:

Incoming freshmen will be designated as Pre-Interior Design Candidates and will remain in this category until the following requirements have been met:

Successful completion of the following courses:

7100:144 Foundation 2-D Design
7100:491 Architectural Presentations I
7400:158 Introduction to Interior Design

 Completion of application to and acceptance by the College of Fine Arts as an Interior Design Major.

Upon admission into the program, students will sign an Interior Design Contract and must maintain a grade-point average of 2.50 in all courses in the interior design core. The student must take all Interior Design courses in the prescribed sequence and must qualify for and sign a contract with the Interior Design Program before taking any Interior Design courses beginning in the third year of the Interior Design sequence.

Transfer students from non-CIDA accredited interior design programs will be placed as pre-interior design candidates. Transfer students from CIDA accredited programs will be admitted directly into the program if they have an overall gradepoint average of 2.50 and submit an approved portfolio.

Postbaccalaureate students seeking an additional degree must have an overall grade-point average of 2.50 in all previous college-level work and meet with the Director, Interior Design Studies, for an individual evaluation.

Because of the professional nature of Interior Design, it is expected that students will meet or exceed standards appropriate for the practice of Interior Design. As part of meeting these standards, all students must earn a grade of C- or better in all Interior Design *core courses and electives*. Grades below C- in these courses will not be accepted for graduation.

Detailed information on admission to this program of study may be obtained by writing directly to: Robert W. Brown, Director, Interior Design Studies, 215 U Schrank Hall South, The University of Akron, Akron, OH 44325.

Interior Design Majors are required to follow the program of study as published due to prerequisites and course content sequencing requirements. There is no foreign language requirement.

Interior Design Core Courses

It is required that the student take the following courses that satisfy both General Education requirements and Interior Design Requirements and main-

tain a 2.50	GPA:	Crec

Bachelor of Science in Dietetics

To become a registered dietitian (RD), a student must complete the academic requirements, complete a minimum of 900 hours of supervised experience in dietetic practice, obtain appropriate verification, and pass the dietetic registration examination. Only accredited programs like those at The University of Akron are recognized by the American Dietetic Association (ADA).

The University of Akron has three routes to prepare a student for a career in dietetics – the Didactic Program, the Coordinated Program, and a Step-Up Option for students with a two-year degree in Restaurant Management from Summit College. The Didactic Program includes all required coursework necessary to apply for a minimum of 900 hours of supervised experience in dietetic practice through a dietetic internship (DI). The Coordinated Program allows students to complete 900 hours of supervised experience along with regular coursework during their junior and senior years. The Step-Up Option with C & T allows a student to move into the Didactic Program or apply for the Coordinated Program. Regardless of the option chosen, students must have successfully completed their coursework and clinical experience before they are eligible to take the registration examination.

Up to 12 students per year are admitted to the Coordinated Program. Applications are accepted no later than February 1 of each year. Students who wish to apply to the Coordinated Program must have completed, or be currently taking, the pre-requisite courses indicated below by an asterisk(*). Some remaining prerequisites may be completed during the summer following application if these courses are offered during a summer session. In addition to completing the required prerequisites, students must have a minimum GPA of 2.50 with a science GPA of 3.0 and have been accepted to the College of Fine and Applied Arts prior to submission of the application. Students must submit three letters of recommendation and successfully complete an interview. Previous work experience or volunteer activity, preferably in the area of food service or nutrition, although not required, is encouraged before applying for the Coordinated Program.

Students selected for the Coordinated Program will continue their classwork and begin their supervised experience the following fall semester. Students not accepted will continue in the Didactic Program or the Step-Up Option with C & T.

Program for Nutrition Intervention

Evelyn Taylor, M.S., R.D., L.D., Director

The Program for Nutrition Intervention (PNI), established in 1989, is the service learning, outreach and research arm of the Division of Nutrition/Dietetics, School of Family and Consumer Sciences. Both the University and community benefit from partnerships between faculty, students and community stakeholders. Our mission is to enhance academic excellence, address the food and nutrition needs of the community, and advance nutrition research. The Nutrition Services Center of PNI provides nutrition services to University faculty, staff and students. Services include: sports nutrition, nutrition assessment and counseling, medical nutrition therapy, computerized nutrition analysis, and individual and group nutrition education. (See Miscellaneous Fees.)

Many projects of the PNI are funded at the local, state and federal levels. They provide: (1) valuable service learning and practice opportunities for nutrition/dietetics students, (2) food and nutrition services to our community, and (3) opportunities for applied nutrition research. For information, call (330) 972-5548.

In order to earn a DPD Verification Statement, students graduating from any of the three options leading to a B.S. in Dietetics must obtain a grade of "C" or better in this course.

In order to earn a DPD Verification Statement, students graduating from any of the three options leading to a B.S. in Dietetics must obtain a grade of "C" or better in this course.

Bachelor of Arts in Family and Consumer Sciences Education with Licensure in Family and Consumer Sciences Education

Family and Consumer Sciences programs are found in middle schools, high schools, career centers and in adult education programs and may be called called "Home Economics," "Life Skills," or "Work and Family." After successfully completing the following requirements, a student will be qualified to obtain an initial Ohio Two-Year Provisional License in Vocational Family and Consumer Sciences Education grades 4-12.

- Meet requirements to be admitted to the College of Fine and Applied Arts, School of Family and Consumer Sciences and the College of Education Teacher and Teacher Education Program.
- Complete required FCS content and teacher education courses with a minimum of a "C" grade.
- Pass Praxis II PLT 7-12 and FCS content tests.
- · Successfully complete an 11-week student teaching field experience.

7500: Music

Students wishing to major in music must complete the standard undergraduate application for admission and return it to the Office of Admissions. A student cannot be formally admitted to the School of Music until admitted to the University. To be accepted as a music major, both freshmen and transfer students must successfully complete an audition on their major applied instrument, complete The Undergraduate Placement Examination in Music Theory, and be evaluated in keyboard skills

Prospective students should contact the School of Music for information on specialized programs, as well as dates and times for The Undergraduate Placement Examination in Music Theory. A student entering The University of Akron Fall 1992 or thereafter who is majoring in music is required to earn a grade of "C-" or better in all music courses required in the degree program. A student receiving a grade below "C-" in a required music course must repeat the course.

Changing Major Instruments

A student may later change his declared major instrument after being admitted to the School of Music, but must then audition and satisfy all requirements for the new area as an entering student.

Applied Music Requirements

 Studio Study (Private Lessons) - Skill in at least one major area of performance must be progressively developed to the highest level appropriate to the student's major. All students majoring in music are required to enroll in applied music on their declared major instrument every semester.

A performance major in the Bachelor of Music program must enroll for four credits in applied music each semester which equates to one-hour lesson or two half-hour lessons each week. All other students enroll for two credits in applied music on their declared major instrument each semester which equates to a half-hour lesson each week.

Because of the tutorial nature of applied music study, there is an additional fee for applied music registration beyond the normal credit-hour tuition and general service fee.

The offering of applied music instruction is dependent upon the availability of instructors. Although students may request study with a given instructor, the audition does not guarantee study with a particular member of the faculty. The priority for assignment is as follows: 1) collegiate music majors; 2) music minors; 3) non-music majors who are members of University performing ensembles; 4) pre-college students in the high school/college program of the School of Music; and, 5) all others.

Students will not be eligible for applied music study 1) if they fail to pass the entrance audition; 2) if a particular instructor's studio is full; 3) if the quality of work demonstrated is judged unacceptable by the applied instructor; or 4) if faculty in the student's applied area conclude on the basis of a jury that a continuation of applied study is not merited. Students in the studio are expected to exhibit a mature attitude and productive behavior.

Levels of Applied Music Study

 The study of applied music is divided into seven course levels. These conform to levels of proficiency and the requirements of the various degree programs.

Entrance to applied music is by audition. Advancement in level is by jury examination only.

7520:000

3

3

3

Level for elective credit in non-music programs, pre-college adults, preparatory program enrollment, and for correcting deficiencies before permission is granted to enroll at the 100 level. Credits in applied music at this level cannot be counted toward any degree requirements in music.

Music majors may apply a maximum of eight credits from any of the following levels to their degree program. A maximum of 32 credits may be counted toward degree requirements.

7520:100 Freshman level 7520:200 Sophomore level 7520:300 Junior level 7520:400 Senior level

Minimum Performance Levels Required by **Degree Program**

- Bachelor of Music in Performance Major Thirty-two credits and completion of the 400 level in the primary performance area. A junior recital is required at the 300 level. A full senior recital is also required.
- Bachelor of Music in Composition Major Eight credits in a performance area and completion of the 200 level in piano. A full senior composition recital is required.
- **Bachelor of Music in Music Education** Sixteen credits and completion of the 200 level in the primary performance area. A half recital is required.
- Bachelor of Music in Jazz Studies Sixteen credits and completion of the 200 level in the primary performance area; additional completion of the 100 level in flute and clarinet for saxophone majors and the 200 level in classical guitar for electric guitar majors. A full senior recital is required
- **Bachelor of Music in History and Literature** 16 credits in the primary performance area and completion of the 200 level in that area. A half recital is required.

Jury System in Applied Music

A jury examination is the only way in which a student may advance from one course level to another. Each music major may take a jury examination on the declared major instrument in the primary performance area once each year, after two semesters of study, and/or after the minimum number of credits is attained. However, a faculty member of an applied area may require a student to take a jury examination at the end of any semester.

Each applied area is empowered to terminate applied study, to advise a student that further study will not apply to a degree program unless the next jury examination demonstrates capacity to continue. A jury examination may be used by a student studying applied music at the 000 level as an audition to the 100 level.

Applied Repertory of Study

Each applied music section (brass, composition, guitar, keyboard, percussion, piano, strings, voice, and woodwinds) has a published repertory of study requirements for each of the course levels. These requirements are available from the Applied Area Coordinator, individual applied instructors, and the School of Music office.

Studio Classes

Each music major is required to attend the weekly 50-minute class taught by his applied instructor. Attendance at studio class is part of the requirement for applied music study, and reflects in the student's grade in applied music. Every student is required to perform in studio class at least once each semester.

Sectional Recitals

Each applied section holds a sectional recital each week. Attendance by students studying in the section is required. Students who have performed in studio class may sign up to perform on sectional recitals.

Applied Study for Non-music Majors

Non-music majors may enroll for applied music with the permission of the individual applied instructor or the area coordinator, whichever is appropriate to the area of study. Acceptance for studio study is based upon an audition, usually given the first week of classes. Only students who meet applied studio standards will be accepted for applied instruction.

Recital Attendance Requirements

Bachelor of Music majors are required to enroll and receive credit for eight semesters of 7500:157(Student Recital). Bachelor of Arts music majors are required to enroll and receive credit for four semesters. Student Recital (7500:157) carries no academic credit and has no fee. Further information on the attendance requirement is available in the School of Music office.

Ensemble Requirement

Enrollment in all ensembles requires permission of the instructor.

Major Conducted Ensemble Requirement — Students who are music majors must enroll for eight (8) semesters in a major conducted performance ensemble on their declared major instrument. Guitar and keyboard majors should refer to the Memo of Agreement for specific ensemble requirements. Auditions for membership are held each year and occasionally each semester. Students must enroll in the major conducted ensemble appropriate to their declared major each semester, on an academic year basis.

Students pursuing a major in History and Literature, Performance, Theory, Composition, and Music Education must complete a minimum of eight semesters. However, keyboard majors in Music Education may substitute one year of a major choral ensemble in place of a Keyboard Ensemble. Four semesters are required for Jazz Studies majors, music minors, and those pursuing the Bachelor of Arts degree in music. Students who do not complete degree requirements within eight semesters must continue to enroll in a major conducted ensemble each semester until graduation requirements are met, except semester when student teaching.

Major conducted Ensembles include: Concert Choir, Guitar Ensemble, Keyboard Ensemble, Concert Band, Symphonic Band, University Band, University Symphony Orchestra, and University Singers.

Non-major Conducted Ensemble Requirement — Non-major conducted ensembles may be taken in addition to, but not instead of, major conducted ensembles. Jazz Studies majors are required to complete eight credits in jazz ensembles in addition to four semesters of major conducted ensembles.

Non-major conducted Ensembles include: the Akron Symphony Chorus, Brass Choir, Chamber Orchestra, Instrumental Ensembles, Jazz Ensemble, Jazz Lab Band, Madrigal Singers, Marching Band, New Music Ensemble, Steel Drum Band, and Blue and Gold Brass (Basketball Band).

Unconducted Ensembles — Unconducted ensembles may be taken in addition to, but not instead of, major conducted ensembles.

Unconducted ensembles include: Brass Ensembles, Jazz Combos, Mixed Ensembles, Percussion Ensembles, String Ensembles, Vocal Ensembles, and Woodwind Ensembles

Ensemble credit is repeatable

Minimum Proficiency Requirements in Keyboard and Voice

• All music majors must meet minimum proficiencies in keyboard and voice.

Keyboard proficiency is met by successfully completing keyboard Harmony I and II and passing a final keyboard examination.

Music Education

The music education curriculum strives to bring each of its students to an intellectual understanding of the pedagogical, historical, and theoretical aspects of musical performance while demanding the highest levels of technical and artistic development in the teaching and performing of music.

In view of the heavy educational requirements, students may be required to attend eight semesters plus one or two summer terms in order to complete the degree within a four-year period.

- General Education requirement 42 credits.
- Core curriculum in music 30 credits
- Professional Education (Including Equity & Excellence in Music Education, 7500:315, Student Teaching, 5300:495 and Student Teaching Colloquium, 7500:492) — 24 credits.

7500:157	Student Recital (eight semesters)	0
7500:457	Senior Recital	
	(one-half recital during 12 months prior to graduation but not during	0

Bachelor of Arts (Step-Up Program) with Summit College College

The School of Communication will accept any Summit College degree in a Step-Up program with any Communication major for a BAT degree. Students would be required to complete any remaining General Education course requirements, based on a General Education Evaluation from University College. The student's Associate Degree would fulfill his/her Tag coursework requirement. Students would need to complete all other communication requirements for their major listed in the Undergraduate Bulletin.

7700: Speech-Language Pathology and Audiology

Bachelor of Arts (Clinical or Non-Clinical Option)* **Bachelor of Arts in Speech-Language Pathology** (Clinical or Non-Clinical Option)*

Program Description

The School of Speech-Language Pathology and Audiology offers an undergraduate (preprofessional) and graduate program of academic and clinical training in speech-language pathology and audiology. Audiologists are hearing care specialists for evaluation and treatment of individuals with hearing and balance disorders. Scope of practice includes hearing assessments, selecting and fitting hearing aids/assistive listening devices, programming cochlear implants, balance testing, and counseling regarding hearing loss. Speech-language pathologists work with children and adults with language, voice, fluency, articulatory and phonologic disorders and swallowing problems. They provide assessment and treatment for these problems as well as working in prevention of them.

Coursework focuses on the evaluation and treatment of the many disordered communication processes. Students who complete 7700:321, 330, 235 and 240 with a "B" average or better and who have at least a 3.0 overall grade point average may elect the clinical option which requires completion of 7700:420. Students wishing to study this field without clinical experience at the undergraduate level may pursue a non-clinical curricular option. Decisions regarding degree options and graduate study should be made only after consultation with the departmental undergraduate coordinator. A master's degree is required for employment as a speech-language pathologist. An Au.D. is required for certification as an audiologist.

Typical work settings for speech-language pathologists and audiologists include: schools, hospitals, clinics, private practice, physicians' offices, industry, and universities. For employment in school settings, individuals must be certified by the department of education of the state in which they will be working. Since more than 50 percent of practicing speech-language pathologists work in public school settings, it is recommended that undergraduate students who are interested in pursuing careers in the communicative disorders professions complete the requirements for educational certification, except for student teaching, which can be taken only at the graduate level. These educational requirements can be taken as electives. Each student should consult with the undergraduate coordinator about this option.

Program Requirements:

- Completion of the General Education requirement and the second year of a foreign language for the B.A., or the non-foreign language option for the tagged degree (B.A. in Speech-Language Pathology and Audiology) — 45 credits. Students may count 14 credits of American Sign Language for the foreign language requirement.
- Electives 21 credits

•	Core in Spe	eech-Language Pathology and Audiology:	Credits
	7700:101	American Sign Language I	3
	7700:110	Introduction to Disorders of Communication	3
	7700:210	Introduction to Clinical Phonetics	4
	7700:215	Introduction to Hearing and Speech Science	4
	7700:230	Language Science and Acquisition	4
	7700:235	Introduction to Audiology	4
	7700:240	Audiological Rehabilitation	4
	7700:250	Observation and Clinical Methods	3
	7700:321	Articulatory and Phonologic Disorders	4
	7700:322	Organic Disorders of Communication	4
	7700:330	Language Disorders	4
	7700:445	Multicultural Considerations in Audiology and	
		Speech Language Pathology	3

Clinical Option

Add the following Clinical Practicum to the above requirements.

Senior Clinical Experience

Non-Clinical Option

Students wishing to study this field without clinical experience at the undergraduate level may pursue a non-clinical curricular option. The non-clinical option will include the core curriculum and at least four credits in the areas related to communication disorders, selected in consultation with the department undergraduate coordinator.

Courses in the Department of Biology (3100:265) and Speech-Language Pathology and Audiology (7700:265, 266) are required to fulfill the natural sciences requirement . A.B.A. in Speech-Language Pathology and Audiology substitutes a core of courses in psychology and related disciplines for the foreign languages (see Undergraduate Coordinator for specific courses)

7750: Social Work

Program Description

The mission of the undergraduate social work program is to prepare students for graduate study and ethical generalist practice with and on behalf of diverse populations in Northeast Ohio whose well-being and quality of life are at risk. The program places special emphasis on human dignity and worth, social justice, human diversity, empowerment and cultural competence, and on the enhancement of social functioning, by drawing on client strengths and community resources

The social work major is an accredited undergraduate professional program preparing students for entry level practice positions in social service agencies employing Social Workers.

Elective courses are available in such areas as health, community development, child welfare, mental health or retardation, family service, corrections, etc. Certificate programs in Afro-American Studies, Gerontology (Aging) and Victim Studies can be scheduled within the elective framework of the curriculum.

The Bachelor of Arts degree with a major in social work requires completion of two years of a foreign language (Spanish is recommended; sign language is accepted). The Bachelor of Arts in Social Work degree does not require a language.

There are Step-Up program arrangements between this program and the Associate in Community Services Technology program offered in Summit College, as well as the Associate in Social Services Technology program at the Wayne General and Technical College.

Curricula have been developed (Step-Up program arrangements) so that students completing the two-year associate degree programs in Community Services Technology (Summit College), Social Services Technology (Wayne College), and Human Services Technology (Stark State College) with social services emphasis programs can complete either the B.A. or B.A./S.W. four-year curriculum in social work with two additional years of full-time coursework.

The Social Work Program at The University of Akron is fully accredited by the Council on Social Work Education.

Students wishing to major in social work must file an application with the College of Fine and Applied Arts. In addition, a separate application packet must be filed with the School of Social Work. A 2.3 grade point average is required for admission to the School. Once admitted, the student should maintain a 2.5 grade point average in social work major courses.

Bachelor of Arts

Completion of the General Education requirement, 42 credits including.

(2) Musical Theatre

7800:480

7810:100-410

Production Lab

Independent Study

7810:100-410 Performance Lab

As of the start of the Fall 2005 semester, admissions to this program have been suspended. No student will be permitted to declare a major in Musical Theatre-Theatre after the start of Fall Semester 2005.

7900: Dance

1-2

1-2

Bachelor of Fine Arts

The B.F.A. dance major is designed for the student who wishes to pursue professional training in dance through an emphasis in ballet technique. The dance program offers training in technical, performing and choreographic skills, as well as an in-depth knowledge of dance history.

Placement into the dance program for the first year of study as a probationary dance major is by audition only.

To be admitted to the BFA degree program in Dance in the School of Dance, Theatre and Arts Administration, students must work for one year of study as a probationary dance major, demonstrate acceptable work habits, pass the Freshman Jury and Interview to gain admittance to the college and status as a BA in Dance major in preparation for auditioning for the BFA program at the end of the sophomore year. Maintain a 2.875 GPA in all dance classes for a total of two years. BFA students may be placed on artistic probation if they demonstrate less acceptable work habits. Full status must be regained to graduate. To graduate with the BFA in Dance, students must complete one full year of Ballet VIII with a minimum of "B" and be enrolled in a ballet technique class each semester until they satisfy their technique requirements and maintain an overall 2.875 GPA in all dance classes.

Advancement in levels of dance techniques is by receipt of a "B+" grade or better for one semester for advancement from Ballet VI to VIII respectively, and by receipt of a "B" grade or better for one semester in all other technique classes

- General Education requirements 42 credits
- Required dance courses 84 credits

Placement into the dance program for the first year of study as a probationary dance major is by audition only.

Advancement in levels of dance techniques is by receipt of a "B+" grade or better for one semester for advancement from Ballet VI to VII to VIII respectively, and by receipt of a "B" grade or better for one semester in all other technique classes

To be admitted to the BA program in Dance in the School of Dance Theatre and Arts Administration, students must complete one year of study as a probationary dance major, demonstrate acceptable work habits, pass the Freshman Jury and Interview and maintain a 2.875 GPA in all dance classes. All students are required to be enrolled in a dance technique class each semester until they satisfy their technique requirements and must complete two semesters of Ballet VI with a minimum of a "B" grade.

Total credits 128-135

Musical Theatre-Dance

As of the start of the Fall 2005 semester, admissions to Bachelor of Fine Arts in Musical Theatre-Dance have been suspended. No student will be permitted to declare a major in this program after the start of Fall Semester 2005.

College of Nursing

N. Margaret Wineman, Ph.D., R.N., Dean Kathleen Ross-Alaolmolki, Ph.D, R.N., Assistant Dean of Academic Nursing Programs

Annette Mitzel, M.S.N., R.N., Director, Academic Nursing Center Rita Klein, Ed.D., Director of Student Affairs

ACCREDITATION

The Baccalaureate nursing program is approved by the Ohio Board of Nursing. The Baccalaureate and Masters programs are fully accredited by the Commission on Collegiate Nursing Education (CCNE). CCNE is a resource of information regarding tuition, fees and length of program and can be contacted at One Dupont Circle, NW, Suite 530, Washington, D.C. 20036-112; (202) 887-6791.

MISSION

As an integral part of The University of Akron, the College of Nursing promotes the general mission of the University. The college offers diverse and comprehensive nursing education programs at the undergraduate and graduate levels. The programs of study, based on professional standards, prepare individuals to provide nursing care in a variety of settings. The College of Nursing supports nursing research that contributes to the health and well-being of society. The college is committed to serving culturally, racially, and ethnically diverse populations. Through academic and community collaboration the college promotes excellence in nursing education, research, practice, and service.

GOALS

- 1) Prepare generalist and advanced practice nurses who are eligible for initial licensure and for certification.
- 2) Provide a foundation for lifelong commitment to professional development and scholarship through continuing education and advanced study at the master's and doctoral levels.
- 3) Prepare nurses who are sensitive in caring for diverse populations in a variety of settings.
- 4) Prepare professional practitioners who integrate leadership roles and ethical standards in a continuously changing health care arena and society.

PHILOSOPHY

The College of Nursing faculty believe that the foci of professional nursing are individuals, families and communities.

The individual is seen as a complex whole whose existence involves patterns. dynamic change, transformation and interdependence. The individual interrelates within the environment in biological, psychological, social, spiritual, cultural and other dimensions. The individual is unique and universal. The individual is a thinking, feeling, interacting, evolving, creating, valuing being.

Families are individuals dynamically connected with each other over time in traditional and non-traditional configurations.

Communities are groups of people with one or more common characteristics who are in relationship to one another and may or may not interact.

Health is comparative, dynamic, multidimensional and has personal meaning. It includes disease, nondisease, and quality of life. People have the right to participate in decisions affecting and effecting personal health.

Environment includes all living and nonliving dimensions with which the individual, family and community have interrelationships. The dynamic environmental interrelations define and establish rules for health and modes of action

Nursing is an art and a science. The discipline of nursing is concerned with individual, family and community and their responses to health within the context of the changing health care environment. Professional nursing includes the appraisal and the enhancement of health. Personal meanings of health are understood in the nursing situation within the context of familial, societal and cultural meanings. The professional nurse uses knowledge from theories and research in nursing and other disciplines in providing nursing care. The role of the nurse involves the exercise of social, cultural and political responsibilities, including accountability for professional actions, provision of quality nursing care, and community involvement.

Education is an individualized, lifelong process. Learning includes the individual's interrelations with the environment, knowledge and skill acquisition, development of critical thinking and self-awareness. Self-expression enables the student to respond to clients who have unique human values and cultural heritage. Each nursing student brings attitudes, beliefs, values, feelings, knowledge and experiences into the learning environment. These variables influence learning that occurs through continual construction and reconstruction of experiences in relation to environmental influences.

Nursing education at the baccalaureate level synthesizes knowledge from nursing, humanities, and social, cultural, physical and natural sciences to operationalize clinical decision-making. The student is prepared to function as a nurse generalist in a variety of settings. Faculty and students continually seek to refine the commitment to and understand the relationship between theory and practice. Students are encouraged to become self-directed, collaborative, interdependent and independent. These variables are the foundation for lifelong learning and professional development.

Nursing education at the master's level builds upon baccalaureate nursing education and provides foundation for doctoral study. Graduate education prepares advanced practice nurses with expertise in critical thinking and decision making, effective communication, and therapeutic interventions. Through a variety of learning experiences, Master of Science in Nursing students analyze and use theoretical formulations and research findings in advanced practice.

Nursing education at the doctoral level prepares nurses for full participation in the discipline as scholars and researchers. Emphasis is placed on the development of nurses who are informed about the many dimensions of scholarship, including research, practice, and teaching and the integration of the three. Through various didactic collaborative and research opportunities, doctoral students learn how to develop and test knowledge about health, illness and nursing care, and how to use the knowledge to enhance teaching, improving patient care and influence health care policy.

REQUIREMENTS

Admission to Baccalaureate Program

Five classifications of students will be considered for admission to the baccalaureate nursing program: 1) the basic student (entering freshmen), 2) the registered nurse, 3) the licensed practical nurse, 4) the postbaccalaureate student and 5) the transfer student from other colleges and universities. The College of Nursing offers separate sequences which provide both the R.N. and L.P.N. with the opportunity to earn a Baccalaureate Degree. The LPN sequence begins in the spring. The RN sequences begin in the summer.

A transfer student may receive credit for quality work earned in approved colleges. Transfer students entering The University of Akron from an accredited institution must have all coursework applicable to the College of Nursing requirements evaluated in writing by the respective University of Akron departments. A copy of the departmental course approval or denial must be contained in the student's file. Enrollment of a transfer student is contingent upon availability of University facilities and an assessment of the sufficiency of prior academic work. Transfer course grades will be combined with courses taken at The University of Akron when ranking students for College of Nursing admission.

A registered nurse (RN) who receives preparation in a diploma or associate degree is evaluated individually. A RN/BSN student is held to a minimum of 128 semester hours to graduate

A student who wishes to be considered for admission to the College of Nursing must meet the following requirements:

- Complete all University College requirements and College of Nursing prerequisites with a minimum grade of "C" or higher.
- Have a minimum prerequisite course cumulative 2.75 grade-point average.
- Have a minimum cumulative 2.75 grade-point average in the required prerequisite biological sciences.
- All grades of transfer work will be combined with those earned at The University of Akron in the computation of a grade-point average for admission to the College of Nursing.

Felony And Misdemeanor Record Check

All students entering the College of Nursing are required to submit their fingerprints to the Federal Bureau of Investigation (FBI) and the Ohio Bureau of Criminal Identification and Investigation (BCII). This record check may reveal both students' sealed and unsealed convictions. Anyone with a drug trafficking conviction (felony) will not be considered for admission or will be dismissed from the College of Nursing. Students should inform the College of Nursing immediately of any convictions, guilty pleas, or findings of guilt that occur after enrollment in the College of Nursing. Felony and misdemeanor records may result in an inability to progress in the nursing program and subsequent withdrawal from the nursing program.

Felony Preclusion Rule For Licensure R.C. 4723.09

In effect for all students entering a pre-licensure nursing program after June 1, 2003.

During the senior year of the nursing program, as part of the application process to take the state licensing examination (NCLEX-RN), the Ohio Board of Nursing requires students to submit their fingerprints to the Federal Bureau of Investigation (FBI) and the Ohio Bureau of Criminal Identification and Investigation (BCII). If the fingerprint check reveals an egregious felony, the Board of Nursing will deny the applicant entrance to the NCLEX-RN examination. According to the Ohio Board of Nursing, egregious felonies include aggravated murder, murder, voluntary manslaughter, felonious assault, kidnapping, rape, sexual battery, gross sexual imposition, aggravated arson, aggravated robbery and aggravated burglary. Other felonies will be referred to the Compliance Unit for investigation and may result in either a denial of entrance to the examination or licensure with a permanent and public notation of Board action (i.e. punishment).

For information concerning the Ohio Board of Nursing licensure requirements, see Web site www.state.oh.us/nur.

Note: Students who wish to be licensed in other states should be aware that similar background check requirements may apply. Consult the applicable state Board of Nursing for further information.

Repeat Policy

If College of Nursing Prenursing students or University College Intended Nursing majors do not successfully complete **science prerequisite courses** the first time, they are allowed to repeat the course for a change of grade **one time only**. Students who take a science course for the third time to earn a grade of "C" will **NO LONGER** be eligible for the nursing major until the first science course is five (5) years old.

Admission Procedures

All basic BSN applicants will be considered at once and will be selected at the end of each spring semester to start the following fall. All student applicants will be categorized and ranked in order from the highest science grade-point average (GPA) down until the class is filled. The number admitted to each sophomore class will vary depending on the number of available slots. Having a science GPA of 2.75 will not guarantee admission to the College.

Admission Consideration Categories

Students are placed in the following categories:

- Priority Admission Category All Direct Admit and Continuing College of Nursing Prenursing students who were admitted or transferred to the college before the first day of spring semester are prioritized by science GPA (Army ROTC scholarship holders are guaranteed placement in the major.)
- Full Admission Category All Direct Admits, Continuing College of Nursing Prenursing students as of the first day of spring semester and Intended Nursing majors in University College are prioritized by science GPA.

Acceptance of the student into the major is the responsibility of the dean in consultation with the dean of the University College and the Admissions Committee of the College of Nursing. Admission to the program in nursing does not guarantee the student's placement in the nursing courses at the time the student may wish to pursue them. The college reserves the right to approve admission to those individuals whose abilities, attitudes, and character promise satisfactory achievement of the college objectives.

Upon admission to the major, all students must adhere to the following policies and the deadline of July 31:

- Pay the Liability Insurance Fee included in the Fall tuition invoice.
- If a licensed nurse, provide a copy of a valid Ohio license to Records Specialist.
- Complete required immunizations and physical examination.
- Complete CPR certification prior to starting nursing courses. Maintain current CPR certification throughout the program. Failure to maintain current CPR certification will result in removal from clinical courses.
- Complete requirements for fingerprinting by Federal Bureau of Investigation (FBI) and the Ohio Bureau of Criminal Investigation (BCII).
- Submit FBI and BCII reports.
- Purchase uniforms according to directions supplied upon admission.

Written evidence of completion of these requirements must be submitted to the College of Nursing Records Specialist prior to July 31.

Notification of Admission

Following completion of Spring semester, all applicants will be notified of admission by late-June. Notification of admission status will be either full admission, provisional admission, placement on a waiting list, or denial due to the filing of available spaces. A limited number of students who do not receive full admission will be placed on a waiting list. The waiting list exists through the first week of Fall classes.

Reapplication Process

Applications or inter-college transfers to the College of Nursing are only effective for the current academic year. A student not admitted from the wait list or denied admission may reapply. Student reapplying are again ranked in the appropriate category for admission consideration.

Transfer of Nursing Courses for Advanced Placement

Policies

- Students wishing to transfer nursing courses from other baccalaureate nursing programs into the College of Nursing at The University of Akron must meet all university transfer requirements and College of Nursing admission criteria.
- Transfer applicants must be in good academic standing and eligible to return in the next term to their previous baccalaureate nursing program.
- Students must have completed all prerequisite courses for the curriculum level into which they seek placement or received university transfer credit for prerequisites.
- Transfer credit for baccalaureate nursing courses taken in another NLNAC or CCNE accredited B.S.N. program may be granted after review and approval of supporting materials by the College of Nursing faculty.
- Courses accepted for transfer will determine the student's placement in the appropriate level of the College of Nursing curriculum.
- Nursing courses for the Associate Degree or Diploma program will not be considered for transfer credit into the basic B.S.N. program. Registered nurses licensed in the United States may receive 36 By-Pass credits.
- Transfer credit will not be granted for nursing coursework completed more than two years prior to application.
- Transfer students will be admitted into the nursing major on a space-available basis.

Procedures

- 1. Contact the College of Nursing, Assistant Dean Academic Nursing Programs, The University of Akron, Akron, OH 44325-3701, (330) 972-7551.
- 2. Submit a letter to the Assistant Dean Academic Nursing Programs, College of Nursing, signed by the Dean/Director on school letterhead from the previous B.S.N. program verifying good academic standing and eligibility to return the next term. This letter must be received in order to begin review of materials.
- 3. Contact The University of Akron Office of Admissions to initiate general University transfer procedures.
- 4. Submit a sample program of study, transcripts, and course syllabi to the Assistant Dean Academic Nursing Programs, by April 1 for Fall semester consideration and by November 1 for Spring Semester admission. These materials will be used by the faculty to determine admission and appropriate placement.
- 5. Following faculty review and recommendations, the College of Nursing Admissions Committee will determine admission and placement at its December and May meetings.
- 6. Applicant will receive a letter from the Assistant Dean Academic Nursing Programs, following the Admissions Committee meeting indicating admission status and, if admitted, the level of placement in the B.S.N. curriculum.

Continuation in the Baccalaureate Program

A student must maintain a grade-point average of 2.3 (C+) or higher on a 4.00 scale in all nursing courses (8200) to progress and graduate from the College. A student receiving a C- or below in any nursing course (8200) or corequisite course will be required to repeat the course. A student may repeat only one clinical and one non-clinical course during the nursing program. Students may not progress into the next course with an incomplete or failing grade.

Students should refer to their Student Handbooks for the policies and procedures of the College. Handbooks are available online through Student Affairs to students upon admission to the College. Students should also refer to each course syllabus distributed at the beginning of each semester for course expectations/requirements.

Requirements for Graduation

- Complete all University requirements as listed in Section 3 of this Bulletin.
- Complete a minimum of 130 semester credits for the degree and earn a minimum of 2.30 grade-point average in the nursing major and a 2.00 grade-point average for all collegiate work attempted at The University of Akron.
- Complete all courses required in the Program of Study for Nursing students within four years of admission to the nursing major.
- Complete the last 32 credits in the baccalaureate program at The University
- Complete all requirements which were in effect at the time of transfer to the College of Nursing.

R.N. Sequences

(This sequence limited to registered nurse graduates of Associate Degree and Diploma nursing programs.)

The RN program is designed for those registered nurses holding a diploma or associate degree in nursing, or a baccalaureate degree in another field. It is specifically designed for those who are interested in obtaining the baccalaureate degree in Nursing and/or continuing on to a master's degree in nursing. Students must complete 68-69 hours of the prerequisite undergraduate coursework prior to acceptance into the sequence. The RN program consists of 32 hours of upperdivision baccalaureate coursework. Students meeting additional admission requirements may opt to take 3 graduate courses for a total of 8 credits while meeting the baccalaureate requirements. Continuation in the graduate program is predicated on meeting graduate program requirements and acceptance into the graduate nursing program.

LPN/BSN Sequence Policies and Procedures

- If the LPN has completed the ACCESS to Registered Nursing course offered by a NEMAG-approved school, credit will be given for N225. (NEMAG stands for Nursing Education Mobility Action Group, a consortium of nursing programs in Northeast Ohio that offer a regionally approved transition course for LPN's entering RN programs.)
- Following successful completion of N216, N225 and N212, the LPN/BSN student enters the junior level of the BSN program and progresses with all remaining courses to graduation

Agencies

Some of the agencies which provide clinical experiences for the baccalaureate program are:

Akron General Medical Center	Head Start Center
Akron Health Department	Henry Center for Child Care and Learning
Arbors at Fairlawn	Homeless Outreach Program
Barberton Citizens Hospital	Olsten Kimberly Quality Home Care
Brecksville Veterans Administration Hospital	Portage Path Community Mental Health Center
Chambrel at Montrose	Rockynol Retirement Community
Children's Hospital Medical Center	St. Elizabeth's Hospital-Youngstown
College of Nursing, Center for Nursing	SUMMA Akron City Hospital
Community Based Corrections Facility	SUMMA St. Thomas Medical Center
Cuyahoga Falls General	Summit County Health District
Edwin Shaw Hospital	Tri County Home Nurses, Inc.
First American Home Care	University Center for Child Development
Haven of Rest	Visiting Nurse Service, Summit County
Heartland-Massillon	

[†] Fulfills General Education requirements. ‡ Courses 8200:405, 415, 440, and 446 are eight weeks in length.

Northeastern Ohio Universities College of Medicine

HISTORY AND PURPOSE OF THE COLLEGE OF MEDICINE

The Northeastern Ohio Universities College of Medicine (NEOUCOM) was created by an act of the 100th General Assembly of Ohio and was officially established as a public institution of higher learning on November 23, 1973. The college is governed by a board of trustees appointed by the boards of trustees of The University of Akron, Kent State University and Youngstown State University. All three universities are accredited by the North Central Association of Colleges and Secondary Schools. The college was first accredited by the Liaison Committee on Medical Education of the Association of American Medical Colleges in May 1981, and in 1989, 1996 and 2005 received full re-accreditation from the LCME for a seven-year period.

ADMISSION: B.S./M.D.

High school seniors and recent high school graduates, having demonstrated appropriate academic competence and motivation toward a career in medicine, will be considered for admission into the B.S./M.D. program. Students who have not attended college after graduation from high school should write to the Office of Admissions, The University of Akron, Akron, OH 44325-2001 for application forms. The deadline for applications is October 1 for early action admissions and December 15 for regular admissions.

ADMISSION: M.D.

Applicants with a traditional college background may be considered by NEOUCOM for admission to the M.D. Program (Phase II). Students should contact the Northeastern Ohio Universities College of Medicine, Rootstown, OH 44272, for further information. Criteria for admission to the M.D. Program include demonstrated proficiency in appropriate coursework, scores from the Medical College Admission Test (MCAT) taken at least one year prior to anticipated fall enrollment date, as well as a commitment to the field of medicine and extracurricular and work activities

THE B.S./M.D. PROGRAM

The curriculum requires that the student be enrolled for 11 months in each of six academic years. The first two or three years (Phase I) are spent at The University of Akron. The coursework during this period focuses chiefly on studies in the humanities, social sciences, and all basic premedical sciences but will also include orientation to clinical medicine. Progress through Phase I will be based on academic performance and development of personal maturity appropriate to assumption of professional responsibility. The Phase I Committee for Academic and Professional Progress, including University and College of Medicine faculty, will assess these factors and will recommend the Phase I student for promotion and formal admission to Phase II, the medical school.

The first year of Phase II is devoted primarily to the basic medical sciences, e.g., anatomy, physiology, microbiology, etc., and will be conducted at the NEOUCOM campus in Rootstown.

In all four years, the student will develop competence in the clinical aspects of medicine through instruction provided principally at one or more of the associated community hospitals.

COST

Normal undergraduate fees will be assessed for Phase I. Fees for Phase II are set by the College of Medicine Board of Trustees and are commensurate with those at publicly supported medical schools elsewhere in this state.

LOCATION

The NEOUCOM campus is located on S.R. #44 in Rootstown just south of the I-76 intersection, across from the Rootstown High School.

College of **Polymer** Science and **Polymer Engineering**

Undergraduate Contributions

The College of Polymer Science and Polymer Engineering was formed in 1988 by joining the Department of Polymer Science from the Buchtel College of Arts and Sciences and the Department of Polymer Engineering from the College of Engineering. The College offers both the Master of Science and Doctor of Philosophy graduate degrees in Polymer Science and Polymer Engineering.

There are no undergraduate degree programs in the College; however, the College offers undergraduate elective courses for science and engineering majors as well as two general interest interdisciplinary polymer courses for all undergraduate university students. Two certificate programs have been developed with the College of Engineering, and these programs are described in this Bulletin under Chemical and Mechanical Engineering (4200 and 4600, respectively)

An undergraduate interdisciplinary program, Mechanical Polymer Engineering, has been organized by the faculties of mechanical and polymer engineering. This new baccalaureate program, leading to a Bachelor of Science in Mechanical Polymer Engineering degree, was initiated in the fall of 1995. The program emphasizes a traditional mechanical engineering background along with eight required polymer engineering courses. In addition, there is a senior design project course that requires polymer engineering. This program is described in the College of Engineering section of this Bulletin under Mechanical Polymer Engineering (4700).

Minor Areas of Study

Minor Areas of Study

REQUIREMENTS

The University of Akron has approved minor fields of study that may be placed on a student's record when all requirements have been completed.

The following rules apply to all minors:

- The student must complete at least 18 credits. (Note: some minors may require additional credits).
- At least six of the 18 credits must be at the 300/400 level, except where the department does not offer 300/400 level courses.
- A minimum grade-point average of 2.0 in each minor is required.
- A minor may be designated at any time during the student's career up to and including the time the degree clearance is processed.
- A minor will be placed on the student's record only at the time the student receives a baccalaureate degree and only on application.
- Courses to be applied toward the granting of a minor may not be taken credit/non-credit. A maximum of 6 bypassed credits may be used, but all other credits must be earned.
- The student must earn at least nine credits at The University of Akron in courses approved by the faculty granting the minor. Written permission of the dean and the head of the department which grants the minor is required for an exception.
- Courses required for a minor may carry prerequisites, which must be honored before the student may enroll.

ADVISEMENT

Although not required to do so, students are advised to contact faculty in the department(s) in which they may wish to earn minors early in their undergraduate programs.

PROGRAM REQUIREMENTS

(All programs listed in alphabetical order)

Addiction Services

- Total number of credits required for a minor in Addiction Services: 20
- Required core courses:

			Creaits
	2260:260	Introduction to Addiction**	3
	2260:240	Drug Use and Abuse**	3
	2260:267	Addiction Assessment and Treatment Planning	3

Conflict Management

The University has a long history of the interdisciplinary study of conflict, because understanding the nature of conflict is the first step toward reducing conflict and violence at home, in our communities, workplaces and schools. This undergraduate minor, jointly administered by the departments of Political Science and Sociology, will build on that tradition to enhance the capacity of students to effectively work toward reducing the harms associated with conflict and violence — from interpersonal to international.

This minor consists of 18 credits, with 6 credits of required coursework, 9 additional credits including at least 6 credits taken at the 300/400 levels, and a 3-credit intereship.

Required Core Courses (6 credits):
 Conflict and Mediation Core (3 credits)

Family Violence

Database Marketing

Total

Database Marketing involves the transformation of raw data into useful information. This information is converted into applied knowledge that meets the direct marketing needs of various business operations. As the name implies, marketing strategies are formulated and implemented based on the information gleaned from different databases and organized into patterns and trends that provide the foundation for developing and conducting a successful marketing program tailored to the needs of a particular targeted group of consumers.

A total of 19 credit hours are required for this minor. The student must complete 5 required courses and 1 elective course. To be granted this minor, the student must complete at least 9 credit hours of 6600 courses in addition to the requirements for any other major, minor, or certificate that has been earned.

 Required: 0 	Complete all courses (16 credit hours)	Credits

Total credits	required	19

Direct Interactive Marketing

Direct Interactive Marketing involves businesses dealing directly with their customers using one-to one marketing strategy. This form of marketing encompasses such channels of distribution as eMarketing, telemarketing, interactive television, direct selling and other forms of response marketing. As the fastest growth form of marketing, this direct and interactive approach to building customer relationships has become an absolute mainstay of all progressive business enterprises. Career opportunities are diverse and abundant.

A total of 19 credit hours is required for this minor. The student must complete 4 required courses and 2 elective courses. To be granted this minor, the student must complete at least 9 credit hours of 6600 courses in addition to the requirements for any other major, minor, or certificate that has been earned.

• Required: Complete all courses (13 credit hours)

	or	
2520:221	Advertising Campaign	3
2520:212	Principles of Sales	3
2520:254	Sales Management Technology	3

• To be awarded only at the time a student receives a baccalaureate degree.

Mathematics/Applied Mathematics

Total credits required:		equired:	24
	3450:221,2,3	Analytic Geometry-Calculus I, II, III	12
	3450:312	Linear Algebra	3
		or	
	3450:438	Advanced Engineering Mathematics I	3

• Approved 300/400-level mathematical sciences electives (at least six credits in 3450 courses)

Military Studies: Military Science

In addition to earning a minor in Military Science, Army ROTC classes and leadership training will help you sharpen your written and oral briefing skills as well as give you the tools to help you succeed in school and in your future career. We emphasize the practical application of leadership skills through classroom, lab and adventure training that will improve your self-confidence and management abilities. You can learn this minor even though you are not part of the Army ROTC program; however, being in Army ROTC entitles you to participate in more advanced leadership training opportunities, apply for tuition and room and board scholarships, and opens the door to an unparalleled opportunity to serve your country in the most respected institution in the nation — America's military.

		Credits
1600:100	Introduction to Military Science I	2
1600:101	Introduction to Military Science II	2
1600:200	Basic Military Leadership	2
1600:201	Small Unit Operations	2
1600:300	Advanced Leadership I	3
1600:301	Advanced Leadership II	3
1600:305	Leadership Techniques and Principles: A Military Perspective	3
1600:400	Military Management I	3
1600:401	Military Management II	3
1600:490	Special Topics in Military Science	1-3

Modern Languages

French, German, Spanish, or Italian

The German and Italian minors have been suspended (effective Fall 2003) until sufficient resources become available.

A minimum of 18 credits is required.

The student must have at least 12 credits beyond the second year excluding courses which are not counted for credit toward a major.

Music

Jazz Studies

7500:210	Jazz Improvisation I	2

Sales Management

This minor provides the student an opportunity to develop and document an understanding of sales management issues. A total of 18 credit hours are required for this minor. The student must complete 12 credit hours of required courses and 6 credit hours must be selected from a list of electives. To be granted this minor, the student must complete at least 9 credit hours of 6600 courses in addition to the requirements for any other major, minor, or certificate that has been earned

• Required: Complete all courses - 12 credits

6500:301	Management: Principles and Concepts	3
6600:275	Professional Selling	3
6600:300	Marketing Principles	3
6600:480	Sales Management	3

• Electives: Complete any 6 credits

6100:495	Internship in Business`	3
6500:302	Organizational Behavior and Leadership Skills	3
6500:341	Human Resource Management	3
6500:390	Principles of Supply Chain Management	3
6600:350	Integrated Marketing Communications	3
6600:475	Business Negotiations	3
7600:235	Interpersonal Communication	3
Total credits required		

Sociology

- Nineteen total credits are required.
- Required for all students:

3850:100 Introduction to Sociology

• A minimum of 15 additional credits of sociology courses at the 300/400 level are required. Students may wish to select courses which relate to a particular interest area. These areas are outlined in materials available in the Department of Sociology for assistance in course selection for the minor program.

Speech-Language Pathology and Audiology

Required core courses:

7700:110	Introduction to Disorders of Communication	3
7700:120	Introduction to Audiology/Aural Rehabilitation	4
7700:211	Introduction to Speech Science	2
7700:230	Language Science and Acquisition	4
7700:322	Organic Disorders of Communications	4
7700:440	Augmentative Communication	3

Statistics

3450:221,2	Analytic Geometry-Calculus I, II	8
3450:312	Linear Algebra	3
3470:461	Applied Statistics	4
3470:462	Applied Regression and ANOVA	4
	Approved 400-level statistics electives:	6

Theatre Arts

In order to obtain a Minor in Theatre Arts, the student must successfully complete a minimum of 18 credits; 12 credits of required core courses and 6 credits must be from theatre 300-400 level courses. The course list is as follows:

Core		Credits
7800:100	Experiencing Theatre	3
7800:108	Introduction to the Visual Arts of the Theatre	3
7800:172	Acting I	3
7800:264	Playscript and Performance Analysis	3
 Electives 		
7800:336	Scenic Design	
7800:335	History of Theatre and Dramatic Literature I	3
7800:435	History of Theatre and Dramatic Literature II	3
7800:355	Stage Lighting Design	3
7800:370	Directing I	3
7800:373	Acting II	3

Women's Studies

This minor focuses on the cultural practices that have largely excluded and devalued differences in gender, sexual orientation, ethnicity, race and class. This interdisciplinary minor requires certain core classes and then allows 12 hours of electives (two courses on the 300/400 level). At least one elective course must be taken from each of the following areas: humanities, social sciences, fine and applied arts plus an additional women's studies or cross-listed class from any area.

· Required for all students:

1840:300	Introduction to Women's Studies	3
1840:480	Feminist Theory	3
1840:490	Women's Studies Lecture Series	1
1840:493	Individual Studies in Women	1-3
	or	
1840:489	Internship in Women's Studies	1-4

• Electives: One course from each of the following three areas: humanities, social sciences, fine and applied arts, plus an additional women's studies or cross-listed course from any area.

Interdisciplinary and Certificate Programs of Study

Interdisciplinary and Certificate **Programs of Study**

OVERVIEW

To add to the dimensions of the traditional disciplines, the University has established interdisciplinary and interdepartmental programs of study. In addition to a major, the student may elect to pursue one of these programs.

Interdisciplinary Studies programs feature courses which integrate and analyze issues and concepts from more than one field. The goal of this type of study is to place knowledge into a greater perspective than would be possible through any one traditional field. This is accomplished by taking courses from a variety of departments as well as courses which may be team taught. Interdisciplinary Studies and certificate programs will include coursework designated as 1800:.

Upon completion of any of these programs, a statement will be placed on the student's permanent record indicating the area of concentration. The certificate indicating the area of concentration will be awarded when the student completes requirements for a degree unless the program specifies that it is free standing and does not require participation in a degree program.

ACCOUNTING SPECIALIST

This certificate program is designed to address the needs of students who desire to develop an aptitude or interest in accounting technology. This program may be valuable to business technology majors and others who are pursuing a more specialized level of training to enhance their earning capability. This emphasis is on serving the objectives of those students seeking the higher skills level and toward providing the training for Certified Bookkeeper, a certification awarded by the American Institute of Professional Bookkeepers.

The awarding of this certificate is not contingent upon completion of a degree program.

Students entering the Business Management Technology Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Cours	ses:	Credits
2440:105	Introduction to Computers and Application Software	3

ADDICTION SERVICES (BASIC)

This certificate program is intended for individuals who wish to enhance their knowledge of addiction and addiction treatment. This certificate is independent of a degree and is designed for individuals in one of the following categories:

- (1) The person who is preparing for the CD licensing.
- (2) The person who has not had specialized addiction training but wants to develop expertise in this area.
- (3) The person employed in the field who would like to upgrade his/her knowl-

Requirements

	Credits
Addiction Education and Prevention	3
Drug Use and Abuse	3
Introduction to Addiction	3
Addiction Treatment	4
Addiction Assessment and Treatment Planning	3
	Drug Use and Abuse Introduction to Addiction Addiction Treatment

ADDICTION SERVICES (ADVANCED)

This certificate program is intended for individuals who wish to enhance their knowledge of addiction and addiction treatment. This certificate is independent of a degree and is designed for individuals in one of the following categories:

- (1) The person who is preparing for the CD licensing.
- (2) The person who has not had specialized addiction training but wants to develop expertise in this area.
- (3) The person employed in the field who would like to upgrade his/her knowl-

Requirements

2260:210	Addiction Education and Prevention	3
2260:240	Drug Use and Abuse	3
2260:260	Introduction to Addiction	3
2260:261	Addiction Treatment	4
2260:267	Addiction Assessment and Treatment Planning	3
2260:263	Group Principles in Addiction	3
2260:264	Addiction and the Family	3
2260:270	Relapse Prevention	3

· Addiction elective (choose from following):

2260:265	Women & Addiction	3
2260:268	Co-Occurring Disorders	3
2260:269	Criminal Justice & Addiction	3
2260:271	Non-Chemical Addictions and Dependencies	3

AGING SERVICES

This program is intended for individuals who wish to enhance their knowledge of the aging process, study issues pertinent to the elderly, and develop skills useful in working with senior citizens. This program is not limited to community services majors.

This certificate program is generally designed for individuals in one of the following categories:

- The person with no degree but who is contemplating working with senior citizens.
- The person with a degree who has not had specialized training in the field of gerontology, but who would like to work in this field.
- The person employed in this field who would like to upgrade his/her knowledge and skills.
- Persons interested in enhancing the quality of their post-retirement years or those of family and friends.

Persons interested in this program should consult with the Public Services Department. This certificate may be earned independent of earning a degree.

APPLIED POLITICS

John C. Green, Ph.D., Director

The Ray C. Bliss Institute and the Department of Political Science have combined to offer a Certificate Program in Applied Politics for undergraduate students. The Certificate Program in Applied Politics offers coursework in the history, organization and management of campaigns intended to influence the outcome of political decisions. Working from a set of core courses, students are allowed to concentrate in the area of applied politics of greatest interest—campaigns, communications, lobbying, political parties, etc. Believing that democracy is best served by having active and informed citizens, the certificate is designed for all students, no matter what their degree program, as long as they have a deep interest in practical politics.

Requirements

Persons are eligible for admission to the Certificate Program in Applied Politics if they have been admitted to study as special, non-degree or full-time students in any department of the University. Student shall seek admission to this program by filing an application with the Bliss Institute. The student shall schedule courses with the assistance of an advisor at the earliest possible time.

Core Courses

3700:470	Campaign Management I	3
3700:471	Campaign Management II	3
3700:395	Internship in Government and Politics	3

Elective

In addition to the core courses, students must complete 9 elective credits. Three credits must be from the following:

3700:402	Politics and the Media	3
3700:440	Survey Research Methods	3
3700:472	Campaign Finance	3
3700:473	Voter Contact and Elections	3
3700:474	Public Opinion, Behavior and Electoral Politics	3
3700:475	American Interest Groups	3
3700:476	American Political Parties	3
7600:475	Political Communication	3

Completed electives must also include an additional 6 credits from above or from approved courses in Political Science, Communication, or other departments. Students must maintain at least a "B" (3.0) average in their coursework for the certificate.

Certificate

Political Science majors will, upon completion of the program, be awarded a B.A. or B.S. degree in Political Science with a Certificate in Applied Politics. Majors in other disciplines will have the Certificate noted on their permanent record.

BIOTECHNOLOGY SPECIALIZATION CERTIFICATE

The goal of this program is to allow engineering students with an interest in chemistry and biotechnology to develop suitable preparation for graduate study in biotechnology or the medical fields without reducing their potential for careers in traditional chemical engineering. Students will have ample opportunity to work with researchers in biotechnology through their engineering and design electives.

 All current requirements for the Bachelor's of Science in Chemical and Biomolecular Engineering (except: 3150:313,314 Physical Chemistry I and II and 4200:305 Material Science)

		Credits

BUSINESS MANAGEMENT TECHNOLOGY

This certificate program is intended to promote understanding of the basic aspects of business formation and operation. The program can be useful for non-business majors benefiting from an introduction to a new discipline. The emphasis is on serving the objectives of the students who expect to enhance their value to current employers or those students who may want to acquire newer skills toward seeking prospective employment.

The awarding of this certificate is not contingent upon completion of a degree program.

 Students entering the Business Management Technology Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Courses:

Diluge Cours	DC3.	
2440:105	Introduction to Computers and Application Software	3
2540:140	Keyboarding for Nonmajors	2
Required:		
2420:104	Introduction to Business in the Global Environment	3

2420:211	Basic Accounting I	3
2420:280	Essentials of Business Law	3
2520:101	Essentials of Marketing Technology	3

CHILD CARE WORKER

Requirements

This certificate program provides basic vocational training for child-care practitioners. The course of study is a means of meeting the short range goals of students interested in acquiring skills for job placement in early childhood settings. This certificate may be attained independent of earning a degree.

	,	Credi
2040:240	Human Relations	3
2200:245	Infant/Toddler Day-Care Programs	3
2200:250	Observing and Recording Children's Behavior	3
2200:246	Multicultural Issues in Child Care	3

COMPUTER INFORMATION **SYSTEMS**

This certificate provides the opportunity to become proficient in the use of popular micro computer software. This certificate may be obtained independent of a degree. Students entering the Computer Information Systems Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Courses:

2440:105	Introduction to Computers and Application Software	3
2540:140	Keyboarding for Nonmajors	2

Required Courses:

2440:121	Introduction to Logic/Programming	3
2440:140	Internet Tools	3
2440:175	Microcomputer Application Support	3
2440:267	Microcomputer Database Applications	3

Programming Certificate

Students entering the Business Management Technology Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Courses:

bridge Cours	es.	
2440:105	Introduction to Computers and Application Software	3
2540:140	Keyboarding for Nonmajors	2
Required Cor	urses:	
2440:121	Introduction to Logic/Programming	3
2440:160	Java Programming	3
2440:170	Visual Basic	3
2440:256	C++ Programming	3

Cisco Networking Technology Certificate

The Cisco Networking Certificate provides the network administration and technical support skills needed to provide Cisco support to business and industry. This certificate my be obtained independent of a degree.

Students entering the Computer Information Systems Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Courses: 2440:105

2540:140	Keyboarding for Nonmajors	2
Required Co	urses:	
2440:201	Networking Basics	3
2440:202	Router and Routing Basics	3
2440:203	Switching Basics and Intermediate Routing	3
2440:204	WAN Technologies (Cisco option)	3

Introduction to Computers and Application Software

Cisco Networking classes offered at main campus only.

Database Development Certificate

The Database Development Certificate provides students from other disciplines an opportunity to gain database skills demanded by business and industry. This certificate may be obtained independent of a degree.

Students entering the Computer Information Systems Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Cours 2440:105 2540:140	es: Introduction to Computers and Application Software Keyboarding for Nonmajors	Credits 3 2
Required Cou	ırses:	
2440:121	Introduction to Logic/Programming	3
2440:180	Database Concepts	3
2440:210	Client Server Programming	3
2440:234	Business Programming	3

Webmaster Certificate

The Webmaster Certificate provides students from other disciplines an opportunity to gain web development skills demanded by business and industry. This certificate may be obtained independent of a degree. Students entering the Computer Information Systems Program must pass department placement exams or complete the following Bridge Courses prior to enrolling in the program.

Bridge Courses:

2440:105	Introduction to Computers and Application Software	3
2540:140	Keyboarding for Nonmajors	2
Required Cor	urses:	
2440:121	Introduction to Logic/Programming	3
2440:140	Internet Tools	3
2440:141	Web Site Administration	3
2440:211	Interactive Web Programming	3
2440:212	Multimedia & Interactive Web Elements	3

COMPUTER PHYSICS

E. Von Meerwall, Ph.D., Director

Requirements

To qualify for the certificate program, a student must be in good academic standing in the major department and must submit a written request for admission to the director of the program. This course of study adds a component of both physics and computer science to a major in a traditional area of science. The physics courses, beyond Elementary Classical Physics, emphasize computer applications, including data analysis and use of computers to solve physical problems.

Physics

3650:291,2 3650:350	Elementary Classical Physics I, II Modeling and Simulation	8 4
Mathematics		
3450:221,2	Analytic Geometry-Calculus I, II	8
Computer Science	ce	
3460:206	Introduction to C Programming	3
3460:209	Introduction to Computer Science	4
3460:210	Data Structures and Algorithms I	4

The certificate program has been structured to be accessible to most students working toward an undergraduate degree in a traditional area of science. The certificate may be combined with a minor in physics for students who wish to obtain a background in physics which emphasizes applications and uses of computers to collect and analyze data and to solve physical problems.

COMPUTER SCIENCE

Wolfgang Pelz, Ph.D., Department Chair

Requirements

Entrance

To qualify for the Computer Science Certificate Program, a student must be in good academic standing in the major department, must have completed four credits of mathematics in the Department of Theoretical and Applied Mathematics and must submit to the department chair a written request for admission to the program. The request will outline the student's reasons and goals for enrolling in the program. The area of concentration adds a further dimension of both mathematics and computer science to the student's major in one of the traditional academic disciplines. A minimum grade-point average of 2.00 in the certificate is required. The Certificate in Computer Science will only be granted upon completion of a degree program or if a degree has already been earned.

Courses		Credits
3450:208	Introduction to Discrete Mathematics	4
3450:215	Concepts of Calculus	4
	or	
3450:221	Analytic Geometry-Calculus I	4

7600:227	Nonverbal Communication	3
7600:325	Intercultural Communication	3
Electives must i	nclude courses taken from at least three of these areas	
Internship		3

Students must take at least three credits of internship in either the Political Science Department or the Sociology Department internship program, or they can arrange an internship with the Center Director directly.

For further information, contact Dr. William Lyons, Jr., director, at (330) 972-5855 or see www.uakron.edu/centers/conflict.

CONSTRUCTION ENGINEERING TECHNOLOGY

Certificate Program in Construction Management

Requirements

A minimum of 18 hours is required

The certificate program in Construction Management is open to undergraduates or graduates who have been admitted to The University of Akron. This program is aimed at developing technical knowledge and skills necessary to supervise a construction project. This certificate may be earned independently of earning a degree, but all coursework can be applied to the B.S. degree in Construction Engineering Technology.

The following courses are required:		Credits
2990:351	Construction Quality control	3
2990:352	Field Management and Scheduling	2
2990:358	Advanced Estimating	3
2990:359	Construction Cost Control	3
2990:453	Legal Aspects of Construction	2
2990:468	Construction Management	3
2990:498	Independent Study in Construction	3

Because most of the required courses have prerequisites, students should consult with the program director of the Construction Technology program for a contract before beginning coursework.

One semester of co-op or an internship with a construction or construction related company is required.

For further information, contact:

Construction Engineering Technology Program Director Summit College The University of Akron Akron, OH 44325-6104 http://sc.uakron.edu

Certificate Program in Heavy Construction

The certificate program in Heavy Construction is open to undergraduates or graduates who have been admitted to The University of Akron. This program is aimed at developing technical knowledge and skills necessary to supervise a construction project. This certificate may be earned independently (with prerequisite or appropriate work related experience - see program director) of earning a degree, but all coursework can be applied to the B.S. degree in Construction Engineering Technology.

Requirements:

A minimum of 17 hours is required.

The following courses are required:

2990:352	Field Management & Scheduling	2
2990:358	Advanced Estimating	3
2990:361	Construction Formwork	3
2990:420	Hydrology & Groundwater	3
2990:465	Heavy Construction	3
2990:498	Independent Study in Construction	3

Because most of the required courses have prerequisites, students should consult with the program director of the Construction Engineering Technology program for a contract before beginning coursework.

For further information, contact:

Construction Engineering Technology Program Director Summit College The University of Akron Akron, OH 44325-6104 (330) 972-2055 http://sc.uakron.edu

Certificate Program in Materials Testing Technology

The purpose of the certificate program in Materials Testing is to train individuals in the processes and procedures involved in standardized laboratory testing of construction related materials. The certificate program requirements may be completed without completing other degree requirements. Students working toward an A.A.S. degree in Construction Engineering Technology or a B.S. degree in Construction Engineering Technology may complete the necessary coursework to complete the certificate requirements. Courses completed for the certificate in addition to the initial degree requirements may count as technical electives for the chosen degree.

Requirements: A minimum of 16 hours is required.

The following courses are required:		
2990:125**	Statics	3
2990:237	Materials Testing I	2
2990:238	Materials Testing II	2
2990:241	Strength of Materials	3
2990:320**	Advanced Materials Testing	3
2990:355	Computer Applications in Construction	3

For further information, contact:

Construction Engineering Program Director Summit College The University of Akron Akron, OH 44325-6104 (330) 972-2055 http://sc.uakron.edu

Certificate Program in Residential Building Technology

Requirements

A minimum of 15 hours is required.

The certificate program in Residential Building Technology is aimed at providing knowledge and skills to anyone planning to work in the building construction industry. This certificate program may be earned independently of earning a degree. All coursework can be applied to an A.A.S. degree or a B.S. degree in Construction Engineering Technology.

2990:150	Blueprint Reading	2
2990:231	Building Construction	2
2990:245	Construction Estimating	3
2990:310	Residential Building Construction	3
2990:356	Safety in Construction	2
2990·xxx	Technical elective	3

Because some of the required courses have prerequisites, students should consult with the program director of the Construction Engineering Technology program for a contract before beginning coursework. For further information, contact:

Construction Engineering Technology Program Director Summit College The University of Akron Akron, OH 44325-6104 (330) 972-2055 http://sc.uakron.edu

3

CRIMINAL JUSTICE

Requirements

The program specified is designed to provide background, proficiency and updating in the criminal justice area and the private security industry. While many professionals have completed a degree, many more would benefit by this type of approach. The designed program would provide a measure of recognition for those students enrolled and completing the program. The program would be continually monitored and has been included in many localities as an incentive for promotion, pay increases and lateral movement within the police or security agency. This certificate may be obtained independent of a degree.

Criminal	Credits	
2220:100	Introduction to Criminal Justice	3
2220:102	Criminal Law for Police	3
2220:104	Evidence and Criminal Legal Process	3
2220:250	Criminal Case Management	6
2220:260	Critical Incident Crisis Intervention	3
3850:100	Introduction to Sociology	4

Criminal Justice/Security

2220:101	Introduction to Secutiry Administration Technology	3
2220:120	Crime Prevention: Theory Practice and Management	3
2220:296	Current Topics in Criminal Justice	1-3
2230:204	Fire Hazards Recognition	3
2230:250	Hazardous Materials	4
2230:257	Fire and Safety Issues for Business and Industry	3

Criminal Justice/Corrections

2220:100	Introduction to Criminal Justice	3
2200:102	Criminal Law for Police	3
2200:106	Juvenile Justice Process	3

3850:431	Corrections	<u>3</u>
		22

Criminal Justice/Forensic Behavioral Sciences

This certificate program is intended for individuals who wish to enhance their knowledge of behavioral sciences in criminal justice settings. This certificate is independent of a degree and is designed for individuals in one of the following categories:

- 1) Criminal Justice majors who wish to specialize in the study of behaviors within the criminal justice field.
- 2) Non-criminal justice majors who want an introduction to the discipline of criminal justice.
- 3) Professional employed in the field who would like to further develop their expertise in this area.

Introduction to Criminal Justice	3
Introduction to Forensic Investigation	3
Critical Incident Interventions for criminal Justice	3
Profiling Serial Killers	3
Interviews, Interrogations, and Hostage Negotiations	3
Victimology and the Criminal Justice System	3
	Introduction to Forensic Investigation Critical Incident Interventions for criminal Justice Profiling Serial Killers Interviews, Interrogations, and Hostage Negotiations

DIGITAL ELECTRONICS AND MICROPROCESSORS

Requirements

The certificate program in Digital Electronics and Microprocessors is designed for students who desire a formal, structured program in a specific area in the field of electronics, but, because of time or work constraints, are unable to pursue a complete associate or baccalaureate degree program.

The following	27 semester hours are required:	Credits
2030:152	Technical Mathematics II	2
2030:153	Technical Mathematics III	2
2030:154	Technical Mathematics IV	3
2860:120	Circuit Fundamentals	4
2860:121	Introduction to Electronics and Computers	3
2860:123	Electronic Devices	4
2860:136	Digital Fundamentals	2
2860:237	Digital Circuits	4
2860:238	Microprocessor Applications	4

All courses taken may be applied toward the Associate Degree in Electronic Engineering Technology.

For further information contact:

Electronic Engineering Technology Program Director Summit College The University of Akron Akron, OH 44325-6104 (330) 972-7054 http://sc.uakron.edu

DRAFTING AND COMPUTER DRAFTING TECHNOLOGY

Requirements

2940:121

2940:122

The certificate program in Drafting and Computer Drafting Technology is intended for individuals who wish to enhance or update their drafting skills. The program has been designed so that an individual can emphasize a specific area of drafting. A minimum of 18 credits is required. All courses taken may be applied toward an associate degree in Drafting and Computer Drafting Technology. This certificate may be earned independent of any degree program.

The following 9 semester hours are required:

Technical Drawing I

Technical Drawing II

2340.122	recrifical Drawing II	3
2940:210	Computer Aided Drawing I	3
A minimum or	f 9 semester hours selected from the following:	
2940:170	Surveying Drafting	3
2940:200	Advanced Drafting	3
2940:211	Computer Aided Drawing II	3
2940:230	Mechanical Systems Drafting	3
2940:240	Electrical & Electronic Drafting	3
2940:250	Architectural Drafting	3
2980:223	Fundamentals of Map Production	3
2990:250	Structural Drafting	2

All courses taken may be applied toward the Associate Degree in Drafting and Computer Drafting Technology.

EMERGENCY MANAGEMENT

The field of emergency management continues to develop rapidly as disasters and major emergencies become more frequent and responses to such emergencies become more complex. In addition, federal and state legislation affecting emergency planning and preparedness has increased the demand for well-educated individuals at all levels of government, business and industry

This program prepares students with a background in fire protection, criminal justice, environmental health and safety, or other related fields to enter and advance in the field of emergency management through the acquisition of specialized knowledge of emergency management concepts, planning, natural disasters and mitigation.

Enrollment in The University of Akron

•	Completion of	the following required courses (24 credits):	Credit
	2235:305	Principles of Emergency Management	3
	2235:350	Emergency Response Preparedness & Planning	3
	2235:405	Hazard Prevention and Mitigation	3
	2235:410	Disaster Relief and Recovery	3
	2235:450	Emergency Management Research Methods and Applications	4
	3350:305	Maps and Map Reading	3
	3350:310	Physical and Environmental Geography	3
	3350:433	Practical Approaches to Planning	3

• Completion of 6 credit hours selected from the following recommended electives:

2235:495	Internship: Emergency Management	1-4
3250:385	Economics of Natural Resources and the Environment	3
3350:314	Climatology	3
3350:320	Economic Geography	3
3350:405	Geographic Information Systems	3
3350:444	Applications in Cartography and GIS	3
3350:447	Remote Sensing	3
3370:350	Structural Geology	3
3370:421	Coastal Geology	3
3400:471	American Environmental History	3
3700:370	Public Administration Concepts and Practices	3
3850:428	The Victim in Society	3
7600:303	Public Relations Writing	3
7600:344	Group Decision Making	3
3850:xxx	Social Behavior in Crisis	3

ENTREPRENEURSHIP

All students at the University can earn a Certificate in Entrepreneurship where they will learn skills related to creativity, innovation, and entrepreneurship. The applied program focuses on the individual needs of the student whether it is creating a new enterprise, buying or growing an existing enterprise, franchising, family business, and corporate or social entrepreneurship. Numerous enterprises have been created and built through this nationally recognized program.

Requirements

A total of 15 credit hours is required for the certificate program. Students must complete 12 credit hours of required courses. In addition, a 3 credit hour course must be selected from a list of electives.

Program:

• Required: Complete all courses - 12 hours

6300:201	Introduction to Entrepreneurship	3
6300:301	New Venture Creation	3
6600:300	Marketing Principles	3
6140:300	Introduction to Finance	3
	or	
6400:301	Corporate Finance	3
	or	
6300:330	Financing New Ventures	3

• Electives: Complete one course - 3 credits

Total credits required		15
6600:275	Professional Selling	3
6400:220	Legal and Social Environment Business	3
6300:450	Business Plan Development	3
6300:360	Entrepreneurial Field Project	3
6200:201	Accounting I	3
6100:495	Internship in Business Administration	3
6100:201	Introduction to E-Business	3

ENVIRONMENTAL STUDIES

Ira D. Sasowsky, Ph.D., Director

Requirements

To qualify for the certificate program, students must request admission to the program by completing the certificate application form. If currently enrolled in a degree program, they must be in good academic standing with their major department. A plan of study will be developed in consultation with the director of the Center for Environmental Studies, and must be approved by the director. To satisfy the requirements a student must complete the core courses and 11 credits from the list of elective courses or other courses identified as acceptable by the director. Elective courses will be selected from outside ones academic major.

The awarding of this certificate is not contingent on enrollment in, or completion of, a degree program.

Core (required)		
3010:201	Introduction to Environmental Science	3
3010:401	Seminar in Environmental Studies	2

Electives (minimum of 11 credits)

2230:250	Hazardous Materials	4
3010:401	Seminar in Environmental Studies (may be repeated as an elective)	2
3010:49	Workshop in Environmental Studies	1-4
3100:217	General Ecology	3
3100:342	Flora and Taxonomy	3
3100:421	Tropical Field Biology	4
3100: 425	Freshwater Ecology Field & Laboratory Studies	3
3100:426	Wetland Ecology	4
3150:100	Chemistry and Society	3
3250:385	Economics of Natural Resources and the Environment	3
3350:310	Physical and Environmental Geography	3
3350:351	Ohio Environment and Society	3
3350:405	Geographic Information Systems	3
3350:407	Advanced Geographic Information Systems	3
3350:447	Remote Sensing	3
3350:449	Advanced Remote Sensing	3
3350:495	Soil and Water Field Studies	3
3370:125, 126,12	9,130,131,133,134,135, 136 Concepts in Geology	1
3370:200	Environmental Geology	3
3370:201, 203	Exercises in Environmental Geology I, II	1
3370:301	Engineering Geology	3
3370:371	Oceanography	4
3370:470	Geochemistry	3
3370:474	Groundwater Hydrology	3
3400:471	American Environmental History	3
3850:321	Population	3
4100:203	Environmental Science & Engineering	3
4200:463/563	Pollution Control	3
4300:321	Introduction to Environmental Engineering	3
4300:323	Water Supply and Pollution Control	3
4300:423/523	Chemistry for Environmental Engineers	3
4300:424	Water-Wastewater Laboratory	1
4300:426/526	Environmental Engineering Design	3
4300:427/527	Water Quality Modeling and Management	3
4300:428/528	Hazardous and Solid Waste	3

FIELD ARCHAEOLOGY

The Certificate in Field Archaeology is designed for students interested in field archaeology as a career choice. Cultural resource management (CRM or "contract archaeology") is the fastest-growing area of archaeology in the United States due to federal legislation which requires an archaeological assessment of the impact of federally-funded activities on prehistoric and historic cultural remains. This legislation has greatly increased the demand nationally for trained field archaeologists. The Certificate in Field Archaeology trains students to work in CRM by promoting a solid understanding of the principles and theories of archaeology as well as providing training in basic field methods and cutting-edge technology. The Certificate in Field Archaeology is multidisciplinary and students have the option of taking electives in Geology, Geography and Survey and Construction Engineering Technology.

The Certificate in Field Archaeology requires students to successfully pass three required courses and three elective courses, each worth 3 credits for a total of 18 credits

Requi	rements	Credits
3240:400	Archaeological Theory	3
3240:440	Archaeological Laboratory Methods	3
3240:450	Archaeological Field School	3
Electives:		
2980:122	Elementary Surveying	3
3240:410	Archaeogeophysical Survey	3
3240:420	Archaeology of Ohio	3
3350:405	Geographic Information Systems	3
3370:405	Archaeological Geology	3

Notes:

- (1) Only three credits of 3240:450 Archaeological Field School may be counted towards the Certificate in Field Archaeology.
- (2) The Certificate in Field Archaeology may be earned independently of a degree.

Total credits required for the Certificate in Field Archaeology: 18.

FINANCIAL PLANNING

The 24-credit certificate in Financial Planning will permit students to acquire the educational foundation for a career in financial planning and will qualify them to sit for the Certified Financial Planner Certification Examination.

6200:410	Taxation for Financial Planning	3
6200:430	Taxation I	3
6400:200	Foundations in Personal Finance	3
6400:301	Corporate Finance	3
	or	
6140:300	Introduction to Finance (non-business students only)	3
6400:343	Investments	3
6400:415	Risk Management and Insurance	3
6400:417	Retirement Planning	3
6400:432	Seminar in Personal Financial Planning	3
Total credits	required	24

FIRE PROTECTION TECHNOLOGY

Requirements

Fire continues to be a problem in the United States even though the loss of lives is declining due to new, innovative public education programs, rigorous enforcement of building and fire code enforcement and the application of advanced technology related to fire detection and suppression systems. However, with the loss of civilian lives ranging from 4,050 to 4,440 each year and property loss continuing to escalate, the need for well-educated fire fighters becomes more important as community resources are reallocated.

The Fire Protection Technology certificate will assist the student in acquiring the knowledge and skills necessary to function effectively as a fire protection specialist.

2230:100	Introduction to Fire Protection	4
2230:102	Fire Safety in Building Design and Construction	3
2230:104	Fire Investigation Methods	4
2230:202	Incident Management for Emergency Responders	4
2230:204	Fire Hazards Recognition	3
2230:205	Fire Detection and Suppression Systems	3
2230:250	Hazardous Materials	4

GENDER CONFLICT

Center for Conflict Management

www.uakron.edu/centers/conflict

Requirements

This is an 18-credit certificate providing students with an opportunity to conduct a rigorous, scholarly, and interdisciplinary investigation into gender conflicts.

•	Required		Credits
	3700:422 3850:447/547	Understanding Racial and Gender Conflict The Sociology of Sex and Gender	3
•	Chose from:		
	3700:402	Politics and the Media	3
	3700:334	Law, Mediation, and Violence	3
	3700:375	Women in Politics	3
	3850:325	Sociology of Women in Global Society	3
	3850:365	ST: Sociology of Peace and Violence	3
	3850:365	ST: Sociology of Sexuality	3
	3850:441	Sociology of Law	3
	3850:455	Family Violence	3
	3230:416	Anthropology of Sex and Gender	3
	3230:463	Social Anthropology	3
	3300:489	Seminar in English: Subversive Women	3
	3300:489	Seminar in English: British Women Writers	3
	3400:340	ST: African-American Women's History	3
	3400:350	US Women's History	3
	3400:493	Special Studies: Women, Film and History	3
	3400:325	Women in Modern Europe	3
	Internship	(3 credits from Sociology, Political Science, Anthropology or History)	3

GEOGRAPHIC INFORMATION SCIENCES AND CARTOGRAPHY

Contact Undergraduate Advisor, Department of Geography and Planning

Requirements

The geographic information sciences (GISci) integrate concepts, methods, and tools for collecting, analyzing, and visualizing spatial data, including physical, environmental, social, and economic information. An education in this rapidly growing professional and scientific field leads to careers in the public and private sectors as GI scientists, as geographic information systems (GIS) analysts, programmers, or technicians, or as cartographers or remote sensing analysts.

This baccalaureate certificate can be taken by degree-seeking students in geology, biology, business, engineering, computer science, emergency management, anthropology, political science, public administration, geography, and other related disciplines. It can also be taken as a freestanding certificate by non-degree seekers such as professionals who want to enhance their knowledge and skills as well as by anyone who wants to learn about this rapidly advancing scientific and practical field.

• Geotechniques Requirements — 9 credits:

	3350:405	Geographic Information Systems	3
	3350:440	Cartography	3
	3350:447	Remote Sensing	3
•	Geotechnique	s Electives — 9 credits:	

3350:407	Advanced Geographic Information Systems	3
3350:441	Global Positioning Systems (GPS)	1
3350:442	Cartographic Theory and Design	3
3350:444	Applications in Cartography and Geographic Information Systems	3
3350:445	GIS Database Design	3
3350:446	GIS Programming and Customization	3
3350:449	Advanced Remote Sensing	3
3350:481	Research Methods in Geography and Planning	3
3350:483	Spatial Analysis	3
3350:496	Field Research Methods	3

GERONTOLOGY

Harvey L. Sterns, Ph.D., Director

Requirements

This certificate program is a special course of study in gerontology that compliments undergraduate degree programs in various departments and colleges throughout the University. Individuals who already hold an undergraduate degree may also pursue the certificate. The program represents a concentration involving current knowledge and research in gerontology. It adds another dimension to the knowledge and skills a student is able to offer in the many professions that are becoming specialized in research and service to adults and older adults. This course of study coordinates multidisciplinary training of personnel in adult development and aging and helps to meet the critical shortage of trained individuals in the field of gerontology.

The undergraduate curriculum committee of the Institute for Life-Span Development and Gerontology will oversee this certificate program and certify through the director of the institute that all requirements for the certificate have

A sequence of study is available in Nursing Home Administration through the institute. The undergraduate certificate is included in the Ohio Board of Examiners of Nursing Home Administrators approved course of study in Nursing Home Administration which combines a Bachelor of Science degree in management (Human Resource Management Concentration) with a Certificate in Gerontology.

B.S./M.D. students may complete the Practicum/Internship and electives from courses available from the institute or the Office of Geriatric Medicine and Gerontology, NEOUCOM.

Admission

To participate in the program, a student must:

- Obtain admittance to The University of Akron as an undergraduate or postbaccalaureate student.
- Submit an application to the program countersigned by the student's major academic adviser.
- Participate in an interview with the Director or a designated faculty member of the Institute for Life-Span Development and Gerontology.
- Consult with the Director or a designated faculty member to formulate a program of study.
- Receive written notification of admission from the Director of the Institute for Life-Span Development and Gerontology.

Program

Minimum: 20 credits.

Core

		Credits
3006:450	Interdisciplinary Seminar in Gerontology	2
3006:495	Practicum/Internship (within Institute or in individual departments)	3
3100:392	Biology of Aging	3
3750:475	Psychology of Adulthood and Aging	4
3850:343	The Sociology of Aging	3

Electives (must be outside of student's major degree department)

3006:486	Retirement Specialist	2
3006:490	Workshop Women: Middle and Later Years	2
3006:490	Workshop Aging: Process and Intervention	2
3006:485-001	Special Topics Long Term Care: Case Management/Patient Services	3
3006:485-003	Special Topics Long Term Care: Health and Nutrition	3

3850:365	Special Topics in Sociology: Death and Dying	3
5400:400	Post Secondary Learner	3
6500:480	Introduction to Health Care Management	3
7400:441	Family Relationships in Middle and Later Years	3
7700:110	Introduction to Disorders of Communication	3
7750:450	Social Needs and Services: Aging	3

For students in course sequence for Nursing Home Administration, the following courses are required:

3006:485	ST: Long Term Care Administration	3
3006:485	ST: Long Term Care Case Management and Patient Services	3
3006:485	ST: Long Term Care Health and Nutrition	3
3006:485	ST: Long Term Care Administrator-in-Training Experience	3

Many courses have prerequisites; contact your adviser or the Institute director.

HEALTH CARE SELLING

Jon M. Hawes, Ph.D., Coordinator

This program provides the student an opportunity to develop and document an understanding of selling within the health care industry, an important economic sector accounting for approximately 10 percent of the economic activity in the U.S. This certificate is designed to serve the needs of students preparing for careers in selling pharmaceutical products, medical supplies and equipment, or other health care products and services.

A total of 15 credits is required for the certificate program. The student must complete 6 credit hours of required courses and 9 credit hours must be selected from a list of electives. To be granted the certificate, the student must take at least 6 credit hours in addition to any other major, minor, or certificate that has

HOME-BASED INTERVENTION

Helen Cleminshaw, Ph.D., Coordinator

This certificate program is a special course of study along with the undergraduate degree programs in various departments and colleges throughout the University. Undergraduate students will earn the certificate upon their graduation in their degree program. Individuals who already hold an undergraduate degree may pursue the certificate in the postbaccalaureate program. The program represents a concentration in current theoretical knowledge and practice in home-based intervention. It adds another dimension to the knowledge and skills a student is able to offer in the many professions that relate to services to at-risk children and their families. This course of study coordinates multidisciplinary training of personnel in home-based intervention and helps to meet the need for trained professionals in home-based intervention.

The undergraduate curriculum committee of the Center for Family Studies will oversee the certificate program and certify through the certificate program director that all requirements for the certificate have been completed.

Admission

To participate in the program the student should:

- Be formally admitted to The University of Akron as an undergraduate or postbaccalaureate student.
- Make written application to the program countersigned by the student's major advisor (if applicable).
- Have an interview with the director of the certificate program in Home-based Intervention.
- Consult with the director to formulate a program of study.
- Receive written notification from the director of admission to the program.

Program

All students enrolled in the home-based certificate program will enroll in the core courses in Home-based Intervention. Students will complete 18 credits in core and elective coursework.

Core (9-11 credits)		Credits
1820:403	Home-based Intervention Theory	3
1820:404	Home-based Intervention Techniques and Practice	3
1820:405	Home-based Intervention Internship	3-5

Eligibility courses (9 credits)

Students must have completed at least nine undergraduate credits in theoretical frameworks from their discipline or in related areas as follows:

Students will select at least one course from each area or document the same or an equivalent course from transcripts.

Psychology 3750:100 3750:230 3750:335	Introduction to Psychology Developmental Psychology Dynamics of Personality	3 4 4

Advanced Behavioral Management

HOSPITALITY MANAGEMENT

Program

2280:256

Hospitality Law

The Hospitality Management certificates in Culinary Arts, Hotel/Motel Management, and Restaurant Management are intended to meet the need of persons who are active or wish to become active in the hospitality industry and are seeking to acquire specific knowledge which will be of immediate use in their careers. The certificates are also of use to non-hospitality majors who wish to broaden their skills and employability by completing the required 32 credits of class and laboratory credits.

NOTE: The award of these certificates are not contingent upon completion of a degree program. All courses taken may be applied toward an associate degree in hospitality management.

INTERNATIONAL BUSINESS

This certificate program provides students with the opportunity to enhance their appeal on the job market by providing basic knowledge in international business. It is especially appropriate for students pursuing non-business degrees who have an interest in using their education in an international environment. It is also a valuable means for post baccalaureate students to learn about international business.

Requirements:

•	Required — Complete both courses (6 credits)		Credits
	6800:305 6800:405	International Business Multinational Corporations	3
•	Electives —	Complete at least three courses (9 credits)	
	6100:495	Internship in Business	3
	6400:481	International Business Finance	3
	6500:457	International Management	3
	6600:385	International Marketing	3
	6800:421	International Business Practices	3
	6800:496	Special Topics in International Business	3
	Total credits re	equired	15

INTERNATIONAL DEVELOPMENT

For information, contact Dr. Elizabeth Erickson Department of Economics at (330) 972-7546.

The primary goal of the International Development Certificate is to broaden the understanding and strengthen the skills of students who plan careers that involve work in less developed parts of the world. It provides a multidisciplinary backgrounds for students who plan more advanced study leading to positions in the government or non-governmental sectors. It also provides a broad but focused background background for students planning to participate in the economies of developing countries through international business.

The program is open to students in good academic standing. Full-time, special or non-degree students may participate in the IDC program.

Requirements

The curriculum has five aspects: foundational knowledge, area focus, skills, language ability and an independent project. There are a total of 24 credits in the Certificate: Six from required courses (3004:201 Introduction to International Development and 3004:401 International Development Project) and 18 from electives. In choosing electives, it is the responsibility of the student to determine whether they have the appropriate prerequisites.

Program

Introduction to International Development

Global,	Region and Area Focus (6 credits)	Credits
3350:353	Latin America	3
3350:360	Asia	3
3350:363	Africa South of the Sahara	3
3400:301	Mao's China	3
3400:416	Modern India	3
3400:473	Latin America: 20th Century	3
3400:476	Central America & the Caribbean	3
3700:405	Politics of the Middle East	3

Skills (6 credits)

Students are expected to acquire a broad set of functional skills that will allow them to read and critically evaluate quantitative and qualitative report materials relevant to their chosen area and interest. Students should chose skill courses in more than one disciplinary area.

Econometrics	3
Geographic Information Systems	3
Internship in Government & Politics*	3
Survey Research Methods	3
Methods of Social Research I or II	4
Qualitative Methods: Basis of Anthropological Research	3
Quantitative Business Analysis I or II	3
	Geographic Information Systems Internship in Government & Politics* Survey Research Methods Methods of Social Research I or II Qualitative Methods: Basis of Anthropological Research

Language Ability

It is the expectation that students will have or will obtain knowledge to the intermediate level of a foreign language appropriate to their area of interest. Each student should consult with the Director of the program to determine what language skills are needed in his or her specific case.

Project

Students seeking the International Development Certificate will develop their abilities to function in a foreign culture and to carry out a project by spending time abroad. Students are required to arrange an internship or other international experience with an institution, agency or firm through channels outside the certificate program, though the Director will provide advice if needed. They must consult with the Director to determine an appropriate period for their time abroad and provide a letter of affiliation from the institution, agency or firm to whom they are attached. During their time abroad, certificate candidates will complete a research project designed in conjunction with the Director of International Development Certificate Program. The successful report from this project constitutes the final requirement for the receipt of the ID certificate.

LATIN AMERICAN STUDIES

For information, contact Dr. Robert B. Kent, Department of Geography and Planning, at (330) 972-7622.

The Latin American Studies certificate provides a valuable background to students interested in increasing their understanding of Latin American culture. This is the culture of the fastest growing ethnic group in the U.S. as well as that of the vast majority of our neighbors in the Caribbean, Mexico, and Central and South America. A knowledge of Latin American culture and language is important to any U.S. student in the 21st century, when many aspects of our lives (eg. the economy, the environment, music, food, literature, art, education) are increasingly being affected by Hispanic and Brazilian influences. Latin American Studies also provides an indispensable cultural foundation for those involved in business directly or indirectly with Latin America and with the Spanish-speaking population of the United States.

Students may use this course only at the discretion of the Director, based on the nature of the internship

Requirements

The student in the Latin American Studies Certificate Program will major in the respective disciplines: classical studies, anthropology and archaeology, economics, geography, history, international business, sociology and Spanish.

Core

Three years of Spanish or the equivalent of the following:		Credits
3400:391	World Civilizations: Latin America	2
3580:101	Elementary Spanish I	4
3580:102	Elementary Spanish II**	4

In addition, the student will take 12 credits in the three separate disciplines chosen from the following list:#

Classical Studies, Anthropology and Archaeology

3230:355	Indians of South America	3

Economic Development and Planning for Underdeveloped Countries

Economics 3250:460

History		
3400:415	Latin America: National Origins	3
3400:416	Latin America: 20th Century	3
3400:417	United States, Latin America and Imperialism	3
3400:418	Mexico	3
3400:419	Central America and the Caribbean	3
3400:472	Latin America: Origins of Nationality	3
3400:473	Latin America: The 20th Century	3
3400:476	Central America and the Caribbean	3

International Business

Geography

3350:353	Latin America	3
Spanish		
3580:350	The Literature of Spanish -America in Translation	3
3850:432	Hispanic Culture: South America	4
3850:433	Hispanic Culture: Mexico and Central America	4

The student is also required to study three years of Spanish or the equivalent.

LINGUISTIC STUDIES

Introduction to Linguistics

Arthur Palacas, Ph.D., Director

Requirements

Completion of six linguistically oriented courses as follows: the foundation course, two core courses and at least three elective courses. Three or more of the courses must be at the 300/400 level. (Subject to approval by the program director, other theoretically oriented linguistics courses may substitute for core

To obtain the certificate, the student must have at least two semesters of language. A student entering the program should discuss plans with the director.

Foundation (Required)

3300:371

Core (Minimum of two of the following)			
3230:461	Language and Culture	3	
3300:472	Syntax	3	
3600:481	Philosophy of Language	3	
7700:230	Language Science and Acquisition	3	
	or		
7700:430	Aspects of Normal Language Development	3	

Electives		Credits
3300:400	Anglo Saxon	3
3300:470	History of the English Language	3
3300:471	U.S. Dialects: Black and White	3
3300:473	ST: Teaching ESL: Theory and Method	3
3300:489	ST: Sociolinguistics	3
3460:460	Artificial Intelligence and Heuristics Programming	3
3460:470	Automata, Computability and Formal Language	3
3580:405,6	Spanish Linguistics	8
3600:170	Introduction to Logic	3
3600:374	Symbolic Logic	3
3600:418	20th Century Analytic Philosophy	3
3600:471	Metaphysics	3
5200:335	Teaching of Language Arts	5
7600:325	Intercultural Communication	2
7700:210	Introduction to Clinical Phonetics	4
7700:101	American Sign Language I	3

MANUAL COMMUNICATION

Mona S. Klingler, M.A., Coordinator

This certificate, designed for those who use American Sign Language to communicate with the hearing impaired population, is open to undergraduate majors in any discipline as well as persons with a baccalaureate degree from the University or any other accredited institution. This certificate may also be earned independent of earning a degree.

Requirements

7700:101	American Sign Language I	3
7700:102	American Sign Language II	3
7700:120	Introduction to Audiology/Aural Rehabilitation	4
7700:121	Aspects of American Sign Language	2
7700:201	American Sign Language III	3
7700:202	American Sign Language IV	3
7700:222	Survey of Deaf Culture in America	2

Note: For students majoring in Speech-Language Pathology and Audiology, 7700:140 and 7700:240 (departmental required courses) will be substituted for 7700:120.

MARKETING AND SALES **TECHNOLOGY**

This program is designed for students who desire a formal, structured program in the field of Marketing and Sales but do not wish to pursue an associate or baccalaureate degree. In addition, students may have already received an associate or baccalaureate degree in another area and be interested in receiving formal training in the marketing segment of their career field.

Requirements

3

2420:211	Basic Accounting I	3
2520:101	Essentials of Marketing Technology	3
2520:203	Principles of Advertising	3
2520:204	Services Marketing	3
2520:206	Retail Promotion and Advertising	3
2520:212	Principles of Sales	3
2520:254	Sales Management Technology	3

^{**} Students may fulfill the language requirement by demonstrating basic competency in either Spanish or Portuguese at the FS-1 level (United State Department of State) or equivalent lev

Course substitutions may be made with the approval of the director of the certificate program. Study abroad credits earned through The University of Akron are especially appropriate for such course substitutions.

MARKETING AND SALES TECHNOLOGY: ADVERTISING

This program is designed for students who desire a formal, structured program in the field of Advertising but do not wish to pursue an associate or baccalaureate degree. In addition, students may have already received an associate or baccalaureate degree in a different area and be interested in receiving formalized training in advertising due to the pervasiveness of the field in virtually all areas

Requirements

		Creans
2020:224	Writing for Advertising	4
2520:101	Essentials of Marketing	3
2520:203	Principles of Advertising	3
2520:204	Services Marketing	3
2520:221	Advertising Campaign	3

MARKETING AND SALES TECHNOLOGY: WEB SITE DEVELOPMENT

Students are provided with the basic writing, Internet development and marketing skills necessary to create and maintain effective Web sites.

Requirements

2040:227	Writing for the World Wide Web	3
2240:140	Internet Tools	3
2440:212	Multimedia & Interactive Web Elements	3
2520:290	Web Marketing	3

MATERIALS TESTING TECHNOLOGY

Requirements:

A minimum of 16 hours is required.

The purpose of the certificate program in Materials Testing is to train individuals in the processes and procedures involved in standardized laboratory testing of construction related materials. The certificate program requirements may be completed without completing other degree requirements. Students working toward an A.A.S. degree in Construction Engineering Technology or a B.S. degree in Construction Engineering Technology may complete the necessary coursework to complete the certificate requirements. Courses completed for the certificate in addition to the initial degree requirements may count as technical electives for the chosen degree

The following courses are required:

2990:125	Statics	3
2990:237	Materials Testing I	2
2990:238	Materials Testing II	2
2990:241	Strength of Materials	3
2990:320	Advanced Materials Testing	3
2990:355	Computer Applications in Construction	3

For further information, contact:

Construction Engineering Program Director Summit College The University of Akron Akron, OH 44325-6104 (330) 972-2055

MEDICAL BILLING

The Medical Billing certificate is designed to prepare entry-level personnel for the medical billing office, physician's offices, peer review organizations, clinics, consulting firms, and/or insurance companies.

This certificate covers topics such as ICD-9-CM coding, CPT coding, and other various information related to medical insurance claims.

Requirements:		Credits
2740:120	Medical Terminology	3
2740:127	Administrative Medical Assisting II	4
2780:106	Anatomy & Physiology for Allied Health I	3
2740:128	Basic Procedural Coding	3
2740:129	Basic Diagnostic Coding	3
2740:121	Study of Disease Processes	3
2740:230	Basic Pharmacology	3
2780:107	Anatomy & Physiology for Allied Health II	3
2740:228	Medical Insurance	3
2740:245	Medical Externship	4

MEDICAL TRANSCRIPTIONIST

This one-year certificate for persons with previous or no college training and/or office experience can enhance career opportunities in the medical field, as the demand for medical transcriptionists is high. A student will take 31 credit hours of core courses. Students will learn an advanced level of transcription skill for the transcription of letters, chart notes, history and physical examination reports, consultations, emergency room reports, operative reports, discharge summaries, laboratory reports, diagnostic studies, radiology and pathology reports.

Requirements:

2540:119	Business English	3
2540:151	Intermediate Word Processing	3
2740:120	Medical Terminology	3
2740:121	Study of Disease Processes	3
2740:240	Medical Transcription I	3
2740:245	Medical Externship and Seminar	4
2780:106	Anatomy and Physiology for Allied Health	3
2780:107	Anatomy and Physiology for Allied Health II	3

MOTION AND CONTROL SPECIALIZATION

The primary purpose of the motion and control certificate program is to provide the graduating engineers with a focused expertise in motion and control and to furnish the necessary tools in order to enable them to follow the changes in technology after graduation. In addition, the program will also serve the practicing engineers and life-long learners to come back to school and refresh their skills using the certificate program proposed here. Mechanical engineering students who may choose this certificate program with special emphasis in motion and control will take all mechanical engineering electives in motion and control

Requirements:

4600:444/544	Robot, Design, Control and Application	3
4600:442/542	Industrial Automatic Control	3
4600:670	Integrated Flexible Manufacturing Systems*	3

3

OFFICE ADMINISTRATION -GENERAL OFFICE ASSISTANT

Designed for students who possess beginning keyboarding skills and want to obtain entry-level office skills in two semesters. All credits apply to an associate degree in Office Administration.

	Credits

PAN-AFRICAN STUDIES

For information, contact the Pan-African Studies Office, (330) 972-8447.

Requirements

To satisfy the requirements for the certificate, a student must complete at least 15 semester credits and five courses with a minimum 2.30 GPA from the list of elective courses or other courses identified as acceptable by the director. The requirements are as follows:

Required courses (6 credits): 3002:201 Introduction to Pan-African Studies

3400:361	African American History 1492-1877	3
	or	
3400:362	African-American History 1877-present	3
Elective (Courses (9 credits)	
2040:254	The Black Experience from 1619 to 1877	2
2040:257	The Black Experience 1877 to 1954	2
3002:301	The Civil Rights Movement in America 1945-1974	3
3002:401	General Seminar in Pan-African Studies	3
3002:420	Special Topics in Pan-African Studies	1-3
3002:498	Independent Study	1-3
3300:350	Black American Literature	3
3300:389	Special Topics: African-American Novel	3
3300:389	Special Topics: African-American Drama	3
3300:471	United States Dialects: Black and White	
3300:689	Special Topics: Seminar Wright/Ellison/Baldwin	3
3350:363	Africa South of the Sahara	3
3400:390	World Civilizations: Africa	2
3400:340	Special Topics: African Experiences in Latin America	3
3400:468	African-American Social and Intellectual History	3
3850:421	Racial and Ethic Relations	3
7750:270	Poverty and Minority Issues	3
7750:276	Introduction to Social Welfare	4
7750:455	Black Family Issues	3

A student undertaking the Pan-African Studies Certificate Program must have **prior** consultation with the director of Pan-African Studies.

Only students entering the certificate program after Fall 1996 will receive a certificate entitled Pan-African Studies. Students entering the program prior to Fall 1996 will receive a certificate entitled African-American Studies.

PARALEGAL STUDIES

Admission Requirements:

Students interested in the certificate program must meet one of the following criteria in order to be admitted:

- · Bachelor's degree or beyond;
- · Associate degree;

Graduation Requirements:

- 2.0 GPA in major;
- · Minimum of 32 credits as set forth in curriculum guide;
- No grade below a C in major.

•	Required coursework includes		Credit
	2290:101	Introduction to Legal Assisting	3
	2290:104	Basic Legal Research and Writing	3
	2290:106	Business Associations	3
	2290:108	Real Estate Transactions	3
	2290:118	Probate Administration	4
	2290:220	Legal Assisting Internship	4

· Students are required to take 12 hours from the following courses

2220:290	Special Topics – Legal Assisting	3-5
2290:110	Tort Law	3
2290:112	Family Law	3
2290:204	Advanced Legal Research	3
2290:214	Civil Procedures	3
2290:216	Debtor-Creditor Relations	3
2290:218	Advanced Probate Administration	3

Students interested in a Probate emphasis should take 2290:204, 2290:218, 2290:220, and two other courses Spring Semester.

Students interested in a Civil Litigation emphasis should take 2290:204, 2290:214 and 2290:220 and two other courses of their choice during the Spring Semester.

PARENT AND FAMILY EDUCATION

Susan D. Witt, Ph.D., Coordinator

Requirements

This certificate is intended for individuals who wish to enhance their knowledge of parenting and family life, study issues relevant to parenting and family life and develop skills useful in working with parents and families. The certificate may be added to any undergraduate degree program; it may also be completed by nonfamily or non-child development majors.

Program

Core		Credits
Complete the	following:	
7400:265	Child Development	3
7400:360	Parent-Child Relations	3
7400:496	Parent Education	3

Electives

Students must successfully complete six credits of coursework selected from the various departmental courses listed below. These credits shall be chosen from departments outside the student's discipline.

Family and Consumer Sciences:

7400:201	Courtship, Marriage and Family Relations	3
7400:255	Fatherhood: The Parent Role	3

Internship (3 credits)

POLYMER ENGINEERING SPECIALIZATION

The College of Engineering and the College of Polymer Science and Polymer Engineering allow for a specialization for the mechanical engineering student. Students may earn a Polymer Engineering Specialization Certificate by satisfying the following requirements

Requirements

Choose one o 9871:401	f the following three Polymer courses: Introduction to Elastomers	Credits 3
	or	
9871:402	Introduction to Plastics	3
	or	
9871:407	Polymer Science	3
and the follow	ring two courses:	
4700:425	Introduction to Blending and Compounding of Polymers	3
4700:427	Introduction to Molding Technology	3
	3	

POSTSECONDARY TEACHING

Susan J. Olson, Ph.D., Program Coordinator solson@uakron.edu

Requirements

This certificate program in postsecondary teaching is a special course of study within the College of Education to serve practicing or prospective postsecondary instructors in a variety of postsecondary institutions. Persons are eligible for admission to the Certificate in Postsecondary Teaching if they have been fully admitted to The University of Akron to study as an undergraduate or as a postbaccalaureate student. Individuals who already hold undergraduate or graduate degrees may also pursue this certificate.

Students shall seek admission to this program by filling out an application with the Graduate School. Once admitted, students will meet with the program coordinator to plan their programs of study. All accepted coursework must be no older than six years at the time of completion of the certificate. Only undergraduate credit may be used for the undergraduate certificate. Any course substitutions must be made with the advisor's prior written approval. Students must earn a "B" or better in all certificate coursework to receive this certificate. Students must have an undergraduate GPA of 2.75 or higher to be accepted. Enrollment will be limited to space available. All coursework must be completed within six vears.

Program

Minimum 19 credits:

5400:400	Postsecondary Learner	3
5400:401	Learning with Technology	1
5400:405	Work force Education for Youth and Adults	3
5400:420	Postsecondary Instructional Technology	3
5400:430	Systematic Curriculum Design for Postsecondary Instruction	3
5400:435	Systematic Instructional Design in Postsecondary Education	3
5400:475	Instructional Practice Seminar	3

PROFESSIONAL COMMUNICATION

Joseph F. Ceccio, Ph.D.; Dudley Turner, Ph.D., Co-directors

Requirements

The program will help meet our technological society's growing need for educated people who can develop sophisticated strategies for effective communication of business and technical information. People in the business community increasingly depend on communication to solve complex management, sales and information processing problems. The communication demands of business and industry are significant, and in many ways, different from those dealt with in traditional courses and majors. Undergraduates in various fields and those who already possess a baccalaureate degree will wish to study specifically to meet communication demands. A formal certificate will recognize their preparation for handling the communication needs of business and industry. This certificate must be earned concurrently with an undergraduate (associate or bachelor's) degree. A student who already possesses an undergraduate degree may directly pursue

Program

		Credits
3300:390	Professional Writing I	3
3300:391	Professional Writing II	3
7600:309	Public Relations Publications	3
7600:345	Business and Professional Speaking	3

Because all four courses have prerequisites, students should consult course descriptions in Section 8 for each course description.

PROFESSIONAL SELLING

Jon M. Hawes, Ph.D., Coordinator

QUALITY ASSURANCE

Requirements:

A minimum of 15 hours is required.

The need for trained quality technicians continues to grow as manufacturing increases its focus on quality as an absolute requirement in the very competitive world-wide environment. The certificate program will provide entry-level qualifications for non-degreed individuals while also offering the opportunity for career manufacturing personnel to obtain formal quality training. All courses taken may be applied toward the AAS or BS degree in Manufacturing Engineering Technology.

he following courses are required:		
2820:131	Software Applications for Technology	1
2870:441	Advanced Quality Practices	3
2880:100	Basic Principles of Manufacturing Management	4
2880:241	Introduction to Quality Assurance	3
3470:261	Introductory Statistics I	2
3470:262	Introductory Statistics II	2

For further information, contact: Engineering & Science Technology Department Summit College The University of Akron Akron, OH 44325-6104 (330) 972-7052

RACIAL CONFLICT

Center for Conflict Management

www.uakron.edu/centers/conflict

Requirements

This is an 18-credit undergraduate certificate that is an intensive and interdisciplinary examination of racial conflict.

Required:		
3850:421	Racial and Ethnic Relations	3
3700:422	Understanding Racial and Gender Conflict	3
Choose from:		
3700:334	Law, Mediation, and Violence	3
3700:402	Politics and the Media	3
3700:430	Management of Probation and Parole	3
3700:462	Supreme Court and Civil Liberties	3
3850:310	Social Problems	3
3850:320	Social Inequalities	3
3850:365	ST: Sociology of Peace and Violence	3
3850:441	Sociology of Law	3
3230:410	Evolution and Human Behavior	3
3230:463	Social Anthropology	3
3400:340	African-American Women's History	3
3400:438	Nazi Germany	3
3400:454	The Civil War and Reconstruction, 1850-1877	4

REAL ESTATE

Requirements

Pre-licensing Courses - Real Estate Sales

Successful completion of the four (4) state required prelicensing courses prepares and permits students to sit for the Division of Real Estate state licensing exam in real estate sales.

Certificate Program and Prelicensing - Real Estate Broker

The certificate program is designed to serve the needs of the practicing real estate professional and prospective real estate broker. Course offerings are designed to allow a student to earn a Certificate in Real Estate and/or complete the course educational requirements to become licensed as a real estate broker. To receive the certificate, the student must complete the required courses with a minimum 2.00 grade-point average. A minimum of 12 credit hours must be earned in the University's Real Estate Program.

Admission

All pre-licensing and certificate applicants must apply to the University and meet its admission requirements. The person wishing to pursue a certificate must sign a contract with Summit College which will indicate the required course of study and such work that may be transferred from real estate programs outside the University.

Program

Pre-licen	sing - Sales	Credits
2430:105	Real Estate Principles	3
2430:185	Real Estate Law	3
2430:245	Real Estate Finance	2
2430:255	Valuation of Residential Property	2
Certificat	e and Pre-Licensing - Broker	
2430:105	Real Estate Principles	3
2430:185	Real Estate Law	3
2430:245	Real Estate Finance	2
2430:255	Valuation of Residential Property	2
2430:265	Real Estate Brokerage	2
2430:275	Real Estate Projects	2
2520:212	Principles of Sales	3
Electives	Minimum of one course	
2040:242	American Urban Society	3
2420:170	Applied Mathematics for Business	3
2420:202	Elements of Human Resource Management	3
2440:105	Introduction to Computer and Application Software	3
2520:203	Principles of Advertising	3

RETAIL MARKETING

Dale M. Lewison, Ph. D., Coordinator

This certificate program provides students with the opportunity: (1) to learn the basic concepts, processes, and practices of retail marketing, (2) to develop the foundation skills needed to operate a retail business, and (3) to understand the workplace competencies needed to be successful in the retailing industry. This certificate is especially appropriate for students pursuing a non-business degree with an interest in working within the retailing industry.

Program

Total credits required

•	Required:	Complete	all 9	credits
---	-----------	----------	-------	---------

	2520:202 6600:300 6600:450	Retailing Fundamentals Marketing Principles Strategic Retail Management	3 3 3
•	Electives: Con	nplete two courses - 6 credits	
	2520:206	Retail Promotion and Advertising	3
	6600:350	Integrated Marketing Communications	3
	6600:355	Buyer Behavior	3
	6600:440	Product and Brand Management	3

15

RUSSIAN AREA STUDIES

For information, contact the Department of History, (330) 972-7006.

Requirements

To obtain a certificate in Russian Area Studies, the undergraduate will satisfy the requirements for a baccalaureate major in the field of study of his or her choice. In addition the student will complete two years of Russian language(14 credits) and will also complete 12 additional credits in courses dealing with the study of Russia. These courses may be selected from the following list:

Economics				
3250:450	Comparative Economic Systems	3		
Geography	,			
3350:358	U.S.S.R.	3		
History	History			
3400:458	Russia to 1801	3		
3400:459	Russia since 1801	3		
Political Science				
3700:300 Comparative Politics				

SMALL BUSINESS MANAGEMENT

This program is designed to address the expressed needs of small business students, many of whom are presently, or soon will be, small business owners and are interested in acquiring specific knowledge that will help them in their business immediately. This program would be valuable for many non-business majors who could benefit by this exposure to business concepts. The emphasis is on serving the objectives of those students seeking autonomy in exercising their initiative and ambition, including both traditional and non-traditional students.

The awarding of this certificate is not contingent upon completion of a degree program.

2420:117	Small Business Development	3
2420:118	Financial Management and Planning for the Small Business	4
2420:170	Applied Mathematics for Business	3
2420:211	Basic Accounting I	3
2420:227	Entrepreneurship Projects	3
2420:280	Essentials of Business Law	3
2440:103	Software Fundamentals	2
2540:119	Business English	3

SUPERVISION AND MANAGEMENT

The Supervision and Management Certificate Program is aimed at providing knowledge and skills to the new and existing supervisor as well as to the individual who aspires to a supervisory position. The certificate program has been carefully designed to be flexible in order to meet the needs of various organizations and individuals. This program is in response to what many employers in the area have identified as a need that Summit College could help them meet. This certificate may be earned independent of earning a degree.

A minimum of 21 semester hours is required as follows:

Interpersonal Skills

2040:240	Human Relations	3
2040:251	Human Behavior at Work	3
One course mus	t be taken from each of the following three categories:	

Management Theory and Skills

2420:103	Essentials of Management Technology	3
2880:100	Basic Principles of Manufacturing Management	4
Commun	ication Skills	
2020:121	English	4
2020:222	Technical Report Writing	3
2540:263	Professional Communications and Presentations	3
Math		
2030:151	Elements of Math I	2
2030:152	Elements of Math II	2

In addition to the above courses, a minimum of 6 credits must be completed from the following:

Applied Mathematics for Business

2040:247	Survey of Basic Economics	3
2420:202	Elements of Human Resource Management	3
2420:211	Basic Accounting I	3
2440:103	Software Fundamentals	2
2540:265	Women in Management	3
2880:210	Controlling and Scheduling Production	2
2880:232	Labor Management Relations	3
2880:241	Introduction to Quality Assurance	3

SURVEYING TECHNOLOGY

A minimum of 18 hours is required.

2420:170

The certificate program in Surveying Technology may be earned independent of any degree program. This program has been designed so that BSCE majors or graduates can meet the minimum education requirements in surveying coursework for registration as a Professional Surveyor. It is also designed to meet the education requirements for Technical Certification through the American Congress on Surveying and Mapping, National Society of Professional Surveyors. A minimum of 18 credits are required. All courses taken may be applied toward an A.A.S. degree in Surveying Engineering Technology and/or B.S. degree in Surveying and Mapping Technology.

The following 9 semester hours are required.

2980:101	Basic Surveying I	2
2980:102	Basic Surveying II (or equivalent)	2
2980:228	Boundary Surveying	3
2980:310	Survey Computations and Adjustments	2

A minimum of 9 semester hours selected from the following (BSCE majors should consult with the Surveying Program Director to ensure that all State Board of Registration requirements are met).

2980:123	Surveying Field Practice	2
2980:222	Construction Surveying	3
2980:225	Advanced Surveying	3
2980:315	Boundary Control & Legal Principles	3
2980:415	Legal Aspects of Surveying	3
2980:421	Subdivision Design	3
2980:422	GPS Surveying	2
2980:426	History of Surveying	2
2980:xxx	Survey Elective	1-3

For further information, contact:

Surveying & Mapping Program Director, Summit College, The University of Akron, Akron, OH 44325-6104; (330) 972-7059.

SURVEYING AND MAPPING TECHNOLOGY

Geographic and Land Information Systems

Requirements

Credits

A minimum of 18 hours is required.

The certificate program in Geographic and Land Information Systems may be earned independently of any degree program. This certificate program has been designed to provide individuals with the basic entry-level skills necessary for those seeking positions as GIS Technicians. All courses taken may be applied toward an A.A.S. degree in Surveying Engineering Technology and/or the B.S. degree in Surveying and Mapping Technology. Students who do not have experience or formal training in basic drafting and computer aided drawing must complete coursework in these areas first (see advisor).

The following courses are required:		Credits
2940:170	Surveying Drafting	3
2980:223	Fundamentals of Map Production	3
2980:422	GPS Surveying	2
2980:445	Application in GIS with GPS	3
2980:498	Independent Study	1
2985:101	Introduction to Geographic and Land Information Systems	3
3350:405	Geographic Information Systems	3

For further information, contact:

Surveying & Construction Program Director Summit College The University of Akron Akron. OH 44325-6104 (330) 972-7059

TEACHING ENGLISH AS A SECOND LANGUAGET

Kenneth J. Pakenham, Ph.D., Director

Requirements

This program is intended for those who seek training in the teaching of English as a second language (ESL) at the elementary or high school level or who wish to obtain an initial qualification in teaching ESL in order to teach in settings other than the Ohio public school system. For Ohio certification in teaching ESL, see TESOL Validation requirements in Section 4 of this Bulletin under the College of

The program is designed to introduce the student to the central issues in the theory and practice of teaching English to non-native speakers through courses in modern and applied linguistics, in second language pedagogy and in related disciplines.

Students who do not have English as a native language must demonstrate adequate proficiency in English with a valid TOEFL score of at least 550.

Program

This certificate requires the completion of four core courses and two elective courses for a minimum of 18 credits

Core

3300:473	Special Topics: Teaching ESL: Theory and Method	3
3300:489	Special Topics: Grammatical Structures of English	3
5500:481	Multicultural Education in the U.S.**	3
	or	
3300:489	Special Topics: Sociolinguistics**	3
5500:487	Techniques for Teaching English as a Second Language	
	in the Bilingual Classroom	4

- The awarding of this certificate is not contingent upon completion of a degree program. Undergraduate certificate programs require a 2.00 grade-point average; graduate certificate programs require a 3.00 grade-point average.
- ** Choice to be decided in consultation with the program director.

3

3

Electives		Credits
3300:371	Introduction to Linguistics	3
3300:470	History of the English Language	3
3300:472	Syntax	3
3300:489	Special Topics: Sociolinguistics‡	3
3580:405	Spanish Linguistics	4
5500:485	Teaching Language Literacy to Second Language Learners	4
7600:325	Intercultural Communication	3
7700:230	Language Science and Acquisition	3
7700:430	Aspects of Normal Language Development	3

TECHNICAL AND SKILLS TRAINING

Contact Dr. Qetler Jensrud, Coordinator, (Qetler@uakron.edu) for more information

This certificate program in technical and skills training is a special course of study within the College of Education to serve the practicing or prospective business and/or industrial-technical trainer. Persons are eligible for admission to the Certificate in Technical and Skills Training if they have been fully admitted to The University of Akron to study as an undergraduate student. Individuals who hold undergraduate or graduate degrees may also pursue this certificate. All coursework must be completed in six years.

Requirements

Mınımum:	19 Credits	
5400:400	Postsecondary Learner	3
5400:401	Learning with Technology	1
5400:415	Training in Business and Industry	3
5400:420	Postsecondary Instructional Technology	3
5400:430	Systematic Curriculum Design for Postsecondary Instruction	3
5400:435	Systematic Instructional Design in Postsecondary Education	3
5400:475	Instructional Practice Seminar	3

NOTES: 5400:401 is required before (or with) first courses in any postsecondary technical education (5400). The Instructional Applications Seminar is the last course taken

All 5400 courses are available online or face-to-face.

TRANSPORTATION PLANNING

Contact Undergraduate Advisor, Department of Geography and Planning.

Transportation Planning issues are increasingly important for our region and the nation as a whole. With increases in vehicular traffic and the attendant traffic congestion, the need for proper and effective planning cannot be overemphasized.

A certificate enables students from a variety of fields ranging from geography to engineering and business to acquire key analytical skills that would prepare them for careers in transportation planning and management.

The program is open to all students in good standing. Full-time, special or nondegree students may participate in the program.

Core Requirements (9 credits) 3350:422 Transportation Systems Planning

4000.001	Transportation Engineering	5
4300:463	Transportation Planning	3
Electives (9 credits)	
3350:420	Urban Geography	3
3350:432	Land Use Planning Law	3
3350:433	Practical Approaches to Planning	3
3350:437	Planning Analysis and Projection Methods	3
3350:438	Land Use Planning Methods	3
4300:466	Traffic Engineering	3

URBAN AND REGIONAL PLANNING

Contact Undergraduate Advisor, Department of Geography and Planning

Program

This baccalaureate certificate is designed to provide students with an understanding of basic concepts, methods, and tools used in urban and regional planning. The certificate can be taken by undergraduates majoring in geography, geology, political science, management, engineering, and related disciplines. It can also be taken as a freestanding certificate by non-degree seekers from:

- planning agencies, planning commissions, zoning commissions
- private firms dealing with environmental design, landscape design, architecture, real estate, and construction
- nongovernmental or advocacy organizations such as those in preservation and environmental planning
- ordinary citizens who want to learn more about their surroundings and how they are planned

Planning Requirements — 6 credits:		Credits
3350:433 3350:405	Practical Approaches to Planning Geographic Information Systems	3
Planning Elec	ctives — 9 credits:	
3350:415	Environmental Planning	3
3350:422	Transportation Systems Planning	3
3350:432	Land Use Planning Law	3
3350:437	Planning Analysis and Projection Methods	3
3350:438	Land Use Planning Methods	3
3350:439	History of Urban Design and Planning	3
3350:450	Development Planning	3
Geotechniqu	es Electives — 3 credits:	
3350:440	Cartography	3
3350:447	Remote Sensing	3
3350:483	Spatial Analysis	3
3350:496	Field Research Methods	3

VICTIM STUDIES

The Department of Sociology and the School of Social Work offer a joint certificate program in Victim Studies. The program prepares students in sociology, social work, and other disciplines who would like to develop a specialization in victimology/victim studies in their degree program and future work.

Core Required Courses (12 credit hours) The Victim in Society

3850: 428

7750: 480

7750: 450

7750: 451

3

3850: 455	Family Violence	3
7750: 480	Special Topics: Crisis Intervention	3
7750: 445	Social Policy Analysis for Social Workers	3
Elective Cours	es (9 credit hours): select one course from each area.	
Treatment	and Intervention	
7750: 480	Special Topics: Disaster Intervention	3
7750: 465	Administration and Supervision in Social Work	3
7750: 475	Substance Abuse and Social Work Practice	3
3850: 431	Corrections	3
3850: 350	Drugs in Society	3
Status Gro	ups	
7750: 411	Women's Issues in Social Work Practice	3
3850: 343	The Sociology of Aging	3
3850: 344	Sociology of Gender	3
3850: 421	Racial and Ethnic Relations	3
3850: 423	Sociology of Women	3

Special Topics: Foster Care and Adoption

Social Needs and Services: Aging

Social Work in Child Welfare

Policy and La	W	Credits
3850: 433	Sociology of Deviant Behavior	3
3850: 441	Sociology of Law	3

3850: 324	Social Movements	3
7750: 425	Social Work Ethics	3
7750: 454	Social Work in Juvenile Justice	3
7750: 470	Law for Social Workers	3

NOTE: Prerequisite courses for the Social Work courses will be waived for Sociology majors.

WOMEN'S STUDIES

For information, contact the Women's Studies Office, (330) 972-7008.

Interdisciplinary and personalized, the Women's Studies certificate fosters a critical approach to knowledge about women; at the core of its intellectual agenda is diversity. By focusing on cultural practices that have largely excluded and devalued differences in gender, sexual orientation, ethnicity, race, and class, Women's Studies prepares students to appreciate and act in a pluralistic world. The Women's Studies certificate integrates scholarship and research on women and gender from literature, psychology, history, sociology, and communication. Students are challenged to debate assumptions, explore divergent viewpoints, and discover the partial and often self-interested emphases of our society's most powerful institutions - family, church, academia, business, and government.

The Women's Studies Program helps students to evaluate what they have been taught and, most importantly, it empowers them to claim their educations - ones not readily available in the traditional university curricula - and to work for social justice after their educations. Students find their own voices and develop the esteem necessary to articulate their own views. Out of such opportunities, a student culture of respect and tolerance emerges to support lasting communities that value and promote individual worth, collective action, and intellectual courage.

Students may enroll in any Women's Studies courses and/or make an appointment with the director to discuss a plan of study. Students need not be enrolled in the certificate program to take Women's Studies courses. This certificate may be earned independently of a degree.

Admission

To participate in the program, the student must:

- · Be formally admitted to The University of Akron as 1) an undergraduate seeking a baccalaureate degree; 2) a postbaccalaureate student; or 3) by special admission for a free-standing certificate.
- Make written application to the program countersigned by the student's major academic advisor.
- Receive written notification of admission from the Director of the Women's Studies Program.
- Consult with the Director of the Women's Studies Program to formulate a program of study.

Research Centers and Institutes

Research Centers and Institutes

University Research Council

The University Research Council is responsible for encouraging, supporting, and making recommendations pertaining to sponsored and contractual research carried out at the University's departments, schools, centers, and institutes. The council consists of the Vice President for Research and Dean, Graduate School, the Director of Research Services and Sponsored Programs, representatives of the Faculty Senate, various college deans and institute directors, and General Counsel. Sponsored research activities on campus are coordinated by the Vice President for Research and Dean, Graduate School and the Director of Research Services and Sponsored Programs.

Akron Global Polymer Academy

R. Kent Marsden, Interim Director

As a world leader in polymer research and education, The University of Akron's College of Polymer Science and Polymer Engineering uses the Akron Global Polymer Academy for synchronous and asynchronous distance learning to support K-12 science instruction, global research collaboration, internet instrument sharing, virtual laboratories, graduate education, and workforce development.

Ray C. Bliss Institute of Applied **Politics**

John C. Green, Ph.D., Director

The Ray C. Bliss Institute of Applied Politics is a public education and research adjunct of Buchtel College of Arts and Sciences. The broad purposes of the institute, in keeping with the career of its namesake, Ray C. Bliss, are: to give all citizens, and particularly students, an opportunity to learn how to become active and competent in political life; to help maintain a tradition of ethical public service in politics; to foster useful relationships between applied politics and political science; to promote public comprehension of political organizations and the requirements for their effectiveness; and to improve understanding of continuity and change in American political institutions.

Institute for Biomedical Engineering Research

Daniel B. Sheffer, Ph.D., Director

This institute was established in 1979 to promote interdisciplinary studies in the rapidly growing areas of knowledge which overlap the fields of biology and medicine, on the one hand, and engineering and the physical sciences, on the other. It conducts seminars, courses and degree programs in biomedical engineering in association with the College of Engineering and individual departments.

In addition to its research and educational functions, the institute provides a research service to local hospitals and industry, as well as to private and government agencies. The premise for this program is that the combined resources of the University, Northeastern Ohio Universities College of Medicine and affiliated organizations will often permit more cost-effective solutions than would be possible by an individual or group doing the research independently.

The work of the institute is carried out by faculty of the Department of Biomedical Engineering in association with "members" selected from the faculties of The University of Akron and Northeastern Ohio Universities College of Medicine, as well as from the ranks of area physicians, engineers and scientists. The institute and the department occupy the third floor of the Olson Research Center on the north edge of the campus.

Center for Advanced Vehicles and Energy Systems (CAVES)

The Center for Advanced Vehicles and Energy Systems (CAVES), in operation since 2002 and officially established in 2005, focuses on the research, development, and dissemination of advanced automotive technology and alternative energy systems and their enabling technologies. CAVES participants include 40 undergraduate and graduate students all of whom are currently involved in hybrid vehicle technology and related areas. CAVES activities are housed within a number of facilities comprising approximately 4,000 square feet. These facilities include the Power Electronics Research Laboratory, the Battery Research Facility, the Challenge X HEV Facility, and the Pervasive Automation Laboratory. Approximately 12 master's and doctoral students have graduated over the last five years in CAVES related fields.

Center for Applied Polymer Research

Robert H. Seiple, M.S., Manager

Operating under the Institute of Polymer Science, the Applied Polymer Research Center (APRC) provides technical services to thousands of companies. Industrial clients of all sizes gain access to top researchers, knowledge bases, and advanced equipment. With a full-time professional staff, the APRC is dedicated to providing timely and reliable contractual technical services for industrial and government clients. Key areas of technical service include: polymer characterization, additive identification, defect analysis, thermal analysis, dynamic mechanical thermal analysis (RPA, DMTA), electron microscopy (STEM, TEM, SEM, AFM), chromotography and spectroscopy.

Center for Collaboration and Inquiry

Operated jointly by the Buchtel College of Arts and Sciences and the College of Education, the Center for Collaboration and Inquiry was created in 2002 to promote the practice, research and dissemination of inquiry-based teaching and learning. The Center supplies the resources and assistance necessary for P-16 teachers to create effective learning environments and fosters collaborative research efforts between experts of both content and educational methods.

Center for Conflict Management

William T. Lyons, Jr., Ph.D., Director

The University of Akron has a long and proud history of the interdisciplinary study of conflict because understanding the nature of conflict is the first step toward reducing conflict and violence at home, in our communities, workplaces, and schools. The Center for Conflict Management, jointly administered by the departments of Political Science and Sociology, seeks to build on that tradition by combining courses in several departments to enhance the capacity of students to effectively work toward reducing the harms associated with conflict and violence from interpersonal to international.

For more information, contact the office, 202 Olin Hall, (330) 972-5855, wtlyons@uakron.edu or www.uakron.edu/centers/conflict.

H. Kenneth Barker Center for **Economic Education**

Fred M. Carr, Ph.D., Director

The center exists to improve the economic literacy of individuals to help them function competently as citizens, producers and consumers.

The center conducts workshops, seminars and economic programs for teachers, students and interested groups. It provides consulting services in the area of economic education and acts as a clearinghouse for the gathering and dissemination of economic education materials and programs. It also fosters an understanding and appreciation of the American economic system.

Center for Emergency Management and Homeland Security Policy Research

Nancy K. Grant, Ph.D., Director

The intent and primary charge of the Center for Emergency Management and Homeland Security Policy Research (CEMHSPR) is the improvement of the practice of emergency management. The Center focuses on policy and its interaction with the function of emergency management. This policy analysis and research relates to contemporary Emergency Management questions/issues in the State of Ohio and Nationally. Project areas include terrorism preparedness, business and industry continuity, disaster response, and recovery assessment as well as management practices relating to crisis and disasters.

Center for Environmental Studies

Ira D. Sasowsky, Ph.D., Director

The Center for Environmental Studies matches the expertise of about 100 faculty in 33 disciplines with the needs of students seeking study and research opportunities related to the environment. Since its founding in 1970, the center has sponsored, or in other ways supported, activities appropriate to understanding the Earth system and maintaining a quality environment for humanity.

The center offers both undergraduate and graduate certificate programs. By enrolling in selected courses outside of their major field of study, students receive the broad training required to address environmental concerns. The center also coordinates special forums, workshops, and seminars that address major issues. Examples include the National Energy Forum, the World Food Forum, and Evaluation of Environmental Data. Workshops on environmental studies in England, energy, and natural history exemplify the interdisciplinary approach to the understanding of issues.

Center for Family Studies

Helen K. Cleminshaw, Ph.D., Director

The Center for Family Studies, established in 1979, was designed to stimulate and encourage the interdisciplinary study of the family. It serves both the University and the community by fostering collaboration between faculty, students, practitioners and community leaders on curriculum development, educational conferences and seminars, research and training, and public policy relevant to important family issues.

The Center is represented by faculty from five colleges and over 15 disciplines. It also includes leaders from various community systems, such as schools, hospitals, courts, churches, mental health, social and health care agencies. In addition, the Center has a fellows program in which outstanding faculty and community leaders are named as either fellows, adjunct fellows or senior fellows.

The Center offers certificates in the following specialty areas: Case Management, Divorce Mediation and Home-Based Intervention. For more information, please refer to the descriptions of Interdisciplinary and Certificate Programs in **Section 6** of this Bulletin.

Any student, faculty member or community person interested in family issues is invited to call the director to learn how they can participate or learn more about the Center's activities.

Center for Literacy

Evangeline Newton, Ph.D., Director

The Center for Literacy furthers the mission of both the University of Akron and its College of Education through a variety of programs that support development of expertise and dissemination of knowledge about language learning. The Center brings preservice, inservice, and university teachers together with children and families in the greater Akron area through a wide range of literacy related projects. Additional information can be found at https://www.uakron.edu/colleges/educ/Lit/index.php.

Center for Nursing

Annette Mitzel, MSN, RN, Interim Director

The Center for Nursing is a part of The University of Akron's College of Nursing. It is an education and practice center for College of Nursing faculty and students as well as faculty and students from other health care disciplines on campus.

The Center for Nursing opened in 1982 as one of the first academic nurse managed centers in the United States. College of Nursing faculty and students provide non-emergency, episodic health care and health education to community residents who do not have health insurance.

Center for Organizational Development

Andrew Thomas, Ph.D., Director

The Center for Organizational Development in the College of Business Administration was established to meet the training and development needs of the business community. The Center offers management development seminars, programs, conferences, and consulting services designed to enhance the skills of individuals and improve company productivity in a rapidly changing world. The Center specializes in offering dedicated leadership training and management development programs that are custom designed to meet the specific needs of companies. For information, call (330) 972-8228.

Center for Organizational Research

Dennis Doverspike, Ph.D., Director

The Center for Organizational Research is a business research and consulting center managed by the Industrial/Organizational Psychology Department at the University of Akron. The Industrial/Organizational Psychology Department at the University of Akron consistently ranks as one of the top ten programs in the nation (according to U.S. News & World Report).

The COR's mission is to provide top quality consultation and research-based interventions to the business community. The COR also serves the purpose of providing professional training and research opportunities for graduate and undergraduate students. The COR is able to provide a tailored approach to the client's needs because of its smaller client base and research orientation. COR offers larger organizations access to solutions based on cutting-edge research from a nationally regarded academic program.

Center for Policy Studies

Karl Kaltenthaler, Ph.D., Director

The Center for Policy Studies is an associated center of the Institute for Health and Social Policy.

The Center houses The University of Akron survey research unit, with responsibility for external grant and contract research, research support for the Urban University linkage program, sponsored research for faculty, and internal University surveys. Geographic scope of work for center projects extends from local jurisdictions through state, national and international projects. Most of the work conducted at the center is on behalf of government or nonprofit agencies or grant funded subcontracts for faculty researchers. Center professional staff are available for consultation in the development of grant proposals and budgets.

The Center has responsibility for the administration of the Board of Regents Urban University Program (UUP) which links eight state universities to collaborate on the identification of significant urban problems and propose solutions designed to improve the urban regions of Ohio. The University of Akron Urban University Program, in addition to the collaborative mission of the Ohio UUP, encourages community oriented research and policy analysis through Partnership Grant Program. The Center also houses a State Data Center under the aegis of the Ohio Department of Development to provide Census and other data to appropriate agencies and coordinate geographic information system activities with the Department of Geography and Planning.

Center for Public Service Research and Training

Peter J. Leahy, Ph.D., Director

The Center for Public Service Research and Training (CPSRT), established in 2002, is a division of the Institute for Health and Social Policy (IHSP), a multi-purpose research institute of The University of Akron. CPSRT evolved from the Center for Urban Studies, established at The University of Akron in 1967. CPSRT's mission is to assist the local and regional community in policy analysis and evaluation, applied research, professional service and the resolution of social, economic and public management problems. CPSRT offers its services to governments of all levels, to community foundations, to human service agencies and to community organizations. Particular expertise is available in program evaluation and program improvement strategies, strategic program planning, strategic management, community needs assessment, community planning and the conceptualization and design of

CPSRT draws upon the full range of senior research associates, professional staff and related research centers available at IHSP, as well as faculty and doctoral students from the Department of Public Administration and Urban Studies. In tandem with the Center for Policy Studies (CPS), another division of IHSP, CPSRT also offers clients a state-of-the-art computer assisted telephone interviewing (CAT) facility, a state-of-the-art focus group room and GIS mapping services

Center for Statistical Consulting

Chand Midha, Ph.D., Director

The mission of the Center for Statistical Consulting in the Department of Statistics is to provide the university community and the community at large with professional assistance in the design and analysis of statistical problems. The office, located in the College of Arts and Sciences Building, Room 118A, is open for consultation by appointment. Call (330) 972-6886.

Center for Urban and Higher Education

Bridgie Ford, Ph.D., Director

The Center for Urban and Higher Education is a public education and research unit within the College of Education with the broad purpose of improving student achievement pre-K through higher education. It serves both the University and community by fostering collaboration among faculty, students, practitioners, and community leaders in educational conferences and seminars, research, evaluation and training.

English Language Institute

Debra Deane, M.A., Director

Established in 1979, the English Language Institute (ELI), part of the Buchtel College of Arts and Sciences, offers two programs in English as a Second Language (ESL) instruction. The English for Academic Purposes Program provides non-credit ESL courses to international students and non-native residents who plan to pursue an undergraduate or graduate degree at The University of Akron or another U.S. university. The intensive, 20-hour per week program also serves individuals who wish to improve their English to meet their own professional and/or personal goals

ELI courses at four levels of English proficiency target language and academic skills needed for successful study at a U.S. university: reading efficiently, writing clearly, taking lecture notes, and communicating effectively in English. Students also study grammar and vocabulary and prepare for language proficiency tests to meet the University's English requirement. (The TOEFL, Test of English as a Foreign Language, or the ELI-ASSET, Academic Study Skills and English Test, along with ELI course grades may be used to successfully complete the ELI and begin academic coursework.) In addition, students receive a wide variety of support services to facilitate their transition to life and study in the United States.

The Community and Corporate ESL Program, designed specifically for non-native English speakers living and working in Northeast Ohio, offers a variety of small group, non-intensive courses (e.g., business writing, conversation, vocabulary development, pronunciation); private tutoring; consulting (e.g., editing of documents, language assessment); and workplace ESL classes contracted through employers for job-related English instruction. The ELI can also provide specialized courses for UA departments (e.g., thesis/dissertation writing, speaking for international graduate students).

In addition to these instructional programs, the ELI administers the University of Akron Developed English Proficiency Test (the U-ADEPT), which assesses the speaking ability of prospective international teaching assistants at UA and determines their readiness to provide classroom-related services in their graduate departments

The ELI serves as a resource on issues relating to language proficiency for University faculty, staff and students as well as for members of the local community. For more information, visit the ELI web site at www.uakron.edu/eli/, email ua-eli@uakron.edu, or call (330) 972-7544.

Fisher Institute for Professional Selling

Jon M. Hawes, Ph.D., Director

The Fisher Institute for Professional Selling was founded in 1994. Its mission is to enhance the image of the sales profession, to promote professional selling and sales management as rewarding lifetime careers, to provide high quality sales training and learning experiences, and to advance the knowledge of professional selling through the support of applied research. For more information, call (330) 972-8466 or visit the Fisher Institute Web site at www.uakron.edu/colleges/cba/institutes/fisher/index.php.

William T. and Rita Fitzgerald **Institute for Entrepreneurial Studies**

Todd A. Finkle, Ph.D., Director

In 1995, a generous gift from William and Rita Fitzgerald created the Fitzgerald Institute for Entrepreneurial Studies in the College of Business Administration. The Institute was established to promote the principles of free enterprise and encourage entrepreneurial spirit and practices both within the University's curriculum and throughout the business community.

The Fitzgerald Institute focuses on the development of curriculum appropriate for both new ventures and the entrepreneurial development and growth of existing businesses. The Institute provides the needed link between the University and the community of entrepreneurs critical to business development in the future.

For information, contact the Institute, CBA 409, (330) 972-8479

Institute for Global Business

Douglas Hausknecht, Ph.D., Interim Director

The University of Akron received special funding from the State of Ohio to expand its offerings of undergraduate and graduate degree programming in international business. Thus, the College of Business Administration (CBA) created the Institute for Global Business, which coordinates both credit and noncredit programming in international business. The institute also develops short courses and seminars designed to help improve the international competitiveness of area business. For more information call (330) 972-5892

Institute for Health and Social Policy

Sonia Alemagno, Ph.D., Director

The Center for Health and Social Policy was established in February 1999 for the study and delivery of effective health and social services. In November 1999, the Center for Health and Social Service was renamed the Institute for Health and Social Policy with the Center for Policy Studies as a focused sub-unit by the Board of Trustees.

Mission

To improve the quality of services to specific target groups most at risk of health and social consequences in order to decrease morbidity and mortality and the burden of health and social problems on the community and individuals.

Research Continuum

- Epidemiology
- Intervention Development
- Service delivery
- Technology transfer
- Policy & Program Evaluation
- Program Needs Assessment
- Survey Research Support
- · Geographical Information Systems Support

Most of the work conducted by the Institute is on behalf of government or non-profit agencies. Faculty and students have the opportunity to collaborate on research and evaluation projects of national significance.

The Institute also serves as an educational resource for students and the community for the most up-to-date social and health services research available and the latest advances in behavioral and social science research technologies

Since its inception, IHSP has conducted more than 75 projects across the research continuum. It currently has more than 48 active projects. In 2001, the Institute received a \$13.7 million grant for a national longitudinal evaluation of a new substance abuse prevention curricula for middle and high school students from the Robert Wood Johnson Foundation, the largest grant in the history of The University of Akron.

Three centers operate within the Institute for Health and Social Policy — Center for Policy Studies, Center for Gerontological Health Nursing and Advocacy, and Center for Public Service Research and Training.

Through the Barbara J. Stephens Foundation, the Institute provides monetary awards to those colleges and departments that work with the Institute on research projects.

Institute for Life-Span Development and Gerontology

Harvey L. Sterns, Ph.D., Director

The Institute for Life-Span Development and Gerontology, founded in 1976, coordinates multidisciplinary credit certificate programs in gerontology at the undergraduate and graduate levels. In addition, this certificate is included in the Ohio Board of Examiners of Nursing Home Administrators approved course of study in Nursing Home Administration which combines a Bachelor of Science degree in management (Human Resource Management Concentration) with a Certificate in Gerontology.

The Institute of Life-Span Development and Gerontology has grown into a campuswide program involving more than 65 faculty in 23 different departments, representing six colleges. Students in the certificate programs carry out field placements at numerous community service settings. There are more than 40 courses at the undergraduate and graduate levels. Research, education, training and service support has been received from the U.S. Administration on Aging, National Institute on Aging, U.S. Department of Education, Office of Special Education and Rehabilitation Services, National Institute on Disability and Rehabilitation Research, AARP Andrus Foundation, Ohio Department of Aging, and Area Agency on Aging 10B. The Institute also served as a major site for the Rehabilitation Research and Training Center Consortium on Aging and Developmental Disabilities involving seven universities in six states

Examples of outreach activities include the Elderhostel program, offered each summer for older adults who participate in a week-long residential learning experience.

The institute is a member of the Northeastern Ohio Consortium on Geriatric Medicine and Gerontology, joining together with the Office of Geriatric Medicine and Gerontology, Northeastern Ohio Universities College of Medicine; Gerontology Center, Kent State University; and Gerontology Committee, Youngstown State University.

Institute for Teaching and Learning

Rex D. Ramsier, Ph.D., Director

The University of Akron's Institute for Teaching and Learning promotes, coordinates, and supports faculty efforts to improve, assess, and document teaching effectiveness and student learning quality - and to advance and disseminate the scholarship of teaching, assessment, and learning.

The ITL's Responsibilities

- Consulting with colleges, departments, and individual faculty on teaching, learning, evaluation, and assessment issues
- Developing and providing targeted professional development activities, information-gathering and sharing
- Documenting, publicizing, and celebrating teaching and learning innovation and
- Providing information, advice, and leadership on teaching and learning matters
- · Providing leadership and support for research on the scholarship of teaching and

For more information, visit the ITL website at www.uakron.edu/itl or contact The Institute at (330) 972-2574.

Institute of Polymer Engineering

Avraam I. Isayev, Ph.D., Interim Director

The Institute of Polymer Engineering carries out fundamental and applied research in polymer processing, engineering performance and associated characterization.

The Institute, founded in 1983, is a major intellectual and research resource in northeast Ohio. The institute maintains up-to-date and futuristic processing and characterization laboratories, with continued interest in development and investigation of new process technology and new materials. Its activities also include organization of scientific symposia and various seminars related to polymer processing and engineer-

Intellectual Property Law and Technology Center

Jeffrey M. Samuels, J.D., Director

The Intellectual Property Law and Technology Center in the School of Law is one of approximately 14 such centers in the nation. The center exposes the community to critical thinking in the intellectual property law field, coordinates and implements the Law School intellectual property law curriculum, and hosts an annual Conference on Intellectual Property Law and Policy. The Center works with other schools within the University in the design and implementation of interdisciplinary courses relating to intellectual property law. Commencing the fall of 2005, the Center implemented a new Master of Laws in Intellectual Property Law Program, one of only 17 such programs in the country and the only one in Ohio.

The Maurice Morton Institute of **Polymer Science**

Roderic P. Quirk, Ph.D., Interim Director

The institute is concerned with basic and applied research in polymers. It was established in 1956 as the Institute of Rubber Research and in 1964 became the interdisciplinary Institute of Polymer Science. The University's first Ph.D. program in polymer chemistry was started in 1956 and was administered by the institute until a separate Department of Polymer Science was established in 1967. The institute maintains extensive laboratory facilities, an applied research group, a macromolecular modeling center, and a mini pilot plant for polymer synthesis. It is the principal organization responsible for external funding of research projects and graduate fellowships in polymer science.

Microscale Physiochemical **Engineering Center (MPEC)**

George G. Chase, Ph.D., Director

The Microscale Physiochemical Engineering Center (MPEC) was established in 1996 by faculty with a common research interest in materials composed of very small particles. These small particles occur, for example, in heterogeneous catalysts, fluid/solid separations, paper-pulp processing, soil remediation, waste water decontamination, and solid transport.

The unique feature of MPEC is the ability to form multi-disciplinary teams of faculty and graduate students to solve specific industrial problems.

The Center hosts an annual conference, promotes networking, provides a forum for industrial-university cooperation, and is a consortium of industrial sponsors for fundamental and applied research in microscale physiochemical engineering.

Gary L. and Karen S. Taylor Institute for Direct Marketing

Dale M. Lewison, Ph.D., Director

The Gary L. and Karen S. Taylor Institute for Direct Marketing was founded in 2004. Its mission is to develop and advance the direct marketing industry, as well as support and promote the direct marketing profession on the local, regional and national levels. For more information, call (330) 972-8228.

Training Center for Fire and Hazardous Materials

Capt. Philip W. McLean, Director of Training

The Training Center for Fire and Hazardous Materials brings the University, government and industry together into one comprehensive regional center to integrate educational programs, fire and hazardous materials training and other applications of fire and safety technology. The center coordinates seminars and workshops presented by the Federal Emergency Management Agency (FEMA), the Division of State Fire Marshal and other related organizations. Training in all phases of hazardous materials containment and fire prevention and control is provided under contract to various municipalities, industries and agencies. The programs are supported by the faculty of the Fire Protection Technology degree program in association with other state and nationally recognized professionals

Training Center for Law Enforcement and Criminal Justice

Don V. Laconi, Director

The Training Center for Law Enforcement and Criminal Justice, employing the expertise of the Criminal Justice Technology faculty and the experienced professionals in the field of Criminal Justice, provides state certified training in the following areas: Basic Peace Officer Training Academies, Private Security, Police Refresher Training, Firearms Requalification, and In-service Seminars.

Workforce Development and Continuing Education

Daniel L. Hickey, Director

The mission of Workforce Development and Continuing Education is to serve the people of Northeastern Ohio by offering courses and programs that increase access to The University of Akron, linking it with community, business and industrial workforce needs.

Workforce Development and Continuing Education at The University of Akron provides a wide range of educational, technical, and research services that enhance the effectiveness and quality of workforce learning. In addition, Workforce Development and Continuing Education provides services that require the special expertise of the faculty and staff to better serve the economic and social development of Northeastern Ohio. Grant monies may be available to help with costs.

GENERAL EDUCATION

1100:

100 UA STUDY ABROAD

0 credits

Academic study at an affiliated institution outside the continental United States.

101 STUDENT SUCCESS SEMINAR

2 credits

Acquisition of the skills, techniques, information, and strategies necessary to aid new students in their transition from high school or work to the college environment.

102 TUTOR TRAINING I

Prerequisite: Permission from coordinator of tutorial programs based on GPA, letter or recommendation, and interview. Corequisite: Tutoring practicum of 25 hours. Training of peer tutors in several academic areas with topics to meet requirements of the College Reading and Learning Association.

103 TUTOR TRAINING II

Prerequisite: 102. Advanced training of peer tutors, including student motivation, learning, and study strategies; assessing student learning difficulties; and referral skills.

104 TUTOR TRAINING III

Prerequisite: 102. Summative training of peer tutors emphasizing assertiveness training, leadership skills, administering and interpreting a learning styles inventory and structuring a learning

110 INFORMATION TOOLS FOR ACADEMIC SUCCESS

Information Tools for Academic Success will allow a student to bring a real world problem or academic assignment to class to use as the framework upon which to build a repertoire of information skills. This class is a project-oriented, process-based course in which the students will: Identify and articulate an information need as it relates to a problem or assignment: effectively and efficiently access appropriate information using a variety of resources; critically evaluate the information; incorporate the information into their existing knowledge base; use the information appropriately and effectively to accomplish an explicit purpose; understand the legal, social and economic aspects of information ultimately accessing and using information in an ethical manner.

117 CAREER PLANNING

Web-version/self-paced class providing learners with skills necessary to make effective educational/career decisions. Emphasizing self-understanding, career exploration, career planning, and decision making.

150 RESIDENT ASSISTANT SKILLS

This course is designated for Resident Assistants upon their hire to the Department of Residence Life and Housing. Leadership development and management skills are the core

191 SPECIAL TOPICS: GENERAL EDUCATION

1-4 credits

Army ROTC

MILITARY SCIENCE

1600:

100 INTRODUCTION TO MILITARY SCIENCE I

Study of the mission of the Army, the principles of basic military leadership and management, land navigation, and opportunities in the Army. A geographical and cultural examination of the countries where U.S. soldiers are located. Leadership laboratory required. No military obligation

101 INTRODUCTION TO MILITARY SCIENCE II

Study of the principles and techniques of military leadership and human resource management. Introduction to drill and ceremony, small unit tactics, briefing techniques, and public speaking. Leadership laboratory required. No military obligation incurred.

200 BASIC MILITARY LEADERSHIP

Study of the principles of war and the art of leadership. Basic military skills taught through practical applications in marksmanship, map reading, first aid, and drill and ceremony. Leadership laboratory required. No military obligation incurred.

201 SMALL UNIT OPERATIONS

Study and application of the Leadership Development Program (LDP). Introduction to tactics, patrolling, and basic military skills. Leadership laboratory required. No military obligation incurred.

300 ADVANCED LEADERSHIP I

Prerequisites: 100, 101, 200, 201 and/or permission. Study in the application of military tactics, military history, military briefing techniques and equipment. Practical work with operations orders and planning, organizing, and executing training. Leadership laboratory required.

Prerequisite: 300 or permission. Study of leadership, leadership counseling and tactics at the small-unit level. Practical work with land navigation, marksmanship training, squad and platoon movement, and battlefield survival. Leadership laboratory required.

305 LEADERSHIP TECHNIQUES AND PRINCIPLES: A MILITARY PERSPECTIVE This course is about leadership and about being a leader. Students will learn leadership principles through practical exercise and application of leadership techniques in order to develop

400 MILITARY MANAGEMENT I

effective leadership skills and abilities.

Prerequisites: 300, 301, or permission. Intensive investigation of the leadership process to include applicatory work emphasizing officer ethics, duties, and responsibilities. Management and supervisory skills. Practical experience with the Leadership Development Program (LDP). Leadership laboratory required.

Prerequisites: 300, 301, or permission. Study of officer leadership and managerial responsibilities. Study of Army command organization and procedures, training management, personnel system, Uniform Code of Military Justice, and continued emphasis on counseling and human relations. Leadership laboratory required.

490 SPECIAL TOPICS IN MILITARY SCIENCE

Prerequisite: permission. (May be repeated for a maximum of six credits) Content varies with special topics. Texts to be selected according to topic and will use relevant library periodicals and journals. Existing library resources are adequate to support the course. Basic Camp, Advanced Camp, Airborne, and other specialty schools qualify for course credit.

Interdisciplinary **Programs**

HOME-BASED INTERVENTION THERAPY

1820:

403 HOME-BASED INTERVENTION THEORY

Prerequisite: Admission to the Certificate Program. Overview of home based intervention to include philosophy and description of this programming as well as assessment of family, their home and community environment.

404 HOME-BASED INTERVENTION TECHNIQUES AND PRACTICE

Prerequisite: 403. Provides intervention techniques and skill areas required for home-based intervention and learning opportunities for matching techniques with specific family problems.

405 HOME-BASED INTERVENTION INTERNSHIP

Prerequisite: 404. Gives students the opportunity to apply knowledge of home-based intervention in actual delivery process working with families in their homes under direct supervision of trained, experienced home based intervention therapists.

WOMEN'S STUDIES

1840:

INTRODUCTION TO WOMEN'S STUDIES

Introduction to the interdisciplinary program in Women's Studies. Explores current scholarship in women's issues and experiences from perspectives of psychology, history, sociology, anthropology, and literary criticism. Feminist orientation and methodology.

480/580 FEMINIST THEORY

Prerequisite: 300. A summary of feminist theory to familiarize students with the main currents in contemporary feminist theory and the origins and evolution of that thought.

485/585 SPECIAL TOPICS IN WOMEN'S STUDIES

(May not be repeated). Special topics and current issues in Women's Studies. Covers content not currently addressed in other courses. Fosters a critical approach to knowledge about women.

489/589 INTERNSHIP IN WOMEN'S STUDIES

Prerequisite: 300, permission of Director of Women's Studies. This class provides supervised experience and on-the-job training in an organization, agency, corporation or group dealing with women's issues.

490/590 WOMEN'S STUDIES I ECTURE SERIES

Various topics focused on women. Themes and course materials vary each semester. Lecture

493 INDIVIDUAL STUDIES ON WOMEN

Prerequisite: 300, and approval of Director of Women's Studies. Directed study of selected topics related to women. Projects are chosen by student in consultation with instructor

HONORS COLLEGE

1870:

250 HONORS COLLOQUIUM: HUMANITIES

2 credits

Prerequisite: admission to Honors College. Interdisciplinary colloquium on important issues in

360 HONORS COLLOQUIUM: SOCIAL SCIENCES

2 credits

Prerequisite: admission to Honors College. Interdisciplinary colloquium on important issues in social sciences.

470 HONORS COLLOQUIUM: NATURAL SCIENCES

Prerequisite: admission to Honors College. Interdisciplinary colloquium on important issues in

MEDICAL STUDIES

1880:

201 MEDICAL SEMINAR AND PRACTICUM I

Prerequisites: 3100:191. Provides field experiences in health-care delivery in geographic area served by Northeastern Ohio Universities College of Medicine and The University of Akron. Student directed in supervised roles of professional and paraprofessional in meeting health-care needs of community. Open to first-year student in Phase 1 of B.S./M.D. program.

310 MEDICINE AND THE HUMANITIES

Medical history, literature, and ethics from the perspective of the Humanities, with readings from original sources and literary works on medical subjects.

Summit College

COOPERATIVE EDUCATION

2000:

201 301 COOPERATIVE EDUCATION

0 credits

(May be repeated) Prerequisite: cooperative education students only. Work experience in business, industry or governmental agency. Comprehensive performance evaluation and written

DEVELOPMENTAL PROGRAMS (non-degree)

2010:

042 BASIC WRITING

4 load hours **

Provides intensive practice in the process of writing, in sentence structure and punctuation, and in correct written expression. Upon successful completion of Basic Writing, the student should be prepared to enter English (2020:121), or English Composition I (3300:111). Writing Lab hours

050 BASIC MATHEMATICS I

4 load hours **

Prerequisite: Placement, An intensive review of arithmetic and an introduction to the concepts of elementary algebra. Emphasis is placed on developing learning strategies and controlling anxieties. Upon successful completion of Basic Mathematics I, the student should be prepared to enter Basic Mathematics II

052 BASIC MATHEMATICS II

Prerequisite: Basic Mathematics I (1020:050), or Placement. A brief review of arithmetic and intensive instruction in elementary algebra. Emphasis is placed on developing learning strategies and controlling anxieties. Upon successful completion of Basic Mathematics II, the student should be prepared to enter Business Mathematics (2420:170); Introduction to Technical Math (2020:130); Elements of Math I (2030:151); or Intermediate Algebra (3450:100).

060 COLLEGE READING

4 load hours **

Prerequisite: Placement. Designed to strengthen the basic comprehension skills needed for academic work, including recognition of main points and key supporting ideas, inferencing, summarizing, and vocabulary development. Upon satisfactory completion of College Reading, the student should be prepared to enter College Reading and Study Skills (1020:062). Lab hours are required.

062 COLLEGE READING AND STUDY SKILLS

Prerequisite: College Reading (1020:060) or placement. Continued practice of comprehension strategies with emphasis on textbook reading, and implementation of effective study strategies such as note-taking, test-taking, and memory techniques. Upon successful completion of College Reading and Study Skills, the student should be prepared to apply reading and study strategies in college classes. Lab hours are required.

064 APPLIED STUDY STRATEGIES

Corequisite: Selected General Education Courses taken concurrently. Designed to help students apply various study strategies to a specific course, such as psychology, sociology and others. Includes lecture and textbook analysis, memory techniques, and test-taking strategies.Lab hours are required.

071 DEVELOPMENTAL CHEMISTRY

4 load hours **

Prerequisite: Basic Mathematics II (1020:052) or equivalent. A mathematics review applied to chemistry and intensive instruction in principles of general chemistry. Emphasis is placed on developing learning strategies and controlling anxieties.

299 SPECIAL TOPICS

1-4 load hours **

Instruction in one or more of the following basic skills: writing, reading, mathematics, and study skills. A combination of these skills may be presented with an overall theme such as "writing, reading and technology." See the current Schedule of Classes for course offerings.

ASSOCIATE STUDIES **ENGLISH**

2020:

121 FNGLISH

4 credits

English composition focused on inventive writing, essay structure, process, consideration of strength, source of evidence, and citation; and development options leading to persuasion and

222 TECHNICAL REPORT WRITING

Prerequisite: 121, 3300:111 or equivalent. Prepares student to write the types of reports most often required of technicians, engineers, and scientists. Includes types of reports, memoranda, and letters; techniques of research, documentation and oral presentations.

224 WRITING FOR ADVERTISING

Prerequisite: 121, 3300:111 or equivalent. Introduction to the copywriter's role in print, broadcast and Web advertising. Study of advertising language; practice in writing advertisements and producing collateral copywriting materials.

226 ELECTRONIC REFERENCE RESOURCES IN THE COMPUTER AGE

Prerequisites: 2020:121 or 3300:111. Designed for individuals to broaden their scope and understanding of various electronic research techniques. Study, evaluation, and use of current and emerging technologies will be examined

227 WRITING FOR THE WORLD WIDE WEB

Prerequisites: 121 or equivalent, familiarity with Internet (or attend Computer Center training seminar) knowledge of word processing software. Introductory course examines spoken and written contexts merging into one "writing space"; provides writing theory and practice for effective e-mail, newsgroup, chat, and web site writing.

290 SPECIAL TOPICS: ASSOCIATE STUDIES

1-4 credits

(May be repeated with a change in topic) Prerequisite: permission. Selected topics on subject areas of interest in associate studies

ASSOCIATE STUDIES **MATHEMATICS**

2030:

130 MATHEMATICS FOR ALLIED HEALTH

3 credits

Prerequisites: placement test. The real number system, systems of measurement, conversions, linear equations, factoring, quadratic equations, graphing, linear systems, organizing data, averages, standard deviation, the normal distribution.

TECHNICAL MATHEMATICS I

Prerequisites: placement test. Fundamental concepts and operations, functions, graphs, factoring and algebraic fractions, variation, and quadratic equations.

152 TECHNICAL MATHEMATICS II

2 credits

Prerequisite: 151 with a grade of C- or better, or placement test. Variation, equations of lines, Cramer's rule, right triangle trigonometry, oblique triangles, complex numbers.

153 TECHNICAL MATHEMATICS III

2 credits

3 credits

Prerequisite: 152 or equivalent with a grade of C- or better, or placement test, Factoring, algebraic fractions, exponents and radicals, equations with radicals, equations in quadratic form, exponential and logarithmic functions, radian measures, matrices.

154 TECHNICAL MATHEMATICS IV

Prerequisite: 153 or equivalent with a grade of C- or better, or placement test, Functions and their graphs, polynomial and rational functions, polynomial equations, graphs of trigonometric functions, trigonometric identities and equations, analytic geometry, complex numbers in polar

161 MATHEMATICS FOR MODERN TECHNOLOGY

290 SPECIAL TOPICS: ASSOCIATE STUDIES MATHEMATICS

Prerequisite: 151 or placement by adviser. Lines, linear regression, sets, counting, basic probability, basic statistics, binomial and normal distributions, mathematics of finance, symbolic logic, arguments, logic circuits.

255 TECHNICAL CALCULUS I

Prerequisite: 154 or equivalent with a grade of C- or better, or placement. The derivative, applications of the derivative, derivatives of the trigonometric, logarithmic, and exponential functions. Integration by antidifferentiation.

(May be repeated with a change in topic) Prerequisite: permission. Selected topics on subject areas of interest in associate studies.

345 TECHNICAL DATA ANALYSIS Prerequisite: 154 or equivalent with a grade of C- or better, or placement test. Data summarization including graphic presentation, numerical measures, introduction to probability, confidence intervals and hypothesis testing.

356 TECHNICAL CALCULUS II

Prerequisite: 255 or equivalent with a grade of C- or better, or placement test. Methods and applications of integration, first and second order differential equations, series expansion, Laplace transforms, partial derivatives, and double integrals.

^{**} Load hours do not carry academic credit toward a degree program but do count in computing a student's course load for financial aid or student employment, and are used in probation and dismissal decisions

ASSOCIATE STUDIES SOCIAL SCIENCES

2040:

230 TECHNICAL CAREER SEARCH SKILLS

1 credit

Students will develop specific skills in resume writing, interviewing, self-directed job search, networking, researching employers, as well as learning the fundamentals of the job market.

3 credits

Examination of principles and methods which aid in understanding the individual's response to society and the relationship between society and individuals.

241 TECHNOLOGY AND HUMAN VALUES

Examination of impact of scientific and technical change upon people, their values and institutional arrangements. Topics include biomedical technology, automation, economic growth, natural environment and technology and quality of life.

242 AMERICAN URBAN SOCIETY

3 credits

Multidisciplinary treatment of urban processes and problems. Concerns historical, political, social, economic and other environmental forces which impact the individual in an urban setting.

243 CONTEMPORARY GLOBAL ISSUES

3 credits

Multidisciplinary approach to global social problems. Examines cultural, political, and economic issues in developed and developing nations. Emphasizes technology's impact and global interrelationships.

Examination of a wide range of topics related to death and dying. Emphasis is placed on understanding and coping with death and dying.

247 SURVEY OF BASIC ECONOMICS

Introduction to economic analysis and issues designed for the student taking only one course in economics. Coverage includes economic systems, exchange, money and banking, national income, employment, fiscal policy and current domestic economic problems.

251 HUMAN BEHAVIOR AT WORK

3 credits Examination of relationship between human behavior and the work organization. Emphasis on how contemporary organizations are changing and what makes individuals within their organizations more effective.

2 credits 254 THE BLACK EXPERIENCE FROM 1619 TO 1877 Prerequisite: 2020:121 or 3300:112. Examination of the black American including origins, historical achievements and striving to achieve first-class citizenship in America from 1619 to 1877.

256 DIVERSITY IN AMERICAN SOCIETY

Prerequisites: 121, or 3300:112 or equivalent. Survey course covering demographic, social, economic, political, and educational realities of diversity in 21st Century. Focus on diversity and unity, historical overview.

THE BLACK EXPERIENCE 1877-1954

Prerequisites: 121 or 3300:112. Examines the experiences of Blacks following Reconstruction. Topics include Separate but Equal doctrine, segregation, integration, and achievements of Blacks in American society.

258 THE BLACK EXPERIENCE 1954 - PRESENT

Prerequisites: 2020:121, 3300:112. Examines the relationship of the civil rights movement, Black nationalism, integration, segregation, and desegregation as strategies to ameliorate discrimination and achieve equal opportunity.

290 SPECIAL TOPICS: ASSOCIATE STUDIES SOCIAL SCIENCES

1-4 credits

(May be repeated with a change in topic) Prerequisite: permission. Selected topics on subject areas of interest in the social sciences.

INDIVIDUALIZED STUDY 2100:

190 INDIVIDUALIZED STUDY EVALUATION

1 credit

Prerequisite: admission to program. A continuing assessment of the student's progress and program. Enrollment required during first semester in the Individualized Study Program.

EARLY CHILDHOOD DEVELOPMENT

2200:

110 FOUNDATIONS IN EARLY CHILDHOOD EDUCATION

3 credits

Provides students with a comprehensive overview of model early childhood programs and places emphasis on interactions between home and school that impact children's development.

245 INFANT/TODDLER DAY-CARE PROGRAMS

3 credits

Survey of infant/toddler development. Principles of infant/toddler caregiving. Design of environment and curriculum based on child's needs. Includes observation of children. (20 field hours required)

246 MULTICULTURAL ISSUES IN CHILD CARE

3 credits

The study of cultural differences in child care and preschool settings to improve caregiving practices and enhance communication between caregivers and families.

247 DIVERSITY IN EARLY CHILDHOOD LITERACY

3 credits

Examination and analysis of children's books and materials on diversity reflecting differences and similarities of groups of people that make up our society.

250 OBSERVING AND RECORDING CHILDREN'S BEHAVIOR

Prerequisite: 7400:265 or permission. Develops observing and recording skills using different types of records to assess children's development and behavior. (10 field hours required)

290 SPECIAL TOPICS: EARLY CHILDHOOD DEVELOPMENT

1-3 credits Prerequisite: permission. Selected topics on subject areas of interest in early childhood development.

295 EARLY CHILDHOOD PRACTICUM 5 credits Prerequisites: 245 and 5200:360, 370 and 7400:265, 270, 280. Supervised practicum in an early childhood/preschool educational setting designed for Early Childhood Development students only.

INDEPENDENT STUDY

(May be repeated for a total of six credits) Prerequisite: permission. Selected topics and special areas of study under supervision and evaluation of selected faculty member with whom specific arrangements have been made.

CRIMINAL JUSTICE TECHNOLOGY

2220:

100 INTRODUCTION TO CRIMINAL JUSTICE

3 credits

Overview of criminal justice system, its history, development and evolution within the United States including subsystems of police, courts, corrections. Constitutional limitations, current criminal justice practices human relations, professionalization, prevention,

101 INTRODUCTION TO SECURITY ADMINISTRATION TECHNOLOGY

3 credits Introduces fundamentals such as equipment, technology, design theories, management practices,

trends, concerns, and issues in security administration. 102 CRIMINAL LAW FOR POLICE 3 credits Prerequisite: 2220:100. Historical development and philosophy of the law. Thorough study of modern

criminal law including Ohio Criminal Code and defenses to particular crimes.

104 EVIDENCE AND CRIMINAL LEGAL PROCESS 3 credits Prerequisite: 2220:100. Study of evidence law, constitutional perspectives and law enforcement officer's relationship thereto. Court procedures from arrest to incarceration.

JUVENILE JUSTICE PROCESS Prerequisite: 2220:100. Examination of juvenile justice system, functions of its various components; adolescent subculture, legislation, causative factors, prevention and treatment methodologies and programs.

120 CRIME PREVENTION: THEORY, PRACTICE, AND MANAGEMENT

3 credits

Examines contemporary crime prevention and security strategies used in target hardening. Central theme is the use of community resources to prevent crime.

224 PROFILING SERIAL KILLERS

3 credits

Prerequisite: 100. Introduction to the theories, analyses, and methodology used in profiling serial killers. Actual serial profiles and paradigms of crime scene analyses also examined.

3 credits

Prerequisite: 100. Academic refresher course of basic police academy, Completion (C or better) and 2220:100 qualifies a commissioned police officer to test out of certain courses (see adviser)

226 INTERVIEWS, INTERROGATIONS, AND HOSTAGE NEGOTIATIONS Prerequisite: 100. An overview of the legal, theoretical, and applied aspects of conducting interviews,

3 credits

interrogations, and hostage negotiations within the field of law enforcement. CORPORATE AND INDUSTRIAL FACILITY INTEGRITY 3 credits Prerequisites: 101, 120. Examines security and crime prevention strategies in the private sector. Particular focus related to how target hardening can protect life and property.

PHYSICAL SECURITY: SYSTEMS, DESIGN, AND CONTROL

233 SECURITY INVESTIGATIONS: PRINCIPLES AND PRACTICE

3 credits

Prerequisite: 101. Topics include controlling and monitoring the access of persons and vehicles, prevention and detection of unauthorized intrusions and surveillance, and safeguarding key assets.

232 LEGAL ISSUES IN SECURITY ADMINISTRATION

Prerequisite: 101. Survey of laws applicable to the security administration function including tort, labor, employment, unemployment, workers' compensation, contract, insurance, cyber, criminal and consti-

Prerequisite: 101. Overview of investigative methods employed by the security manager. Students will

examine legal and ethical duties and issues related to investigation.

3 credits

3 credits

COMPUTER AND INFORMATION SECURITY Prerequisite: 101. Examines practical applications of effective information security measures and legal, ethical and privacy issues concerning the storage and use of information in society.

SCHOOL CRIME AND VIOLENCE PREVENTION

Prerequisites: 101, 120. Examines the nature and extent of crime and deviance in American schools. Particular focus is on the use of a systems approach to prevent crime.

VICE AND ORGANIZED CRIME

3 credits

Prerequisites: 100 and permission. An overview of organizations operating nationally and internationally in a variety of criminal activities with a particular emphasis on narcotics trafficking.

245 HOMELAND SECURITY: PRINCIPLES AND PRACTICE Prerequisite: 101. Overview of fundamental homeland security concepts and issues such as:

3 credits

intelligence, critical infrastructure protection, hazards, strategy, policy, risk, organizational design and leadership.

CRIMINAL CASE MANAGEMENT

6 credits

Prerequisites: 100, 2820:105 and permission. Reconstruction of chronological sequence of a crime including searching, collection, preserving and evaluation of physical and oral evidence. Scientific approach to criminal investigation.

INTRODUCTION TO FORENSIC INVESTIGATION

3 credits

Prerequisite: 100. This course is designed to introduce the student to the field of forensic science. The emphasis will be on skills and techniques of evidence evaluation.

260 CRITICAL INCIDENT INTERVENTIONS FOR CRIMINAL JUSTICE

Prerequisite: 100. This course is designed to introduce the student to the stressors and emotions of dealing with people and workers involved in crisis situations.

262 VICTIMOLOGY AND THE CRIMINAL JUSTICE SYSTEM

3 credits

Prerequisite: 100. An introduction to the study of crime victims and their role in the violence in today's

270 COMMUNITY CORRECTIONS

3 credits

Prerequisite: 100. Examines the corrections component of the criminal justice system. Special focus on the development and use of probation, parole and other alternative forms of sentencing

275 LEGAL ASPECTS OF CORRECTIONS

3 credits Examination of the influence of the legal system on corrections, especially United States Supreme Court decisions.

Examines crime and deviance in cyberspace. Particular focus is on the prevention of computer intrusion in the workplace.

290 SPECIAL TOPICS: CRIMINAL JUSTICE

(May be repeated for a total of six credits) Prerequisite; permission, Workshops and special programs in selected areas of criminal justice such as community relations, crime statistics, ethics, survival.

CURRENT TOPICS IN CRIMINAL JUSTICE

1-3 credits

Prerequisite: 100. A variety of course topics on current subjects relative to law enforcement and the Criminal Justice System. May be repeated for up to 12 credits.

INDEPENDENT STUDY: CRIMINAL JUSTICE

Prerequisite: 100 and permission. Selected topics and special areas of study in Criminal Justice Technology under the supervision of a selected faculty member with whom specific arrangements

APPLIED ETHICS IN CRIMINAL JUSTICE

Prerequisite: 100. This course deals with ethical considerations which confront justice practitioners and the legal ramifications of misconduct.

FIRE PROTECTION **TECHNOLOGY**

2230:

100 INTRODUCTION TO FIRE PROTECTION

4 credits

3 credits

History and philosophy of fire protection: introduction to agencies involved; discussion of current related problems, expanding future of fire protection and career orientation.

102 FIRE SAFETY IN BUILDING DESIGN AND CONSTRUCTION

Exploration of building construction and design with emphasis on fire protection concerns: review of related statutory and suggested guidelines local, state and national scope.

104 FIRE INVESTIGATION METHODS

4 credits

History of fire investigation; gathering of evidence and development of technical reports; fundamentals of arson investigation; processing of criminal evidence and procedures related to local and state statutes.

202 INCIDENT MANAGEMENT FOR EMERGENCY RESPONDERS

Efficient and effective use of human resources, equipment and systems. Emphasis on preplanning, incident management, problem solving related to emergency preparation and response.

204 FIRE HAZARDS RECOGNITION

3 credits

3 credits Inspection techniques and procedures; setting up a fire prevention bureau. Recognition and correction of fire hazards. Public relations and code enforcement.

205 FIRE DETECTION AND SUPPRESSION SYSTEMS

Design, installation, maintenance and utilization of portable fire extinguishing appliances and preengineered automatic systems; fire detection and alarm signaling systems operational capabilities, requirements.

206 FIRE SPRINKI FR SYSTEM DESIGN

3 credits

Prerequisite: 205. Design, installation and operation of automatic fire suppression systems. Includes sprinkler, foam, carbon dioxide, dry chemical, halogenated agent systems.

250 HAZARDOUS MATERIALS

4 credits

Prerequisite: 100. Study of chemical characteristics and reactions related to storage, transportation and handling of hazardous materials. Emphasis on emergency situations, fire fighting and control

254 FIRE CODES AND STANDARDS

Prerequisite: 104. Study of legal rights and duties, liabilities and responsibilities of fire department organizations.

257 FIRE AND SAFETY ISSUES FOR BUSINESS AND INDUSTRY Industrial fire and safety issues related to specialized hazards, federal and state regulations.

3 credits

Emphasis on emergency response team preparedness, confined space entry and rescue.

280 FIRE SERVICE ADMINISTRATION

dilemmas, record-keeping and termination

4 credits Prerequisites: 100. Fire officer professional qualifications; federal, state regulations governing department operations-OSHA, EPA; emergency and non-emergency operations

290 SPECIAL TOPICS: FIRE PROTECTION TECHNOLOGY

223 SOCIAL SERVICES TECHNIQUES III

procedures-ICS, IMS, Emergency Operations Center are presented.

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in fire protection technology.

Prerequisite: 122. Corequisites: 172 or 173. Provides knowledge base for working with individuals in crisis. Students apply crisis theory to developmental and situational crises and practice cri-

292 CURRENT TOPICS IN FIRE PROTECTION 1-4 credits

3 credits

A variety of course topics on current subjects related to fire protection. May be repeated for up to 12 credits.

294 ADVANCED FIRE INVESTIGATION METHODS

Orientation to community-based residential services and role of community services technician in delivery of services to mentally disabled. Includes historical, social and legal forces in community-based services and practical aspects of operation of a residential facility.

3 credits Prerequisites: 100, 104, 205, 206. Designed to meet student and in service fire investigators need to understand new/updated technology and methodology in managing fire investigations.

240-hour fire fighter certification.

EMERGENCY MANAGEMENT

2235:

305 PRINCIPLES OF EMERGENCY MANAGEMENT

295 TECHNICAL FIRE TRAINING/FIELD EXPERIENCE

An overview of the history and philosophy, terms and concepts, and local, state and federal roles in Emergency Management. Emphasis is on man-made, natural and technological hazards.

Prerequisites: 30 credit hours of successfully completed course work in the Fire Protection Technology program which includes 100, 102, 104, 204, 205, and 280. Technical training/field

experience analysis by student and instruction of technical training; potentially leading to state

350 EMERGENCY RESPONSE PREPAREDNESS AND PLANNING

Legal requirement, planning formats, and response procedures are presented. Special focus community risk assessment; hazard analysis, vulnerability assessment, and community response capability assessment.

380 DISASTER VICTIMS: CASUALTIES AND RECOVERIES

Prerequisites: 305 and 350. Analysis of citizen actions before, during and following major disasters including review of contemporary research and developing theory.

405 HAZARD PREVENTION AND MITIGATION

Prerequisite: 350. Examines various mitigation programs and ways in which communities can increase their levels of prevention and decrease their risk and impact of disasters and major emergencies.

410 DISASTER RELIEF AND RECOVERY

3 credits

This course provides the foundation for disaster relief and recovery planning, stages of recovery, resources used, formation of public/private and the process of prioritizing various business and government and citizen needs for recovery action and resource allocation.

450 EMERGENCY MANAGEMENT RESEARCH METHODS AND APPLICATIONS Prerequisites: 305 and 350. Introduction to current research conducted in the field of emergency management and various methods appropriate for analyzing current topics in the field.

490 CURRENT TOPICS IN EMERGENCY MANAGEMENT

Prerequisites: 305 and 350. A variety of course topics on current subjects related to emergency management and disaster preparedness. May be repeated for up to 12 credits.

495 INTERNSHIP: EMERGENCY MANAGEMENT

4 credits

Prerequisite: 30 hours in program and permission from program director. Supervised work experience in emergency management to increase student understanding of emergency management and disaster response

COMMUNITY SERVICES TECHNOLOGY

2260:

100 INTRODUCTION TO COMMUNITY SERVICES

3 credits

Introductory course to familiarize student with role of community services technician in service delivery. Use, history and rationale for paraprofessionals, programs, volunteer experiences, selfawareness, and interaction in community services.

121 SOCIAL SERVICE TECHNIQUES I

Prerequisite: 171. Preparation to provide helping interventions as Social Work Assistants. Focuses on helping relationships, helping and problem-solving processes, social work values, attending skills and interview techniques.

122 SOCIAL SERVICE TECHNIQUES II

Corequisite: 121. Focus on enhancing self-awareness. Provides basic knowledge about social group work and opportunities for students to practice beginning group work techniques by cofacilitating group discussions and experiential activities. 150 INTRODUCTION TO GERONTOLOGICAL SERVICES

Basic orientation to gerontology and role of community service technician in service delivery to

aged. Topics include social, biological, economical, and psychological aspects of aging; national and state legislation; services and service provider. 171 CAREER ISSUES IN SOCIAL SERVICES I

Coreguisite: 7750:276. Orients students to human service education and introduces them to the knowledge, skills and attitudes essential for future educational and career success.

172 CAREER ISSUES IN SOCIAL SERVICES II Prerequisite: 171, Explores strategies to promote optimal effectiveness as a helper, Topics include time and stress management, burnout, self-care, professional development, ethical

210 ADDICTION EDUCATION AND PREVENTION

Provides in-depth understanding of prevention and education programming, with an emphasis on evidenced-based projects. Logic models are used to design programs.

230 COMMUNITY-BASED RESIDENTIAL SERVICES

240 DRUG USE AND ABUSE

Introduction to pharmacology of drugs of misuse; physiological factors of alcohol/drug-using behavior; effect of psychoactive drugs on the brain; intervention and treatment measures

255 EFFECTIVE WORKPLACE RELATIONSHIPS

3 credits

This course focuses on self-evaluation and development of skills for successful interaction with clients/inmates, peers, supervisors, and colleagues in other public service systems.

260 INTRODUCTION TO ADDICTION

ests and gain practical, on-the-job experience.

287 SOCIAL SERVICES PRACTICUM II

288 TECHNIQUES OF COMMUNITY WORK II 4 credits 290 SPECIAL TOPICS: COMMUNITY SERVICES TECHNOLOGY 1-3 credits

3 credits An overview of the continuum of use, abuse and dependency; theories of addiction; the impact Selected topics or subject areas of interest in community services technology

of addiction on society; and the implications for professional practice.

294 SOCIAL SERVICES PRACTICUM SEMINAR

1-2 credits Taken concurrently with Social Services Practicum I and II to discuss practicum experiences confidentially, integrate classroom learning with practical field work situations, and support learning.

Prerequisites: 172, 273, 285 and permission. Second supervised field placement in a human service organization. Students apply classroom learning to actual helping situation, test career inter-

261 ADDICTION TREATMENT Prerequisite: 2260:260. Survey of treatment approaches used in treatment of persons with

INDEPENDENT STUDY

1-3 credits

addictions. Special emphasis on MET, Solution-Focused Therapy, Twelve-Step Facilitation and Cognitive-Behavioral approaches. Critical ethical/legal issues will be covered. 4 credits

Prerequisite: permission. Selected topics and special areas of study under the supervision and evaluation of a selected faculty member with whom specific arrangements have been made.

HOSPITALITY MANAGEMENT

262 BASIC HELPING SKILLS Teaches micro skills through the use of didactic presentation, role play and videotaping; devel-

roles in a group

4 credits

ops ability to give and receive feedback about effectiveness of helping others. 263 GROUP PRINCIPLES IN ADDICTIONS 3 credits

2280:

Prerequisite: 260. Introduces group concepts and dynamics, explores issues in addiction that influence group treatment a nd provides experiential opportunity for students to understand

ADDICTION AND THE FAMILY

101 INTRODUCTION TO HOSPITALITY Explores the various segments of the hospitality industry and introduces the knowledge and skills required for success

Reviews theories and counseling techniques used in the assessment and treatment of the family system. Impact of addiction on child development, parenting, the marital relationship, and other significant relationships will be explored.

120 SAFETY AND SANITATION Introduction to food service sanitation, safety practices pertinent to hospitality manager.

2 credits

3 credits

265 WOMEN AND ADDICTION 3 credits Exploration of the social, psychological, physical and family aspects of addiction in women.

Emphasis on sanitation laws, rules, food microbiology, safe food handling, storage practices, 121 FUNDAMENTALS OF FOOD PREPARATION I 4 credits

Skills and basic knowledge of food preparation procedures in a laboratory situation.

266 SOCIAL SERVICE TECHNIQUES WITH CHILDREN AND FAMILIES 3 credits

122 FUNDAMENTALS OF FOOD PREPARATION II

4 credits

Prerequisite: 122. Preparation for working with children individually and in their families. Content includes child development in relation to environmental factors, social policy concerns and helping interventions.

Prerequisites: 101, 120 and 121. Continuation of 121. Food preparation techniques presented in laboratory situations for public consumption in a restaurant setting.

History and development of viticulture, enology.

ADDICTION ASSESSMENT AND TREATMENT PLANNING Prerequisite: 260. Overview of screening, diagnosis and assessment procedures in the addiction field, including review of the most commonly used testing instruments. Implication for treat-

160 WINE AND BEVERAGE SERVICE

3 credits Intensive examination of wine as related to hospitality industry. Emphasis on business practices.

268 CO-OCCURRING DISORDERS 3 credits Key concepts and evidence-based practices in the provision of services to people suffering from

230 ADVANCED FOOD PREPARATION

4 credits

substance abuse as well as mental illness and behavioral disorders. 269 CRIMINAL JUSTICE AND ADDICTION 3 credits An introduction to the problems that exist with the treatment of the alcohol/drug offenders and

Prerequisites: 101 and 122. Lecture and demonstration followed by hands-on experience in the preparation of classical American dishes as well as cuisines and techniques from around the world. 232 DINING ROOM SERVICE AND TRAINING

issues relating to their transition back to the community.

ment planning is explored.

In-depth study of the styles of dining service, development of job descriptions, importance of courtesy, customer relations. Application of service techniques in restaurant environment.

270 RELAPSE PREVENTION A study of the concepts, evidence-based practices and strategies for relapse prevention with addictive behaviors.

233 RESTAURANT OPERATIONS AND MANAGEMENT Prerequisite: 122, 232 and 245 for restaurant management option. Additional prerequisite: 261

4 credits

271 NON-CHEMICAL ADDICTIONS AND DEPENDENCIES 3 credits Introduction to understanding human behaviors and physiological responses to compulsive behaviors other than dependencies on psychoactive chemicals. Several behavior addictions will be explored.

for culinary arts majors. Introduction to large quantity food service procedures with emphasis on sound principles of food handling service and sanitation in large quantity operations. Gourmet meals served in simulated restaurant atmosphere.

273 CAREER ISSUES IN SOCIAL SERVICES III

276 PRACTICUM IN THERAPEUTIC ACTIVITIES

documentation and group work skills.

237 INTERNSHIP

Prerequisite: 171. Prepares students for fieldwork and future employment. Topics include resume development, job interviews and search strategies, working in organizations, supervision, safety, professionalism and licensure requirements.

Prerequisite: permission. On/off campus observation/work experience integrated with academic instruction. Concepts applied to practical situations. May be repeated for a total of two credits. 240 SUPERVISION IN THE HOSPITALITY INDUSTRY 3 credits Prerequisite: 101. Identifies various components of the hotel and food service operations and

275 THERAPEUTIC ACTIVITIES 3 credits Prerequisite: 150. Preparation for planning, adapting and implementing individual and group therapeutic activities to meet diverse psychological needs. Emphasizes program planning, motivational techniques and group work skills.

243 FOOD EQUIPMENT AND PLANT OPERATIONS

245 MENU, PURCHASING AND COST CONTROL

the role of managing human resources efficiently and effectively .

3 credits Prerequisite: 120. Available food service equipment, its selection, use and care. Field trips taken to wholesale outlets and food service establishments to see food service equipment demonstrated and in operation.

Prerequisite: 150. Corequisite: 275. Supervised 90-hour experience in long-term care facility observing, planning and providing therapeutic activities. Students practice program planning,

4 credits

Prerequisites: 101 and 2030:161. Menu design and merchandising integrated with purchasing principles, specifications and receiving, as well as financial controls and procedures within the

277 CASE MANAGEMENT IN COMMUNITY SERVICES 3 credits Case by case study of Social Service delivery in six primary areas of Human Services. Emphasis on case management skills, documentation and ethics.

250 FRONT OFFICE OPERATIONS 3 credits Prerequisites: 121, 2030:161, 2420:211 and 2540:270. This course introduces the student to the functioning of the Front Office of a Hotel and expands student's knowledge of Hotel Operations.

278 TECHNIQUES OF COMMUNITY WORK

256 HOSPITALITY LAW

quality evaluation.

nections are studied.

Prerequisite: 2020:121. For those intending to work in community organizations in the United States and for others desiring an understanding of technical community service roles. Covers such topics as ethics, liability issues, communication and problem solving skills, values clarification, stress management systems theory, and assertive behavior

Prerequisite: 101. Introduction to hotel, restaurant, travel law. Fundamental constitutional, statutory, administrative rules, regulations applicable to hospitality industry. Case study, problem-solving approaches applied to legal problems confronting hospitality executives.

279 TECHNICAL EXPERIENCE IN COMMUNITY AND SOCIAL SERVICES 5 credits Prerequisite: 278 and permission. Individual placement in selected community and social service agencies for educationally supervised experience in community and social services technician

Prerequisite: 122. Techniques and production of quick breads, yeast products, cakes, cookies, specialty desserts and pies. Emphasis on equipment, formulas, ingredient selection and product

BAKING AND CLASSICAL DESSERTS

4 credits

position. Does not substitute for 7750:421 or 495. 285 SOCIAL SERVICES PRACTICUM I 1-4 credits

268 REVENUE CENTERS Prerequisite: 101. An in-depth examination of the sales producing divisions of the hotel organization. The rooms, banquet, food and beverage, and special departments as well as their intercon-

Prerequisites: 122, 172 and 273. Supervised field placement in a human service organization. Students apply classroom learning to actual helping situation, test career interests and gain practical, on-the-job experience

278 HOSPITALITY INDUSTRY MARKETING

3 credits

Prerequisite: 101. Introduces various concepts of marketing, their applications to the hospitality industry, and the key elements of a marketing plan.

286 ADDICTION SERVICES INTERNSHIP

SPECIAL EVENTS MANAGEMENT

Prerequisites: 101, 232, 278. Defines scope and segmentation of convention and group business markets and develops related marketing strategies.

Prerequisites: permission of instructor. Integrates counselor assistant experience with fundamental concepts and skills from academic studies. Students required to complete 200 hours of supervised field experience

290 SPECIAL TOPICS: HOSPITALITY MANAGEMENT

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in food service management.

PARALEGAL STUDIES

101 INTRODUCTION TO LEGAL ASSISTING

3 credits

Covers the basics of legal assisting emphasizing the fundamental concepts of the legal system. Includes overview of legal assistant career and ethical considerations relative thereto.

104 BASIC LEGAL RESEARCH AND WRITING

3 credits Prerequisite: 101, Will provide the student with basic research abilities necessary in law offices. Includes the use of law library tools (reporter systems, legal encyclopedias, codes, and computer).

106 BUSINESS ASSOCIATIONS

Prerequisite: 101. Instructs students in different types of business entities, from sole proprietorships to corporations. Preparation of forms and necessary governmental filings will be stressed.

108 REAL ESTATE TRANSACTIONS

Prerequisite: 101. Acquaints students with basic real property law, including different types of deeds, ownerships, easements, and mortgages. Problems arising from sales agreements will

110 TORT LAW

3 credits

Prerequisite: 101. Covers the traditional civil wrongs, from the plaintiff's and defendant's standpoints. Actual cases will be briefed and discussed. Stresses importance of preparation prior to trial.

112 FAMILY LAW

3 credits Prerequisite: 101. Covers antenuptial agreements, marriage, divorce, dissolutions, annulments, adoptions, juvenile law, artificial insemination, and paternity.

118 PROBATE ADMINISTRATION

4 credits

Prerequisite: 101. Covers law necessary to draft and interpret wills, trusts. Includes administration of a typical estate within Probate Court. Touches on guardianship, commitment of mentally ill.

204 ADVANCED LEGAL RESEARCH

Prerequisite: 101; 104. Continuation of 104. Will especially stress importance of clear, concise legal writing. Students will write briefs, motions, and legal correspondence as part of their endeavor.

214 CIVII PROCEDURE

remedies

Prerequisite: 101. Covers aspects of legal assisting in different types of civil litigation. Includes Ohio Rules of Civil Procedure, preparation of complaints, answers, motions, basic

216 DEBTOR-CREDITOR RELATIONS Prerequisite: 101. Covers bankruptcy primarily, as well as collection methods and state law

218 ADVANCED PROBATE ADMINISTRATION

3 credits Prerequisites: 101; 118. Covers guardianships, marriage licenses, living wills and advanced directives, adoptions, name changes, and the probate and tax issues of intestate and testate estates.

220 LEGAL ASSISTING INTERNSHIP

Prerequisites: 101; 104. Must have completed first-year courses. Gives students experience in law-related environment. Students work at placement and meet with course instructor

290 SPECIAL TOPICS: LEGAL ASSISTING TECHNOLOGY

Prerequisites: 101, 104 or permission. (May be repeated for a maximum of six credits.) Selected topics on subject areas of interest in Legal Assisting Technology.

297 INDEPENDENT STUDY: LEGAL ASSISTING

Prerequisite: 101. (May be repeated for a maximum of six credits.) Selected topics and special areas of study in Legal Assisting Technology.

BUSINESS MANAGEMENT TECHNOLOGY

2420:

103 ESSENTIALS OF MANAGEMENT TECHNOLOGY

3 credits

Survey of management principles for business and other organizations. Emphasizes the basic management functions including planning, organizing, staffing, influencing, and control.

104 INTRODUCTION TO BUSINESS IN THE GLOBAL ENVIRONMENT

3 credits

Survey of business emphasizing the global nature of business and including entrepreneurship concepts, form, marketing, management, human resources, financial resources and production.

110 PRINCIPLES OF TRANSPORTATION

3 credits

Analysis of role of transportation in nation's economic development. Survey of historical development and economic aspects of rail, highway, water, air, and pipeline. 111 PUBLIC RELATIONS

Study of philosophy, techniques and ethics of the management function known as public relations. Defines variety of publics and methods of communication.

117 SMALL BUSINESS DEVELOPMENT

Prerequisite: 211 or permission. Introduction to small business and entrepreneurship: opportunities and qualifications for establishing, financing, operating and developing managerial policies and procedures for small business

118 FINANCIAL MANAGEMENT AND PLANNING FOR SMALL BUSINESS

Prerequisite: 212 and 117. Study of finance as applied to small business, including planning, budgeting, financing, financial accounting, and the use of financial software for small business.

125 ESSENTIALS OF PERSONAL FINANCE

3 credits

Consumer decision making including credit and budgets, time value of money, major purchases, insurance, investments, tax planning, retirement and estate planning. 170 APPLIED MATHEMATICS FOR BUSINESS

Mathematics of business including retail pricing, simple and compound interest, discounts, mortgages,

3 credits

payroll, annuities, depreciation, inventory, insurance, taxes, stock and bonds, and basic statistics 202 ELEMENTS OF HUMAN RESOURCE MANAGEMENT 3 credits Prerequisite: 103 or permission. Provides students with an overview of human resource manage-

ment functions. Includes planning, EEO/AA, selection, development, legal environment, compen-

sation, labor relations, appraisal systems and career planning.

211 BASIC ACCOUNTING L 3 credits Accounting for sole proprietorships operating as service and merchandising concerns. Introduction to financial statements. Includes handling of cash, accounts receivable, inventories, plant/equip-

ment, and payroll.

212 BASIC ACCOUNTING II 3 credits Prerequisite: 211. Accounting as it applies to partnerships and corporations. includes stocks, bonds, cash flows, financial statement analysis, and specialized accounting software.

213 ESSENTIALS OF MANAGEMENT ACCOUNTING Prerequisite: 211. Study of the interpretation and use of accounting data by management in decision making and the planning and controlling of business activities.

214 ESSENTIALS OF INTERMEDIATE ACCOUNTING

3 credits

Prerequisite: 212. Study of development of financial accounting theory and its application to problems of financial statement generation, account valuation, analysis of working capital, and determination of net income

215 COMPUTER APPLICATIONS FOR ACCOUNTING CYCLES

Prerequisites: 212, 213, 2540:270. Develops the skills of computer accounting as used in today's marketplace through hands on experience with general ledger accounting software.

216 SURVEY OF COST ACCOUNTING

Prerequisite: 213. Provides student with conceptual understanding of how accounting information is developed and used for product costing, decision making and managerial planning and control.

217 SURVEY OF TAXATION Survey course of basic tax concepts, research, planning, and preparation of returns for individuals,

4 credits

partnerships and corporations. Federal, state and local taxes are discussed. 219 BUSINESS ACCOUNTING PROJECTS 3 credits Prerequisites: 212, 213, 216, 2540:270. Capstone course for accounting: involves advanced prob-

lem and critical thinking on topics in financial, managerial, cost and tax accounting.

220 APPLIED ACCOUNTING

243 SURVEY IN FINANCE

3 credits

Prerequisites: 212, 213, 2540:270. An applied orientation focusing on all accounting functions through adjusted trial balance and basic payroll skills. Emphasis on skills required for the Certified Bookkeeping designation.

227 ENTREPRENEURSHIP PROJECTS

Prerequisite: 103, 104, 117, 212, 243 and 2540:270. Requires the student to research, design, and complete a comprehensive business plan which will become the blueprint for a new or existing business.

Prerequisites: 170 and 211. Survey of field including instruments, procedures, practices and institutions. Emphasis on basic principles

the actual accounting environment and general workplace.

245 BUSINESS MANAGEMENT ACCOUNTING INTERNSHIP Prerequisites: 212 and 213 or 215 and 216. An accounting field experience exposing the student to

246 BUSINESS MANAGEMENT INTERNSHIP

Prerequisites: 32 credits completed, including 103, 104, 212, 280, 2040:240, 6300:201. A management field experience exposing the student to the actual management environment and general

250 PROBLEMS IN BUSINESS MANAGEMENT Prerequisites: 103, 104, 212, 243, 2520:101 and 2540:270. Capstone course studies the devel-

3 credits

opment of solutions and the formulation of policies to solve business problems, emphasizes case studies, group projects, oral and written presentations. 280 ESSENTIALS OF BUSINESS LAW History of the law and the judicial system, torts and criminal law affecting business, contracts

with emphasis on sales under the UCC, and commercial paper. 290 SPECIAL TOPICS: BUSINESS MANAGEMENT TECHNOLOGY

1-3 credits

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in business management technology.

REAL ESTATE

2430:

105 REAL ESTATE PRINCIPLES

3 credits

Introduction to real estate as a profession, process, product and measurement of its productivity. The student is responsible for reading and discussions relative to real estate and the

185 REAL ESTATE LAW

3 credits

Prerequisite: 105. Contents of contemporary real estate law. The student is responsible for readings covering units on estates, property rights, license laws, contracts, deeds, mortgages, civil rights, and zoning

245 REAL ESTATE FINANCE

2 credits

Prerequisites: 105, 185. Study of contents of contemporary real estate finance. Units on reading and discussion include mortgage instruments, financial institutions, mortgage market, govern mental influence on finance, and risk analysis and mortgage lending.

255 VALUATION OF RESIDENTIAL PROPERTY

2 credits

Prerequisites: 105, 185. Methods used to estimate value in residential property including cost of reproduction, market data and income approach. Student prepares an appraisal on a residential

265 REAL ESTATE BROKERAGE

Prerequisites: 105, 185 or permission, Application of management functions of planning, organizing, directing, controlling and staffing to real estate brokerage office. Student activities include reading, discussion and research.

275 SPECIAL PROJECT IN REAL ESTATE

Prerequisites: 105, 185, 245, 255, and 265. Student demonstrates knowledge of real estate by preparing a written report covering brokerage process as it relates to a parcel of property.

COMPUTER INFORMATION SYSTEMS

2440:

101 FUNDAMENTAL COMPUTER CONCEPTS

Bridge course designed to provide a general introduction to and general overview of fundamental computer concepts that will be necessary for subsequent computer-oriented courses.

INTRODUCTION TO WINDOWS

1 credit

Bridge course includes instruction in Microsoft Windows operating system, as well as subdirectories, data transfer, and file management.

103 SOFTWARE FUNDAMENTALS

2 credits Bridge course is an introduction to various microcomputer software packages. Hands-on work provides the skills and knowledge to create word processing documents, spreadsheets and databases

INTRODUCTION TO COMPUTERS AND APPLICATION SOFTWARE

Overview of basic computer concepts, electronic mail and Internet technologies. Introductory-level instruction and hands-on experience in word processing, spreadsheet, database and presentation software

121 INTRODUCTION OF LOGIC/PROGRAMMING

3 credits

Prerequisite: 105 or pass placement test. An introduction to business problem solving using computer-based solutions. Topics include structured design, documentation and modularity. Includes a component of hands-on programming.

125 SPREADSHEET SOFTWARE

2 credits

Prerequisite: 105 or pass placement test. Emphasizes mastery of spreadsheet applications using

140 INTERNET TOOLS

Prerequisite: bridge course or placement exam. Students will learn to create web pages using HTML and enhance their documents by including hyperlinks, tables, forms, frames and images in

141 WEB SITE ADMINISTRATION

3 credits

Prerequisite: 105 or pass placement test. Provides step-by-step Web site administration guides such as selecting software and hardware, dealing with ISPs, domain name registration, structuring and updating content, analyzing security and legal issues, and implementing marketing strategies

145 OPERATING SYSTEMS

Prerequisite: 105 or pass placement exam (CISBR). This course explores the vital functions that an operating system performs. A multi-user operating system is studied from a functional and hands-

JAVA PROGRAMMING

3 credits

Prerequisite: 121. Course introduces the JAVA programming language. Programming techniques are demonstrated through the coding, testing and debugging of JAVA applications and applets

Prerequisites: 121. Course includes hands-on experience with Visual BASIC, design of Graphical User Interface (GUI) applications, event-driven programming, linking of windows, and accessing

175 MICROCOMPUTER APPLICATION SUPPORT

3 credits

Prerequisite: 105 or pass placement test. This course is an continuation of Software Fundamentals. In-depth use of word processing and spreadsheet software packages.

DATABASE CONCEPTS

3 credits

Prerequisites: 121 and 145. Overview of models and functions of Database Management Systems. Data definition and data manipulation in the relational model using SQL. Introduction to database design.

NETWORKING BASICS

3 credits

Prerequisites: Bridge course or placement test. The introductory course in networking. It includes study of the common network protocols and structures, including the OSI reference model and the TCP/IP protocol

202 ROUTER AND ROUTING BASICS

Prerequisite: 201. The second course in networking. It covers basic router configuration as well as routed and routing protocols

203 SWITCHING BASICS AND INTERMEDIATE ROUTING

advanced IP protocols and Wide Area Network theory and design.

3 credits

Prerequisite: 202. The third of four courses leading to the CCNA certification. This course covers switching basics and additional routing protocols not covered in the previous course.

204 WAN TECHNOLOGIES Prerequisite: 203. The fourth of four courses leading to the CCNA certification. Topics covered include

development.

3 credits

210 CLIENT/SERVER PROGRAMMING 3 credits Prerequisite: 180. Introduces student to client/server programming. Includes hands-on experience using a Rapid Application Development (RAD) tool to show integration of database and program

3 credits 211 INTERACTIVE WEB PROGRAMMING Prerequisite: 121 and 140. Provides students with instruction on interactive Web programming using HTML, Common Gateway Interface (CGI) using Perl and JavaScript. Programming languages may change based on current industry practice.

212 MULTIMEDIA AND INTERACTIVE WEB ELEMENTS

3 credits

Prerequisite: 140. Reviews and demonstrates web tools and techniques like RealAudio, Shockwave, QuickTime, video conferencing and other dynamic graphical elements to enhance Web-based communication. Multimedia software may change to reflect current technology.

234 BUSINESS PROGRAMMING

3 credits

Prerequisite: 180. Course emphasizes programming and documentation skills to solve business problems, Topics include business application programming, file handling, and advanced data manipulation.

240 COMPUTER INFORMATION SYSTEMS INTERNSHIP

3 credits

Prerequisites: 202, 247 OR 2600:242. Gives student experience in networking or computer maintenance in the workplace. Student with instructor to discuss and examine experiences.

241 SYSTEMS ANALYSIS AND DESIGN

3 credits

Prerequisite: 170 and 180. Covers all phases of business systems analysis, design, development, and implementation. Such principles as system flowcharting and file and document design emphasized.

245 INTRODUCTION TO DATABASES FOR MICROS

Prerequisite: 105 or pass placement test. Explains fundamental data base concepts and provides hands-on experience using database software.

247 HARDWARE SUPPORT Prerequisites: Admission to program or permission of program director. This course introduces the

3 credits

248 SERVER HARDWARE SUPPORT 3 credits Prerequisite: 247. This course introduces the student to server hardware and expands student knowl-

student to the basic skills required to troubleshoot, maintain and repair computers.

edge of client hardware 251 CIS PROJECTS

3 credits

Prerequisites: 241. Using a simulated work environment, project teams are set up and required to analyze an unstructured problem, prepare alternative designs and implement a solution.

Prerequisite: 121. This course explores object-oriented programming through C++ program development. MICRO DATABASE APPLICATIONS 3 credits

Prerequisite: 170 and 180. Students receive hands-on experience using a database applications pack-

age. Topics include database creation, organization, updates, queries and generation of reports. NETWORK CONCEPTS

Prerequisite: 105 or pass placement exam (CISBR). This course introduces network concepts and the terminology of network computing. Data communications, network components, the OSI reference model and communication protocols are explored. SPECIAL TOPICS: COMPUTER INFORMATION SYSTEMS

Prerequisite: permission. Selected topics or subject areas of interest in computer information sys-

301 ADVANCED ROUTING

1-3 credits

Prerequisites: must have a current CCNA certification and be able to program a router to the CCNA standards (requires permission) or must have successfully completed all four Cisco Networking Academy CCNA courses from an accredited academy (201, 202, 203, 204). This course focuses on advanced routing protocols and features and complies with the content of the Cisco Academy Cisco Certified Network Profession (CCNP) Advanced Routing course.

302 REMOTE ACCESS

tems

Prerequisites: must have a current CCNA certification and be able to program a router to the CCNA standards (requires permission) or must have successfully completed all four Cisco Networking Academy CCNA courses from an accredited academy (201, 202, 203, 204). This course focuses on remote access protocols, features, and configuration and complies with the content of the Cisco Academy Cisco Certified Network Profession (CCNP) Remote Access course.

310 WIRELESS NETWORKING Prerequisite: 202. This course provides students with various wireless networking technologies.

3 credits

338 SYSTEM ADMINISTRATION I Prerequisite: 145. This course provides students with the necessary knowledge and skills to perform basic system administration tasks on a network operating system.

SYSTEM ADMINISTRATION II Prerequisite: 338. This course provides students with the necessary knowledge and skills to perform

3 credits

advanced system administration tasks on a network operating system. MULTILAYER SWITCHING

4 credits

Prerequisites: must have a current CCNA certification and be able to program a router to the CCNA standards (requires permission) or must have successfully completed all four Cisco Networking Academy CCNA courses from an accredited academy (201, 202, 203, 204). This course focuses on switching protocols and features. This course complies with the content of the Cisco Academy Cisco Certified Network Profession (CCNP) Switching course.

402 NETWORK TROUBLESHOOTING

Prerequisites: 301, 302, 401. This course focuses on troubleshooting complex networks and complies with the content of the Cisco Academy Cisco Certified Network Profession (CCNP) . Troubleshootina course.

410 NETWORK AUTHENTICATION AND SECURITY

Prerequisite: 204. This course focuses on network security issues related to conducting business over the Internet, including authentication, authorization, and firewalls. Security issues have evolved from server-centric security to network-level security. This course will allow students to discover the extent of the concerns and current solutions.

VOICE, DATA, AND VIDEO

3 credits

Prerequisite: 204. This course focuses on network issues related to the integration of voice, data, and video over the same network media and equipment.

430 NETWORK MONITORING AND MANAGEMENT

nostic coding skills.

2530:

3 credits Prerequisite: 204. This course provides students the basic theory and practical application of network monitoring and management skills.

CURRENT TOPICS IN COMPUTER INFORMATION SYSTEMS

and social decisions related to disease prevention and patient care. 3 credits

Prerequisite: permission. Seminar in topics of current interest in information technology or special individual topics in information technology.

MARKETING AND SALES TECHNOLOGY

2520:

101 ESSENTIALS OF MARKETING TECHNOLOGY

Survey of marketing including its environment, buyer behavior, target market selection, product decision, distribution decisions, promotion decisions, pricing decisions and marketing management.

202 RETAILING FUNDAMENTALS

Presents basic principles and practices of retailing operations, including site selection, buying, pricing and promotion practices. Use is made of extensive projects and investigations and actual retail operations

203 PRINCIPLES OF ADVERTISING

Prerequisite: 101 or 6600:300. Focuses on the principles and functions of advertising, creation and evaluation of advertisements, research of target market, message selection strategy and media placement options.

204 SERVICES MARKETING

Prerequisites: 203 and 212. Corequisites: 202. Focuses on quality customer service and its role in marketing. Evaluation of customers' needs and expectations, interpretation of customer data and creation of service strategies.

206 RETAIL PROMOTION AND ADVERTISING

Prerequisite: 202 or permission. Studio course in retail display and promotion techniques. Window, interior and point of purchase categories; principles of design as applied to commercial art; function in visual design, elements of design, color theory, lettering, printing process, layout to camera-ready art.

211 MATHEMATICS OF RETAIL DISTRIBUTION

Prerequisite: 2420:170. Basic course dealing with merchandising mathematics. Includes understanding markup types, retail method of inventory (sales and stock planning), and opento-buy computations.

212 PRINCIPLES OF SALES

Prerequisite: 101 or permission. Study of basic principles of selling, emphasizing individual demonstrations and sales projects. Includes review of sales function as integral part of market-

221 ADVERTISING CAMPAIGN

Prerequisite: 203. Student will prepare an advertising campaign for a product assigned by the AAF. The campaign may be entered in the AAF national contest.

240 MARKETING INTERNSHIP

3 credits

Prerequisite: 101, 203, 202 and 212. On-the-job work experience in a marketing environment in which students apply learned skills and concepts to practical business situations. Periodic reports and projects required as appropriate

254 SALES MANAGEMENT TECHNOLOGY

Prerequisite: 212 and 2030:151. Process relating to the formulation, implementation and control of a strategic sales program. Students will learn how to select, evaluate and motivate a sales force.

290 SPECIAL TOPICS: MARKETING AND SALES

1-3 credits

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in sales and merchandising.

241 HEALTH INFORMATION AND RECORDS MANAGEMENT

MEDICAL CARE OFFICE

understand ICD-9-CM coding classification, the course helps develop essential basic-level diag-

3 credits

This course provides a general understanding of health information management including the effective collection, analysis, and dissemination of quality data to support individual, organization

Corequisite: 2740:120. Designed to instill the fundamental knowledge and practice needed to

242 MEDICAL OFFICE ADMINISTRATION

240 MEDICAL CODING — DIAGNOSTIC

MANAGEMENT

Prerequisite: 2470:120. This course focuses on the health care workplace and emphasizes tools (including a computer-simulated office management program) to perform all front office respon-

243 MEDICAL CODING II — PROCEDURAL

Prerequisites: 240 and 2740:120. This course will cover the statistical classification systems used to describe medical procedures in the healthcare field including Current Procedural Terminology (CPT), Health Care Procedure Coding System (HCPCS) and International Classification of Disease (ICD).

257 HEALTH CARE OFFICE FINANCE

Prerequisites: 243, 2420:211, and 2440:125. Helps students attain a level of understanding of

the financial aspects of medical practice management. Basic accounting terminology, the revenue cycle, relative value units, budgeting and financial management and reporting. 284 MEDICAL OFFICE TECHNIQUES 2 credits

Prerequisite: 2470:120. This course will guide the student through a variety of clinical-related skills performed in the physician office. The materials are designed to assist the student in meeting the competencies developed by four national organizations.

290 SPECIAL TOPICS: HEALTH CARE OFFICE MANAGEMENT

(May be repeated for a total of six credits) Prerequisite: permission. Selected topics or subject areas of interest in health care office management.

OFFICE ADMINISTRATION

2540:

118 EXPLORING THE INTERNET

2 credits

Prerequisite: 2440:101 or equivalent. Use of the Internet for conducting research and job searches, using e-mail, accessing personal and business information, and setting up and maintaining a

119 BUSINESS ENGLISH

Prerequisite: placement test. Fundamentals of English language with emphasis on grammatical correctness, acceptable usage, spelling and punctuation. Limited writing primarily involves choice of precise words and effective sentence structure with some attention to paragraph

121 INTRODUCTION TO OFFICE PROCEDURES

Prerequisite: 143 and basic typing skills. Introduction to concepts regarding the role of the office worker, human relations, communications, productivity, reference materials, technological advances in processing information and employment opportunities.

123 MICROSOFT OUTLOOK

Prerequisite: placement by advisor. An introduction to Microsoft Outlook software. Students will learn how to use Outlook for email, contacts, calendaring, making appointments and instant

129 INFORMATION/RECORDS MANAGEMENT

3 credits

Overview of records used in business. Includes filing procedures, equipment, supplies, classification systems, alphabetic rules, electronic database systems, and management and control of records systems.

136 SPEECH RECOGNITION TECHNOLOGY Prerequisite: placement by advisor. Course will present the features of speech-recognition soft-

ware to assist students to increase their productivity at computer tasks while improving their communication skills.

138 PROJECT MANAGEMENT

Prerequisite: placement by advisor. Introductory course that examines elements of projects and project management technology. Also provides an understanding of Microsoft Project software for managing and evaluating projects.

140 KEYBOARDING FOR NON-MAJORS Beginning keyboarding for the non-secretarial student. Fundamentals in the operation of the key-

board; application emphasis on individual student needs such as resumes, application letters and forms, term reports, abstracting, etc. Credit not applicable toward associate degree in Office Administration

143 MICROSOFT WORD, BEGINNING

Introduction to word processing software for the non-office Administration major. Training on personal computers as a tool for personal/business communications using Microsoft Word software.

144 MICROSOFT WORD, ADVANCED

Prerequisite: 143. Intermediate and advanced skills of Microsoft Word to include tables, importation of spreadsheets, outlines, advanced file management, macros, merges, labels and graphics.

150 BEGINNING KEYBOARDING

For the beginning student or one who desires a review of fundamentals. Includes basic keyboard, letters, tables and manuscripts. Minimum requirement: 30 wpm with a maximum of 5 errors for 5 minutes. (Wavne campus only)

INTERMEDIATE WORD PROCESSING

Prerequisite: 143 and basic typing skills. Further development of keyboarding skill. Advanced letter styles, forms, reports and tables. Minimum requirement: 40 wpm with a maximum of 5 errors for 5

241 INFORMATION MANAGEMENT Prerequisite: 150 or equivalent and basic typing skills. Study of creation, classification, encoding, transmission, storage, retention, transfer and disposition of information. Emphasis on written, oral and machine language communication media used in business information systems. Offered at Wayne campus only.

243 INTERNSHIP

Prerequisites: 119; 121; 129; 253; 263; 270; and 281. Work experience in an office environment related to the student's degree major. Application of office administration skills and knowledge.

253 ADVANCED WORD PROCESSING Prerequisites: 151. To increase student's ability to do office-style documents on the computer with

3 credits

minimal supervision. Minimum requirement: 50 wpm with a maximum of 5 errors for 5 minutes. 255 LEGAL OFFICE PROCEDURES I 3 credits Prerequisite: 151. Concentration on ethics, responsibilities, and document production for the career

legal secretary. (Wayne campus only) 263 PROFESSIONAL COMMUNICATIONS AND PRESENTATIONS

3 credits Prerequisites: 2020:121 or permission. Application of the principles of communication in speeches, business presentations, group discussions and business documents.

265 WOMEN IN MANAGEMENT

Deals with gender-related needs and problems of women in management and supervision.

BUSINESS SOFTWARE APPLICATIONS

Prerequisite: 2440:105, 2540:140 or placement test or permission; Wayne College students 2440:125, 2540:241, 253. Use of business application software and critical thinking skills to solve business problems. Word processing, spreadsheets, database, presentation software, integration of applications, and the Internet

271 DESKTOP PUBLISHING

3 credits

Prerequisites: 140 or permission. Desktop Publishing software used to create printed materials such as newsletters, brochures and forms. Course addresses design/layout decision and editing skills for the office worker.

273 MICROSOFT POWERPOINT

Prerequisites:2540:140 or 2540:143 or permission. An introduction to the basic principles of preparation, design, and organization necessary to produce exciting and effective PowerPoint presentations using Microsoft PowerPoint.

EDITING/PROOFREADING/TRANSCRIPTION

3 credits

Prerequisites: 119,151. Editing and proofreading skills emphasized on the transcription of taped dictation with emphasis on producing mailable documents on word processing software

CAREER DEVELOPMENT FOR BUSINESS PROFESSIONALS

Fundamentals of job search technique, professional image development and personal and interpersonal dynamics within the business environment.

290 SPECIAL TOPICS: OFFICE ADMINISTRATION

1-3 credits

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in office administration.

MEDICAL ASSISTING

2740:

120 MEDICAL TERMINOLOGY

3 credits

Study of language used in medicine

121 STUDY OF DISEASE PROCESSES

3 credits

Prerequisite: 120. A study of human disease, the disease process, and a review of medical ter-

122 EMERGENCY RESPONDER I

1 credit

This course explores how the medical/professional responder should react to medical emergen-

126 ADMINISTRATIVE MEDICAL ASSISTING I

Theory and practice in administrative competencies such as legal and ethical concepts, professionalism, telephone skills, scheduling and managing appointments, organizing/filing the patient's medical record.

127 ADMINISTRATIVE MEDICAL ASSISTING II

Prerequisite: 126. Theory and practice in competencies including financial administration utilizing computerized billing software program. Posting, encounter forms, claims, statements, and aging of accounts will be generated.

128 BASIC PROCEDURAL CODING

Students will learn how to convert medical procedure language into standard Current Procedural Terminology (CPT) and the Health Care Financing Administration Common Procedure Coding System (HCPCS) which are utilized for healthcare reimbursement.

129 BASIC DIAGNOSTIC CODING

3 credits

This class focuses on converting the diagnostic language learned in Medical Terminology into industry standard character strings for purposes of reimbursement — ICD-9-CM codes.

135 CLINICAL MEDICAL ASSISTING I

4 credits

Prerequisite: 125. Introduction to medical laboratory, theories and procedures essential for a medical assistant's career

228 MEDICAL INSURANCE

223

Prerequisites: 120, 128, and 129. Theory and practice in billing and collecting for medical ser-

230 BASIC PHARMACOLOGY

3 credits

Overview of drugs used in a medical setting

235 CLINICAL MEDICAL ASSISTING II

4 credits

Prerequisites: 125, 135, Advanced medical laboratory theories and practices essential for a medical assistant's career

245 MEDICAL EXTERNSHIP

4 credits

Prerequisites: permission from Medical Assisting Program Director and a 2.0 cumulative grade point average (GPA). A seminar course including 200 hours of practical experience in ambulatory medicine

SPECIAL TOPICS: MEDICAL ASSISTING

Prerequisite: permission. Selected topics or workshops of interest in medical assisting technology.

RADIOLOGIC TECHNOLOGY

2760:

161 PHYSICAL SCIENCE FOR RADIOLOGIC TECHNOLOGY I

Prerequisites: 2030:130 or 2030:151 and permission. Introduction to systems of measurement. Matter, force, motion, work, power, energy, basic electricity, and magnetism.

165 RADIOGRAPHIC PRINCIPLES I

3 credits

Sequential. Prerequisite: 161. Elementary principles of ionizing radiation and their application in medical setting. Radiographic accessories and chemical processing of exposed x-ray film.

261 PHYSICAL SCIENCE FOR RADIOLOGIC TECHNOLOGY II

3 credits

Prerequisite: 161. Fundamentals of electricity and radiation physics. Principles of x-ray equipment and other radiation sources used in medical setting

SURGICAL TECHNOLOGY

2770:

100 INTRODUCTION TO SURGICAL ASSISTING TECHNOLOGY

4 credits

Prerequisite: admission to the program. Study of basic principles which underlie patient care in the operating room. Role of operating room technician and legal and ethical responsibilities defined

221 SURGICAL ASSISTING PROCEDURES

4 credits

Prerequisite: Admission to the program. Corequisite: 100. Covers principles and practices of surgical asepsis, surgical patients, procedures, maintenance of equipment and materials, immediate postoperative responsibilities and emergency situations in the operating room.

222 SURGICAL ASSISTING PROCEDURES II

Prerequisite: 121. Corequisite: 232. Principles of surgical asepsis, surgical patients, surgical procedures, maintenance of equipment and materials, immediate postoperative responsibilities and emergency situations in the operating room.

231 CLINICAL APPLICATION I

2 credits

Prerequisite: Formal admission to the Surgical Technology Program. Corequisites: 100 and 121. Student assigned to surgical service of affiliated hospitals. Emphasis on aseptic techniques and skills associated with their implementation.

232 CLINICAL APPLICATION II

Prerequisite: 131; corequisite: 222. Student assigned to surgical service of affiliated hospitals. Emphasis on "scrubbing" on general surgery and gynecology procedures.

233 CLINICAL APPLICATION III

5 credits

Prerequisites: 232 and 222. Student assigned to surgical service of affiliated hospitals. Emphasis on "scrubbing" in the specialty areas.

248 SURGICAL ANATOMY I

3 credits

Prerequisites: 2780:107 and 120. Corequisite: 100. Emphasis on human anatomy and understanding the body in its three dimensions and the relationships of parts to one another in the various surgical specialties

249 SURGICAL ANATOMY II

1-2 credits

Prerequisite: 148. Emphasis on human anatomy and understanding the body in its three-dimensions and the relationships of parts to one another in the various surgical specialties

Prerequisite: permission. Selected topics or workshops of interest in surgical assisting technology.

ALLIED HEALTH

SPECIAL TOPICS: SURGICAL ASSISTING

106, 107 ANATOMY AND PHYSIOLOGY FOR ALLIED HEALTH I, II

Prerequisite: permission. Introduction to the study of human structure and function. No laboratory.

290 SPECIAL TOPICS: ALLIED HEALTH

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in allied health.

RESPIRATORY CARE

2790:

100 CONCEPTS IN RESPIRATORY THERAPY

3 credits

Prerequisite: 2030:161. Introductory concepts regarding the practice and application of the concepts employed in respiratory therapy, including career information and equipment. (lecture/dis-

121 INTRODUCTION TO RESPIRATORY CARE

3 credits

Prerequisite: admission to program. Basic science and laws governing gases as well as appliances to administer and monitor oxygen. Covers equipment used to generate and give aerosol therapy. Lecture/laboratory

122 RESPIRATORY PATIENT CARE

3 credits

Prerequisites: 2780:106 (or equivalent) 2790:121. Corequisite: 2780:107 (or equivalent). Covers basic hospital practices in sterile technique, suctioning and postural drainage. Lecture/laboratory.

123 MECHANICAL VENTILATORS

3 credits

Prerequisite: 122, 131, 141. Introduction to different brands of ventilators and their functions. Airway and airway complications.

3 credits

Prerequisites: 121, 2780:106. Corequisite: 2780:107. Full admission to the program. (Implies the student has a clinical space. Students identified as Alternates do not have a clinical space.) Introduction to work in hospital and hands-on experience on hospital equipment. Laboratory.

132 CLINICAL APPLICATIONS II

2 credits Prerequisites: 122, 131, 141, 2780:107 (or equivalent). First of several rotations through hospitals. Mechanical ventilation is stressed.

133 CLINICAL APPLICATIONS III

Prerequisites: 123, 132, 201. Semester is broken into three, five-week rotations, one at each hospital to cover specialty area for that site. Laboratory.

134 CLINICAL APPLICATIONS IV

5 credits

Prerequisites: 133, 223, 242, Semester has three, five-week sessions. They will be spent at different clinical sites working on their specialty areas. Laboratory.

141 PHARMACOLOGY

2 credits

Corequisites: 2820:105 and 3100:130. Drugs administered by respiratory therapy and effect, route of action in the body. Lecture.

201 ANATOMY AND PHYSIOLOGY OF CARDIOPULMONARY SYSTEMS

Prerequisite: 2780:107 (or equivalent). Study of normal anatomy and physiology of heart and

210 RESPIRATORY THERAPY PROCEDURES I

3 credits

3 credits

Prerequisites: 100, 2740:120, 2780:106, 3100: 200, 201, admission to the program. Application of oxygen and aerosol therapy equipment. Lecture/laboratory.

215 RESPIRATORY THERAPY PHARMACOLOGY

Prerequisites: 100, 3150:110, 111. Pharmacologic actions and effects of medications delivered by respiratory therapists, and routes of administration.

223 ADVANCED RESPIRATORY CARE

3 credits

Prerequisites: 123, 201. Covers EKG, Pulmonary functions, research studies and radioactive pulmonary function studies. Lecture/laboratory.

224 PULMONARY REHABILITATION AND THE RESPIRATORY

2 credits

CARE DEPARTMENT Prerequisites: 223, 242. Covers area of pulmonary rehabilitation. Includes essentials of establishing a respiratory therapy department. Lecture/laboratory.

242 PATHOLOGY FOR RESPIRATORY CARE

Prerequisites: 201, 3100:130. Discussion of disease processes, diseases of lung and heart, their effect on respiratory therapy.

290 SPECIAL TOPICS: RESPIRATORY CARE-

3 credits

(May be repeated for a maximum of three credits) Prerequisite: permission. Selected topics or subject areas of interest in respiratory therapy technology.

301 CARDIOPUL MONARY ASSESSMENT TECHNIQUES

2 credits Prerequisites: 2780:107 or 3100:202 and 3100:203. Overall patient assessment, with concentration on the cardiopulmonary systems. Overview of common illness and related clinical manifestations. Lecture/laboratory

302 CARDIOPULMONARY ANATOMY & PHYSIOLOGY

Prerequisites: 210, 2780:107 or 3100:202 and 3100:203. Corequisite: 301. Study of normal anatomy and physiology of cardiopulmonary systems.

303 CARDIOPULMONARY PATHOLOGY

4 credits

Prerequisites: 301, 302. Discussion of diseases of the heart and lungs, and their relationship to the role of the respiratory therapist.

311 RESPIRATORY THERAPY PROCEDURES II

3 credits

Prerequisites: 210, 2780:107,, 3100:202, 203. Airway Care and Lung Inflation Techniques. Lecture/laboratory.

312 DIAGNOSTICS I

3 credits

Prerequisite: 210. Corequisites: 301, 302, 311. Bedside screening studies for the evaluation of cardiopulmonary diseases. Lecture/laboratory.

313 DIAGNOSTICS II

Prerequisites: 311, 312. Corequisite: 303. Laboratory diagnostic studies for the evaluation of cardiopulmonary diseases. Lecture/laboratory.

315 ADVANCED PHARMACOLOGY IN RESPIRATORY THERAPY

Prerequisite: 215. Pharmacologic actions and effects of cardiopulmonary medications.

Emphasis placed on anatomy and physiology, assessment and therapeutics.

320 NEONATAL/PEDIATRIC RESPIRATORY THERAPY I Prerequisite: 301. In-depth coverage of neonatal and pediatric respiratory care concepts.

325 MECHANICAL VENTILATION

Prerequisites: 303, 312, 315, 320, 341. Introduction to mechanical ventilation and equipment. Lecture/lab.

340 APPLICATION IN CLINICAL CONCEPTS

2 credits

Prerequisite: 210. Corequisite: 301. Introduction to basic respiratory therapy in a hospital setting. and hands-on practice with respiratory therapy equipment, including CPR for the professional. Lecture/clinical

341 RT CLINICAL EXPERIENCE I

Prerequisites: 215, 311, 340. Application of clinical procedures in a hospital setting, with emphasis on basic therapeutic interventions. Clinical. 225 clinical hours.

342 RT CLINICAL EXPERIENCE II

Prerequisites: 315, 325, 341. Application of clinical procedures in a hospital setting, with emphasis on mechanical ventilation techniques, 150 clinical hours.

404 POLYSOMNOGRAPHY I

3 credits

Prerequisite: 302. Introduction to sleep disorders and the related diagnostic tests.

405 POLYSOMNOGRAPHY II

3 credits Prerequisite: 404. Advanced concepts in sleep disorders, related diagnostic tests, and therapeutics, with practical application.

413 RESPIRATORY THERAPY IN ALTERNATE SETTINGS

3 credits

Prerequisite: 313. Pulmonary rehabilitation and home care, as well as care in other alternate settings. Lecture/lab. 420 NEONATAL/PEDIATRIC RESPIRATORY THERAPY II 3 credits

Prerequisite: 320. Detailed study of airway management, pathophysiology and treatment modalities as they relate to neonatal/pediatrics.

Prerequisites: 303, 315, 320, 340 or permission. Advanced Cardiac Life Support and Pediatric Advanced Life Support, with mega codes and case studies.

430 PROBLEMS IN RESPIRATORY THERAPY

Prerequisites: 313, 420, 443. Capstone course, applies the concepts from clinical situations, using computer simulations and cases, and evaluates research in respiratory therapy.

443 RT CLINICAL EXPERIENCE III

3 credits

3 credits

Prerequisite: 342. Rotation to a variety of health care facilities to practice specialty procedures in each institution. 225 clinical hours.

444 RT CLINICAL EXPERIENCE IV Prerequisite: 443. Rotation to a variety of health care facilities to practice specialty procedures in

each institution. 225 clinical hours

GENERAL TECHNOLOGY

2820:

100 INTRODUCTION TO ENGINEERING TECHNOLOGY

2 credits

This introductory course stresses skills needed for academic success. Discussion of fields in engineering technology, job searches, calculators and data measurement and analysis are included.

105 BASIC CHEMISTRY

Prerequisite: 1020:052 or one year of high school mathematics and placement test. Elementary treatment of facts and principles of chemistry emphasizing biological application. Elements and compounds important in everyday life, biological processes and medicine. Introduction to laboratory techniques. Primarily for medical assistant, criminal justice and allied health students. Laboratory.

111 INTRODUCTORY CHEMISTRY

3 credits

Corequisite: 2030:152. Facts and theories of general chemistry. Elements and compounds and their uses. Elementary treatment of atomic structure, gaseous state, periodic table, water, solu-

112 INTRODUCTORY AND ANALYTICAL CHEMISTRY

Prerequisite: 111 or permission. Chemical equilibria, ionization, radioactivity. Properties of selected metals and nonmetals. Introduction to organic chemistry. Basic concepts of qualitative analysis. Identifications of cations and anions. Laboratory. 131 SOFTWARE APPLICATIONS FOR TECHNOLOGY

Prerequisite: 2030:151. Word processing, spreadsheet database, and internet applications in engineering technology. Computer basics also. Limited to students in Engineering & Science Technology Department programs. Laboratory.

161 TECHNICAL PHYSICS: MECHANICS I 2 credits Corequisite: 2030:153. Principles of mechanics that include motion, vectors, forces, equilibrium; also, significant figures and unit conversions. Laboratory.

162 TECHNICAL PHYSICS: MECHANICS II 2 credits Prerequisite: 161, 2030:153; corequisite: 2030:153. Principles of mechanics that include work, power, conservation of energy, rotational motion, torque. Laboratory.

163 TECHNICAL PHYSICS: ELECTRICITY AND MAGNETISM

Prerequisites: 161; corequisite: 2030:153. Principles of electricity and magnetism. Electrostatics, basic direct current circuits, magnetism and electromagnetism, alternating currents, basic AC cir-

164 TECHNICAL PHYSICS: HEAT AND LIGHT Prerequisites: 161 and 2030:153. Topics include thermal behavior of matter,thermodynamics,

2 credits

light, geometric and physical optics. Introduction to atomic and nuclear physics. Laboratory

SPECIAL TOPICS: GENERAL TECHNOLOGY

(May be repeated for a total of four credits.) Prerequisite: Permission. Selected topics of subject areas of interest in General Technology.

310 PROGRAMMING FOR TECHNOLOGISTS

Prerequisites: 131 and 2030:255. A study of a technical programming language with applications in engineering technology. Limited to students in Engineering and Science Technology

POLYMER TECHNOLOGY (inactive)

2840:

111 POLYMER TECHNOLOGY I

Introduction to chemical and physical structure, properties and applications of polymers Interaction between materials properties, product design and processing. CHaracterization of

112 POLYMER TECHNOLOGY II

3 credits

Prerequisite: 111. This course emphasizes the processing of thermoplastics and thermosetting plastics. The laboratory introduces students to some of the major processes and equipment operation.

202 INSTRUMENTAL METHODS

4 credits

Prerequisites: 2820:111, 2840:111, 2860:110. Instrumentation employed in qualitative and quantitative analysis. Theory and practice in chromatographic, spectrophotometric and other instrumental methods. Laboratory.

211 POLYMER TECHNOLOGY III

3 credits

Prerequisites: 2820:131, 2840:101, 112. This course emphasizes the testing and characterization of materials used in polymer product fabrication, and the testing and analysis of finished polymer products

220 CASE STUDIES IN POLYMER DESIGN AND PROCESSING

Prerequisite: 211. Combines study of polymer properties, processing, and design guidelines to analyze complete manufacturing, testing, and quality assurance programs. Examples of significant applications analyzed in detail.

260 COMPOUNDING METHODS

2 credits Principles and methods of selecting and compounding rubber for specific end uses. The com-

pounder's art. Processing and testing of basic elastomers and products. Laboratory. 281 POLYMER PROJECT 2 credits

Prerequisite: 211. Student teams, choosing their own projects, design a polymeric product, select materials, processes, and simulate design and development of the product. Individual

290 SPECIAL TOPICS: POLYMER TECHNOLOGY

1-2 credits

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in polymer technology.

ELECTRONIC ENGINEERING TECHNOLOGY

2860:

110 BASIC ELECTRICITY AND ELECTRONICS

4 credits

Corequisite: 2030:151 or 2030:161. Principles of electronics: resistors, inductance, capacitance, transistors, microprocessors, power sources, motors, generators, test equipment, circuit diagnosis, troubleshooting. Credit not applicable toward the A.A.S. in Electronic Technology.

120 CIRCUIT FUNDAMENTALS

Corequisite: 121; 2030:152, 153. SI units, current, voltage, resistance, Ohm's Law, circuit analysis, network theorems, computer simulation, inductor, capacitor, RLC dc analysis, transients, laboratory support of circuit concepts, ac introduction.

121 INTRODUCTION TO ELECTRONICS AND COMPUTERS

Prerequisite: 2030:151 or placement. Supporting 2860:120 Circuit Fundamentals, this course introduces students to computers and software, technical communications, laboratory practices, and to the electronics industry.

123 ELECTRONIC DEVICES

4 credits

Prerequisite: 120. Physical theory, characteristics and operational parameters of solid-state electronic devices. Analysis and design of electronic circuits incorporating these devices, utilizing characteristic curves and linear modeling.

Prerequisite: 110 or 120. Corequisite: 2440:103 or 2860:121. Number systems, binary codes, two's complement representation of signed numbers, logic, logic circuits, Boolean algebra, Karnaugh maps, computer modeling of logic circuits.

206 PERSONAL COMPUTER MAINTENANCE

4 credits

Corequisite: 217. Personal computer fundamentals, software diagnostics to isolation of hardware faults. Set up, maintain, diagnose, repair, upgrade personal computers. Not applicable towards an EET degree.

217 SURVEY OF DIGITAL ELECTRONICS

Prerequisite: 136. Adders, flip-flops, data storage, counters, shift registers, memory. This course also includes an introduction to computer architecture and hardware. Credit not applicable toward the A.A.S. in Electronic Engineering Technology.

225 APPLICATIONS OF ELECTRONIC DEVICES

4 credits

Prerequisite: 123, 2030:154. Frequency response, filter concepts, electronic amplifiers, power amplifiers, multistage amplifiers, differential amplifiers, operational amplifiers, voltage regulators, feedback and oscillators, special devices, computer simulation analysis.

231 CONTROL PRINCIPLES

Prerequisites: 225, 2030:255. Principles and design for control of physical systems. Mathematical and analog computer modeling of physical systems. Principles of closed-loop control systems. Design of simple servomechanisms

237 DIGITAL CIRCUITS

Prerequisites: 123 and 136. Devices used in logic circuits, interfacing, combinational logic, arithmetic circuits, encoders, multiplexers, programmable logic devices, flip-flops, counters, shift registers, computer modeling of digital circuits.

238 MICROPROCESSOR APPLICATIONS

4 credits

Prerequisite: 237. Programmable logic devices, computer modeling of digital circuits, memory circuits. Computer architecture, programming the microprocessor, microprocessor hardware, microprocessor applications, parallel I/O and programmable timers.

242 MACHINERY AND CONTROLS

Prerequisites: 120, 121 or 270. Study of DC and AC motors and generators and their control. Fundamentals of power transformers. Three-phase distribution and motor control. Principles of

251 ELECTRONIC COMMUNICATIONS

4 credits

Prerequisite: 225. Resonance, coupling, filters, oscillators, mixers, power amplifiers, AM, FM, receivers.

255 ELECTRONIC DESIGN AND CONSTRUCTION

Prerequisite: 123. Drafting fundamentals. Printed circuit board layout. Shop safety practices. Tool care and use. Chassis and sheet metal layout and fabrication; metal finishing, packaging techniques

260 ELECTRONIC PROJECT

2 credits

Prerequisites: final semester and 2940:210 or permission. Design, construction, and testing of an electronic circuit of choice. Progress reports, oral, and a formal written report required. Discussion of electronic design, fabrication, and troubleshooting techniques.

270 SURVEY OF ELECTRONICS I

Prerequisite: 2820:163. Fundamentals of DC and AC electrical circuits and rotating machinery. For non-electronic technology majors.

271 SURVEY OF ELECTRONICS II

3 credits

Prerequisite: 270. Survey of the most commonly used solid-state circuit components including typical applications. Introduction into digital circuits and microprocessor applications. For nonelectronic technology majors

280 MICROPROCESSOR MAINTENANCE PRACTICUM/SEMINAR

3 credits

Prerequisite: 206, 217. Setup, maintain, diagnose, repair, upgrade personal computers, peripheral devices. Include teamwork, assisting others and review alternative solutions. Not applicable towards an Electronic Engineering Technology degree.

290 ST: FLECTRONIC ENGINEERING TECHNOLOGY

1-4 credits Prerequisite: permission of instructor. Directed study in a special field of interest chosen by the

student in consultation with the instructor (may be repeated for a total of six credits).

350 ADVANCED CIRCUIT THEORY

3 credits

Prerequisite: 225, 231. Corequisite: 2030:356. Nodal, mesh, Thevenin, and dependent sources in resistive circuits. Inductor and capacitor as time domain elements. First- and second-order circuit analysis. Phasor analysis. Operational amplifier analysis.

352 MICROPROCESSOR SYSTEMS

Prerequisite: 238; corequisite: 350. Study of microprocessors and microcomputers, topics in architecture, assembly language, software, operating systems, I/() interface circuits. Specific systems tems studied include the 8088 and the IBM PC.

354 ADVANCED CIRCUIT APPLICATIONS

4 credits

Prerequisites: 350; 2030:356 or 2820:310. Introduction to PSPICE. Calculating electrical power. Series and parallel resonance. LaPlace transforms in operational circuit analysis. Transfer functions, impulse function, Bode diagrams, Fourier Series.

400 COMPUTER SIMULATIONS IN TECHNOLOGY

3 credits

Prerequisites: 354, 2030:345, 3460:201 or 205 or 2820:310. Software simulation of electronic circuits. Production of circuits is simulated using random generation of components. Output is presented using both 2- and 3- dimensional techniques.

406 COMMUNICATION SYSTEMS

3 credits

Prerequisites: 251 and 354. Digital communications, transmission lines, waveguides, microwave devices and antennas 420 BIOMEDICAL ELECTRONIC INSTRUMENTATION

Prerequisite: 354. Introduction to electrical signals from the body, transducers, recording

devices, telemetry, microprocessor applications and electrical safety of medical equipment.

3 credits

430 SENIOR TOPICS IN ELECTRONIC TECHNOLOGY Prerequisites: 354, 400. Study of advanced topics in electronic technology.

451 INDUSTRIAL ELECTRICAL SYSTEMS

3 credits

Prerequisites: 354, 3460:201 or 205 or 2820:310. Electric power, industrial nameplates, power factor correction, mutual inductance, linear transformers, power transformers, polyphase systems, per-phase analysis, system grounding, protective device coordination computeraided analysis.

453 CONTROL SYSTEMS

Prerequisites: 231, 354. Modeling and responses of closed-loop systems. LaPlace transforms, root-locus analysis. Stability, compensation, digital control, optimal control. Digital computer in system simulation and design.

490 ST: ELECTRONIC ENGINEERING TECHNOLOGY Prerequisite: permission of instructor. Directed study in a special field of interest chosen by the student in consultation with the instructor (may be repeated for a total of six credits).

1-4 credits

497 SENIOR HONORS PROJECT: ELECTRONIC TECHNOLOGY (May be repeated for a total of six credits) Prerequisites: senior standing in Honors College, permission of department preceptor and major in electronic technology. Independent research leading to completion of Senior Honors Thesis or other original work.

AUTOMATED MANUFACTURING ENGINEERING TECHNOLOGY

2870:

301 COMPUTER CONTROL OF AUTOMATED SYSTEMS

3 credits

The development of computer based systems and computer programs using robotics and machine controllers as the solutions for automated manufacturing problems.

311 FACILITIES PLANNING

3 credits

Prerequisite: 2940:180 or 2940:210 or permission. An application based study of facilities analysis, design and layout utilizing software based solutions

332 MANAGEMENT OF TECHNOLOGY BASED OPERATIONS

3 credits A study of the techniques and knowledge necessary to effectively manage technical personnel.

348 CNC PROGRAMMING I 3 credits Prerequisites: 2940:121, 2030:154; or permission. Introduction to numerical control (N/C) of operation of machine tools and other processing machines. Includes programming, types of N/C

systems, economic evaluation. 441 ADVANCED QUALITY PRACTICES

Prerequisites: 2880:241 or permission. Specific quality assurance procedures will be developed conceptually, proven mathematically, and then tested in lab exercises. Industry accepted SQC

448 CNC PROGRAMMING II

3 credits Prerequisite: 348. Introduction to computer-assisted interactive part programming system. Writing of milling and drilling programs.

470 SIMULATION OF MANUFACTURING SYSTEMS

Prerequisite: 2880:211. Computer simulation solutions applied to the traditional manufacturing problems of equipment justification production line balancing, and capacity planning.

480 AUTOMATED PRODUCTION

3 credits

Prerequisites: 2880:211 or senior status. A study of the automated production system. The various systems studied thus far, CNC, robotics, automated machines via PLCs, and facilities design, are integrated and analyzed from a production standpoint. The issues of line balance, reliability, queue sizing, and personnel matters are included.

490 MANUFACTURING PROJECT

ENGINEERING TECHNOLOGY

Prerequisite: Senior status. Advanced CADCAM topics are presented. A comprehensive project

495 INDIVIDUAL INVESTIGATION IN MANUFACTURING

2 credits

Selected topic(s) that provide for specific individual study in the area of manufacturing engineering technology under the direct supervision of a faculty member.

496 SPECIAL TOPICS IN MANUFACTURING ENGINEERING TECHNOLOGY

1-3 credits

Prerequisite: permission. Selected topic(s) that provide for specific coursework in the area of manufacturing engineering technology offered once or only occasionally in areas where no formal course exists.

WORKSHOP IN MANUFACTURING ENGINEERING TECHNOLOGY

1-3 credits

Prerequisite: permission. Group studies of special topics in manufacturing engineering technology.

MANUFACTURING ENGINEERING TECHNOLOGY 2880:

100 BASIC PRINCIPLES OF MANUFACTURING MANAGEMENT

4 credits

A survey of basic concepts of management and their interrelationships to a manufacturing environment. Includes production control, quality control, work measurement, and employee motivation.

110 MANUFACTURING PROCESSES

3 credits

Study of the machines, methods, and processes used in manufacturing.

130 WORK MEASUREMENT AND COST ESTIMATING 3 credits Prerequisite: 100. Time and motion study. Development of accurate work methods and production standards, and their relationship to manufacturing cost estimates.

151 INDUSTRIAL SAFETY AND ENVIRONMENTAL PROTECTION

2 credits

A contemporary overview of the science and management of occupational health and safety programs, policies, and procedures in an industrial and business type environment.

201 ROBOTICS AND AUTOMATED MANUFACTURING

Prerequisite: 100 or permission of instructor. Study of manufacturing automation and the computer-based products and processes available for this task. Robots, machine controllers, and machine/process interfaces are investigated.

211 COMPUTERIZED MANUFACTURING CONTROL

Prerequisite: 100. Processing of production order by computer through requisitioning, plant loading, expediting, scheduling and shipping of product. Creation on computer of material requisitions, plant schedules, sent-to-stocks and shipping orders as by-products of processing production order

232 LABOR MANAGEMENT RELATIONS

3 credits

Prerequisite: 100. Study of historical background of labor movement, management viewpoints, legal framework for modern labor organizations and collective bargaining process.

241 INTRODUCTION TO QUALITY ASSURANCE

Prerequisite: 100 and 2030:152. Theory and practice of inspection and sampling techniques for measurement of quality, QC charts, sampling plans, mill specs, checking machine capabilities, and setting tolerances.

SPECIAL TOPICS: MANUFACTURING TECHNOLOGY

(May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in industrial technology.

MECHANICAL ENGINEERING TECHNOLOGY

2920:

101 INTRODUCTION TO MECHANICAL DESIGN

Prerequisite: 2940:121; corequisite: 2030:154. Topics in engineering drawing: conventions, sections, dimensioning and tolerancing. Detail drawings, subassembly and assembly drawings. Manufacturing processes. Descriptive geometry. Drawing mechanical components.

130 INTRODUCTION TO HYDRAULICS AND PNEUMATICS

3 credits Principles of hydrostatic forces, pressure, density, viscosity, incompressible and compressible

fluids. Principles of hydraulic and pneumatic devices and systems. 142 INTRODUCTION TO MATERIAL TECHNOLOGY Fundamental properties of materials. Material testing. Applications of methods to control materi-

al properties. 243 KINEMATICS Prerequisite: 101 and 2990:125. Study of rigid-body motions of simple linkages, cams, gears and

gear trains. Vector solutions emphasized. Industrial applications presented and computers used

245 MECHANICAL DESIGN II 5 credits Prerequisites: 142; 2940:210; 2990:241. Corequisite: 2920:243 Design of machine elements:

springs, shafts, fasteners, welded joints. Combined stress and fatigue analysis. Design projects. Experimental stress analysis.

249 APPLIED THERMAL ENERGY I

Prerequisites: 2030:255, 2820:164. Thermodynamic principles. Study of power cycles. Applications in I.C. engines, compressors, steam power cycles, refrigeration. 251 FLUID POWER

Prerequisites: 2820:162, 164. Statics and dynamics of fluids. Viscosity, energy and momentum

2 credits

relationships. Fluid machinery and measurements. 252 THERMO-FLUIDS LABORATORY 1 credit

Prerequisite: 251; corequisite: 249. Laboratory experiments in applied thermal energy and

290 SPECIAL TOPICS: MECHANICAL ENGINEERING TECHNOLOGY (May be repeated for a total of four credits) Prerequisite: permission. Selected topics or subject areas of interest in Mechanical Engineering Technology.

310 ECONOMICS OF TECHNOLOGY

Prerequisite: 64 credits or permission. Economic principles as they pertain to technology. Equivalence, alternatives, costs, depreciation, valuation. Project studies.

344 DYNAMICS

Prerequisites: 243; 2030:255; 2990:125. Introduces particle dynamics, displacement, velocity, and acceleration of constrained rigid bodies in plane motion. Kinetics of particles and rigid bodies, work and energy, mechanical vibration.

346 MECHANICAL DESIGN III

Prerequisites: 344, 245; 2820:310. Continuation of design of mechanical components: gears, bearings, brakes, and clutches. Special topics presented will be coordinated with assigned 347 PRODUCTION MACHINERY AND PROCESSES

Prerequisites: 245 and 2030:255. Study of manufacturing processes (casting, forging, welding, forming sheet metal), integrating material technology, mechanical design, and mechanics of materials.

365 APPLIED THERMAL ENERGY II 3 credits Prerequisites: 249, 251; 2030:255. Review and application of basic thermodynamic principles used in designing automotive engines and refrigeration equipment. Introduction to heat transfer, ventilation and air conditioning.

370 PLASTICS DESIGN AND PROCESSING

Prerequisites: 142, 2820:111 (or permission), and 2990:241. Introduction to structure and properties of polymers, selection based on properties and cost, design of products and tools, basic principles of the major processes.

402 MECHANICAL PROJECTS

Prerequisite: senior standing. Individual projects emphasizing creative technical design. 405 INDUSTRIAL MACHINE CONTROL Prerequisite: 2860:270. Principles and design of industrial machine control systems. Application

oriented study of typical control devices. Utilization of programmable controllers as the system

470 PLASTICS PROCESSING AND TESTING 2 credits Prerequisites: 370 or permission. Use of basic polymer testing methods. Setup and operation of

modern molding and extrusion equipment. Basic troubleshooting procedures. Study of processing effects on final properties.

497 SENIOR HONORS PROJECT IN MECHANICAL ENGINEERING TECHNOLOGY 1-3 credits (May be repeated for a total of six credits) Prerequisites; senior standing in Honors College, permission of area honors preceptor and major in mechanical technology. Independent research leading to completion of senior honors thesis or other original work.

498 INDEPENDENT STUDY IN MECHANICAL ENGINEERING TECHNOLOGY

1-4 credits

Prerequisite: Department permission. Directed study in special field of interest chosen by the student in consultation with the instructor. (May be repeated for a total of six credits.)

DRAFTING AND COMPUTER DRAFTING TECHNOLOGY

2940:

121 TECHNICAL DRAWING I

3 credits Lettering and proper use of drawing instruments; freehand sketching; geometric drawing; orthographic projection; auxiliary views, sections, pictorials; introduction to basic descriptive geometry.

Prerequisite: 121, 210. Covers dimensioning; allowances and tolerances; geometric tolerance ing; threads and fasteners; descriptive geometry; intersections; developments; and computer applications.

150 DRAFTING DESIGN PROBLEMS

2 credits

Prerequisite: 2030:152. Introductory course in basic concepts in engineering technology computations. A study of technical terminology and applied mathematics.

170 SURVEYING DRAFTING

3 credits Corequisite: 2030:152 or permission. Drafting procedures, techniques and tools required for the

various phases of survey office work. Projects include topographic maps, plan and profile drawings, and cross-section drawings. 180 INTRODUCTION TO COMPUTER AIDED DRAFTING

Drafting techniques using AutoCAD. Topics include drawing, editing, dimensioning, plotting, layers and text. Credit not applicable toward the AAS in Drafting and Computer Aided Drafting Technology.

200 ADVANCED DRAFTING

3 credits

Prerequisite: 122. Principles of descriptive geometry applied to practical problems pertaining to the civil and mechanical fields of technology.

210 COMPUTER AIDED DRAWING I

3 credits

Drafting procedures and techniques used for creating drawings using AutoCAD software. Topics include basic components, drawing, editing, dimensioning, layers, text, blocks, plotting and hatch. 211 COMPUTER AIDED DRAWING II

Prerequisite: 2940:210. Continuation of 2940:210. This course covers advanced topics in the use of AutoCAD. Those topics include UCS, VPoint, DView, wire frames, Boolean functions, customization, and AutoLISP.

230 MECHANICAL SYSTEMS DRAFTING

3 credits

Prerequisite: 122. Drawing fundamentals and terminology of welding, gears, cams, piping, sheet metal, and fluid power drawings.

240 ELECTRICAL AND ELECTRONIC DRAFTING

3 credits

Corequisite: 122. Drafting fundamentals, terms, and symbols required for electrical, electronics, and instrumentation drawings. Included are interconnecting diagrams, PC boards, and architectural and industrial plans.

245 STRUCTURAL DRAFTING

2 credits Prerequisites: 121, 210 or equivalent. Duties of structural draftsman in preparation of detailed working drawings for steel and concrete. Emphasis on portrayal, dimensions and notes on a working

250 ARCHITECTURAL DRAFTING

3 credits

Prerequisite: 121. Drawing fundamentals, terminology, and symbols for developing a set of basic construction plans and details. Included also are presentation drawings and interior and exterior planning.

260 DRAFTING TECHNOLOGY PROJECT

3 credits

Prerequisite: Completion of 20 credits of 2940. Provides opportunity to research and develop a specific drafting project within chosen field of interest.

290 SPECIAL TOPICS: DRAFTING TECHNOLOGY

1-3 credits

(May be repeated for a total of three credits) Prerequisite: permission. Selected topics on subject areas of interest in drafting technology.

SURVEYING ENGINEERING TECHNOLOGY

2980:

100 INTRODUCTION TO GEOMATICS

2 credits

An introductory course into the field of surveying and mapping technology. Integrated topics include: types of surveys, cartography and geographic information systems

101 BASIC SURVEYING I

Corequisites: 2030:152. Care and use of basic surveying field instruments used in land surveying. Instruments include: Transit, Theodolite, Total Stations, Steel Tape, EDMs, and Levels. Field practice.

102 BASIC SURVEYING II

Prerequisites: 101 and 2030:153. Corequisite: 180 or equivalent. The computation and adjustment of field survey measurements using both conventional and computer methods. Final product production in both tabulated and graphic representations stressed

122 ELEMENTARY SURVEYING

3 credits

Elementary surveying for non-surveying and construction majors. Basic tools and computations. Field practice.

123 SURVEY FIELD PRACTICE

2 credits

Prerequisite: 122. Practical experience in use of surveying equipment and methods of surveying. Provides student with responsibility for making decisions and planning and directing complete project.

222 CONSTRUCTION SURVEYING

Prerequisite: 102 or equivalent. Methods and procedures for establishing line and grade for construction. Circular, spiral and parabolic curves. Cross-sectioning methods and earthwork. Field practice

223 FUNDAMENTALS OF MAP PRODUCTION Introduction to the art and science of maps and map production. Course includes the history of

mapping and an overview of the field of cartography.

3 credits

225 ADVANCED SURVEYING 3 credits Prerequisite: 228. Introduction to GPS, topographic mapping and ALTA surveys. Advanced topics in control surveys, State Plane Coordinates and surveys of public lands. Field practice.

228 BOUNDARY SURVEYING

3 credits

Prerequisites: 102 or equivalent, 210 or equivalent. Analysis of evidence and procedures for boundary location establishing and/or locating points for boundary, mortgage location, topographic, site plans, and as-built surveys.

290 SPECIAL TOPICS: SURVEYING ENGINEERING TECHNOLOGY

1-6 credits

Prerequisite: permission. Selected topics or subject areas of interest in surveying engineering technology.

310 SURVEYING COMPUTATIONS & ADJUSTMENTS

2 credits

Prerequisite: 222, 223. Concepts relating to measurement error, probability, and reliability. Computation and adjustment of horizontal and vertical networks.

315 BOUNDARY CONTROL & LEGAL PRINCIPLES

3 credits

Prerequisite: 12 credits in surveying courses or permission. Historical development of boundaries, rectangular system of public land surveys, systems to describe property, wording and interpretation of deed descriptions, surveyor's rights, duties and responsibilities 2 credits

330 APPLIED PHOTOGRAMMETRY

Prerequisite: 355. An introduction to metrical and quantitative photogrammetry using both hardand soft-copy systems. Laboratory.

325 OSHA SAFETY REQUIREMENTS FOR SURVEYORS

1 credit

To provide OSHA safety training and certification required for surveying companies. 355 COMPUTER APPLICATIONS IN SURVEYING

Use of current surveying software to solve typical problems/projects in surveying technology.

2 credits

415 LEGAL ASPECTS OF SURVEYING 3 credits Prerequisite: 315. A study of statute and common law related to land surveying. Case studies related to legal precedent and the surveyor's role in the judicial process.

420 ROUTE SURVEYING

3 credits

Prerequisite: 225. Surveying for long but narrow strips of land such as highways, railroads, and pipe lines. Course includes all requisite calculations and drawings.

2 credits Prerequisite: 2980:102. Introduction to the Global Positioning System (GPS). Course includes the

planning, data collection, and processing of GPS data. 421 SUBDIVISION DESIGN 3 credits Prerequisite: 222, 315. Site analysis, land use controls, and plotting procedures. Laboratory

includes preparation of various type of projects leading to a complete subdivision.

425 LAND NAVIGATION

3 credits

Interpretation and use of topographic maps. Study of basic map elements with emphasis on identification of features and coordinate systems. Map use for land navigation.

426 HISTORY OF SURVEYING

2 credits

Selective study of the history of land surveying. Emphasis on the development of surveying procedures as they relate to math, science and technology.

427 OHIO LANDS

2 credits

Study of the history of the original Ohio land subdivisions. 430 SURVEYING PROJECT

3 credits Prerequisite: senior standing and permission. Provides opportunity to research and develop a

specific surveying project within chosen area of surveying. Oral, written and graphical presentation of completed project(s). 445 APPLICATIONS IN GIS USING GPS 3 credits Prerequisite: 227 and 422. Advanced instruction in GIS applications using GPS as well as other

surveying and mapping methods. Laboratory and field trips.

2 credits

450 TOPICS IN PROFESSIONAL PRACTICE Prerequisite: Junior standing. Topics in applicational areas of surveying from the point of view of the practitioner and the consumer of land-related data.

489 SPECIAL TOPICS IN SURVEYING

1-3 credits

Prerequisite: permission. Special lecture/laboratory courses offered once or only occasionally in areas where no formal course exists. (May be repeated for a maximum of six credits.)

1-3 credits

Prerequisite: permission. Group study of special topics in surveying. May not be used to meet undergraduate major requirements in surveying. May be used for elective credit only. (May be repeated for a maximum of six credits.)

495 INTERNSHIP: SURVEYING AND MAPPING

3 credits

Prerequisites: 64 credit hours in program and permission from the program director. Supervised work experience in surveying and mapping to increase student understanding of surveying and mapping technology.

498 INDEPENDENT STUDY

1-3 credits

Prerequisites: permission of instructor. Directed study in a special field of interest chosen by student in consultation with instructor (may be repeated for a total of six credits)

GEOGRAPHIC AND LAND INFORMATION SYSTEMS

2985:

- 101 INTRODUCTION TO GEOGRAPHIC AND LAND INFORMATION SYSTEMS 3 credits Introduction to the principles and concepts of Geographic Land Information Systems used in surveying and mapping application. Laboratory.
- 201 INTERMEDIATE GEOGRAPHIC AND LAND INFORMATION SYSTEMS PROJECT 3 credits Continued instruction in the hands-on technical applications of Geographic and Land Information Systems. Laboratory.
- 205 BUILDING GEODATABASES Prerequisite: 101 or equivalent. Introduction and application of spatial geodatabases. The student will create, use, and manage geodatabases. Geodatabases are used for storing spatial and attribute data. Laboratory.
- 210 GEOGRAPHIC AND LAND INFORMATION SYSTEMS PROJECT 3 credits
 Prerequisite: 101. Practical application and presentation techniques using the principles and concepts of cartography and geographic information systems. Laboratory.
- 280 TOPICS IN PROFESSIONAL PRACTICE 2 credits
 Topics in applicational areas of Geographic and Land Information Systems (GIS/LIS) from the point of view of the practitioner and the consumer.
- 290 SPECIAL TOPICS IN GEOGRAPHIC AND LAND INFORMATION SYSTEMS 1-6 credits Prerequisite: permission of instructor. Special lecture/laboratory courses offered once or only occasionally in areas where no formal course exists.
- 291 GEOGRAPHIC AND LAND INFORMATION SYSTEMS INTERNSHIP

 Prerequisite: permission of program director. Supervised professional experience in GIS/LIS agencies or related setting.
- 295 WORKSHOP IN GEOGRAPHIC AND LAND INFORMATION SYSTEMS 1-3 credits Prerequisite: permission of instructor. Group studies of special topics in GIS/LIS. May be used for elective credit only to a maximum of three credits.
- 299 INDEPENDENT STUDY Prerequisite: permission of instructor. Directed study in a special field of interest chosen by the student in consultation with the instructor.

CONSTRUCTION ENGINEERING TECHNOLOGY

2990:

- 125 STATICS
 Prerequisites: 2820:162 and 2030:153. Forces, resultants and couples. Equilibrium of force systems. Trusses, frames, first and second moment of areas, friction.
- 131 BUILDING CONSTRUCTION 2 credits
 Materials and methods used in construction. Encompasses buildings constructed with wood, steel, concrete or a combination of these materials.
- 150 BLUEPRINT READING 2 credits Prerequisite: 131. The language of construction. Symbols, scales, plan views, elevation views, sections and details.
- 234 ELEMENTS OF STRUCTURES

 Prerequisities: 125, 241. Principles of stress and structural analysis of members in steel, timber and experted members.
- 237 MATERIALS TESTING I 2 credits
 Prerequisite: 2030:153. Laboratory testing of soils with emphasis on physical properties of soil. Laboratory and field procedures used for quality control.
- 238 MATERIALS TESTING II 2 credits
 Prerequisite: 2030:153. Mix design of concrete. Laboratory testing of concrete containing ordinary
 Portland cement and pozzolanic admixtures. Experiments demonstrate physical properties as related
 to design and quality control.
- 241 STRENGTH OF MATERIALS
 Prerequisite: 125. Stress, strain and stress-strain relationships. Tension, compression, torsion, beams. Shear and moment diagrams. Combines stresses.
- 245 CONSTRUCTION ESTIMATING

 Prerequisites: 150 and 2030:153. Quantity take-off in construction to include mass excavations, foundation systems, structural steel, residential construction, and various commercial construction methods.
- 246 SITE ENGINEERING 3 credits Prerequisities: 131, 2980:102. Students learn fundamental design concepts for development of a site including excavation, soil treatment, heavy equipment requirements, storm water management systems, and other relevant topics.
- 310 RESIDENTIAL BUILDING CONSTRUCTION 3 credits
 Introduction to building design, wood framing and mechanical systems as commonly found in residential housing.
 - 20 ADVANCED MATERIALS TESTING 3 credits
 Prerequisite: 241. This course investigates the usage of precision strain gage applications used by technicians in determining stresses in structural elements and mechanical parts.

351 CONSTRUCTION QUALITY CONTROL

420 HYDROLOGY AND GROUNDWATER

3 credit

3 credits

Prerequisites: admission into the BCT program or permission of instructor. Overview of quality control concepts and techniques as related to the construction industry including the necessary statistical tools; exposes students to civil, mechanical and electrical inspection requirements.

- 352 FIELD MANAGEMENT AND SCHEDULING 2 credits Prerequisites: 245 or permission. Planning, scheduling and controlling of field work within time and cost constraints. Manual methods and computer software packages studied.
- 354 FOUNDATION CONSTRUCTION METHODS 3 credits
 Prerequisite: 234. Soil mechanics and soils exploration as related to construction. Foundation construction methods and practice in the interest of safety and suitable economy.
- 355 COMPUTER APPLICATIONS IN CONSTRUCTION 3 credits
 Prerequisite: admission into the BCT program or permission of instructor. Work includes visual basic programming, software packages for construction management, presentation software, and Web site development.
- 356 SAFETY IN CONSTRUCTION 2 credits

 The purpose of this course is to explain what creates hazards and why, and to suggest where to anticipate trouble in each phase of the work as it progresses.
- 358 ADVANCED ESTIMATING Prerequisitie: 245 or permission of the instructor. This course focuses on estimating and bidding for public and private construction. Includes heavy/highway, residential and building construction with the use of computer software to facilitate bid price.
- 359 CONSTRUCTION COST CONTROL Prerequisitie: 6200:201or permission of instructor. Course develops a practical understanding of the latest managerial accounting principles and practices as they apply to the construction business.
- 361 CONSTRUCTION FORMWORK 3 credits Prerequisite: 234 or permission. Introduction to design and construction of formwork and temporary wood structures.
- 362 ADVANCED ELEMENTS OF STRUCTURES 3 credits
 Prerequisite: 234. This course examines advanced topics in structural engineering and is an extension of Elements of Structure.
- Prerequisite: 2030:154. The topics addressed include the impact of rainfall events on civil facilities and groundwater flow as it relates to the natural water supply.
- 453 LEGAL ASPECTS OF CONSTRUCTION 2 credits
 Prerequisite: admission into the BCT program or permission of instructor. Study of business of contracting and subcontracting and legal problems therein such as breach, partial performance, payment, insolvency, subsurface. Review of standard contracts and construction industry rules of arbitration.
- 455 COMPUTERIZED PRECISION ESTIMATING Prerequisite: 245. Students will explore sophisticated software programs utilized by the construction industry to prepare estimates and bid packages.
- **462 MECHANICAL SERVICE SYSTEMS**Introduction to materials and equipment used in mechanical heating, ventilating, air conditioning, water and waste systems.
- 463 ELECTRICAL SERVICE SYSTEMS
 Introduction to materials and equipment in electrical systems of buildings. Includes illumination, electrical sources, materials and distribution. Emphasis of fire safety.
- 465 HEAVY CONSTRUCTION METHODS 3 credits
 Prerequisite: admission into the BCT program or permission of instructor. Management techniques in planning, estimating and directing heavy construction operations.
- 466 HYDRAULICS
 Prerequisite: 2030:255. Introduction to hydrology. Flow in closed conduits and open channels, distribution, systems, storage requirements and basic concepts of hydraulic structures. Basic concepts of seepage and working knowledge of pumps.
- 468 CONSTRUCTION MANAGEMENT 3 credits Prerequisites: 352, 358 and senior-level standing. Construction Management takes established construction practices, current technological advances and latest management methods and makes them into an efficient, smooth working system.
- 489 SPECIAL TOPICS IN CONSTRUCTION 1-3 credits
 Prerequisite: permission of instructor. (May be repeated for up to six credits.) Special lecture/laboratory courses offered once or only occasionally in areas where no formal courses exist.
- 490 WORKSHOP IN CONSTRUCTION 1-3 credits
 Prerequisites: permission of instructor. (May be repeated for up to six credits.) Group studies of special topics in construction. May not be used to meet undergraduate major requirements in construction. May be used for elective credit only.
- 498 INDEPENDENT STUDY IN CONSTRUCTION 1-3 credits
 Prerequisite: permission of instructor. (May be repeated for up to six credits.) Directed study in a special field of interest chosen by student in consultation with instructor.

Buchtel College of Arts and **Sciences**

COOPERATIVE EDUCATION 3000:

200 JOB SEARCH STRATEGIES FOR LIBERAL ARTS AND SCIENCE MAJORS

2 credits

Students engage in comprehensive career planning and develop job search strategies. Course topics include navigating a search, creating resumes/cover letters, interviewing and portfolio development.

301 COOPERATIVE EDUCATION

(May be repeated) For cooperative education students only. Work experience in business, industry, or governmental agency. Comprehensive performance evaluation and written report required.

PAN-AFRICAN STUDIES 3002:

201 INTRODUCTION TO PAN-AFRICAN STUDIES

3 credits

Prerequisites: 3300:112 or 2020:121. An interdisciplinary study from an Afrocentric perspective of African and African diaspora experiences. The course will focus on central issues related to

301 THE CIVIL RIGHTS MOVEMENT IN AMERICA: 1945-1974

Social and political actions, events and environment which produces civil rights movement in America. Legal, political and organizational strategies; philosophical arguments; prominent civil rights activists.

401 GENERAL SEMINAR IN PAN-AFRICAN STUDIES

Prerequisite: 3400:260 or permission. Exploration and intensive examination of variety of issues related to role and minority group relations which normally stand outside the compass of any

420 SPECIAL TOPICS IN PAN-AFRICAN STUDIES

1-3 credits

(May be repeated for a maximum of three semester credits). Prerequisite: permission of instructor.

(May be repeated for a maximum of three semester credits). Prerequisites: 3002:201 and 3400:260 or 3400:261 and permission of director. Directed study in a special field of interest chosen by student in consultation with instructor.

INTERDISCIPLINARY PROGRAM

INTERNATIONAL **DEVELOPMENT**

3004:

201 INTRODUCTION TO INTERNATIONAL DEVELOPMENT

3 credits

Uses multiple perspectives: economic, geographical, anthropological, political etc. to study relationships between industrialized and developing countries, poverty, productivity, justice and other aspects of development

401 INTERNATIONAL DEVELOPMENT PROJECT

Prerequisite: 21 credits towards International Development Certificate. Research project to be carried abroad. Students must arrange international experience through channels outside the Certificate program. Project report is capstone requirement of Certificate

INTERDISCIPLINARY PROGRAM

INSTITUTE FOR LIFE-SPAN **DEVELOPMENT AND GERONTOLOGY**

3006:

450 INTERDISCIPLINARY SEMINAR IN LIFE-

2 credits

SPAN DEVELOPMENT AND GERONTOLOGY (May be repeated for a total of two credits) Prerequisite: permission of instructor. Introduction to interdisciplinary study of gerontology including discussion of dimensions of aging, historical framework of aging in America, demographics, service systems, and current issues.

485 SPECIAL TOPICS

Prerequisite: permission of instructor. Specialized topics and current issues in life-span development or gerontology. Covers content or issues not currently addressed in other academic courses

486/686 RETIREMENT SPECIALIST

2 credits

An investigation of issues related to the design and implementation of pre-retirement planning and examination of life-span planning education as employed by labor, business and education.

(May be repeated) Group studies of special topics in life-span development and gerontology. May not be used to meet certificate requirements. May be used for elective credit only

495 PRACTICUM IN LIFE-SPAN DEVELOPMENT

AND GERONTOLOGY

(May be repeated) Prerequisite: permission. Supervised experience in research or community

INTERDISCIPLINARY PROGRAM

ENVIRONMENTAL STUDIES

3010:

201 INTRODUCTION TO ENVIRONMENTAL SCIENCE

Interdisciplinary analysis of our relationship with nature and dependence upon the environment, with emphasis on evaluation of current environmental problems and rational solutions

401/501 SEMINAR IN ENVIRONMENTAL STUDIES

2 credits Specific environmental topic or topics from interdisciplinary viewpoint each semester. The direc-

tor of Environmental Studies coordinates course; resource persons are drawn from the University and surrounding community.

490/590 WORKSHOP IN ENVIRONMENTAL STUDIES

Prerequisite: varies with topic. Credit in graduate program must have prior approval of adviser Skills, attitudes and fundamental concepts dealing with timely environmental problems and issues covered. Instruction under direction of University faculty.

495/595 FIELD/LAB STUDIES IN ENVIRONMENTAL SCIENCE

3 credits

Prerequisites: permission. A Field/Laboratory inquiry into a specific interdisciplinary, environmental science topic. Students complete a research project where they collect, analyze and interpret real world data

ENGLISH LANGUAGE INSTITUTE

3030:

031 ELI WRITTEN EXPRESSION

Prerequisite: permission of instructor. Intensive course in English as a second language writing skills, designed to help students develop effective strategies for expressing ideas clearly and correctly in writing. May be repeated an unlimited number of times as course is noncredit.

032 FLUREADING COMPREHENSION

3 academic progress units

3 academic progress units

Prerequisite: permission of instructor. Intensive course in English as a second language reading skills, designed to help students develop efficient reading strategies and build vocabulary. May be repeated an unlimited number of times as course is noncredit.

033 ELI GRAMMAR AND ORAL COMMUNICATION

Prerequisite: permission of instructor. Intensive course in English as a second language grammar with an emphasis on oral skills, designed to help students speak fluently and correctly. May be repeated an unlimited number of times as course is noncredit.

034 FILLISTENING COMPREHENSION

3 academic progress units

Prerequisite: permission of instructor. Intensive course in English as a second language listening skills, designed to help students develop strategies to understand spoken English and take academic lecture notes. May be repeated an unlimited number of times as course is noncredit.

041 ESL WRITING: DEVELOPING WRITING PROFICIENCY 4 academic progress units Prerequisite: permission of instructor. Provides intensive instruction in English as a second lan-guage writing. Students develop effective composing strategies while learning to write for a variety of academic purposes. May be repeated an unlimited number of times as course is noncredit.

042 ESL READING: DEVELOPING READING PROFICIENCY

4 academic progress units

Prerequisite: permission of instructor. Provides intensive instruction in English as a second lanquage reading. Students acquire effective reading and vocabulary development strategies for a range of academic purposes. May be repeated an unlimited number of times as course is non043 ESL GRAMMAR: DEVELOPING ORAL PROFICIENCY Prerequisite: permission of instructor. Provides intensive instruction in English as a second language grammar for speaking purposes. Students review grammar basics and expand their knowledge and usage of patterns. May be repeated an unlimited number of times as course is noncredit.

044 ESL LISTENING: DEVELOPING AURAL PROFICIENCY 4 academic progress units Prerequisite: permission of instructor. Provides intensive instruction in English as a second language listening for academic purposes. Students acquire effective listening strategies for a range of contexts. May be repeated an unlimited number of times as course is noncredit.

051 FSI WRITING AND STUDY SKILLS 5 academic progress units Prerequisite: permission of instructor. Intensive course in English as a second language writing and study skills. Students learn and extensively practice techniques for writing, revising, and editing academic texts. May be repeated an unlimited number of times as course is noncredit.

052 ESL READING AND STUDY SKILLS 5 academic progress units Prerequisite: permission of instructor. Intensive course in English as a second language reading and study skills. Students learn and extensively practice techniques for comprehending a variety of academic texts. May be repeated an unlimited number of times as course is noncredit.

053 ESL GRAMMAR AND SPEAKING SKILLS 5 academic progress units Prerequisite: permission of instructor. Intensive course in English as a second language grammar. Students learn and extensively practice a range of grammatical forms and functions in spoken contexts. May be repeated an unlimited number of times as course is noncredit.

054 ESL LISTENING AND STUDY SKILLS 5 academic progress units Prerequisite; permission of instructor, Intensive course in English as a second language listening and study skills. Students learn and practice techniques for comprehending spoken English in an academic setting. May be repeated an unlimited number of times as course is noncredit.

091 ENGLISH LANGUAGE INSTITUTE: WRITING 4 academic progress units Provides intensive instruction in English writing for native speakers of languages other than English who are planning to seek admission to a U.S. university.

092 ENGLISH LANGUAGE INSTITUTE: READING 4 academic progress units Provides intensive instruction in English vocabulary and reading skills for native speakers of languages other than English who are planning to seek admission to a U.S. university.

093 ENGLISH LANGUAGE INSTITUTE: SPEAKING/GRAMMAR 4 academic progress units Provides intensive instruction in English grammar, with an emphasis on oral skills, for native speakers of languages other than English who are planning to seek admission to a U.S. university.

094 FNGLISH LANGUAGE INSTITUTE: LISTENING 4 academic progress units Provides intensive instruction in English listening skills for native speakers of languages other than English who are planning to seek admission to a U.S. university.

095 ENGLISH LANGUAGE INSTITUTE: COMPREHENSIVE 12 academic progress units Provides intensive instruction in English writing, reading, listening and speaking for speakers of languages other than English who are planning to seek admission to a U.S. university. Offered only during the summer.

096 ELI WORKSHOP 1-5 academic progress units Prerequisite: permission of instructor. Provides instruction in English language and related topics for speakers of languages other than English. May be repeated an unlimited number of times

099 ELI INDEPENDENT STUDY 1-5 academic progress units Prerequisite: permission of instructor. Independent study in English as a second language under the supervision and evaluation of selected faculty member. May be repeated an unlimited number of times as course is noncredit.

BIOLOGY

3100:

100 INTRODUCTION TO BOTANY

4 credits Identification and biology of common plants of this region. Recommended for teachers of nature study. Not available for credit toward a degree in biology. Laboratory.

101 INTRODUCTION TO ZOOLOGY 4 credits Identification and biology of common animals of this region. Recommended for teachers of nature study. Not available for credit toward a degree in biology. Laboratory.

103 NATURAL SCIENCE: BIOLOGY 4 credits Designed for non-science majors. Laboratory and class instruction illustrate concepts of living organisms with emphasis on mankind's position in, and influence on, the environment. Not

available for credit toward a degree in biology. 104 INTRODUCTION TO ECOLOGY LABORATORY

Corequisite: 105. Short field trips and laboratory studies illustrating natural and modified characteristics of selected local ecosystems.

105 INTRODUCTION TO ECOLOGY 2 credits Basic principles governing structure and function of natural ecosystems. Various options for managing natural resources, human populations, biotic communities and industrial technologies at global level emphasized. Not available for credit toward a degree in biology.

108 INTRODUCTION TO BIOLOGICAL AGING Prerequisite: 3100:103. Survey of normal anatomical and physical changes in aging and associated diseases. (For students in gerontological programs at Wayne College. Not for B.S. biology credit.)

111 PRINCIPLES OF BIOLOGY I Molecular, cellular basis of life; energy transformations, metabolism; cell reproduction, genetics, development, immunology, evolution, and origin and diversity of life (through plants). Laboratory.

112 PRINCIPLES OF BIOLOGY II Prerequisite: 111. Animal diversity; nutrients, gas exchange, transport, homeostasis, control in plants and animals; behavior; ecology. (111-112 are an integrated course for biology majors.) Laboratory.

130 PRINCIPLES OF MICROBIOLOGY

180 BS/MD ORIENTATION

1 credit

Basic principles and terminology of microbiology; cultivation and control of microorganisms; relationships of microorganisms; medical microbiology. Laboratory. Not available for credit toward a degree in biology.

Orientation to the BS/MD Program. Restricted to students in the BS/MD Program. Graded credit/no credit. Not available for credit toward a biology degree.

190/191 HEALTH-CARE DELIVERY SYSTEMS

Health-care principles and practices. Restricted to the student in NEOUCOM, six-year BS/MD program. Graded credit/noncredit. Not available toward credit as major in biological sciences

200 HUMAN ANATOMY AND PHYSIOLOGY I Study of structure and function of the human body. Molecular, cellular function, histology, integumentary system, skeletal system, muscular system, nervous system, and the sense organs. Not available for credit toward a degree in biology.

201 HUMAN ANATOMY & PHYSIOLOGY LABORATORY I 1 credit Laboratory devised to allow hands-on experience using models, dissections of various animals, virtual dissection, and physiological exercises. Not available for credit toward a degree in biology.

202 HUMAN ANATOMY & PHYSIOLOGY II Prerequisite: 200. Study of structure and function of the human body. Endocrine system, cardiovascular system, lymphatics, respiratory system, urinary system, digestive system and reproductive systems. Not available for credit toward a degree in biology.

203 HUMAN ANATOMY & PHYSIOLOGY LABORATORY II 1 credit Laboratory devised to allow hands-on experience using models, dissections of various animals, virtual dissection, and physiological exercises. Not available for credit toward a degree in biology.

211 GENERAL GENETICS 3 credits Prerequisite: 112. Principles of heredity, principles of genetics.

212 GENETICS LABORATORY 1 credit Prerequisite or corequisite: 211. Laboratory experiments in genetics with emphasis on scientific method; techniques in molecular biology.

217 GENERAL ECOLOGY 3 credits Prerequisite: 112. Study of interrelationships between organisms and environment.

225 BIOLOGY OF AIDS 1 credit Prerequisite: permission. Course examines the Human Immunodeficiency Virus and the disease of AIDS. Virus structure, replication, therapy, transmission, epidemiology, disease process and social consequences are studied. Not available for credit toward a degree in biology.

265 INTRODUCTORY HUMAN PHYSIOLOGY Study of physiological processes in human body, particularly at organ-systems level. Not open to preprofessional majors. Laboratory. Not available for credit toward a degree in biology.

290/291 HEALTH-CARE DELIVERY SYSTEMS 1 credit each Health-care principles and practices. A continuation of 190/191 for a second year student in NEOUCOM six-year BS/MD program. Graded credit/noncredit. Not available toward credit as major in biological sciences.

Prerequisite: permission. Special courses offered occasionally in areas where no formal course exists. Not available for credit toward a degree in biology.

311 CELL AND MOLECULAR BIOLOGY Prerequisites: 3100: 211, 3150:151, 152, 153, 154. Study of structure and function of cells, with emphasis on both classical and modern approaches to understanding organelles, energy balance, protein synthesis, and replication.

315 EVOLUTIONARY BIOLOGY DISCUSSION Prerequisite: 211. Informal discussions of various aspects of organic evolution of general or spe-

316 EVOLUTIONARY BIOLOGY Prerequisite: 211. History of evolutionary thought; Darwinian and post-Darwinian concepts, mechanisms of evolution; molecular evolution; evolutionary history of plants and animals.

331 MICROBIOLOGY 4 credits Prerequisites: 112, 211 and prerequisite or corequisite 3150:263. Survey of monera with emphasis on the bacteria: their morphology, cultivation and chemical characteristics. Relationships of

microorganisms to humans and their environment. Laboratory.

342 FLORA AND TAXONOMY

cial interest.

3 credits

Prerequisite: 112. Origins of Ohio flora, ecological and evolutionary relationships. Survey of local flowering plant families, collection and identification of flora. Laboratory and field trips.

Prerequisite: 112, 217. A broad survey of the traditional plant "branches" of the tree of life. Diversity, structure, and function of fungi, algae and land plants.

344 DIVERSITY OF PLANTS LABORATORY

Prerequisite: 112 217 Corequisite: 343 A broad laboratory survey of the traditional plant "branches" of the tree of life. Students will have hands-on experience with fungi, algae and land

345 BIOLOGY OF VASCULAR PLANTS 4 credits Prerequisite: 112. A lecture and laboratory course which presents an overview of the anatomy, morphology, development and evolution of vascular plants.

363 ANIMAL PHYSIOLOGY Prerequisites: 112. Study of transport mechanisms, excitatory membranes, sensory reception, neuroendocrine systems, and muscle contraction. The foundation for all physiology courses. Laboratory.

365 HISTOLOGY 4 credits Prerequisite: 311. Cellular structure of organs in relation to their functional activity, life history,

4 credits

392 BIOLOGY OF AGING

Prerequisite: 112 or 265 or equivalent, Introduction to anatomical and physiological changes occurring in organ systems of humans during aging process; cellular basis for these changes; biological theories of aging.

400 FOOD PLANTS

2 credits

Prerequisite: 112 or permission of instructor. A survey of the plants used for human food, including their history, structure, uses

life. Topics include: nomenclature, types, techniques of data collection, and methods of phyloge-

406 PRINCIPLES OF SYSTEMATICS Prerequisites: 112,211,316. The science of identifying, naming, and classifying the diversity of

454 PARASITOLOGY

455 ICHTHYOLOGY

and fish taxonomy

458 VERTEBRATE ZOOLOGY

463 EXERCISE PHYSIOLOGY

4 credits Prerequisite: 112. Introduction to biology of birds: classification, anatomy, physiology, behavior, ecology, evolution, natural history and field identification. Laboratory and field trips

Prerequisites: 112. Principles of parasitism; host parasite interactions; important human and vet-

Prerequisites: 217. Study of fishes; incorporates aspects of evolution, anatomy, physiology, nat-

ural history, and commercial exploitation of fishes. Laboratory incorporates field-based exercises

erinary parasitic diseases; and control measures. Laboratories parallel lectures.

412 ADVANCED ECOLOGY

3 credits

457 HERPETOLOGY 4 credits Prerequisite: 112. Survey of the diversity, ecology and evolution of amphibians and reptiles. Special emphasis is given to Ohio species. Laboratory.

Prerequisite: 316 or permission. Biology of vertebrates, except birds evolution, ecology, behavior, systematics and anatomy. Laboratory with field trips.

Prerequisite: 363 or instructor permission. Through lecture, reading and critical analysis of cur-

Prerequisite: 217. Advanced study of the ecology of individuals, populations, communities, and

conservation/applied ecology. Active participation/discussion of primary literature in ecology is required.

Prerequisite: 217 (statistics strongly recommended). Introduction to sampling methods, design of experiments and observations, and computer analysis; some local natural history

421 TROPICAL FIELD BIOLOGY

4 credits

Prerequisites: 111/112 or equivalent. Ecology of coral reefs, tide pools, mangroves, intertidal zones, terrestrial flora and fauna, island biogeography. Taught at a field station in the tropics.

422 CONSERVATION BIOLOGY

3 credits

Prerequisite: 217. Explores the factors affecting survival of biodiversity, and how to develop practical approaches to resolve complicated conservation issues.

423 POPULATION BIOLOGY

Prerequisites:211, 217. Discussions of animal and plant ecology and evolutionary biology from a species and population level perspective. Includes topics in population ecology and population genetics.

426 WETLAND ECOLOGY

4 credits

Prerequisite: 217. Wetland ecology; principles and conservation. Field studies will be conducted at Bath Nature Preserve. Laboratory.

427 LIMNOLOGY

4 credits

This course explores the diversity of aquatic life and key biotic characterizations of freshwater ecosystems with emphasis on the Great Lakes. Includes field trips.

Prerequisites: 211, 217 and 316. Biological basis of behavior, ethology and behavioral ecology. An evolutionary perspective is emphasized.

429 BIOLOGY OF BEHAVIOR LABORATORY

Prerequisite or corequisite: 428 and permission of instructor. Individualized, directed study to provide the student with first-hand experience in observing, describing and interpreting

430 COMMUNITY/ECOSYSTEM ECOLOGY

4 credits

Prerequisite: 217. History of the ecosystem concept; components, processes and dynamics of communities and ecosystems; analysis and design of ecosystem experiments. Laboratory.

433 PATHOGENIC BACTERIOLOGY

Prerequisite: 331. Study of major groups of bacteria which produce infections in humans. Biochemical properties of microorganisms which engender virulence and nature of host resistance, Laboratory,

437 IMMUNOLOGY

4 credits

Prerequisite: 211. Corequisite: 331. Recommended: 311. Nature of antigens, antibody response, and antigen-antibody reactions. Site and mechanism of antibody formations, hypersensitivity, immunologic tolerance and immune diseases considered. Laboratory.

ADVANCED IMMUNOLOGY

Prerequisite: 437. Immunology is studied from a historical and current perspective. Topics include T cells, B cells, antigen presentation, HIV, and transplantation.

4 credits

Prerequisite: 112. Structure, life history, classification of representative fungi with emphasis on the importance of fungi to humans. Laboratory. 441 PLANT DEVELOPMENT

4 credits

Prerequisites: 112 and one year of organic chemistry. Embryology and morphogenesis of plants in relation to physical, chemical, genetic and spatial factors. Laboratory

442 PLANT ANATOMY

3 credits

Prerequisite: 112. Structure and development of cells, tissues, organs and organ systems of seed plants. Laboratory.

Prerequisite: 112. Examination of the major groups of algae with emphasis on life histories and their relationship to algal form and structure. Laboratory.

444 FIELD MARINE PHYCOLOGY

3 credits

Prerequisite: 112. Collection and identification of tropical marine algae on San Salvador Island. The Bahamas. Discussion of characteristics and ecology of major groups of Caribbean algae.

445 PLANT MORPHOLOGY

4 credits

Prerequisite: 112. Structure, reproduction, life cycles, ecology, evolution, economic significance of land plants-bryophytes, club-mosses, whisk ferns, horsetails, ferns, seed plants. Laboratory. Field trips involved: minor transportation costs.

451 GENERAL ENTOMOLOGY

4 credits

495 SPECIAL TOPICS: BIOLOGY Prerequisite: permission. Special courses offered occasionally in areas where no formal course exists. Maximum of 24 credits of 3100:295/495 will apply toward major.

Prerequisites: 112, 217. Structure, physiology, life cycles, economic importance and characteristics of orders and major families of insects. Laboratories parallel lectures. 453 INVERTEBRATE ZOOLOGY

497.8 BIOLOGICAL PROBLEMS

4 credits Prerequisites: 112, 217. Invertebrate groups, their classification, functional morphology, adaptive radiation and life history. A phylogenetic approach is used. Laboratories parallel lectures

3 credits

4 credits

465 ADVANCED CARDIOVASCULAR PHYSIOLOGY 3 credits Prerequisite: 202 or 363 or 473. Study of biological mechanisms involved in heart attack, strokes, fluid balance, hypertension and heart disease. Controversial issues in each area will be examined and current research presented.

rent literature, physiological mechanisms of exercise in animals will be explored.

466 VERTEBRATE EMBRYOLOGY

4 credits

Prerequisite: 112. Lectures focus on development of model vertebrate organisms and cellular and molecular mechanisms underlying animal development. Laboratory focuses on frog and

467 COMPARATIVE VERTEBRATE MORPHOLOGY Prerequisite: 112. An introduction to the comparative morphology of major vertebrates. The lab-

4 credits

oratories consist of dissections of representative vertebrates. 468 THE PHYSIOLOGY OF REPRODUCTION

Prerequisite: 202 or 363 or 473. Study of the physiological mechanisms of reproduction throughout the animal kingdom with special emphasis upon mammalian endocrinological control. Controversial issues in the field will be examined and current research presented. 469 RESPIRATORY PHYSIOLOGY 3 credits

Prerequisite: 202 or 363 or 473. Study of mechanisms determining gas exchange including mechanics, ventilation, blood flow, diffusion, and control systems. Emphasis is given to normal human lung function. (Clinical aspects are not considered in detail.)

470 LAB ANIMAL REGULATIONS Required of anyone working with animals, and covers government regulations, care of animals and a lab to teach basic animal handling and measurement techniques.

471 PHYSIOLOGICAL GENETICS 4 credits Prerequisite: 211 or equivalent; 202 or 363 or 473. The integrative study of how genetics and physiology influence complex systems from molecular to behavioral in plants and animals. Laboratory.

472 BIOLOGICAL MECHANISMS OF STRESS

Prerequisite: 202 or 363 or 473/573. Study of mechanisms from molecular to behavioral of how stress influences body systems and signals. The latest research and experimental issues are dis-

473 COMPARATIVE ANIMAL PHYSIOLOGY

3 credits

Prerequisites: 363 or instructor consent. Study of respiration, circulation, digestion, metabolism, osmoregulation and excretion in a variety of invertebrate and vertebrate animals. Adaptation to the environment is emphasized. 474 COMPARATIVE ANIMAL PHYSIOLOGY LABORATORY

Prerequisite: 112. Corequisites: 473. Laboratory experiments in animal physiology (respiration, circulation, metabolism, osmoregulation). Presentation of results in scientific format and as oral

genes in population. Lecture and seminar.

480 MOLECULAR BIOLOGY 3 credits Prerequisite: 211 and 311. Fundamentals of molecular biology, including recombinant DNA technology, applications in biotechnology, medicine, and genetic engineering. Mechanisms of

481 ADVANCED GENETICS Prerequisite: 211. Nature of the gene; genetic codes; hereditary determinants; mutagenesis and

3 credits

3 credits

482 NEUROBIOLOGY Prerequisites: 111, 112. History of Neuroscience; organization, function and development of the central nervous system; electrophysiological properties of nerve cells; learning and memory; molecular basis for mental diseases.

Prerequisite: 311. Explores molecular and biochemical aspects of energy metabolism, inter and

techniques. Laboratory. 494 WORKSHOP IN BIOLOGY

intracellular signaling, growth and death of cells. Emphasizes up-to-date scientific literature and 1-3 credits

(May be repeated) Prerequisite: permission of instructor. Group studies of special topics in biology. May not be used to meet undergraduate or graduate major requirements in biology. May be used for elective credit only.

1-2 credits each Prerequisite: permission. Honors-level work, usually consisting of laboratory investigations. A maximum of 4 credits may apply toward the major degree requirements.

499 SENIOR HONORS PROGRAM IN BIOLOGY

(May be repeated for a total of five credits) Prerequisites: senior standing in Honors College and approval of honors preceptor. Open only to biology and natural sciences divisional majors in Honors College. Independent study leading to completion of approved senior honors.

CHEMISTRY

3150:

100 CHEMISTRY AND SOCIETY

3 credits

Qualitative introduction to chemistry using current world problems and commercial products, such as the ozone layer, nuclear fission, polymers and drugs, to introduce chemical principles.

101 CHEMISTRY FOR EVERYONE

4 credits Integrated, hands-on, laboratory instruction in the fundamental concepts of chemistry for general education and middle-level licensure for pre-service and in-service teachers.

110 INTRODUCTION TO GENERAL, ORGANIC AND BIOCHEMISTRY I (LECTURE)

3 credits

Sequential, Introduction to principles of chemistry, fundamentals of inorganic, organic and biochemistry. Structure and chemistry of carbohydrates, lipids, proteins; biochemistry of enzymes,

111 INTRODUCTION TO GENERAL,

1 credit

ORGANIC AND BIOCHEMISTRY I (LABORATORY)

Prerequisite/Corequisite: 3150:110. Sequential. Laboratory course applying principles of chemistry and fundamentals of inorganic, organic and biochemistry.

112 INTRODUCTION TO GENERAL,

ORGANIC AND BIOCHEMISTRY II (LECTURE) Prerequisite: 110. Sequential. Introduction to principles of chemistry, fundamentals of inorganic, organic and biochemistry. Structure and chemistry of carbohydrates, lipids, proteins; biochemistry of enzymes, metabolism, radiation.

113 INTRODUCTION TO GENERAL

1 credit

ORGANIC AND BIOCHEMISTRY II (LABORATORY) Prerequisite/Corequisite: 3150:112. Sequential. Laboratory course applying principles of chemistry and fundamentals of inorganic, organic and biochemistry.

151 PRINCIPLES OF CHEMISTRY I

Prerequisite: placement in 3450:149 or higher or permission. Introduction to basic facts and principles of chemistry including atomic and molecular structure, states of matter and thermodynamics. For chemistry majors, pre-medical students and most other science majors. Discussion

152 PRINCIPLES OF CHEMISTRY LABORATORY

Pre/Corequisite: 151, Laboratory course applying principles of thermodynamics, chemical analysis and laboratory practice.

153 PRINCIPLES OF CHEMISTRY II

3 credits

Prerequisite: 151. Continuation of 151, 152, including aqueous solution theory, chemical kinetics, equilibrium, electrochemistry and nuclear chemistry. For chemistry majors, premedical students and most other science majors. Discussion (day sections).

154 QUALITATIVE ANALYSIS

Prerequisite: 152. Pre/Corequisite: 153. Laboratory course applying principles of chemical equilibrium to inorganic qualitative analysis.

199 INTRODUCTORY SEMINAR IN CHEMISTRY

Basic concepts in chemistry practice including written and oral communication skills, computer skills, professional ethics, environmental issues, chemical literature, degree options, and career considerations.

263.4 ORGANIC CHEMISTRY LECTURE L.II.

3 credits each Sequential. Pre/Corequisite for 3150:263: 153 or permission. Prerequisite for 3150:264: 263. Structure and reactions of organic compounds, mechanism of reactions.

265,6 ORGANIC CHEMISTRY LABORATORY I, II

Sequential. Pre/Corequisite for 3150:265: 263; prerequisite: 154. Prerequisite for 3150:266: 265. Laboratory experiments to develop techniques in organic chemistry and illustrate principles. Discussion

301 BASIC BIOCHEMISTRY

Prerequisite: 264. A one-semester, basic course in biochemistry covering structure/reactivity relationships of biological molecules and the metabolism of carbohydrates, lipids, amino acids

313 PHYSICAL CHEMISTRY LECTURE I

Prerequisites: 264, 3450:223, 3650:291 or permission. Gases, thermo dynamics, thermochemistry, solutions, dilute solutions, chemical equilibrium, phase rule, chemical kinetics, electrochemistry, electrolytic equilibria.

314 PHYSICAL CHEMISTRY LECTURE II

3 credits

Prerequisites: 264, 3450:335, 3650:292 or permission of instructor. Atomic and molecular structure and spectroscopy

380 ADVANCED CHEMISTRY LABORATORY I

2 credits

Prerequisite: 266. A laboratory experience that focuses on the synthetic and spectroscopic techniques of modern inorganic chemistry, including bioorganic and organometallic compounds

381 ADVANCED CHEMISTRY LABORATORY II

Prerequisite: 266. Corequisite: 314 and 424 or permission. Integrated laboratory experience covering the areas of quantitative analysis, physical chemistry, and instrumental techniques.

INTERNSHIP IN CHEMISTRY

Prerequisites: minimum GPA of 2.5; permission of the Department. Work experience focused on career applications of the discipline of Chemistry. (May repeat for a maximum of six credits.)

401 BIOCHEMISTRY LECTURE I

Prerequisite: 264. Biochemistry of amino acids, carbohydrates, lipids, and nucleic acids; structure/function relations. Enzymes as catalysts: kinetics and regulation. Cofactors.

402 BIOCHEMISTRY LECTURE II

Prerequisite: 401/501. Overview of metabolism; thermodynamics; carbohydrate, fatty acid, amino acid, and nucleoside anabolism and catabolism; hormonal control of metabolism. Photosynthesis

423 ANALYTICAL CHEMISTRY I

3 credits

424 ANALYTICAL CHEMISTRY II 3 credits Prerequisite 154 and 263. Instrumental analysis with emphasis on newer analytical tools and

Prerequisite: 154 and 263. Theoretical principles of quantitative and instrumental analysis.

463 ADVANCED ORGANIC CHEMISTRY

3 credits

rerequisites: 264. Introduction to study of mechanisms of organic reactions.

472 ADVANCED INORGANIC CHEMISTRY

3 credits

Prerequisite: 314 or permission. Concepts of atomic structure integrated in systematic classification of elements. Periodic table. Chemistry of the representative elements. Transition elements including coordination compounds, organometallics and metal carbonyls.

480 ADVANCED CHEMISTRY LABORATORY III

Prerequisite 381 or permission. Integrated laboratory experience covering the areas of quantitative analysis, physical chemistry, instrumental techniques, and inorganic chemistry.

481 ADVANCED CHEMISTRY LABORATORY IV

2 credits Prerequisite 480 and 472 or permission. Integrated laboratory experience covering the areas of

quantitative analysis, physical chemistry, and instrumental techniques and biochemistry. 490 WORKSHOP IN CHEMISTRY 1-3 credits

(May be repeated) Group studies of special topics in chemistry. May not be used to meet under-

graduate or graduate major requirements in chemistry. 497 HONORS PROJECT IN CHEMISTRY (May be repeated for a total of eight credits) Prerequisites: junior or senior standing in Honors College and permission of department honors preceptor. Independent research leading to com-

pletion of honors thesis under guidance of honors project adviser. 498 SPECIAL TOPICS: CHEMISTRY

1-3 credits

499 RESEARCH PROBLEMS

(May be repeated for a total of eight credits) Prerequisite: permission. Assignment of special problems to student, designed as an introduction to research problems.

CLASSICS

3200:

220 INTRODUCTION TO THE ANCIENT WORLD

3 credits

Prerequisite: 3400:210. Introduction to the civilizations of the Near East, Greece, and Rome, their cultural influences upon each other and their legacy to Europe.

230 SPORTS AND SOCIETY IN ANCIENT GREECE AND ROME

erature. No foreign language necessary. Required of majors.

3 credits

Greek and Roman sports, games and festivals, from the Olympics to gladiatorial games as social phenomena; multimedia survey of the archaeology of ancient sport.

289 MYTHOLOGY OF ANCIENT GREECE Prerequisite: 3400:210. Myth, legend and folktale in ancient Greece, with some attention to reli-

3 credits

gion (Olympian deities, Orphism, etc.) and the transmission of Greek myth to Rome and the West. No foreign language necessary. 361 THE LITERATURE OF GREECE Prerequisite: 3400:210. Major writers of ancient Greece and their influence on later European lit-

362 THE LITERATURE OF ROME

3 credits

Major writers of ancient Rome and their influence on later European literature. No foreign language necessary. Required of majors.

363 WOMEN IN ANCIENT GREECE AND ROME

3 credits

Examine women's lives in ancient Greece and Rome. Read their poetry, see them in ancient theatre, art, and philosophy, and in modern art and film.

401 EGYPTOLOGY I The history and antiquities of ancient Egypt.

3 credits 1-3 credits

480 READING AND RESEARCH IN CLASSICAL STUDIES

Prerequisite: permission of instructor. Directed reading and research for individual and small group study in any recognized area of classical studies.

499 HONORS PROJECT IN CLASSICS

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission. Independent study leading to completion of a senior honors thesis under the supervision of a member of the Department of Classics.

GREEK

3210:

121.2 BEGINNING GREEK I AND II

4 credits each

Sequential, Standard Attic Greek of classical times

223.4 INTERMEDIATE GREEK

3 credits each

Prerequisites: 121, 122. A survey of readings of the less difficult authors such as Homer, certain dialogues of Plato, Herodotus, Xenophon, New Testament or the like.

303,4 ADVANCED GREEK

3 credits each

(May be repeated with a change of subject) Tragedy, comedy, philosophy, history, lyric poetry, prose composition or epigraphy

ANTHROPOLOGY

150 CULTURAL ANTHROPOLOGY

Introduction to study of culture; cross-cultural view of human adaptation through technology, social organization and ideology. Lecture.

151 HUMAN EVOLUTION

Study of biological evolution of Homo Sapiens, including primate comparisons and cultural development. One-hour laboratory using interactive computer programs, casts and Anthropology's

251 HUMAN DIVERSITY

3 credits A study of the critical elements of world diversity, both cultural and biological. Cross-cultural comparisons of family, religion and politics in contemporary world. Multimedia and lecture.

340 PALEODEMOGRAPHY AND HUMAN OSTEOLOGY

Prerequisites: 1510, 151, 3240:100 or instructor's permission. An intensive study of bone, bone growth, and the human skeleton; ageing and sexing techniques; application of demographic techniques to paleoanthropological populations.

355 INDIANS OF SOUTH AMERICA

Prerequisite: 150 or 3850:100 or permission. Survey of aboriginal peoples of South America, with emphasis on culture areas and continuity of culture patterns. Lecture.

MAGIC, MYTH AND RELIGION

3 credits

Prerequisite: 150 or 3850:100. Analysis and discussion of the data concerning the origins, roles and functions of magic and religion in a broad range of human societies, with emphasis on the non-Western, pre-industrial societies. Examination of belief and ritual systems of such societies.

358 INDIANS OF NORTH AMERICA

Prerequisite: 150 or permission. Ethnographic survey of native cultures of North America, with emphasis on variations in ecological adaptations, social organization and modern American Indians in anthropological perspective. Lecture.

359 ANTHROPOLOGY IN THE 21ST CENTURY

3 credits Prerequisites: 150, 151 or permission of instructor. A seminar on the role, function and current theories in anthropology and the relevance of the discipline in the new century. Includes research methodologies

370 CULTURES OF THE WORLD

3 credits

Prerequisite: 150 or 3850:100. An examination of cultural change and diversity in the 20th century; includes the ways in which cultures differ and major processes which produce those differences.

397 ANTHROPOLOGICAL RESEARCH

(May be repeated) Prerequisite: permission. Individual study of problem areas of specific interest to an individual student under guidance of a faculty member.

398 ANTHROPOLOGICAL RESEARCH METHODS

Prerequisites: 150 and either 151 or 3240:100. Introduction to understanding anthropological evidence, including framing research questions, collecting data and data analysis, from perspectives based in cultural, archaeological and physical anthropology.

410 EVOLUTION AND HUMAN BEHAVIOR

3 credits

Prerequisite: 151. Critical examination of the theory of natural selection and its usefulness for understanding the origins and evolution of early hominid and modern human social behavior.

416 ANTHROPOLOGY OF SEX AND GENDER

Prerequisites: 150 or 3850:100. This course explores cross-cultural variation regarding sex, gender and sexuality. It examines the ways that cultures create, maintain and reproduce gender concepts and gender relations.

420 THE ANTHROPOLOGY OF FOOD

Prerequisites: 150 or permission. Utilizing anthropological approaches and theories, this course explores the social relations and cultural beliefs associated with food cross-culturally.

455 CULTURE AND PERSONALITY

3 credits

Prerequisite: 150 or permission. Examination of functional and causal relationships between culture and individual cognition and behavior. Lecture.

457 MEDICAL ANTHROPOLOGY

Prerequisite: 150 or permission of instructor. Analyzes various aspects of Western and non-Western medical systems from an anthropological perspective. Compares traditional medical systems around the world.

460 QUALITATIVE METHODS: BASIS OF ANTHROPOLOGICAL RESEARCH

Prerequisite: 150 or permission of instructor. Provides hands-on experience in qualitative methods, including key informant interviewing, focus groups, and other methods. Includes the use of computer-based programs for rapid appraisal strategies.

463 SOCIAL ANTHROPOLOGY

Prerequisite: 150 or permission. Comparative structural analysis of non-Western systems of kinship and social organization in terms of status, role, reciprocal expectation, nomenclature, nuclear and extended households and other kinship groupings. Lecture.

472 SPECIAL TOPICS: ANTHROPOLOGY

(May be repeated) Prerequisites: 150 and permission. Designed to meet needs of student with interests in selected topics in anthropology. Offered irregularly when resources and opportunities permit. May include archaeological field school, laboratory research or advanced coursework not presently offered by department on regular basis.

494 WORKSHOP IN ANTHROPOLOGY

(May be repeated) Group studies of special topics in anthropology. May not be used to meet departmental undergraduate or graduate major requirements. May be used for elective credit only.

497 SENIOR HONORS PROJECT IN ANTHROPOLOGY

The topic and scope of this individually chosen project is directed by an Anthropology faculty member in conjunction with Honors College preceptors under the guidelines of the Honors College.

ARCHAEOLOGY

3240:

100 INTRODUCTION TO ARCHAEOLOGY

3 credits Introduction to the study of ancient cultures based on material remains. Course covers basic

archaeological concepts and tools, types of data and interpretation. 101-120 CASE STUDIES IN ARCHAEOLOGY 1 credit each

A series of one-credit modules designed to introduce specific topics of archaeological interest to the non-specialist.

102 AGE OF ARTHUR

1 credit

Examines the archaeological and historical records of early medieval Europe to put Arthurian myth and legend into a real social context. Directed towards non-majors.

103 KINGS OF THE NORTH SEA

Looks at Viking activity from pillaging to farming in Scandinavia, Europe and North America through historical and archaeological evidence. Directed towards non-majors.

104 CRYPTS, CASTLES AND CATHEDRALS

1 credit

Surveys the evolution of major defensive and religious structural achievements in medieval Europe: castles, churches, and monasteries. Directed towards non-majors.

1 credit

Rise and fall of the Inca empire of South America. Topics include: politics, ideology, daily life and methods of recovering and interpreting archaeological data.

1 credit

Rise and fall of the Maya civilization of Mesoamerica. Topics include: politics, ideology, daily life and methods of recovering and interpreting archaeological data.

313 ARCHAEOLOGY OF GREECE

The ruins and monuments of Greece; history reconstructed by examination of the material remains. No foreign language necessary. 3 credits The ruins and monuments of Rome; history reconstructed by examination of the material

314 ARCHAFOLOGY OF ROME remains. No foreign language necessary.

3 credits

320 MEDIEVAL ARCHAEOLOGY This course will allow students to have the opportunity to examine the material/artifact record of the Medieval Period (c. AD 450-AD 1450) in Europe.

360 ANCIENT NEAR EASTERN ARCHEOLOGY

3 credits

General survey of the archaeological material, culture, and written history of the ancient Near East. Covers human achievements from the Paleolithic to Alexander's conquest.

400 ARCHAEOLOGICAL THEORY

Prerequisite: 100. Advanced seminar covering history of scientific archaeological exploration, major theoretical paradigms and current trends in archaeology. Required for Certificate in Field 410 ARCHAEOGEOPHYSICAL SURVEY 3 credits

Prerequisite: 100 or 3370:101 or 3350:310. Advanced instruction in principles of subsurface geophysical survey techniques in archaeology. Emphasizes magnetic gradiometry and electrical resistivity techniques. Includes both laboratory and fieldwork.

420 ARCHAEOLOGY OF OHIO Prerequisite: 100. Provides a detailed overview of Ohio's prehistoric cultures and the early historic period focusing on cultural evolution and environmental relationships.

440 ARCHAEOLOGICAL LABORATORY METHODS Prerequisite: 100. Laboratory-based course teaching essentials of artifact documentation, handling and analysis. Focus on quantification, statistics, conservation and illustration, lithics, ceramics, paleofaunal, paleobotanical remains and soils.

440 ARCHAEOLOGICAL LABORATORY METHODS LAB Corequisite:440/540

0 credits

450 ARCHAEOLOGICAL FIELD SCHOOL

3-6 credits Prerequisite: 100. A field-based course teaching basic archaeological techniques, mapping, excavation of prehistoric and historic sites, survey and documentation. (May be repeated for up to 6 credits).

472 SPECIAL TOPICS IN ARCHAEOLOGY

Prerequisite: 100 or permission. Designed to meet needs of students with interests in selected topics in archaeology. May include fieldwork, laboratory research or advanced courses not regu-

ECONOMICS

3250:

100 INTRODUCTION TO ECONOMICS

3 credits

May not be substituted for 200, 201, 244. Economics primarily concerned in a broad social science context. Adequate amount of basic theory introduced. Cannot be used to satisfy major or minor requirements in economics.

200 PRINCIPLES OF MICROECONOMICS

3 credits

Analysis of behavior of the firm and household, and their impact on resource allocation, output and market price. No credit if 244 already taken.

201 PRINCIPLES OF MACROECONOMICS

3 credits

Prerequisite: 200. Study of the economic factors which affect the price level, national income, employment, economic growth. No credit if 244 already taken.

226 COMPUTER SKILLS FOR ECONOMIC ANALYSIS

3 credits

Prerequisites: 100 or 200 or 244. Application of word processing, spreadsheets, presentation packages, SAS, the Internet, library resources, and other computer tools in communicating economic analysis.

230 ECONOMICS OF SOCIAL POLICY ISSUES

Prerequisite: 100 or permission of the instructor. Investigation of selected labor and social policy issues. Examples include health care, economic demography, anti-poverty programs, immigration, discrimination, and the impact of unemployment and inflation.

244 INTRODUCTION TO ECONOMIC ANALYSIS

Recommended for engineering and mathematical science majors. Intensive introduction to analysis of modern industrial society and formulation of economic policy. Structure of economic theory and its relation to economic reality. No credit to a student who has completed 200, 201.

310 MANAGERIAI ECONOMICS

Prerequisites: 200, or 244; 3470:261, 262. Application of economic analysis to management problems; the organization of enterprises and the allocation of their resources; decision making under uncertainty; strategic behavior.

330 LABOR PROBLEMS

Prerequisites: 200 or 201, or 244. Labor economics, principles and public policy. Study of structure of labor market and impact unions have on labor management relations.

333 LABOR ECONOMICS

Prerequisite: 200 or 244. Theoretical tools used in analysis of problems of labor in any modern economic system. Emphasis given to examination of determinants of demand for and supply of labor.

360 INDUSTRIAL ORGANIZATION AND PUBLIC POLICY

Prerequisites: 200 or 244. Role of industrial structure and firm conduct in performance of industry and way in which antitrust policy is designed to provide remedies where performance is unsatisfactory.

380 MONEY AND BANKING

Prerequisite: 201. Institutions of money, banking and credit, monetary expansion and contraction, public policies affecting this process, development of our money and banking system.

385 ECONOMICS OF NATURAL RESOURCES AND THE ENVIRONMENT

Prerequisites: 100 or 200 or 244 or permission. Introduction to economic analysis of use of natural resources and economics of environment. Problems of water and air pollution, natural environments, natural resource scarcity, conservation, economic growth.

400 INTERMEDIATE MACROECONOMICS

3 credits

Prerequisites: 201 and 3450:145 or equivalent. Changes in national income, production, employment, price levels, long-range economic growth, short-term fluctuations of economic activity.

405 ECONOMICS OF THE PUBLIC SECTOR

Prerequisites: 200 and 201, or 244. Considers nature and scope of government activity, rationale for government intervention, problems of public choice, taxation and revenue-raising, cost-benefit analysis, program development and evaluation.

410 INTERMEDIATE MICROECONOMICS

Prerequisites: 200 or 244, and 3450:145 or equivalent, Advanced analysis of consumer demand. production costs, market structures, determinants of factor income.

423 APPLIED GAME THEORY

3 credits Prerequisite: 200 or permission of the Economics department. Application of the basic concepts of game theory (analysis of strategic behavior) to relevant economics issues including bargaining, cartels, voting, conflict resolution and non competitive pricing.

426 APPLIED ECONOMETRICS

Prerequisites: 200 and 201 or 244; 3470:261 and 262. Application of regression analysis to economic and social sciences data. Discusses typical problems from applied research, including estimation technique, hypothesis testing and modeling framework.

427 ECONOMIC FORECASTING

Prerequisites: 200 and 201 or 244; 3470:261 and 262; or permission of the Economics department. Methods for building, identifying, fitting and checking dynamic economic models and use of these models for forecasting. Emphasis on application of available computer software sys-

430 LABOR MARKET AND SOCIAL POLICY

3 credits

Prerequisite: 333 or permission of the Economics department. Intensive study of current labor and social policy issues (e.g., discrimination, poverty, migration, education, demographic and labor market changes, impact of international trade on employment).

432 THE ECONOMICS AND PRACTICE OF COLLECTIVE BARGAINING

Prerequisite: 200 or 244. Principles and organization of collective bargaining, collective bargaining agreements, issues presented in labor disputes and settlements, union status and security, wage scales, technological change, production standards, etc.

434 LABOR MARKET ANALYSIS AND EVALUATION

Prerequisites: 410, 426, 430. Applied labor market research using specialized techniques. Employment, health, education, and other current policy issues and programs analyzed and evaluated. Original research project required.

436 HEALTH ECONOMICS

Prerequisites: 100 or 200 or 244 or permission of the instructor for 436;permission of the instructor for 536. Economic analysis of health care. Stresses health policy issues, includes study of demand and supply of medical services and insurance, analysis of health care indus-

438 ECONOMICS OF SPORTS

Prerequisites: 100 or 200 or 244 or permission of instructor. Sports franchises as profit maximizing firms; costs and benefits of a franchise to a city; labor markets in professional sports; the economics of college sports.

440 SPECIAL TOPICS: FCONOMICS

3 credits Prerequisite: permission of the Economics department. Opportunity to study special topics and

460 ECONOMICS OF DEVELOPING COUNTRIES 3 credits

Prerequisites: 200 and 201, or 244; or permission of the Economics department. Basic problems in economic development. Theories of development, issues of political economy and institutions. Topics include poverty, population, migration, employment, finance, international trade and

461 PRINCIPLES OF INTERNATIONAL ECONOMICS

3 credits

Prerequisites: 200 and 201, or 244; or permission of the Economics department. International trade and foreign exchange, policies of free and controlled trade, international monetary prob-

475 DEVELOPMENT OF ECONOMIC THOUGHT

Prerequisites: 200 and 201, or 244; or permission of the Economics department. Evolution of theory and method, relation of ideas of economists contemporary to conditions.

481 MONETARY AND BANKING POLICY

3 credits

Prerequisites: 380, 400 or permission of the Economics department. Control over currency and credit, policies of control by central banks and governments, United States Treasury and Federal Reserve System

487 URBAN ECONOMICS: THEORY AND POLICY

Prerequisite: 200 and 201 or 244 or permission of instructor. Analysis of urban issues from an economic perspective. Emphasis on urban growth, land-use patterns, housing, income distribution, poverty and urban fiscal policy.

490 INDEPENDENT STUDY IN ECONOMICS

1-3 credits

(May be repeated for a total of six credits) Prerequisite: permission of instructor. Independent study in economics under supervision and evaluation of selected faculty member

491 WORKSHOP IN ECONOMICS

1-3 credits

Prerequisite: permission of the Economics department. (May be repeated) Group studies of special topics in economics. May not be used to meet undergraduate or graduate major requirements in economics. May be used for elective credit only.

495 INTERNSHIP IN ECONOMICS

Prerequisites: 200, 201 and at least three additional courses in economics at the 300- or 400level. Supervised placement in appropriate position in public or private sector organizations. Reports and written assignments required.

496 SENIOR PROJECT IN ECONOMICS

Prerequisites: 400, 410, 426. Corequisites: 405 or 423 or 430 or 460 or 461 or 475 or 481 or 487. Taken concurrently with or following a 400-level field Economics course. Involves independent out-of-class work on a project designed in consultation with the designated 400-level course

497 HONORS PROJECT

1-3 credits

(May be repeated for a total of six credits) Prerequisite: senior standing in Honors College. Individual senior honors thesis on a creative project relevant to economics, approved and supervised by faculty member of the department.

ENGLISH

3300:

111 FNGLISH COMPOSITION I

4 credits

Extensive and varied experience in developing writing skills, with practice in expressive, reflective, and analytic forms of writing.

112 ENGLISH COMPOSITION II Prerequisite: 111. Designed to develop skills in analyzing and writing persuasive arguments.

3 credits

113 AFRICAN AMERICAN LANGUAGE AND CULTURE I: COLLEGE COMPOSITION 4 credits Discussion, argumentation and writing related to African American culture and language. An option to 3300:111 English Composition I. Open to all students.

114 AFRICAN AMERICAN LANGUAGE AND CULTURE II: COLLEGE COMPOSITION 3 credits Composition and discussion topics focus on the structure, history and culture of African American English. An option to 3300:112 English Composition II. Open to all students.

250 CLASSIC AND CONTEMPORARY LITERATURE

Prerequisites: 111 and 112 or their equivalents, and 3400:210, or permission of the instructor. Close reading and analysis of fiction, poetry, and drama from the evolving canon of American, British, and World literature. This course fulfills the General Education Humanities Requirement. It cannot be used to meet requirements in English.

251 TOPICS IN WORLD LITERATURE

Prerequisites: 111 and 112; and 3400:210 or permission of instructor. Close reading and analysis of various themes represented in world literatures, both ancient and modern. This course fulfills the General Education Humanities Requirement. It cannot be used to meet requirements in

252 SHAKESPEARE AND HIS WORLD

Prerequisites: 111 and 112 or their equivalents, and 3400:210. An introduction to the works of Shakespeare and their intellectual and social contexts. Each section "places" Shakespeare through compact readings of works by the playwright's contemporaries. This course fulfills the General Education Humanities Requirement. It cannot be used to meet requirements in English.

275 SPECIALIZED WRITING

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. (May be repeated for different topics, with permission) Principles and practice of style, structure and purpose in writing, with special applications to writing demands of a specific career area

277 INTRODUCTION TO POETRY WRITING

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Practice in writing poems. Study of techniques in poetry, using contemporary poems as models. Class discussion of student work, Individual conferences with instructor to direct student's reading and writing.

278 INTRODUCTION TO FICTION WRITING

ADVANCED POETRY WRITING

376 LEGAL WRITING

Prerequisites: 277, and 111 and 112 or their equivalents, or permission of the instructor. Advanced practice in writing poems, emphasis on shaping publishable works. Survey of market. Class discussion of student poems; individual conference with instructor.

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor.

Intensive practice in writing for pre-law students through assignments based on actual legal situ-

ations and real cases. Particular attention to stating legal issues, writing persuasively, applying rules of law, and other topics that will help those preparing for law school and the profession.

378 ADVANCED FICTION WRITING 3 credits Prerequisites: 278, and 111 and 112 or their equivalents, or permission of the instructor. Advanced practice in writing short stories, emphasis on shaping publishable works. Survey of

market. Class discussion of student stories; individual conference with instructor

379 ADVANCED SCRIPT WRITING Prerequisite: 112 and 279 or their equivalents, or permission of the instructor. This course focus-

es on writing for the screen and developing the visual imagination.

3 credits

380 FILM CRITICISM Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Application of literary critical theory to the study of film.

3 credits

This course explores the increasingly popular genre of creative nonfiction through the analysis, evaluation, and appreciation of published works, as well as through a workshop classroom structure in which students will practice and improve their writing skills in this particular form.

381 CREATIVE NONFICTION

389 SPECIAL TOPICS: LITERATURE AND LANGUAGE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. (May be repeated for credit as different topics are offered). Traditional and nontraditional topics in English literature and language, supplementing course listed in this General Bulletin, generally constructed around theme, genre and language study.

390 PROFESSIONAL WRITING I

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Designed to help prepare student for a career as professional business writer. Stresses theory and practice of written and oral communication in business organization. Individual and group performance, relating to communication theories, concepts of semantics. Functional writing as well as special needs of business are illustrated by actual cases. Adapting style and organization is practiced.

391 PROFESSIONAL WRITING II

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Designed to help prepare student for a career as professional technical writer. Covers principles and practices concerning editing company technical communications, such as specifications, annual reports, promotional brochures for technical products, services, scientific abstracts, proposals. Also treats problems of adapting materials to formats, graphic display of technical information, adaptation of technical material to nontechnical reader.

392 INTERNSHIP IN ENGLISH

Prerequisite: Minimum GPA of 2.5, permission of the instructor. (May be repeated for a maximum of six credits.) Critical reading and writing focused on career applications of the discipline of English. May count up to three credit hours toward the English major.

399 THE GOTHIC IMAGINATION

3 credits

Prerequisite: Completion of 111 and 112. A loosely chronological study of major British, American and European authors in the Gothic tradition. Focus on literary conventions of Gothic fiction, to the "popular" nature of the literature and to its major themes/motifs.

400 ANGLO SAXON

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Studies in Old English language and Old English prose and poetry, including Beowulf.

403 DEVELOPMENT OF THE ARTHURIAN LEGEND

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor Traces evolution of Arthurian materials from 540 to 1500 and beyond, with emphasis on characters, themes, events and treatments.

406 CHAUCER

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Close study of Chaucer's major works The Canterbury Tales and Troilus and Criseyde in Middle English.

407 MIDDLE ENGLISH LITERATURE

Prerequisite: Completion of 111 and 112. Study of genres, topics, styles and writers of the Middle English literary works from 12th to 15th Centuries. Readings in Middle English.

421 SWIFT AND POPE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor, An intensive study of the major satires of Swift and Pope. Concentration on the rhetorical strategies of each author within the context of the shifting intellectual and cultural milieu at the end of the 17th and beginning of the 18th Centuries.

424 EARLY ENGLISH FICTION

Prerequisite: Completion of 111 and 112. Development of English novel before 1830. Focus on works of Defoe, Richardson, Fieldling, Smollet, Sterne, Austen and Scott. 425 STUDIES IN ROMANTICISM

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Literary, philosophical, psychological and social revolutions of romantic period as reflected in works of such major writers as Wordsworth, Byron and Keats.

430 VICTORIAN POETRY AND PROSE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Poetry, prose of the late 19th Century, excluding fiction, with attention to Tennyson, Browning, Arnold, Carlyle, Ruskin and other major writers.

431 VICTORIAN FICTION

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Reading of at least five major novels of Victorian era, of varying length, by Emily Bronte, Dickens, Eliot, Thackeray and Hardy. Characterization, theme and attitude toward life emphasized.

Representative continental texts from Homer to Cervantes, selected both for their excellence and for their important influence on English and American literature.

371 INTRODUCTION TO LINGUISTICS Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Scientific introduction to the study of written and spoken linguistic behavior in English. History of English, varieties of English, and acquisition of English also introduced.

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Practice in writing short stories. Study of various techniques in fiction, using contemporary stories as models. Class discussion of student work. Individual conferences with instructor to direct student's reading and writing.

279 INTRODUCTION TO SCRIPT WRITING

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Practice in writing scripts. Study of various techniques in script writing, using contemporary models for study. Class discussion of student work. Individual conferences with instructor to direct student's reading and writing.

280 POETRY APPRECIATION

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Close reading of a wide selection of British and American poems with emphasis on dramatic situation, description, tone, analogical language, theme and meaning.

281 FICTION APPRECIATION

Prerequisite: Completion of 111 and 112 or their equivalents, and 3400:210. Close reading of modern masters of short story and novel. Fulfills the General Education Humanities Requirement. It cannot be used to meet requirements in English.

283 FILM APPRECIATION

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Introduction to dramatic choices made by filmmakers in scripting, directing, editing and photographing narrative films; and qualities of reliable film reviews.

300 CRITICAL READING AND WRITING

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. An

introduction to English studies, focusing on critical methods for reading and writing about literature, with attention to research skills and uses of computer technology. 301 ENGLISH LITERATURE I 3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor.

Studies in English literature from Old English to 1800, with emphasis upon specific representa-

tive works and upon the cultural and intellectual background which produced them. Literature to be read will include both major and minor poetry, prose and drama. 302 FNGLISH LITERATURE II 3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor.

Studies in English literature from 1800 to present. Emphasis will be given to cultural and intellec-

tual backgrounds and to the development of various modes and genres. 315 SHAKESPEARE: THE EARLY PLAYS Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Introduction to early drama of Shakespeare with close reading of tragedies, histories and comedies. Includes explanatory lectures of both the plays and their backgrounds.

316 SHAKESPEARE: THE MATURE PLAYS

3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Study of Shakespeare's plays after 1598, beginning with mature comedies. Concentration on major tragedies and romances.

341 AMERICAN LITERATURE I

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Historical survey of major and minor American writers to 1865.

342 AMERICAN LITERATURE II 3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Readings in major and minor American writers from 1865 to present.

350 BLACK AMERICAN LITERATURE

Survey of representative black American writers from the 19th Century to present, with particular attention to historical and social backgrounds. 360 THE OLD TESTAMENT AS LITERATURE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor.

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. History of Hebrews to 586 B.C., as revealed through epic, fiction, saga and poetry, viewed against background of the Asian World.

Prerequisite: Completion of 111 and 112. These two bodies of literature read with emphasis on form of gospel and epistle, and concept of apocalypse. Both are viewed against their historical and social backgrounds.

362 WORLD LITERATURES The course is a study of short fiction, poems, plays, and novels of the non-Western world from

early antiquity to the present.

3 credits

3 credits

3 credits

3 credits

364 WOMEN WRITERS Prerequisite: Completion of 112 or equivalent, or permission of the instructor. A study of the diverse voices of female experiences through literature written by women.

366 EUROPEAN BACKGROUNDS OF ENGLISH LITERATURE Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor.

361 THE NEW TESTAMENT AND APOCRYPHA AS LITERATURE

435 20TH CENTURY BRITISH POETRY

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Concentrated study of major poems of Yeats, Eliot and Auden, with attention also to Hardy, Housman, Spender, C. Day Lewis, Dylan Thomas and others.

436 BRITISH FICTION: 1900-1925

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Study of Conrad, Joyce, D. H. Lawrence and Virginia Woolf, with attention to their innovations in narrative and style, their psychological realism and symbolism. Brief consideration of other important fiction writers of the period, including Wells, Bennett and Mansfield.

437 BRITISH FICTION SINCE 1925

and their application to teaching of English.

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Study of important British novelists since 1925, excluding Lawrence, Joyce and Woolf. Attention to development of British short story from 1925 to present.

440 WOMEN & FILM

Prerequisite: completion of 111 and 112 or their equivalents, or permission of instructor. This course explores representations of feminine and treatments of gender issues in mainstream Hollywood films within a critical framework of feminist film theory.

448 AMERICAN ROMANTIC FICTION

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Examination of early American fiction, tracing its genesis, romantic period and germinal movements toward realism. Writers discussed include Cooper, Poe, Hawthorne and Melville.

449 AMERICAN FICTION: REALISM AND NATURALISM Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Examination of American writers of realistic and naturalistic fiction (e.g., Howells, James, Crane,

450 MODERN AMERICAN FICTION

Dreiser), tracing developments in American fiction against background of cultural and historical change.

3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Study of significant American short and long fiction from World War I to the present.

451 AMERICAN POETRY TO 1900

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Survey of American poetry of the 17th, 18th and 19th Centuries.

452 MODERN AMERICAN POETRY

3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Survey of 20th Century American poetry beginning with Edwin Arlington Robinson and ending with

453 AMERICAN WOMEN POETS

3 credits Prerequisite: Completion of 111 and 112. Study of modern poets' uses and revisions of tradition. women's relationships, conceptions of art and of the artist-as woman, and the debate between 'public" and "private" poetry.

454 20TH CENTURY AMERICAN DRAMA 3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Examination of major, established playwrights (including O'Neill, Miller and Williams) and sampling

of new and rising ones

455 THE AMERICAN SHORT STORY Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. A study of the development of the short story as a particularly American genre, from Washington

Irving to the present. 456 THOREAU, EMERSON, AND THEIR CIRCLE 3 credits

A study of work and life of Henry David Thoreau, Ralph Waldo Emerson, and other key figures

460 FILM AND LITERATURE 3 credits Prerequisites: completion of 111 and 112 or their equivalents, or permission of the instructor for 460. Analysis of literary texts and their film adaptations. Emphasis on genre, structure and visual elements as counterparts to written texts.

467 MODERN EUROPEAN FICTION

3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Representative European writers from about 1850 to present, in translation. Focus on fiction of such writers as Dostovevsky, Gide, Camus, Mann, Kafka and Kundera.

469 EROS AND LOVE IN EARLY WESTERN LITERATURE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. An analysis of the use of sex and love in the literature of the Western World from Greco-Roman times to 1800, with special emphasis on how sexuality and "romantic" love are used as allegorical, satiric, fantastic or realistic devices.

470 HISTORY OF ENGLISH LANGUAGE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Development of English language, from its beginnings: sources of its vocabulary, its sounds, its rules; semantic change; political and social influences on changes; dialect origins; correctness.

471 U.S. DIALECTS: BLACK AND WHITE

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Study of differences in pronunciation, vocabulary and grammar among U.S. language varieties, Origins, regional and social dimensions are explored. Correctness, focusing on black English and Appalachian speech, explored.

472 SYNTAX

Prerequisites: 371, and 111 and 112 or their equivalents, or permission of the instructor. Principles of syntactic description. Sentence structures are investigated from a variety of languages, with emphasis on English.

473 SEMINAR IN TEACHING ESI: THEORY AND METHOD

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Theoretical issues in linguistic description and language acquisition as relevant to learning of a second language. Elaboration of principles for the teaching of English as a second language based on research in linguistics, psycholinguistics and second language pedagogy.

475 THEORY OF RHETORIC

474 AFRICAN AMERICAN ENGLISH

3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. Ancient and modern theories of rhetoric, with attention to classical oration, "topics" of rhetoric

African American English grammatical structure, pronunciations, origins, and cultural role.

Comparisons with academic English. Discussion of language correctness, legal status, and role

479 MANAGEMENT REPORTS

Prerequisites: completion of 111 and 112 or their equivalents, or permission of the instructor for

479. Study of principles and writing practices in effective business style, specialized structure, 482 SENIOR HONORS PROJECT IN ENGLISH 1-3 credits (May be repeated for a total of six credits). Prerequisites: Completion of 1100:111 and 1100:112

or their equivalents, or permission of the instructor, senior standing in Honors College and

what is generally considered as possibility.

science fiction story and the work of major authors.

approval of honors preceptor; open only to English majors enrolled in Honors College, Independent study leading to completion of senior honors thesis or other original work. 484 FANTASY 3 credits Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. A study of forms of literature, primarily fiction, based on and controlled by an overt violation of

485 SCIENCE FICTION A study of twentieth-century British and American science fiction, featuring primary forms of the

489 SEMINAR IN ENGLISH

2-3 credits

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. (May be repeated with different topics.) Special studies, and methods of literary research, in selected areas of English and American literature and language.

Prerequisite: Completion of 111 and 112 or their equivalents, or permission of the instructor. (May be repeated with different topics) Group studies of special topics in English. Cannot be used to meet undergraduate or graduate major requirements in English; for elective credit only.

492 SENIOR SEMINAR

3 credits

Discussion of select literacy topic and reflection on student development in the major. Requires independent research and reflection papers. Limited to senior English majors.

498 INDEPENDENT STUDY

1-3 credits

Prerequisite: completion of 111 and 112 or their equivalents. Directed study in a special field of interest chosen by student in consultation with instructor.

GEOGRAPHY AND PLANNING

3350:

100 INTRODUCTION TO GEOGRAPHY

3 credits

Analysis of world patterns of population characteristics, economic activities, settlement features, landforms, climate as interrelated factors.

250 WORLD REGIONAL GEOGRAPHY

3 credits

Survey of world regions with focus on both physical and human landscapes; emphasis on world patterns and issues from a regional perspective.

305 MAPS AND MAP READING

Introduction to use and interpretation of maps. Study of basic map types, elements, symbolism, and historical and cultural context of maps. (Laboratory.) 306 MAPPING THE EARTH 3 credits

Introduction to Geographic Information Systems (GIS), remote sensing, and cartography, including Global Positioning Satellites (GPS) and spatial databases.

310 PHYSICAL AND ENVIRONMENTAL GEOGRAPHY Landforms, weather and climate, soils and vegetation and natural hazards. Nature and distribu-

al distribution. Basic techniques in handling climate data.

350 GEOGRAPHY OF THE UNITED STATES AND CANADA

3 credits

314 CLIMATOLOGY 3 credits Prerequisite: 310 or permission. Analysis and classification of climates, with emphasis on region-

tion of these environmental elements and their significance to society. Laboratory.

320 ECONOMIC GEOGRAPHY

Geographical basis for production, exchange, consumption of goods. Effect of economic patterns on culture and politics.

Regional and topical study of United States and Canada, with emphasis on environmental, eco-

nomic and cultural patterns and their interrelationships.

3 credits

3 credits

351 OHIO: ENVIRONMENT AND SOCIETY Regional and topical analysis of cultural, economic and environmental patterns; also in comparison with other states

353 LATIN AMERICA

3 credits

Analysis of relationship of cultural and economic patterns to physical environment in Mexico, Central America, the Caribbean and South America. 3 credits

356 EUROPE Regional and topical analysis of cultural, economic and environmental patterns.

3 credits Environmental, cultural and economic geography of East, Southeast, South Asia and Middle East with emphasis on the contemporary.

363 AFRICA SOUTH OF THE SAHARA

3 credits

Environmental and human bases of regional contrasts. Emphasis on tropical environmental systems and changing patterns of resource utilization.

375 GEOGRAPHY OF CULTURAL DIVERSITY

Evaluation of cultural elements unique to various geographical regions to explain why different people utilize resources differently, and how cultural diversity affects regional conflicts

397 SPECIAL PROBLEMS

1-3 credits

(May be repeated for a total of five credits) Prerequisite: permission of instructor. Directed reading and research in special field of interest.

405 GEOGRAPHIC INFORMATION SYSTEMS

3 credits

Prerequisites: 305 or permission. Introduction to the principles and concepts underlying geographic information systems (GIS) and their application in professional practice and academic research.

407 ADVANCED GEOGRAPHIC INFORMATION SYSTEMS

(May be repeated) Selected topics of interest in geography

Prerequisites: 405 or permission. Advanced instruction in the theory and application of geographic information systems (GIS) including hands-on experience with both raster and vector GIS.

409 ARCHAEOGEOPHYSICAL SURVEY

3 credits

Prerequisites: 3240:250 or 3370:101 or 3350:310. Advanced instruction in subsurface geophysical survey techniques in archaeology. Emphasis on magnetic gradiometry and electrical resistivity techniques, image processing and geological and archaeological interpretation.

415 ENVIRONMENTAL PLANNING

Scientific and technical principles for decision-making in planning, with emphasis on soils, land use, and water quality issues. Data sources and methods of site evaluation.

URBAN GEOGRAPHY

3 credits Spatial structure of urban systems; interaction between cities; internal structure of cities. Perspectives on urban change; contemporary urban geographic problems; urban and regional planning issues.

422 TRANSPORTATION SYSTEMS PLANNING

3 credits Study and analysis of transportation systems from a geographic perspective. Emphasis on transportation problems and issues, elements of transportation planning.

424 MILITARY GEOGRAPHY

3 credits Influence of physical and human geography on military operations and military history. Role played by geography in international conflicts.

432 LAND USE PLANNING LAW

3 credits

Acquaint student with past and present approaches to land use control in the United States and examine the political, economic, social and legal forces that have shaped existing land-use legislation.

433 PRACTICAL APPROACHES TO PLANNING

Introduction to the history, theories and forms of urban planning. PLANNING ANALYSIS AND PROJECTION METHODS

3 credits Introduction to the primary analytic techniques for small-area demographic and economic analysis

438 LAND USE PLANNING METHODS

Application of GIS and other computer-based tools to the preparation, implementation and evaluation of comprehensive land use plans.

439 HISTORY OF URBAN DESIGN AND PLANNING

3 credits Origins of human settlements and planning from the perspective of urban design and related soci etal trends. Comparison of world regional and historical urban forms. Experience in "reading" settlements as visual landscapes

440 CARTOGRAPHY

3 credits

Use of graphic/cartographic principles and techniques as a means of presenting geographical information on maps and producing maps. Laboratory.

441 GLOBAL POSITIONING SYSTEMS (GPS)

1 credit Fundamentals of Global Positioning System (GPS), with emphasis on geographic and planning activities. Includes hands-on exercises

442 CARTOGRAPHIC THEORY AND DESIGN

3 credits

Prerequisite: 440 or permission of instructor. Principles and techniques of thematic mapping. Stresses maps as communications tools. Examines principle thematic mapping techniques and means of presenting qualitative and quantitative data. Laboratory.

444 APPLICATIONS IN CARTOGRAPHY AND GEOGRAPHIC INFORMATION SYSTEMS 3 credits Prerequisite: 440 and 405 or permission. Application of analytic and presentation techniques from

cartography and geographic information systems to practical problems in geography and planning. Laboratory.

445 GIS DATABASE DESIGN

Prerequisites for 445: 405 or permission. Introduction to theory and concepts of geographic data modeling, geodatabase design, and topology. Emphasis on current practices and methodologies in geography and planning.

446/546 GIS PROGRAMMING AND CUSTOMIZATION

Prerequisite for 446: 405 or permission. Prerequisite for 546: 505 or permission. Introduction to the use of scripting languages for customizing the interface adn extending the functionality of desktop GIS software.

447 REMOTE SENSING

Prerequisite: 305 or permission. Concepts, systems, and methods of applying aerial photography, satellite imagery, and other remote-sensing data for analyzing geographic, geological, and

449 ADVANCED REMOTE SENSING

3 credits

Prerequisite: 447 or permission. Current research in remote sensing. Applications in study of human cultural and biophysical environment. Practice in planning, design, execution and interpretation of remote sensing studies. (Laboratory.)

450 DEVELOPMENT PLANNING

129 MEDICAL GEOLOGY

3 credits

481 RESEARCH METHODS IN GEOGRAPHY AND PLANNING Prerequisites: 12 credits in Geography and Planning. Investigation of library and archive

resources. Emphasis on development of professional writing skills

1 credit

A study of planning concepts and techniques for developing countries, including growth and development, planning agencies, regional inequities and alternative approaches.

3 credits

Introduction to minerals which form gemstones and precious metals. Topics to be covered include physical properties, geologic occurrences, and geographic locations of major deposits.

483 SPATIAL ANALYSIS Prerequisite: 12 credits in Geography and Planning. Analysis of mapped statistical surfaces. Principles for use of map as model for statistical evidence, prediction, hypothesis testing

485 GEOGRAPHY AND PLANNING INTERNSHIP

1-3 credits

Prerequisite: permission, (May be repeated for a total of six credits.) Supervised professional experience in planning agencies or related settings. Only three credits can be used toward a degree in Geography and Planning

489 SPECIAL TOPICS IN GEOGRAPHY

1-3 credits 1-3 credits

490 WORKSHOP IN GEOGRAPHY

(May be repeated for a total of six credits) Group studies of special topics in geography.

495 SOIL AND WATER FIELD STUDIES 3 credits Properties, origins and uses of major soil and water regime landscapes. Stresses relationships between soil and the hydrological cycle, urbanization, suburbanization and agriculture. Field trips

496 FIELD RESEARCH METHODS

3 credits Prerequisite: 12 credits in Geography and Planning. Field work enabling student to become competent in collecting, organizing and analysis of data while carrying out field research projects.

REGIONAL FIELD STUDIES

1-3 credits Off-campus intensive study of geographic features of a region or regions through direct observa-

tions and travel using appropriate field study methods. May be repeated for up to 6 credits. 498 HONORS RESEARCH IN GEOGRAPHY 1-3 credits (May be repeated for a total of six credits) Prerequisite: permission of department honors pre-

ceptor, honors student only. Exploration of research topics and issues in contemporary geography. Selection of research topic and writing of research paper in proper scholarly form under direction of faculty member.

499 CAREER ASSESSMENT SEMINAR

2 credits

Students demonstrate knowledge and skills acquired as geography majors through assessment testing and semester project, evaluate career options, and prepare resume and portfolio.

GEOLOGY AND ENVIRONMENTAL SCIENCE 3370:

100 EARTH SCIENCE 3 credits Introduction to earth science for non-science majors. Survey of earth in relation to its physical

composition, structure, history, atmosphere, oceans; and relation to solar system and universe.

101 INTRODUCTORY PHYSICAL GEOLOGY

A study of the nature of earth, its materials, and the processes which continue to change it. Laboratory. Field trips.

102 INTRODUCTORY HISTORICAL GEOLOGY Prerequisite: 101. Geologic history of earth, succession of major groups of plants and animals interpreted from rocks, fossils. Laboratory, Field trips.

on relationship of geologic processes to society.

103 NATURAL SCIENCE: GEOLOGY 3 credits Study of basic principles and investigative techniques in various fields of geology with emphasis

104 EXERCISES IN PHYSICAL GEOLOGY

1 credit

Prerequisites: 100, 103, 200/permission of geology adviser. Laboratory exercises on the identification of earth materials and the utilization and interpretation of geologic data and maps

GEOLOGY FOR ENGINEERS

3 credits

Introduction of physical geology to engineers, including mechanics, hydraulics, and case studies that illustrate interactions between geology and engineering. Laboratory. Field trips. 121-140 CONCEPTS IN GEOLOGY 1 credit each

A series of one-credit modules designed to introduce specific topics of science and the scientific

method from the perspective of aeologists. 121 DINOSAURS 1 credit Introductory course exploring the geological occurrence, mode of fossilization, evolutionary development, habits, and sudden extinction of the largest known land vertebrates.

122 MASS EXTINCTIONS AND GEOLOGY

125 EARTHQUAKES: WHY, WHERE, WHEN?

1 credit

1 credit

Catastrophic changes in plants and animals have occurred throughout earth history. The causes of these extinctions have sparked debate which has enlivened the scientific world.

THE ICE AGE AND OHIO

1 credit

Introductory course covering the effects of the ice age on the geology, vegetation, fauna and economy of Ohio.

Causes and effects of earthquakes, geological settings for earthquakes, seismic measurements, mechanical response of rock to stress, earthquake prediction and precautionary measures.

128 GEOLOGY OF OHIO Survey of Ohio's geologic setting and history, natural resources, landforms, and their significance in terms of human activity, from early settlement to future economy.

Abundance and distribution of trace elements in surface and groundwater, soils and rocks. The effects of trace elements to health through dose-response relationships.

132 GEMSTONES AND PRECIOUS METALS

1 credit

133 CAVES

Topics include: karst processes and the origin of caverns; carbonate depositional environments and the origin of limestones; environmental problems associated with karst landscapes

135 GEOLOGY OF ENERGY RESOURCES

1 credit

Topics include the origin of hydrocarbon and coal deposits, methods of petroleum exploration. global distribution of hydrocarbon resources.

137 FARTH'S ATMOSPHERE AND WEATHER

1 credit

Structure and composition of the atmosphere; earth's radiation budget; atmospheric moisture, clouds and precipitation; weather systems and storms, severe weather, Ohio weather.

1 credit

(May be repeated for up to 2 credits.) Special topics offered once or only occasionally in areas where no formal course exists.

ROCKY MOUNTAIN NATIONAL PARKS

139 CURRENT TOPICS

Prerequisite: 432/532. Petrogenesis of igneous, metamorphic and sedimentary rocks as determined by microscopic studies of textures and mineral assemblages using thin sections. Laboratory.

Badlands, Yellowstone, Grand Canyon and other Rocky Mountain National Parks will be used to illustrate basic principles of geology.

3 credits Prerequisite: 350 or permission; recommended: 324. Natural occurrences of petroleum. Characteristics, origin, entrapment and exploration methods. Laboratory. Field trips.

141 NATURAL ENVIRONMENT OF CHINA

Introduction to geographical and geological environments of China. Geography and geology of geoparks will be presented and discussed as examples.

171 INTRODUCTION TO THE OCEANS

3 credits

Provides a basic introduction to the oceans. Topics include formation of the oceans, ocean circulation, waves and tides, marine animals, marine communities, and climate change.

200 ENVIRONMENTAL GEOLOGY

3 credits Analysis of geologic aspects of the human environment with emphasis on geologic hazards and environmental impact of society's demand for water, minerals and energy.

201 EXERCISES IN ENVIRONMENTAL GEOLOGY I

Prerequisite or corequisite: 200. Recognition, evaluation of environmental problems related to geology through field, laboratory exercises and demonstrations which apply concepts from 200. Laboratory.

202 GEOLOGY OF THE NATIONAL PARKS

Prerequisite: 100 or 101 or 103. Geologic setting of major national parks, interpreted in terms of geological principles and processes which shaped them in past and/or currently affect them, including the rock cycle, evolution of landscapes and plate tectonics.

203 EXERCISES IN ENVIRONMENTAL GEOLOGY II

1 credit

Prerequisites: 200 (or corequisite) and 201. Recognition and evaluation of environmental problems related to geology. (Continuation of 201) Laboratory.

230 CRYSTALLOGRAPHY AND NON-SILICATE MINERALOGY

Prerequisites: 101 and 3150:151, 152. Crystallography and chemistry of minerals. Topics also covered include physical, chemical and optical properties, occurrences and uses of the common nonsilicate minerals. Laboratory.

231 MINERAL SCIENCE

4 credits

Prerequisites: 101. Corequisites: 3150:151, 152. Physical and chemical properties, occurrence, and uses of common silicate minerals, followed by megascopic and microscopic identification, classification, and petrogenesis of rocks. Laboratory. Field trips.

Prerequisites: Four credits in introductory physical geology and permission. Presents quantitative analysis of geologic features and processes and is supported by the study of case histories. Lecture, lab, and field study. Field trips.

310 GEOMORPHOLOGY

3 credits

Prerequisite: 101. Study of landforms as a function of structure, process, and time. Laboratory.

324 SEDIMENTATION AND STRATIGRAPHY

Prerequisites: 102 and 231. Introduction to sedimentary processes and environments; stratigraphic principles and techniques. Hand specimens, thin sections, and sedimentary sequences studied. Laboratory.

350 STRUCTURAL GEOLOGY

4 credits

Prerequisite: 101 or permission. Origins and characteristics of folds, faults, joints and rock cleavage. Structural features of sedimentary, igneous and metamorphic rocks. Laboratory. Field Trips.

360 INTRODUCTORY INVERTEBRATE PALEONTOLOGY

4 credits Prerequisite: 102 or permission. Introductory course emphasizing morphology and evolution of major invertebrate groups with consideration of practical applications of paleontology. Laboratory. Field trips.

371 OCEANOGRAPHY

Prerequisite: 101. Study of the dominant feature of our planet, the oceans, emphasizing ocean basins evolution, and physical, chemical and biological processes in the various marine environments. Field

405 ARCHAEOLOGICAL GEOLOGY

3 credits

Prerequisites: 101, or permission. Provides background in geologic principles and techniques relevant to archaeologists. Topics include stratigraphy, absolute dating, locality assessment, zooarchaeology, taphonomy, and remote sensing. Laboratory. Field trips.

407 ARCHAEOGEOPHYSICAL SURVEY

Prerequisites: 3240:250 or 3370:101 or 3350:310. Advanced instruction in subsurface geophysical survey techniques in archaeology. Emphasis on magnetic gradiometry and electrical resistivity techniques, image processing and geological and archaeological interpretation.

410 REGIONAL GEOLOGY OF NORTH AMERICA

3 credits

Prerequisites: 101, 102, or permission; recommended: 350. Examination of physiographic provinces of North America emphasizing structure, tectonic setting, stratigraphy and processes responsible for landforms in each province, Laboratory, Field trips.

411 GLACIAL GEOLOGY

3 credits

Prerequisite: permission. Causes and effects of Pleistocene expansion of polar ice masses with emphasis on glacial deposits and world climactic changes. Laboratory. Field trips

421 COASTAL GEOLOGY

Prerequisites: 101, 324 or permission of instructor. Study of the origins and evolution of coasts and coastal deposits with particular attention paid to the interaction of waves and currents with sediment, and the development of associated sedimentary features. Field trips.

Prerequisites: 324 and 360 or permission. Primarily the study of depositional systems, regional and

global stratigraphic cycles, and sedimentation and plate tectonics.

425 PRINCIPLES OF SEDIMENTARY BASIN ANALYSIS

3 credits

432 OPTICAL MINERALOGY-INTRODUCTORY PETROGRAPHY Prerequisites: 230 and 231, Optical techniques for identification, characterization, and classification of minerals and rocks using the petrographic microscope. Laboratory.

433 ADVANCED PETROLOGY

435 PETROLEUM GEOLOGY

Prerequisites: 101, 102; recommended: 324. Origin, composition and occurrence of coal with emphasis on depositional environments, coalification processes, exploration, evaluation and exploitation. Laboratory. Field trips.

437 FCONOMIC GEOLOGY

Prerequisites: 231 and 350. Study of metallic and nonmetallic mineral deposits emphasizing paragenesis and exploration, Laboratory, Field trips,

441 FUNDAMENTALS OF GEOPHYSICS

3 credits

Prerequisites: 3450:223 or permission and 3650:292. Fundamental concepts in solid earth geophysics, planetary physics, geodesy, and geomagnetism. Contributions of geophysics to recent major developments in geoscience.

444 ENVIRONMENTAL MAGNETISM

Prerequisites: 101 or permission. Introduction to the theory and methods of environmental magnetism and the application of environmental magnetism to interpreting sedimentary deposits.

446 EXPLORATION GEOPHYSICS

Prerequisites: 3450:223, 3650:292 or permission. Basic principles and techniques of geophysical

exploration with emphasis on gravimetric, magnetic, seismic and electrical methods and application to geological problems. Laboratory. Field trips. 449 BOREHOLE GEOPHYSICS

Prerequisite: permission. Basic principles and techniques of geophysical well logging with emphasis on electrical, radioactive, and sonic measures and their quantitative evaluation. Applications in oil, gas, and groundwater exploration. Laboratory.

450 ADVANCED STRUCTURAL GEOLOGY Prerequisite: 350 or permission. Fundamental and advanced concepts of structural geology with

3 credits

462 ADVANCED PALEONTOLOGY 3 credits Prerequisites: 360. Provides advanced training in paleontological subjects. Topics will include paleoenvironmental analysis, biostratigraphic correlation, fossil preservation, diversification and extinction patterns and geochemical signals of fossils. Field trips.

emphasis on current and developing concepts. Laboratory. Field trips.

463 MICROPALEONTOLOGY

Prerequisite: 360 or permission. Introduction to techniques of micropaleontology evolution and paleoecology of selected microfossil groups. Laboratory. Field trips.

470 GEOCHEMISTRY

3 credits

Prerequisite: 101, 230, and 231, 3150:151, 152 and 153 or permission. Application of chemical principles to the study of geologic processes. Laboratory. Field trips.

472 STABLE ISOTOPE GEOCHEMISTRY

3 credits

Prerequisite: 101 and 102; 3150:151, 152 and 153; 3450:221. Application of stable isotope geochemistry to the study of hydrologic and carbon cycles, modern sedimentary environments, and the interpretation of sedimentary rocks.

474 GROUNDWATER HYDROLOGY

Prerequisite: 101. Origin, occurrence, regimen and utilization of groundwater. Qualitative and quantitative presentation of geological and geochemical aspects of groundwater hydrology.Laboratory. Field trips. 481 ANALYTICAL METHODS IN GEOLOGY

Prerequisite: 230, 231. A survey of analytical methods used to solve geologic problems with empha-

sis on method selection, proper sample collection, analysis of data quality and data presentation.

484 GEOSCIENCE INFORMATION ACQUISITION AND MANAGEMENT Prerequisite: Must be a Geology Department graduate student or senior major in Geology, or have permission of instructor. Methods for finding, gathering, managing, and evaluating geoscience information.

Emphasis on finding data sources (including electronic), creating valid data sets, visualizing data.

485 INDIVIDUAL READINGS IN GEOLOGY

1-3 credits

Prerequisite: permission of instructor. (May be repeated for a total of 4 credits) Independent study and directed readings on a selected topic to fit an individual student's program.

(May be repeated) Group studies of special topics in geology. May not be used to meet undergrad-

uate or graduate major requirements in geology. May be used for elective credit only.

491 INTERNSHIP IN GEOLOGY Prerequisite; permission of instructor. May be repeated for a total of six credits. Supervised professional experience in geology or geophysics. Only three credits can be used toward a degree in

493 GEOLOGY FIELD CAMP I Prerequisites: 101 and 102 and permission; Introduction to collection and interpretation of field data

and construction of geologic maps.

494 GEOLOGY FIELD CAMP II

Prerequisites: 231, 350,493/593, or permission. Advanced techniques and methods of field geology necessary for detailed geologic maps and interpretations.

3 credits

3 credits

495 FIELD STUDIES IN GEOLOGY

3 credits

(May be repeated for a total of four credits) Prerequisite: permission. Field trip course emphasizing phases of geology not readily studied in Ohio. Includes pretrip preparation and post-trip examination. Student will bear trip expenses.

496 GEOLOGY SERVICE LEARNING

student's honors project adviser.

in areas where no formal course exists.

335 RUSSIA TO 1801

cratic government, Russian culture, reigns of Peter and Catherine.

1-3 credits

Prerequisite: permission of instructor. Team service learning project that involves collection, organization, analysis and presentation of geologic data. May be repeated for a maximum of four credits. Field trips.

497 SENIOR HONORS PROJECT IN GEOLOGY

336 RUSSIA SINCE 1801

Survey of 19th and 20th Centuries. Special emphasis on problems of modernization, the revolution and development of communism.

A survey of the history of women in Europe since 1500, with emphasis on their roles and the

Survey of Russian history from Kievan period to death of Paul I, emphasizing development of auto-

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College, permission of department honors preceptor and major in geology or natural science. Independent research leading to completion of senior honors thesis or other original work under guidance of

tural/artistic trends of modern French history.

325 WOMEN IN MODERN EUROPE

changes attendant on modernization.

337 FRANCE FROM NAPOLEON TO DeGAULLE 3 credits Combines a study of Napoleon and DeGaulle with a survey of the political, economic, social, and cul-

498 SPECIAL TOPICS Prerequisite: permission of instructor. Special lecture courses offered once or only occasionally

Survey of English history from the Anglo-Saxon conquest to the Revolution of 1688. Medieval and early modern institutions, social and cultural life.

499 RESEARCH PROBLEMS 1-3 credits (May be repeated for a total of four credits) Prerequisite: permission. Independent research leading to the completion of a written paper or presentation at a professional meeting.

339 ENGLAND SINCE 1688 Survey of English history from 1688 to the present. The reform of English institutions and life, modernization of the economy, the welfare state, society and war.

HISTORY

SELECTED TOPICS

3 credits

3 credits

3400:

Includes experimental offerings such as those crossing subject of chronological lines, and subjects not listed in this General Bulletin. See departmental office for current subject.

341 ISLAMIC FUNDAMENTALISM AND REVOLUTION The political and socio-economic roots of Islamic reformism and militancy in the Middle East and

342 THE CRUSADES THROUGH ARAB EYES Political and military struggles, diplomatic practices and intellectual traditions of the Medieval

200 EMPIRES OF ANCIENT ASIA Comparative study of the formative empires East, South, and western Asia. Emphasis on the

Islamic/Arab world and the Western crusaders.

North Africa since the 1960s.

origins and development of core institutions and early writings. 210 HUMANITIES IN THE WESTERN TRADITION I: ANTIQUITY TO THE RENAISSANCE 4 credits Prerequisites: 32 credits and completion of 3300:112. Introduction to the human condition in the past as manifested in the ideas, religions, visual arts and music of Western civilization from the

ancient Greeks through the Renaissance. Cannot be used to meet major requirements in History.

345 NATIVE NORTH AMERICAN HISTORY The histories of Native Americans from Columbus to the present, emphasizing a half-millennium of adaptive responses to the presence of Europeans in North America.

211 HUMANITIES IN THE WESTERN TRADITION II: REFORMATION TO THE PRESENT 3 credits Prerequisite: 3400:210. Introduction to the human condition in the past as manifested in the ideas, religions, visual arts and music of Western civilization from the Protestant Reformation to

350 U.S. WOMEN'S HISTORY

3 credits

4 credits

the Present. Cannot be used to meet major requirements in History. 250 UNITED STATES HISTORY TO 1877

History of American women's experiences and exploration of gender as a changing structure shaping American life from the colonial period through the 20th century.

Historical survey from the Age of Discovery and North American colonization through the creation of the United States to the Civil War and Reconstruction. UNITED STATES HISTORY SINCE 1877

351 GLOBAL HISTORY: ENCOUNTERS AND CONFLICTS This course explores historical encounters between societies to explain the development of the integrated economic, political, and cultural systems presently characterizing the modern world.

3 credits

4 credits Survey of United States history from the end of Federal Reconstruction to the present.

Examination of westward movement from revolution to closing of frontier; types of frontiers; impact of west on nation's development.

300 IMPERIAL CHINA 3 credits Selective study of institutional, intellectual, political and artistic developments in Chinese civilization from antiquity to 18th Century. Emphasis on general features of traditional Chinese culture.

AMERICAN IMMIGRATION

Examination of European migrants to American colonies and United States, their reasons for leaving

3 credits

3 credits

2 credits

2 credits

2 credits

2 credits

301 MAO'S CHINA History of China from 1911-1976 emphasizing the role of Mao Zedong in China's revolutionary experience, particularly from 1928-1976.

Europe and coming to America, and their experience after arrival. 355 AMERICAN RELIGIOUS HISTORY 3 credits Addresses critical issues and figures in American religious history from the colonial era to present,

3 credits Survey of history of Japan from 1600 to present. Emphasis on modernization and the rise of Japanese empire, 1894-1945.

including ways ideas have influenced political and judicial discourse. SPORTS IN AMERICAN HISTORY SINCE 1865 3 credits An examination of the reciprocal relationship between sports and various institutions of society: cul-

ANCIENT NEAR EAST 3 credits

ture, religion, politics, education, economics, race, ethnicity, diplomacy and gender. URBAN AMERICA 3 credits

Mesopotamia, Egypt; Israel, and neighbors to Persian Empire. 3 credits This course looks at the significance of cities and urban development in shaping American society.

Minoans and Mycenaeans; classical Greece to triumph of Macedon.

UNITED STATES MILITARY HISTORY 3 credits Survey of United States military history from the colonial era to the present.

310 HISTORICAL METHODS 3 credits Introduction to historical research and writing, Required for history major

AFRICAN-AMERICAN HISTORY, 1492 TO 1877 3 credits This course focuses on African American history, culture and heritage from 1492 to 1877.

313 EASTERN ROMAN EMPIRE

Byzantine culture and history from 324 to the fall of 1453.

362 AFRICAN-AMERICAN HISTORY, 1877 TO PRESENT

317 ROMAN REPUBLIC 3 credits An intensive survey of the Roman Republic. Attention will be given to the nature of the source

This course focuses on African American history, culture and heritage from 1877 to present. 381 HISTORY OF CANADA 3 credits

material, ancient historiography, text criticism and the like.

Survey of Canadian history from the age of the explorers to the present. Special emphasis will be placed on the history of French-Canadians, on economic development and on Canadian-American relations.

3 credits An intensive survey of the Roman Empire. Attention will be given to the nature of the source

An examination and evaluation of all aspects of the war in Vietnam, political, military, diplomatic and economic, including its impact domestically then and later.

material, ancient historiography, text criticism and the like. MEDIEVAL EUROPE, 500-1200

385-391 WORLD CIVILIZATIONS

386 WORLD CIVILIZATIONS: JAPAN

Prerequisite: 64 credits

Prerequisite: 64 credits

390 WORLD CIVILIZATIONS: AFRICA

382 THE VIETNAM WAR

Migration of peoples, Carolingian revival, renewed invasions; social, economic and intellectual stirrings lead to "birth of Europe."

Courses 385 through 391 are designed to provide a basic knowledge of past human experiences and an understanding of current events in key areas of the non-Western world. These courses can not be used to meet major requirements in History.

320 MEDIEVAL EUROPE, 1200-1500 3 credits Middle Ages and the middle class; economic and political change, international wars, social unrest and religious crosscurrents.

385 WORLD CIVILIZATIONS: CHINA Prerequisite: 64 credits

321 FUROPE: RENAISSANCE TO RELIGIOUS WARS, 1350-1610 3 credits Survey of the social, political, economic, religious, and intellectual history of Early Modern Europe from the Italian Renaissance to the early 17th century.

Prerequisite: 64 credits. 387 WORLD CIVILIZATIONS: SOUTHEAST ASIA 2 credits Prerequisite: 64 credits.

322 EUROPE: ABSOLUTISM TO REVOLUTION, 1610-1789 3 credits Survey of the social, political, economic, religious, and intellectual history of Early Modern Europe from the Thirty Years War to the French Revolution.

388 WORLD CIVILIZATIONS: INDIA 2 credits Prerequisite: 64 credits. 389 WORLD CIVILIZATIONS: MIDDLE EAST 2 credits

323 EUROPE FROM REVOLUTION TO WORLD WAR, 1789-1914 3 credits Surveys the political, economic, social, and cultural history of modern Europe from the French Revolution to the First World War.

> 391 WORLD CIVILIZATIONS: LATIN AMERICA Prerequisite: 64 credits

324 EUROPE FROM WORLD WAR I TO THE PRESENT A survey of European political and social history from World War I to the present. 3 credits

3 credits

392 INTERNSHIPS IN HISTORY

Prerequisites: Junior standing, History or Secondary Education major with History/Social Science concentration, and prior completion of a minimum of 16 credits in History, not including Humanities in the Western Tradition or World Civilizations. Field experience in applied History setting under the supervision of a History Department faculty member.

397 INDIVIDUAL STUDY OR RESEARCH IN HISTORY

(May be repeated for a total of four credits) Prerequisite: permission. For individual study or research in history, including special projects, summer study tours or specialized training.

400/500 WOMEN IN REVOLUTIONARY CHINA

3 credits

3 credits Prerequisites: 300, 301 or 385, or permission of instructor. A study of the changes in women's lives in China during the late imperial (1644-1911) and socialist (1949-1989) periods.

401/501 JAPAN AND THE PACIFIC WAR, 1895-1945

The rise of Japanese militarism, Japan's drive to create an empire in East and Southeast Asia. 1895-1945, and its role in the Pacific War, 1937-45.

404 STUDIES IN ROMAN HISTORY

3 credits

Prerequisite: Completion of six hours of History courses at the 200 or 300 level. Concentrated investigation of selected topics, such as imperialism in middle and late Republic, the age of Augustus, or the fall of western Empire.

416/516 MODERN INDIA

History of the Indian subcontinent from c. 1500 with emphasis on India society and culture, British imperialism, and the emergence of Indian nationalism.

424/524 THE RENAISSANCE

3 credits

The age of transition from the Middle Ages to modern times (1350-1600). Special emphasis on intellectual trends, the development of humanism, and the fine arts.

425/525 THE REFORMATION

438/538 NAZI GERMANY

3 credits Europe in 16th Century; its religious, cultural, political and diplomatic development, with special emphasis on Protestant, Anglican and Catholic reformations

429/529 EUROPE IN THE FRENCH REVOLUTIONARY ERA, 1789-1815

3 credits

Development of Revolution; Napoleon's regime and satellites

3 credits

This course covers the social, economic, and political history of Germany from World War I to 1945 with emphasis on the Third Reich.

440/540 TUDOR AND STUART BRITAIN, 1485-1714

An examination of the development of, and increasing links between the British kingdoms in the early modern period, with emphasis on culture, politics, and religion.

443/543 CHURCHILL'S ENGLAND

3 credits An examination of the changes that Britain experienced during the life of Winston Churchill, 1874-1965. Emphasis is on cultural, social, and political developments.

451/551 COLONIAL AMERICAN HISTORY 3 credits This course covers the history of colonial America from the first European contact in the

Americas in 1492 to the onset of the American Revolution.

452/552 THE AMERICAN REVOLUTIONARY ERA: POLITICAL, MILITARY, 3 credits AND CONSTITUTIONAL ASPECTS

The struggle for the rights of Englishmen and independence; the impact of war on American society and the creation of republican institutions.

453/553 AGE OF JEFFERSON AND JACKSON, 1800-1850

The evolution of the republic in its formative stages from Jefferson through Jackson to the Compromise of 1850. Emphasis upon political, social, intellectual and Constitutional developments.

454/554 THE CIVIL WAR AND RECONSTRUCTION, 1850-1877

Sectionalism, slavery and the causes of the Civil War; wartime activities of the Union and Confederacy; leading personalities; problems of reconstruction and the new Union.

455/555 THE ORIGINS OF MODERN AMERICA, 1877-1917

3 credits

United States from Reconstruction Era to World War I (1877-1920); emphasis on political responses to rise of an industrialized-urbanized society, the populist and progressive movements.

456/556 AMERICA IN WORLD WARS AND DEPRESSION, 1917-1945

World War I and Versailles; the 1920s, the Great Depression and the New Deal; World War II.

457/557 THE UNITED STATES SINCE 1945

3 credits 3 credits

Nuclear age, cold war, foreign policy and domestic affairs to present. Social, political, constitutional, diplomatic, cultural and economic changes since 1945.

461/561 THE UNITED STATES AS A WORLD POWER

3 credits

The course analyzes the emergence and functioning of the United States as a world power, with particular emphasis on the 20th century.

463/563 U.S. CONSTITUTIONAL HISTORY This course examines the evolution of constitutional government from the drafting of the U.S.

Constitution (1787) to present. 465/565 AMERICAN ECONOMY SINCE 1900 3 credits

Survey of economic developments since 1900; topics include agriculture, business and labor. Special emphasis on role of big business and evolution of monetary and fiscal policy.

467/567 HISTORY OF AMERICAN POP CULTURE

3 credits

Historical analysis of mass cultural phenomena and the social experiences associated with mass technologies that transformed modern America life in the 19th and 20th centuries

468/568 AFRICAN-AMERICAN SOCIAL AND INTELLECTUAL HISTORY

Examination of black thought and activities reflective of African-American culture, conditions facing black people within America and efforts toward coordinated black activity.

469/569 AFRICAN-AMERICAN WOMEN'S HISTORY

3 credits

Study of black American women's lives from colonial times to the present featuring autobiographical. fictional and secondary works authored by black women.

470/570 OHIO HISTORY

3 credits

Political, social, economic and intellectual history of Ohio, with special emphasis on Ohio's relationship to Old Northwest and to the nation.

471/571 AMERICAN ENVIRONMENTAL HISTORY

Utilization, conservation of natural resources from beginnings of American society to present; combination of economic, technological history of extensive treatment of public policy, environ-

472/572 LATIN AMERICA: ORIGINS OF NATIONALITY

Pre-Columbian civilizations, discovery and conquests; colonialism, struggle for independence and formation of new societies.

473/573 LATIN AMERICA: THE 20TH CENTURY

3 credits

Social revolution, political ideology and contemporary problems.

476/576 CENTRAL AMERICA AND THE CARIBBEAN

3 credits

Selected aspects of the histories of Central American and Caribbean countries with emphasis on populist and peasant movements, political reform, social revolution, economic and under development, and relations with the United States.

484/584 MUSEUMS AND ARCHIVES

3 credits This course will focus on the work of history museums, historical societies and historic house

museums and archives. 485/585 HISTORY, COMMUNITIES AND MEMORY

Course examines the interactions between the work of academic historians and the public in

487/587 SCIENCE AND TECHNOLOGY IN U.S. HISTORY This course examines the development of science and technology in U.S. history and its resulting social, economic and political effects.

areas such as local history, monuments, oral history, film and the Internet.

1-3 credits

492 HONORS PROJECT (May be repeated for a total of six credits) Prerequisite: senior standing in Honors College. An individual research project relevant to history, supervised by a member of the Department of History, culminating in an undergraduate thesis.

493/593 SPECIAL STUDIES IN HISTORY

Includes experimental and interdisciplinary studies, as well as those subjects that are not listed in this General Bulletin. See departmental office for information on particular offerings.

MATHEMATICS

3450:

100 INTERMEDIATE ALGEBRA

Prerequisite: Placement, A review of high school algebra; real numbers, exponents, radicals, factoring, linear and quadratic equations, graphing, and problem solving. Does not meet General Studies mathematics requirement.

135 EXCURSIONS IN MATHEMATICS

3 credits

Prerequisites: placement test, 100 or 2030:153. Contemporary applications of mathematics for the non-science major to develop skills in logical thinking and reading technical material. Topics include voting, apportionment, scheduling, patterns, networks.

140 MATHEMATICS FOR ELEMENTARY SCHOOL TEACHERS I

Prerequisites: Completion of 100 with a grade of C- or better or placement test. Enrollment limited to educations majors only. A problem-solving and inquiry-based approach to number systems; bases; operations, properties, relationships, algorithms of Real Numbers. Introduction to number theory, functions, algebra and coordinate geometry.

145 COLLEGE ALGEBRA Prerequisite: Mathematics Placement Test or completion of 100 with a grade of C- or better. Real numbers, equations and inequalities, linear and quadratic functions. Exponential and logarithmic

functions. Systems of equations, matrices, determinants. Permutations and combinations.

149 PRECALCULUS MATHEMATICS 4 credits Prerequisite: Completion of 145 with a grade of C- or better or placement. Functions, polynomial functions, complex numbers, exponential and logarithmic functions, systems of equations, trigonometric functions, mathematical inductions, sequences, and binomial theorem.

208 INTRODUCTION TO DISCRETE MATHEMATICS

Prerequisites: Completion of 145 or 149 with a grade of C- or better or placement. A foundation course in discrete mathematics with applications. Topics include sets, number systems, Boolean Algebra, logic, relations, functions, recursion, matrices, induction, graphs, and trees

210 CALCULUS WITH BUSINESS APPLICATIONS

Prerequisites: Mathematics Placement Test or completion of 141 or 145 with a grade of C- or better. Review of functions, derivatives of functions, extrema and concavity, optimization, logarithmic and exponential functions, extrema for multivariate functions. Graphing calculator required. For business majors only.

215 CONCEPTS OF CALCULUS Prerequisite: Completion of 145 or 149 with a grade of C- or better or placement. Functions; limits and continuity; differentiation and applications of differentiation; logarithmic and exponential

4 credits

221 ANALYTIC GEOMETRY-CALCULUS I Prerequisite: Completion of 149 or 145 and 147 with the grade(s) of C- or better. Analytic geometry, limits, continuity, derivatives, tangent and normal lines, extrema of functions, Rolle's theorem, mean value theorem, related rates, antiderivatives, definite integrals, areas, volumes, arc length.

functions; integration and applications of integration; partial differentiation.

222 ANALYTIC GEOMETRY-CALCULUS II

Prerequisite: Completion of 221 with a grade of C- or better. Derivatives of exponential, logarithmic trigonometric, inverse trigonometric, hyperbolic and inverse hyperbolic functions; methods of integration, sequences, series; moments, centroids, indeterminate forms, polar coordinates.

223 ANALYTIC GEOMETRY-CALCULUS III

Prerequisite: Completion of 222 with a grade of C- or better. Vector algebra, cylindrical, spherical coordinates, vector-valued functions, curvature; functions of several variables, limit, continuity, partial derivatives, differentials, directional derivatives, maxima and minima, multiple integrals, Divergence Theorem.

Prerequisite: Completion of 307 with a grade of C- or better or permission of instructor. Axiomatic treatment of both Euclidean and non-Euclidean geometries. Other concepts included are finite

Prerequisite: Completion of 307 with a grade of C- or better or permission of instructor. Introduction to topological spaces and topologies, mappings, cardinality, homeomorphisms, connected spaces,

(May be repeated for a total of 12 credits) Prerequisite: permission of instructor. Selected topics in

260 MATHEMATICS FOR ELEMENTARY SCHOOL TEACHERS II

Prerequisite: Completion of 140 with a grade of C- or better. A problem-solving and inquiry-based approach to fundamentals of Euclidean Geometry and elementary data analysis via handson activities and the use of technology.

289 SELECTED TOPICS IN MATHEMATICS

1-3 credits

Prerequisite: permission. Selected topics of interest in mathematics.

307 FUNDAMENTALS OF ADVANCED MATHEMATICS

3 credits Prerequisite: Completion of 222 with a grade of C- or better. Logic, solving problems, and doing

proofs in mathematics. Sets, extended set operations, and indexed family sets, induction. Binary relations. Functions, cardinality. Introductory concepts of algebra and analysis. 312 LINEAR ALGEBRA

Prerequisite: Completion of 223 with a grade of C- or better or permission of instructor. Study of

techniques for solving ODEs and systems of ODEs. Analysis of models involving differential

vector spaces, linear transformations, matrices, determinants, inner products, the eigenvalue problem, quadratic forms and canonical forms

mathematics and applied mathematics at an advanced level.

441 CONCEPTS IN GEOMETRY

445 INTRODUCTION TO TOPOLOGY

TOPICS IN MATHEMATICS

geometry, transformations, constructions and inversions.

491 WORKSHOP IN MATHEMATICS 1-4 credits (May be repeated) Group studies of special topics in mathematics and applied mathematics. May not be used to meet undergraduate or graduate major requirements. May be used for elective credit

335 INTRODUCTION TO ORDINARY DIFFERENTIAL EQUATIONS Prerequisite: Completion of 223 with a grade of C- or better or permission of instructor. Basic equations of first order and simple equations of second order.

3 credits

497 INDIVIDUAL READING 1-2 credits

401 HISTORY OF MATHEMATICS

Prerequisites: senior standing and permission. Mathematics or applied mathematics majors only. Directed studies designed as an introduction to research problems, under guidance of selected faculty member.

Prerequisite: Completion of 307 with a grade of C- or better. Origin and development of mathematical ideas.

498 SENIOR HONORS PROJECT

3460:

Prerequisite: 489 (honors). Directed study for senior student in the Honors College who has completed 489 (honors). An introduction to research problems in mathematics and applied mathematics under the guidance of selected faculty.

410 ADVANCED LINEAR ALGEBRA

mation, canonical and quadratic forms, inner product spaces.

3 credits Prerequisite: Completion of 312 with a grade of C- or better. Study of vector spaces, linear transfor-

ABSTRACT ALGEBRA I 3 credits Prerequisite: Completion of 307 with a grade of C- or better or permission of instructor. Study of

groups, rings, fields, integral domains. 412 ABSTRACT ALGEBRA II 3 credits

125 DESCRIPTIVE COMPUTER SCIENCE Computer literacy: terminology: methods, media for data representation, storage; elements of a computing system; data organization.

COMPUTER SCIENCE

2 credits

Prerequisite: Completion of 411 with a grade of C- or better or permission of instructor. Study of groups, rings, fields, integral domains, vector spaces, field extensions, Galois theory.

413 THEORY OF NUMBERS Prerequisite: Completion of 222 with a grade of C- or better or permission. Euclidean algorithm, unique factorization theorem, congruences, primitive roots, indices, quadratic residues, number-the-

oretic functions. Gaussian integers and continued fractions. 415 COMBINATORICS AND GRAPH THEORY

3 credits Prerequisite: Completion of 222 with a grade of C- or better or permission. Introduction to basic ideas and techniques of mathematical counting; properties of structure of systems.

420 MATHEMATICAL TECHNOLOGY AND COMMUNICATION

Prerequisites: Completion of 222 and 312 with grades of C- or better, or permission. Graphical, numerical and algebraic computation with applications using a variety of mathematical hardware and software: symbolic manipulators, dynamic geometry software, programs, scripts and web-

421.2 ADVANCED CALCULUS I AND II

Sequential. Prerequisite: Completion of 223 with a grade of C- or better; 307 is highly recommended. Real number system, sequences, series, set theory, continuity, differentiation, integration, partial derivatives, multiple integration, maxima and minima, convergence and uniform convergence. power series, improper integrals, transformations, line and surface integrals.

425 COMPLEX VARIABLES

Prerequisite: Completion of 223 with a grade of C- or better. Complex variables; elementary functions, differentiation and analytic functions; integration and Cauchy's theorem; power series and Laurent series; residue theorem; applications such as conformal mappings, inversion of integral

427 APPLIED NUMERICAL METHODS I

3 credits

Prerequisites: Completion of 222 and 3460:209 with grades of C- or better or permission. Numerical methods in polynomial interpolation, rootfinding, numerical integration, and numerical linear algebra.

428 APPLIED NUMERICAL METHODS II

Prerequisites: Completion of 335 and 427 with grades of C- or better or permission. Numerical methods in the solution of ordinary and partial differential equations. Numerical differentiation, Runge-Kutta methods, and iterative methods for ODEs, finite differences for PDEs.

430 NUMERICAL SOLUTIONS FOR PARTIAL DIFFERENTIAL EQUATIONS

3 credits

Prerequisite: Completion of 428 with a grade of C- or better or equivalent. For advanced undergraduate and graduate students. The study of finite difference and finite element methods for partial difference. ferential equations consistency, stability, convergence and computer implementation

432 PARTIAL DIFFERENTIAL EQUATIONS

Prerequisite: Completion of 335 with a grade of C- or better. The classical initial value and boundary value problems of mathematical physics developed and solved using Fourier series and integral

435 SYSTEMS OF ORDINARY DIFFERENTIAL EQUATIONS

Prerequisites: Completion of 335 and either 312 or 428 with grades of C- or better or permission. Analysis, solution of systems of equations, linear, nonlinear. Topics: stability theory, perturbation methods, asymptotic methods, applications from physical, social sciences.

Prerequisite: Completion of 335 with a grade of C- or better, and a six-hour sequence in an approved applied area, or permission. Formulation and analysis of mathematical models in social and physical sciences. Analysis of deterministic and stochastic models. Topics may include stochastic processes, inear programming, graph theory, theory of measurement.

438 ADVANCED ENGINEERING MATHEMATICS I

3 credits

Prerequisites: Completion of 335 and 312 with grades of C- or better or permission. Matrices, eigenvalue problems, systems of ODEs, vector analysis, complex variables.

ADVANCED ENGINEERING MATHEMATICS II

Prerequisites: Completion of 335 and 312 with grades of C- or better or permission. Special functions. Fourier series and transforms. PDEs.

126 INTRODUCTION TO VISUAL BASIC PROGRAMMING

3 credits

1-3 credits

Prerequisite: Completion of 3450:100 with a grade of C- or better or placement. Windows GUI and Microsoft's Visual BASIC programming environment. Design of user interfaces, event-driven programming, basic control structures, simple variables, arrays, and sequential files.

208 INTRODUCTION TO C++ PROGRAMMING

Prerequisites: knowledge of C. Introduction to class types and data abstraction. In addition, memory management and dynamic memory allocation will be discussed.

209 INTRODUCTION TO COMPUTER SCIENCE

Prerequisite: Completion of 3450:145 or 3450:149 with a grade of C- or better or equivalent. Introduction to problem-solving methods and algorithms. Programming in a high-level language including how to design, code, debug and document programs with good programming style

210 DATA STRUCTURES AND ALGORITHMS I

Prerequisites: 3450:208 and 209 or equivalent with grades of C- or better. Dynamic memory allocation methods, elementary data structures, internal representations, and associated algorithms. Topics include lists, stacks, queues, trees, and sorting methods.

289 SELECTED TOPICS IN COMPUTER SCIENCE

1-3 credits 3 credits

Prerequisite: permission. Selected topics of interest in computer science.

302 PROGRAMMING APPLICATIONS WITH COBOL

Prerequisite: Completion of 210 with a grade of C- or better. Applications of COBOL, JCL and file manipulation; intended to introduce business data processing techniques to the business option computer science major. Does not meet major requirements for system option computer science students.

306 ASSEMBLY AND SYSTEM PROGRAMMING

Prerequisite: Completion of 210 or equivalent with a grade of C- or better. Basic computer organization, digital logic, and data representation. Programming in assembly and C languages on a typical digital computer.

307 INTERNET SYSTEMS PROGRAMMING Prerequisite: Completion of 210 or equivalent with a grade of C- or better. Overview of current pro-

3 credits

gramming languages, tool and scripting technologies for the Internet and World Wide Web 316 DATA STRUCTURES AND ALGORITHMS II 3 credits

Prerequisites: Completion of 210 and 3450:221 or 3450:215 with grades of C- or better. A continu-

ation of topics in 210. Topics include: graphs and graph algorithms, external sorting, hashing, advanced tree and file structures.

389 INTERMEDIATE TOPICS IN COMPUTER SCIENCE

Prerequisite: permission of instructor. Selected topics of interest in computer science at an intermediate level.

401 FUNDAMENTALS OF DATA STRUCTURES

Prerequisites: programming experience in C. Basic data structures and algorithms, sorting and search algorithms. Data abstraction and algorithm analysis. (Not an approved major, minor, or certificate elective in computer science.)

406 INTRODUCTION TO C AND UNIX

Prerequisite: programming experience. Syntax of C with flow structures, pointers, and command line concepts. For UNIX, shell scripts, UNIX file structure, system calls and interprocess communication protocols. (Not an approved mathematics and computer science major, minor, or certificate elective.)

408 WINDOWS PROGRAMMING

Prerequisites: Completion of 208 or 210 or 406 with a grade of C- or better or permission. Windows operating systems, integrated development environment, event-driven programming, graphical user interface design, object libraries, component object model, object linking, embedding, client-server objects.

418 INTRODUCTION TO DISCRETE STRUCTURES

Prerequisite: Completion of 210 with a grade of C- or better or permission. Introduction to a number of structures in algebra of particular use to student in computer science. Topics include algorithms and flow chart language, graphs and digraphs, trees, lattices codes.

421 INTRODUCTION TO OBJECT-ORIENTED PROGRAMMING Prerequisite: Completion of 316 with a grade of C- or better. Object-oriented design, analysis, and pro-

3 credits

gramming using different development models. Comparison with other programming paradigms. 426 OPERATING SYSTEMS

Prerequisites: Completion of 306 and 316, or equivalents with grades of C- or better. Introduction to various types of operating systems: batch processing systems, multiprogramming systems and interacting processes; storage management; process and resource control; deadlock problem. Course is independent of any particular operating system.

428 UNIX SYSTEM PROGRAMMING

3 credits

Prerequisite: Completion of 316 with a grade of C- or better and knowledge of C. An overview of the UNIX operating system. Shell programming. Process management, processor management, storage management, scheduling algorithms, resource protection, and system programming

430 THEORY OF PROGRAMMING LANGUAGES

Prerequisite: Completion of 316 with a grade of C- or better. Advanced concepts underlying programming languages and their applications, formal definitions of programming languages, Backus Normal Form, semantics. Alternative programming paradigms including functional programming.

435 ANALYSIS OF ALGORITHMS

Prerequisites: Completion of 316 and 418 with grades of C- or better. Design and analysis of efficient algorithms for random access machines; derivation of pattern classification algorithms.

COMPILER DESIGN

Prerequisites: Completion of 307 and 316 with grades of C- or better. Techniques used in writing and modifying compilers including translation, loading, execution, symbol tables and storage allocation; compilation of simple expressions and statements. Organization of a compiler for handling lexical scan, syntax scan, object code generation, error diagnostics and code optimization. Use of compiler writing languages and boot-strapping. The course requires a project involving compiler writing.

445 INTRODUCTION TO BIOINFORMATICS

Prerequisite: Completion of 316 with a grade of C- or better or permission. Introduce major themes in bioinformatics. Topics include concepts of molecular genetics, biological databases, database searching, sequence alignments, phylogenetic trees, structure prediction, and microarrav data analysis.

446 INTRODUCTION TO BIOINFORMATICS LABORATORY

Laboratory course investigating basic tools currently available for biological database searching. sequence alignments, phylogenetic tree construction, protein structure prediction and microar

453 COMPUTER SECURITY

Prerequisites: Completion of 316 with a grade of C- or better for 453. Principles of computer security - cryptography, authentications, secure network protocols, intrusion detection and

455 DATA COMMUNICATION AND COMPUTER NETWORKS

3 credits

Prerequisites: Completion of 316 or 401 with a grade of C- or better. ISO-OSI, TCP/IP, SNA data switching, protocols, flow and error control, routing, topology, Network trends, network taxonomies, and socket-based programming.

457 COMPUTER GRAPHICS

Prerequisite: Completion of 316 with a grade of C- or better and knowledge of C. Topics in vector and raster graphics, interactive graphics languages, scan conversion, clipping, geometric transformation, projection, shading, animation and virtual reality.

460 ARTIFICIAL INTELLIGENCE AND HEURISTIC PROGRAMMING

Prerequisite: Completion of 316 with a grade of C- or better. Study of various programs which have displayed some intelligent behavior. Exploration of level at which computers can display intelligence.

463 PERVASIVE COMPUTING

3 credits

3 credits

Prerequisites: Completion of 316 with a grade of C- or better for 463. Computing from a wireless perspective. Topics include protocols, algorithms, security and sensor networks.

465 COMPUTER ARCHITECTURE

3 credits

Prerequisite: Completion of 306 or (210 and 4450:330) with a grade of C- or better. An introduction to the hardware organization of the computer at the register, processor and systems level. In-depth study of the architecture of a particular computer system family.

467 MICROPROCESSOR PROGRAMMING AND INTERFACING

Prerequisites: Completion of 306 and 316 with grades of C- or better. Detailed study of a particular microprocessor architecture and instruction set. Standard device interface components. Real time programming concepts.

468 MOBILE ROBOTICS

3 credits

Prerequisites: Completion of 316 with a grade of C- or better for 468. Introduction to history, hardware and software components, and design of autonomous mobile robots. Multiple projects involving both physical robots and software emulation.

470 AUTOMATA, COMPUTABILITY AND FORMAL LANGUAGES Prerequisite: Completion of 418 with a grade of C- or better. Presentation of theory of formal lan-

guages and their relation to automata. Topics include description of languages; regular context-free and context-sensitive grammars; finite, pushdown and linear-bounded automata; turing machines; closure properties; computational complexity, stack automata and decidability.

475 DATABASE MANAGEMENT

Prerequisite: Completion of 316 with a grade of C- or better. Fundamentals of database organization, data manipulations and representation, data integrity, privacy.

477 INTRODUCTION TO PARALLEL PROCESSING

Prerequisites: Completion of 316 with a grade of C- or better and knowledge of C. Commercial processors: past and present. Parallel languages, models of parallel computation, parallel algorithm design and performance evaluation. Parallel paradigms with relation to real world applications.

480 INTRODUCTION TO SOFTWARE ENGINEERING AND FORMAL METHODS

Prerequisite: Completion of 316 with a grade of C- or better. Introduction to formal software specification and validation. Introduction of methodologies and tools of design, development and

489 TOPICS IN COMPUTER SCIENCE

1-3 credits

Prerequisite: permission of instructor. Selected topics in computer science at an advanced level. (May be repeated.)

490 SENIOR SEMINAR IN COMPUTER SCIENCE

Prerequisite: Must have completed at least 30 hours of 3460 (computer science) courses. Professional software development, surviving "Mission Impossible" projects, computer ethics, intellectual property rights (patents and copyrights), and other current topics.

491 WORKSHOP IN COMPUTER SCIENCE

1-3 credits Group studies of special topics in computer science. May not be used to meet graduate or

undergraduate requirements in mathematics, statistics or computer science. 497 INDIVIDUAL STUDY IN COMPUTER SCIENCE 1-3 credits

(May be repeated. Can apply to degree, minor or certificate only with department approval.) Prerequisite: permission. Directed studies designed as introduction to research problems, under guidance of designated faculty member.

498 SENIOR HONORS PROJECT

Prerequisite: 497 (honors). Directed study for senior student in the Honors College who has completed 3460:497. An introduction to research problems in the computer science under the guidance of selected faculty

STATISTICS

3470:

250 STATISTICS FOR EVERYDAY LIFE

4 credits

Prerequisite: Mathematics Placement Test. Conceptual approach to the basic ideas and reasoning of statistics. Topics include descriptive statistics, probability (uncertainty), statistical inference (estimation and hypothesis testing). Computer applications laboratory.

260 BASIC STATISTICS

3 credits

Prerequisite: Mathematics Placement Test or 3450:100. Applied approach to data description and statistical inference (hypothesis testing, estimation). Analysis of ratios, rates, and proportions. Computer applications Laboratory.

261 INTRODUCTORY STATISTICS I

Prerequisite: Mathematics Placement Test. Descriptive statistics, tabular and graphical data dis-plays; probability, probability distributions. Introduction to statistical inference (hypothesis testing, estimation); one-sample parametric and nonparametric methods. Computer applications

262 INTRODUCTORY STATISTICS II

Prerequisite: 261 or equivalent. Parametric and nonparametric methods of statistical inference for paired data and two-sample problems; one-way ANOVA, simple linear regression and correlation. Computer applications.

289 SELECTED TOPICS IN STATISTICS

Prerequisite: Permission. Selected topics of interest in statistics.

expected value, sums of random variables. Markov processes.

401 PROBABILITY AND STATISTICS FOR ENGINEERS

STATISTICAL INVESTIGATIONS

Prerequisites: 250 or 260 or 262. This course provides practical statistical methods beyond the introductory course. The topics include, design of experiments, data analysis, multiple regression and modern software use.

2 credits

Prerequisite: 3450:222. Introduction to probability, statistics, random variables, data descriptions, statistical inference, confidence intervals, hypothesis testing, design of experiments, and applications of statistics to engineering.

450 PROBABILITY Prerequisite: 3450:221. Introduction to probability, random variables and probability distributions,

451,2 THEORETICAL STATISTICS I AND II 3 credits each Sequential, Prerequisite: 3450:223. Elementary combinatorial probability theory, probability distributions, mathematical expectation, functions of random variables, sampling distributions, point and interval estimation, tests of hypotheses, regression and correlation, introduction to experimental designs.

460 STATISTICAL METHODS

Application of statistical methods to the social sciences including descriptive statistics, probability distributions, statistical inference (parametric, nonparametric), categorical data analysis, linear regression, correlation, computer applications. May not be used to meet Mathematical Sciences degree requirements.

461 APPLIED STATISTICS

Prerequisite: 3450:222 or equivalent. Applications of statistical theory to natural and physical sciences and engineering, including probability distributions, interval estimation, hypotheses testing (parametric and nonparametric), and simple linear regression and correlation.

462 APPLIED REGRESSION AND ANOVA Prerequisite: 461 or equivalent. Applications of the techniques of regression and multifactor analysis of variance

4 credits

465 DESIGN OF SAMPLE SURVEYS 3 credits Prerequisite: 461 or equivalent. Design and analysis of frequently used sample survey techniques.

469 RELIABILITY MODELS

3 credits

Prerequisite: 461. Selected topics in reliability modeling including parametric and nonparametric models, competing modes of failure, censored data and accelerated life models.

Prerequisite: 451 or 461 or equivalent. Study of various statistical, financial, and mathematical calculations used to determine insurance premiums related to contingent risks based on individual risk model frameworks.

3 credits

Prerequisite: 471. Continuation of Actuarial Science I. Study of multiple life functions, multiple decrement models, valuation theory for pension plans, insurance models including expenses, nonforfeiture benefits and dividends.

475 FOUNDATIONS OF STATISTICAL QUALITY CONTROL

3510:

LATIN

3 credits Prerequisite: 461 or equivalent. Course provides a solid foundation in the theory and applications of statistical techniques widely used in industry.

480 STATISTICAL DATA MANAGEMENT Prerequisites: 461. Students learn data organization and structures, design of statistical data

3 credits

The influence of Latin and Greek on English vocabulary with some attention to the use of these languages in the scientific and legal fields. No foreign language is necessary. 101,2 BEGINNING LATIN I AND II

190 THE MAKING OF ENGLISH WORDS FROM

LATIN AND GREEK ELEMENTS

ing data analysis. **489 TOPICS IN STATISTICS**

bases, statistical software analysis, importing and exporting data between software, and miss-

4 credits each Sequential. Prerequisite for 102: 101 or equivalent. Reading, writing and translation; oral and written drill; analysis of grammatical structure and English vocabulary building.

(May be repeated for a total of six credits) Prerequisite: permission. Selected topics in advanced

statistics, including quality control, reliability, sampling techniques, decision theory, advanced inference, stochastic processes and others.

491 WORKSHOP IN STATISTICS (May be repeated with change of topic) Group studies of special topics in statistics. May not be

3 credits each Prerequisites: 202 or equivalent. Satirists, dramatists, philosophical, religious writers, lyric and

495 STATISTICAL CONSULTING

be used for elective credit only.

1-3 credits

Prerequisite: 480 or permission. Students will be assigned to work with an instructor on current projects in the Center for Statistical Consulting. May be repeated for a total of 4 credits; howevonly 2 credits will count toward major requirements. Does not count for elective credit for Mathematical Sciences majors.

used to meet undergraduate or graduate major requirements in mathematics and statistics. May

1-3 credits

497 INDIVIDUAL READING (May be repeated for a total of four credits) Prerequisites: senior standing and permission. Directed studies in statistics designed as introduction to research problems under guidance of

SENIOR HONORS PROJECT

Prerequisite: 489 (honors). Directed study for senior student in the University Honors College who has completed 489 (honors). An introduction to research problems in the mathematical sciences under the guidance of selected faculty.

MODERN LANGUAGES

3500:

PLACEMENT PROCEDURES FOR NEW STUDENT

In lieu of taking the placement test, a student with two years or less of a foreign language in high school may register in 101; a student with three years in high school and average grades should register for 102; a student with three years and above average grades (B+ or A) should register for 201; a student with four years in high school should register for 202. For placement in third-year courses or higher, department permission is required.

101.2 BEGINNING MODERN LANGUAGE I AND II

Sequential. Acquisition of basic reading, speaking, writing and listening comprehension skills, with emphasis on development of self-expression in everyday situations, through culturally authentic media and texts

201,2 INTERMEDIATE MODERN LANGUAGE I AND II

Sequential. Prerequisite: 102 or equivalent. Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and self-expression in a wide range of situations.

320 FRENCH CANADIAN LITERATURE IN TRANSLATION

Prerequisite: French major and minors only; 3520:306. Reading and discussion of English translations of French Canadian Literature. French majors and minors must read original French version and do all writing in French.

422 MODERN LANGUAGES: SPECIAL TOPICS IN ADVANCED

3 credits

LANGUAGE SKILLS, OR CULTURE, OR LITERATURE Prerequisite: Modern Languages 202 or equivalent. Development of specialized language skills or reading of significant works of literature or culture not studied in other courses.

1-4 credits

Prerequisite: permission of instructor. (May be repeated for a total of 8 credits) Group studies of special topics in Modern Languages

INDIVIDUAL READINGS IN MODERN LANGUAGES

1-3 credits

Prerequisites: 202 and permission of department chair 498 SENIOR HONORS PROJECT IN MODERN LANGUAGES

1-3 credits (May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission. Open only to language major enrolled in Honors College. Independent study leading to completion of senior honors thesis or other original work.

303.4 ADVANCED LATIN

Prerequisite for 201: 102 or equivalent. Prerequisite for 202: 201 or equivalent. A survey of readings of the less difficult authors such as Pliny, Caesar, Plautus, Cicero's Letters or equivalent

elegiac poets, medieval writers. (May be repeated for credit with change of subject)

497,8 LATIN READING AND RESEARCH

201,2 INTERMEDIATE LATIN I AND II

3 credits each

Prerequisite: permission of instructor. Generally Latin epigraphy, prose composition or philology; numismatics or certain other archaeological topics may be offered. (May be repeated for credit with change of subject)

FRENCH

3520:

101.2 BEGINNING FRENCH I AND II

Sequential. Prerequisite for 102: 101 or equivalent. Acquisition of basic reading, speaking, writing and listening comprehension skills, with emphasis on development of self-expression in everyday situations, through culturally authentic media and texts.

201,2 INTERMEDIATE FRENCH I AND II

4 credits each

Sequential. Prerequisite for 201: 102 or equivalent. Prerequisite for 202: 201 or equivalent. Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and selfexpression in a wide range of situations.

301,2 FRENCH COMPOSITION AND CONVERSATION

3 credits each

Sequential. Prerequisite: 202 or equivalent. Free composition, special attention to vocabulary and idioms, development of oral expression and conversational ability. Prerequisite for 302 is 301 or equivalent.

305.6 INTRODUCTION TO FRENCH LITERATURE

3 credits each Prerequisite: 202 or equivalent. Survey of French literature from its origins to present, with lectures, reading and class discussion of representative works.

309,10 FRENCH CULTURE AND CIVILIZATION Prerequisite: 202 or equivalent. Audio-visual presentation with class discussions of French cul-

3 credits each

311 CONTEMPORARY FRENCH SOCIETY Prerequisite: 202 or equivalent. A study of contemporary French society, including customs and political and social issues. Conducted in French. Counts toward Culture and Civilization require-

312 INDIVIDUAL SUMMER STUDY ABROAD

Prerequisites: 202 or equivalent and permission of instructor.

tural heritage from its origins to present. Conducted in French.

315 FRENCH PHONETICS

3 credits

Prerequisite or corequisite: 202 or equivalent. Intensive drill in pronunciation with correction and improvement of student's accent, emphasis on articulation, intonation and rhythm.

350 THEMES IN FRENCH LITERATURE IN TRANSLATION

3 credits

Prerequisite: 3400:210. (May not be taken for credit toward the French major) Readings, discussion of novels and plays relating to selected themes of French literature. Texts and discussion in English. 351 TRANSLATION: FRENCH

ment for major.

Prerequisite: 202 or equivalent. Study of translation techniques, both French to English and English to French. Emphasis on stylistics and interpretation of idioms. TRANSLATION: BUSINESS FRENCH

Prerequisite: 351 or equivalent. Application of translation techniques with particular stress on

business styles, formats, and vocabulary. Especially recommended for students interested in international business.

402 ADVANCED FRENCH GRAMMAR Prerequisite: 302 or equivalent. Advanced study of normative French grammar with emphasis

and grammatical structure.

403,4 ADVANCED FRENCH COMPOSITION AND CONVERSATION 3 credits each Prerequisite: 302 or equivalent. Thorough analysis of syntax, morphology, phonetic principles

3 credits Prerequisites: 301 or 302; or permission from instructor. Study and discussion of various aspects of French culture and civilization as characterized in movies.

422 FRENCH: SPECIAL TOPICS IN ADVANCED

1-4 credits

LANGUAGE SKILLS, OR CULTURE, OR LITERATURE

on syntax, morphology, grammatical structure and phonetic principles.

Prerequisite: 202 or equivalent. (May be repeated) Development of specialized language skills or reading of significant works of literature or culture not studied in other courses.

427 20TH CENTURY FRENCH LITERATURE

Prerequisite: 305 or 306 or equivalent. Reading and discussion of the most representative works of period. Conducted in French.

450 EXPLICATION DE TEXTES

3 credits

Prerequisite: 302 or equivalent. Study of traditional French method of literary analysis based on passages of representative authors from selected periods of French literary history.

497 8 INDIVIDUAL READING IN FRENCH

1-3 credits each

4 credits each

201, 2 INTERMEDIATE JAPANESE I AND II

304 JAPANESE CULTURE THROUGH FILM

ing and listening comprehension skills.

3530:

Prerequisites: 64 credits. Exploration of various aspects of Japanese culture through viewing of films. Films are subtitled in English. Readings and discussions in English. 422 SPECIAL TOPICS IN LANGUAGE SKILLS, OR CULTURE OR LITERATURE 3 credits Prerequisite: 202 or equivalent. (May be repeated). Development of specialized language skills

101.2 BEGINNING GERMAN I AND II

497 INDIVIDUAL READING IN JAPANESE

1-3 credits

Sequential. Prerequisite for 102: 101 or equivalent. Acquisition of basic reading, speaking, writing and listening comprehension skills, with emphasis on development of self-expression in everyday situations, through culturally authentic media and texts.

Prerequisite: 202 or permission of the department chair. Directed study in area of individual interest chosen by the student in consultation with the instructor.

or reading of significant works of literature or culture not studied in other courses.

201,2 INTERMEDIATE GERMAN I AND II

Sequential. Prerequisite for 201: 102 or equivalent. Prerequisite for 202: 201 or equivalent. Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and selfexpression in a wide range of situations.

301 GERMAN CONVERSATION AND COMPOSITION

RUSSIAN

Prerequisite: 202 or equivalent. Advanced composition using German models, special attention to words and idioms, development of oral expression and conversational ability.

3570:

302 GERMAN CONVERSATION AND COMPOSITION: SPECIAL TOPICS 3 credits each

101,2 BEGINNING RUSSIAN I AND II

4 credits each

Prerequisite: 202 or equivalent or permission of instructor. May be repeated for credit. Special attention to development of oral expression and conversational ability.

Sequential. Acquisition of basic reading, speaking, writing and listening comprehension skills, with emphasis on development of self-expression in everyday situations, through culturally authentic media and texts.

310 SEX. VIOLENCE, AND TERROR IN GERMAN FAIRY TALES 3 credits Exploration of historical context of German fairy tales and interpretation plus modern significance

and artistic tendencies that constitute German's contribution to Western civilization.

reading of significant works of literature or culture not studied in other courses.

201.2 INTERMEDIATE RUSSIAN I AND II

3 credits each

1-3 credits each

of texts according to Jungian archetypal psychology. Readings and discussions in English. 403,4 ADVANCED GERMAN CONVERSATION AND COMPOSITION 3 credits each Prerequisite: 302 or equivalent. Thorough analysis of syntax, morphology, phonetic principles Sequential, Prerequisite: 102 or equivalent, Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and self-expression in a wide range of situations.

and grammatical structure.

497.8 INDIVIDUAL READING IN RUSSIAN

112 INTENSIVE BEGINNING SPANISH II Sequential. Prerequisite: completion of 101 with a grade of B or better, or completion of 111

listening comprehension skills, with emphasis on development of self-expression. Sequence

Sequential. Prerequisite: 102 or equivalent. Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and self-expression in a wide range of situations.

Prerequisite: 202 or equivalent, Italian composition using Italian models, special attention to

words and idioms and development of oral expression and conversational ability.

201,2 INTERMEDIATE SPANISH I AND II Sequential. Prerequisite for 201: 102 or equivalent. Prerequisite for 202: 201 or equivalent.

covers the entire first year in one semester.

Continuing acquisition of competence in reading, writing, speaking, and listening comprehension through use of culturally authentic materials, with emphasis on developing accuracy and selfexpression in a wide range of situations

422 ITALIAN: SPECIAL TOPICS IN ADVANCED

301.2 ITALIAN COMPOSITION AND CONVERSATION

1-4 credits

LANGUAGE SKILLS, OR CULTURE, OR LITERATURE Prerequisite: 202 or equivalent. (May be repeated) Development of specialized language skills or reading of significant works of literature or culture not studied in other courses.

211 INTENSIVE INTERMEDIATE SPANISH I

Sequential. Prerequisite for 211: completion of 3580:102 with a grade of B or better, or completion of 3580:112 with a grade of C or better, or minimum of three years of prior study of Spanish at the secondary level or the equivalent and/or a satisfactory score on the UA Spanish Placement Examination, or permission of the instructor. Continuing acquisition of reading, speaking, writing, and listening comprehension skills, with emphasis on development of self expression. Sequence covers entire year in one semester.

497 INDIVIDUAL READING IN ITALIAN

Prerequisite: 202 and permission of the department chair

212 INTENSIVE INTERMEDIATE SPANISH II

Sequential. Prerequisite for 212: completion of 3580:201 with a grade of B or better, or completion of 3580:211 with a grade of C or better, or minimum of three years of prior study of Spanish at the secondary level or the equivalent and/or a satisfactory score on the UA Spanish Placement Examination, or permission of the instructor. Continuing acquisition of reading, speaking, writing, and listening comprehension skills, with emphasis on development of selfexpression. Sequence covers entire second year in one semester.

301 SPANISH CONVERSATION

3 credits

Prerequisite: 202 or equivalent. Development of oral expression, listening comprehension and conversational ability.

Prerequisite: 202 or equivalent. Development of writing skills through intensive practice and study of written expression in Spanish. Conducted in Spanish.

303 SPANISH GRAMMAR

Prerequisite: 202 or equivalent. Post-intermediate review and study of grammar and basic principles of grammatical analysis. Conducted in Spanish.

311 SPANISH/SPANISH-AMERICAN CULTURAL EXPERIENCE

422 SPECIAL TOPICS IN SPECIALIZED

1-2 credits Prerequisite: permission. Student's residence and/or independent study in Spanish-speaking country which results in demonstrable assimilation of country's culture may earn a maximum of

340 INTRODUCTION TO SPANISH AND SPANISH-AMERICAN LITERATURE

Prerequisite: two of the group 301, 302, and 303 or permission of instructor. Reading and discussion of Spanish and Spanish-American literature of all genres. Introduction to the fundamentals of literary criticism and literary movements. Conducted in Spanish.

350 THE LITERATURE OF SPANISH-AMERICA IN TRANSLATION

3 credits 425 20TH CENTURY SPANISH-AMERICAN NOVEL

Prerequisite: 407 or 408 or permission of instructor. Reading of representative Spanish-American literature from the discovery to 1900. Oral and written reports. Conducted in Spanish.

Prerequisites: 3400:210. (May not be taken for credit toward the Spanish major or minor.) Reading, discussion of novels, short stories of major Spanish-American authors. Texts and discussion in English.

351 SPANISH FOR PROFESSIONALS: BUSINESS

Prerequisites: 301, 302, and 303 or permission of instructor. Study of business terminology as well as cultural factors affecting the conduct of business with Hispanic nations and populations. Conducted in Spanish.

401 ADVANCED CONVERSATION

3 credits each

Prerequisites: 301 and either 302 or 303; or permission of instructor. Development of speaking skills at a level beyond that achieved in 301. Conducted in Spanish.

402 ADVANCED COMPOSITION

3 credits each

Prerequisites: 302 and either 301 or 303; or permission of instructor. Development of writing skills at a level beyond that achieved in 302. Conducted in Spanish.

403 ADVANCED GRAMMAR

Prerequisite: 303 and either 301 or 302; or permission of instructor. Advanced study of Spanish syntax and grammatical analysis. Conducted in Spanish.

404 INTRODUCTION TO SPANISH LINGUISTICS

4 credits Prerequisites: 401, 402, and 403 or permission of instructor. This course provides a detailed overview of the structure of Spanish and areas of inquiry within linguistics: phonetics, phonology, morphology, syntax, semantics and applied fields.

405 SPANISH LINGUISTICS: PHONOLOGY

4 credits

Prerequisite: 401, 402, and 403 or permission of instructor. Descriptive study of Spanish phonetics and morphology, comparison of Spanish and English sounds, historical aspects, regional accents and sociolinguistic variation. Conducted in Spanish.

406 SPANISH LINGUISTICS: SYNTAX

4 credits Prerequisite: 401, 402, and 403 or permission of instructor. Descriptive study of Spanish syntax: introduction to theories of grammar; overview of Spanish semantics and pragmatics. Conducted

407 SURVEY OF HISPANIC LITERATURE: SPAIN

Prerequisites: 340 and two of the group 401, 402, 403 or permission of instructor. Study of the most representative works and literary movements in Spain from the Middle Ages to the present. Conducted in Spanish.

408 SURVEY OF HISPANIC LITERATURE: SPANISH AMERICA 4 credits

Prerequisites: 340 and two of the group 401, 402, 403 or permission of instructor. Study of the most representative works and literary movements in Spanish-America from the Discovery to the present. Conducted in Spanish.

409 CULTURAL MANIFESTATIONS IN MEDIEVAL AND RENAISSANCE SPAIN Prerequisite: 407 or 408 or permission of instructor. Comparative study of representative artistic and literary works of the Medieval and Renaissance periods. Conducted in Spanish.

410 SPANISH APPLIED LINGUISTICS

4 credits

Prerequisites: 401, 402, and 403 or permission of instructor. This course discusses current theories of second language acquisition and their implications for the learning of problematic Spanish

411 SPAIN DURING THE BAROQUE PERIOD

4 credits

Prerequisite: 407 or 408 or permission of instructor. A comparative study of the different cultural manifestations during the 17th century in Spain. Conducted in Spanish.

412 CERVANTES: DON QUIJOTE

Prerequisite: 407 or 408 or permission of instructor. Reading and analysis of Don Quijote as the first modern novel in the historical context of Renaissance and Baroque esthetics. Conducted in

413 THE DON JUAN MYTH IN SPANISH CULTURE

4 credits

Prerequisite: 407 or 408 or permission of instructor. Study of the evolution of the Don Juan myth from its origins to its latest versions in the 20th century.

414 CULTURAL POLITICS IN THE RIVER PLATE

4 credits

Prerequisite: 407 or 408 or permission of instructor. This course will examine the military dictatorships of the seventies and eighties in Argentina and Uruguay by looking at how these regimes affected culture.

415 THE AGE OF REASON AND THE ROMANTIC REBELLION IN SPAIN

Prerequisite: 407 or 408 or permission of instructor. Study of the Enlightenment and the Romantic movement as reflected in the works of the major artists and writers of these periods.

416 REPRESENTING REALITY IN 19TH CENTURY SPAIN

4 credits

Prerequisite: 407 or 408 or permission of instructor. A comparative study of the major literary and artistic movements in Spain from Realism to Modernism. Conducted in Spanish.

418 20TH CENTURY SPAIN: THE AVANT-GARDE IN LITERATURE AND ART

Prerequisite: 407 or 408 or permission of instructor. A comparative study of the major literary and artistic movements in Spain which illustrate the primary cultural changes of the century. Prerequisite: 407 or 408 or permission of instructor. Study the impact of the Civil War on Spanish culture

1-4 credits

Prerequisite: 407 or 408 or permission of instructor. (May be repeated) Development of specialized language skills or reading of significant works of literature or culture not studied in other

423 SPANISH-AMERICAN LITERATURE BEFORE 1900

contemporary Latin American novels. Conducted in Spanish.

419 THE SPANISH CIVIL WAR AND ITS CULTURAL IMPACT

LANGUAGE SKILLS, OR CULTURE, OR LITERATURE

Prerequisite: 407 or 408 or permission of instructor. Reading and discussion of representative

427 LATINO CUI TURES IN THE U.S.A. 4 credits Prerequisite: 407 or 408 or permission of instructor. Inquiry into the Latino experience of displacement and marginality through the analysis of cultural manifestations in the U.S.A.

Prerequisite: 407 or 408 and departmental permission.

430 WOMEN IN 20TH CENTURY HISPANIC LITERATURE Prerequisite: 407 or 408 or permission of instructor. Reading and analysis of selected works from the 20th Century that depict women in Hispanic countries. Methodologies of feminist criticism will be studied. Conducted in Spanish.

431 HISPANIC CUI TURE: SPAIN

Conducted in Spanish

4 credits

Prerequisite: two of the group 401, 402, 403 or permission of instructor. Study of society, customs, history, art, music, etc. of Spain, from a Hispanic perspective. Conducted in Spanish.

432 HISPANIC CULTURE: SPANISH AMERICA

Prerequisite: two of the following — 401, 402, 403 — or permission of instructor. Overview and historical survey of Spanish American civilization and culture. Taken as 532, does not count toward the M.A. in Spanish. Conducted in Spanish.

497 INDIVIDUAL READING IN SPANISH

1-3 credits

PHILOSOPHY

3600:

101 INTRODUCTION TO PHILOSOPHY

3 credits

Introduction to philosophic problems and attitudes through acquaintance with thoughts on some leading thinkers of Western tradition.

120 INTRODUCTION TO ETHICS

3 credits

Introduction to problems of moral conduct through readings from the tradition and class discussions; nature of "good," "right," "ought" and "freedom." 125 THEORY AND EVIDENCE 3 credits

An investigation of the concept of evidence and the criteria for the evaluation of theories in various areas of study including the natural sciences, the social sciences and philosophy. The role of scientific information in the formation and justification of value judgments. 170 INTRODUCTION TO LOGIC 3 credits

Introduction to logic and critical thinking. Includes such topics as meaning, informal fallacies,

201 PHILOSOPHY OF WORLD RELIGIONS 3 credits A philosophical examination of the major religious traditions of the world including Christianity, Judaism, Islam, Buddhism, Hinduism, Taoism, tribal religions, and others.

propositional logic, predicate and syllogistic logic and nature of induction.

211 HISTORY OF ANCIENT PHILOSOPHY

3 credits

History and development of ancient Greek philosophy from pre-Socrates to Aristotle, Readings of primary sources in translation.

312 HISTORY OF MEDIEVAL PHILOSOPHY

3 credits

History of Western philosophy from end of Roman Empire to Renaissance. Major philosophers studied include St. Augustine, St. Anselm, Peter Abelard, St. Thomas Aquinas, Duns Scotus and William of Ockham. Readings from primary sources.

313 HISTORY OF MODERN PHILOSOPHY

Analysis of major philosophical issues of 17th and 18th Centuries from Descartes through Kant. Readings of primary sources in translation.

323 ADVANCED TOPICS IN ETHICS

3 credits

(May be repeated with change of topic for a total of nine credits.) An examination of selected topics in applied ethics and ethical theory, such as the ethics of cloning, evolutionary ethics, history of ethics and ethical issues from the Human Genome Project. Specific topics will be announced in the course schedule.

324 SOCIAL AND POLITICAL PHILOSOPHY

An examination of the normative justification of social, political institutions and practices. Analysis of concepts such as rights, justice, equality, political obligation from historical as well as contemporary points of view. Application to particular social issues covered.

Discussion, analysis of problems of theology, nature of religious experience; God's nature, exis-

tence; immortality, sin, faith, reason; holy revelation and redemption.

3 credits

333 PHILOSOPHY OF SCIENCE AND RELIGION 3 credits Survey of conflict, independence, and integration models of science and religion. Topics include: origin and nature of the universe, life, mind, value, meaning, science, religion.

340 EASTERN PHILOSOPHY

331 PHILOSOPHY OF RELIGION

3 credits

Examination and evaluation of philosophical traditions from India, China and Japan, including Hinduism, Buddhism, Taoism and Confucianism.

350 PHILOSOPHY OF ART

An examination of theories of the nature of art and the grounds of aesthetic evaluation. Analysis of such concepts as representation, form, content, expression, institution, convention, meaning and truth as they apply in the context of the arts.

355 PHILOSOPHY OF FEMINISM

3 credits

Introduction to feminist critiques of, and alternatives to, traditional western philosophy, including topics in ethics, metaphysics, epistemology, and religion.

361 BIOMEDICAL ETHICS

3 credits

The identification, analysis and evaluation of ethical issues arising most critically in the biomedical setting, e.g., abortion, termination of treatment, definition of death, IVF, AIDS.

362 BUSINESS ETHICS Basic moral theories, moral principles and the decision-making process, applied to issues in business.

Basic moral concepts and their application to the criminal justice system. Concerned with such

issues as punishment, the use of force and conflict resolution. 364 COMPUTER ETHICS

technology, e.g., computer hacking, electronic privacy, and the regulation of Internet content.

A critical examination of ethical issues arising in connection with computers and information

371 PHILOSOPHY OF MIND Nature of mind and the relationship between mind and body. Specific topics such as the limits of human reason, personal identity, the role of human thought in action and whether machines

can think are also considered.

392 INTERNSHIP IN PHILOSOPHY Prerequisite: 2.7 GPA and permission of instructor. Placement in appropriate public or private sector organization. Written assignments required. May repeat for maximum 6 credits.

411 PLATO

3 credits Prerequisite: 211 or permission of instructor. Detailed study of the origin and development of

414 AOUINAS

3 credits

Prerequisite: One course in philosophy, or permission of instructor. An in depth examination of the philosophy of St. Thomas Aquinas covering his contributions in metaphysics, epistemology, ethics, political theory, and philosophical theology.

Plato's theory of forms and the related theories of knowledge, ethics and politics.

Prerequisite: One course in philosophy, or permission of instructor. An in depth examination of the philosophy of St. Augustine covering his contributions in metaphysics, epistemology, ethics, political theory, and philosophical theology.

418 20TH CENTURY ANALYTIC PHILOSOPHY

Prerequisite: One course in philosophy or permission of instructor. Study of ideal and ordinary language movements in 20th Century British and American philosophy. Deals with such figures as Russell, Carnap, Ayer, Moore, Wittgenstein, Ryle and Austen.

421 PHILOSOPHY OF LAW

3 credits

Prerequisite: One course in philosophy or permission of instructor. Identification and critical evaluation of classic and contemporary theories and assumptions of law, including legal reasoning, justice, natural law, punishment, etc.

424 EXISTENTIALISM

3 credits

Prerequisites: one course in philosophy or permission of instructor. In-depth inquiry into the thought of Kierkegaard, Jaspers, Heidegger, Sartre, Tillich and other existentialists with their concern for the human condition.

426 PHENOMENOLOGY

Prerequisites: one Philosophy course or permission of instructor. Inquiry into methodology of Husserl and Heidegger and their influence upon Western European and American thought.

3 credits

Prerequisites: 211 or permission of instructor. Detailed study of Aristotle's metaphysics, philosophy of nature, philosophy of mankind and ethics.

434 KANT

3 credits

Prerequisite: 313 or permission of instructor. Study of Kantian system of thought and its relation to history of philosophy. Includes thorough investigation of one or more of Kant's philosophic works.

462 THEORY OF KNOWLEDGE

Prerequisite: One course in philosophy or permission of instructor. Examination of nature of knowledge; theories of perception, conception and truth, problem of induction and relation of language to knowledge.

464 PHILOSOPHY OF SCIENCE

3 credits

Prerequisites: One course in philosophy or permission of instructor. Nature of scientific inquiry, types of explanation, laws and causality, theoretical concepts and reality. Also considers critics of hypothetical-deductive view of science, e.g., Hanson and Kuhn.

Prerequisite: One course in philosophy or permission of instructor. Theories about ultimate nature and ultimate explanation of reality. Uses readings from classical and contemporary sources.

480 SEMINAR

3 credits

(May be repeated, for additional credit with change of topic) Prerequisite; one course in philosophy or permission of instructor. Varying philosophical topics not covered in regular course offer-

481 PHILOSOPHY OF LANGUAGE

Prerequisites: One course in philosophy or permission of instructor. Contemporary philosophies about nature of language and its relation to reality and human thinking. Includes discussion of views of linguists such as Chomsky.

490 SENIOR HONORS PROJECT IN PHILOSOPHY

Prerequisite: senior standing in Honors College or senior honors standing as philosophy major and permission of Philosophy Department Honors preceptor. Research leading to completion of senior honors thesis involving original work under faculty supervision.

497 INDIVIDUAL STUDY

(May be repeated for a total of six credits) Prerequisites; completion of required courses of philosophy major or permission of instructor and department head. Directed independent study of philosopher, philosophy or philosophical problem under guidance of selected faculty member. Subject matter determined by selected faculty member in consultation with student. Graduate credit requires significant additional work which may include additional research paper

PHYSICS

3650:

130 DESCRIPTIVE ASTRONOMY

4 credits

Qualitative introduction to astronomy, intended primarily as a first science course for non-science majors. Includes laboratory and observational activities.

131 ASTRONOMY BY INQUIRY

Qualitative introduction to the major concepts of Astronomy by means of inquiry-based laboratory investigations. Intended for education majors.

133 MUSIC, SOUND AND PHYSICS

4 credits

Qualitative introduction to the physics of sound, its properties, perception and reproduction, including acoustical principles of musical instruments. Laboratory and observational activities included.

4 credits

Introductory, qualitative course dealing with the nature of light and the interaction of light with various materials to produce common visual effects. Laboratory activities provide experience in scientific investigation.

261 PHYSICS FOR THE LIFE SCIENCES I

Prerequisites: high school algebra, trigonometry or 3450:149 as corequisite or permission. Introductory course for professional work in biology and health professions and services. Emphasizes life science applications. Mechanics: laws of motion, force, torque, work, energy, power; properties of matter: gases, liquids, solids, fluid mechanics. Includes laboratory activities.

262 PHYSICS FOR THE LIFE SCIENCES II

Prerequisite: 261. Laws of thermodynamics, kinetic theory. Wave phenomena: sound, light, optics; electricity and magnetism; atomic and nuclear physics; radioactivity. Includes laboratory activities.

267,8 LIFE SCIENCE PHYSICS COMPUTATIONS I AND II

Corequisites: 261 (with 267); 262 (with 268). Optional companion courses to 261,2 provides additional computational experience in applications of physics to life sciences, emphasizing use of algebra and trigonometry. Particularly recommended for student with modest mathematical preparation

291 ELEMENTARY CLASSICAL PHYSICS I

4 credits

Prerequisite: Completion of 3450:221 with a passing grade. Introductory physics for students of science and engineering. Classical kinematics and dynamics as related to contemporary physics. Oscillations, thermodynamics. Vectors and some calculus introduced as needed. Includes laboratory

292 ELEMENTARY CLASSICAL PHYSICS II

4 credits

Prerequisite: completion of 291 with a passing grade. Fluid mechanics, mechanical and electromagnetic waves and wave phenomena, basic laws of electromagnetism, interference and diffraction, coherence, geometrical and physical optics. Includes laboratory activities.

293,4 PHYSICS COMPUTATIONS I AND II

Corequisite: 291 (with 293); 292 (with 294). Optional companion courses to 291,2 provides experience in problem solving, and elaborates application of calculus to simple physical phenomena. Particularly recommended for a freshman and for student with modest preparation in mathematics or physical sciences

301 ELEMENTARY MODERN PHYSICS Prerequisite: 292 or permission of instructor. Special relativity, introduction to quantum physics, hydro-

gen atom and complex atoms, atomic spectra, topics in nuclear and solid-state physics. 322,3 INTERMEDIATE LABORATORY I AND II

Prerequisite: 262 or 292. Laboratory course stressing measurement techniques with contemporary laboratory apparatus. Experiment design, instrument calibration and reporting emphasized. Modern physics experiments and measurement of fundamental natural constants.

340 THERMAL PHYSICS 3 credits Prerequisite: 262 or 292. Basic principles of thermal and statistical physics. Ensembles, laws of thermodynamics, equilibrium, irreversibility, equipartition theorem, canonical distribution, Maxwell distribu-

350 MODELING AND SIMULATION

tion, phase changes, cyclic processes, transport processes.

fraction, Fourier optics, coherence theory and quantum optics.

Prerequisites: 292, or 262; one elementary course in Computer Science such as 3460;208 or 209; or permission of instructor. An interdisciplinary course stressing modeling of natural phenomena using fundamental principles, and their simulation. Topics may include growth phenomena, fault propagation, kinetics, chemical reactions, wave phenomena.

399 UNDERGRADUATE RESEARCH

(May be repeated) Prerequisite: permission of instructor. Participation in current research project in department under supervision of faculty member. 401 EVERYDAY PHYSICS

Prerequisite: permission of instructor, College-level physics content for future teachers, Inquiry, lecture environment.

discovery, activities, discussion, and experiential learning take place in a laboratory/embedded-

406 OPTICS Prerequisites: 291, 350 and 3450:335. Propagation, reflection and refraction of electromagnetic waves, superposition, polarization, interference and interferometry, Fresnel and Fraunhofer dif-

431 MECHANICS I

3 credits

Prerequisites: 291, 350 and 3450:335. Mechanics at intermediate level. Newtonian mechanics, motion of a particle in one dimension, central field problem, system of particles, conservation laws, rigid bodies, and gravitation.

432 MECHANICS II

Prerequisite: 431/531. Advanced mechanics at the senior or beginning graduate level, moving coordinate systems, mechanics of continuous media, Lagrange's equations, tensor algebra and stress analysis, rotation of rigid bodies, vibration theory.

436 ELECTROMAGNETISM I

3 credits

Prerequisites: 291, 350, 3450:335 or permission of instructor. Electricity and magnetism at intermediate level. Electrostatics and magnetostatics, electric field, scalar potential, dielectrics, Laplqace's and Poisson's equations, currents, magnetic field, vector potential, magnetic materials, and inductance.

437 FLECTROMAGNETISM II

3 credits

Prerequisite: 436/536. Special relativity, four vectors, Maxwell's equations in covariant form; propagation, reflection and refraction of electromagnetic waves; multipole radiation.

441 QUANTUM PHYSICS I

3 credits Prerequisites: 301, 350 and 3450:335. Introduction to quantum theory, Schrödinger equation, observables, angular momentum, perturbation theory, variational principle, bound states, scattering theory, radiative interactions, spin and the Pauli Principle.

442 QUANTUM PHYSICS II

3 credits

Prerequisite: 441/541. Applications of quantum mechanics to atomic, nuclear and solid state physics. Tunneling and alpha decay, periodic potential, hydrogen and helium atoms, interatomic forces, quantum statistics

451 ADVANCED LABORATORY I

3 credits

Prerequisite: 323 or permission of instructor. Experimental techniques, applicable to researchtype projects in contemporary physics. FT-IR spectroscopy, optical spectroscopy, lasers and thin-film growth and characterization.

452 ADVANCED LABORATORY II

3 credits

Prerequisite: 323 or permission of instructor. Experimental projects applicable to contemporary physics. Diode and dye lasers, NMR, SPM, chaos, electron tunneling and fiber optics.

470 INTRODUCTION TO SOLID-STATE PHYSICS

3 credits Prerequisite: 441 or permission of instructor. Account of basic physical processes occurring in solids, with emphasis on fundamental relation between these processes and periodicity of crystalline lattice

481,2 METHODS OF MATHEMATICAL PHYSICS I AND II

Prerequisites: 292, 350, 3450:335 and senior or graduate standing in a physical science or engineering. Vectors, generalized coordinates, tensors, calculus of variations, vector spaces, linear transformations, matrices, eigenvalues, Hilbert space, boundary value problems, transcendental functions, complex variables, analytic functions, Green's functions, integral equations.

SELECTED TOPICS: PHYSICS

(May be repeated) Prerequisite: permission. Consideration of selected topics, procedures, techniques, materials or apparatus of current interest in physics.

490 WORKSHOP

1-4 credits

(May be repeated) Group studies of special topics in physics. May not be used to meet undergraduate or graduate major requirements in physics. May be used for elective credit only.

497 INDEPENDENT STUDY

1-4 credits

(May be repeated) Prerequisite: permission. Further investigations of various selected topics in physics, under guidance of faculty member

498 PHYSICS COLLOQUIUM

1 credit

Lectures on current research topics in physics by invited speakers. May be repeated but only one credit counts toward the M.S. Degree. Offered on a credit/noncredit basis only.

POLITICAL SCIENCE

3700:

GOVERNMENT AND POLITICS IN THE UNITED STATES Examination of American political system with emphasis on fundamental principles, ideas, institutions and processes of modern government. Lecture and discussion sections (day classes

150 WORLD POLITICS AND GOVERNMENTS

3 credits

Introduction to international politics and an examination of the governments and foreign policies of selected states from a comparative perspective.

201 INTRODUCTION TO POLITICAL RESEARCH

3 credits

Introduction to the research process in political science through an introduction to the logic of social science inquiry and contemporary techniques of analysis.

STATE AND LOCAL GOVERNMENT AND POLITICS

Examination of institutions, processes and intergovernmental relations at state and local levels.

Introduction to comparative political analysis; description of political systems of several countries; contrast between democracy and totalitarianism.

AMERICAN POLITICAL IDEAS

3 credits

Study of major thinkers and writers of American political thought.

303 INTRODUCTION TO POLITICAL THOUGHT 3 credits Survey of major ideas and concepts of Western political theory from pre-Socrates through period of Enlightenment.

304 MODERN POLITICAL THOUGHT

3 credits Examination of central concepts of political thought from 19th Century to present. Modern liberalism, communism, fascism and totalitarianism emphasized.

310 INTERNATIONAL POLITICS AND INSTITUTIONS Relations among nations examined in political context 3 credits

311 DEVELOPING STATES IN WORLD POLITICS

Examines how developing states are conditioned by the global system and how they attempt to

3 credits modify it.

312 THE POLITICS OF INTERNATIONAL TRADE AND MONEY

Prerequisite: 310 or permission of instructor. Examines trade and money as sources of international power; focuses on the evolution of the Bretton Woods monetary and GATT trade

321 WESTERN EUROPEAN POLITICS

3 credits Description and analysis of government and politics of France, Germany, Italy and Switzerland,

with appropriate references to Scandinavia and Low Countries. 326 POLITICS OF DEVELOPING NATIONS 3 credits General introduction to concepts and theories of political development and political institutions,

elite-recruitment and political processes of selected emerging nations.

328 AMERICAN FOREIGN POLICY PROCESS Examination of American foreign policy-making process; public opinion and other limitations on policy; specific contemporary problems in selected foreign policy areas.

334 LAW, MEDIATION AND VIOLENCE

3 credits

A critical analysis of the practical challenges central to learning to better prevent, resolve or reduce the harms associated with conflict.

335 LAW AND SOCIETY

3 credits

This course will examine how law constructs and constrains political conflict, and how legal institutions mediate, reinforce, and challenge existing power relationships.

336 HOMELAND SECURITY POLICY AND PROCESS

3 credits

The course will focus on the topic of homeland security, an area that has received a great deal of attention following the tragic events of September 11, 2001.

337 TERRORISM: PERPETRATORS, POLITICS, AND RESPONSE

Survey of terrorist organizations, political implications of terrorism, and governmental response to terrorism.

338 POLITICS OF 9/11

3 credits

Among other topics, we will explore the nature of terrorism and terrorist incidents occurring before and after 9/11, as well as the U.S. government's response to the 9/11 attacks.

339 TERRORISM AND THE CONSTITUTION Primary goals include learning about the balance courts try to strike in safeguarding public safety

3 credits

and respect for personal freedom in a constitutional republic. 341 THE AMERICAN CONGRESS 3 credits Examination of structure and function of Congress, with comparative materials on legislative

process on all levels. Presidential and congressional conflict examined. 345 WORLD POLITICS IN FILM

3 credits This course examines the political meaning and content of films. Themes investigated include war, the nuclear age and its consequences, postindustrial society, the future, and unemploy-

346 AMERICAN POLITICS IN FILM Examines the portrayal and representation of American politics through cinema. Emphasis on

3 credits

the positive and negative roles that movies play in educating the public. 350 THE AMERICAN PRESIDENCY 3 credits

The presidency as focal point of politics, policy and leadership in American political system.

352 WEAPONS OF MASS DESTRUCTION An exploration of the various weapons of mass destruction available to terrorists and other potential enemies with an emphasis on the challenge America faces in responding to such

353 FUTURE INTERNATIONAL THREATS

3 credits

A study of future threats through the use of scenario construction and future projections. 355 LAWYERS, LAWSUITS AND THE PRACTICE OF JUSTICE 3 credits Prerequisite: 100. A critical examination of the American legal profession and the impact it has

on political society. 360 THE JUDICIAL PROCESS

3 credits Role of police, lawyers, courts and judges in context of American political process. Structure and process of judicial policy making and limitations on judicial power.

361 POLITICS OF THE CRIMINAL JUSTICE SYSTEM Examines the impact of the political process and political institutions on criminal law and policy.

3 credits

363 CRIME, PUNISHMENT, POLITICS: A COMPARATIVE PERSPECTIVE 3 credits Comparative study of the structures, practices, power relationships, and politics in various crimi-

370 PUBLIC ADMINISTRATION: CONCEPTS AND PRACTICES

Examines current administrative theories and their application in public bureaucracies. Emphasis is placed on practices to improve the quality of public sector administration. 375 WOMEN IN POLITICS 3 credits

Course examines the past, present and future roles of women in politics.

4 credits

URBAN POLITICS AND POLICIES 4 credits Examination of problems emerging from urban and regional complexes in the United States. Structure and processes of political decision making at this level analyzed.

Analysis of the state political process in terms of its capacity to deal with a wide range of socioeconomic problems. Special emphasis on legislators, administrators, parties and interest groups.

Prerequisites; at least 17 credits and a 3.25 average in political science and permission of adviser.

391 HONORS IN POLITICAL SCIENCE

SELECTED TOPICS IN POLITICAL SCIENCE (May be repeated, but no more than three credits can be applied to major in political science) Topics of substantial current importance, specialized topics within political science or experimental courses.

395 INTERNSHIP IN GOVERNMENT AND POLITICS

(May be taken twice for a total of nine hours. No more than four credits may be applied toward major in political science.) Prerequisite: Three courses in political science at The University of Akron, 2.20 average in political science, and permission of instructor. Supervised individual placement with political office holders, party groups, governmental agencies, law firms and other organizations providing professional-level work.

397 INDEPENDENT STUDY

1-4 credits

(May be repeated for a total of four credits) Prerequisites; senior standing, 3.00 grade-point average and permission of adviser.

402 POLITICS AND THE MEDIA

Examination of relationships between the press, the news media and political decision makers.

POLITICS IN THE MIDDLE EAST

3 credits

The rise of the state system in the Middle East after World War I; an analysis of the socio-cultural, ideological forces influencing the political behavior of the people of the Middle East. In-depth study of selected political systems.

410 INTERNATIONAL DEFENSE POLICY

Prerequisite: At least one of the following: 220, 310; 3400:380, 382, 460, 461, or permission. Introduction to political uses of military forces. Major focus on methodological, conceptual, and ethical dilemmas confronted in developing and implementing defense policy.

415 COMPARATIVE FOREIGN POLICY

3 credits

Prerequisite: 310 or 328 or permission. Study of foreign policies of selected nations, with special attention to processes and instruments of decision making of the major powers.

422 UNDERSTANDING RACIAL AND GENDER CONFLICT

3 credits

This is the core course for the certificates in racial and gender conflict. It provides students with an opportunity to intensively examine racial and gender conflict.

437 GOVERNMENT VERSUS ORGANIZED CRIME

The course gives a history of organized crime and the government's response to fight it. Newly emerging international crime groups are also discussed.

440 SURVEY RESEARCH METHODS

3 credits

Prerequisites: 100 or permission. Study of survey research methods as applied to the analysis of public opinion, political behavior, and public policy formation.

441 THE POLICY PROCESS

3 credits

Prerequisites: eight credits in political science. Intensive study of policy-making process, emphasizing roles of various participants in executive and legislative branches as well as private individuals and groups.

442 METHODS OF POLICY ANALYSIS Prerequisite: 201. Examines variety of methods available for analyzing public policies. Techniques of cost benefit analysis, evaluation research quasi-experimentation are covered as well as consider-

ation of ethical questions in policy analysis, the practical problems facing policy analysts.

443 POLITICAL SCANDALS AND CORRUPTION 3 credits This course will provide information on major political scandals, including media coverage, public opinion, the role of special prosecutors, and the impacts of scandals.

443 AL QAEDA

3 credits This course explores the causes and consequences of Al Qaeda's terrorism. Students will weigh different explanations for why individuals join and participate in terrorist groups.

ADMINISTERING PRISONS, PROBATION AND PAROLE

Prerequisite: 100. Analysis of the administrative, electoral and community conflicts central to understanding, resolving and preventing these conflicts in a correctional environment.

461 THE SUPREME COURT AND CONSTITUTIONAL LAW

3 credits Prerequisite: 100 or permission. Interpretation of the Constitution by the Supreme Court with emphasis on federal judicial, legislative and executive power; separation of powers; and federalism.

THE SUPREME COURT AND CIVIL LIBERTIES

Prerequisite: 100 or permission. Interpretation of the Constitution by the Supreme Court with emphasis on freedom of speech and press, freedom of religion, criminal rights and right to privacy.

470 CAMPAIGN MANAGEMENT I

3 credits

Prerequisite: permission of instructor. Reading, research and practice in campaign management decision making.

471 CAMPAIGN MANAGEMENT II

3 credits

Prerequisite: 470. The second course in campaign management. The focus is on timing, coalition building, candidate positioning, event planning, internal organization, and other elements of

472 CAMPAIGN FINANCE

3 credits

Prerequisite: permission of instructor. Reading and research in financial decision making in political campaigns.

VOTER CONTACT AND ELECTIONS Prerequisite: permission of instructor. Theoretical and practical approaches to communication in

all types of campaigns. 474 POLITICAL OPINION, BEHAVIOR AND ELECTORAL POLITICS 3 credits Prerequisite: 100 or 201 or permission. Advanced analysis of psychological, cultural, and group

processes of opinion formation and change. Attention given to the effect of opinion change on

475 AMERICAN INTEREST GROUPS Prerequisite: six credits of political science or permission. Reading and research on the development, structure and function of interest groups in the United States.

476 AMERICAN POLITICAL PARTIES

Prerequisites: six credits of political science or permission. Reading and research on the development, structure and function of parties in the United States.

Examines the lobbying profession in the political process. Topics include theories of lobbying tools of lobbying, the lobbying process, and types of lobbying.

480 POLICY PROBLEMS

prisoner rights.

(May be repeated for a total of six credits) Intensive study of selected problems in public policy.

THE CHALLENGES OF POLICE WORK

Analysis of the neighborhood, bureaucratic, electoral and operational conflicts central to police work, with a focus on efforts and obstacles to improving police work.

issues relating to political science and criminal justice. No more than three credits can be applied

482 CRIMINAL JUSTICE TOPIC: CURRENT ISSUES (May be repeated for a maximum of six credits) Prerequisite: 100. Critical analysis of current

483 CONSTITUTIONAL PROBLEMS IN CRIMINAL JUSTICE 3 credits Prerequisite: 100. Analyzes Supreme Court policy-making regarding problems of criminal justice, including search and seizure, self-incrimination, right to counsel, jury selection, and post-appeal

490 POLITICAL SCIENCE WORKSHOP

1-3 credits

Timely workshops on varying subjects to meet the changing needs of our students in response to new and emerging political issues and controversies. May be repeated for up to 9 nine credits.

497 SENIOR HONORS PROJECT IN POLITICAL SCIENCE

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission. Open only to a political science major in Honors College. Independent study leading to completion of senior honors thesis or other original work.

PSYCHOLOGY

3750:

100 INTRODUCTION TO PSYCHOLOGY

3 credits

Introduction to scientific study of behavior, survey of physiological basis of behavior, sensation and perception, development, learning and cognition, personality, social interaction and other selected topics

105 PROFESSIONAL AND CAREER ISSUES IN PSYCHOLOGY

Corequisite: 100. An overview of the field of psychology including educational requirements, career opportunities and professional issues for students considering a psychology major.

110 QUANTITATIVE METHODS IN PSYCHOLOGY

Prerequisite or corequisite: 100. Presentation of data, descriptive statistics, correlation, hypothesis testing and introduction to statistical methodologies in psychology, including computer

220 INTRODUCTION TO EXPERIMENTAL PSYCHOLOGY

4 credits

Prerequisites: 100 and 110. Lectures and laboratory experience in the scientific bases of psychology such as experimental design, methods and apparatus, collection and analysis of data and interpretation of results.

Prerequisite: 100. Determinants and nature of behavioral change from conception to death.

230 DEVELOPMENTAL PSYCHOLOGY

4 credits

320 BIOPSYCHOLOGY Prerequisite: 100 Relationship between behavior and its biological/physiological foundations including brain structure and function, sensation, behavior genetics, learning and memory, and

335 DYNAMICS OF PERSONALITY

4 credits

Prerequisite: 100. An overview of theory and research involving the development, maintenance and assessment of personality and individual differences.

340 SOCIAL PSYCHOLOGY

Prerequisite: 100. The examination of an individual's response to social environment and social interaction processes. Social perception, attitude formation and change, affiliation and attraction. altruism, group processes and nonverbal behavior.

345 COGNITIVE PROCESSES Prerequisite: 100. Survey of the basic phenomena, concepts and theories in the areas of human

4 credits

perception, learning, memory and cognition. INDUSTRIAL/ORGANIZATIONAL PSYCHOLOGY 4 credits Prerequisite: 100. Survey of the applications of psychology to the workplace including an emphasis on organizational (e.g., motivation) and personnel issues (e.g., selection).

Prerequisites: 400—100 and 335; 500—admission to the Graduate School. Consideration of current conceptualizations of the normal personality with emphasis on methods of measurement, experimental findings and research techniques.

410 PSYCHOLOGICAL TESTS AND MEASUREMENTS

4 credits

Prerequisites: 410-100, 110; 510-admission to the Graduate School. Consideration of the nature, construction and use of tests and measurements in industry, government and education. Includes aptitude and achievement tests, rating scales, attitude and opinion analysis.

420 ABNORMAL PSYCHOLOGY Prerequisites: 420-100; 520-admission to the Graduate School. Survey of syndromes, etiolo-

gy, diagnoses and treatments of major psychological conditions ranging from transient malad-

430 PSYCHOLOGICAL DISORDERS OF CHILDREN 4 credits Prerequisites: 430-100 and 230; 530-admission to the Graduate School. Survey of syndromes, etiologies and treatments of behavioral disorders in children from the standpoint of

developmental psychology. Behavioral data and treatment approaches emphasized. 435 CROSS-CULTURAL PSYCHOLOGY

Prerequisites: 100. Influence of culture and ethnicity upon development of individual psychological processes including functioning, identity, social motives, sex roles and values.

440 PERSONNEL PSYCHOLOGY AND THE LAW

4 credits

Prerequisites: 380 or 6500:301. The implications of equal employment law on the practice of personnel psychology.

4 credits

441 CLINICAL AND COUNSELING PSYCHOLOGY I

Prerequisites: 100 and 335. Overview of the fields of clinical and counseling psychology with a major focus on psychotherapeutic approaches, including cultural considerations, legal/ethical

CLINICAL AND COUNSELING PSYCHOLOGY II

task performance, organizational theories and development.

structures, task, situational and social-cognitive variables.

3850:

Prerequisite: 441. Overview of individual counseling and psychotherapy, group counseling, personality and ability testing, marriage and family counseling, hypnosis, sex therapy, psychopharmacology and related specialties. Specific topics in clinical and counseling practice including professional trends, ethics, various therapeutic and diagnostic procedures, and specialty areas.

443 HUMAN RESOURCE MANAGEMENT

social groups and application of sociological concepts to the understanding of social systems.

4 credits Prerequisites: 443-100 and 380; 543-admission to the Graduate School. The application of psychological theory to the effective management of human resources in an organization,

444 ORGANIZATIONAL THEORY

301 METHODS OF SOCIAL RESEARCH I Prerequisites: 100, 301 and Arts & Sciences math requirement. The basis of this course is learn-

research design and data gathering techniques. Required of all majors.

including recruitment, selection, training and retention of personnel.

psychological theory to macro-level processes in organizations including leadership, motivation,

302 METHODS OF SOCIAL RESEARCH II Prerequisites: 100, 301 and Arts & Sciences math requirement. Essential objectives of this course are developing expression skills in writing and learning fundamental principles in statistics. Other key topics include quantative techniques and application to sociological data

Prerequisites: 444—100 and 380; 544 — admission to the Graduate School. The application of

310 SOCIAL PROBLEMS

Required of all majors.

Basic terminology, concepts and approaches in sociology, including introduction to analysis of

ing to apply course material to improve thinking, problem solving, and decisions in conducting

445 PSYCHOLOGY OF SMALL GROUP BEHAVIOR 4 credits Prerequisites: 445-100; 545-admission to the Graduate School. Intensive investigation of factors affecting behavior and performance in small groups including effects of personality, social

3 credits Prerequisite: 100 or permission. Study of selected contemporary problems in society; applica-

tion of sociological theory and research to understand the social construction of and response to these problems. 315 SOCIOLOGICAL SOCIAL PSYCHOLOGY

446 RESEARCH DESIGN AND ANALYSIS

3 credits

Prerequisites: 100, 110 and 220. Review of psychological methodology including research design and analysis, internal and external validity, measurement of constructs and specific ana-

Prerequisite: 100. The reciprocal influence of individuals and groups. How interpersonal processes produce and affect group structure. How groups affect the development and behavior of the social person.

SOCIOLOGY

100 INTRODUCTION TO SOCIOLOGY

Required of majors. Lecture/discussion.

450 COGNITIVE DEVELOPMENT 4 credits Prerequisite: 450-100 and 345; 550-admission to the Graduate School. Theory and research on life-span changes in cognitive processes including concept formation/categorization, informa-

320 SOCIAL INEQUALITIES Prerequisite: 100 or permission. This course covers local, regional, national, and global dimen-

3 credits

tion processing and Piagetian assessment tasks.

sions of social inequalities. Structural and interactionist approaches to relations of power in society frame the course. 321 POPULATION 3 credits

460 HISTORY OF PSYCHOLOGY Prerequisite: 460-100, 560 — admission to the Graduate School. Psychology in pre-scientific

An introduction to world and national population trends, related demographic and social characteristics. Topics include fertility, mortality, morbidity, migration, abortion, birth control, population policy in relation to societal problems. Lecture.

474 PSYCHOLOGY OF WOMEN 4 credits Prerequisites: 3750:100 or 3001:300. Reviews theory and research in the psychology of women and gender and encourages students to use these in their everyday lives.

period and details of developmental or systematic viewpoints in 19th and 20th Centuries.

324 SOCIAL MOVEMENTS

475 PSYCHOLOGY OF ADULTHOOD AND AGING 4 credits Prerequisites: 100 and 230. Psychological aspects of human development from adolescence to older adulthood including age-related changes in socialization, personality, intelligence, sensa-

Prerequisite: 100 or permission. Social movements as distinguished from other forms of collective behavior; analysis of social situations which produce social movements; focus on development of social movements and their role in social change. Lecture. 325 SOCIOLOGY OF WOMEN IN A GLOBAL SOCIETY 3 credits

480 SPECIAL TOPICS IN PSYCHOLOGY

Prerequisites: 100 or permission of instructor. Examination of research and theories pertaining to

1-4 credits (May be repeated to a maximum of 8 credits) Prerequisite: 100 and 64 credits completed. Comprehensive survey of contemporary status of specialized topics and issues in psychology. Emphasis on original source materials, critical analysis and synthesis of empirical and theoretical aspects

women's status in society, including economic conditions, the relationship between structure and experience, and other gender-related issues. 330 CRIMINOLOGY 3 credits

485 APPLIED DEVELOPMENTAL PSYCHOLOGY

tion, perception, learning, memory and clinical applications.

justice systems and society. Lecture.

Prerequisite: 100. Major focus on interrelationships and analysis of crimes, criminals, criminal

Prerequisite: 100. Conceptual and methodological issues in life-span developmental psychology. The approach is data-based, multidisciplinary and problem-focused.

334 SOCIAL ORGANIZATION Prerequisite: 100 or permission. Nature of social organization, social control; organizational

488,9 HONORS PROJECT IN PSYCHOLOGY Prerequisites: Psychology major and departmental permission, and 100 and 105 and 110 and 220, and 320 or 335 or 340 or 345. 488: Selection of research topic, review of relevant literature, topologies; theories of organizational structure, functions; analysis of complex organizations in a

research design, and proposal. 489: Data collection, analysis, and preparation of the final research report in journal style. WORKSHOP IN PSYCHOLOGY

335 SOCIAL BEHAVIOR IN ORGANIZATIONS Prerequisite: 100 or permission. Analysis of the structure of such complex organizations as vol-

3 credits

(May be repeated. May not be used to meet undergraduate or graduate major requirements in psychology.) Prerequisites: 490-3750:100 and 64 credits completed; 590-admission to the Graduate School. Group studies of special topics in psychology.

untary associations, business organizations and public bureaucracies, in relation to issues including organizational effectiveness, organizational design and change, job satisfaction and quality of work experience. Lecture. 336 SOCIOLOGY OF WORK AND OCCUPATIONS 3 credits

495 FIFI D EXPERIENCE IN PSYCHOLOGY 1 credits (May be repeated to a maximum of 6 credits). Prerequisites: 100, 105 and 110 and eight addi-

Prerequisite: 100 or permission. Survey of theory and empirical research in areas such as the structure of occupations and professions, occupational attainment, work force characteristics, work values and orientations, the nature of work. Lecture.

3 credits

tional credits in psychology. On-site supervised individual placements in appropriate settings. The academic component of the experience will be under the supervision of a selected faculty member

Prerequisite: 100 or permission. Analysis of family as a social system; historical, comparative and contemporary sociological approaches examined in relation to family structure and functions. Lecture.

497 INDEPENDENT READING, AND/OR RESEARCH IN PSYCHOLOGY (May be repeated to a maximum of 6 credits). Prerequisites: 3750:100 and 105 and 110 and 220 and four additional credits in psychology. Independent reading and/or research in an area of psychology under the supervision and evaluation of a selected faculty member.

341 POLITICAL SOCIOLOGY

3 credits

Prerequisite: 100 or permission. Survey of theory and empirical research dealing with relationship between political phenomena and the larger network of social processes in human societies. Lecture

342 SOCIOLOGY OF HEALTH AND ILLNESS

3 credits

Prerequisite: 100 or permission. General survey of sociological perspectives, concepts and research on health, illness and health-care delivery systems. Lecture,

343 THE SOCIOLOGY OF AGING

3 credits

Prerequisite: 100 or permission. Examination of process of aging from perspective of behavioral and sociological aspects. Lecture.

447/547 SOCIOLOGY OF SEX AND GENDER

Prerequisite for 447: 100 and 320 or permission. Review of research and theories of sex and gender. Examination of gender as structure, process and experience in society.

345 FAMILY AND HEALTH

3 credits

Prerequisites: 100 or permission. Survey of interrelationships between family structure and functioning and the health care system. Includes historical perspectives as well as current conditions.

Prerequisite: 100. This course is a survey, from a sociological perspective, of drug abuse, of the relationship between drugs and crime, and of various treatment strategies

365 SPECIAL TOPICS IN SOCIOLOGY

250

(May be repeated) Prerequisite: permission. Special topics of interest to sociology major and non-major not covered in regular course offerings.

397 SOCIOLOGICAL READINGS AND RESEARCH

includes diverse types, such as romantic, familial, religious and altruistic love.

Prerequisite: 100 or permission. Study of the relation of love to the social order. Coverage

1-3 credits Prerequisite: permission. Individual study of problem area of specific interest to individual student under guidance of department member. Preparation of a research paper.

441 SOCIOLOGY OF LAW

435 SOCIOLOGY OF LOVE

3 credits Prerequisites: 100 and at least six additional credits of sociology courses or permission. Social

410 SOCIAL STRUCTURES AND PERSONALITY 3 credits Prerequisite: 100 or permission. Interrelationships between position in society, personality char-

444 SOCIAL ISSUES IN AGING

acteristics. Personality treated as both result and determinant of social structure and process. Lecture

Prerequisite: 100 or permission. A look into the major issues and problems facing older persons. Special attention is given to the unmet needs of the elderly as well as an examination of current societal policy and programs to meet these needs.

origins and consequences of law and legal processes. Emphasis on uses of law, social change

411 SOCIAL INTERACTION

Prerequisite: 100 or permission. Intensive study of advanced theory and research in social psy-

450 SOCIOLOGY OF MENTAL ILLNESS

and aspects of legal professions. Lecture.

chology, particularly how social interaction and self-conception affect one another. Lecture,

Prerequisite: 100 or permission. The social history of the mental hospital, theories and epidemiology of mental illness, community-based treatment models, the organization of mental health services, the role of personal social networks and mutual support groups.

412 SOCIALIZATION: CHILD TO ADULT Prerequisite: 100 or permission. Theoretical and empirical analysis of process by which infant.

roles, changing roles and society in general.

Field Placement in Corrections (3850:471).

child, adolescent and adult learn social and cultural requirements necessary to function in new

Prerequisite: 100. Family violence with a focus on child abuse, courtship violence, spouse/partner abuse, and elder abuse. Theories, methodologies, and strategies to end family violence are explored.

421 RACIAL AND ETHNIC RELATIONS

460 SOCIOLOGICAL THEORY

4 credits

Prerequisite: 100 or permission. Analysis of structure and dynamics of race and ethnic relations from a variety of perspectives emphasizing both historical and contemporary issues. Lecture.

Prerequisite: 100 or permission. An overview and examination of theoretical issues in sociology through the study of both classical and contemporary theoretical work.

425 SOCIOLOGY OF URBAN LIFE

cy develops. Emphasis on current and past research. Lecture/discussion.

471 FIELD PLACEMENT IN CORRECTIONS

Prerequisite: 100 or permission. Emergence and development of urban society. Examination of urban social structure from neighborhood to metropolis, the problems and prospects. Emphasis on various life styles of urban subcultures. Lecture/discussion.

Prerequisite: 431. Placement in selected community or institutional agency. Minimum 80 hours. Student must receive permission from instructor for placement.

428 THE VICTIM IN SOCIETY 3 credits Prerequisites: 100 or permission of instructor. Study of the nature, causes, and consequences of victimization with special focus on crime victimization.

495 FIELD INTERNSHIP

430 JUVENILE DELINQUENCY Prerequisite: 100 or permission. Analysis of social structure and process from which delinquen-

(May be repeated for a total of nine credits) Prerequisites: permission of a faculty supervisor. Placement in community organization for supervised experience related to degree requirement. Student must submit an application to the intern coordinator during semester prior to enroll-

431 CORRECTIONS Prerequisites: 330 or 430. Theories, beliefs and practices of community and institutional corrections systems, including past and current social research. Course taken prior to 3 credit hour 496 SENIOR HONORS PROJECT

433 SOCIOLOGY OF DEVIANT BEHAVIOR 3 credits Prerequisites: 100 and at least six additional credits of sociology courses or permission. Survey of theories of deviant behavior and relevant empirical research. Special emphasis given to interaction processes and social control. Lecture.

(May be repeated for a total of six credits) Prerequisites: enrollment in Honors College and senior standing, and major in sociology or sociology/anthropology. Thesis or original creative work appropriate to student's area of interest. Requirements and evaluation of project determined by departmental honors preceptor and student's honors project adviser.

College of **Engineering**

GENERAL ENGINEERING

4100:

110 WOMEN IN ENGINEERING SEMINAR AND PEER GROUPS

1 credit

Beginning women students may elect this one-credit course that provides an overview of the career opportunities for women in engineering. The course utilizes dynamic speakers to reinforce the student's educational and career choices. Small groups meet weekly, led by an upperclass engineering student. This interactive peer environment fosters personal development for

120 MINORITY ENGINEERING SEMINAR AND PEER GROUPS

Provides overview of disciplines/opportunities in engineering through dynamic speakers, tours, and group discussions. Reinforces educational/career choices and provides role models of successful minority engineers.

203 ENVIRONMENTAL SCIENCE AND ENGINEERING

1 credit

Science and engineering fundamentals required to understand environmental issues and alternative solutions. Not for engineering, chemistry, or physics majors.

300 COOPERATIVE EDUCATION WORK PERIOD

0 credit

Elective for cooperative education student who has completed sophomore year. Practice in industry and comprehensive written reports of this experience.

COOPERATIVE EDUCATION WORK PERIOD

0 credit

Required for cooperative education student only. Practice in industry and comprehensive written reports of this experience. Offered spring semester of third year.

302 COOPERATIVE EDUCATION WORK PERIOD

0 credit Required for cooperative education student only. Practice in industry and comprehensive written reports of this experience. Offered fall semester of fourth year.

AEROSPACE STRUCTURES

Prerequisites: 3450:335 and 4300:202. Basic theory and methods for analysis and design of aerostructures are covered. Topics include torsion, shear flow, buckling, fracture and fatigue of

400 ENGINEERING MANAGEMENT & LEADERSHIP

3 credits

This is a case and discussion oriented course that examines the role of the engineering manager as a leader, problem solver, strategic planner, and a well rounded business minded individual

403 COOPERATIVE EDUCATION WORK PERIOD

Required for cooperative education student only. Practice in industry and comprehensive written reports of this experience. Offered summer after fourth year.

CHEMICAL AND **BIOMOLECULAR ENGINEERING**

4200:

101 TOOLS FOR CHEMICAL ENGINEERING

2 credits

Corequisites: 110 and 3450:149. Introduction to Chemical Engineering. Basic concepts of engineering practice. Introduction to professional level software including process simulation, control design, spreadsheets, mathematical computation, and process flow graphics.

110 PROJECT MANAGEMENT AND TEAMWORK I

1 credit

Teams freshmen through senior Chemical and Biomolecular Engineering undergraduates on a design team working on a realistic chemical engineering problem. Develops teamwork, communications, presentation, project management and information technology skills.

121 CHEMICAL ENGINEERING COMPUTATIONS

Prerequisites: 101 or permission. Computer programming language, flowcharting, introductory simulation and introductory numerical analysis.

194 CHEMICAL ENGINEERING DESIGN I

Prerequisites: 4200:101 and permission. Individual or group project under faculty supervision. Introduction to chemical engineering processes and modern design technology. Written report

200 MATERIAL AND ENERGY BALANCES

4 credits

Prerequisites: 121, 3450:221 and 3150:154. Introduction to material, energy balance calculations applied to solution of chemical problems.

210 PROJECT MANAGEMENT AND TEAMWORK II

Prerequisite: 110. Teams freshmen through senior Chemical and Biomolecular Engineering undergraduates on a design team working on a realistic chemical engineering problem. Develops teamwork, communications, presentation, project management and information technology skills.

225 EQUILIBRIUM THERMODYNAMICS

Prerequisites: 200 and 3450:223. Second law of thermodynamics, entropy, applications, comprehensive treatment of pure and mixed fluids. Phase and chemical equilibria, flow processes, power production and refrigeration processes covered.

294 CHEMICAL ENGINEERING DESIGN II

Prerequisites: 121, 200 and permission. Supervised individual or group design project. Analysis of multi-unit process using simulation and/or experimental techniques. Written report and oral

305 MATERIALS SCIENCE Prerequisites: 3150:153 and 3650:292 and junior standing. Structure, processing and properties

2 credits

310 PROJECT MANAGEMENT AND TEAMWORK III Prerequisite: 210. Teams freshmen through senior Chemical and Biomolecular Engineering undergraduates on a design team working on a realistic chemical engineering problem. Develops team-work, communications, presentation, project management and information technology skills.

of metals, ceramics and polymers. Special topics, such as composites, corrosion and wear

321 TRANSPORT PHENOMENA

Prerequisites: 200 and 3450:223. Constitutive equations for momentum, energy and mass transfer. Development of microscopic and macroscopic momentum, energy and mass transfer equations for binary systems. Analogy and dimensionless analysis. Problems and applications in unit operations of chemical engineering.

330 CHEMICAL REACTION ENGINEERING

3 credits Prerequisite: 225. Nonequilibrium processes including chemical reaction mechanisms, rate

equations and ideal reactor design applied to homogeneous and heterogeneous systems. 341 PROCESS ECONOMICS 2 credits Prerequisite: 200. Theory and application of engineering economy to multi-unit processes. Cost

management

estimation, time value of money, profit analysis, decision making and introduction to project

351 FLUID AND THERMAL OPERATIONS Prerequisite: 321. Applications of fluid mechanics including piping, pumping, compression, metering, agitation and separations. Applications of heart transfer by conduction, convection and

radiation to design of process equipment.

353 MASS TRANSFER OPERATIONS 3 credits Prerequisites: 225 and C- or above in 200. Theory and design of staged operations including distillation, extraction, absorption. Theory and design of continuous mass transfer devices

360 CHEMICAL ENGINEERING LABORATORY

Prerequisites: 353. Corequisite: 330, 351. Comprehensive experiments in combined heat and mass transfer, thermodynamics, and reaction kinetics. Data collection and analysis. Comprehensive reports in various formats.

394 CHEMICAL ENGINEERING DESIGN III

1-3 credits

Prerequisites: 351 and permission. Supervised individual or group design project. Develop, evaluate and design feasible solutions to an open-ended problem pertinent to chemical engineering. Written report and oral presentation required.

Prerequisite: permission or senior standing. Commercial polymerization, materials selection and property modification, polymer processing, applied rheology and classification of polymer industry.

410 PROJECT MANAGEMENT AND TEAMWORK IV

Prerequisite: 310. Teams freshmen through senior Chemical and Biomolecular Engineering under-graduates on a design team working on a realistic chemical engineering problem. Develops teamwork, communications, presentation, project management and information technology skills.

421/521 FUNDAMENTALS OF MULTIPHASE TRANSPORT PHENOMENA

Prerequisite: 4200:321 Transport Phenomena or equivalent, and instructor permission. Major topics to be covered: Intraphase and interphase transport phenomena, Transport phenomena in multiphase fluids, Transport in Porous Media, Transport in Gas/liquid pipe flows, Computational Fluid Dynamics of multiphase systems, and Case studies.

435 PROCESS ANALYSIS AND CONTROL

3 credits

Prerequisites: 330, 353. Response of simple and chemical processes and design of appropriate control systems.

438 ENERGY INTEGRATION

3 credits

Prerequisite: 351. This course uses Pinch Design formalism to present the core energy integration tools for energy and area targeting, and tools for integration of reactors, distillation columns, and heat pumps. 3 credits

441 PROCESS DESIGN I Prerequisites: 330, 351, 353. Application of chemical engineering fundamentals to the design of

a multi-unit process. Emphasis on use of process simulators. Advanced equipment design, oral and written communication skills and teamwork.

Prerequisite: 441 or permission. Teaches methods of process conceptualization, preliminary optimization. Specific topics include: chemical process design methodology, design heuristics, energy integration, and process safety review.

Prerequisite: senior standing or permission. Introduction to the strategies and processes used

to design and development new chemical products from the idea stage through manufacturing. 461/561 SOLIDS PROCESSING

3 credits

Prerequisites: 321 and 353 or permission. Comprehensive problems in sedimentation, fluidization, drying and other operations involving mechanics of particulate solids in liquid and gas continua.

462 INDUSTRIAL ENZYME TECHNOLOGY

450 CHEMICAL PRODUCT DESIGN AND DEVELOPMENT

Prerequisites: 330 and 351. Application of chemical engineering to biological processes involving enzymes and their industrial applications. Special emphasis given to the kinetics, control, design, and process economics aspects.

463/563 POLLUTION CONTROL Prerequisite: 353 or permission. Air and water pollution sources and problems. Engineering

3 credits

aspects and methodology

466/566 DIGITIZED DATA AND SIMULATION

3 credits

Prerequisite: permission. Data acquisition and analysis by digital devices, digital control applica-

470/570 ELECTROCHEMICAL ENGINEERING

Prerequisites: 322, 330. Chemical engineering principles as applied to the study of electrode processes and to the design of electrochemical reactors. Topics include electrochemical thermodynamics, cell polarizations, Faraday's Laws, electrode kinetics, transport processes in electrochemical systems, current distributions, reactor design, experimental methods, commercial processes, and batteries and fuel cells.

471 FUEL ENGINEERING

3 credits

Prerequisite: 330 or permission of instructor. Topics related to clean liquid and solid fuels technology. Special emphasis given to design, system analysis, environmental impacts, and novel technologies.

472 SEPARATION PROCESSES IN BIOCHEMICAL ENGINEERING

390 CIVIL ENGINEERING SEMINAR A civil engineering seminar discussing contemporary issues in civil engineering, our professional

Introduction to the separation and purification techniques pertinent to bioprocesses, with emphasis on engineering considerations for large scale operations.

and ethical responsibilities, and our impact and interaction with society. 401 STEEL DESIGN

473 BIOREACTOR DESIGN

Prerequisite: 306. Tension, compression members; openweb joists; beams; bearing plates; beamcolumns: bolted, welded connections.

Prerequisite: junior standing. Introductory survey of transportation topics including transportation planning requirements and techniques, introduction to design of highways, airports and railroads

Prerequisite: 202. Fundamentals and applications of materials science, mechanics of solids and

study of laboratory instrumentation and standard techniques in testing of engineering materials.

3 credits Prerequisite: 330 or instructor's consent. Design, analysis, and scale-up of bioreactors for various biological processes.

403 REINFORCED CONCRETE DESIGN

361 TRANSPORTATION ENGINEERING

and introduction to traffic engineering.

380 ENGINEERING MATERIALS LABORATORY

3 credits

3 credits

488 CHEMICAL PROCESSES DESIGN Prerequisite: Permission of instructor or senior standing. Process design and analysis of emerg-

Prerequisite: 306. Ultimate strength analysis and design: compression steel: diagonal tension: stirrups; development length; one-way slab; T-beams; two-way slabs; columns; isolated and combined footings

ing chemical technologies. Case studies, such as in-situ processing, alternative fuels, bioremediation, and engineering materials manufacture.

494 DESIGN PROJECT 3 credits

404 ADVANCED STRUCTURAL DESIGN

3 credits

Prerequisite: Permission or senior standing. Individual design project pertinent to chemical engineering under faculty supervision. Written report and oral presentation required.

Prerequisites: 401, 403. Composite design; plate girders; plastic design; cantilever retaining walls; torsion in R/C members; deflection of R/C members; continuous girder bridge design. ADVANCED STRUCTURAL ANALYSIS

496 TOPICS IN CHEMICAL ENGINEERING

faculty member of the department.

1-3 credits

(May be repeated for a total of six credits) Prerequisite: permission. Topics selected from new and developing areas of chemical engineering, such as electrochemical engineering, coal and synthetic fuels processing, bioengineering, simultaneous heat and mass transfer phenomena and new separation techniques.

Prerequisite: 306. Energy methods for beams and frames. Stiffness and flexibility formulations for framed structures using classical and matrix methods. Introduction to stability and plastic analysis. Warping-Torsion behavior of beams. Analysis of axisymmetric circular plates and membrane shells.

497 HONORS PROJECT 1-3 credits (May be repeated for a total of six credits) Prerequisite: special permission. Individual creative project pertinent to chemical engineering culminating in undergraduate thesis, supervised by 414/514 DESIGN OF EARTH STRUCTURES 3 credits Prerequisite: 314 or permission. Design of earth structures: dams, highway fills, cofferdams, etc. Embankment construction techniques, quality control, embankment analysis, instrumentation, foundation soil stabilization, seepage analysis and control. Design problem. Graduate students will perform more advanced analysis and design.

499 RESEARCH PROJECT

1-3 credits

(May be repeated for a total of six credits) Prerequisite: permission. Individual research project pertinent to chemical engineering under faculty supervision. Report required.

418/518 SOIL AND ROCK EXPLORATION

Prerequisite: 314 or permission. Site exploration criteria and planning. Conventional boring, sampling and in situ testing methods. Theory and application of geophysics and geophysical methods including seismic, electrical resistivity, gravity, magnetic and radioactive measurements. Air photo 423 CHEMISTRY FOR ENVIRONMENTAL ENGINEERS 3 credits

Prerequisite: One year of college chemistry. General, physical, organic biochemistry, equilibrium,

CIVIL ENGINEERING

4300:

and colloid chemistry concepts applied to Environmental Engineering. Concepts are used in water and wastewater laboratory.

1 credit

101 TOOLS FOR CIVIL ENGINEERING 3 credits Corequisites: 3450:149. Introduction to Civil Engineering. Basic concepts of engineering practice including communication skills, problem solving skills, professional ethics/goals, and teamwork. Introduction to professional level software including CAD, graphics presentation, spreadsheets, database, and mathematical computation.

Corequisite: 323 or permission. Analysis of water and wastewater. 426/526 ENVIRONMENTAL ENGINEERING DESIGN

424 WATER-WASTEWATER LABORATORY

3 credits

120 INTRODUCTION TO CIVIL ENGINEERING Introduction of basic design concepts in different civil engineering disciplines. Students learn to gain experience through hands-on mini projects by working in a team under supervision.

Prerequisite: 323. An introduction to the physical, chemical and biological processes utilized in the treatment of water and wastewater, with design parameters emphasized. 427/527 WATER QUALITY MODELING AND MANAGEMENT

beams: columns.

3 credits Corequisites: 3450:222 and 3650:291. Forces, resultants, couples; equilibrium of force systems; distributed forces; centers of gravity, analysis of simple structures; moments of inertia; kinematics.

strain diagrams; torsion; flexural stress; flexural shearing stress; compound stresses; indeterminate

Prerequisite: 323. Analysis and simulation of the physical, chemical and biochemical processes affecting stream quality. Development of management strategies based upon the application of

water quality modeling techniques to environmental systems.

428/528 HAZARDOUS AND SOLID WASTES Prerequisite: senior standing or permission of instructor. Hazardous and solid waste quantities, properties and sources are presented. Handling, processing, storage and disposal methods are discussed with non-technical constraints outlined.

202 INTRODUCTION TO MECHANICS OF SOLIDS Prerequisite: 201. Axial force, bending moment diagrams, axial stress and deformation; stress-

verse surveys. Laboratory field practice.

441 HYDRAULIC DESIGN Prerequisite: 341. Collection and critical evaluation of hydraulic data related to actual design problem selected by instructor. Development and analysis of design alternatives. Preparation of reports.

230 SURVEYING Basic tools and computations for surveying: measurement of distance elevation and angles; tra443/543 APPLIED HYDRAULICS Prerequisite: 341. Review of design principles: urban hydraulics, stream channel mechanics, sedi-

3 credits

306 THEORY OF STRUCTURES 3 credits Prerequisite: 202. Stability and determinacy; statically determinate trusses and frames; approximate frame analysis influence lines; moving loads; virtual work analysis; moment area theorem;

mentation, coastal engineering. 445 HYDROLOGY 3 credits Prerequisite: 341. Surface water hydrology, water cycle, precipitation, evaporation, stream flow

theorem of three moments; moment distribution for continuous beams and frames. 313 SOIL MECHANICS

448 HYDRAULICS LABORATORY

Prerequisite: 202 or permission. Physical properties of soils. Soil water and groundwater flow. Stresses, displacements, volume changes, consolidation within a soil mass. Soil strength. Prerequisite: 341. Introduction to laboratory and field devices for hydraulic measurements. Reduction and presentation of hydraulic data. Individual assignments of model studies of hydraulic structures

Principles of hydrologic systems and their analysis. Hydrologic simulation, reservoir planning and

314 GEOTECHNICAL ENGINEERING

321 INTRODUCTION TO ENVIRONMENTAL ENGINEERING

3 credits

Prerequisite: 313. Limiting equilibrium within a soil mass. Design of retaining walls, bulkheads, shallow, deep foundation systems. Slope stability. Laboratory study of soil properties and behavior

450 URBAN PLANNING Historical developments in urban planning; urban planning techniques and patterns; comprehensive master planning studies; planning regulations; design problems; class projects; class project

3 credits

3 credits Prerequisites: 3150:153, 3450:222. Basic principles of ecosystems, microbiology, chemical reactions, and material flow that environmental engineers use to protect our water, air and soil.

tive graphics. Stiffness concepts and matrix formulation of beams; modeling of simple and com-

WATER SUPPLY AND POLLUTION CONTROL Prerequisite: 321. Water and wastewater characteristics, criteria, quantities and distribution. Water and wastewater treatment process flowsheets, design and operation. Wastewater

452 STRUCTURAL VIBRATIONS AND EARTHQUAKES

451/551 COMPUTER METHODS OF STRUCTURAL ANALYSIS

plex structural systems; vibration analysis using microcomputers.

water supply studies. Analysis of rainfall and floods.

3 credits

Prerequisite: 306. Vibration and dynamic analysis of structural systems with one, two, or more degrees of freedom; beams, frames, buildings and bridges, Numerical methods of analysis, Elasticplastic systems. Earthquake analysis of design. Earthquake codes.

Prerequisite: 306. Computer methods of structural analysis. Finite element software and interac-

341 HYDRAULIC ENGINEERING

453/553 OPTIMUM STRUCTURAL DESIGN

Prerequisite: 306. Basic concepts in structural optimization. Mathematical programming methods including unconstrained minimization, multidimensional minimization and constrained minimization.

Prerequisite: 4600:310. This course will focus on presentation and application of fundamental hydraulic principles in both the classroom and laboratory. Examination of flow in pipelines and pipe networks, pumps and pumping stations, hydrology, flow in open channels, groundwater hydraulics, and design of hydraulic structures will be studied. Emphasis will be placed on proper application of principles, data interpretation and analysis, problem solving, and report writing.

454/554 ADVANCED MECHANICS OF MATERIALS

Prerequisite: 202 or equivalent. Three-dimensional state of stress and strain analysis. Unsym metric bending of straight and curved members with shear deformation. Beams on elastic foundations. Saint Venant's torsional problems. Inelastic analysis of bending and torsional members. Introduction to energy method. Instability behavior of prismatic members.

463/563 TRANSPORTATION PLANNING

Prerequisite: 361. Theory and techniques for development, analysis and evaluation of transportation system plans. Emphasis on understanding and using tools and professional methods available to solve transportation planning problems, especially in urban areas.

464/564 HIGHWAY DESIGN

3 credits Prerequisite: 361. Study of modern design of geometrical and pavement features of highways. Design problem and computer use. Graduate students will produce a more complete design

465/565 PAVEMENT ENGINEERING

231 CIRCUITS I

3 credits Prerequisite: 361. Theories of elasticity, of viscoelasticity and of layered systems as applied to pavements. Pavement materials characterization; pavement design, pavement restoration for rigid and flexible pavements.

466/566 TRAFFIC ENGINEERING

3 credits

Prerequisite: 361. Vehicle and urban travel characteristics, traffic flow theory, traffic studies, accidents and safety, traffic signs and marking, traffic signal planning, traffic control and transportation

ADVANCED HIGHWAY DESIGN

3 credits

Prerequisites: 464, autoCAD capability, or permission. Computer-aided geometrical design of highways including survey data input, digital terrain modeling, cross-section templates, horizontal and vertical roadway design, earthwork computations, and advanced topics.

468/568 HIGHWAY MATERIALS

3 credits

Prerequisites: 361, 380 or permission. Properties of aggregates, manufacture and properties of portland cement concrete, properties of asphaltic materials, design and testing of hot mix asphalt pavement mixes and of surface treatments. Laboratory preparation of specimens and determina-tion of properties. Graduate student requirement: Graduate students will be required to perform an additional eight-hour asphalt laboratory (Abson recovery of asphalt from solution) and to prepare a paper on a highway materials topic.

471 CONSTRUCTION ADMINISTRATION

Prerequisite: senior standing or permission. Organization for construction, construction contracts, estimating, bidding, bonds and insurance. Construction financial management and supervision of construction, scheduling using critical path method.

472 CONSTRUCTION ENGINEERING

3 credits

Prerequisite: senior standing or permission. Construction equipment selection and management. Techniques of various engineering construction operations including blasting, tunneling, concrete framework and dewatering.

CONSTRUCTION MATERIALS

Prerequisites: 380, 4200:305. Composition, structure and mechanical behavior of structural materials such as concrete, wood, masonry, plastics and composite materials. Discussion of applications and principles of evaluating material properties.

474/574 UNDERGROUND CONSTRUCTION

2 credits

Prerequisite: 314. Description of practices and techniques of underground construction. Selection of proper method for individual job. Design of underground openings, support systems and linings.

480 RELIABILITY-BASED DESIGN

Prerequisite: 3470:261 and senior standing. Probability concepts in civil engineering. Risk analysis and reliability based design.

CIVIL ENGINEERING SYSTEMS

Prerequisite: senior standing. Systems approach to civil engineering problems. Mathematical programming; project planning, scheduling and cost analysis; basic operations research methods;

482 SPECIAL PROJECTS

decision analysis. Management of engineering design of complex civil engineering projects 1-3 credits

Prerequisites: senior standing and permission. Directed individual or group research or study in student's field of interest. Topic subject to approval by adviser.

SENIOR DESIGN

3 credits

Prerequisites: senior standing. A civil engineering design project that emphasizes interdisciplinary teamwork to solve a substantial, currently relevant problem.

(May be repeated for a total of six credits) Prerequisite: senior standing in Honors College Individual creative project or design relevant to civil engineering, supervised by faculty member of the department.

ELECTRICAL ENGINEERING

4400:

101 TOOLS FOR ELECTRICAL AND COMPUTER ENGINEERING

3 credit

Corequisite: 3450:221 or 149. Orientation to degree programs and design practice in electrical and computer engineering and in computer science. Introduction to computer applications and resources for engineering studies.

230 CIRCUITS I LABORATORY

Corequisite: 231. Computation, computer aided circuit analysis, circuit theorem confirmation, report writing to include data analysis and reduction, introduction to electrical measurements.

Prerequisite: 3650:291. Corequisite: 230. 3450:223. 3650:292. Fundamentals of circuit analysis

including loop and nodal methods, phasor techniques, resonance, polyphase circuits and magnetic

263 SWITCHING AND LOGIC

Prerequisites: 101 or 230, 231. Analysis of computer circuits. Introduction to use of Boolean algebra and mapping techniques in analyzing switching circuits. Sequential circuits. 4 credits

BASIC ELECTRICAL ENGINEERING

Prerequisite: junior standing in engineering; corequisite: 3450:335. Covers fundamental aspects of electrical circuits, electronics and electrical machinery. Not open to an electrical engineering major.

CIRCUITS II LABORATORY Corequisite: 332. Computation, computer aided circuit analysis, circuit theorem confirmation.

332 CIRCUITS II 3 credits Prerequisite: 231. Corequisite: 330; 3450:335. Network theorems, Fourier methods, transfer functions. Laplace and Fourier transforms and their use in analyzing dynamic operation of circuits.

report writing to include data analysis and reduction, intermediate electrical measurements

COMMUNICATIONS AND SIGNAL PROCESSING

Prerequisite: 263, 343. Introduces analog and digital communication systems and signal processing. Time-sampling and filtering. Modulation and demodulation techniques. Noise and bandwidth requirements. System design and performance analysis.

343 SIGNALS AND SYSTEMS

4 credits

Prerequisites: 3450:335 and 4400:231. Linear systems theory and transform analysis techniques for continuous and discrete systems. Convolutions, Laplace transforms, continuous and discrete Fourier transforms. Difference equations and Z transforms.

353 ELECTROMAGNETICS I

Prerequisites: 231, 3450:335. Vector analysis. Electrostatics: electrostatic field, scalar potential, dielectrics, boundary-value problems, Magnetostatics; magnetic circuits, Maxwell's equations; Faraday's law, time-harmonic fields. Introduction to plane waves.

354 ELECTROMAGNETICS II

3 credits

Prerequisite: 353. Theory and application of transmission lines: transient and steady-state waves. Plane EM waves: propagation, reflection, and refraction. Waveguides open and closed-boundary guiding structures.

360 PHYSICAL ELECTRONICS

Prerequisite: 263, 332. PN junction, diffusion, tunneling, FET and BJT device physics, equivalent circuits for electronic devices, time and frequency analysis, biasing and logic families. 361 ELECTRONIC DESIGN 4 credits Prerequisites: 343, 360. Power amplification, feedback, oscillators, linear integrated circuits, modu-

lation and demodulation circuits. 371 CONTROL SYSTEMS I

4 credits

Prerequisite: 343. Introduction to servomechanisms and feedback. Modeling and response of feedback control systems. Stability of linear systems. Experiments include analog simulation and basic servomechanism.

381 ENERGY CONVERSION

Prerequisites: 332. Corequisite: 353. Nonelectrical to electrical energy conversions and vice versa: thermal, chemical, solar. Fundamentals of electromechanical energy conversion. Principles of operation of transformers, commutator machines, induction and synchronous machines.

1-3 credits

(May be taken more than once) Prerequisite: permission of department head. Select comprehensive problems, supervised discussions and computation periods. 399 DESIGN PROJECT SEMINAR

Prerequisite: junior standing and permission. Project selection and proposal. Project specifications and alternative design. Professional ethics. Intellectual properties. Societal impact issues in engineering design. Senior Design Project II presentations.

401 SENIOR DESIGN PROJECT I 2 credits Prerequisites: senior standing, 399 and permission. Corequisite: 400. Design and preparation phase of an engineering project. Requires project presentation, approval of a written proposal,

and ordering of required parts. 402 SENIOR DESIGN PROJECT II

Prerequisite: 401. Implementation and evaluation phases of an engineering design project. Requires a project presentation and report.

434 ACTIVE CIRCUITS

Prerequisite: 343. Applications of operational amplifiers including bilinear transfer functions, scaling, cascade design, biquad circuits, lowpass, high pass, bandpass-filters, Butterworth and Chebyshev response, sensitivity, delay filters, frequency transformations, ladder design, simulated element design, leapfrog simulation and switched-capacitors.

447 RANDOM SIGNALS

Prerequisite: 343. Applications of set theory, discrete and continuous sample spaces; probability, random variables, distribution functions, density functions, stochastic processes, random signals, system function, power spectrum and correlation functions.

448 OPTICAL COMMUNICATION NETWORKS

Prerequisites: 341, 354. Optical waveguides and integrated components. Optical transmitters and receivers. Optical communications network design.

442 KNOWI FDGF FNGINFFRING

expert systems.

Prerequisite: Senior standing or permission. Introduction to the design and development of

449/549 DIGITAL COMMUNICATION 3 credits Prerequisite: 341. Introduction to digital communication theory and systems; coding of analog and

Prerequisite: 441 or equivalent. Study of knowledge acquisition and expert system project management.

digital information; digital modulation techniques. Introduction to information theory.

443 FRAME-BASED EXPERT SYSTEM DESIGN

451 FLECTROMAGNETIC COMPATIBILITY 3 credits Prerequisite: permission. Introduction to the design and development of frame-based expert systems.

441 EXPERT SYSTEMS DESIGN AND DEVELOPMENT

Prerequisite: 360. Introduction to electromagnetics, electromagnetic compatibility, crosstalk and

444 FUZZY LOGIC EXPERT SYSTEM DESIGN

effects on computers, communication lines and systems.

Prerequisite: permission. Introduction to the design and development of fuzzy logic expert systems.

453/553 ANTENNA THEORY 3 credits Prerequisite: 354. Theory of EM radiation. Wire antennas, arrays, receiving antennas, reciprocity. Integral equations for induced currents, self and mutual impedances. Equivalence principle, radiation from aperture antennas.

Prerequisite: senior standing or permission. Introduction to the design and development of data mining systems. Extensive use of data mining software to build systems applied to real-world problems.

455/555 MICROWAVES

4 credits

Prerequisite: 354. Dynamic fields. Maxwell's equation and wave equations. Field analysis of wave guides, microwave components, techniques and systems.

470/570 VLSI CIRCUITS AND SYSTEMS Prerequisite: 370. Advanced VLSI design. MOSFET structures, design rules and fabrication. Static,

457/557 WIRELESS COMMUNICATIONS

3 credits

dynamic CMOS. PLAs, ROMs and RAMs. Layout methodologies and tools. System architecture. 480 COMPUTER SYSTEMS DESIGN Prerequisite: 330. Design of advanced processors at the microarchitecture level. Pipelining.

Prerequisite: 449. Theory and analysis of wireless communication systems, wireless propagation, multiple access, modulation, demodulation, multipath channel characterization, diversity, cellular and PCS services and standards.

Superscale, vector and VLIW architecture. Instruction-level parallelism. Compiler support. Multiprocessor architectures.

OPTICAL ELECTRONICS AND PHOTONIC DEVICES Prerequisites: 360, 341; 354 or 451. Lightwave engineering, photonic principles and optical electronic device technology.

498/598 SPECIAL TOPICS: COMPUTER ENGINEERING (May be taken more than once) Prerequisite: permission of department chair. Special topics in computer engineering.

MECHANICAL ENGINEERING

465/565 PROGRAMMABLE LOGIC

3 credits

Prerequisite: 263. Digital design with programmable devices. PLD and FPGA architectures. Logic design and technology mapping tools.

4600:

470 MICROPROCESSOR INTERFACING

Digital computer implementation.

3 credits

Prerequisites: 3460:209 or 4450:208. Microprocessor structure, Bus Interface. Digital controller devices and their relationship to both the microcomputer and physical environment.

165 TOOLS FOR MECHANICAL ENGINEERING

engineering; applications of computer tools (MatLab)

cycles and vapor compression refrigeration.

3 credits

4 credits Prerequisite: 371, Sampled-data control system analysis and design, Discrete-time representation of sampled-data systems. Cascade, feedforward and state-variable compensation techniques.

Corequisite: 3450:149. Personal computer DOS system, word processing, spreadsheet, computer-aided drafting, math calculating package, mechanical graphics, and introduction to mechanical engineering program and curriculum.

481 MODERN POWER SYSTEMS

3 credits

Prerequisite: 3450:222, 3650:291, 4300:201. Corequisite: 3450:223. Kinematics and kinetics of particles and rigid bodies. Principles of work, energy, momentum and impulse.

Prerequisite: 381. Introduction to electricity utility load flow, faulty analysis, stability, surge protection and relaying.

260 ENGINEERING ANALYSIS I Prerequisite: 3450:222.Corequisite: 3450:223. Introduction to numerical methods in mechanical

483/583 POWER FLECTRONICS I 3 credits Prerequisite: 332. Steady-state analysis and design of power electronic converters: AC/DC converters (rectifiers), DC/DC converters, DC/AC PWM and resonant converters, AC/AC converters and cycloconverters

300 THERMODYNAMICS I 3 credits Prerequisite: 3450:223. Corequisite: 3650:292. Basic concepts of thermodynamics. Pure substances, closed and open systems, and the first and second laws of thermodynamics. Entropy, vapor power

484/584 POWER ELECTRONICS LABORATORY AND DESIGN PROJECT

Prerequisite: 483/583 or equivalent. Experiments on different types of power electronic converters: AC/DC, DC/DC, DC/AC, and AC/AC. Design project to include design, simulation, building, and test-301 THERMODYNAMICS II

490 INTRODUCTION TO SENSORS AND ACTUATORS 3 credits Prerequisite: Senior standing or permission. Introduction to the theory and practice of sensors and

Prerequisites: 300, and 3450:335. Absorption refrigeration. Gas cycles, thermodynamics of state, gas mixtures and gas-vapor mixtures. Combustion.

Prerequisite: 3450:223 Corequisite: 3650:292 Credit not allowed for both 300 and 305

actuators; sensing and actuation technologies; performance, and interfacing.

(May be repeated for a total of six credits) Prerequisite: senior standing in Honors College.

Introduction to first and second laws of thermodynamics, perfect gas relationships, equations of state, cycle analysis. Introduction to conduction, convection and radiation heat transfer

Dimensional analysis and similitude.

305 THERMAL SCIENCE

310 FLUID MECHANICS I 2 credits Prerequisite: 203 and 3450:335. Properties and behavior of gases and liquids at rest and in motion. Energy equation. Flow in conduits. Forces on body submerged in static fluid.

Individual creative project or design relevant to electrical engineering, supervised by faculty member of the department.

498/598 SPECIAL TOPICS: ELECTRICAL ENGINEERING

1-3 credits

(May be taken more than once) Prerequisite: permission of department chair. Special topics in electrical engineering

311 FLUID MECHANICS II Prerequisite: 310. Navier-Stokes equations. The boundary layer. External viscous flows and potential flow. Fundamentals of compressible flow. Concepts of computational fluid dynamics.

COMPUTER ENGINEERING

315 HEAT TRANSFER Prerequisites: 310 or 4800:360; 4600:300, 360 . Fundamentals of heat transfer by conduction,

3 credits

208 PROGRAMMING FOR ENGINEERS 3 credits Prerequisite: 4400:101 or permission. Introduction to programming. Environment and tools. C programming language. Machine level data forms and organization.

321 KINEMATICS 2 credits Prerequisites: 165, 203. Displacements, velocities, accelerations and introduction to plan motion mechanisms. Introduction to design of gears, gear trains and cams.

COMPUTER SYSTEMS Prerequisite: 4400:263, 3460:209. Introduces the design and architecture of modern computer

370 VI SI DESIGN

4450:

systems. Data and instruction representation. Conventional computer organization. Hardware 337 DESIGN OF MECHANICAL COMPONENTS

336 ANALYSIS OF MECHANICAL COMPONENTS Prerequisite: 4300:202. Corequisite: 3450:335. Analysis of stress and strain at a point. Mohr's circles, shear centers, elastic instability. Stresses in thick and thin cylinders. Fatigue analysis.

engineering systems: analog, digital and hybrid computer simulation of interdisciplinary engineer-

Prerequisite: 4400:360, 465.Use of VSLI design environments in the development of large digital

Prerequisites: 336. Application of stress analysis to design of fasteners, welds, springs, ball bear-

systems. Schematic capture, simulation and verification. Integration of standard building blocks.

ings and gears. Introduction to journal bearings and lubrication, Component design projects, 340 SYSTEMS DYNAMICS AND RESPONSE Prerequisites: 203, 3450:335. A unified approach to modeling, analysis, response and stability of

375 OPERATING SYSTEMS CONCEPTS Prerequisites: 330, 3460:316. Process communication and resource sharing. Deadlock resolu-

and software design processes. The hardware/software interface.

360 ENGINEERING ANALYSIS II

lems.

tion. Memory management. File systems. Introduction to network operating systems. 410 EMBEDDED SCIENTIFIC COMPUTING 3 credits

ing problems are included. Prerequisite: 260 and 3450:335. Numerical methods of solution of mechanical engineering prob-

Prerequisites: 208 or 3460:209. Fixed point, floating point representation and coding. Processor/DSP implementations. Assemblers, C language semantics. Adapting scientific library routines for embedded use. Minimizing complexity. Ill-conditioned problems.

Prerequisite: 3150:153 Corequisite: 4300:202 Structures of common metallic materials and study of their macroscopic mechanical behavior. Phase changes and heat treatment. Theories of

3 credits Prerequisite: 4400:371 or permission. Simulation of continuous systems on a digital computer. Methods and tools for linear, nonlinear, and chaotic systems.

400/500 THERMAL SYSTEM COMPONENTS

Prerequisites: 301, 311, 315 or permission. Performance analysis and design of basic components of thermal energy exchange and conversion systems. Components studied include heat exchangers, pumps, compressors, turbines and expansion engines.

402 SENIOR SEMINAR

1 credit

Corequisites: 400, 441, 460, 461, 4700:499. Students need further education in ethics, codes and standards, intellectual property, product liability, safety issues, technical writing, diversity, and job opportunities.

410/510 HEATING AND AIR CONDITIONING

Prerequisites: 301 or permission. Corequisite: 315 or permission. Thermodynamics of gas mixtures. Design and selection of air conditioning equipment. Control of gas mixtures, heating, cool-

411/511 COMPRESSIBLE FLUID MECHANICS

3 credits

Prerequisites: 301, 311 or permission. Subsonic and supersonic flow in nozzles, diffusers and ducts. One-dimensional reactive gas dynamics. Prandtl-Myer theory. Applications to design and analysis of compressors, turbines and propulsion devices.

412/512 FUNDAMENTALS OF FLIGHT

3 credits

Prerequisite: 311 or permission. Introduction to basic aerodynamics, airplane performance, stability and control, astronautics and propulsion. Design considerations are emphasized.

413/513 INTRODUCTION TO AERODYNAMICS

3 credits

Prerequisite: 311. Introduction of aerodynamic concepts; includes conformal transformations, theory of thin airfoils, two-dimensional airfoil theory, wings of finite span, lifting line theories, lumped vortex, vortex lattice, and panel methods.

414/514 INTRODUCTION TO AEROSPACE PROPULSION

Prerequisite: 311. Introduction to propulsion systems currently used in aerospace fields; propulsion principles for turbojets, turbofans, ramjets, chemical rockets, and electrical rocket propulsion.

415/515 ENERGY CONVERSION

Prerequisites: 301 or permission, Corequisite: 315 or permission, Topics from fields of internal combustion engines, cycle analysis, modern conversion devices.

416/516 HEAT TRANSFER PROCESSES

3 credits

Prerequisite: 315 or permission. Analysis, design of extended surfaces. Natural convection and mixed convection, combined modes of heat transfer and heat transfer with phase changes.

420 INTRODUCTION TO FINITE ELEMENT METHOD

Prerequisite: 315 and 4300:202. Introduction to matrix and finite element methods. Stiffness and flexibility formulations in solid mechanics and thermal sciences. Basic finite element methods and its implementation.

422/522 EXPERIMENTAL STRESS ANALYSIS I Prerequisite: 336 or permission. Experimental methods of determining stress or strain: brittle

lacquer, strain gages, photoelasticity, full field techniques.

430/530 MACHINE DYNAMICS Prerequisite: 321 or permission. Static and dynamic forces in machines, products of inertia, dynamic equivalence, flywheels. Balancing of rotating, reciprocating, cyclic plane motion. Computer simulation of transient mechanism dynamics, other topics in advanced dynamics

431/531 FUNDAMENTALS OF MECHANICAL VIBRATIONS

Prerequisites: 203 or permission and 3450:335 or permission. Undamped and forced vibrations of systems having one or two degrees of freedom.

432/532 VEHICLE DYNAMICS

Prerequisites: 203 or permission and 3450:335 or permission. Application of dynamic systems analysis techniques to road vehicles. Newtonian and Lagrangian methods. Tire/road interface. Ride characteristics, handling and stability. Digital simulation.

441/541 CONTROL SYSTEMS DESIGN

Prerequisites: 340 or permission. Methods of feedback control design such as minimized error, root-locus, frequency domain. Compensation techniques. Multivariable and nonlinear design methods and computer-aided control design.

442/542 INDUSTRIAL AUTOMATIC CONTROL

3 credits

Prerequisite: 441 or permission. Operation of basic control mechanisms. Study of mechanical, hydraulic, pneumatic, fluidic control systems, including application areas. Tuning of control devices for optimum performance of system. Case studies on control applications from industry, e.g. boilers, furnaces, process heaters,

443/543 OPTIMIZATION METHODS IN MECHANICAL ENGINEERING

3 credits

Prerequisite: 360 or permission. Development and method of solution of optimization problems in mechanical engineering. The use of dynamic programming and operational research methods for optimization including computer utilization and applications.

444/544 ROBOT DESIGN, CONTROL AND APPLICATION

3 credits

Prerequisites: 321 or permission, 441 or permission. Robot design and control. Kinematic transformations, velocities and accelerations, path trajectories and dynamics, control and sensing in robotics. The automated factory with robot applications.

450/550 INTRODUCTION TO COMPUTATIONAL FLUID FLOW AND CONVECTION

Prerequisites: 315 or permission, 360 or permission. Numerical modeling of fluid/thermal systems: numerical solution of the momentum and thermal boundary layer equations; flow simulation using advanced heat transfer/fluid/graphics packages.

Prerequisite: 337. Design process. Creativity and inventiveness. Tools of decision making, engineering economics, reliability, optimization. Case studies.

461 ME SENIOR DESIGN PROJECT I

Corequisites: 400, 441, 460. Detailed senior design project. Design, feasibility and cost analysis.

462/562 PRESSURE VESSEL DESIGN

Prerequisite: 336 or permission. Introduction to modern pressure vessel technology. Topics include basic structural considerations, materials and their environment and design- construction features

463/563 COMPUTER AIDED DESIGN AND MANUFACTURING

Prerequisites: 165 or permission, 360 or permission. The use of computer systems to assist in the creation, modification, analysis, or optimization of engineering designs, and to plan, manage, and control manufacturing plants

471 ME SENIOR DESIGN PROJECT II

2 credits

Prerequisite: 461. Detailed senior design project. Final design and implementation. 483 MECHANICAL ENGINEERING MEASUREMENTS LABORATORY

emphasizes calibration and accuracy of appropriate instruments.

2 credits Prerequisites: 300, 310. Corequisite: 340. Development of methods to measure temperature,

pressure, flow rate, viscosity and motion. Includes both lecture and laboratory experience and 484 MECHANICAL ENGINEERING LABORATORY Prerequisite: 301, 311, 315, 380, 431, 483. Corequisite: 441. Laboratory experiments in area of dynamics, vibrations, thermodynamics, fluids, heat transfer and controls.

486 SPECIAL TOPICS 1-3 credits Prerequisite: permission. Brief description of current content to be announced in schedule of classes.

HONORS PROJECT Prerequisite: senior standing in Honors College. Individual creative project in thermal science, mechanics or design relevant to mechanical engineering, supervised by faculty member of the department.

498 EXPERIMENTAL INVESTIGATION IN MECHANICAL ENGINEERING

1-2 credits

Individual independent laboratory investigations in areas relevant to mechanical engineering. Student suggests a project and makes appropriate arrangements with faculty for supervision.

MECHANICAL POLYMER ENGINEERING

4700:

281 POLYMER SCIENCE FOR ENGINEERS

2 Credits

Prerequisites: 3150:151 and 3150:152. Chemical bonds and structure of organic molecules, polymer chain structure, amorphous and crystalline morphology and structural characterization, polymerization and copolymerization, experimental demonstrations, typical solid-state and flow

321 POLYMER FLUID MECHANICS

3 Credits

Prerequisite: 4600:310 or equivalent. Rheological properties and flow characteristics of polymer fluid systems; non-Newtonian viscosity, viscoelasticity.

POLYMER MORPHOLOGY FOR ENGINEERS

3 Credits

Prerequisites: 3150:151, 3650:292, 4600:380 or permission. Fundamental understanding of solid structure, crystallography and morphology, processed polymers, co-polymers and their blends.

Prerequisites: 321 and 4600:315 or equivalent. Polymer processing technology. Basic studies of flow in extrusion, molding, and other processing methods.

425 INTRODUCTION TO BLENDING AND COMPOUNDING OF POLYMERS

Prerequisites: 4200:321 or 4300:341 or 4600:310 or permission. Nature of polymer blends and compounds and their applications. Preparation and technology using batch and continuous mixers, mixing mechanisms.

427 MOLD DESIGN Prerequisites: 422 or permission. Molding methods to manufacture polymeric products.

3 credits

Machinery, materials, molds, equipment, computer-aided design. 450 ENGINEERING PROPERTIES OF POLYMERS Prerequisites: 4700:281, 4700:381and 4600:336 or equivalent. Introductory course to engineering properties and processing of polymers. Analysis of mechanical tests of polymers in the glassy, rub-

investigation of polymeric parts.

bery, and fluid states. Product design. Concepts of rheology, rheometry and polymer processing. 451 POLYMER ENGINEERING LABORATORY Prerequisite: 321 and 4600:483. Corequisite: 422 or permission. Laboratory experiments on the rheological characterization of polymer melts, fabrication of engineering products, structural

497 HONORS PROJECT

Prerequisite: Senior standing in the Honors College. Individual creative project in mechanical polymer engineering, supervised by faculty member of the department. This course must be designed oriented if used in place of 4700:499.

499 POLYMER ENGINEERING DESIGN PROJECT

2 credits

Prerequisite: Senior standing and permission. Corequisite: 4600:400. Analysis and design of mechanical polymer systems

BIOMEDICAL ENGINEERING

4800:

101 TOOLS FOR BIOMEDICAL ENGINEERING

3 credits

Corequisite: 3450:149. Introduction to Biomedical Engineering. Personal computers, word processing, spreadsheets, mathematical computational software and computer aided drafting.

111 INTRODUCTION TO BIOMEDICAL ENGINEERING DESIGN

Prerequisites: 101 or permission. Students will be introduced to the interdisciplinary nature of Biomedical Engineering research and design through the use of lectures, discussions, homework and design projects.

careers in Biomedical Engineering. Topics in technical communications will also be covered.

201 BIOMEDICAL ENGINEERING SOPHOMORE SEMINAR Prerequisite: 101. A seminar format to allow students to learn about current research and

220 BIOMEDICAL COMPUTING

Prerequisite: 101. Corequisite: 3450:223. Programming in BASIC and Visual Basic for data acquisition, analysis and display. Object-oriented programming units glomedical engineering examples. High-level processing and display techniques using MATLAB.

305 INTRODUCTION TO BIOPHYSICAL MEASUREMENTS

Prerequisites: 101 and 4400:231 or 4400:320. Corequisites: 3100:202. Biomedical Engineering involves measurement of Physiological processes in living organisms. An understanding of the variety of instruments used and the limitations are introduced.

310 MODELING AND SIMULATION OF BIOMEDICAL SYSTEMS

3 credits Prerequisite: 3450:335. Modeling and simulation of physiological systems and their interactions with therapeutic devices, such as the artificial kidney.

325 DESIGN OF MEDICAL DEVICES

Prerequisites: Junior/senior standing in the College of Engineering, the College of Polymer Science and Engineering or the College of Arts and Sciences. Design of Medical Devices, design criteria, human factors, patient care and monitoring devices, surgical devices, bench testing and

360 BIOFLUID MECHANICS

legal liability.

Prerequisites: 3450:335, 3150:133, 3650:292, and 4600:203. Introduction to the fundamentals of fluid mechanics and their application to biological, cardiovascular, respiratory and other biofluid systems.

365 MECHANICS OF BIOLOGICAL TISSUES

Prerequisites: 4300:202 and 3450:335. The mechanical properties of musculoskeletal tissues are presented along with modeling techniques and testing procedures. Tendons, ligaments, muscles, cartilage and bone will be addressed.

370 BIOMECHANICS OF HUMAN MOVEMENT

experimental and theoretical techniques.

Prerequisites: 3100:202 and 4600:203. The application of engineering mechanics and anatomy to study and analyze human movement. Lectures and in-class labs will introduce students to

400 BIOMATERIALS

Prerequisite: 4200:305. Properties of Materials used in medicine and their interaction with biological materials will be discussed. Biocompatibility issues, material degradation, biomaterials testing will also be discussed.

420 BIOMEDICAL SIGNAL AND IMAGE PROCESSING

Prerequisites: 4400:343. Introduction to the basic problems associated with biological signal and image processing applications, and appropriate approaches to dealing with them.

422/522 PHYSIOLOGICAL CONTROL SYSTEMS

3 credits

Prerequisite: 3100:202, 3450:335. The basic techniques employed in control theory, systems analysis and model identification as they apply to physiological systems.

430/530 DESIGN OF MEDICAL IMAGING SYSTEMS

3 credits

Prerequisites: 3100: 200, 3650:292, 4400:343,353, 4800:305, or permission of instructor Physical principles and engineering design of medical imaging systems, with emphasis on digital radiography, computed tomography, nuclear medicine, ultrasound and magnetic resonance.

435/535 IMAGE SCIENCE

Prerequisites: 3100:200, 3650:292, 4400:343 or by permission of instructor. Principles of image science, image performance parameters and image assessment techniques of medical imaging systems, with emphasis on digital radiography, tomographic imaging, ultrasound and magnetic resonance.

437/537 PHYSICS OF MEDICAL IMAGING

Prerequisites: 3100:200, 3650:292, 4400:353, 4800:305. Physical principles of medical imaging modalities with emphasis on the properties, generation mechanisms and interaction of radiation with matter, physics of the image formation and optimization.

440 ADVANCED BIOMATERIALS

3 credits

Prerequisite: 400. The interactions between biomaterials and medical devices will be analyzed with respect to their potential activation of biological mechanisms

445 EXPERIMENTAL TECHNIQUES IN BIOMATERIALS TISSUES ENGINEERING 3 credits

Prerequisite: 440. Laboratory experience that applies engineering concepts and practices to the analysis of biomaterials and tissue engineering.

460/560 EXPERIMENTAL TECHNIQUES IN BIOMECHANICS

Prerequisites: 3150:153, 3450:335, 3650:292, 4600:203 or by permission of instructor. Principles of testing and measuring devices commonly used for biofluid and biosolid mechanics studies. Laboratories for demonstration and hands-on experience.

470/570 HUMAN FACTORS ENGINEERING

3 credits

Reliability and human error, human capabilities and limitations, crew protection, display systems, controls and controlling actions, interface design principles, risk management, Safety and accident prevention.

485 SPECIAL TOPICS IN BIOMEDICAL ENGINEERING

Prerequisite: permission of adviser. Directed individual or group research or study in the student's field of interest. Topic subject to approval of adviser.

491 BIOMEDICAL ENGINEERING DESIGN I

Prerequisites: 111 and 310. Corequisite: 305. The design process will be further discussed utilizing case studies and detailed biomedical engineering design projects.

492 BIOMEDICAL ENGINEERING DESIGN II

2 credits

Prerequisites: 111, 305, 310, 491. The design process will be further discussed utilizing detailed biomedical engineering design projects. Projects will be required to be interdisciplinary in nature.

College of **Education**

COOPERATIVE EDUCATION 5000:

301 COOPERATIVE EDUCATION

(May be repeated) For cooperative education students only. Work experience in business, industry or governmental agency. Comprehensive performance evaluation and written report required.

EDUCATIONAL FOUNDATIONS AND LEADERSHIP

5100:

DEMOCRACY AND EDUCATION

3 credits

Based on an interdisciplinary inquiry, this course examines varied theories and practices of democratic education.

200 INTRODUCTION TO EDUCATION

Prerequisite: admission to the College of Education. This course is an introduction to the teaching profession designed to explore the purposes of schools in society and what is required to be

205 FUNDAMENTAL EDUCATIONAL COMPUTER SKILLS

1 credit

Elective Course: Computer Skills for education majors with little or no computer experience. Includes word processing, databases, graphics and communications. Cannot substitute for any required course.

Prerequisite: Completion of all College of Education program admission requirements; Corequisite: 211. Describe cognitive, psychosocial, physical, language, and moral development of learners Pre-K through adult. Identifies learner needs, roles of teachers and schools in fostering optimal development. (10 hours of field experience included.)

211 TEACHING AND LEARNING STRATEGIES

3 credits

Prerequisite: Completion of all College of Education admission requirements; Corequisite: 210. From course content and activities, students will recognize, select, and practice various instructional models. Students will acquire and apply appropriate learning and motivational strategies. (10 hours of field experience included.)

220 EDUCATIONAL PSYCHOLOGY

3 credits

Corequisite: 200. This course focuses on the developmental influences and characteristics of learners, and psychological principles pertaining to teaching and learning processes, motivation and self-regulation in learners

300 EDUC. EQUITY AND EXCELLENCE IN A CULT. PLURALISTIC SOCIETY

Prerequisites: 200, 220, 5500:230, 5610:225. Corequisite: 5500:360. Engages teacher candidates in inquiry-based seminars and service learning that facilitate their developing pedagogical competence implementing equity and excellence in education in a culturally pluralistic society.

410 PROFESSIONAL ISSUES IN EDUCATION

Prerequisites: 5050:310, 5050:311, 5050:320, 5050:330. coursework applies social and philosophical foundations of education to current and historical issues in education with attention to roles and responsibilities of contemporary teachers.

412/512 DESIGN AND PRODUCTION OF

INSTRUCTIONAL MATERIALS

3 credits (20 clinical hours)

Design, adaptation, and preparation of instructional materials using graphics, transparency production, video equipment, computer authoring software, mounting and laminating processes, photography, and other procedures

420/520 INTRODUCTION TO INSTRUCTIONAL COMPUTING

Prepares the student in the use of instructional technologies in educational and business settings. Seaments of the course are offered in an online format.

SENIOR HONORS PROJECT: FOUNDATIONS

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry

480 SPECIAL TOPICS: EDUCATIONAL FOUNDATIONS

1-4 credits

(May be repeated with a change in topic) Prerequisite: permission of instructor. Group study of special topics of critical, contemporary concern in professional education.

1-3 credits each

Individual work under staff guidance on curriculum problems, utilization of community resources, planning of curriculum units.

497 INDEPENDENT STUDY

(May be repeated for a total of six credits) Prerequisites: permission of department head and instructor. Specific area of study determined in accordance with program and professional goals

EARLY CHILDHOOD EDUCATION

5200:

ORIENTATION TO EARLY CHILDHOOD EDUCATION

0 credits Corequisite: 5100:200. Orientation to the information and strategies necessary for a student to

be successful in the program, including portfolio development. 215 THE CHILD, THE FAMILY, AND SCHOOL 3 credits (10 clinical/field hours)

Prerequisite: 5100:220, 5610:225. The purpose of this course is to learn about why we create reciprocal working relationships with parents and methods of creating these types of relationships.

319 INTEGRATED EXPRESSIVE ARTS IN FARLY CHILDHOOD

3 credits (5 field hours and 10 clinical hours)

Prerequisite: Admission to Teacher Education and 7100:210 or 7500:201. Use of expressive arts as a means for young children to represent their thinking and to enhance their learning of curriculum content.

321 INSTRUCTIONAL TECHNIQUES: MODERN LANGUAGES - K-8

Focus on theories of language acquisition, models of instruction suited to teaching foreign languages and cultures in the elementary school (K-8), and strategies that promote appropriate levels of language proficiency and competency for young learners.

325 ADVANCED EARLY CHILDHOOD CURRICULUM 4 credits (33 field and 27 clinical hours) Prerequisite: completion of or concurrent enrollment in 550:370, 7400:265, 270, 280. To teach skills for curriculum development for half- and full-day programs for children 3-6 with an emphasis on authentic assessment, projects, and state/national standards.

340 DEVELOPMENTAL WRITING IN EARLY CHILDHOOD

Prerequisite: 5500:245. This course is designed to prepare early childhood pre-service teachers to teach writing, emphasizing writing foundations, the writing process, and creative writing.

342 TEACHING MATH TO YOUNG CHILDREN

3 credits

Prerequisites: completion of or concurrent enrollment in 550:370. Trends in mathematics instruction in early childhood/middle level classrooms. Procedures for the development of mathematics concepts and skills.

360 TEACHING IN THE EARLY CHILDHOOD CENTER

Prerequisite: 7400:280, 270. Corequisite: 370. Assists students with the integration of knowledge, skills, attitudes and values learned in the pre-kindergarten program as they participate with young children.

370 EARLY CHILDHOOD CENTER LABORATORY

2 credits (53 clinical hours)

Prerequisites: 7400:280, 270. Corequisite: 360. This lab is an integrated practical experience in the University's Center for Child Development under the direction of experienced teachers.

395 FIFI D EXPERIENCE

1-3 credits

Independent field work in area selected by student's adviser, based on student's needs. 420 INTEGRATED PRIMARY CURRICULUM 4 credits (25 field and 35 clinical hours) Prerequisite: completion of or concurrent enrollment in 550:370. Course models an inquiry-based format that integrates math, science, social studies, and technology standards where students

learn how to create, implement, manage, and evaluate student-centered learning environments.

425 ADVANCED INTEGRATED PRIMARY CURRICULUM 4 credits (25 field and 35 clinical hours) Prerequisite: admission to teacher education program; 420. This course further explores an inquirybased format that integrates math, science, social studies, and technology standards by having students implement, manage, and evaluate their own and their students' learning.

430 SENIOR HONORS PROJECT: EARLY CHILDHOOD

1-6 credits

Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry. (May be repeated for a total of six credits).

480 SPECIAL TOPICS: ELEMENTARY EDUCATION

(May be repeated with a change in topic) Prerequisite: permission of instructor. Group study of special topics of critical, contemporary concern in professional education.

490,1,2,3/590,1,2,3 WORKSHOP

Elective workshop for elementary education major who would pursue further refinement of teaching skills. Emphasizes demonstrations of teaching techniques and development of suitable teach-

495 STUDENT TEACHING (PRE-K THROUGH K)

6 credits (322 field hours)

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 498. Planned teaching experience in schools selected and supervised by Office of Field

496 STUDENT TEACHING (GRADES 1-3)

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 498. Planned teaching experience in schools selected and supervised by Office of Field Experience

INDEPENDENT STUDY

1-3 credits

Prerequisites: permission of adviser and department head. Specific area of curriculum investigation pertinent to elementary education as determined by student's academic needs.

STUDENT TEACHING COLLOQUIUM

Prepares students for the final phase of becoming decision makers. The colloquium will explore problems encountered in classrooms, initiate reflective practice and concepts of action research, and focus on preparation of unit outlines with emphasis on applied decision making.

MIDDLE LEVEL EDUCATION

100 ORIENTATION TO MIDDLE LEVEL EDUCATION

0 credits

Corequisites: 5100:200. Orientation to the information and strategies necessary for a student to be successful in the program, including portfolio development.

300 MIDDLE LEVEL EDUCATION

Corequisite: 5500:360. This course will review nature/needs of early adolescents; developmentally appropriate middle schooling; philosophy of school organizations; curriculum, pedagogy, and assessment: cultural and community contexts.

333 TEACHING SCIENCE TO MIDDLE LEVEL LEARNERS 4 credits (15 field hours) Coreguisite: 5500:370. A methods course for the prospective teacher to develop a point of view toward science teaching and strategies for effective standards-based teaching.

338 TEACHING SOCIAL STUDIES TO MIDDLE CHILDHOOD

3 credits

Prerequisites: 5100:300, 5500:360. A methods course to examine the school social studies curriculum and strategies for effective standards-based teaching.

342 TEACHING MATH TO MIDDLE LEVEL LEARNERS

Corequisite: 5500:370. Modern strategies of psychology and methodology in middle childhood mathematics on exploratory, structural and mastery levels of learning,

350 TEACHING LANGUAGE ARTS & MEDIA TO MIDDLE LEVEL LEARNERS Prerequisites: 5100:300, 5500:245, 5500:286, 5500:360.A methods course for examining current practices and materials for integrating the language arts including listening, speaking, reading, writing, drama and media.

351 MODES OF WRITING FOR THE MIDDLE GRADES Prerequisite: Admission to College of Education's Teacher Education Program. This course will

provide middle school languages arts teachers the understandings and skills necessary to teach writing in varieties of forms and modes including newswriting.

430 SENIOR HONORS PROJECT: MIDDLE LEVEL EDUCATION Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry. (May be repeated for a total of six credits.)

480 SPECIAL TOPICS: MIDDLE SCHOOL

1-4 credit

3 credits

Prerequisite: permission of instructor. (May be repeated with change of topic.) Group study of special topics in middle childhood of critical contemporary concern in professional education.

Elective workshop for Middle Childhood majors who would like to pursue further refinement of

495 STUDENT TEACHING (GRADES 4-6)

teaching skills. Emphasis in demonstrations of teaching techniques and development.

496 STUDENT TEACHING (GRADES 7-9)

Planned teaching experience in schools selected and supervised by Office of Field Experience.

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio; senior status. Corequisite: 498. Planned teaching experience in schools selected and supervised by Office of Field Experience.

INDEPENDENT STUDY

Prerequisite: Permission of adviser and department chair. Specific area of curriculum investigation pertinent to middle level education as determined by student's academic needs.

STUDENT TEACHING COLLOQUIUM: MIDDLE GRADES

Corequisite: 495 and 496. Prepares learner for final phase of becoming a decision maker. Explores problems encountered in the classroom, initiates reflective practice and concepts of

SECONDARY EDUCATION 5300:

100 ORIENTATION TO THE AYA/P-12/MULTI-AGE PROGRAMS

0 credits

rerequisite: admission to the College of Education's Teacher Education Program. Corequisite 5100:200. Orientation to the information and strategies necessary for a student to be successful in the program, including portfolio development.

311 INSTRUCTIONAL TECHNIQUES IN SECONDARY EDUCATION

5 credits (30 clinical hours, 50 field hours)

Prerequisite: 5500:370. Open to student who has completed certification requirements in all content fields. Techniques of planning, instruction and evaluation in various secondary teaching fields.

317 INSTRUCTIONAL TECHNIQUES: MODERN LANGUAGES - SECONDARY Focus on theories of language acquisition, models of instruction for teaching foreign languages/cultures and strategies that promote levels of proficiency/competency for adolescent

325 CONTENT READING IN SECONDARY SCHOOLS 3 credits (30 clinical hours) Instructional principles and practices for helping secondary school youth and adults learn subject matter through application of reading and study skills.

330 TEACHING ADOLESCENT/MIDDLE LEVEL LITERATURE 3 credits (30 clinical hours) Student develops skills for selection of literature that is well-suited for adolescent/middle level children. Student develops, uses, and experiences methods for teaching adolescent/middle level literature in the classroom.

395 FIFI D EXPERIENCE 1-3 credits Supervised work with voungsters, individually and in groups in school and/or community settings.

430 SENIOR HONORS PROJECT: SECONDARY

(May be repeated for a total of six credits) Carefully defined individual study demonstrating originality and sustained inquiry.

480 SPECIAL TOPICS: SECONDARY EDUCATION (May be repeated with a change in topic) Prerequisite; permission of instructor, Group study of

1-4 credits

special topics of critical, contemporary concern in professional education. 490.1.2.3/590.1.2.3 WORKSHOP 1-3 credits each

resources, planning of curriculum units.

Individual work under staff guidance on curriculum problems, utilization of community

494 EDUCATIONAL INSTITUTES 1-4 credits Special courses designed as in-service upgrading programs, frequently provided with the support of national foundations.

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 496. Planned teaching experience in schools selected and supervised by Office of Field

496 STUDENT TEACHING COLLOQUIUM

Concurrent with Student Teaching; emphasis on applied decision making, group problem solving, and commitment to life-long learning.

POSTSECONDARY TECHNICAL EDUCATION

5400:

301 OCCUPATIONAL EMPLOYMENT EXPERIENCE AND SEMINAR

Provides student with knowledge of current industrial or business practice at level minimally commensurate with that associated with employment expectations of graduates of technical programs.

351 CONSUMER HOMEMAKING METHODS

Prerequisites: senior standing, enrolled in student teaching. Organization of family and consumer sciences in secondary schools. Emphasis on methodology, techniques, development of vocational concepts, utilization of audio-visual materials, evaluation procedures

395 FIFI D EXPERIENCE

1-3 credits

Prerequisite: upper-college standing. Supervised work with youngsters, individually and in groups in educational institutions, training and/or community settings.

400/500 THE POSTSECONDARY LEARNER

Prerequisite: 401 or permission. Describes characteristics of the the postsecondary learner and studies issues, factors, and strategies pertinent to successful facilitation of learning in a variety of postsecondary occupational learning environments. Delivered in a totally online format and face-to-face format with Web enhancements.

401 LEARNING WITH TECHNOLOGY

Experiences in using, developing, and evaluating instructional technologies and media used for postsecondary education. Delivered in a totally online format and face-to-face format with Web enhancements. 405/505 WORKPLACE EDUCATION FOR YOUTH AND ADULTS

Prerequisite: 401 or may be taken as a corequisite or with permission of the instructor. History

and operations of current vocational education for youth and adults. Includes study of social, economic and political influences that stimulate growth and expansion of vocational education. Delivered in a totally online format and face-to-face format with Web enhancements.

415/515 TRAINING IN BUSINESS AND INDUSTRY

Prerequisites: 401 or permission. Examine the role and mission of the training function in the modern industrial setting. Foundation for students interested in industrial trainer or training supervision positions. Delivered in a totally online format and face-to-face format with Web enhancements

420 POSTSECONDARY INSTRUCTIONAL TECHNOLOGIES

Prerequisite: 401 or may be taken as a corequisite or with permission of the instructor. Experiences in using, developing, and evaluating instructional technologies and media used for technical instruction. Delivered in a totally online format and face-to-face format with Web

430/530 SYSTEMATIC CURRICULUM DESIGN FOR POSTSECONDARY INSTRUCTION 3 credits Prerequisite or corequisite: 401, 420. admission to program or permission of instructor. Procedure of breaking down an occupation to determine curriculum of their laboratory and classroom, developing this content into an organized sequence of instructional units. Delivered in a totally online format and face-to-face format with Web enhancements.

435/535 SYSTEMATIC INSTRUCTIONAL DESIGN IN POSTSECONDARY EDUCATION 3 credits Prerequisites or corequisites: 401, 420, 430, admission to program, or permission of instructor. Selected topics in instructional techniques appropriate in postsecondary technical education. Emphasis on instructional methods, techniques in classroom, laboratory including tests, measurements. Delivered in a totally online format and face-to-face format with Web enhance-

451/551 FAMILY AND CONSUMER SCIENCES JOB TRAINING

Prerequisite: senior standing or permission of instructor. Concept development in vocational family and consumer sciences. Job training, program development, operational procedures, skill and knowledge identification, training profiles, job description and analysis. Individualized study guides. In-school and on-the-job observations.

475 INSTRUCTIONAL PRACTICE SEMINAR

Prerequisites: 400, 401, 405, 415, 420, 430, 435, and admission to the Postsecondary Technical Education program with a "C" or better in each 5400 course and a 2.5 or better overall GPA. May be taken with 475. Micro teaching and portfolio development. Delivered in a totally online format and face-to-face format with Web enhancements.

Prerequisite: Admission to Teacher Education Program. Organizing instruction, use of oral lanquage development protocols, strategies for word skill development, comprehension and

3 credits

480 SPECIAL TOPICS: WORK FORCE EDUCATION AND TRAINING

(May be repeated with a change in topic) Prerequisite: permission of instructor. Group study of special topics of critical, contemporary concern in professional education. Delivered in a totally online format and face-to-face format with Web enhancements.

490,1,2/590,1,2 WORKSHOP

1-3 credits each

Individual work under staff guidance on curriculum problems, utilization of community resources, planning of curriculum units. Delivered in a totally online format and face-to-face format with Web enhancements.

Prerequisite: 5500:230. Focus on developing learner competencies in the use of instructional

technologies to enhance both the instructor's personal and professional productivity. 1-4 credits

495 POSTSECONDARY EDUCATION PRACTICUM

Group study of special topics of critical, contemporary concern in professional education. (May be repeated with change in topic.)

Prerequisites: 400, 401, 405, 415, 420, 430, 435 and admission to the Postsecondary Technical Education program with a "C" or better in each 5400 course and a 2.5 or better overall GPA in 5400 courses, and an overall GPA of 2.5 or better. May be taken with 5400:475. Directed

instruction under the supervision of directing instructor and university supervisor, and develop-ment of instructional portfolio. Delivered in a totally online format and face-to-face format with

484/540 PRINCIPLES OF BILINGUAL/MULTICULTURAL EDUCATION An introduction to the theoretic, cultural, sociolinguistic bases of bilingual/multicultural education. Legislation, court decisions, program implementation included.

497 INDEPENDENT STUDY

1-3 credits

Area of study determined by student's need.

485/541 TEACHING LANGUAGE LITERACY TO SECOND LANGUAGE LEARNERS Prerequisite: Admission to the College of Education. Course applies methodologies for teaching reading, language arts in the bilingual/multicultural classroom. The bilingual student's native language, culture stresses

CURRICULUM AND INSTRUCTION

5500:

230 EDUCATIONAL TECHNOLOGY

3 credits

Prerequisite: admission to the College of Education. Corequisite: 200. Educational Technology encompasses effectively identifying, locating, evaluating, designing, preparing, and efficiently using educational technology as instructional resources in the classroom to support learning and teaching.

245 UNDERSTANDING LITERACY DEVELOPMENT

and functional spelling in language learning.

AND PHONICS

3 credits (10 hours of service learning) Prerequisite: admission to Teacher Education Program. Children's literacy development is explored through an integrated instructional model, with emphasis on the role of comprehension, phonics,

TEACHING MULTIPLE TEXTS THROUGH GENRE 3 credits (10 hours of service learning) Prerequisite: 245. Survey of children's literature through print and nonprint media. Genres will be explored through a variety of technologies, including computer software and film.

310 INSTRUCTIONAL DESIGN

Prerequisite: 5100:210, 5100:211; Corequisite: 311. Design and teach lessons using instructional models, strategies, and resources for students with different characteristics and design appropriate assessments to measure content mastery.

311 INSTRUCTIONAL RESOURCES

3 credits Prerequisites: 5100:210, 5100:211; Corequisite: 310. Examines existing and developing media, technological, human and environmental resources as they relate to learning. Includes identifying, locating, evaluating, using, designing, and preparing educational resources.

320 DIVERSITY IN LEARNERS

3 credits

Prerequisites: 5100:210, 5100:211. Students learn to appreciate common core culture, the diversiin the student population and the democratic ideal of equal access to educational opportunity. (10 hours of field experience included.)

330 CLASSROOM MANAGEMENT

Prerequisites: 5100:210, 5100:211. Content regarding effective organization of the classroom as well as procedures and models for mediation of student behaviors will be presented.

LABORATORY PRACTICUM IN READING

3 credits

Prerequisite: 445. Laboratory experience with classroom, small groups and individual situations. A student diagnoses, implements procedures and follows prescribed reading improvement practices.

360 EDUCATIONAL PLANNING:

INSTRUCTION, ASSESSMENT & CLASSROOM MANAGEMENT

3 credits

Prerequisite: 230, 5100:200, 220, 5610:225. Corequisite: 5100:300. Theoretical foundations for standards-based thematic units and lesson plans, classroom assessment and organization; including procedures and models for mediating student behavior and classroom management.

370 EDUCATIONAL IMPLEMENTATION:

INSTRUCTION, ASSESSMENT & CLASSROOM MANAGEMENT

Prerequisite: 360, 5100:300, Interpretation and application of standards-based thematic units and lesson plans; classroom assessment and organization, including mediation of student behaviors and classroom management.

440/522 CONTENT AREA LITERACY

3 credits (10 hours of service learning)

Prerequisite: 245 or permission of instructor. Nature of reading skills relating to content subjects. Methods and materials needed to promote reading achievement in content subjects by the elementary classroom teacher

442/524 TEACHING READING TO CULTURALLY DIVERSE LEARNERS

3 credits

Prerequisite: 245 and 286. The course is designed to provide a student with knowledge, skills and attitudes which will enable employment of effective methods of teaching reading to culturally different learners, and/or learners whose language patterns are nonstandard.

445 EVALUATING LANGUAGE LITERACY

3credits (30 hours field experience)

Prerequisite: 245, 286, 440. Explores assessment of students' progress in language literacy. Formal and informal instruments identifying progress in reading, writing, speaking, and listening are examined linked to work in the field.

450/550 NATURE, HISTORY AND PHILOSOPHY OF SCIENCE

(May be repeated with a change in topic) Provides opportunities to examine the historical and philosophical perspectives of science in an online medium and the impact of science and technology on science

486/542 TEACHING MATHEMATICS, SOCIAL STUDIES AND SCIENCE

3 credits

4 credits

TO BILINGUAL STUDENTS Prerequisites: Completion of all age-appropriate methods courses. Course applies methodologies for teaching mathematics, science, social studies in the bilingual/multicultural classroom. The bilingual student's native language stressed.

487/543TECHNIQUES FOR TEACHING ENGLISH AS A SECOND

4 credits

LANGUAGE IN THE BILINGUAL CLASSROOM Course includes teaching language skills to Limited English Proficient students in grades K-12, administration of language assessment tests, selection and evaluation of materials

490,1, 2/590,1,2 WORKSHOP

1-3 credits

Emphasizes development of teaching devices and/or curriculum units, demonstration of teaching techniques

497 INDEPENDENT STUDY

455/555 LITERACY FOR MULTIAGE LICENSURE

assessment as they relate to content areass

475 INSTRUCTIONAL TECHNOLOGY APPLICATIONS

Specific area of curriculum investigation pertinent to the general curriculum and instruction area as determined by the student's academic needs.

PHYSICAL EDUCATION

5540:

120-83 PHYSICAL EDUCATION

0.5 credit each

Participation in individual and group sports. Individual can acquire knowledge and skill in activities which may be of value and satisfaction throughout life. One-half credit courses are offered one-half semester. Permission of coach necessary for enrollment in varsity sports(170-181).**

120 ARCHERY 150 TENNIS (beginning) 121 BADMINTON 151 VOLLEYBALL 122 BASKETBALL 155 BASIC KAYAKING‡ 123 BOWLING 170 VARSITY BASEBALL 126 FITNESS AND WELLNESS‡ 171 VARSITY BASKETBALL VARSITY CROSS COUNTRY 127 GOLF 172 132 KARATF± 173 VARSITY FOOTBALL 133 LIFEGUARD TRAINING±± 174 VARSITY GOLF 135 RACOUFTRALL 175 VARSITY SOCCER 122 SCLIBAT 176 VARSITY SOFTRALL 139 SELE DEFENSES 177 VARSITY SWIMMING SKIING (downhill) 178 VARSITY TENNIS 141 142 SOCCER 179 VARSITY TRACK SQUARE AND FOLK DANCE 181 VARSITY VOLLEYBALL 144 SWIMMING (beginning) 182 VARSITY RIFLERY 146

190 SPECIAL TOPICS: GENERAL EDUCATION PHYSICAL EDUCATION Weight training, self defense for the blind, water safety instruction, beginning yoga, tai chi, bil-

liards, intermediate and advanced bowling, intermediate and advanced golf, advanced self defense 200 LIFEGUARD INSTRUCTOR This course is designed to train students to teach the American Red Cross lifeguard training

183 VARSITY CHEERI FADING

courses. 201 WATER SAFETY INSTRUCTOR

147 SWIMMING (intermediate)

2 credits

This course is designed to train students to teach swimming and water safety courses from Pre-K to adult.

206 ORIENTERING

1 credit

This course teaches map and compass skills and introduces the sport of orienteering. This is an active, hands-on course. No previous experience is necessary

207 INTRODUCTION TO ROCK CLIMBING This course teaches basic rock-climbing skills. No previous experience in necessary.

1 credit 1 credit

208 BACKPACKING This course teaches backpacking and camping skills. An weekend trip is included. No previous

previous experience is necessary.

209 FLATWATER CANOE TRIPPING 1 credit This course teaches canoeing and camping skills. An overnight trip is included. No previous canoeing or camping experience is necessary

PHYSICAL EDUCATION

100 INTRODUCTION TO SPORT/EXERCISE STUDIES

3 credits

Provides student with general overview of career opportunities within sport/exercise studies. Emphasis placed on the understanding of the field of sport studies, exercise science and wellness education

102 PHYSICAL EDUCATION ACTIVITIES I: FITNESS, LEISURE & HEALTHY LIFESTYLE

3credits (30 clinical hours)

Introduction to fitness and leisure activities, as well as healthy life style. Knowledge of developing programs that lead to fitness, leisure and healthy life style for individuals as well as groups.

110 INTRODUCTION TO ATHI FTIC TRAINING

Provides an overview of the Sports Medicine team and the components of a comprehensive athletic healthcare program. Introduces the student to the profession of athletic training.

130 PHYSICAL EDUCATION ACTIVITIES FOR CHILDREN 2 credits (30 clinical hours) For a physical education majors only. Participation in methods, activities and issues relating to pre-K through elementary physical education programs. One lecture and two laboratory periods per week.

150 CONCEPTS IN HEALTH AND FITNESS

Introduction to basic health and fitness concepts and related topics. Attention will be given to individual fitness programs emphasizing such topics as aerobic and anaerobic exercises, nutrition, diet, stress, and assessment methods and procedures.

193 ORIENTATION TO PHYSICAL EDUCATION 3 credits (10 field hours, 22 clinical hours) Introduction to physical and health education to students who pursuit state license in teaching physical and health education. It's also the required course before the admission to the college of education.

194 SPORTS OFFICIATING

2 credits (8 clinical hours)

Knowledge of rules for interscholastic sports and officiating techniques. Successful completion of course permits taking of state examination for officiating. Two lectures and one laboratory

195 CONCEPTS OF GAME AND PLAY

2 credits (10 clinical hours) Concept analysis of games and play and application of these concepts to the teaching/learning process in physical education at all ages.

AQUATIC FACILITY MANAGEMENT

This course is designed to explore, acquire, and discuss knowledge and techniques for aquatic facility operation and management.

201 KINESIOLOGY

3 credits (8 clinical hours) Prerequisites: 3100:200/201 or 3100:202/203. Application of basic principles of anatomy and mechanics to human movement Three hours lecture with practical application and demonstrations.

202 DIAGNOSIS OF MOTOR SKILLS

3 credits (30 clinical hours)

Prerequisite: 5550:201. This course introduces athletic trainers and physical education majors to the sciences of diagnosing motor skills.

203 MEASUREMENT AND EVALUATION IN PHYSICAL EDUCATION

3 credits (20 clinical hours)

Statistical procedures needed for analysis and interpretation of tests. Evaluation procedures, testing instruments, and techniques for administering tests are discussed and practiced. Three hours lecture.

204 PHYSICAL EDUCATION ACTIVITIES II: TEACHING INDIVIDUAL AND TEAM SPORTS

3 credits (30 clinical hours)

Introduction of individual and team sports that commonly taught in schools. Courses presents knowledge, fundamental skill development, and psychomotor skills analysis for the content

205 PHYSICAL EDUCATION ACTIVITIES III: TEAM SPORTS 2 credits (30 clinical hours) The purpose of this course is to teach students how to teach team sports.

211 FIRST AID AND CARDIOPULMONARY RESUSCITATION Based on American Red Cross standards for first aid and cardiopulmonary resuscitation. Instruction and skills practice for sudden illness/emergencies is provided. Two hours lecture.

212 FIRST AID AND CPR FOR THE PROFESSIONAL RESCUER

Prerequisite: permission of instructor. First aid and cardiopulmonary resuscitation for health care professionals based upon American Red Cross standards. Instruction and skills practice for sudden illness/emergencies is provided.

220 HEALTH PROMOTION AND BEHAVIOR CHANGE

Prerequisite: 150. Course will translate theories of behavioral science for health professionals who are involved in planning, developing, implementing or evaluating physical activity programs.

230 EDUCATIONAL TECHNOLOGY

Prerequisite: admission to the College of Education. Corequisite: 200. Educational Technology encompasses effectively identifying, locating, evaluating, designing, preparing, and efficiently using educational technology as instructional resources in the classroom to support learning and

235 CONCEPTS OF MOTOR LEARNING

motor skills. Three hours lecture.

3 credits (10 field hours, 10 clinical hours) AND DEVELOPMENT This course will introduce key motor learning concepts and analysis of developing fundamental

240 CARE AND PREVENTION OF ATHLETIC INJURIES

Prerequisites: 3100:200/201/202/203. This course will provide an introduction for the student in relation to numerous aspects of athletic training, including injury recognition/evaluation, management, treatment and rehabilitation.

- ** Varsity sports are one credit each.
- One credit each. Two periods each week.
- ## Two credits each.

241 CARE AND PREVENTION OF ATHLETIC INJURIES LAB Prerequisites: 3100:200/201. Corequisite: 3100:200/202; 240. This course is designed to allow students to learn, practice, and become competent and proficient in the psychomotor skills associated with basic injury prevention, evaluation, management, and treatment of physically

active individuals in the practice of athletic training as defined by the NATA educational compe-245 ADAPTED PHYSICAL EDUCATION 3 credits (30 clinical hours, 10 field hours)

Identification of atypical movement among various exceptional individuals, with adapted physical education programming experience in a laboratory setting. Two hours lecture and two hours lab.

250 PRINCIPLES OF ATHLETIC TRAINING Prerequisites: 3100:200, 201, 202, 203. This course will cover principles and techniques used in evaluation of musculoskeletal injury. It is primarily a hands on laboratory course with practical application.

260 SPORTS RULES AND REGULATIONS

This course will address the most common rules and regulations of common athletic competitions paying specific attention to injuries and injury time.

300 PHYSIOLOGY OF EXERCISE FOR THE ADULT AND ELDERLY*

Prerequisite: 302. Analysis of physiological effects of exercise on elderly. Exercise programs adaptable for use by persons working with elderly. Three hours lecture. 302 PHYSIOLOGY OF EXERCISE* 3 credits (30 clinical hours)

Prerequisites: 3100:200/201 or 3100:202/203. A course designed to study the physiological effects of exercise relative to physical education activities, athletics and athletic training. Two hours lecture, two hours laboratory.

305 CLINICAL EXPERIENCE I

Prerequisite: by permission only. Improves the student's psychomotor skills in the following domains of athletic training: injury prevention, injury recognition/evaluation and management, therapeutic exercise and rehabilitation.

306 PHYSICAL EDUCATION ACTIVITIES IV* **BADMINTON AND GOLF**

2 credits (30 clinical hours)

Course presents knowledge, fundamental skill development, and psychomotor skill analysis for the content areas of badminton and golf. One hour lecture, two hours lab.

307 PHYSICAL EDUCATION ACTIVITIES V* TENNIS AND VOLLEYBALL

2 credits (30 clinical hours)

Course presents knowledge, fundamental skill development, and psychomotor skill analysis for the content areas of tennis and volleyball. One hour lecture, two hours lab.

308 PHYSICAL EDUCATION ACTIVITIES VI* DANCE AND TUMBLING

2 credits (30 clinical hours)

Course presents knowledge, fundamental skill development, and psychomotor skill analysis for the content areas of dance and tumbling. One hour lecture, two hours lab.

327 EXERCISE LEADERSHIP

3 credits Prerequisite: 302. Students learn principles of teaching safe and effective exercises designed to enhance physical fitness. Course will assist students in preparing for a group exercise certification.

330 EXERCISE AND WEIGHT CONTROL

Prerequisite: 302. Course will focus on role of exercise in regard to its positive influences on weight control. The hazards and implications of being overweight are studied.

335 MOVEMENT EXPERIENCES FOR CHILDREN*

3 credits (20 clinical hours, 10 field hours)

Prerequisites: 130, 193, 235, Course focuses on use of fundamental motor skill analysis to structure movement lessons for children from early childhood through elementary years. One hour lecture, two hours lab.

336 MOTOR LEARNING AND DEVELOPMENT FOR EARLY CHILDHOOD*

2 credits (10 field hours)

Physical fitness, fundamental motor skills, motor development and learning for early childhood, birth to age eight. Creating an environment of motor experiences for young children.

345 INSTRUCTIONAL TECHNIQUES FOR CHILDREN IN PHYSICAL EDUCATION*

3 credits (30 clinical hours)

Prerequisites: 130 and 193. Microteaching experience with the purpose being to improve preservice instructional skills for effective teaching of multi-age physical education.

346 INSTRUCTIONAL TECHNIQUES IN SECONDARY PHYSICAL EDUCATION*

3 credits (30 clinical hours)

Prerequisites: 102, 193 and 204/205. Presentation of various teaching styles/skills/behaviors for effective teaching of secondary physical education via microteaching. Two hours lecture, two hours lab

352 STRENGTH AND CONDITIONING FUNDAMENTALS* Prerequisite: 200, 201, 202, 203. This course will address CAAHEP competencies in the area of strength and conditioning of physically active individuals.

355 EXERCISE IN SPECIAL POPULATIONS Prerequisites: 302, 403, Advanced course in clinical exercise testing and prescription relative to disease of the cardiovascular, pulmonary, metabolic, musculoskeletal, neuromuscular, and

360 PRACTICUM I AT

immunologic systems.

Prerequisites: 3100:200, 201, 202, 203. This is a senior-level athletic training course focusing on the refinement of practical skills and preparation for the NATABOC certification examination.

Prerequisite; permission of adviser, Corequisite; permission of adviser, Practical experience in an area related to physical education under supervision of faculty member. Student works with current physical education programs or exercise science settings. May be repeated for a maximum of 12 credits

Students must be in the College of Education to take 300/400 level courses

400/500 MUSCULOSKELETAL ANATOMY I: UPPER EXTREMITY

3 credits

Prerequisite: 3100:200, 3100:202. This course includes lecture/laboratory activities to provide the student a comprehensive learning experience in upper extremity musculoskeletal anatomy

401/501 MUSCULOSKELETAL ANATOMY II: LOWER EXTREMITY

443 THERAPEUTIC MODALITIES LAB

442/542 THERAPEUTIC MODALITIES

1 credit

Prerequisites: 3100:200/201/202/203. Corequisite: 443. This course will promote student medical and technical aspects of therapeutic modalities and pharmacological agents in the treatment and rehabilitation of injured physically active individuals.

Prerequisites: 3100:200/201, 3100:202/203. Corequisite: 442. This course is designed to allow students to learn, practice, and become competent and proficient in the psychomotor skills

Prerequisites: 3100:200, 3100:202, 201 and 240. This course includes lecture laboratory activities

to provide the student a comprehensive learning experience in lower extremity musculoskeletal

403 EXERCISE TESTING*

3 credits

Prerequisite: 302. This course will cover basic knowledge of exercise testing and interpretation of results. Cardiovascular and muscular fitness aspects will be measured.

404 EXERCISE PRESCRIPTION*

Prerequisites: 403 or instructor's permission. This course focuses on how to appropriately prescribe exercise for various populations (young, middle-aged, elderly, pregnant, diseased-states).

405 CLINICAL EXPERIENCE II

2 credits

Prerequisite: by permission only. Improves the student's performance in the following domains of athletic training: injury prevention, injury recognition/evaluation and management, education

409 HUMAN DYNAMICS OF SPORTS AND EXERCISE

Prerequisite: 302. The focus of this course is the behavior of athletes and sport participants studied within the context of play, games, and sport.

410/510 INTRODUCTION TO SPORT SOCIOLOGY

3 credits

Provides information to students about the sociological aspects of sport. The course will educate students about gender and sport, race and sport, economics in sport, media and sport, children and sport, and intercollegiate athletics.

412 GENERAL MEDICAL ASPECTS

3 credits Prerequisite: 3100:200/201; 3100:202/203; by permission. Covers various topics related to sports medicine and general medical conditions. Students will gain perspectives and exposure to a variety of allied health care professionals.

415 SEMINAR IN ATHLETIC TRAINING

2 credits

3 credits

Prerequisites: 3100:200, 201, 202, 203. This is a senior-level athletic training course focusing on the refinement of practical skills and preparation for the NATABOC certification examination.

418/518 CARDIORESPIRATORY FUNCTION

Prerequisite: 302 for 418. This course is designed to study the normal structure and function of the respiratory system and how it is affected by different types of disease.

420/520 SPORT MANAGEMENT

3 credits

This course seeks to explore, acquire, and discuss knowledge within the theoretical and applied management practices of sport, fitness, and instructional programs.

422/522 SPORT PLANNING/PROMOTION

Analysis of marketing/promotions from a sport manager's perspective. Emphasis on marketing strategy, tactics and development in sport delivery systems.

424/524 SPORT LEADERSHIP

This course has been designed to introduce the students to current issue related to leadership, management, and supervision. Course also will examine current sport leadership research as well as the fundamental governance structure of amateur and professional sport organizations.

426/526 NUTRITION FOR SPORTS

3 credits

Prerequisite: 7400:133 for 426. This course will provide an explanation of the consumption, absorption and recommendation for diet of athletes and the physically active individual.

430 SENIOR HONORS PROJECT: PHYSICAL EDUCATION*

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry.

432 THERAPEUTIC EXERCISE & REHABILITATION: UE 3 credits Prerequisites: 3100:200, 201, 202, 203. This course will address CAAHEP standards and guide-3 credits lines for competencies and proficiencies in exercise and rehabilitation techniques of the upper extremity in a physically active population.

433 THERAPEUTIC EXERCISE & REHABILITATION: UE LAB

Prerequisites: 3100:200, 201, 202, 203. This course will address CAAHEP standards and guidelines for competencies and proficiencies in exercise and rehabilitation techniques of the upper extremity in a physically active population.

436/536 FOUNDATIONS AND ELEMENTS OF ADAPTED PHYSICAL EDUCATION* 3 credits

Principles, components, and strategies necessary in providing motor activities for handicapped students via application of a neurodevelopmental model and alternate methods. Three hours lecture.

438/538 CARDIAC REHAB PRINCIPLES

Prerequisite: 302 for 438. This course will teach students to core competencies for cardiac rehab professionals, based upon the American Association of Cardiovascular and Pulmonary Rehabilitation Specialists (AAVCPR).

439 ADVANCED ATHLETIC INJURY MANAGEMENT: UPPER EXTREMITY LAB

Prerequisites: by permission only. Corequisite: 441. This course is designed to allow students to learn, practice, and become competent and proficient in the psychomotor skills associated with upper extremity evaluation as defined by the NATA. Includes a 300-hour clinical sport rotation

440/540 INJURY MANAGEMENT FOR TEACHERS AND COACHES

Prerequisites: 211. This course challenges the student to understand ways to provide and care for the safety of individuals they teach or coach.

441/541 ADVANCED ATHLETIC INJURY MANAGEMENT/ UPPER EXTREMITY*

Prerequisites: 201, 240, 241, 3100:200/201/202/203. Corequisite: 439. This is a comprehensive course designed for the student to display knowledge/psychomotor skills in injury evaluation/recognition in the upper extremity.

Students must be in the College of Education to take 300/400 level courses.

associated with the use of therapeutic modalities and pharmacological agents in the practice of athletic training as defined by the NATA.

444 THERAPEUTIC EXERCISE AND REHABILITATION: LE LAB
Prerequisites: 201, 302 and 3100:200/201, 3100:202/203. Corequisite: 445. This course is designed to allow students to learn, practice, and become competent and proficient in the psychomotor skills associated with the use of therapeutic exercise and current rehabilitation techniques in the practice of athletic training as defined by the NATA.

445 THERAPEUTIC EXERCISE AND REHABILITATION LE

3 credits

Prerequisites: 201 and 302, 3100:200/201/202/203. Corequisite: 444. This is a comprehensive course covering exercise prescription for injured active individuals, determination of therapeutic goals and selection of rehabilitation techniques.

449 ORGANIZATION AND ADMINISTRATION FOR HEALTH CARE PROFESSIONALS 3 credits Prerequisite: senior level status and permission only. This class is a requirement for Athletic Trainers and Exercise Science majors. This class presents the skills necessary for supervising a health care facility.

450 ORGANIZATION AND ADMINISTRATION OF PHYSICAL EDUCATION, **INTRAMURALS, AND ATHLETICS***

3 credits

Prerequisite: instructor's permission. Investigation of procedures for conducting physical education, intramural, and athletic programs. Includes tournament designs, supplies and equipment, liability, curriculum, and general administration. Three hours lecture.

451/551 ASSESSMENT AND EVALUATION IN ADAPTED PHYSICAL EDUCATION*

3 credits (20 clinical hours)

Prerequisites: permission of adviser. Investigation, analysis, and selection of appropriate assessment instruments, as well as methodology for determining instructional objectives and activities for handicapped students. Three hours lecture.

452 FOUNDATIONS OF PHYSICAL EDUCATION* Overview of the emergence of physical education as a profession and the supporting role of

underlying scholarly and scientific disciplines. Three hours lecture. 453/553 PRINCIPLES IN COACHING 3 credits (10 clinical hours) Basics for becoming a successful coach. Discussion of principles applying to most sports, players and coaches. Ten (10) clinical hours required.

3 credits

455/555 MOTOR DEVELOPMENT OF SPECIAL POPULATIONS* 3 credits Prerequisite: permission of adviser. Task analysis essential to structuring activity sequences for motor skills and lifetime fitness activities for handicapped students. Three hours lecture.

459 PRACTICUM SEMINAR

1 credit

Prerequisite: permission of instructor. This course will focus on the professional development process, including practicum preparation, resume development, interview skills and job search strategies.

460 PRACTICUM IN PHYSICAL EDUCATION*

1-6 credits (90-180 field hours)

Prerequisites: permission of adviser. Corequisite: permission of adviser. Practical work experience with certified personnel in a discipline or profession related to physical education or sport and exercise science. May be repeated for a maximum of 12 credits.

462/562 LEGAL ASPECTS OF PHYSICAL ACTIVITY

2 credits This course will overview legal and ethical elements of greatest concern to specialists in sport and physical activity. Cases used to illustrate specific points. Topics vary.

465/565 PSYCHOLOGY OF INJURY REHABILITATION

2 credits

Prerequisites: 3100:200, 201, 202, 203. This course will address the cognitive and affective aspects of injury and rehabilitation of injury. Specifically the stages of rehabilitation and techniques to aid in the rehabilitation process.

467 PRACTICUM II AT Prerequisites: 3100:200, 201, 202, 203. This course will allow the students to practice psy-

chomotor skills in the high school setting while being supervised by a certified athletic trainer. 470/570 ORTHOPEDIC INJURY & PATHOLOGY

Prerequisites: 3100:200, 201, 202, 203. This course will discuss common musculoskeletal pathology and surgical procedure associated with a physically active population. 475 ADVANCED ATHLETIC INJURY MANAGEMENT: LOWER EXTREMITY Prerequisites: 240, 241 and 201; 3100:200, 201, 202, 203. Corequisite: 476. This is a comprehensive

course designed for the student to display knowledge/psychomotor skills in injury evaluation/recogni-

tion of the lower extremity.

1-3 credits each

ADVANCED ATHLETIC INJURY MANAGEMENT: LOWER EXTREMITY LAB Prerequisites: 201, 240, 241 and 3100:200/201, 3100:202/203. Corequisite: 475. This course is designed to allow students to learn, practice, and become competent and proficient in the psychomotor skills associated with lower extremity evaluation as defined by the NATA.

490.1.2.3/590.1.2.3 WORKSHOP*

Practical, intensive and concentrated involvement with current curricular practices in areas related to physical education

494 STUDENT TEACHING COLLOQUIUM FOR PHYSICAL AND HEALTH EDUCATION*

2 credits (20 clinical hours)

Prerequisites: Core courses, program studies courses; corequisite: Student Teaching, 495. Students meet during student teaching to discuss concerns about student teaching and analyze previous learning as it relates to their future as a professional educator.

495 STUDENT TEACHING FOR PHYSICAL AND HEALTH EDUCATION*

10 credits (480 field hours)

Prerequisites: approval of the Student Teaching Committee, consideration based upon approved application to student teaching, passing PRAXIS II subject test and approved portfolio. Corequisite: 494. Planned teaching experience in schools selected and supervised by the Office of Extended Field Experiences

497 INDEPENDENT STUDY*

1-6 credits (30-60 field hours)

Prerequisite: permission of adviser. Corequisite: permission of adviser. Analysis of specific topic related to a current problem in physical education or sport and exercise science. May be repeat-

OUTDOOR EDUCATION

5560:

430 SENIOR HONORS PROJECT: OUTDOOR EDUCATION

1-6 credits

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry.

440 INTRODUCTION TO OUTDOOR PURSUITS

3 credits

The purpose of this course is to introduce students to the varied but interrelated topics of Outdoor Pursuits, Adventure Education, Project Adventure, and New Games philosophy as they relate to Physical Education and Recreation programming.

450/550 APPLICATION OF OUTDOOR EDUCATION TO THE SCHOOL CURRICULUM 4 credits Provides knowledge, skills and techniques useful in application of outdoor education to school curriculum.

452/552 RESOURCES AND RESOURCE MANAGEMENT FOR TEACHING OUTDOOR EDUCATION

4 credits

Methodologies unique to outdoor education which incorporate a multisensory approach to learning. Instructional materials and resources which permit expansion of curriculum beyond the school building.

454 RESIDENT OUTDOOR EDUCATION

2 credits (20 field hours)

Skills, program considerations, and organizational techniques unique to an extended, overnight, resident outdoor education program. Off-campus location for four days and three nights

456/556 OUTDOOR PURSUITS

4 credits

Investigation and participation in practical experiences in outdoor pursuits.

458 ORGANIZATION AND ADMINISTRATION OF OUTDOOR PURSUITS

3 credits

The purpose of this course is to provide the basic information necessary for the preparation of educators, leaders and administrators of outdoor programs.

OUTDOOR EDUCATION PRACTICUM

Prerequisites: 452, 454. Closely supervised practical experience in conjunction with regularly scheduled classroom meetings. Laboratory experience consists of active participation with an established outdoor education program.

462 ADVENTURE THERAPY

This course will discuss the interaction of experimental learning and adventure therapy. Application of adventure experiences therapeutic processes will be analyzed and explored.

464 WILDERNESS EDUCATION ASSOCIATION OUTDOOR LEADERSHIP

3 credits This is the Wilderness Education Association Standard Program for Outdoor Leadership Certification.

490/590 WORKSHOP: OUTDOOR EDUCATION

1-3 credits

Practical application of contemporary ideas, methodologies, knowledge relevant to outdoor education. Emphasis on participant involvement in educational practices, utilizing the natural environment.

494/594 EDUCATIONAL INSTITUTES: OUTDOOR EDUCATION

Practical experience with current research or curricular practices involving expert resource persons in outdoor education.

497 INDEPENDENT STUDY

1-3 credits (30-90 field hours) Prerequisites: permission of adviser and supervisor of independent study. Provides varied opportunities for a student to gain first-hand knowledge and experience with existing outdoor educa-

HEALTH EDUCATION

5570:

101 PERSONAL HEALTH

2 credits (5 clinical hours)

This course applies the current principles and facts pertaining to healthful, effective living, personal health problems, and needs of the student. Two hours lecture.

201 FOUNDATIONS IN HEALTH EDUCATION 3 credits (10 field hours, 20 clinical hours) Prerequisite: 101. History and philosophy of health education as a discipline; professionalism and administration in health education are considered.

202 STRESS, LIFE-STYLE AND YOUR HEALTH

3 credits (20 clinical hours)

This course will provide knowledge and attitudes about the relationship between stress and physiological and psychological illness and disease as well as how to prevent and manage stress in daily life activities

322 CURRENT TOPICS IN HEALTH EDUCATION*

3 credits (20 clinical hours)

Prerequisites: 101, 201, 320. Skills needed to do research, teach, and present current health education topics in a factual and comfortable manner in schools and community. Three hours lecture.

350 MEASUREMENT AND EVALUATION IN **HEALTH EDUCATION***

3 credits (20 clinical hours)

Prerequisites: 101, 201, 202, 320, Presentation of measurement inventories and evaluation techniques in health education. Testing instruments, administering tests and evaluation procedures are discussed and practiced. Three hours lecture.

375 PROGRAM PLANNING AND EVALUATION

Prerequisites: 101, 201. This course addresses the process of planning and evaluating health education programs within the school and community.

395 FIELD EXPERIENCE IN HEALTH EDUCATION*

Prerequisite: permission of the adviser. On-site field experience will be conducted in an area related to pre-K-12health education under the supervision of a faculty member.

400 ENVIRONMENTAL ASPECTS OF HEALTH*

3 credits (5 field hours, 20 clinical hours)

Prerequisite: Major or minor in health education or instructor's permission. A study of the interrelationships of ecosystems and a healthful environment. This course investigates many aspects of the environment and their influences upon the quality of human life.

420 COMMUNITY AND PERSONAL HEALTH*

421/521 COMPREHENSIVE SCHOOL HEALTH

3 credits (20 clinical hours) 3 credits (20 clinical hours)

Introduction of current public and personal health issues. Organizations and their roles in public and personal health programs.

Prerequisites: 101, 201, 320. This course explains and presents comprehensive school health curricula for pre-K-12. The three components of a comprehensive school health program are pre-

423 METHODS AND MATERIALS OF **HEALTH EDUCATION***

3 credits (10 field hours, 20 clinical hours)

Prerequisites: 101, 201, 320, 5100:210/211, 5500:310/311. Planning, organization, use of instructional resources and delivery of health education content and teaching processes (pre K-12)

430 SENIOR HONORS PROJECT: HEALTH EDUCATION*

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and permission of student's preceptor. Carefully defined individual study demonstrating originality and sustained inquiry.

460 PRACTICUM IN HEALTH EDUCATION*

2 credits (60 field hours)

Prerequisite: permission of the adviser. The practicum in Health Education is an on-site participation in a community health organization, agency or resource.

INDEPENDENT STUDY IN HEALTH EDUCATION*

1-2 credits (30-60 field hours)

Prerequisite: permission of the adviser. Analysis of a specific topic related to a current problem in health education. May include investigative procedure, research or concentrated practical

EDUCATIONAL GUIDANCE AND COUNSELING

5600:

436 HELPING SKILLS FOR RESIDENT ASSISTANTS

2 credits

(Credit/noncredit) Prerequisite: open to resident assistants in University housing. A course designed to help student personnel workers become more effective in professional role

450/550 COUNSELING PROBLEMS RELATED TO LIFE-THREATENING ILLNESS AND DEATH

3 credits

Prerequisite: permission. Consideration of the global issues, current research, coping behavior, support systems and family and individual needs in regard to life-threatening situations

SPECIAL EDUCATION

5610:

100 ORIENTATION TO INTERVENTION SPECIALIST EDUCATION

Corequisite: 5100:200. Orientation to the information and strategies necessary for a student to be successful in the program, including portfolio development.

225 INTRODUCTION TO EXCEPTIONALITIES

0 credits

Prerequisite: admission to the College of Education's Teacher Education Program. Corequisite: 5100:200. Survey course covering the identification, developmental characteristics and intervention strategies for children and youth with exceptionalities across educational and community

380 MATH METHODS: SPECIAL EDUCATION

Prerequisite: Admission to the Teacher Education Program. Ensure the understanding of mathematics and to promote the prospective special education teacher's confidence in his/her own ability to teach mathematics.

395 FIFLD EXPERIENCE: SPECIAL EDUCATION Supervised work with youngsters, individually and in groups in school and/or community settings.

1-3 credits

403 STUDENT TEACHING COLLOQUIUM: SPECIAL EDUCATION An examination of problems, issues, and practices encountered during the student teaching expe-

430 SENIOR HONORS PROJECT: SPECIAL EDUCATION

(May be repeated for a total of six credits) Carefully defined individual study demonstrating originality and sustained inquiry.

440/540 DEVELOPMENTAL CHARACTERISTICS

OF EXCEPTIONAL INDIVIDUALS

3 credits (1 field hour)

Prerequisite: Admission to a College of Education Preparation Program or permission of the instructor. A survey course covering the identification, developmental characteristics, and intervention strategies for exceptional children and youth across educational and community settings.

447/547 INDIVIDUALS WITH MILD/MODERATE EDUCATIONAL NEEDS: CHARACTERISTICS AND IMPLICATIONS

Prerequisite: 225. Survey of the etiology, identification, classification, developmental characteristics of and intervention strategies for individuals with mild/moderate educational needs

448/548 INDIVIDUALS WITH MODERATE/INTENSIVE EDUCATIONAL NEEDS CHARACTERISTICS AND IMPLICATIONS

Prerequisites:7400:265 and 440/540. Survey of the etiology, diagnosis, classification and developmental characteristics of individuals with moderate/intensive educational needs.

450/550 SPECIAL EDUCATION PROGRAMMING: FARLY CHILDHOOD 3 credits (20 field hours) Prerequisites: 225,447/547 or 448/548. Developmental patterns of young children with disabilities and developmentally/exceptionality appropriate practices with respect to programming and adaptations.

451/551 SPECIAL EDUCATION PROGRAMMING: MILD/MODERATE I 3 credits (20 field hours) Prerequisites: 225 and 447/547. Educational implications regarding assessment, teaching strate gies, and adaptive materials necessary to meet the needs of school age students with mild/moderate educational needs.

452/552 SPECIAL EDUCATION PROGRAMMING:

SECONDARY/TRANSITION 3 credits (20 field hours) Prerequisites: 225, and 447/547 or 448/548. Study of diagnostic prescriptive service delivery systems designed to accommodate developmental patterns of secondary-level students with excep-

453/553 SPECIAL EDUCATION PROGRAMMING:

MODERATE/INTENSIVE I Prerequisites: 448/548. Development of the programming strategies including assessment, inter/transdisciplinary models, family involvement, IFSP/IEP/IP development, instructional practices based upon legal/ethical principles for individuals with moderate/intensive educational needs.

454/554 SPECIAL EDUCATION PROGRAMMING:

MODERATE/INTENSIVE II 4 credits (20 field hours) Prerequisites: 448/548, 453/553. Advanced program for providing educational planning and intervention for individuals with moderate to intensive educational needs. Focus is on developing a comprehensive educational program which will facilitate optimum functioning

457/557 SPECIAL EDUCATION PROGRAMMING: MILD/MODERATE II 4 credits (20 field hours) Prerequisite: 447/547, 451/551. Special educational implications regarding assessment, teaching strategies, and adaptive materials necessary to meet the needs of school age students with mild/moderate educational needs.

459/559 COLLABORATION & CONSULTATION IN SCHOOLS AND COMMUNITY Prerequisites: 225. Provides professional educators/intervention specialists with skills in collaboration and consultation for working with parents of exceptional individuals and other professionals within school/community settings.

460/560 FAMILY DYNAMICS AND COMMUNICATION IN THE EDUCATIONAL PROCESS 3 credits Prerequisites: 225. A study of family theory and structure along with beginning techniques for working with families of students with exceptionalities, in educational and community settings.

461/561 SPECIAL EDUCATION PROGRAMMING: EARLY CHILDHOOD MODERATE/INTENSIVE

Prerequisites: 440/540, 448/548. Developmental patterns of young children with moderate/intensive needs (ages 3-8) and developmentally appropriate practices in programming

463/563 ASSESSMENT IN SPECIAL EDUCATION

Prerequisites: 225. Prepares student to select, administer and interpret formal and informal assessment procedures and use resulting data in planning educational programs for exceptional individuals

464 ASSESSMENT AND EVALUATION IN EARLY CHILDHOOD

SPECIAL EDUCATION Prerequisites: 225 and 448/548. The assessment of children (three to eight) and their environment who are at risk for disabilities or currently in special education.

467/567 MANAGEMENT STRATEGIES IN SPECIAL EDUCATION

Prerequisite: 225. Corequisite: 447/547 or 448/548. Content emphasizing the development of application strategies with a variety of behavior management models for meditation of behaviors with exceptional individuals.

470/570 CLINICAL PRACTICUM IN SPECIAL EDUCATION

Prerequisite: Completion of all 5610: courses, except 486, 487 and 403. Corequisites: 403 and 486 or 487. Provides a pre-student teaching experience for students in the areas of assessment. program planning, instructional planning and presentation, classroom management, adaptations, and collaboration with parents and other educational professionals.

479/579 SEMINAR: INVITATIONAL STUDIES IN SPECIAL EDUCATION

(May be repeated for a total of four credits) Topical study with a varied array of disciplinary input. Staffing will be invited members of allied and contributing professions active in manage ment of exceptional children.

485 STUDENT TEACHING: FARLY CHILDHOOD INTERVENTION SPECIALIST

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 403. Planned teaching experience in schools selected and supervised by Office of Field Experience.

486 STUDENT TEACHING: MILD/MODERATE EDUCATIONAL NEEDS

Prerequisites: Approval of the Student Teaching Committee, considered based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 403. Planned teaching experience in schools selected and supervised by Office of Field

487 STUDENT TEACHING: MODERATE/INTENSIVE EDUCATIONAL NEEDS

Two full-time, five week supervised teaching experiences in the role of Intervention Specialist for students with moderate/intensive educational needs at the elementary and secondary levels.

ST: EARLY CHILD/EARLY CHILD INTERVENTION SPECIALIST

Prerequisite: Approval of the Student Teaching Committee, based upon approved application to student teaching, passing PRAXIS II subject test, and approved portfolio. Corequisite: 403, 470, 5200:495. Planned teaching experience in schools selected and supervised by the Office of Field Experience.

490,1,2,3/590,1,2,3 WORKSHOP

(May be repeated for a total of six credits) Designed to explore special topics in in-service or preservice education on a needs basis

497 INDEPENDENT STUDY: SPECIAL EDUCATION

1-3 credits

Specific area of investigation determined in accordance with student's needs.

SCHOOL PSYCHOLOGY 5620:

490/590 WORKSHOP

1-2 credits

Prerequisite: permission of instructor. Opportune topical experience provided periodically as needed and/or as resources become available.

491.2/591.2 WORKSHOP

1-3 credits each

Prerequisite: permission of instructor. Opportune topical experience provided periodically as needed and/or as resources become available.

494/594 SCHOOL PSYCHOLOGY INSTITUTES

1-4 credits

Prerequisite: permission of instructor. Specifically designed learning experience for program graduate focusing on critical topics.

SPECIAL EDUCATIONAL **PROGRAMS**

5800:

490/590 WORKSHOP IN ECONOMIC EDUCATION OR IN SOCIAL STUDIES

1-3 credits Individual work under staff guidance on curriculum problems; utilization of community resources; planning of curriculum units.

491/591 WORKSHOP IN ARITHMETIC OR IN PHYSICAL SCIENCE

Individual work under staff guidance on curriculum problems; utilization of community

resources; planning of curriculum units. 492/592 WORKSHOP IN READING 1-3 credits Individual work under staff guidance on curriculum problems; utilization of community

resources: planning of curriculum units.

1-3 credits

493/593 WORKSHOP ON EXCEPTIONAL CHILDREN Individual work under staff guidance on curriculum problems; utilization of community resources; planning of curriculum units.

494/594 INTERNATIONAL SCHOOL STUDY

3-6 credits

On-the-scene study of education in foreign countries, usually by concentrating on the study of schools in one restricted geographical area.

College of **Business** Administration

COOPERATIVE EDUCATION

6000:

301 COOPERATIVE EDUCATION

0 credits

(May be repeated) For cooperative education students only. Work experience in business, industry, or governmental agency. Comprehensive performance evaluation and written report required.

GENERAL BUSINESS

6100:

101 GLOBAL BUSINESS CONCEPTS AND PRACTICES

3 credits

An introductory course presenting the business firm throughout the world as an integrative unit that uses information from various functional fields in decision-making.

201 INTRODUCTION TO eBUSINESS

3 credits

Prerequisite: 24 credits. Provides a broad overview of e-business strategies, products and technologies. Discusses transformation of marketing, production and other business functions; and related legal, political, ethical and cultural issues

495 INTERNSHIP IN BUSINESS ADMINISTRATION

Prerequisite: Permission of designated faculty member. On-the-job experience with public or private sector organizations in the student's major field of study. Individual assignments are approved and supervised by the designated member of the faculty in the student's major field. Periodic reports and term papers are required.

497 HONORS PROJECT IN BUSINESS ADMINISTRATION

Prerequisite: Senior standing in Honors College. Individual senior honors thesis or creative project relevant to the student's major field of study. Individual projects are approved and supervised by the designated member of the faculty in the student's major field.

499 INDEPENDENT STUDY IN BUSINESS ADMINISTRATION

3 credits

Prerequisite: Permission of designated faculty member. Provides a means for individualized study of a problem(s) or issue in the student's major field of study.

FINANCE FOR **NON-BUSINESS STUDENTS**

6140:

(For non-College of Business Administration students.) A survey analysis of personal financial decisions related to budgeting, insurance, credit, and investments.

300 INTRODUCTION TO FINANCE

3 credits

accounting theory. 430/530 TAXATION I

(For non-College of Business Administration students.) Studies the sources and uses of funds for business

341 CONTEMPORARY INVESTMENTS

(For non-College of Business Administration students.) Fundamentals of investing in stocks, bonds derivatives, mutual funds, and closed-end investment companies for the individual investor

ACCOUNTANCY

201 ACCOUNTING PRINCIPLES I

3 credits

Prerequisite: 24 hours of college credit. Introduction to accounting concepts and terminology. Accounting for assets, liabilities, and equity.

202 ACCOUNTING PRINCIPLES II

Prerequisite: 201. Information needs of management. Analysis of cash flow and financial statements. Study of product costing systems; standard costs; planning, budgeting, and control systems; activity-based costing and activity-based management; cost-volume profit analysis; relevant costing; and capital budgeting.

250 MICROCOMPUTER APPLICATIONS FOR BUSINESS

Prerequisite: Computer proficiency and either 201 or 24 semester credit hours completed. Introduces analysis, design and development of business information systems. Provides handson experience with microcomputer applications such as spreadsheets, database management systems and Internet applications development.

301 COST MANAGEMENT AND ENTERPRISE RESOURCE PLANNING

Prerequisites: 3250:200, 250, and grades of not less than "C" in 201, 202 and 320 or 6500:350. Accounting majors must take 320. Product cost accumulation, cost management strategies, performance evaluation, role of cost in business decisions, and use of enterprise resource planning (ERP) systems as a cost management enabler.

316 FINANCIAL APPLICATIONS DEVELOPMENT

Prerequisite: 201, 6500:315. Analysis, design and development of financial and control applications. Integration of intelligent agents into financial information systems for risk assessment, control and assurance of business processes.

320 ACCOUNTING INFORMATION SYSTEMS

Prerequisites: 250, and grade of not less than "C" in 201. Covers AIS concepts, business modeling, accounting transaction cycles and internal control.

321 INTERMEDIATE ACCOUNTING I

3 credits

Prerequisite: 201 or permission of instructor. Accounting for cash, receivables, inventories, property, plant and equipment, intangibles and liabilities.

322 INTERMEDIATE ACCOUNTING II

Prerequisite: 321or permission of instructor. Accounting for owners' equity, investments, revenue recognition, tax allocations, pensions, leases, accounting changes, cash flows, segments, and

325 FINANCIAL ACCOUNTING SYSTEMS AND ENTERPRISE RESOURCE PLANNING 3 credits Prerequisite: 321 and 320 (must be taken by accounting majors) or 6500:350. Evaluation, selection, implementation, validation, assurance and use of enterprise resource planning systems and the impact of these systems on the finance function in organizations

408 INTERNATIONAL FINANCIAL REPORTING AND ANALYSIS

Prerequisites: 201, 202 and 6400:301 or equivalent. Understanding international accounting standards, preparing and analyzing foreign financial statements, international tax issues, accounting for foreign currency transactions, understanding transfer pricing and international auditing. (Not to be used as an accounting elective.)

410 TAXATION FOR FINANCIAL PLANNING

Provides students preparing for careers in financial planning with the necessary knowledge of federal tax law as applied to individuals and businesses. Not to be used as an accounting elec-

420/520 ADVANCED ACCOUNTING

Prerequisite: 322. Examination of accounting theory emphasizing accounting for business combina-

425 CURRENT DEVELOPMENTS IN ACCOUNTING Prerequisite: 322. Official pronouncements of Accounting Principles Board, Financial Accounting Standards Board and Securities and Exchange Commission, and other current developments in

tions, partnerships, foreign operations, nonprofit entities and consolidated statements.

Prerequisite: 321 or by permission of instructor. Federal tax law related to individuals. Master of Taxation students will not be able to take this course to satisfy tax electives in the Master of Taxation program.

431/531 TAXATION II

Prerequisite: 430/530 or permission of instructor. Federal income tax law related to partnerships, corporations, trusts and estates; also includes an overview of federal estate and gift tax law.

Prerequisites: admission to the College of Business Administration and 320, 322, 430, and 6500:221. Examines auditing standards and procedures used by independent auditors in determining whether a firm has fairly represented its financial position.

441 INFORMATION SYSTEMS AUDIT AND CONTROL

Prerequisite: 440 and 454 or permission of instructor. Learn the fundamental concepts and practices of information systems audit control. Use control objectives and standards by information systems control, audit and security organizations.

454 INFORMATION SYSTEMS SECURITY

Prerequisites: 202, 250 and 320 (must be taken by accounting majors prior to or concurrently with) or 6500:310. Focus on information systems risk and security in distributed business environments; develop policies, practices and systems for security of computers and data in business.

460 ADVANCED MANAGERIAL ACCOUNTING

Prerequisites: admission to the College of Business Administration and 301, 6500:330. The use of financial and non-financial information in decision making in both public and private sectors. Problem solving approach is emphasized.

470/570 GOVERNMENTAL AND INSTITUTIONAL ACCOUNTING

Prerequisites: 321 or equivalent. Theory and procedures involved in application of fund accounting, budgetary control, appropriations and various accounting systems to governmental units, educational, medical and other nonprofit institutions.

490/590 SPECIAL TOPICS IN ACCOUNTING

1-3 credits

Prerequisite: permission of instructor. Opportunity to study special topics and current issues in accounting. May be repeated with a change of subject.

ENTREPRENEURSHIP

6300:

201 INTRODUCTION TO ENTREPRENEURSHIP

Students are exposed to career options in entrepreneurship where they learn skills related to starting or buying a small business, working for fast growth business or corporation, family business and franchising. Open to all University students.

301 NEW VENTURE CREATION

3 credits

Prerequisite: 201 or by permission of instructor. Students work on the development of a business plan based on their chosen path in the field entrepreneurship (starting or buying a small business, working for fast growth business or corporation, new product family business or franchising). Open to all University students.

330 FINANCING NEW VENTURES

3 credits

Prerequisite: 201 or by permission of instructor. Exploration of financing, legal, taxation, and insurance issues involved with entrepreneurial ventures.

360 ENTREPRENEURIAL FIELD PROJECT

3 credits

Prerequisites: 201 or by permission of the instructor. A practical field experience where students work in a consulting role on an actual entrepreneurial project involving a small business development center, a small business incubator, or an existing small business.

450 BUSINESS PLAN DEVELOPMENT

Prerequisite: 301. Students will work independently, with mentoring from the instructor, on an entrepreneurial project. Students will gain hands-on experience in developing a business plan for starting, acquiring, or expanding a business.

FINANCE

6400:

200 FOUNDATIONS IN PERSONAL FINANCE

3 credits

3 credits

Prerequisite: 3250:200; 3450:141 or 3450:289 or 3450:145. Explores application of finance concepts in personal finance with emphasis on the personal financial planning process.

ern business must function. The legal system, public and private law, and contemporary social

THE LEGAL AND SOCIAL ENVIRONMENT OF BUSINESS Prerequisite: completion of 32 credits. Explores the legal and social environment in which mod-

Prerequisite: senior standing; 379; or permission of instructor. Capstone course with applica-

and ethical issues are addressed. 301 CORPORATE FINANCE

Prerequisites: 3250:200; 3450:141 or 3450:289A or 3450:145. An overview of the financial system and the major decision areas of the financial manager such as capital budgeting, financing, and working capital management.

Prerequisite: completion of 64 credits. Discussions designed to develop legal reasoning within substantive areas of contractual obligation, agency relationships, partnerships, corporations, accountant's legal responsibility, federal securities regulation and antitrust law.

3 credits

Prerequisite: completion of 64 credits. Applications of Uniform Commercial Code in sales, commercial paper and secured transactions. Additional discussions include property, wills, estates, trusts, bailments, insurance, suretyship, bankruptcy, and labor law.

323 INTERNATIONAL BUSINESS LAW

The law and international commercial transactions. Among the subjects covered are sovereignty; treaties; agreements; antitrust practices; property rights; international arbitration

338 FINANCIAL MARKETS AND INSTITUTIONS

3 credits

Prerequisite: 200 and 301 or 6140:300 or permission of instructor. Studies the flows of funds. Analyzes major financial intermediaries. Money and capital markets reviewed with emphasis on interest rates and their impact upon administration of specific financial intermediaries

343 INVESTMENTS

3 credits

Prerequisites: 6500:221 and 200 and 301 or 6140:300 or permission of instructor. Range of security investment media explored, alternative investment programs considered and role of securities markets through which goals can be achieved studied.

379 ADVANCED CORPORATE FINANCE

Prerequisite: 200, 301, 6200:250 and 6500:222. Theory and application of capital budgeting, capital structure, leasing, working capital management, and dividend policy within the financial infor-

390 REAL ESTATE PRINCIPLES: A VALUE APPROACH

A study of real estate: the profession, the process, and the product. Emphasis is on real estate as a product and the valuation process. The measurement of value requires tool abilities in accounting, statistics and finance.

402 INCOME PROPERTY APPRAISAL

Prerequisites: 200 and 301 or 6140:300; or permission of instructor. Advanced course in real property appraisal and valuation. Techniques and concepts will be covered along with the theory underlying such techniques.

403 REAL ESTATE FINANCE

Prerequisites: 200 and 301 or 6140:300; or permission of instructor. Advanced course in real estate covering financing of and investment in real property. Included are investment techniques, methods, institutions, instruments, valuation, appraisal and policy issues.

415 RISK MANAGEMENT AND INSURANCE

3 credits

Prerequisite: 200 and 301 or 6140:300; or permission of instructor. Concepts of life and health insurance, property and casualty insurance, and risk and risk management are addressed, including analysis of employee benefit issues.

417 RETIREMENT PLANNING

3 credits

Prerequisites: 200 and 301 or 6410:300 or permission of instructor. An in-depth examination of retirement and estate planning objectives, methods, and strategies including the study of employee benefits plans, public and private pension funds, and lifetime strategies for maximization of estate assets

424 LEGAL CONCEPTS OF REAL ESTATE

Study of concepts of law governing the many interests in real estate including acquisition, encumbrance, transfer, rights and obligations of parties, and the various state and federal regulations. The legal concepts of the business of real estate are likewise examined. Emphasis is on a managerial approach utilizing the case method.

432 SEMINAR IN FINANCIAL PLANNING

Prerequisites: 200 and 301 or 6140:300 or permission of instructor. Corequisites: 6200:410, 6200:430, 6400:343 and 6400:415. Explores financial planning function, including contact, data acquisition, plan development and implementation; addresses planning techniques and financial planning ethical issues

436 COMMERCIAL BANK MANAGEMENT

3 credits

Prerequisite: 6200:250 and 200 and 301 or 6140:300; or permission of instructor. Study of administrative policy determination and decision making within the commercial bank. Analysis of policy making in areas of liquidity, loan and security investment and sources of funds

438/538 INTERNATIONAL BANKING

Prerequisite: 200 and 301 or 6140:300. Examination of recent trends in the expansion of international banking activities and associated revenue maximizing strategies.

447 SECURITY AND PORTFOLIO ANALYSIS

3 credits

Prerequisite: 343 and 6200:250 or permission of instructor. Application of quantitative and qualitative techniques of analysis to fixed income and equity securities, and their composition weights in portfolios during different time periods.

473 FINANCIAL STATEMENT ANALYSIS

Prerequisites: 200 and 301or 6140:300 or permission of instructor. Analysis and interpretation of the financial position and performance of the business firm from the perspective of the credit and financial analyst. Emphasizes mechanics and art of financial analysis.

481 INTERNATIONAL BUSINESS FINANCE

3 credits

Prerequisite: 301 or 6140:300 or permission of instructor. Theory and practice of financial wealth maximization in the international business enterprise.

485 FINANCIAL STRATEGY

tions of financial management theories and tools to decisions in capital budgeting, capital structure, and working capital management.

490 SELECTED TOPICS IN FINANCE

1-3 credits

Prerequisite: 200 and 301 and 6200:250 or permission of instructor. Provides opportunity for study of special topics not covered in current finance courses

MANAGEMENT

6500:

221 QUANTITATIVE BUSINESS ANALYSIS I

3 credits

Prerequisite: 3450:145 or 3450:289 or 3450:141. Descriptive statistics: probability; sampling distributions; interval estimation; single sample hypothesis testing and p-values. Case analysis with written individual and team reports will be used.

222 QUANTITATIVE BUSINESS ANALYSIS II

Prerequisite: 221. Two-sample hypothesis testing; ANOVA; Chi-square tests; simple and multiple linear regression; nonparametric procedures; forecasting. Case analysis with written individual and team reports will be used.

301 MANAGEMENT: PRINCIPLES AND CONCEPTS

302 ORGANIZATIONAL BEHAVIOR AND LEADERSHIP SKILLS

3 credits

Prerequisites: 48 completed credit hours. An interdisciplinary approach to the study of the basic principles of general management theory and practice.

Prerequisite: 301. Investigation of applications of behavioral and social sciences as they relate to

individual, group behavior in organizations.

310 BUSINESS INFORMATION SYSTEMS Prerequisites: 48 completed credit hours and 6200:250 or equivalent. Provides a technical and organizational foundation for understanding the use and importance of information systems and information technology in today's business environment.

315 APPLICATIONS DEVELOPMENT FOR BUSINESS PROCESSES

3 credits

Prerequisite: 6200:250 and 48 completed hours. Analysis and automation of business operations and processes. Development of applications based on a simulated enterprise-wide database. 324 DATA MANAGEMENT FOR INFORMATION SYSTEMS Prerequisites: 6200:250 and 48 completed hours. An introduction to database design and manage-

ment, including data modeling, relational theory, Structured Query Language, and database applications, development, using database management systems. 325 ANALYSIS, DESIGN AND DEVELOPMENT OF INFORMATION SYSTEMS

3 credits

Prerequisite: 324. An introduction to the techniques of business modeling, systems design, and implementation, including the application of software engineering tools in support of modeling and code generation.

330 PRINCIPLES OF OPERATIONS MANAGEMENT

Prerequisites: 301 and 221 or equivalent. An overview of the terminology, fundamental concepts and functional scope of responsibility encountered in the field of operations management.

333 SUPPLY CHAIN AND OPERATIONS ANALYSIS

3 credits

Prerequisites: 222 and 330. Application of quantitative models in the analysis and design of systems in the supply chain and in manufacturing and service operations environments.

334 SERVICE OPERATIONS MANAGEMENT

3 credits

Prerequisite: 330. An overview of the fundamental terminology, principles, concepts and problem solving methods encountered in the contemporary field of service operations management.

341 HUMAN RESOURCE MANAGEMENT

Prerequisite: 390. Introduces the student to fundamental sourcing concepts as well as the

Prerequisites: one course in psychology or sociology. Corequisite: 301. Principles, policies, and practices in administering functions of recruiting, selecting, training, compensating, appraising human resources of organizations.

342 LABOR RELATIONS

3 credits

3 credits

Prerequisite: 64 completed credit hours and 341. Analysis of management, union and employee objectives, attitudes and strategy, as they affect conduct of business and economy. Stress placed on group assigned readings and reports.

350 FUNDAMENTALS OF ENTERPRISE RESOURCE PLANNING

Prerequisites: 6200: 250 Computer Applications for Business and 48 completed credit hours. The enterprise wide process of decreasing operating costs, rationalizing the supply chain, improving management control, and decreasing cycle time by implementing ERP based solutions

390 PRINCIPLES OF SUPPLY CHAIN MANAGEMENT

3 credits Prerequisite: completion of 48 credit hours. Coverage of the basic principles and concepts in supply chain management, including strategy, sourcing, distribution, performance metrics and technol-

410/510 SELECTED TOPICS IN ENTREPRENEURSHIP

Prerequisites: upper-college or graduate standing and 301 or 600 or equivalent. Facilitates comparative international study of entrepreneurship, introduction of entrepreneurship to large organizations, or application of student's entrepreneurial skills. Six hour limit.

TELECOMMUNICATIONS FOR BUSINESS

3 credits Pre-requisites: 310 and 64 completed credit hours. Principles of telecommunications technologies and their use for competitive advantage.

421 OPERATIONS RESEARCH

3 credits

Prerequisite: 330. Examines the use of operations research techniques in managerial decisionmaking processes; constrained linear optimization, non-linear optimization, network analysis, queuing theory, simulation.

425 DECISION SUPPORT WITH DATA WAREHOUSES AND DATA MINING

(May be repeated with permission of instructor or department) Group studies of special topics in

Prerequisite: 324. Examines managerial and technical aspects of business decision-making based on the use of data warehouses, on-line analytical processing (OLAP) and data mining.

eBUSINESS APPLICATION DEVELOPMENT Prerequisite: 48 completed credit hours and 6200:250. Students will gain an understanding of

3 credits

issues and skills related to web application design and development. 427 SYSTEMS INTEGRATION 3 credits

Prerequisite: 315. The course provides an understanding of issues and underlying application integration. Topics include a coverage of middleware technologies, B2B standards and XML.

433 SUPPLY CHAIN LOGISTICS PLANNING

Prerequisite: 64 completed credits and 390. Emphasizes the importance of planning in the development of the domestic and global supply chain logistics system that includes transportation, inventory, warehousing and procurement.

434 PRODUCTION PLANNING AND CONTROL

3 credits

Prerequisite: 64 completed credit hours and 333. Coverage of materials management, production planning, scheduling and control. Integrates material from previous courses, provides overall framework including use of computer and quantitative methods.

QUALITY MANAGEMENT AND CONTROL

Prerequisites: 64 completed credit hours and 330. Emphasis on statistical techniques essential to controlling product quality for both measurement and attribute data. Includes control chart methods and acceptance sampling plans.

442 COMPENSATION MANAGEMENT

3 credits

Prerequisite: 64 completed credit hours and 341. Focus on the design, implementation and evaluation of employee compensation and benefits programs.

443 HUMAN RESOURCES SELECTION AND STAFFING

Prerequisite: 64 completed credit hours and 341. Advanced study of selection and staffing within business organizations. Emphasis on current research and practice. Activities include projects, case studies, interaction with human resource professionals.

457 INTERNATIONAL MANAGEMENT

3 credits

Prerequisites: upper-college standing and 301 or equivalent. Management practices and techniques of international business organizations. Focus on structure and processes of resource allocation, design and technology, and the impact of culture.

458 SELECTED TOPICS IN MANAGERIAL ARBITRATION, MEDIATION AND CONCILIATION

Prerequisites: upper-college or graduate standing and 301 or 600 or equivalent. Study of the various methods and mechanisms by which management can understand and deal with internal and external conflict. Six hour limit.

459 SELECTED TOPICS IN INTERNATIONAL MANAGEMENT

Prerequisites: upper-college standing; 301 or equivalent; and 457; or permission of instructor. Selected topics in international management focus on historical or contemporary managerial, production and organizational issues. Includes international simulation game. Six hour limit.

SPECIAL TOPICS IN MANAGEMENT

Exploration of advanced topics of interest both to the student and professor. Many special applications, case studies, outside speakers, projects in conjunction with local industries.

471/571 MANAGEMENT PROJECT

Prerequisites: Admission to the College of Business Administration and 350. Human Resource Management Option: 342, 442, and 443*. Supply Chain/Operations Management Option: 333, 433, Information Systems Management Option: 325, 420, 425, 427 and one from 333, 341,426 and 6200.454**. e-Business Technologies Option: 6100:201, 324, 420, 426 and two from 341, 425, 390, 6600:345, 6200:454*. Students develop skills in field-based management problem solving, project management, and requirements analysis under conditions of uncertainty in a collaborative interdisciplinary team environment.

476 SUPPLY CHAIN SOURCING

scope of responsibility and critical roles of the sourcing function within the principal organization in a supply chain network.

479 OPERATIONS SIMULATION Prerequisite: 333. Simulation of operations management practices through computerized or experi-

1 credit

480/580 INTRODUCTION TO HEALTH-CARE MANAGEMENT Prerequisites: upper-college or graduate standing (Students who are required to take 301 or 600 or

have completed 301 or 600 or equivalent are ineligible to take this course for credit). Introductory course for health professionals covering principles and concepts of management applied to health services organizations. For those registered for graduate credit, a major paper is required. 482/582 HEALTH SERVICES OPERATIONS MANAGEMENT

Prerequisites: upper-college standing and 301 or 480 or equivalents, or graduate standing and 580 or 600 or equivalent, or permission of instructor. (Students who have completed 330 are ineligible to take this course for credit). Application of production and operations management concepts and techniques in health services organizations.

485/585 SPECIAL TOPICS IN HEALTH SERVICES ADMINISTRATION.

Prerequisite: permission of instructor. Special topics in health services administration (e.g., management) focusing on historical and/or contemporary managerial organizational and/or policy/strategy issues as related to health-care organizations and health-care systems. Separate topics may be repeated for a maximum of six credits. For those registered for graduate credit, a major research paper is required.

490 BUSINESS POLICY

Prerequisites: 97 credits, admission to the College of Business Administration, and 330, 6200:202,250; 6400:301,220, 321; 6600:300; 6800:305. Capstone course. Integrates the core business disciplines (accounting, economics, finance, management, marketing) through the use of case analysis. Objective and strategy formulation from an administrative viewpoint and international dimension. Emphasis on oral and written communications.

491 WORKSHOP IN MANAGEMENT

management. May not be used to meet undergraduate major requirements in management. May be used for elective credits only.

MARKETING

6600:

275 PROFESSIONAL SELLING

Prerequisite: 25 credits or permission from instructor. Builds communication skills while learning about buyer needs, prospecting, making sales presentations, persuading, overcoming sales resistance, closing

300 MARKETING PRINCIPLES

Prerequisite: 48 hours of college credit; 3250:200. A general survey of marketing activities including analysis of markets, competition, consumer behavior, information systems, and the assessment of product, price, distribution, and promotion strategies.

335 MARKETING RESEARCH AND ANALYTICS

Prerequisites: 300 and 6500:221. Student will gain hands-on experience in the understanding and use of appropriate tools and techniques for analyzing, interpreting and presenting information derived from marketing databases. Includes problem definition and solution approach to marketing research decisions.

340 MULTI-CHANNEL MARKETING

Prerequisites: 300 and 6500:221. Study of exchange relationships that create customer value within a multiple channel context of store, electronic, direct response, direct selling, broadcast, Internet, event, telephone, etc

350 INTEGRATED MARKETING COMMUNICATIONS

Prerequisite: 300. This is a survey of the communication tools used by marketing companies to reach and sustain contact with customers and prospects. The emphasis is on the strategic function of a market-driven "toolbox" of opportunities including advertising, sales promotion, online direct response, publicity (public relations), and face-to-face presentation. In this, the course stresses an integrative concept, using any combination of activities that fulfills an organization's core strategy. 355 BUYER BEHAVIOR

processes are examined. 385 INTERNATIONAL MARKETING

Prerequisite: 300. Provides a basic understanding of the complexities of foreign marketing. It assumes knowledge of the basic international business course.

Prerequisite: 300. Interdisciplinary approach to the analysis of the nature of consumer buying

behavior. Economical, social, and psychological influences on consumers' decision-making

A student who has completed all but two of the required course prerequisites may enroll in those last two required course concurrently with 471 with permission from the department of management chair.

A student who has completed all but one of the required course prerequisites may enroll in the last required course concurrently with 471 with permission from the department of management chair.

eMARKETING PRACTICES

Prerequisite: 300. The new processes and new media that have been ushered in by the electronic age are studied in the context of more traditional marketing practices. Marketing to consumers as well as other organizations and finding sources of information are considered

440 PRODUCT AND BRAND MANAGEMENT

3 credits

Prerequisite: 300. Applied investigation into the management of new product development, product life cycle, product mix strategies, brand positioning, brand image, and brand equity.

445 CREATIVE MARKETING LABORATORY

Prerequisites: 345, 350, 435. Course focuses on the process of creating and producing e-based promotional campaigns within a web-centric marketplace. This course will provide the student with hands-on experience in the development of strategies and web-based creative material.

450 STRATEGIC RETAIL MANAGEMENT

Prerequisite: 300. Investigation of strategic and tactical retail decisions and issues through the use of case analysis, computer applications, experiential games, and field projects.

475 BUSINESS NEGOTIATIONS

3 credits

Prerequisite: 25 credits or permission from instructor. Examines business negotiation principles and practices, and builds skills in the process of negotiating business agreements within a global

480 SALES MANAGEMENT

Prerequisite: 300, Develops analytical and managerial skills through case studies and other learning activities relating to the organization, selection, training, motivation, and control of a domestic or global sales force

490 MARKETING STRATEGY

Prerequisites: 90 credits. Capstone course stressing integration of marketing functions through development of strategic thinking and analytical skills. Course employs case analysis, computer applications, and field projects.

491 WORKSHOP IN MARKETING

Group studies in special topics in marketing. May not be used to meet major requirements in

492 DIRECT INTERACTIVE MARKETING PRACTICUM

Prerequisites: 445, 490. A customized learning experience in formulating and implementing a direct interactive marketing project in conjunction with the student's field of interest or study using telemarketing, eMarketing, direct response marketing, direct selling, or other forms of interactive marketing.

496 SPECIAL TOPICS IN MARKETING

Prerequisite: 300. (May be repeated for a total of three credits.) Provides an opportunity to examine special topics and/or current issues in the fields of marketing, sales retailing or advertising.

INTERNATIONAL BUSINESS

6800:

305 INTERNATIONAL BUSINESS

3 credits

Prerequisite: 48 hours of college credit. A basic course in international business which can also provide a platform for more specialized international business courses.

405 MULTINATIONAL CORPORATIONS

Prerequisite: 305 or permission of instructor. Course provides in-depth understanding of the functions, structures and strategic considerations governing the MNCs through theory and case study analysis.

421 INTERNATIONAL BUSINESS PRACTICES

3 credits

Prerequisite: 305 or permission of instructor. An examination and comparison of contemporary business practices around the world. Develops sensitivity to alternative business practices and includes a strong component of cross-cultural communications.

494 INTERNATIONAL BUSINESS PRACTICUM

Prerequisite: 305 or permission of instructor. A customized group or individual activity designed to provide the student with a meaningful international experience. A qualified experience might include foreign travel, study abroad programs, international field studies, international exchange programs, or other customized international adventures. All practicums must be approved and supervised by the international business faculty and administration.

496 SPECIAL TOPICS IN INTERNATIONAL BUSINESS

(May be repeated for a total of three credits) Prerequisite: Permission of instructor. Provides the opportunity to study special topics and current issues in international business.

College of Fine and Applied Arts

COOPERATIVE EDUCATION

301 COOPERATIVE EDUCATION

0 credits

(May be repeated) For cooperative education students only. Work experience in business industry, or governmental agency. Comprehensive performance evaluation and written report

ART

7100:

100 SURVEY OF HISTORY OF ART I

Architecture, sculpture, painting and minor arts from primitive sources through Gothic time period in Europe.

SURVEY OF HISTORY OF ART II

Prerequisite: 100. Architecture, sculpture, painting and minor arts from Renaissance through more recent times, primarily in Western art.

103 ARTS ORIENTATION

0 credits

Corequisite: 131. Orientation to the information and strategies necessary to aid new art students in their understanding of the field of art

105 INTRODUCTION TO ART EDUCATION

3 credits An introduction to the art teaching profession, this course covers historical and contemporary issues and practices in art education and in public schooling in the United States.

Corequisite: 131. Introduction to drawing materials and techniques with an emphasis on observation, representation, and formal principles of composition and design.

132 INTRODUCTION TO DESIGN

3 credits

Introductory course in design theory increases the graphic designers' ability to solve visual problems using both practical and theoretical approaches.

144 FOUNDATION 2-D DESIGN

3 credits

Fundamental information about the theory and practice of visual design as applied to surfaces. including composition, color and pictorial illusions with lecture and studio experience

145 FOUNDATION 3-D DESIGN

3 credits

Introduction to meaning of "design" and act of designing in real space. Study of naturally occurring form, structure and process.

180 FUNDAMENTALS OF GRAPHIC DESIGN

3 credits A study of graphic design through lecture and studio work in a variety of media. An exploration and enrichment opportunity for the non-art major. No credit toward a major in art.

Prerequisite: 132. Studio experience in concept development and processes, tools and materials of graphic designers. Elementary design problems in graphic design.

INTRODUCTION TO COMPUTER GRAPHICS 3 credits (May be repeated for a total of six credits) Prerequisites: 131 and 144 or permission of instructor, Introduction to the use of microcomputers as a creative tool for visual artists and designers.

VISUAL ARTS AWARENESS

3 credits Prerequisite: 3400:210. Lecture course providing appreciation and understanding of arts of various types/periods with emphasis on topics and influences on societies, rather than historical

213 INTRODUCTION TO LITHOGRAPHY

Prerequisites: 131, 144. Use of lithographic stone and metal plate as printmaking media. Stone and plate preparation, lithographic drawing materials and techniques, paper registration and printing press covered. Emphasis on aesthetic theory, technique and related history.

214 INTRODUCTION TO SCREEN PRINTING

3 credits

Prerequisites: 131, 144. Silk screen printmaking. Theory and use of stencil process, positive and negative block-out techniques, photo stencil, registration and printing procedures. Emphasis on aesthetic theory, technique and related history.

INTRODUCTION TO RELIEF PRINTING

Prerequisites: 131, 144. Printmaking using found objects, synthetic materials, as well as traditional woodcut and linoleum engraving. Emphasis on aesthetic theory, technique and related history.

INTRODUCTION TO INTAGLIO PRINTING

Prerequisites: 131, 144. Intaglio printmaking using drypoint engraving, aquatint and soft-ground techniques. Emphasis on aesthetic theory, technique and related history.

222 INTRODUCTION TO SCULPTURE

3 credits

Prerequisite: 145. Exploration of aesthetic factors influencing sculptural statements. Development of proficiency in the use of tools, materials and techniques.

223 SCULPTURE: STONE

Prerequisite: 222. Beginning-level lecture and studio course using both traditional hand tools for the creation of stone sculpture. History of the use of stone, evolution of stone working technology and contemporary artists working with stone.

Prerequisite: 222. Lecture and studio course introducing the student to the medium of installation art, a major emphasis in the contemporary art scene. The history and evolution of installation art and its use by contemporary artists.

231 INTERMEDIATE DRAWING

Prerequisite: 131. Continued investigation of basic drawing concepts. Introduction to drawing in color with further development of observation, design, technique and conceptual skills.

233 FOUNDATION LIFE DRAWING

Prerequisite: 131. Perceptual problems in drawing from the life model. Study of skeletal, muscular, mechanical nature of human figure and application of this knowledge to the resolution of aesthetic problems. (May be repeated for a total of 6 credits) 234 ANATOMY FOR ARTISTS

Prerequisite: 233. Studio/lecture experience in drawing and sculpture with an emphasis on

human skeletal, muscular, and surface structure.

243 INTRODUCTION TO PAINTING 3 credits Prerequisites: 131, 144. Study of aesthetic and technical problems involved in painting. Emphasis on painting from observation, and understanding of color in painting.

Prerequisites: 131 and 144. Lecture and studio experience giving information concerning perception of color, additive color phenomena of light, subtractive color phenomena of pigments and dyes, color notation systems and psychological effects of color.

246 INTRODUCTION TO WATER-BASED MEDIA

Prerequisites: 131, 144. Experimentation with water-based media such as tempra, acrylic and gouache. (May be repeated for a total of 6 credits)

Prerequisites: 233 and 246, or 248. Painting course with an emphasis on painting the figure from life. (May be repeated for a total of 9 credits)

250 FOUNDATION REVIEW

Prerequisites: 131, 144, 145, 233. Credit/noncredit course. Faculty review of art foundation studio work from prerequisite/corequisite courses.

253 CFRAMICS FOR NON-ART MAJORS

3 credits

Hand-building, glazing and kiln loading. Link skills to personal experience, ceramic history and contemporary art and craft issues. No credit toward a major in art.

254 INTRODUCTION TO CERAMICS

3 credits

Prerequisites: 131, 144. Studio/lecture course exploring potentials of hand-building techniques in both sculptural and functional forms. Clay processing, glaze application and practical kiln firing.

266 INTRODUCTION TO METALSMITHING Prerequisite: 145, 144. Studio experience in which student is introduced to properties of metals,

plastics will be explored.

processes of silversmithing and design and production of jewelry. 268 COLOR IN METALS Prerequisite: 266. Introduction to a variety of techniques to achieve and/or combine color in metals. Techniques such as anodizing aluminum, enameling and the application of color resins and

274 PHOTOGRAPHY I FOR NON-ART MAJORS

A study of photography through lecture, demonstration and studio work. An exploration and enrichment opportunity for the non-art major. No credit toward major in art.

275 INTRODUCTION TO PHOTOGRAPHY

3 credits Prerequisites: 131, 144. Lecture, studio and laboratory course. Techniques and aesthetics are

studied using both 4x5 and 35mm cameras. A 35mm camera with full manual control is required. INTRODUCTION TO PROFESSIONAL PHOTOGRAPHY Prerequisite: 275. Students are introduced to the numerous commercial applications of studio and

location photography while working through a series of advertising related photographic projects. 280 DIGITAL IMAGING

3 credits Prerequisite: 185 or 289. An exploration of contemporary digital image capture, manipulation, output and distribution, emphasizing digital image concepts, aesthetics and production. (May be repeated for a total of six credits)

281 WEB PAGE DESIGN

Prerequisite: 280. Introduction to the process of web page development. With an emphasis on creative exploration, students develop, format, and test content for internet distribution. (May be repeated for a total of 6 credits)

Prerequisites: 131 and 132. Includes advanced drawing and presentation techniques commonly used in graphic design. Various presentation and design problems will be encountered stressing use of selected drawing methods and processes.

288 TYPOGRAPHY 2 Prerequisite: 184. Introduction to typographic design to communicate. Study of letterforms, his-

tory, comping skills, layout design and digital technology. Prerequisite: 132, A computer-based course, Using industry-standard software, students focus

on incorporating type and image to produce comprehensive design solutions.

300 ART SINCE 1945

3 credits

Prerequisite: 101 or permission of instructor, Consideration of significant developments in visual art forms since World War II in architecture, sculpture, printing, photography, metal, textile, ceramics, printmaking and graphic design.

301 MEDIEVAL ART

Prerequisite: 101 or permission of instructor. Painting, mosaics, architecture, sculpture, and luxury arts of medieval Europe from 4th through 14th centuries.

302 ART IN FUROPE DURING THE 17TH AND 18TH CENTURIES

Prerequisite: 101 or permission of instructor. Analysis of major European examples of architecture, landscape design, painting, prints and sculpture from beginning of the 17th Century until approximately 1850.

303 ITALIAN RENAISSANCE ART

3 credits

Prerequisite: 101 or permission of instructor. Study of architecture, painting and sculpture of Italy during 13th through 16th centuries.

304 ART IN EUROPE DURING THE 19TH CENTURY

387 TYPOGRAPHY 3

Prerequisites: 145, 185 or permission. Advanced computer imaging course with an emphasis in three-dimensional modeling and animation. Can be repeated for a total of 9 credits.

3 credits Prerequisites: 288. Corequisite: 384. Integration of typography, photography, copywriting and

Prerequisite: 101 or permission of instructor. Study and analysis of major developments in visual arts in Europe from 1800 to 1900.

388 PRODUCTION 2

other visual elements into advertising and design. Students also build a junior-level portfolio.

306 RENAISSANCE ART IN NORTHERN EUROPE Prerequisite: 101 or permission of instructor. Painting, architecture, and sculpture of northern Europe from 14th through 16th centuries.

3 credits

3 credits Prerequisites: 276, 387. More complex projects with emphasis given to mechanical preparation

307 HISTORY OF GRAPHIC DESIGN

3 credits

of finished art for various printing processes.

time course is offered. Focuses upon an art movement, time period, the production of a single

Prerequisite: 101 or permission of instructor. A lecture course analyzing the development of

401/501 SPECIAL TOPICS IN HISTORY OF ART (May be repeated for credit when a different subject or level of investigation is indicated)

385 COMPUTER 3-D MODELING AND ANIMATION

1-3 credits Prerequisites: 101 or permission of instructor. Lecture course in which subject is specified each

graphic design as an art form from Neolithic sources to the present. Prerequisites: 213 or 214 or 215 or 216 in the appropriate medium. Continuation of studio work

402/502 MUSEOLOGY

3 credits

in printmaking with concentration in intaglio, relief, lithography, or screen printing. May be repeated for a total of 12 credits with a different process.

Lecture course dealing with museum science, including museum history, staff structures, art handling, storage, and presentation and exhibit preparation.

318 PORTRAIT FASHION PHOTOGRAPHY 3 credits Prerequisite: 276. The fundamentals of commercial portraiture and fashion photography are

403 ART AND CRITICAL THEORY

3 credits

explored through the study of styling, posing, lighting, and working with people 0 credits Prerequisites: 317. A committee of full-time faculty review portfolio of studio work completed in

Prerequisite: 100, 101 or permission of the instructor. This course, designed for both studio and art history majors, surveys the major theoretical currents in contemporary criticism and art history.

all printmaking courses. 320 ILLUSTRATION/ADVERTISING PHOTOGRAPHY

405/505 HISTORY OF ART SYMPOSIUM (May be repeated for credit when a different subject is indicated) Prerequisite: one art history course beyond 101 or permission of instructor. Lecture, individual research and evaluation, group discussion related to a specific time period or to an artistic problem.

Prerequisite: 276. Professionally oriented photographic skills are further developed as students confront assignments closely related to current trends in illustration and advertising photography.

407 METHODS OF ART HISTORY

3 credits

321 FIGURATIVE SCULPTURE 3 credits Prerequisite: 233. Lecture/studio course exploring the use of the human figure as a sculptural subject. Individual interpretation of the figure using various media and techniques. (May be

Prerequisite: 101 or permission of the instructor. This course explores the history of the discipline—and the permutations it has undergone since its establishment in the early years of the nineteenth century.

repeated for a total of 6 credits) 322 SCULPTURE II

409 TIME-BASED MEDIA

Prerequisite: 285. Through the development of increasingly complex projects, students explore the conceptual and aesthetic considerations of creating motion media based presentations. (May

(May be repeated for a total of nine credits) Prerequisite: 222 or permission. Continuation of 222. Addresses more advanced techniques. May include fabrication, casting, carving, or assemblage.

be repeated for a total of 6 credits) 410 METHODS OF TEACHING ELEMENTARY ART 3 credits Prerequisites: 5100:211, 5610:440, 5500:320, 330. A lecture course presenting the necessary skills and knowledge to successfully implement, plan, instruct, and assess a diverse, art based

323 LOST WAX CASTING Prerequisites: 222 or 266. Bronze and aluminum casting using the lost wax process. Students

3 credits learn foundry techniques and apply them to individual artistic statements. (May be repeated for a

3 credits

3 credits

curriculum for the elementary school. No credit as elective course for art majors. 411 METHODS OF TEACHING SECONDARY ART Prerequisites: 5100:211, 5610:440, 5500:320, 330. A lecture course providing the knowledge,

total of 6 credits) 335 INTERMEDIATE LIFE DRAWING Prerequisites: 231, 233. Continued development of the content established in Life Drawing with

skills, and experience necessary for the development of curriculum, instruction and assessment appropriate for application at the high school level. No credits as elective for art majors.

3 credits

additional emphasis on draped models, drawing materials and aesthetics. (May be repeated for a total of 9 credits) 348 INTERMEDIATE PAINTING

Prerequisites: 243. Development of personal concepts and imagery through investigation of historical and contemporary styles and issues. (May be repeated for a total of 6 credits.)

412/512 STUDENT TEACHING COLLOQUIUM Prerequisite: Senior status, successful completion of field experience, and permission of instructor. Corequisite: 5300:495. Lecture course providing the skills and knowledge necessary for art education licensure. Student will gain knowledge in resume building, licensure requirements, and practical pedagogical techniques

350 PAINTING/DRAWING PORTFOLIO REVIEW

418 ADVANCED PRINTMAKING

3 credits

0 credits Prerequisite: Two courses in 348. A committee of full-time faculty reviews portfolio of student work completed in prerequisite courses.

(May be repeated for a total of 18 credits) Prerequisites: 145 and 317. Lectures, demonstrations and experiments with more sophisticated printmaking techniques and applications. Concentration in one process as follows: lithography, screen printing, relief, intaglio.

3 credits Prerequisite: 254. Wheel throwing of both functional and sculptural form. Experiments in glaze chemistry and firing experience with both gas and electric kilns. Emphasis on technique, studio procedures and critical evaluation of each student's progress.

420 SCULPTURE PORTFOLIO REVIEW

3 credits

0 credits

366 METAL SMITHING II 3 credits Prerequisite: 266. Continuation of experiences presented in 266 with further development of skills and expansion of technical knowledge. (May be repeated for a total of 6 credits)

Prerequisites: the first 422; corequisite: the second 422. A committee of full-time faculty reviews portfolio of studio work completed in prerequisite/corequisite courses. 422 ADVANCED SCUI PTURE 3 credits

368 COLOR IN METALS II 3 credits Prerequisite: 268. Continuation of 268. Advanced projects designed to develop the student's aesthetic values in color in metals. Emphasis on individual approach and experimentation. (May

Prerequisite: 250 and 322. Development of individual points of view and sculptural statements. (May be repeated for a total of 15 credits)

370 HISTORY OF PHOTOGRAPHY

graphic courses.

be repeated for a total of 12 credits)

452 SERVICE LEARNING IN ART 3 credits Prerequisite: Senior Standing. An interdisciplinary, lecture/studio course that integrates fine art

Prerequisite: 101. A lecture course studying the history of photography from its invention to contemporary issues.

Prerequisites: 335. Drawing from the live model, with an experimentation leading to an individual style. (May be repeated for a total of 9 credits)

374 PHOTOGRAPHY II FOR NON-ART MAJORS Prerequisite: 274. Continuation of 274. A 35mm camera with full manual control is required. No credit for a major in art.

and design to promote understanding of the importance of sustained community outreach and serving as arts advocates. May be repeated up to 6 credits. 454 ADVANCED CERAMICS

450 ADVANCED LIFE DRAWING

3 credits

375 PHOTOGRAPHY II 3 credits Prerequisite: 275. Projects utilizing photographic media and tools designed to expand student's (May be repeated for a total of 18 credits) Prerequisite: 250 and 354. Emphasis on refinement of technique toward personal aesthetic statement in preparation for professional or private studio production. Student may choose a general survey of subject matter or a more concentrated area of study

awareness of visual qualities and order, both in the subject and photographic image. Student must own or have use of camera with controllable shutter, lens, diaphragm, focus and exposure meter. 381 DIGITAL IMAGING II

455 ADVANCED PAINTING

3 credits Prerequisite: 280. Advanced digital imaging development and manipulation with an emphasis on preparation and use of digital images in print, multimedia and web applications.

Prerequisites: 231, 348. Exploration of aesthetic and conceptual issues involved in developing an individual stylistic approach to image making, leading to senior portfolio and BFA exhibition. (May be repeated for a total of 15 credits) 456 CERAMICS PORTFOLIO REVIEW 0 credits

Prerequisites: 454. A committee of full-time faculty reviews portfolio of studio work completed

383 MULTIMEDIA PRODUCTION 3 credits Prerequisite: 285. Introduction to the theory and methods of contemporary multimedia production. Exploration of the hardware/software employed in the organization, development and production of multimedia presentations. (May be repeated for a total of 6 credits)

in prerequisite courses 466 ADVANCED METALSMITHING

Prerequisites: 250 and 366. Investigation in depth of aesthetic and technical problems of metalsmithing. Student works on individual projects under guidance from instructor. (May be repeated for a total of 18 credits)

384 GRAPHIC DESIGN PORTFOLIO REVIEW Prerequisite: 250; corequisite: 387. BFA Graphic Design Majors only. A committee of full-time faculty review a portfolio of studio work completed by BFA candidates in required

METALSMITHING PORTFOLIO REVIEW

0 credits Prerequisite: one 466: corequisite: 466 A committee of full-time faculty review portfolio of studio work completed in prerequisite courses.

474 ADVANCED PHOTOGRAPHY FOR NON-ART MAJORS

Prerequisite: 374. This course will allow students outside of the Myers School of Art to take advanced photography coursework without completing the prerequisites and review process required of art majors. (May be repeated up to 18 hours.)

475 ADVANCED PHOTOGRAPHY

3 credits

(May be repeated for a total of 21 credits) Prerequisite: 250 and 375. Photographic media, light and photographic equipment manipulated experimentally to produce creative graphic images. Student works under guidance of instructor on advanced individual projects.

476 PHOTOGRAPHY PORTFOLIO REVIEW

Prerequisite: 475. A committee of full-time faculty reviews portfolio of studio work completed in prerequisite/corequisite courses.

ADVANCED PHOTOGRAPHY: COLOR

3 credits

Prerequisite: 475. Advanced level lecture, studio, and lab experience in color photography introducing students to technical, aesthetic, and conceptual issues of the medium. (May be repeated for a total of 9 credits)

479 PROFESSIONAL PHOTOGRAPHIC PRACTICES

Prerequisites: 475 and 318 or 320. Students confront the business and marketing practices unique to the commercial photography industry while producing a photographically oriented selfpromotional campaign.

480 ADVANCED GRAPHIC DESIGN

3 credits

(May be repeated for a total of nine credits) Prerequisite: 388 or permission of instructor. Student works on advanced-level individual projects under supervision of instructor

Prerequisite: 388. Course focusing on professional business practices. Students chosen by portfolio review in junior year. Practical experience gained through working with clients and outside sources. (May be repeated for a total of 9 credits)

482 CORPORATE IDENTITY AND GRAPHIC SYSTEMS

Prerequisite: 384 and 388. Advanced projects in corporate identity, graphic systems analysis, design. Problem solving for these specific areas of graphic design within mechanical limitations

483 GRAPHIC DESIGN PRESENTATION

3 credits

Prerequisite: 482. Students prepare a professional portfolio and resume. The course includes project development, portfolio review and exhibition.

Prerequisite: 283 or permission of instructor. Application of painting and drawing skills and aesthetic sensitivity to specific commercial illustration and editorial art assignments. (May be repeated for a total of 9 credits)

485 ADVANCED ILLUSTRATION

3 credits

(May be repeated for a total of nine credits) Prerequisite: 484 or permission of instructor. Advanced projects designed to tune student's personal aesthetic to communicative imagery. A more individual approach to design. Drawing and painting emphasized as is experimentation with multimedia.

486 INTERACTIVE MULTIMEDIA DEVELOPMENT

3 credits

Prerequisite: 383. Utilizing two- and three-dimensional computer imagery, animation, video and audio, students will plan, develop and evaluate multimedia presentations, emphasizing scripting, sequencing and interactivity. (May be repeated for a total of 6 credits.)

487 PACKAGING DESIGN

Prerequisite: 482. Synthesis of two- and three-dimensional visual thinking. Research in materials applicable to packaging of various products. Assignment of projects stressing development of

conventional and experimental package design. 488 TYPOGRAPHY 4

3 credits

Prerequisite: 387. Senior level investigation of publication design, promotional brochures, and annual reports from concept to presentation. Focus on good concepts and problem-solving design.

489 SPECIAL TOPICS IN STUDIO ART

(May be repeated for credit when a different subject or level of investigation is indicated) Prerequisite: Varies by course. Group Investigation of Topics not offered elsewhere in curriculum.

490/590 WORKSHOP IN ART

(May be repeated for credit when a different subject or level of investigation is indicated to maximum of eight credits; 590 to maximum of 12 credits) Prerequisite: advanced standing in art or permission of instructor. Group investigation of a particular phase of art not offered by other courses in curriculum.

491/591 ARCHITECTURAL PRESENTATIONS I

492/592 ARCHITECTURAL PRESENTATIONS II

Prerequisites: Junior level or permission. Studio practice in architectural design and presentation methods in residential and commercial interiors.

Prerequisites: 491/591. Continuation of concepts covered in Architectural Presentations I with

additional work in color rendering techniques. Emphasis on a variety of rendering mediums. 495 SENIOR EXHIBITION 0 credits

Prerequisite: senior standing and permission. Exit review of work from B.F.A. candidate's major

494 SPECIAL TOPICS: ART EDUCATION

1-3 credits

Prerequisites: varies by course. May be repeated for credit (up to 6 credits) when a different subect or level of investigation of topics of interest to the art education student is not covered elsewhere in the curriculum.

496 ART INTERNSHIP/PROFESSIONAL EXPERIENCE

(Repeatable for credit. No more than 6 credits of internship may apply toward the elective requirement for completion of any art department major.) Prerequisites: junior level in major program and permission of Internship Director. In-depth professional training affording the intern onthe-job experience in selected areas of specialization

497/597 INDEPENDENT STUDY

(May be repeatable for 7 credits). Prerequisites for art majors: completion of at least one advanced course in the major with a grade of A or A- and permission of instructor. Investigation in depth of aesthetic and technical problems within a studio-selected area of specialization. Student must present in writing a proposed study plan and time schedule for instructor approval. Prerequisites for non-art majors: permission of instructor.

498/598 SPECIAL PROBLEMS IN HISTORY OF ART

(May be repeated for credit when a different subject or level of investigation is indicated) Prerequisites: 14 credits in art history and permission of instructor. Individual research in art history centered around limited topic, such as specific time period, history of specific techniques, a single artist or movement in art history. No more than 10 credits will be counted toward major.

499 HONORS IN ART

(May be repeated for a total of six credits) Prerequisites: senior standing in the Honors College and approval of honors project by faculty preceptor. To be used for research in the Honors College established by student and his/her adviser(s).

FAMILY AND CONSUMER **SCIENCES**

7400:

123 FUNDAMENTALS OF CONSTRUCTION

3 credits

Basic theory and application of construction fundamentals, including experiences with patterns and specialty fabrics.

125 PRINCIPLES OF APPAREL DESIGN

The study of contemporary apparel design and the relationship of design elements and principles to personal characteristics and social/professional orientation.

132 EARLY CHILDHOOD NUTRITION

Emphasis on nutrition as component of Early Childhood programs. Nutrition principles discussed in relation to self and young children. Prenatal and infant nutrition studied. Food as learning experience, menu planning, purchasing, sanitation, food labeling, storage and parent involvement included. For Family and Child Development Option, and an educational technology student.

133 NUTRITION FUNDAMENTALS

Study of basic nutrition concepts, contemporary issues, controversies; emphasis on macro/micro nutrient requirements for healthy individuals; analysis of a student's dietary intake.

THE FASHION AND FURNISHINGS INDUSTRIES Overview of fashion and furnishings industries including production, distribution, promotion, and the impact of cultural influences. Discussion of career opportunities.

141 FOOD FOR THE FAMILY

3 credits

Application of nutrition to meal planning; problems in selecting, budgeting and preparing food;

147 ORIENTATION TO PROFESSIONAL STUDIES IN FAMILY AND CONSUMER SCIENCES

1 credit

Survey of history and development of family and consumer sciences with emphasis on professional and career opportunities.

158 INTRODUCTION TO INTERIOR DESIGN

3 credits

Introduction to interior design studies with emphasis on developing basic skills and competencies required for residential design.

201 COURTSHIP, MARRIAGE AND THE FAMILY

Love, intimacy, relationship development, sexuality, marriage/child rearing are studied in lifespan perspective. Emphasis placed on individual relation to changing family/social/cultural demands. 219 DRESS AND CULTURE Study of cultural, social, psychological and economic aspects of clothing. Emphasis on expres-

sion and use of clothing in relation to self, society and culture. Lecture/discussion.

3 credits Basic study of natural and manufactured fibers. Emphasis on physical properties, selection and

care. Attention given to design and manufacture of textiles. Lecture/Laboratory.

father's potential effects on a child's development—birth through adolescence.

226 TEXTILE EVALUATION

3 credits

Prerequisite: 225. Evaluating method, quality, and necessity of dyes, finishes, other coloration techniques and designs.

250 FOOD SCIENCE LECTURE AND LAB

Prerequisites: 133; 3150:110, 111. Study of the chemical and physical structure of food. Scientific and aesthetic principles involved in the selection, storage, and preparation of foods. Lecture and laboratory combined.

255 FATHERHOOD: THE PARENT ROLE Prerequisites: 201 or 265. Historic evolution of the father role, its changing social definition, and

3 credits

257 AUTOCAD FOR INTERIOR DESIGN 3 credits Prerequisites: 158 or permission from instructor. An introductory course in computer drafting as an alternative to conventional drafting for interior design applications.

258 LIGHT IN MAN-MADE ENVIRONMENTS

3 credits

Prerequisites: 331 and 2940:250. Comprehensive study of the essential principles of light in a three-dimensional context for man-made environments...

259 FAMILY HOUSING

A study of three basic aspects of family housing: physical/design, financial/legal, and sociological.

CHILD DEVELOPMENT

Physical, cognitive, language, social, emotional, and personality development of the child from prenatal through age eight. Observation of children in early childhood educational settings.

3 credits

3 credits

270 THEORY AND GUIDANCE OF PLAY

Prerequisite: 265. Theory and guidance of play as primary vehicle and indicator of physical, intellectual, social, emotional development and learning of children from birth to kindergarten.

280 EARLY CHILDHOOD CURRICULUM METHODS

3 credits

Prerequisite: 265. Planning, presenting, evaluating creative activities in art, music, movement, language arts, logico-mathematics and science. Space, time, materials and adult-child interaction

295 DIRECT EXPERIENCES IN THE HOSPITAL

Prerequisite: 265. The study of interactive parent-child relations from infancy through adult hood and the internal and environmental forces which impact upon family dynamics

Prerequisite: General Math Requirement. The fashion buyer's role in merchandise management

and decision making with spreadsheets and merchandise mathematics incorporated into comput-

their families and the hospital personnel in various hospital settings under the direction of hospital and University staff.

Prerequisite: permission of adviser. Individual learning experiences for students with patients,

362 FAMILY LIFE MANAGEMENT 3 credits Introduction to management theories, processes and principles as applied to utilization of human and material resources in promotion of individual and family well-being.

296 HOSPITAL BASED CHILD LIFE

.5 credits

Prerequisite: permission of advisor. This course focuses on the hospital setting, introducing the student to the role of the child life specialist in the hospital. May be repeated up to 2 credits

300 LEGAL ENVIRONMENT OF FAMILIES

Prerequisite: 265. In-depth examination of physical, cognitive, language, social and emotional development of the infant from prenatal through 24 months. Observation of infants in daycare

the context of family and consumer law.

Introduction to legal terminology, reasoning and analysis, court systems and procedures within

3 credits

CONSUMER EDUCATION 3 credits

Study of consumer needs, concerns and problems as related to individual consumer, to consumers in the market economy and to the complex society in which families function.

CHILDREN AS CONSUMERS

Study of the consumer role of children three through eighteen years. Emphasizes research data on children as consumers and consumer education for children.

ADVANCED CONSTRUCTION AND TAILORING

3 credits Prerequisite: 123. Advanced theory and principles in construction of couture garment. Construction of coat or suit jacket utilizing custom tailoring techniques. Two hours lecture, four hours laboratory.

310 FOOD SYSTEMS MANAGEMENT I

Prerequisites: 250; 6200:201 or 2420:211 or permission; corequisite: 315. Basic theoretical concepts in the management of dietetic food service systems and the practical application of principles and procedures in quantity food production and service.

311 SEMINAR IN FIBER ARTS

Exploration of a specific fiber arts technique such as needle arts, weaving, surface design, wearable art, or machine stitchery. (May be repeated for a total of nine credits).

315 FOOD SYSTEMS MANAGEMENT I CLINICAL

2 credits Prerequisite: 250; corequisite: 310. Development of quantity food preparation and supervisory skills in community agencies; identification of functions and resources involved in the management of food service systems.

316 SCIENCE OF NUTRITION

Prerequisites: 3100:202, 3150:113, or instructor permission. In-depth characterization of composition, metabolism, physiological functions and interrelationships of nutrients. Analysis and interpretation of current literature; assessment of nutrition counseling techniques.

320 CAREER DECISIONS IN NUTRITION

1 credit

Exploration of the nutrition/dietetics profession, including academic/internship routes, career opportunities, professional concepts and attributes. Self-assessment and goal setting with beginning portfolio development.

321 EXPERIMENTAL FOODS

Prerequisites: 250; 3150:110,111, 112, 113. Theory and methods in the experimental study of foods. Sensory evaluation and instrumental analysis of food quality. Individual research emphasized. Lecture/Laboratory.

328 NUTRITION IN MEDICAL SCIENCE I

Prerequisite: 133 or 316, 426, 443 or by permission. Analysis of therapeutic health-care concepts. Consideration of nutritional implications of pathological conditions; construction of diets for specific

NUTRITION IN MEDICAL SCIENCE LCLINICAL

2 credits (credit/noncredit) Prerequisites: 316 or 426. CP student only; corequisite: 328. Clinical experiences in area hospitals for application of principles of nutritional care learned in 328.

331 INTERIOR DESIGN THEORY

Prerequisites: 147,158,259; 7100:144. A comprehensive study of interior design theories and application in the built environment.

333 PROGRAMMING AND SPACE PLANNING

3 credits

3 credits

Prerequisites: 147,158,259,331; 7100:144,491; 2940:250. A comprehensive study of space planning principles and the programming phase of the design process.

334 SPECIFICATIONS FOR INTERIORS I

Prerequisites: 225,257,258,331,333: 7100:491,492: 2940:250. A comprehensive study of composition, characteristics, manufacture, dimensions and use, bi-products, installation, and specifications

335 SPECIFICATIONS FOR INTERIORS II Prerequisites: 334. A comprehensive study of interior finish material with emphasis on soft goods

3 credits

and textiles, selection criteria, estimating, and writing specifications. 336 PRINCIPLES AND PRACTICES OF DESIGN 3 credits Prerequisites: 333,334. Study of the business of interior design to include initiating and maintaining

a successful practice in residential or non-residential design. 337 INTERIOR DESIGN CONTRACT DOCUMENTS

emphasizing an economic perspective.

Prerequisites: 225.257.258.331.333: 7100:491.492: 2940:250. A comprehensive study of contract

documents and work drawings required for the design of interior spaces. Emphasis on three-dimen-

340 MEAL MANAGEMENT 2 credits

Prerequisites: 250 or 141. Emphasis is on meal design, etiquette, nutritional adequacy, and application of management principles. Resource management is applied to all course activities, including restricted financial and special diet situations.

400 NUTRITION COMMUNICATION AND EDUCATION SKILLS 4 credits Prerequisites: 133 or 316. Theory and development of communication and education skills essential to dietetics practice; interpersonal communication; interviewing; nutrition counseling;

education techniques, media, and current technology. 401 AMERICAN FAMILIES IN POVERTY

352 STRATEGIC MERCHANDISE PLANNING

360 PARENT-CHILD RELATIONS

365 INFANT, FAMILY AND SOCIETY

Overview of the issues, trends and social policies affecting American families living in poverty.

403 ADVANCED FOOD PREPARATION

3 credits

Prerequisite: 141 or 250 or permission of instructor. Study of advanced techniques of food preparation. Introduction to and interpretation of classic and foreign cuisines. Emphasis on individualized experience, skill development and evaluation of procedures and results.

404 MIDDLE CHILDHOOD AND ADOLESCENCE

3 credits

Prerequisites: 201, 265 or permission of instructor. The influences of middle childhood and adolescent behavior on the family and the influences of the family environment on middle childhood and adolescent development.

406 FAMILY FINANCIAL MANAGEMENT

3 credits

Analysis of the family as a financial unit including financial problems and their resolution, decision-making patterns and financial practices behavior. Cases, exercises, problems and computer analysis.

407 FCS OCCUPATIONAL EMPLOYMENT EXPERIENCE

Provides student with knowledge of current business and industrial practices at level minimally commensurate with employment expectations of graduates of vocational job training programs in Family and Consumer Sciences.

412 INSTITUTIONAL MANAGEMENT Organization and management in administration of food service systems; problems in adminis-

tration of food service systems; problems in control of labor, time and cost. Field experience in food production 413 FOOD SYSTEMS MANAGEMENT II

3 credits

Prerequisite: 310. Advanced concepts in management of dietetic service systems relating to achievement of nutritional care goals. 414 FOOD SYSTEMS MANAGEMENT II CLINICAL 3 credits (credit/noncredit)

Prerequisite: 315; corequisite: 413. CP students only. Application of advanced food systems

management concepts in community dietetic food service facilities; preparation for entry-level staff positions as administrative dietitians; clinical experience for 24 hours per week for 10 weeks of semester.

418 HISTORY OF INTERIOR DESIGN I

The study of furnishings, interiors, and architecture from antiquity through the eighteenth century, with emphasis on the social-cultural influences shaping their development. 419 HISTORY OF INTERIOR DESIGN II 4 credits

The study of 19th- and 20th-century furnishings, interiors, and architecture, with emphasis on the social-cultural influences shaping their development.

SPECIAL PROBLEMS IN FAMILY AND CONSUMER SCIENCES Additional study or apprentice experience in specialized field or preparation; group and individual experimentation

422 TEXTILES FOR INTERIORS Prerequisite: 225. Evaluation of physical, aesthetic, comfort, care and durability properties of tex-

3 credits

tile products and testing procedures to determine suitability for interiors. 423 PROFESSIONAL IMAGE ANALYSIS 3 credits Prerequisites: Senior status. Comparison of theories associated with projecting and maximizing

an appropriate professional image consistent with career goals and objectives. 424 NUTRITION IN THE LIFE CYCLE

3 credits

Prerequisite: 316 or 426, or permission of instructor. Study of the physiological basis for nutritional requirements; interrelating factors which affect growth, development, maturation and nutritional status from conception through the elderly years.

425 TEXTILES FOR APPAREL Prerequisite: 225, 226, Evaluation of physical, aesthetic, comfort, care, and durability properties of textile products and testing procedures to determine suitability for desired end uses.

426 HUMAN NUTRITION

3 credits

3 credits

Prerequisites: 133, 3100:202,203, 3150:112,113, or instructor's permission. Corequisite: 443. Application of principles of nutrition, metabolism and assessment. Analyses and interpretation of current literature. Open to dietetics majors only.

427 GLOBAL ISSUES IN TEXTILES AND APPAREL Prerequisite: 139. Examines the global structure and scope of the textile and apparel industries

428 NUTRITION IN MEDICAL SCIENCE II 5 credits Prerequisite: 328. Continuation of 328. Emphasizing nutritional implications of more complex metabolic and pathological conditions as well as nutrition support strategies.

429 NUTRITION IN MEDICAL SCIENCE II CLINICAL 3 credits (credit/noncredit) Prerequisites: 329, CP students only; corequisite: 428. Clinical experience in hospitals; application of principles of nutritional care learned in 428.

430 COMPUTER-ASSISTED FOOD SERVICE MANAGEMENT 3 credits
Use of computer programs in application of management concepts for food service systems.

431 PROFESSIONAL PRESENTATION SKILLS

IN FAMILY AND CONSUMER SCIENCE

3 credits

Prerequisite: 141 or 250. Emphasis on development of abilities and strengths in coordination of equipment, materials, motion, speech, and presentation delivery relating to education and industry in Family and Consumer Sciences.

433 SENIOR DESIGN STUDIO I 3 credits
Prerequisites: 334,335,336,337,422. A comprehensive study of residential design with emphasis on conceptual, analytical, and graphic skills.

434 SENIOR DESIGN STUDIO III 3 credits
Prerequisites: 334,335,336,337,422. Advanced space planning and problem solving experiences for application in nonresidential design.

435 DECORATIVE ELEMENTS IN INTERIOR DESIGN 1 credit Prerequisites: 334,335,336,337,418,419,422. The selection and application of decorative elements in the built environment.

436 TEXTILE CONSERVATION 3 credits
Prerequisites: 123, 225. Principles and practices of textile conservation with emphasis on procedures appropriate for collectors and small historical agencies.

437 HISTORIC COSTUME

Study of costume and textiles from antiquity through the 18th century, with emphasis on social/cultural influences.

438 HISTORY OF FASHION
3 credits
Study of western fashions, textiles, and designers with emphasis on social-cultural influences.

33 FASHION ANALYSIS 3 credits Prerequisite: 125, 139. In-depth study of resources and processes for the analysis and forecasting of fashion trends. Emphasis on current designers and environmental forces that influence

440 FAMILY CRISIS 3 credits Study of family stress and crisis including internal and external variables and their influence on degree of disorganization, coping and recovery. Includes theory, research and application dimensions.

441 FAMILY RELATIONSHIPS IN MIDDLE AND LATER YEARS 3 credits Exploration of family and individual development of communication and education during the middle and later years of life. Emphasis on issues related to intimacy, economics, social policies, psychological and biological changes.

442 HUMAN SEXUALITY 3 credits Prerequisite: 201 or permission of instructor. Introduction to problems and values. Emphasis is on the role of values in intimate relationships, the diverse dimensions of sexual responsibility.

443 NUTRITION ASSESSMENT 3 credits
Prerequisites: 133, 3100:202, 203, 3150:112,113. Corequisite: 426 or instructor permission.
Application of principles of nutrition and assessment. Analysis and interpretation of current literature. Open to dietetics majors only.

446 CULTURE, ETHNICITY AND THE FAMILY
Study of the role of culture and ethnicity in adaptation of the family system to environment.
Program applications considered.

447 SENIOR SEMINAR: CRITICAL ISSUES IN PROFESSIONAL DEVELOPMENT 1 credit Prerequisities: 147 and senior standing. Consideration of family and consumer sciences as a profession and its impact on the quality of life of individuals, families and their environments. Analysis of challenges facing the profession and all home economists.

448 BEFORE AND AFTER SCHOOL CHILD CARE
Study of the development, implementation and evaluation of school-age child-care programs for before and after school and vacation periods.

449 FLAT PATTERN DESIGNPrerequisite: 123. Theory and experience in clothing design using flat pattern techniques.

150 FAMILIES, INDIVIDUALS AND ENVIRONMENTS 3 credits Prerequisite: Senior standing or completion of 90 credits. Integrative exploration of issues affecting the well-being of individuals, families, and communities in the multiple environments in which they function.

451 CHILD IN THE HOSPITAL

A credits

Prerequisite: 265, comparable course or permission of instructor. Seminar dealing with special needs and problems of hospitalized/ill child and family. Literature related to effects, separation, illness and stress. Examination of strategies for coping.

452 CHILD, ILLNESS AND LOSS

Prerequisite: Senior level standing. This course examines the phenomena of illness, loss and because at senior level standing. The proping on phildren and families.

bereavement in modern society with a special emphasis on children and families.

453 FACILITATING SUPPORT GROUPS

3 credits

Prerequisite: Senior level standing. Theories, strategies and skills needed to facilitate support groups for children and for adults are studied using a variety of approaches including participation in a support group.

455 PRACTICUM EXPERIENCE IN A CHILD-LIFE PROGRAM 3 credits Prerequisite: 451. Field experience in a child-life program and classroom activities including critical analysis of a currently functioning program and program administration.

458 SENIOR DESIGN STUDIO II 3 credits
Prerequisites: 334,335,336,337,422. A comprehensive study of the nonresidential design with emphasis on conceptual, analytical and graphic skills.

459 SENIOR DESIGN STUDIO IV 3 credits
Prerequisites: 334,335,336,337,422. Advanced space planning and problem solving experiences for application in residential and nonresidential design.

460 ORGANIZATION AND SUPERVISION OF CHILD CARE CENTERS 3 credits

Theory, principles and procedures involved in establishing and operating centers for infants, toddlers, preschool and school-age children.

470 THE FOOD INDUSTRY: ANALYSIS AND FIELD STUDY 3 credits Prerequisite: 250 or permission. Role of technology in extending the food supply. Chemical, physical and biological effects of processing and storage, on-site tours of processing plants.

474 CULTURAL DIMENSIONS OF FOOD

476 DEVELOPMENTS IN FOOD SCIENCE

Council for for Interior Design Qualification Examination...

An examination of cultural, geographical and historical influences on development of food habits. Emphasis on evolution of diets; effects of religion, education, gender roles, media.

3 credits

3 credits

475 ANALYSIS OF FOOD 3 credits Prerequisites: 250 and 3150:113. Theory and practice of food analysis by classical and modern chemical and instrumental methods. Principles illustrated by experimentation and demonstration.

Prerequisite: 250. Advanced study of the chemistry and physics of food components, affecting characteristics of foods. Critical evaluation of current basic and applied research emphasized.

478 SENIOR PORTFOLIO REVIEW

1 credit

Prerequisites: permission. Corequisites: 434, 459. The development of the interior design portfolio.

479 THE NCIDQ EXAMINATION

Prerequisites: permission. The course is designed to help candidates prepare for the National

480 COMMUNITY NUTRITION I LECTURE

Perquisites: 316 or 426. Corequisite: 481 for CP students only. Major food and nutrition related problems in the community. Emphasis on community assessment, program implementation and evaluation, and rationales for nutrition services.

481 COMMUNITY NUTRITION I CLINICAL 1 credit (credit/noncredit)
Prerequisite: CP students only; 428. Corequisite: 480. Field placement in area agencies offering nutrition services. Study of the agency's goals, organization, and philosophy of nutritional care.

482 COMMUNITY NUTRITION II LECTURE

Prerequisite: 480. Corequisite: 483 for CP students only. Activities engaged in by community nutritionist. Emphasis on controversies, cultural differences, educational approaches, grants manship, marketing, and working with the media.

483 COMMUNITY NUTRITION II CLINICAL 1 credit (credit/noncredit) Prerequisite: CP students only; 481. Corequisite: 482. A second field placement in an area agency offering nutrition services. Study of the agency's goals, organization, and philosophy of nutritional care.

484 HOSPITAL SETTINGS, CHILDREN AND FAMILIES 3 credits Prerequisite: 265, comparable course or permission of instructor. Focuses on hospital as a major social institution; introduces procedures and functions of the hospital; roles played by various hospital personnel plus cursory knowledge of medical terminology, common childhood diseases, illnesses and injuries.

SEMINAR IN FAMILY AND CONSUMER SCIENCES1-3 credits

Prerequisite: permission of instructor. Exploration and evaluation of current developments in selected areas.

486 STAFF RELIEF: DIETETICS 1 credit (credit/noncredit) Prerequisites: 414, CP senior only. Opportunity to function as an entry-level dietitian in area of administrative, therapeutic or community dietetics. The graduating senior CUP student spends two 40-hour weeks in a mutually agreeable agency primarily under direction of staff dietitians or coordinators.

487 SPORTS NUTRITION 3 credits Prerequisites: 133; 3100:202,203; 3150:112,113 or 203 or permission of instructor. In-depth study of energy metabolism and utilization before, during, and after exercise. Factors affecting nutrient needs and peak performance of different athletic populations are emphasized.

488 PRACTICUM IN DIETETICS

1-3 credits

Prerequisite: approval of adviser/instructor. Practical experience in application of the principles of nutrition.

489 PROFESSIONAL PREPARATION FOR DIETETICS 1 credit Historical aspects of dietetics and where the profession is going. Specialty areas of dietetic practice are explored. Students prepare the application for dietetic internship.

490 WORKSHOP IN FAMILY AND CONSUMER SCIENCES
Prerequisite: at least junior standing. Investigation on current issue or topic in selected areas of family and consumer sciences and family ecology. May be on off-campus study tour or an on-campus full-time group meeting.

491 CAREER-TECHNICAL FCS INSTRUCTIONAL STRATEGIES 3 credits Prerequisite: Senior standing or permission of the instructor. Organization of Career-Technical Family and Consumer Sciences programs in public schools grades 4-12. Emphasis on strategies, compliance with state career-technical directives, student organizations, and program planning.

492 CAREER-TECHNICAL FCS JOB TRAINING INSTRUCTIONAL STRATEGIES 3 credits
Organization of Career-Technical Work Force Development Family and Consumer Sciences programs in public high schools and career-technical schools. Emphasis on strategies, compliance with state career-technical directives, students organizations, program planning, workplace replication and classroom observations.

493 NUTRITION FOR ATHLETES 3 credits Study of metabolism before, during and after exercise. Factors affecting nutrient needs and peak performance of different athletic populations are emphasized.

494 INTERNSHIP: FAMILY AND CONSUMER SCIENCES 1 credit Prerequisite: permission of the instructor. In-depth field experience in business, industry, or community agencies relating to the student's area of specialization. (May be repeated for up to six credits.)

895 INTERNSHIP: GUIDED EXPERIENCES IN CHILD-LIFE PROGRAM 8 credits Prerequisite: 455. Field experience in a child-life program at an approved pediatric facility under the supervision of Child Life Specialists.

496 PARENT EDUCATION

Prerequisite: 265, comparable course or permission of instructor. Practical application that reviews and analyzes various parenting techniques with major emphasis on the evaluation of parent education programs.

497 INTERNSHIP: FAMILY AND CONSUMER SCIENCES

222 THEORY AND MUSICIANSHIP IV Sequential. Prerequisite: Theory and Musicianship III (70%). Theory, analysis, and aural/oral

254 STRING METHODS I

255 STRING METHODS II

221 THEORY AND MUSICIANSHIP III

Chromatic harmony, dictation of mixed and irregular meters, syncopation, dotted rhythms, and

4 credits

Prerequisite: permission of instructor. In-depth field experience in business, industry or community agencies related to student's area of specialization.

498 STUDENT TEACHING SEMINAR 1 credit

Corequisite: 5300:495. Seminar for students currently enrolled in Family and Consumer Sciences student teaching. Emphasis on block and lesson plan development, licensure, portfolio development, Praxis III, professional development, and student teaching reflections.

499 SENIOR HONORS PROJECT IN FAMILY AND CONSUMER SCIENCES 1-3 credits

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and approval of honors preceptor. Individual study supervised by adviser. Student and preceptor develop goals, objectives and methodology.

MUSIC

7500:

100 FUNDAMENTALS OF MUSIC

2 credits

Introduction of basic notation and development of functional music reading and keyboard skills. Conducted in electronic keyboard laboratory with computer-assisted instruction available. For non-music majors only, with little or no previous musical training.

101 INTRODUCTION TO MUSIC THEORY

Prerequisite: Undergraduate Theory Placement Examination. Designed for prospective music major to correct deficiencies in theory background as determined through department placement testing. Includes classroom instruction and computer-assisted instruction in basic notation, scales, meter, key signatures, ear training and basic familiarity with the keyboard. Credit not applicable toward music degree

102 INTRODUCTION TO MUSIC EDUCATION

Prerequisites: 121, 154. Overview of the music teaching profession and its processes. Screening of degree candidates is built into the course along with clinical field experience.

An overview of the first 100 years of jazz music with emphasis on major figures and styles central to the development of jazz. This course is specifically designed for the non-music major.

2 credits

Prerequisite: 101 or permission of instructor. Designed for student with no previous keyboard experience to learn rudimentary keyboard skills such as playing scales, chords, arpeggios and melodic patterns as well as simple music.

105 CLASS PIANO II 2 credits

Prerequisite: 104 or permission of instructor, Continuation of work begun in 104

2 credits Prerequisite: 101 or permission of instructor. Minimum memorization and solo singing require-

ment: seven songs. Voice literature emphasis; folk songs, ballads, spirituals, sacred songs and easy art songs in English.

Prerequisite: 107. Minimum memorization and solo singing requirement: eight songs. Vocal literature emphasis: old Italian and English songs, art songs in English or foreign language if student is conversant with the language.

Introduction to the guitar, its repertoire and techniques. Basic classical techniques and music reading, strums, finger-picking, accompaniment patterns, blues styles will be covered

121 THEORY AND MUSICIANSHIP I

4 credits

Sequential. Prerequisite: Theory Placement Examination (65%) or Introduction to Theory (70%). Analysis, aural/oral skills; Diatonic pitch materials, three clefs; simple-compound meters, rhythmic divisions and subdivisions.

122 THEORY AND MUSICIANSHIP II

Sequential. Prerequisite: 7500: 121, Theory and Musicianship I (70%). Theory, analysis, aural/oral skills: Seventh chords, secondary function, four-part dictation; asymmetric meters, borrowed subdivision.

Sequential. Familiarization with large body of musical material from all branches of music writing; vocal, instrumental, symphonic and choral music literature. Special attention given to style, form and structural procedures of principal composers.

157 STUDENT RECITAL

0 credits Required of all music majors until minimum requirement is met. Forum for student and faculty members providing lectures, recitals and opportunity for practice of various skills necessary for successful music performance.

201 EXPLORING MUSIC: BACH TO ROCK

ties relating to the music industry.

Prerequisite: 3400:210. This course provides non-music majors with the skills to evaluate a wide range of music.

2 credits

Prerequisites: 262 and permission of instructor. Study and application of principles of jazz improvisation as they relate the chord-scale structures, motif development and style

A study of current practices affecting the professional musician and a survey of career opportuni-

211 JAZZ IMPROVISATION II

Prerequisite: 210. Advanced study in principles of jazz composition.

2 credits 2 credits

212 THE MUSIC INDUSTRY: A SURVEY OF PRACTICES AND OPPORTUNITIES

to contemporary jazz harmony and theory.

309 JAZZ KEYBOARD TECHNIQUES

310 JAZZ IMPROVISATION III

311 JAZZ IMPROVISATION IV

Prerequisite: 310. Advanced study in the principles of jazz improvisation.

Prerequisite: 211. Advanced study in the principles of jazz improvisation.

315 EQUITY & EXCELLENCE IN MUSIC EDUCATION 3 credits Prerequisite: 289. Inquiry-based seminars and service learning field experiences for the music

education major to develop competence implementing equity and excellence in a culturally pluralistic society.

in the public schools.

Prerequisite: 261 or permission of instructor. Essentials of basic theory and harmony as applied to the guitar fretboard: accompaniment, improvisation, transposition, modulation, figures bass, sight reading

Sequential. Prerequisite: Theory and Musicianship II (70%). Theory, analysis, and aural/oral skills:

skills: Advanced chromaticism and rhythm, extended tonality, form, serial and non-serial

Prerequisites: 102, 155, 222, 262, 276, 277. Fundamentals of technique, tone production, meth-

Prerequisites: 102, 155, 222, 254, 262, 276, 277. Continuation of the fundamentals of technique,

tone production, methods, and materials pertaining to teaching violin, viola, cello and string bass

ods, and materials pertaining to teaching violin, viola, cello and string bass in the public schools.

261.2 KEYBOARD HARMONY I. II

2 credits each

Sequential. Prerequisites: 105 or equivalency and 122. Essentials of basic theory and harmony practically applied at keyboard; accompaniment, improvisation, transposition, modulation and sight-reading

263 SERVICE PLAYING FOR ORGANISTS

Prerequisites: 122 and 261. Practical course in basic keyboard skills needed by organist to play for religious services in various denominations. Hymn playing, anthem accompaniment and simple improvisation.

265.6 DICTION FOR SINGERS II

2 credits each

Sequential. Prerequisite: permission. Study of diction of the four most used languages (Italian, German, French and English) in vocal performance and international phonetic alphabet. Designed for student who expects to function as vocal performers and/or choral and studio

268 GROUP VOCAL TECHNIQUES FOR CHORAL MUSIC EDUCATION

Prerequisites: 7510:120 or 121, 7520:124. Corequisite: 265. Foundational concepts of group vocal techniques. Designed for choral educators to learn physiology of the voice, basics of vocal production, and application for the Pre-K -12 choral classroom.

271 PIANO PEDAGOGY AND LITERATURE I

2 credits

Prerequisite: permission of instructor. Examination of musical content and pedagogical orientation of beginning piano material to include appropriate teaching works, methods and ensemble pieces from a variety of historical periods.

272 PIANO PEDAGOGY AND LITERATURE II

2 credits

Prerequisite: 7520:125 or permission of the instructor. A survey of piano literature at all levels of difficulty, with practical emphasis on its use for teaching. 1 credit

276 TRUMPET AND FRENCH HORN METHODS

Prerequisite: 102. A comprehensive approach to the performance and pedagogy of the trumpet and French horn for the instrumental music education major in preparation for teaching music. 277 CLARINET/SAXOPHONE METHODS

Prerequisite: 276. A comprehensive approach to the performance and pedagogy of the clarinet

and saxophone for the instrumental music education major in preparation for teaching music.

289 MUSIC EDUCATION DEPARTMENT JURY Prerequisites: minimum 2.5 acum, C or higher in all freshman/sophomore music education coursework and a minimum 200 jury level. Sophomore exam for music education majors.

298 TECHNOLOGIES OF MUSIC EDUCATION

2 credits

Introductory hands-on experiences with a wide range of technology applications and strategies to integrate technology into the music curriculum.

305 MARCHING BAND ORGANIZATION AND TECHNIQUE

Prerequisite: Two semesters 7510:126; 289. A discussion of the marching band. Students learn to write complete half-time show, administer marching band program. Required for instrumental music education majors.

307 TECHNIQUES OF JAZZ ENSEMBLE PERFORMANCE AND DIRECTION

Prerequisite: 102, 155, 222, 252, 262, 276, 277, 305; permission of instructor. Basic experiences relating to conducting, rehearsal techniques, improvisation, performance, repertoire and other matters related to organization and direction of stage bands. Required for instrumental majors.

Prerequisite: 262. Study of and familiarization with basic jazz keyboard techniques as they relate

308 THE HISTORY AND LITERATURE OF JAZZ Prerequisite: permission of instructor. Study of origins of jazz music, its development and influ-

ence on today's culture. Investigates evolution of musical instruments as they pertain to jazz music, the artists who perform on them, and their music through live and recorded listening

2 credits

2 credits

2 credits

320 MUSICAL THEATRE HISTORY AND LITERATURE I

From the beginning of Musical Theatre through the 1800s, musicals will be examined for emerging trends and styles in music, dance, and theatre.

325 RESEARCH IN MUSIC

2 credits

Prerequisites: 155, 222, 262. Techniques of basic research methods; examination of selected music materials; field trips to specialized collections.

TEACHING GENERAL MUSIC I

2 credits (30 clinical hours, 20 field hours) Prerequisites: 222, 262, 289. Methods and materials for teaching general music in pre-K to 12th

340 TEACHING GENERAL MUSIC II

semester of the Senior Recital

2 credits (25 clinical hours, 10 field hours)

Prerequisites: 289, 339. Advanced methods and materials for teaching general music with emphasis on Orff, Kodaly and Dalcroze methodologies.

Prerequisites: 289, 340. Methods and materials for teaching choral music at the JH/MS level. Develops competencies in literature selection, rehearsal techniques and assessment of the adolescent voice.

344 SECONDARY CHORAL METHODS

2 credits

Prerequisites: 351, 361. Methods, techniques, and materials for teaching secondary choral music. Develops competencies in literature, selection, rehearsal techniques, and programming methodology.

Prerequisites: 222, 262, 277, 289. A comprehensive approach to the pedagogy and performance of the low brass for the instrumental music education major in preparation for teaching music.

346 FLUTE AND DOUBLE REED METHODS

Prerequisites: 289, 339, 345, 351. A comprehensive approach to the pedagogy and performance of the flute and double reeds for the instrumental music education major in preparation for teaching music.

351.2 MUSIC HISTORY I. II 3 credits each Sequential. Prerequisites: 122, 155. Development of music from ancient to modern times; scores, recordings and live performances as illustrative material.

353 ELECTRONIC MUSIC

3 credits Theory of electronically generated sound and practice of electronic music composition. Emphasis is on understanding digital and analog synthesizers in a MIDI recording studio.

Prerequisites: All Majors — 155, 222, 262; Vocal — 289, 351 or permission; Instrumental — 254, 346, 352, 454 or permission. Study and practice of conducting techniques; patterns, fermatas, tempo and dynamic change, attacks and releases, score reading, aural skills. One hour

363 INTERMEDIATE CONDUCTING: CHORAL

Prerequisite: 361 or instructor permission. Introduction to choral conducting with emphasis on manual techniques, vocal skills, aural skills, and gaining conducting experience.

365 SONG LITERATURE

Prerequisite: 222 or permission. Exposes student systematically to vocal literature, aiding in their ability to distinguish between various periods and styles of music through recordings and

368 GUITAR STYLES

2 credits

Prerequisite: 200 performance level or permission of instructor. Techniques involved in performing musical styles other than those in classical guitar. Included are plectrum styles such as bluegrass, country and rock, as well as flamenco, folk, popular and jazz.

371 ANALYTICAL TECHNIQUES

2 credits Prerequisite: 222. Techniques for analysis of musical score from all eras of Western music history, with major emphasis on works of Baroque, Classical and Romantic periods.

372 TECHNIQUES FOR THE ANALYSIS OF 20TH CENTURY MUSIC

2 credits Prerequisite: 222. Techniques for the analysis of musical scores from the 20th and 21st centuries. Required of a composition major.

JAZZ ARRANGING AND SCORING

2 credits

Prerequisite: 454 and 309. Study of jazz instrumentation from small groups to large ensembles.

432 TEACHING AND LITERATURE: PERCUSSION INSTRUMENTS

To train undergraduate and graduate percussion students in techniques of percussion education. Emphasis on research, literature, performance, and techniques from elementary through secondary levels.

442 INSTRUMENTAL METHODS

Prerequisites: 346, 352, 454, 254. Procedures for teaching instrumental music at all levels. Special emphasis will be placed on classroom management, recruitment, assessment, literature selection, scheduling and rehearsal organization. Clinical and field experience.

443 INSTRUMENTAL PRACTICUM

2 credits

Prerequisites: 442. Procedures for teaching instrumental music at all levels. Special emphasis will be placed on classroom management, recruitment, assessment, literature selection, scheduling and rehearsal organization. Clinical and field experience.

451 INTRODUCTION TO MUSICOLOGY

Prerequisite: 352. Comparative musicology; acoustics; psychology and physiology of music; aesthetics; theory of music theory; historical musicology. 453 MUSIC SOFTWARE SURVEY AND USE 2 credits

Prerequisite: 122 or permission of instructor. A survey and evaluation of available software in the various forms of musical instruction. Students will design a course suitable for submission to a programmer.

Prerequisite: 222. Theory of instrumentation ranging from small ensembles to full band and orchestras.

455 ADVANCED CONDUCTING: INSTRUMENTAL

Prerequisite: 361, 442 or permission. Baton techniques and problems relating to practice, reading and preparation of scores; organization of ensembles; programming; conducting large instrumental ensembles. One hour lab required.

456 ADVANCED CONDUCTING: CHORAL Prerequisite: 363. Conducting techniques to the choral ensemble, including leadership, error detection, tonal development, stylistic accuracy and analysis. One hour lab required.

2 credits

Permission of applied instructor is required for this course, which is taken only during the

458 PERCUSSION METHODS

Prerequisites: 346, 352 and acceptance into Music Education Program. A comprehensive approach to the pedagogy and performance of the percussion instruments for the instrumental education major in preparation for teaching music.

462 REPERTOIRE AND PEDAGOGY: ORGAN

3 credits

Prerequisite: permission of instructor. Survey of organ literature of all eras and styles, and of methods of teaching organ, applying principles to literature.

463 REPERTOIRE AND PEDAGOGY: STRING INSTRUMENTS

Prerequisite: permission of instructor. Study in depth of the four bowed string instruments, their teaching and close relationship. Despite obvious difference in physical application of cello and bass from violin and viola, methods of bowing, sound production and coloring are closely related. Application of the instruments to solo, chamber and orchestral playing.

465 VOCAL PEDAGOGY

3 credits

Prerequisite: 300 or above students with permission of instructor. In depth study of subjects dealing with teaching voice: physiology of the vocal instrument, principles governing vocal production and application of vocal pedagogy.

GUITAR PEDAGOGY

Prerequisite: permission of instructor, A systematic analysis of prevailing schools of guitar pedagogy. Sound production physiology, method books and special problems in teaching addressed.

GUITAR ARRANGING

Prerequisite: permission of instructor. After comparative analysis of selected examples, students make original solo guitar arrangements of works written for other solo instruments and ensembles.

469 HISTORY AND LITERATURE OF THE GUITAR AND LUTE

Graduate student must fulfill additional requirements.

Prerequisite: permission of instructor. Study of plucked, fretted, string instruments from the 14th Century to the present: construction, notation, literature and performance practices. Modern editions and recordings evaluated.

471 COUNTERPOINT

2 credits

Prerequisite: permission of instructor. Designed to give student of theory-composition necessary knowledge and skills for understanding contrapuntal practices and procedures; emphasis on 20th-Century techniques.

490 WORKSHOP IN MUSIC

Prerequisite: permission of instructor. Investigation of topics not offered in regular curriculum.

491 SPECIAL TOPICS IN MUSIC (May be repeated for a total of four credits) Group project related to a specific phase of music. Experimental course topics designed and implemented according to student interest. For elec-

tive credit only.

1-2 credits

492 STUDENT TEACHING COLLOQUIUM Prerequisite: restricted to students enrolled in Student Teaching in Music. For music education majors; certification, contracts, benefits, job market prospects and student teaching experience sharing.

497 INDEPENDENT STUDY IN MUSIC

(May be repeated for a total of four credits) Prerequisites: senior standing and permission of department head. Music major only. Independent study under supervision of specially selected faculty members in subject area bearing on student's own goals.

SENIOR HONORS PROJECT: MUSIC

(May be repeated for a total of six credits) Individually designed project demonstrating scholarship, analysis, advanced musicianship, research and/or creativity according to student interest. Restricted to University honors music student.

MUSICAL ORGANIZATIONS

7510:

102 AKRON SYMPHONY CHORUS

1 credit

Open to University and community members by audition. Prospective members should contact School of Music two weeks before semester begins. Performs with Akron Symphony Orchestra.

103 UNIVERSITY SYMPHONY ORCHESTRA Membership by audition. Organization devoted to study of orchestral literature. Full-length con-

104 SYMPHONIC BAND 1 credit Membership by audition. The University Symphonic Band is the most select band at the University and performs the most demanding and challenging music available. Major conducted

certs as well as special University appearances. Major conducted ensemble.

105 VOCAL CHAMBER ENSEMBLE

Membership open to those enrolled in applied voice study. Coaching and rehearsal of solo and ensemble literature for voices from operatic, oratorio and lieder repertories.

1 credit

Membership by audition. Study and performance of literature for brass ensemble from all periods of music history. Frequent public concerts, For advanced brass players.

107 STRING ENSEMBLE

Membership by audition. In-depth study of performance of chamber music literature with special emphasis on string quartet and piano trio.

108 OPERA WORKSHOP

1 credit

Membership by audition. Musical and dramatic group study of excerpts from operatic repertoire. Includes annual production of standard opera and/or contemporary chamber work with staging, costumes and scenery

109 PERCUSSION ENSEMBLE

Membership by audition. Study and performance of literature for various percussion groups; develops skill in ensemble performance.

110 WIND CHOIR

Membership by audition. Study, reading, and performance of major orchestral and serenade repertoire for wind instruments.

111 CHAMBER ORCHESTRA

1 credit

Membership by audition. Organization designed to study for performance the substantial repertoire for small orchestra. Open to student of advanced ability.

114 KEYBOARD ENSEMBLE

1 credit

In-depth study of ensemble playing. Eight semesters required for Keyboard majors, six semesters for Keyboard Music majors, and each semester for keyboard scholarship recipients.

1 credit Membership by audition. Provides experience in jazz ensemble performance. Student is assumed to have knowledge of rudiments of music and some experience in jazz performance.

116 GUITAR ENSEMBLE

Membership by audition. Provides experience in conducted ensemble performance for guitarists Major conducted ensemble.

118 SMALL ENSEMBLE MIXED

Chamber Ensemble, Baroque Ensemble and Contemporary Music Ensemble. Each is a group of diverse instruments which rehearses and performs a selected body of music.

120 CONCERT CHOIR

1 credit

Membership by audition. Highly select mixed choir. Performs classical literature from all periods. Campus, regional, and tour performances. "Major conducted ensemble" for vocal majors.

121 UNIVERSITY SINGERS

1 credit Membership by audition. Mixed ensemble devoted to performance of a wide variety of choral literature from classical to popular. "Major conducted ensemble" for vocal majors.

Membership by audition. Ensemble devoted to performance of vocal chamber music of the Renaissance. Presents madrigal feasts and concerts on and off campus. Fall semester

125 CONCERT BAND Membership by audition. This ensemble performs the finest literature available for concert bands today. Major conducted ensemble.

126 MARCHING BAND

1 credit Enrollment is open to all members of the University student body. This organization is noted for its high energy performances at University football games.

127 BLUE AND GOLD BRASS

Membership by audition. The official band for Akron home men's basketball games.

1 credit

128 UNIVERSITY BAND 1 credit The University Band is open to all members of the University community and performs excellent

standard band literature. Major conducted ensemble. BLUE AND GOLD BRASS II

Membership by audition. The official band for Akron home ladies basketball games.

1 credit

130 SUMMER CONCERT BAND

1 credit

University of Akron Summer Concert Band is open to all wind and percussion musicians and performs the finest in band literature

431 SUMMER DRUM CORPS EXPERIENCE

Prerequisite: permission of instructor. Summer Drum Corps Experience provides on credit for participation in a Junior Level — Division I, Ii or II Drum and Bugle Corps as part of the Drum Corps International Summer.

APPLIED MUSIC

7520:

Prerequisite: Placement audition in the School of Music.Individual instruction in vocal or instrumental performance. Two credits represent one half-hour lesson per week; four credits represent an hour lesson. Enrollment may be repeated each semester for credit. A fee is charged in addition to regular tuition

021-69 APPLIED MUSIC FOR NON-MAJORS

PERCUSSION

2-4 credits each

Prerequisite: Permission of applied instructor. For students whose performance skills are not sufficient for placement at the 100 level or for elective credit in non-music programs. No credit toward any major in music. A fee is charged in addition to regular tuition.

Total repeats not to exceed eight credits

COMMUNICATION

102 SURVEY OF MASS COMMUNICATION

3 credits

Considers entire field of contemporary American mass communication. Presents and explains functions of agencies through which news, views and entertainment reach the general public.

105 INTRODUCTION TO PUBLIC SPEAKING

3 credits Introduction to principles and practice of speaking by reading examples of speeches, studying techniques and methods employed and applying them in a variety of speaking situations.

106 EFFECTIVE ORAL COMMUNICATION

Principles of communication in speaker-audience, group and informal settings, and application of the principles in speeches, group discussions and other oral and written assignments.

SURVEY OF COMMUNICATION THEORY

3 credits

Presents models of major forms of speech communication and discusses elements of models. their interaction and their function in the human communication system.

225 LISTENING Techniques and approaches involved in understanding the listening process and practice of listen-

1 credit

ing improvement techniques. 226 INTERVIEWING 3 credits

Study and practical application of selected interviewing concepts associated with job interviewing, journalistic interviewing, and life review interviewing.

NONVERBAL COMMUNICATION

Focused study of the principal aspects of nonverbal communication in public, group and interpersonal settings

TV PRODUCTION PRACTICUM

Practical application of writing, directing, management, recording and editing skills in television production, done in cooperation with local television stations and production companies.

1 credit

231 FORENSICS*

1 credit

232 BUCHTELITE*

1 credit

233 TEL-BUCH*

235 INTERPERSONAL COMMUNICATION

3 credits Theory and practice in interpersonal communication concepts and principles. Special topics in communication apprehension, assertive communication, communication dyads and triads, and transactional communication.

245 ARGUMENTATION 3 credits Study of process of developing, presenting and defending inferences and arguments in oral communication setting. Includes study and practice of evidence, reasoning, case construction, refuta-

tion and rebuttal.

3 credits Emphasis on understanding persuasion theory and practice. Includes information analysis of motivational appeals and introduction to propaganda analysis.

VOICE TRAINING FOR MEDIA

Effective techniques and development of skills for voicework in radio and television.

MEDIA PRODUCTION TECHNIQUES

3 credits

Introduction to production techniques used in the mass communication covers sound, image, lighting, fundamentals of conveying messages on slide, film and video.

282 RADIO PRODUCTION

3 credits

Study of radio production techniques and the functional operation of AM and FM radio stations. Includes practical production experience in studio.

STUDIO PRODUCTION

3 credits

Prerequisite: 280. Function, structure and influence of television as communication medium with

NEWSWRITING

3 credits

Prerequisite: ability to type; 3300:111, 112 (with a grade of C or better) or permission. Writing and editing news stories with emphasis on deadline writing in a lab situation.

ADVANCED NEWSWRITING

3 credits Prerequisite: 300. Advanced course in writing and editing news, features and analysis for print media. Behavioral approach to communication of information and ideas.

BROADCAST NEWSWRITING

Prerequisites: 300, 280. The course is designed to teach students how to write, prepare, and deliver broadcast news copy for radio and television.

303 PUBLIC RELATIONS WRITING

3 credits

Prerequisites: 300, ability to type. Introduction of writing skills required by public relations practitioners emphasizing different approaches for specific publics and specific media.

3 credits

Prerequisite: 300. Copyreading, headline writing, proofreading, makeup, type and typography, printing machines and processes, newspaper methods and systems.

Prerequisite: 300. Short newspaper and magazine articles, preparation of articles for publication, human interest situations, extensive writing with class discussion.

COMMERCIAL ELECTRONIC PUBLISHING

Prerequisite: 300. Explore basic principles of magazine publishing in its broad definition, layout, type and typography, paint production of magazines.

PUBLIC RELATIONS PUBLICATIONS

3 credits

Prerequisites: 300 and 303 or corequisite 303. Preparation of publications used as communication tools in public relations, advertising and organizations. Emphasis upon design, layout and technology

325 INTERCULTURAL COMMUNICATION

Study of effect on oral communication process of existence of cultural barriers. Includes study of verbal and nonverbal communication in transracial, informal international and diplomatic communicative settings.

344 GROUP DECISION MAKING

3 credits

Study of communication and decision making in small groups. Practice in techniques of group decision-making. Introduction to theory of group communication.

Prerequisite: 7600:105 or 106. Practical improvement in speaking skills used in business settings.

345 BUSINESS AND PROFESSIONAL SPEAKING

3 credits

346 ADVANCED PUBLIC SPEAKING 3 credits Prerequisite: 7600:105 or 106. Theory and practice of public speaking: audience analysis; advanced methods for organizing persuasive speeches; techniques of research, style, and delivery; profes-

355 FREEDOM OF SPEECH Discussion and analysis of the Constitution's free speech quarantee; contemporary issues in freedom of communication; role of the media in free speech issues.

368 BASIC AUDIO AND VIDEO EDITING

3 credits

Prerequisite: 280. Basic audio and video editing theory and practice. Introduction to A/B roll and computerized editing systems

375 COMMUNICATION TECHNOLOGY AND CHANGE

sional speech writing; extensive speaking practice.

Prerequisite: 102 or permission. Study of technological innovation and change in electronic media. Evaluation of communication policy issues and the impact of technological change in electronic media. Evaluation of communication policy issues and the impact of technological change on consumers and industries

384 COMMUNICATION RESEARCH

3 credits

Prerequisites: 102, 115 (with a grade of C or better).; completion of General Education math requirement. Fundamental concepts of communication research methods, and the analysis, application and interpretation of data in communication and in media operations.

385 AMERICAN FILM HISTORY: THE REGINNING TO 1945

3 credits

Acquaints undergraduate student with historical developments of film and film concepts; ends with films of 1945.

386 AMERICAN FILM HISTORY: 1945 TO THE PRESENT

3 credits

Continuation of student's survey of film history and film concepts begun in 385.

387 RADIO AND TV WRITING

3 credits Prerequisite: 300. Practical application of broadcast writing principles and techniques used in commer-

cials, PSAs, promotions, as well as scripts for comedy, drama, documentaries, business and education. 388 HISTORY OF BROADCASTING

cable industries; contributions of inventors, entrepreneurs and talent.

Prerequisite: 102. Growth of broadcasting in America; historical evolution of radio, television, and

396 RADIO/TV PROGRAMMING 3 credits Prerequisite: 102. Examines programming processes in radio and television; programming philosophies, schedules, feature and syndication acquisition, local productions, issues of staffing and funding.

400 HISTORY OF JOURNALISM IN AMERICA

A review and analysis of the historical evolution of journalism in America, focusing primarily on newspapers, magazines, radio, television. **403 PUBLIC RELATIONS STRATEGIES**

Prerequisites: 300, 303, and 309, or corequisites 303 and 309. Selected communication theories

3 credits

used to analyze and implement effective public relations programs with emphasis placed upon research, planning, promotional messages and evaluation of program. 404 PUBLIC RELATIONS CASES 3 credits Prerequisites: 303, 309, and 403. Continuation of 403. Application of principles of public relations

profession in an actual organizational setting. 405 MEDIA COPYWRITING

Prerequisite: 309. Selected communication theories and research techniques used to plan, write and analyze commercial messages. Emphasis will be placed on selection of audience, medium. appeal, writing style and evaluation of efforts.

WOMEN, MINORITIES AND NEWS

Study of images of women in U.S. news, along with the power women and minorities have as decision-makers in the news industry.

410 JOURNALISM MANAGEMENT This course is designed to educate students in the management of journalistic operations, including the magazine and newspaper industries.

3 credits

3 credits

416 NEW MEDIA WRITING Prerequisite: 300. This class will look at how today's professionals practice on-line publishing. Students will work on writing and reporting skills needed in this new media.

NEW MEDIA PRODUCTION

Prerequisites: 375, 416. Covers practical application of softwares to create on-line multimedia documents and explores design ideas for New Media Journalism content. 420 MAGAZINE WRITING

Prerequisites: 300, 308. An advanced writing course designed to develop the specialized research-

3 credits

ing, reporting, and writing skills needed in consumer and specialized business magazines today 425 COMMERCIAL ELECTRONIC PUBLISHING 3 credits Prerequisite: 300. Explore basic principles of magazine publishing in its broad definition, layout, type

and typography, paint production of magazines. COMMUNICATION IN ORGANIZATIONS

Overview of theories and approaches for understanding communication flow and practices in organizations, including interdepartmental, networks, superior-subordinate, formal and informal communication.

436 ANALYZING ORGANIZATIONAL COMMUNICATION

3 credits

Prerequisites: 344, 384 and 435. or permission. Methodology for in-depth analysis and applica-tion of communication in organizations; team building; conflict management, communication flow. Individual and group projects; simulations.

TRAINING METHODS IN COMMUNICATION

Prerequisite: 345 or permission. Principles and concepts in the design and delivery of communication training programs; integration of theory and methodology; presentation skills; matching methods and

438 HEALTH COMMUNICATIONS

The course presents an overview of health communication theory and research issues in interpersonal, small group, organizational, public relations, and mass media contexts.

INDEPENDENT STUDY

1-12 credits

(May be repeated for a total of 12 credits) Prerequisite: permission of faculty. Directed independent readings, research, projects and productions. Written proposal must be submitted before permission is granted. Appropriate documentation of work required.

WOMEN, MINORITIES & MEDIA

3 credits

Examination of the media's portrayal of white women and people of color and the roles of media decision-makers as powerful counterparts to these images.

SPECIAL TOPICS IN COMMUNICATION

(May be repeated for a total of nine credits) Special interest topics in mass communication, journalism, or communication, supplementing courses listed in University Bulletin. See department for current listing of offerings.

THEORY OF GROUP PROCESSES

3 credits

Group communication theory and conference leadership as applied to individual projects and seminar reports.

457 PUBLIC SPEAKING IN AMERICA

3 credits

Survey and critical analysis of major speakers, speeches and speech movements in American history. Examines how style and content of American speaking influenced events and reflected their times.

LEADERSHIP & COMMUNICATION

Theories of leadership and communication across public, organizational, small group, interpersonal, and political contexts. Assessments tools provided. Guest speakers.

ADVANCED MEDIA WRITING

3 credits

Prerequisites: 280, 300, 387 or equivalent. Practical applications of script writing principles and techniques, focusing on the skills and discipline required to finish an entire script.

468 ADVANCED AUDIO AND VIDEO EDITING

3 credits

Prerequisite: 280, 368, 472, Advanced computerized multitrack audio and video editing. Theory and practice of multi-track sound mix for video productions.

470 ANALYSIS OF PUBLIC DISCOURSE

3 credits

Identifies principal textual and contextual elements of public discourse and presents various theories and models to be applied in studying rhetorical acts

471/571 THEORIES OF RHETORIC

3 credits

Study of key figures in history of rhetorical theory, stressing interrelationships among theories of rhetoric, intellectual climates and social climates.

Prerequisites: 280, 368. Principles of electronic image recording; field camera operation; field location lighting practice.

475 POLITICAL COMMUNICATION

Students explore the relationship between politicians, citizens, and media. Topics include media coverage, campaign technologies, advertising, debates, engagement, rhetoric, and attitudes. Theories and methodologies discussed.

480 COMMUNICATION INTERNSHIP

(May be repeated for a total of eight credits) Prerequisites: 24 credits in departmental courses, 2.5 overall GPA, and permission. Provides student with supervised experience and on-the-job training. Written permission must be obtained from the School prior to the term for which credit is to be

481 FILM AS ART: AN INTRODUCTION TO THE FILM FORM

3 credits

Explores the formal laws that govern a film acquainting the students with the film narrative and stylistic elements

484 REGULATIONS IN MASS MEDIA

Concentration on government regulations and self-regulatory bodies in broadcasting, film and print

SENIOR HONORS PROJECT IN COMMUNICATION

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College, approval of honors preceptor. Independent study project leading to completion of senior honors thesis or other original work.

486 BROADCAST SALES AND MANAGEMENT Prerequisite: 384. Using simulation and case history techniques, this course examines the sales

3 credits

and decision-making processes of a broadcast station.

COMMUNICATION WORKSHOP

1-3 credits

(May be repeated for a total of six credits) Group study or group projects investigating a particular phase of media not covered by other courses in curriculum.

493 PRODUCTION PRACTICUM

Prerequisite: permission. Practical application of writing, directing, management, recording, and editing skills in problems in electronic media production.

SPEECH-LANGUAGE PATHOLOGY AND **AUDIOLOGY**

7700:

101 AMERICAN SIGN LANGUAGE I

3 credits

Introduction to American Sign Language: vocabulary building, beginning development of finger-spelling skills, receptive/expressive conversational skills.

102 AMERICAN SIGN LANGUAGE II

3 credits Prerequisite: 101. Continued development of skills in American Sign Language: vocabulary build-

ing, beginning development of fingerspelling skills, receptive/expressive conversational skills. 110 INTRODUCTION TO DISORDERS OF COMMUNICATION 3 credits Overview of various types of speech disorders; their incidence, etiology and characteristics.

Basic concepts and principles underlying speech pathology.

120 INTRODUCTION TO AUDIOLOGY/AURAL REHABILITATION (Not open to speech-language pathology and audiology major) Introduction to field of audiology including physics of sound, anatomy and physiology of auditory system, measurement of hearing impairment, nature and causes of hearing disorders and habilitation of persons with hearing

121 ASPECTS OF AMERICAN SIGN LANGUAGE

Prerequisite: 102. Study of selected aspects of American Sign Language, including, but not limited to fingerspelling and number systems.

AMERICAN SIGN LANGUAGE III

Prerequisite: 102. Continued development of skills in American Sign Language: vocabulary building, beginning development of fingerspelling skills, receptive/expressive conversational skills.

202 AMERICAN SIGN LANGUAGE IV

Prerequisite: 201. Further practice in developing expressive/receptive communication, finger-

spelling and fluency: Study of linguistic aspects of various manual communication systems. 210 INTRODUCTION TO CLINICAL PHONETICS 4 credits

Prerequisite: 110. Introduction to International Phonetic Alphabet. Transcribing normal and disordered speech. Overview of articulatory and acoustic phonetics. Introduction to distinctive features, phonological processes. Analyzing disordered articulation.

215 INTRODUCTION TO HEARING AND SPEECH SCIENCE

Introductory course covering the human hearing system and acoustics of hearing as well as principles involved in the production, transmission and reception of the speech signal.

222 SURVEY OF DEAF CULTURE IN AMERICA

2 credits

The deaf experience in America including educational, legal, social, and occupational developments.

LANGUAGE SCIENCE AND ACQUISITION

4 credits

Prerequisite: permission. An introduction to language science and the study of the language acquisition process. The characteristics and explanations of language development will be pre-

235 PRINCIPLES OF AUDIOLOGY

Prerequisite: 215. Introduction to basic audiometric tests, principles of speech audiometry, masking and impedance audiometry, "test battery" approach.

AUDIOLOGICAL REHABILITATION

Prerequisite: 215. Introduction to philosophy and methods of aural rehabilitation for children and adults. Includes methods of speech reading, auditory training, speech conservation, hearing aid use and combined visual and auditory approaches. 250 OBSERVATION AND CLINICAL METHODS

Corequisites: 235 or 330 or 321. Introduction to clinical procedures in speech-language patholo-

3 credits

gy and audiology. Observation of speech-language and audiological evaluation and treatment in different settings.

265 ANATOMY AND PHYSIOLOGY OF SPEECH AND HEARING Prerequisites: 3100:265. Corequisites: 266. Study of the anatomy and physiology of organs

directly and indirectly responsible for production of speech and perception of acoustical signals.

266 ANATOMY AND PHYSIOLOGY LABORATORY 1 credits Corequisites: 265. Laboratory to accompany lecture, includes hands-on experience with a variety of laboratory materials, primarily models and virtual dissection.

321 ARTICULATORY AND PHONOLOGIC DISORDERS

4 credits

Prerequisites: 110, 210. Study of disorders of articulation/phonology, including normal phonological development, and assessment and remediation of phonological disorders.

322 ORGANIC DISORDERS OF COMMUNICATION Prerequisites: 110 and 3100:265, or permission of instructor. Surveys communication disorders

4 credits

that accompany acquired neurological impairments and neurodevelopmental syndromes. Introduces neurological and genetic models, classification systems, diagnostic and treatment

330 LANGUAGE DISORDERS Prerequisite: 230. Etiology, identification, evaluation, intervention, remediation of symbolic, cog-

420 SENIOR CLINICAL EXPERIENCE 3 credits Prerequisites: 3.0 GPA overall and "B" average in 235, 240, 321, 330. Instruction and clinical experiences in speech-language pathology and audiology.

nitive, interpersonal language disorders of children. Disorders viewed as correlates or sequelae

430 ASPECTS OF NORMAL LANGUAGE DEVELOPMENT

of central nervous system dysfunction or emotional disturbance.

3 credits

(Not open to speech-language pathology and audiology majors) Introduction to acquisition and development of comprehension and production of language phonologically, semantically and syntactically. Relates language acquisition to perceptual development of child and looks at function of language in individual, family and school.

440 AUGMENTATIVE COMMUNICATION

Prerequisites: 330 or 430 or permission of instructor. Overviews augmentative communication systems—candidates, symbol systems, devices, vocabulary, funding. Considers interdisciplinary issues in assessment/intervention.

445 MULTICULTURAL CONSIDERATIONS FOR AUDIOLOGISTS AND SPEECH-LANGUAGE PATHOLOGISTS

3 credits

Prerequisites: 110 or graduate standing. This course introduces the multicultural considerations faced by audiologists and speech-language pathologists providing services to families and individuals with communication disorders.

SPEECH-LANGUAGE AND HEARING DISORDERS IN THE PUBLIC SCHOOLS 2 credits (Not open to speech-language pathology and audiology major) Nature, causes and treatment of speech, hearing and language disorders in public schools. Special reference to role of classroom teacher in identifying and referring student with suspected problems and in working with school clinician

461 ORGANIZATION AND ADMINISTRATION: PUBLIC SCHOOL SPEECH-LANGUAGE AND HEARING PROGRAMS

2 credits

Prerequisites: Senior or graduate standing. For clinicians who plan to work in public school systems. Covers program requirements and professional/ethical issues imposed by PL 94-142.

- 480 SEMINAR IN SPEECH-LANGUAGE PATHOLOGY AND/OR AUDIOLOGY Prerequisite: senior standing. Provides a vehicle for detailed study and discussion of various
- 481 SPECIAL PROJECTS: SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY 1-3 credits (May be repeated for a total of four credits) Prerequisite: permission of instructor. Individual or group projects related to any of the problems of communicative disorders.
- 485 TEACHING & LEARNING STRATEGIES IN SPEECH-LANGUAGE PATHOLOGY 2 credits Current practice related to clinical intervention designed for individuals with developmental disabilities. Explores the use of the natural environment and the computer as intervention tools.
- 490 WORKSHOP: SPEECH-LANGUAGE PATHOLOGY AND AUDIOLOGY 1-3 credits (May be repeated for a total of four credits) Prerequisite: permission. Group investigation of particular phase of speech pathology and/or audiology not offered by other courses.

496 SENIOR HONORS PROJECT: SPEECH-LANGUAGE PATHOLOGY 1-3 credits AND AUDIOLOGY

(May be repeated for a total of six credits) Prerequisites: enrollment in the Honors College, senior standing and major in speech-language pathology and audiology.

SOCIAL WORK

750:

270 POVERTY AND MINORITY ISSUES

3 credits

Introductory course explores issues related to poverty and minority issues as they relate to atrisk populations.

276 INTRODUCTION TO SOCIAL WELFARE

Survey of field of social welfare; place of social work profession within human services institutions of United States. Introduction of basic concepts relating social welfare institutions and social work to society.

401 SOCIAL WORK PRACTICE I

3 credits

Prerequisite: Social Work major; Corequisite 405. Basic concepts and methods of Generalist social work practice, with an emphasis on understanding and working with individuals

402 SOCIAL WORK PRACTICE II

Prerequisite: 401; Corequisite 405; or permission of instructor. Concepts and methods of social work practice particularly relating to understanding and working with groups in various settings in our society.

403 SOCIAL WORK PRACTICE III

3 credits

Prerequisite: 401 and 405, or permission of instructor, Development of understanding and practice methods for utilization of community organization and social planning as social work process in assessing problems and developing program to meet needs.

404 SOCIAL WORK PRACTICE IV

Prerequisite: 401, 405, or permission of instructor. Professional social work practice with families in social services; the dynamics of family systems, assessment of family function and dysfunction, professional helping processes.

405 PRACTICE I SKILLS LAB Prerequisites: 3100:103, 3850:100, 7750:276, 270, 427, 3250:100 OR 3250:200 OR 2040:247,

3700:100, 3750:100. Corequisite: 401. Prepares students for beginning generalist social work practice and proves a context to apply and evaluate generic knowledge base, values, ethics, and skills common to practice with client systems.

411 WOMEN'S ISSUES IN SOCIAL WORK PRACTICE

Prerequisite: 401 or permission of instructor, Social work practice, knowledge and skill, social welfare institutions and social policy in relation to women's issues and concerns in the United States.

421 FIFLD EXPERIENCE SEMINAR I

Prerequisites: 401, and permission of instructor. Corequisite: 493. The first of two consecutive courses that assists students in making the transition from classroom learning to experiential learning in the field practicum.

422 FIELD EXPERIENCE SEMINAR II

Prerequisite: 421 and 493. Corequisite: 494. The second of two consecutive courses, this course assists students in integrating, synthesizing, and applying classroom learning to field experiences and assignments.

425 SOCIAL WORK ETHICS

3 credits

Prerequisite: Social Work major, permission of instructor. Social Worker's code of ethics as applied to practices, problems and issues in social work.

427 HUMAN BEHAVIOR AND SOCIAL ENVIRONMENT I

Social work perspective on human development across the life cycle. Human diversity approach consistent with the needs of social work students preparing for practice.

430 HUMAN BEHAVIOR AND SOCIAL ENVIRONMENT II

3 credits

Prerequisite: Social Work major, 427, or permission of instructor. Examination of larger social systems including families, groups, neighborhoods, and organizations. Focuses on the unique systemic characteristics of each system and its development.

440 SOCIAL WORK RESEARCH I

3 credits

Prerequisites: Social Work major or permission of instructor. Overview of scientific inquiry and the research process as it applies to the field of social work. Emphasis is placed on the various social worker roles in relation to research.

441 SOCIAL WORK RESEARCH II

3 credits

Prerequisite: 440 or permission of instructor. A continuation of Social Work Research I with a focus on applying research concepts. Includes content on the evaluation of practice outcomes and the use of computers in data analysis.

445 SOCIAL POLICY ANALYSIS FOR SOCIAL WORKERS

Prerequisite: Social Work major, permission of instructor. Description, analysis and construction of social policy in social services; to understanding forces and processes which establish or change social policies, to predict consequences of social policies and to establish goals for social policy development; integrated into effective social work methodology.

450 SOCIAL NEEDS AND SERVICES: AGING

3 credits

Prerequisite: 401 or permission of instructor. Application of knowledge and principles of professional social work practice to understanding, development and provision of social services to meet needs of aging and later mature individuals, families and communities and institutions serving them and their relatives.

451 SOCIAL WORK IN CHILD WELFARE

3 credits

Prerequisite: 401 or permission of instructor. In-depth exploration of structure and functioning of social services designed to help children, and of practice of social work in child-welfare settings. Consideration of supportive, supplementary and substitutive services.

452 SOCIAL WORK IN MENTAL HEALTH

Prerequisite: 401 or permission of instructor. Issues, organization, development and methodologies of current professional social work practice in mental-health settings.

454 SOCIAL WORK IN JUVENILE JUSTICE

3 credits

Prerequisite: 401 or permission of instructor. The theory and practice of social work in the juvenile justice systems of the United States. Traditional procedures and recent developments, prevention, diversion and community outreach, legal concerns, case management, institutional functioning.

455 BLACK FAMILY ISSUES

Prerequisite: 401 or permission of instructor. Contemporary problems facing black families; male-female relationships, single parent households, black teens and elderly, public policy, theoretical models, explaining development of the black family.

456 SOCIAL WORK IN HEALTH SERVICES

3 credits

458 ADULT DAY CARE

3 credits

Prerequisite: 401 or permission of instructor. Planning, development, implementing, evaluating and delivery of adult day-care services.

459 SOCIAL WORK WITH THE MENTALLY RETARDED

Prerequisite: 401 or permission of instructor. Application of social work principles in the provision of social services to meet the needs of the mentally retarded and developmentally disabled and 465 ADMINISTRATION AND SUPERVISION IN SOCIAL WORK

Prerequisite: 401 or permission of instructor. Preparation for use of supervision, staff development, and program planning in a social work agency. Examines the social work/welfare agency in

its community as it affects its organizational goal-setting and program-implementation problems. 470 LAW FOR SOCIAL WORKERS Prerequisite: 401 or permission of instructor. Basic terminology, theories, principles, organization

and procedures of law will be explored along with the relationships between social work and law and comparisons of the theoretical bases of the two professions.

475 SUBSTANCE ABUSE AND SOCIAL WORK PRACTICE 3 credits Prerequisites: 401 or permission of instructor. Provides students with the essential knowledge and skill for successful social work practice with people involved in substance abuse.

480 SPECIAL TOPICS IN SOCIAL WORK AND SOCIAL WELFARE

Prerequisite: permission of instructor. Analysis of current social work and social welfare theory and policy, settings, innovative interventions, and trends in delivery systems in relation to selected areas of concern. Topics and credits variable.

493 FIELD EXPERIENCE: SOCIAL AGENCY I

Prerequisites: 401, 427, and permission of instructor, Corequisite: 421, First of two consecutive courses of supervised internship in a social service setting. Facilitates acquisition of generalist practice skills. Student must receive permission to take the course with the Field Coordinator during early part of semester preceding enrollment. For senior social work majors.

494 FIELD EXPERIENCE: SOCIAL AGENCY II

Prerequisites: 493, 421 and permission of instructor. Corequisite: 422. Second of two consecutive courses of supervised internship in a social service setting. Facilitates the continued acquisition of generalist practice skills. For senior social work majors only.

INDIVIDUAL INVESTIGATION IN SOCIAL WORK

Prerequisites: permission and prearrangement with instructor. Individual readings, research or projects in area of interest in social welfare theory or institutional operations or in social work practice under guidance of social work faculty member. Preparation of report paper appropriate to nature of topic. For social work major.

499 SENIOR HONORS PROJECT IN SOCIAL WORK

(May be repeated for a total of six credits) Prerequisites: senior standing in Honors College and approval of honors preceptor in department. Open only to social work major enrolled in Honors College. Independent study leading to completion of senior honors thesis or other original work resulting in writing of research paper in proper scholarly form, supervised by student's honors project adviser within the department.

THEATRE

7800:

100 EXPERIENCING THEATRE

3 credits

Experience the theatre as a live, dynamic art form through an exposure to and participation in University productions.

103 THEATRE ORIENTATION

0 credits

Orientation to the information and strategies necessary to aid new theatre students in their understanding of the field of theatre.

INTRODUCTION TO THE VISUAL ARTS OF THEATRE

3 credits Introduction to the design theory of scenic, costume, lighting and imagery of the theatre. The course includes application of these principles to multimedia.

Prerequisites: Satisfactory completion of all required Sophomore-level nursing courses. Nursing care of clients of diverse ethnicities is emphasized. Special attention is given to selected ethnic groups' communication patterns, spirituality, health beliefs and practices.

330 NURSING PHARMACOLOGY

3 credits

Prerequisite: Satisfactory completion of Sophomore-level nursing courses. Emphasis on fundamental concepts of pharmacology as applied to major drug classes, actions, and effects. Application of nursing process to drug therapy across life span.

336 CONCEPTS OF PROFESSIONAL NURSING

Prerequisite: Admission to the RN/BSN sequence. Introduces the RN to baccalaureate nursing. Focuses on the relationship of concepts and theories to the role of the professional nurse. Offered Summer only

337 HEALTH ASSESSMENT/RN

3 credits

Prerequisite: admission to the RN program. This three hour health assessment course is designed for the registered nurse. The course consists of both theory and supervised clinical

350 NURSING OF THE CHILDBEARING FAMILY

Prerequisite: Satisfactory completion of Sophomore-level nursing courses. A theoretical and clinical basis for care of the childbearing family in varying degrees of health and in a variety of

360 NURSING CARE OF ADULTS

Prerequisite: Satisfactory completion of Sophomore-level nursing courses. Acute nursing care of adults with nutrition, elimination, metabolic, sexual, reproductive, and immunological concerns. Includes theory and practice at the advanced beginner level.

370 NURSING CARE OF OLDER ADULTS

283

Prerequisite: Satisfactory completion of Sophomore-level nursing courses. Acute nursing care of older adults with mobility, perception, circulation, and oxygenation concerns. Includes theory and practice at the advanced beginner level.

380 MENTAL HEALTH NURSING

5 credits

Prerequisite: Satisfactory completion of Sophomore-level nursing courses. Assists students in developing knowledge and skills for providing care to individuals with mental health needs in a variety of settings

405 NURSING CARE OF HEALTHY INDIVIDUALS

Prerequisite: 336, 337. Clinical course for RN's focusing on health care concepts across the life

span with emphasis on health promotion. 409 INTERNATIONAL HEALTH 2-3 credits Prerequisite: Junior standing. Study in an international location. Focuses on comparisons of edu-

cation, ethics, government, demography and geography on health care and nursing roles and responsibilities 410 NURSING OF FAMILIES WITH CHILDREN Prerequisite: Satisfactory completion of Junior-level nursing courses. Theoretical and clinical

nursing course focused on the child within a family context. Health problems of both acute and chronic nature are explored. 415 NURSING OF INDIVIDUALS WITH COMPLEX HEALTH PROBLEMS 5 credits

Prerequisites: 336, 337, 405, 445. This five hour course is designed for the registered nurse. The course consists of lecture, seminar and clinical practice related to care of individuals with complex health care problems.

430 NURSING IN COMPLEX AND CRITICAL SITUATIONS

Prerequisite: Satisfactory completion of all Junior-level nursing courses. Introduces advanced beginners to the complexity of nursing care in acute complex and critical situations of patients with multi-system failures.

435 NURSING RESEARCH

2 credits

Prerequisite: Satisfactory completion of all Junior-level nursing courses. Exploration of the effects of nursing research on the profession, become a knowledgeable consumer of research.

436 NURSING RESEARCH/RN ONLY

Prerequisite: 336. Exploration of the effects of nursing research on the profession, becoming a knowledgeable consumer of research.

440 NURSING OF COMMUNITIES

Prerequisite: Satisfactory completion of all Junior-level nursing courses. A synthesis of nursing skills applied among various community populations. Health and illness care strategies within diverse health care systems to promote the health of groups.

445 COMMUNITY HEALTH NURSING/RN ONLY

5 credits

Prerequisites: 336, 337, 405. A theoretical synthesis of community health nursing and public health science applied across the life-span, in a variety of community settings with diverse popu-

446 PROFESSIONAL NURSING LEADERSHIP

Prerequisite: 445. Provides the RN student with a clinic and theoretical foundation for leadership and management in a dynamic health care setting. NURSING PRACTICUM & LEADERSHIP 5 credits

Prerequisite: Completion of all Junior-level courses. This course focuses on the application of

leadership and management principles to the practice of nursing. Political, social, cultural, legal and ethical issues are explored.

453/553 SCHOOL NURSE PRACTICUM I

Prerequisite: 5570:421/521, 5570:423/523, 225 or 650. Corequisites: 225 or 650 if not previously completed. Emphasis on clinical primary health care nursing to enhance positive health behavior outcomes of well children and adolescents with minor conditions on family, community, school

454/554 SCHOOL NURSE PRACTICUM II

Prerequisite: 5570:421/521, 5570:423/523, 225 or 650, 453/553 or waiver. Emphasis on primary health care nursing to enhance positive health behavior outcomes of children/adolescents with minor common health or behavioral problems and chronic illnesses.

480 SENIOR HONORS PROJECT

1-3 credits

Prerequisites: Senior standing in Honors College and nursing major. Completion and presentation of an original investigation of a significant topic or creative work which must meet high standards of scholarship.

489/589 SPECIAL TOPICS: NURSING

ogy specific to discipline of nursing.

(May be repeated as new topics are presented) Group studies of special topics in nursing. May not be used to meet requirements for the major in nursing. May be used for elective credit.

493/593 WORKSHOPS (May be repeated as new topics are presented) Selected topics in nursing. May be used to meet undergraduate or graduate major requirements at the discretion of the college.

497 INDEPENDENT STUDY Prerequisite: permission of Assistant Dean Academic Nursing Programs, and good academic standing. Provides opportunity to develop greater depth in an area of nursing through methodol-

1-3 credits

College of **Polymer** Science and **Polymer Engineering**

INTERDISCIPLINARY COURSES:

POLYMER SCIENCE AND POLYMER ENGINEERING

9821:

281 POLYMER SCIENCE FOR ENGINEERS

Prerequisites; 3150:151 and 152. Chemical bonds and structure of organic molecules, polymer chain structure, amorphous and crystalline morphology and structural characterization, polymerization and copolymerization, experimental demonstrations, typical solid-state and flow properties.

381 POLYMER MORPHOLOGY FOR ENGINEERS

Prerequisites: 281, 3150:151, 3650:292. Fundamental understanding of solid structure, crystallography and morphology, processed polymers, co-polymers and their blends.

POLYMER ENGINEERING

9841:

321 POLYMER FLUID MECHANICS

Prerequisite: 4600:310 or equivalent. Rheological properties and flow characteristics of polymer fluid systems; non-Newtonian viscosity, viscoelasticity.

422 POLYMER PROCESSING

Prerequisites: 321 and 4600:315 or equivalent. Polymer processing technology. Basic studies of flow in extrusion, molding, and other processing methods.

425/525 INTRODUCTION TO BLENDING AND COMPOUNDING OF POLYMERS

Prerequisites: 4200:321 or 4600:310 or permission. Nature of polymer blends and compounds and their applications. Preparation and technology using batch and continuous mixers, mixing mechanisms

Prerequisites: 4200:321 or 4600:310 or permission. Molding methods to manufacture polymeric products. Machinery, materials, molds, equipment, computer-aided design.

450/550 ENGINEERING PROPERTIES OF POLYMERS

Prerequisites: 4600:336 or permission. Introduction to engineering properties and polymer processing. Analyzing mechanical polymer tests in glassy, rubbery, and fluid states. Product design, rheology, rheometry and polymer processing concepts.

451/551 POLYMER ENGINEERING LABORATORY

Prerequisite: 4200: 321. Corequisite: 422. Laboratory experiments on the rheological characterization of polymer melts, fabrication of engineering products, structural investigation of polymeric

497 HONORS PROJECT

Prerequisite: Senior standing in the Honors College. Individual creative project in mechanical polymer engineering, supervised by faculty member of the department. This course must be design oriented if used in place of 4700:499.

499 POLYMER ENGINEERING DESIGN PROJECT

Corequisite: 4600:400 or permission of instructor. Analysis and design of mechanical polymer systems.

POLYMER SCIENCE

401/501 INTRODUCTION TO FLASTOMERS

3 credits

Prerequisites: physical chemistry (or equivalent) or permission. An introduction to the science and technology of elastomeric materials. Lecture and laboratory.

402/502 INTRODUCTION TO PLASTICS

Prerequisite: physical chemistry (or equivalent) or permission. An introduction to the science and technology of plastic materials. Lecture and laboratory.

407/507 POLYMER SCIENCE

Prerequisite: 3150:314 or 3650:301 or permission. Principles of polymerization processes and relationships between molecular structures and physical behavior of polymers. Molecular weight distributions of macromolecules discussed and methods of determining molecular weights utilized. Lecture and laboratory.

499 RESEARCH PROBLEMS IN POLYMER SCIENCE

Prerequisite: permission. Faculty-supervised undergraduate research problems in polymer science, culminating in a written report.

Directory

The University of Akron, Board of Trustees

Akron, Ohio 44325-4705

MR. ROLAND H. BAUER (Term expires 2009)

MR. EDWARD L. BITTLE (Term expires 2011)

MRS. ANN AMER BRENNAN (Term expires 2012) - Serves as Vice Chair

MR. HOWARD L. CALHOUN (Term expires 2007)

DR. WILLIAM F. DEMAS, F.A.C.R. (Term expires 2008) - Serves as Chair

MR. PHILIP S. KAUFMANN (Term expires 2010) - Serves as Vice Chair

DR. CHANDER MOHAN (Term expires 2013)

MR. JACK MORRISON, JR. (Term expires 2014)

MR. RICHARD W. POGUE (Term expires 2015)

Student Trustees

Mr. JOSPEH D. CRAWFORD (Term expires 2008)
MS. DENEAL A. MICHAELS (Term expires 2007)

Officers of the Board

MR. TED A. MALLO, Vice President and General Counsel; Secretary of the Board of Trustees
MR. RUSSELL D. SIBERT, Vice President of Board Operations; Assistant Secretary of the Board of Trustees

President and Vice Presidents

September 2007

LUIS M. PROENZA, President of the University, Ph.D.

F. JOHN CASE, Vice President for Finance and Administration and CFO, D.Ed.

THEODORE CURTIS, Vice President for Capital Planning and Facilities Management, B.S.

JOHN A. LAGUARDIA, Vice President for Public Affairs and Development, M.A.

TED A. MALLO, Vice President and General Counsel, J.D.

GEORGE R. NEWKOME, Vice President for Research and Dean, Graduate School, Ph.D.

JAMES L. SAGE, Vice President for Information Technology and CIO, B.S.

ELIZABETH J. STROBLE, Senior Vice President and Provost, Ph.D.

Deans

Dean of the Buchtel College of Arts and Sciences, College of Arts and Sciences Building, 448, 330-972-7880

Dean of the College of Business Administration, College of Business Administration Building, 419, 330-972-7041

Dean of the Summit College, Polsky Building 215, 330-972-6578; 330-972-7577

Dean of the College of Education, Zook Hall 218, 330-972-7680

Dean of the College of Engineering, Auburn Science and Engineering Center 201, 330-972-7816

Dean of the College of Fine and Applied Arts, Guzzetta Hall 260, 330-972-7564

Dean of the Honors College, Honors Residence Hall, 330-972-7966

Dean of the Graduate School, Polsky Building 469, 330-972-7664

Dean of the School of Law, McDowell Law Center 136, 330-972-7331

Dean of University Libraries, Bierce Library 161D, 330-972-7497

Dean of the College of Nursing, Mary Gladwin Hall 101, 330-972-7552

Dean of the College of Polymer Science and Polymer Engineering, Goodyear Polymer Center

Dean of the University College, Simmons Hall, 330-972-7066

Dean of Wayne College, 1901 Smucker Road Orrville 44667, 1-800-221-8308

Emeritus Faculty

September 2007

- D. J. GUZZETTA, President Emeritus of the University; Professor Emeritus of Higher Education (1954-1968) (1971) (Ret. as President 1984) (Ret. 1985) B.A., Ed.M., Ed.D., University of Buffalo, 1953; LL.D., The University of Akron, 1968; D.S.S., Marian College, 1971; LL.D., Kent State University, 1971; L.H.D., Walsh College; LL.D., Bellevue College, 1978.
- **DANNY W. ABOOD,** Coordinator Athletic Facilities and Operations Emeritus (1981) (Ret. 2004) B.A., The University of Akron, 1981.
- IRVING A. ACHORN, Professor Emeritus of Art (1965) (Ret. 1983) B.S., M.A., Kent State University, 1956.
- ALEXANDER L. ADAMS, Assistant Professor Emeritus of Physical Education (1970) (Ret. 1989) B.S.Ed., M.S.Ed., The University of Akron, 1970.
- RONNIE G. ADAMS, Professor Emeritus of Surveying and Construction Technology (1969) (Ret. 1996) B.C.E., Cleveland State University; M.S.C.E., Lehigh University, 1963.
- J. THOMAS ADOLPH, Professor Emeritus of Physical Education (1969) (Ret. 1995) B.A., The University of Akron; M.Ed., Ohio University; Ph.D., The Ohio State University, 1969.
- STANLEY AKERS, Assistant Professor Emeritus of Bibliography (1967) (Ret. 1997) B.S., M.A., The University of Akron; Ph.D., Kent State University, 1989.
- CAROLYN A. ALBANESE, Associate Professor Emeritus of Home Economics and Family Ecology (1978) (Ret. 1998) B.S., Southern Illinois University at Carbondale; M.S., The Ohio State University, 1969.
- M. KAY ALDERMAN, Professor Emeritus of Education (1979) (Ret. 2006) B.S., University of Southern Mississippi; M.Ed., University of Texas at Austin; Ed.D., University of Houston, 1976.
- DORIS S. ALDRICH, Associate Professor Emeritus of Home Economics (1973) (Ret. 1988) B.S., M.Ed., Kent State University, 1972.
- RICHARD W. ALFORD, Associate Professor Emeritus of Hospitality Management (1983) (Ret. 2000) A.D., B.S., M.S., The University of Akron, 1987.
- VIRGINIA L. ALLANSON, Associate Professor Emeritus of Bibliography (1968) (Ret. 1984) B.S., Purdue University; M.L.S., Kent State University, 1966.
- ABDUL AMER ALRUBAIY, Professor Emeritus of Education (1972) (Ret. 1994) B.S., M.A., E.D.S., Eastern Michigan University; Ph.D., Kent State University, 1972.
- VINCENT A. ALTIER, Assistant to the Dean Emeritus of the College of Polymer Science and Polymer Engineering (1983) (Ret. 1996) A.B., Youngstown State University; M.S., The University of Akron. 1954.
- BARBARA S. ANANDAM, Assistant Professor Emeritus of Nursing (1973) (Ret. 1993) B.S., M.S., Boston University; Ed.S., Kansas State Teachers College, 1971.
- WALTER E. ARMS, Associate Professor Emeritus of Education (1968) (Ret. 1989) B.S., Northwest Missouri State College; M.Ed., University of South Dakota; Ed.D., Indiana University at Bloomington, 1968.
- BARBARA N. ARMSTRONG, Professor Emeritus of Home Economics (1972) (Ret. 1989) B.S., M.S., West Virginia University; Ph.D., The Ohio State University, 1970.
- BRUCE R. ARMSTRONG, Professor Emeritus of Art (1971) (Ret. 1994) B.F.A., California Institute of the Arts; M.F.A., Washington State University, 1968.
- WILLIAM J. ARN, Professor Emeritus of Education (1967) (Ret. 1983) B.S.Ed., Ohio Northern University, M.S.Ed., Bowling Green State University, Ph.D., Kent State University, 1967.
- R. DIANE ARNOLD, Associate Professor Emeritus of Physical and Health Education (Wayne College) (1972) (Ret. 1998) B.S., University of Maryland at College Park; M.A., The Ohio State University; M.S., The University of Akron, 1991.
- GLENN A. ATWOOD, Associate Dean Emeritus of the College of Engineering; Professor Emeritus of Chemical Engineering (1965) (Ret. 1989) B.S., M.S., Iowa State University; Ph.D., University of Washington, 1963.
- MARY ELLEN ATWOOD, Professor Emeritus of Education (1969) (Ret. 1994) B.S., Iowa State University; M.S., Ph.D., The University of Akron, 1983.
- MARK S. AUBURN, Professor Emeritus of English (1991) (Ret. 2006) B.S., B.A., The University of Akron; M.A., Ph.D., University of Chicago, 1971.
- GERTRUDE BADGER, Associate Professor Emeritus of Education (1965) (Ret. 1977) B.S.Ed., B.A., The Ohio State University; M.Ed., Kent State University, 1960.
- ROGER J. BAIN, Professor Emeritus of Geology (1970) (Ret. 2000) B.S., M.S., University of Wisconsin; Ph.D., Brigham Young University, 1968.
- J. WAYNE BAKER, Professor Emeritus of History (1968) (Ret. 2000) B.A., Western Baptist College; B.D., Talbot Theological Seminary; B.A., Pepperdine University; M.A., Ph.D., University of Iowa, 1970.
- GEORGE W. BALL, Executive Director Emeritus of University Relations and Development (1957) (Ret. 1987) B.A., Mount Union College, 1943.
- JAMES P. BANKS, Director Emeritus of Development (1974) (Ret. 1987) B.S., Ohio University,
- H. KENNETH BARKER, Dean Emeritus of the College of Education; Professor Emeritus of Education (1966) (Ret. 1987) B.A., M.A., University of Louisville; Ph.D., University of Michigan, 1960
- JAMES W. BARNETT, Dean Emeritus of the College of Business Administration (1996) (Ret. 2006) B.S., The University of Akron, 1992.
- ANNA MARIA BARNUM, Professor Emeritus of Technical Writing and Composition (1970) (Ret. 2006) B.A., Middlebury College; M.A., University of Vermont; J.D., The University of Akron, 1977
- **DAVID BARR,** Associate Professor Emeritus of Education (1974) (Ret. 1993) B.S., M.A., Kent State University, 1966.
- GERALD V. BARRETT, Professor Emeritus of Psychology; Senior Fellow, Institute of Life-Span Development and Gerontology (1973) (Ret. 2000) B.A., Wittenberg University; M.S., Ph.D., Case Western Reserve University; J.D., The University of Akron, 1985. University; M.S., Ph.D., Case Western Reserve University; J.D., The University of Akron, 1985.
- PHILLIP E. BARTLETT, Director Emeritus of Space Utilization (1967) (Ret. 2001) B.A., Kent State University, 1963.
- MARIAN E. BAUER, Associate Professor Emeritus of Nursing (1969) (Ret. 1982) B.A., Maryville College; M.N., Western Reserve University, 1941.
- JOAN BAUMGARDNER, Assistant Professor Emeritus of Nursing (1979) (Ret. 1998) B.S., M.S., The Ohio State University; Ph.D., The University of Akron, 1988.

- DONALD E. BECKER, Associate Professor Emeritus of Management (1959) (Ret. 1988) B.A., M.A., Oberlin College, 1948.
- JOHN D. BEE, Professor Emeritus of Communication (1969) (Ret. 2000) B.A., Ohio University; M.A., Ph.D., University of Wisconsin, Madison 1972.
- HAROLD BELOFSKY, Associate Professor Emeritus of Mechanical Technology (1987) (Ret. 1996) B.S.M.E., Cooper Union; M.M.E., New York University, 1952.
- JUTTA T. BENDREMER, Assistant Professor Emeritus of English; Adjunct Fellow, Institute for Life Span Development and Gerontology (1967) (Ret. 1998) B.A., Hunter College; M.A., Brooklyn College, 1951.
- THOMAS B. BENNETT, Director Emeritus of Audio Visual Services (1976) (Ret. 2000) B.A., The University of Akron, 1979.
- DAVID S. BERNSTEIN, Professor Emeritus of Music (1972) (Ret. 2000) B.M., M.M., Florida State University; D.M., Indiana University at Bloomington, 1974.
- DONALD K. BERQUIST, Associate Professor Emeritus of Accounting (1968) (Ret. 1988) B.S. B.A., Youngstown State University; M.A., The Ohio State University, 1964.
- VIRGINIA M. BERRINGER, Assistant Professor Emeritus of Bibliography (1973) (Ret. 2000) B.A., The University of Akron; M.L.S., Kent State University, 1982.
- CARL A. BERSANI, Professor Emeritus of Sociology (1965) (Ret. 1993) B.A., Eastern Michigan University; M.A., University of Michigan at Ann Arbor; Ph.D., Iowa State University, 1965
- JULIA M. BEYELER, Director Emeritus of Learning Support Services (Wayne College) (1988) (Ret. 2006) B.S.Ed., Goshen College; M.Ed., Kent State University; Ph.D., The University of Akron, 1995
- WILLIAM H. BEYER, Professor Emeritus of Mathematical Science (1961) (Ret. 1998), B.S., The University of Akron; M.S., Ph.D., Virginia Polytechnic Institute and State University, 1961
- CLIFFORD G. BILLIONS, Professor Emeritus of Music (1978) (Ret. 2000) B.M., Oklahoma Baptist University, M.M. Converse College, 1971.
- KARIN J. BILLIONS, Associate Professor Emeritus of Communication (Wayne College) (1988) (Ret. 2006) B.A., Oklahoma Baptist University; M.A., The University of Akron; Ph.D., Kent State University, 1992
- RALPH O. BLACKWOOD, Professor Emeritus of Education (1967) (Ret. 1993) B.A., Muskingum College; M.A., Ph.D., The Ohio State University, 1962.
- C. ROBERT BLANKENSHIP, Instructor Emeritus in Education (1952) (1956) (Ret. 1982) B.S., B.A., The University of Akron; M.S.Ed., Indiana University, 1963.
- JEAN L. BLOSSER, Professor Emeritus of Communicative Disorders (1977) (Ret. 2000) B.A., Ohio University, M.A., Kent State University, E.D.D., The University of Akron, 1986.
- JOHN A. BLOUGH, Professor Emeritus of Education (1979) (Ret. 1986) B.A., College of Wooster; Ph.D., The Ohio State University, 1971.
- GERALD J. BLUMENFELD, Professor Emeritus of Education (1970) (Ret. 1994) B.A., Harris Teachers College; M.A., Ed.D., Washington University (St. Louis), 1966.
- ONADEL J. BLY, Assistant Professor Emeritus of Bibliography (1974) (Ret. 1998) B.A., Mount Union College; M.L.S., Kent State University, 1991.
- MARTHA A. BOOTH, Associate University Registrar Emeritus (1974) (Ret. 2000) B.S., M.S., The University of Akron 1979
- LARRY G. BRADLEY, Professor Emeritus of Education (1969) (Ret. 2000) B.A., Muskingum College; M.A., West Virginia University; Ph.D., Ohio University, 1969.
- IRVIN W. BRANDEL, Director Emeritus of Counseling, Testing and Career Center (1969) (Ret. 2000) B.S., Bowling Green State University; M.A., Michigan State University; Ph.D., The University of Akron, 1975.
- WILLIAM T. BRANDY, Associate Professor Emeritus of Speech-Language Pathology and Audiology (1990) (Ret 2005) A.B., Heidelberg College; M.S., University of Pittsburgh; Ph.D., University of Oklahoma, 1969.
- MARKO BRDAR, Associate Professor Emeritus of Chemical Engineering (1967) (Ret. 1982) B.A., M.A., Case Western Reserve University, 1954.
- MERLIN G. BRINER, Professor Emeritus of Law (1970) (Ret. 1996) B.S.B.A., Wichita State University; J.D., The University of Akron, 1966.
- DAVID R. BRINK, Professor Emeritus of Bibliography (1976) (Ret. 2000) B.A., Wabash College, B.D., University of Chicago; M.A., University of Minnesota; M.B.A., The University of Akron,
- THOMAS O. BROWN, Director Emeritus of Counseling and Testing Center (1964) (Ret. 1993) B.S., M.Ed., Mississippi State University; Ph.D., Kent State University, 1968.
- KEITH L. BRYANT, JR., Professor Emeritus of History (1988) (Ret. 2000) B.S., M.Ed., University of Oklahoma; Ph.D., University of Missouri, 1965.
- DAVID C. BUCHTHAL, Professor Emeritus of Mathematical Sciences (1971) (Ret. 2000) B.S., Loyola University; M.S., Ph.D., Purdue University, 1971.
- DAN L. BUIE, Instructor Emeritus of Education (1968) (Ret. 1998) B.S., M.S., The University of
- JERRY J. BURR, Professor Emeritus of Dance (1975) (Ret. 1996) Cleveland College; studied with Robert Joffrey of New York, Dudley De Vos of London, Michele de Lutky and William Millie of Munich.
- JUNE. K. BURTON, Associate Professor Emeritus of History (1971) (Ret. 1994) A.B., M.A., Stetson University; Ph.D., University of Georgia, 1971.
- TERRY F. BUSS, Professor Emeritus of Public Administration and Urban Studies (1987) (Ret. 1997) B.A., M.A., Ph.D., The Ohio State University, 1976.
- ALBERT C. BUXTON, Associate Professor Emeritus of Electronic Technology (1975) (Ret. 1986) B.S.E.E., M.S.E.E., Tulane University, 1951.
- **DENNIS M. BYRNE**, *Professor Emeritus of Economics* (1975) (Ret. 2000) B.S., Villanova University; M.A., Ph.D., University of Notre Dame, 1975.
- ALLEN M. CABRAL, Associate Professor Emeritus of Accounting (1972) (Ret. 1996) B.S.B.A., American International College; M.S., Kent State University; J.D., The University of Akron; L.L.M., Cleveland State University, 1985.
- F. LICI CALDERON, Assistant Director Emeritus of International Programs Special Programs; Adjunct Fellow, Institute for Life–Span Development and Gerontology (1980) (Ret. 1994) B.A., The University of Akron, 1979.
- DOUGLAS E. CAMERON, Professor Emeritus of Mathematical Sciences (1969) (Ret. 1998) B.A., Miami University; M.S., The University of Akron; Ph.D., Virginia Polytechnic Institute and State University, 1970
- GERALD R. CAMP, Associate Professor Emeritus of Computer Programming Technology (1969) (Ret. 1993) B.A., Case Western Reserve University; M.S., J.D., The University of Akron, 1980.

- THOMAS A. CAMPBELL, Assistant Professor Emeritus of Education (1968) (Ret. 1995) B.S.Ed., M.S.Ed., The University of Akron, 1970.
- MARY CAPOTOSTO, Assistant Professor Emeritus of Communicative Disorders (1968) (Ret. 1983) B.A., The University of Akron; M.A., DePaul University, 1967.
- NATHAN F. CARDARELLI, Professor Emeritus of General Technology (1968) (Ret. 1992) B.S., B.A., M.S., M.A., M.S., The University of Akron, 1988.
- MARILYN J. CARRELL, Senior Associate Director Emeritus of the Career Center (1972) (Ret. 1993) B.S., M.S.Ed., The University of Akron, 1972.
- CAESAR A. CARRINO, Dean Emeritus of the Evening College and Summer Sessions; Professor Emeritus of Education (1967) (Ret. 1989) B.S.Ed., Baldwin Wallace College; M.S.Ed., The University of Akron; Ph.D., Case Western Reserve University, 1965.
- ROBERT C. CARSON, Associate Professor Emeritus of Mathematical Sciences (1963) (Ret. 1989) B.S., M.S., Purdue University; Ph.D., University of Wisconsin at Madison, 1953
- CAROL A. CARTER, Academic Adviser Emeritus (1987) (Ret. 1995) B.S.Ed., Otterbein College; M.S.Ed., The University of Akron, 1984
- CHARLES H. CARTER, Professor Emeritus of Geology (1982) (Ret. 2000) B.S., Portland State University; M.S., San Jose State University; Ph.D., Johns Hopkins University, 1972
- DANA F. CASTLE, Professor Emeritus of Law (1974) (Ret. 2000) B.S., Cornell University; J.D., The University of Akron, 1973.
- TOMASITA M. CHANDLER, Professor Emeritus of Family and Consumer Sciences (1971) (Ret. 2000) B.A., New Mexico Highlands University; M.S., Ph.D., Texas Women's University, 1970.
- TSEYUNG P. CHANG, Professor Emeritus of Civil Engineering (1970) (Ret. 1993) B.S.C.E., National Taiwan University; M.S., Ph.D., University of CaliforniaBerkeley, 1966.
- WEI JEN CHANG, Instructor Emeritus in Biology (1970) (Ret. 2006) B.S., National Taiwan University; M.S., University of Toronto, 1961.
- CHIOU S. CHEN, Professor Emeritus of Electrical Engineering (1968) (Ret. 1998) B.S.E.E., National Taiwan University; M.S.E.E., Ph.D., University of Rochester, 1967; P.E., Ohio.
- CHUN FU CHEN, Professor Emeritus of Electrical Engineering (1968) (Ret. 1994) B.S., National Taiwan University; M.S., University of Tennessee at Knoxville; Ph.D., Vanderbilt University,
- YONG H. CHO, Professor Emeritus of Urban Studies (1967) (Ret. 1989) B.A., Seoul National University (Korea); M.P.A., Ph.D., Syracuse University, 1965.
- CRAIG M. CHRISTENSEN, Instructor Emeritus in Marketing (1991) (Ret. 1997) B.S., University of Illinois; Ph.D., Cornell University, 1961.
- ALICE E. CHRISTIE, Associate Professor Emeritus of Education (1980) (Ret. 1998) B.A., Ursuline College; M.A., The University of Akron; Ph.D., Kent State University, 1982.
- HARRY T. CHU, Professor Emeritus of Physics; Professor Emeritus of Chemistry (1969) (Ret. 2000) B.S., Chikung University; M.A., Ph.D., State University of New York at Stony Brook, 1969.
- MAMERTO L. CHU, JR., Professor Emeritus of Mechanical Engineering (1968) (Ret. 1998) B.S.M.E., Iloilo City University (Philippines); M.S.M.E., Ph.D., University of Houston, 1967; P.E.,
- BENJAMIN T.F. CHUNG, Professor Emeritus of Mechanical Engineering (1969) (Ret. 2000) B.S., Taiwan Provincial Cheng-Kung University; M.S., Kansas State University; M.S., University of Wisconsin; Ph.D. Kansas State University, 1968.
- BARBARA L. CLARK, Assistant Professor Emeritus of Bibliography (1957) (Ret. 1986) B.A., The University of Akron; M.L.S., Kent State University, 1982.
- HOLLY C. CLARK, Coordinator Emeritus of Admissions (1981) (Ret. 2000) B.A., M.S., Cleveland State University, 1972.
- NORRIS B. CLARK, III, Associate Professor Emeritus of English (1987) (Ret. 2005) B.A., Colgate University; M.L.S., Wesleyan University; Ph.D., Cornell University, 1980.
- EDWARD N. CLARKE, Assistant Director Emeritus of the College of Business Administration Indergraduate Programs (1974) (Ret. 2000) B.S.Ed., Kent State University; M.S.Ed., The University of Akron, 1966.
- BLANCHE E. CLEGG, Associate Professor Emeritus of Education (1973) (Ret. 1994) B.S.Ed., Wayne State University; M.Ed., C.A.G.S., University of Massachusetts at Amherst; Ph.D., University of Washington, 1971.
- **HELEN K. CLEMINSHAW,** Professor Emeritus of Family and Consumer Sciences (1977) (Ret. 1997) B.S., Rutgers; M.A., Ph.D., Kent State University, 1977.
- RUTH W. CLINEFELTER, Professor Emeritus of Bibliography (1952) (Ret. 2000) B.A., M.A., The University of Akron; M.A.L.S., Kent State University, 1956.
- LLOYD L. CLOSE, Associate Professor Emeritus of Transportation (1979) (Ret. 1994) B.S., Kent State University; M.S.Tech.Ed., The University of Akron, 1983.
- JOHN R. COCHRAN, Professor Emeritus of Education (1969) (Ret. 1989) B.S., M.A., Ph.D., The Ohio State University, 1968.
- JOHN R. COLE, Associate Professor Emeritus of Office Administration (1976) (Ret. 1996) B.S., M.A., University of Pittsburgh; Ph.D., Kent State University, 1976. JO ANN H. COLLIER, Associate Professor Emeritus of Nursing (1974) (Ret. 1997) B.S., Loretto
- Heights College; M.S., University of Colorado; Ph.D., The University of Akron, 1987; R.N. W. HENRY CONE, Associate Professor Emeritus of Education (1971) (Ret. 1989) B.A.E., B.S.A.,
- M.Ed., University of Florida; D.Ed., Harvard Graduate School of Education, 1962. THOMAS R. CONNELL, Professor Emeritus of Engineering and Science Technology (1980) (Ret.
- 2000) B.S., Purdue University; M.S., The University of Akron 1965 DALE E. COONS, Professor Emeritus of Education (1973) (Ret. 1995) B.S.Ed., Butler University;
- M.S.Ed., Ph.D., Indiana University at Bloomington, 1970. ROBERT G. CORBETT, Professor Emeritus of Geology (1969) (Ret. 1989) B.S., M.S., Ph.D.,
- University of Michigan at Ann Arbor, 1964. FRANK J. COSTA, Professor Emeritus of Geography and Planning; Professor Emeritus of Urban Studies (1972) (Ret. 1998) B.A., Kent State University; M.S., Case Western Reserve University; Ph.D., University of Wisconsin at Madison, 1974.
- WALDEN B. CRABTREE, SR., Professor Emeritus of Education (1968) (Ret. 1994) B.A., St. Meinrad College (Indiana); M.S.Ed., Ph.D., Indiana University at Bloomington, 1968.
- ROGER B. CREEL, Dean Emeritus of the Buchtel College of Arts and Sciences: Professor Emeritus of Physics; Professor Emeritus of Chemistry (1970) (Ret. 2005) B.A., Kalamazoo College; Ph.D., Iowa State University, 1969.
- JAMES L. CRESS, Associate Professor Emeritus of Accounting (1973) (Ret. 1996) B.S.B.A., M.B.A., Bowling Green State University; D.B.A., Kent State University, 1979.
- CLARE A. CRITZER, Emeritus Assistant to the Assistant Dean of Student Affairs, College of Nursing (1983) (Ret. 1995) B.S.N., M.S.N., Catholic University of America, 1960.

- GEORGE DANHIRES, Associate Professor Emeritus of Art (1983) (Ret. 1998) B.F.A., M.F.A., Ohio University, 1974.
- ISIAH DANIELS, III, Contract Compliance Officer Emeritus (1982) (Ret. 2004) B.A., J.D., The University of Akron, 1976.
- H. CHRISTINE DANNEMILLER, Assistant Professor Emeritus of Nursing (1988) (Ret. 2005) B.S.N., M.S.N., The University of Akron, Ph.D., Wayne State University, 1988.
- STEPHEN DARLING, Professor Emeritus of Chemistry (1970) (Ret. 1996) B.S., University of Wisconsin at Madison; M.A., Ph.D., Columbia University, 1959.
- RALPH F. DARR, JR., Professor Emeritus of Education; Adjunct Fellow, Institute for Life-Span Development and Gerontology (1968) (Ret. 1996) B.S.Ed., Southeast Missouri College; M.A.Ed., Washington University; Ph.D., Southern Illinois University at Carbondale, 1967.
- PATRICK A. DARRAH, Academic Adviser Emeritus (1976) (Ret. 2000) A.A.S., B.S., M.S., The University of Akron, 1976.
- GEORGE D. DAVIS, Professor Emeritus of Communicative Disorders (1974) (Ret. 1988) B.S.Ed., Kent State University; M.A., Ph.D., The Ohio State University, 1968.
- RUSSELL K. DAVIS, III, Professor Emeritus of Business Management Technology; Professor Emeritus, Real Estate (1971) (Ret. 2007) B.S.B.A., M.A., Wayne State University; Ed.D., The University of Akron, 1978.
- MARY H. DEE, Professor Emeritus of Business Technology (1970) (Ret. 2000) B.S., University of the East-Manila; M.A., S.P.C., Central Missouri State University; Ph.D., The University of Akron, 1992.
- JAMES L. DENNISON, Assistant Professor Emeritus of Physical Education (1965) (Ret. 1993) B.A., College of Wooster; M.A.Ed., The University of Akron, 1968.
- HAMILTON DESAUSSURE, Professor Emeritus of Law (1970) (Ret. 1992) B.A., Yale University; L.L.B., Harvard University; L.L.M., McGill Institute of International Air Law. 1953.
- IRWIN DEUTSCHER, Professor Emeritus of Sociology (1975) (Ret. 1983) B.A., M.S., M.A., Ph.D., University of Missouri. 1959.
- ROBERT L. DIAL, Associate Professor Emeritus of English (1965) (Ret. 2000) B.S., Central Missouri
- State College; M.A., Ph.D., University of Missouri at Kansas City, 1963. RICHARD J. DIRIENZO, Professor Emeritus of Surveying and Construction Technology (1981) (Ret.
- 1997) B.S.C.E., Youngstown State University; M.S., University of Missouri, 1968.
- HELMAR H. A. DOLLWET, Professor Emeritus of Biology (1970) (Ret. 1993) B.S., University of Michigan at Ann Arbor; M.S., Technische Hochschule, Munich; M.S., Ph.D., University of California at Riverside, 1969.
- JOHN L. DONALDSON, Associate Professor Emeritus of Computer Science (1983) (Ret. 2000) B.S., Case Western Reserve University; M.S., Ph.D., M.S., The Ohio State University, 1977
- CLARENCE B. DRENNON, Associate Professor Emeritus of Civil Engineering (1975) (Ret. 1996) B.S., Colorado School of Mines; M.E., Texas A&M University; Ph.D., Iowa State University,
- MILAN F. DUBRAVCIC, Professor Emeritus of Chemical Technology (1968) (Ret. 1986) Ingenieur of Chemistry, University of Zagreb; Ph.D., University of Massachusetts, 1968.
- R. WAYNE DUFF, Vice President Emeritus of Business and Finance (1963) (Ret. 1989) B.A., Oberlin College; LL.B., ClevelandMarshall Law School, 1951.
- MARY F. DUGAN, Assistant Professor Emeritus of Nursing (1986) (Ret. 1993) B.S., M.S., City University of New York, Hunter College, 1962; R.N.
- PAUL H. DUNHAM, Associate Professor Emeritus of Manufacturing Technology (1972) (Ret. 1986) B.A., Case Western Reserve University, M.B.A., Ph.D., Kent State University, 1980.
- JAMES W. DUNLAP, Dean Emeritus of the College of Business Administration; Professor Emeritus of Finance (1963) (Ret. 1989) B.B.A., Memphis State University; M.B.A., Ph.D., University of Arkansas, 1963.
- DAVID R. DURST, Professor Emeritus of Finance (1968) (Ret. 2004) B.S.B.A., Kent State University; M.B.A., D.B.A., Georgia State University, 1972.
- ASHOK K. DUTT, Professor Emeritus of Geography and Planning; Professor of Urban Studies (1968) (Ret. 2005) B.A., M.A., M.A., Ph.D., Patna University (India), 1961.
- CHARLES M. DYE, Professor Emeritus of Education (1972) (Ret. 2000) B.A., Harris Teachers College; M.A., Ph.D., Washington University, 1971.
- LYLE DYE, Professor Emeritus of Theatre Arts; Professor Emeritus of Music (1981) (Ret. 1996) B.F.A., Drake University; M.F.A., Yale University, 1958.
- JOHN W. EDGERTON, Professor Emeritus of Electronic Engineering Technology (1984) (Ret. 2007) B.S., Cornell University; M.S., Purdue University, 1972.
- JOSEPH A. EDMINISTER, Professor Emeritus of Electrical Engineering (1957) (Ret. 1983) B.E.E., M.S.E., J.D., The University of Akron, 1974.
- SANDRA B. EDWARDS, Coordinator Emeritus of the Adult Resource Center (1977) (Ret. 1996) B.A., M.A., The University of Akron, 1968.
- JANICE L. ELEY, Professor Emeritus of Hospitality Management (1976) (Ret. 2006) B.A., Manchester College; M.A., Indiana University, 1974.
- ROBERT K. ELEY, Associate Professor Emeritus of Education (1975) (Ret. 2004) B.S.Ed., M.S.Ed., Ball State University: Ed.D., Indiana University, 1975
- EARL L. ERTMAN, Professor Emeritus of Art (1967) (Ret. 1998) B.S., University of Southern Mississippi; M.A., Case Western Reserve University, 1967.
- CHARLOTTE L. ESSNER. Associate Professor Emeritus of Communicative Disorders (1965) (Ret. 1982) B.A., Hunter College; M.A., The University of Akron, 1964.
- R. FRANK FALK, Professor Emeritus of Sociology (1988) (Ret. 2006) A.A., Oakland City College; B.A., M.A., San Francisco State University; Ph.D., University of Minnesota, 1969.
- STEPHEN A. FARIA, JR., Instructor Emeritus in Modern Languages (1967) (Ret. 1994) B.A., Harvard University; M.A., Cornell University, 1965.
- MICHAEL F. FARONA, Professor Emeritus of Chemistry (1964) (Ret. 1990) B.S., Case Western Reserve University; M.S., Ph.D., The Ohio State University, 1964.
- LEONA W. FARRIS, Director Emeritus of the Community Involvement Component of Home conomics; Life Fellow, Institute for Life-Span Development and Gerontology (1969) (Ret. 1988) B.S., The Ohio University; M.A., Kent State University, 1970.
- RICHARD M. FAWCETT, Associate Professor Emeritus in the Community and Technical College (1969) (Ret. 1989) B.A., M.Ed., Kent State University, 1959.
- JAMES V. FEE, Professor Emeritus of Communication (1967) (Ret. 1989) B.S.Ed., M.S.Ed., Southern Illinois University at Carbondale; Ph.D., The Ohio State University, 1964.
- ROBERT E. FERGUSON, Professor Emeritus of Education (1965) (Ret. 1983) B.S., M.A., Kent State University; Ed.D., Case Western Reserve University, 1965.
- DEMETER G. FERTIS, Professor Emeritus of Civil Engineering (1966) (Ret. 1996) B.S., M.S., Michigan State University; Ph.D., Eng., National Technical University (Athens, Greece), 1964.

- JUDITH L. FITZGERALD, Assistant Professor Emeritus of UL Cataloging (1969) (Ret. 2000) B.A., West Virginia Wesleyan College; M.L.S., Case Western Reserve University, 1976.
- PHYLLIS A. FITZGERALD, Assistant Dean Emeritus of Student Affairs; Associate Professor Emeritus of Nursing (1982) (Ret. 1997) B.S.N., Saint Louis University; M.S.N., New York University; Ph.D., University of Arizona, 1982.
- ALICE M. FLAKSMAN, Associate Professor Emeritus of Music (1965) (Ret. 1978) B.A., Hunter College; M.A., Columbia University, Teachers College; Ph.D., The University of Akron, 1972.
- VIRGINIA J. FLEMING, Professor Emeritus of Family and Consumer Sciences (1969) (Ret. 2000) B.S., Indiana University of Pennsylvania; M.Ed., Pennsylvania State University; Ph.D., Kent State University, 1983.
- CAROL A. FLEXER, Distinguished Professor Emeritus of Speech-Language Pathology and Audiology (1982) (Ret. 2006) B.A., Metropolitan State College; M.A., University of Denver; Ph.D., Kent State University, 1982.
- JANET E. FOLEY OROSZ, Assistant Professor Emeritus of Public Administration and Urban Studies (1990) (Ret. 1995) B.A., Miami University; M.S., Ph.D., The Ohio State University, 1991.
- DOROTHY A. FRANCY, Certification Coordinator Emeritus (1979) (Ret. 1988) B.S., M.S., The University of Akron, 1973.
- RICHARD K. FRANKLIN, Associate Professor Emeritus of Political Science (1970) (Ret. 2000) B.A., Bryan College; M.A., Michigan State University; Ph.D., University of Kentucky, 1976.
- PAULINE FRANKS, Professor Emeritus of Bibliography (1950) (Ret. 1983) B.S.Ed., Kent State University; B.S.L.S., Case Western Reserve University, 1940.
- JOHN E. FREDERICK, Associate Professor Emeritus of Polymer Science (1966) (Ret. 2000) B.S., Genville State College; Ph.D., University of Wisconsin, 1964.
- ROBERT L. FRITZ, JR., Assistant Director Emeritus of Custodial and Maintenance Student Union (1976) (Ret. 2005) B.S., The University of Akron, 1976.
- BILL J. FRYE, Associate Professor Emeritus of Education (1971) (Ret. 1996) B.S., M.S., Indiana State University; Ph.D., The Ohio State University, 1971.
- DONNA GABOURY, Associate Professor Emeritus of Family and Consumer Sciences (1977) (Ret. 2000) B.A., College of Saint Catherine; M.A, Smith College; Ph.D., University of Massachusetts,
- ROBERT E. GAEBEL, Associate Professor Emeritus of Classics (1970) (Ret. 2000) B.A., M.A., State University of New York at Buffalo; Ph.D., University of Cincinnati, 1968.
- SALLY M. GAMAUF, Psychologist Emeritus; Director Emeritus of the Office of Accessibility (1981) (Ret. 2005) B.S., Indiana University; M.S., Ph.D., The University of Akron, 1979.
- ROBERT N. GANDEE, Professor Emeritus of Physical Education; Life Fellow, Institute for Life-Span Development and Gerontology (1973) (Ret. 1989) B.S., M.S., The University of Akron; Ph.D., The Ohio State University, 1972.
- THOMAS N. GARLAND, Professor Emeritus of Sociology; Adjunct Fellow, Institute for Life-Span Development and Gerontology (1969) (Ret. 2000) B.A., M.A., University of North Dakota; Ph.D. Case Western Reserve university, 1971.
- ALAN N. GENT, Harold A. Morton Professor Emeritus of Polymer Engineering and Physics (1961) (Ret. 1994) B.S.C. (General), B.S.C. (Special Physics), Ph.D., University of London, 1955.
- ARTHUR V. GEORGE, Associate Professor Emeritus of Transportation; Associate Professor Emeritus of Business Management Technology (1979) (Ret. 2005) B.B.A., City College of New York; M.B.A., Iona College, 1972.
- SUSAN S. GERBERICH, Assistant Professor Emeritus of Nursing (1976) (Ret. 2000) B.S.N., The Ohio State University; M.S.N., Case Western Reserve University; Ph.D. The University of Akron,
- CHRISTINE R. GERBIG, Associate Professor Emeritus of Business Technology (1975) (Ret. 2000) A. B.A., The University of Akron; M.S., Kent State University, 1982.
- DON R. GERLACH, Professor Emeritus of History (1962) (Ret. 1994) B.S.Ed., M.A., Ph.D., University of Nebraska at Lincoln, 1961.
- THOMAS E. GETZINGER, Assistant to the Vice President Emeritus of Business and Finance (1969) (Ret. 1989) B.S.B.A., The University of Akron; M.B.A., Kent State University, 1966.
- CAROL C. GIGLIOTTI, Professor Emeritus of Office Administration (1981) (Ret. 2001) A.A.S., Becker Junior College; B.S.Ed., M.S.Ed., Ph.D., The University of Akron, 1994.
- RICHARD J. GIGLIOTTI, Professor Emeritus of Sociology (1972) (Ret. 2000) B.A., St. John Fisher College; M.A., Ph.D., Michigan State University, 1972.
- PETER J. GINGO, Associate Professor Emeritus of Mathematical Sciences; Associate Professor Emeritus of Biomedical Engineering (1969) (Ret. 1994) B.S., The University of Akron; M.A., Ph.D., University of California at Los Angeles, 1966.
- ELTON A GLASER II, Distinguished Professor Emeritus of English (1972) (Ret. 1999) B.A. M.A., LA State University New Orleans; M.F.A., University of California - Irvine, 1972.
- WILLIAM M. GLAZIER, Professor Emeritus of Surveying and Construction Technology; Professor Emeritus of Construction Technology (1958) (1967) (Ret. 1989) B.S.C.E., Michigan Technical University; M.S.C.E., University of Michigan; Ph.D., West Virginia University, 1978.
- THEODORE L. GLOECKLER, Professor Emeritus of Education (1972) (Ret. 1996) B.A., Lycoming College; M.A., University of Northern Colorado; Ph.D., University of Michigan at Ann Arbor,
- PATRICIA P. GODFREY, Associate Professor Emeritus of Nursing (1969) (Ret. 1986) B.S.N., M.A., Case Western Reserve University; M.S.N., Duquesne University, 1979.
- LLOYD A. GOETTLER, Director Emeritus of the Institute of Polymer Engineering (2000) (Ret. 2006) B.Ch.E., Cornell University; Ph.D., University of Delaware, 1967.
- LATHARDUS GOGGINS, Professor Emeritus of Geography and Planning (1969) (Ret. 2005) B.A., Central State University; M.A., The Ohio State University; Ph.D., St. John's University; Ed.D., M.S.T.E., The University of Akron, 1984.
- LAWRENCE G. GOLDEN, Professor Emeritus of Marketing and Sales Technology (1968) (Ret. 1998) B.S., Case Western Reserve University; M.B.A., University of Pennsylvania, 1968
- GALE A. GOLEMBESKI, Associate Professor Emeritus of Art (1978) (Ret. 1998) B.F.A., Cleveland
- TOM A. GOOSBY, Director Emeritus of Recreational and Athletic Facilities (1970) (Ret. 1996) B.A., Baldwin Wallace College; M.A.Ed., The University of Akron, 1978.
- H. ROGER GRANT, Professor Emeritus of History (1970) (Ret. 1996) B.A., Simpson College; M.A., Ph.D., University of MissouriColumbia, 1970.
- RICHARD L. GRANT, Professor Emeritus of Law (1967) (Ret. 1996) B.S., University of Pennsylvania; J.D., Stanford University; L.L.M., Georgetown University, 1967.
- V. RUTH GRAY, Dean Emeritus of the College of Nursing; Professor Emeritus of Nursing (1985) (Ret. 1996) B.S.N., M.S.N., Case Western Reserve University; Ed.D., The University of Akron, 1982.

- HOWARD L. GREENE, Professor Emeritus of Chemical Engineering (1965) (Ret. 1989) B.Ch.E., M.Ch.E., Ph.D., Cornell University, 1966.
- C. FRANK GRIFFIN, Professor Emeritus of Physics (1967) (Ret. 2000) B.S., M.S., Texas Technological College; Ph.D., The Ohio State University, 1964.
- FRANK J. GRUCCIO, JR., Professor Emeritus in the Community and Technical College (1966) (Ret. 1994) B.A., M.A., The University of Akron, 1967.
- ROBERT S. GRUMBACH, SR., Associate Professor Emeritus of Electrical Engineering (1961) (Ret. 1987) B.S.E.E., Case Western Reserve University; M.S.E.E., West Virginia University, 1951.
- BARBARA A. GSELLMAN, Instructor Emeritus in Mechanical Technology (1967) (Ret.1988) B.M.E., The University of Akron, 1950.
- DEBORAH S. GWIN, Director Emeritus, University of Akron Adult Focus (1980) (Ret. 2007) B.M., The University of Akron; M.A., The Ohio State University, 1973.
- JOHN F. GWINN, Associate Professor Emeritus of Biology; Adjunct Fellow, Institute for Life-Span Development and Gerontology (1970) (Ret. 2000) B.A., Manchester College; M.S., Purdue University; Ph.D., Kent State University, 1972.
- ROBERT D. HAHN, Director Emeritus of Student Financial Aid and Employment (1969) (Ret. 1994) B.S.Ed., M.Ed., Kent State University, 1969.
- DONALD E. HALL, Professor Emeritus of Speech Pathology; Fellow, Institute for Life-Span Development and Gerontology (1974) (Ret. 1998) B.S.Ed., Indiana University of Pennsylvania; M.Ed., Westminster College; Ph.D., Ohio University, 1971.
- DUWAYNE H. HANSEN, Associate Dean Emeritus of the College of Fine and Applied Arts (1987) (Ret. 1996) B.S., University of Wisconsin; M.M., Northwestern University; D.M.E., Indiana University, 1975.
- RICHARD L. HANSFORD, Vice President and Dean Emeritus of Student Services (1949) (Ret. 1985) B.A.Ed., M.A.Ed., The University of Akron, 1954.
- CHARLOTTE M. HANTEN, Associate Professor Emeritus of Art (1969) (Ret. 1982) B.A., Earlham College; M.Ed. Pennsylvania State University, 1954.
- EDWARD W. HANTEN, Professor Emeritus of Urban Studies; Professor Emeritus of Geography (1963) (Ret. 1982) B.A., Earlham College; M.A., Ph.D., University of Pittsburgh, 1962
- VERN R. HARNAPP, Professor Emeritus of Geography and Planning (1972) (Ret. 2000) B.S.Ed.,
- Concordia Teachers College; M.S.Ed., University of Pennsylvania; Ph.D., University of Kansas, 1972. ALAN HART, Professor Emeritus of Philosophy (1970) (Ret. 1994) B.A., M.A., Syracuse University; Ph.D., University of Pennsylvania, 1965.
- DONALD E. HARVEY, Professor Emeritus of Art (1973) (Ret. 2000) B.A. Mankato State College, M.F.A. Temple University, 1971.
- HAROLD J. HARWOOD, Professor Emeritus of Polymer Science; Professor of Chemistry (1959) (Ret. 2003) B.S., The University of Akron, Ph.D., Yale University, 1956.
- RICHARD H. HAUDE, Associate Professor Emeritus of Psychology (1967) (Ret. 1997) A.B., Kenyon College; M.S., Ph.D., University of Pittsburgh, 1964.
- DAVID N. HAWK, Associate Professor Emeritus of Finance (1980) (Ret. 1989) B.S., The Ohio State
- University; M.B.A., D.B.A., Kent State University, 1971. JESS W. HAYS, Director, Academic Advisement Emeritus (1977) (Ret. 2005) B.A., The University
- of Akron; M.A., Bowling Green State University; M.B.A., The University of Akron, 1985. JOHN G. HEDRICK, Assistant Professor Emeritus of Associate Studies (1967) (Ret. 1989) B.S.Ed.,
- Kent State University; M.A., University of Notre Dame, 1958. RONALD F. HEINEKING, Associate Vice President Emeritus, Public Safety and Physical Facilities (1975) (Ret. 1998) A.A.S., B.S., The University of Akron, 1980.
- BARBARA M. HEINZERLING, Professor Emeritus of Family and Consumer Sciences (1973) (Ret. 2000) B.S., M.S., The Ohio State University; J.D., The University of Akron, 1979.
- FAITH I. HELMICK. Vice President Emeritus of Business and Finance (1969) (Ret. 1996) B.A., Kent State University; M.S.T.E., Ph.D., The University of Akron, 1983.
- WILLIAM S. HENDON, Professor Emeritus of Urban Studies; Professor Emeritus of Economics (1968) (Ret. 1988) B.A., M.A., Ph.D., University of Oklahoma at Norman, 1964.
- PETER N. HENRIKSEN II, Professor Emeritus of Physics; Professor Emeritus of Chemistry (1970) (Ret. 2000) B.S., Berry College; M.S., Ph.D., University of Georgia, 1968.
- RICHARD L. HENRY, Professor Emeritus of Mechanical Technology (1961) (Ret. 1989) B.M.E., The Ohio State University; M.S.E., The University of Akron, 1965.
- ALBERTA R. HENSLEY, Director Emeritus of Special Projects (1974) (Ret. 1989) B.S.B.A., Indiana Central College, 1969.
- THOMAS P. HERBERT, Professor Emeritus of Electronic Technology (1968) (Ret. 1993) B.S.E.E., University of Dayton; M.Ed., Pennsylvania State University, 1968.
- JAY R. HERSHEY, Director Emeritus of Residence Halls (1967) (Ret. 1996) B.A., Hiram College; M.Ed., University of Illinois at Urbana, 1965.

- PATRICIA J. TAYLOR, Assistant Professor Emeritus of Physical Education (1962) (Ret. 1989) B.S.Ed., The University of Akron; M.A., Kent State University, 1972
- RONALD D. TAYLOR, Professor Emeritus of Art (1964) (Ret. 1993) B.F.A., M.A., The Ohio State
- JAMES W. TEETER, Professor Emeritus of Geology (1965) (Ret. 1994) B.S.C., M.S.C., McMaster University; Ph.D., Rice University, 1966.
- STUART M. TERRASS, Director of Institutional Studies and Research Emeritus (1957) (Ret. 1986) B.A., B.S., M.A., The University of Akron, 1965.
- LUCILLE M. TERRY, Associate Professor Emeritus of Home Economics and Family Ecology (1986) (Ret. 1998) B.A., Wartburg College; M.S., Ph.D., University of North Carolina at Greensboro,
- **EDWIN THALL,** *Professor Emeritus of Chemistry* (Wayne College) (1974) (Ret. 1996) B.S., Pratt Institute; M.S., New Mexico Highlands University; Ph.D., The University of Akron, 1972.
- HELENE S. THALL, Assistant Dean Emeritus of Wayne College (1980) (Ret. 1996) B.S., M.S., Pratt
- FRANCIS B. THOMAS, Associate Vice President Emeritus for Information Services (1970) (Ret. 1995) B.S., University of Cincinnati; M.A., Kent State University; Ph.D., The University of Akron, 1983.
- JACK E. THOMPSON, Associate Professor Emeritus of Business Management Technology (1974) (Ret. 1991) B.S.B.A., Kent State University; M.S., The University of Akron, 1975. STEPHEN J. THOMPSON, Professor Emeritus of Education (1973) (Ret. 1998) B.S., University of
- Wisconsin at Oshkosh; M.A., University of Northern Colorado; Ph.D., Syracuse University, 1973.
- DONALD C. THORN, Professor Emeritus of Electrical Engineering (1967) (Ret. 1987) B.S.E.E., Texas A&M University; M.S.E.E., Ph.D.E.E., University of Texas at Austin, 1958
- DAVID H. TIMMERMAN, Associate Professor Emeritus of Civil Engineering (1962) (1967) (Ret. 1989) B.S.C.E., M.S., Ohio University; Ph.D., Michigan State University, 1969.
- ARLENE A. TOTH, Instructor Emeritus in English (1969) (Ret. 1996) B.A., M.A., The University of Akron, 1969. JOHN H. TROCHE, Professor Emeritus of Manufacturing Technology (1987) (Ret.2007) B.S.,
- Purdue University; M.A., Kent State University, 1977. GAYLE TSCHANTZ, Academic Adviser II Emeritus (2000) (Ret. 2005) B.M., Denison University;
- M.A., The University of Akron, 1988. RALPH B. TUREK, Professor Emeritus of Music (1980) (Ret. 2005) B.S., M.M., Duquesne
- University, D.M.A., University of Cincinnati, 1975. GENEVIEVE H. TURLIK, Assistant Professor Emeritus of Medical Assisting Technology (1971) (Ret. 1988) B.A., M.S. Tech.Ed., The University of Akron, 1980.
- KAREN B. TURNER, Associate Professor Emeritus of American Sign Language Interpreting and Transliterating Technology (1970) (Ret. 2000) B.S., Kent State University; M.S.Ed., The University of Akron, 1974.
- PAUL J. UHLINGER, Professor Emeritus of Philosophy (1968) (Ret. 1979) B.A., Youngstown University; B.D., Oberlin College; Ph.D., Boston University, 1953.
- JANET B. VAN DOREN, Associate Professor Emeritus of Chemical Technology (1983) (Ret. 1993) B.S., University of Illinois; M.S., Michigan State University, 1956.

- KATHRYN A. VEGSO, Member of the General Faculty Emeritus (1959) (Ret. 1986) B.S., University of Illinois; M.S.Ed., The University of Akron, 1964.
- RICHARD F. VIERING, Professor Emeritus of Education (1982) (Ret. 1989) B.S., M.S., Ph.D., Kent State University, 1970.
- DIANE VUKOVICH, Director Emeritus of Developmental Programs (1976) (Ret. 2000) B.S., Youngstown State University; M.Ed., Kent State University; Ph.D., The University of Akron, 1975.
- THOMAS J. VUKOVICH, Associate Provost Emeritus (1972) (Ret. 2000) B.S., Ohio Northern University; M.S., Ph.D., Kent State University, 1982.
- MARTHA W. VYE, Professor Emeritus of Office Administration (1973) (Ret. 1998) B.S., Appalachian State University; M.S., Bowling Green State University, 1965.
- MELVIN C. VYE, Professor Emeritus of Electronic Technology (1972) (Ret. 1997) B.S.E.E., Ohio University; M.E., Pennsylvania State University, 1969.
- EDWIN E. WAGNER, Professor Emeritus of Psychology (1959) (Ret. 1989) B.A., M.A., Ph.D., Temple University, 1959.
- JANET W. WAISBROT, Assistant Professor Emeritus of Modern Languages (1965) (Ret. 1985) B.A., Case Western Reserve University; M.A., Kent State University, 1966.
- JOHN R. WALKER, Grant and Contract Accountant Emeritus (1978) (Ret. 1997) B.S., M.A., The University of Akron, 1991.
- JOSEPH M.WALTON, Professor Emeritus of Education (1970) (Ret. 2000) B.S.Ed., University of Cincinnati; M.Ed., Xavier University; Ph.D., The Ohio State University, 1970.
- JOAN E. WARNER, Professor Emeritus of Office Administration (1964 1971) (1975) (Ret. 1987) B.S., M.S.Ed., The University of Akron, 1966.
- VIRGINIA J. WATKINS, Associate Professor Emeritus of Office Administration (1967) (Ret. 1988) B.A.Ed., M.A.Ed., Arizona State University, 1953.
- KATHY R. WATSON, Executive Director Emeritus of Human Resources (1978) (Ret. 2006) A.A.B., B.S., The University of Akron, 1988.
- JOHN S. WATT, Professor Emeritus of Education (1956) (Ret. 1989) B.A., The University of Akron; M.A., Ph.D., University of Chicago, 1950.
- THOMAS D. WEBB, Professor Emeritus of Art (1970) (Ret. 2000) B.F.A., M.F.A., University of Michigan, Ann Arbor, 1970.
- WILLIAM V. WEBB, Assistant Professor Emeritus in the Community and Technical College (1968) (Ret. 1989) B.A., University of Notre Dame; M.S., John Carroll University, 1960.
- PAUL A. WEIDNER, Professor Emeritus of Political Science (1960) (Ret. 1984) B.A., M.A., University of Cincinnati; Ph.D., University of Michigan, 1959.
- EDITH K. WEINSTEIN, Professor Emeritus in the Community and Technical College (1969) (Ret. 1994) B.A., M.A.Ed., The University of Akron, 1968.
- DAVID M. WEIS, Professor Emeritus of Education; Senior Fellow, Institute for Life-Span Development and Gerontology (1967) (Ret. 1998) B.A., Loras College; M.S., Ohio University; Ph.D., The Ohio State University, 1967.
- ARTHUR G. WENTZ, Associate Professor Emeritus of Finance (1982) (Ret. 1994) B.S.B.A., Duquesne University; M.B.A., University of Pittsburgh; Ph.D., The Ohio State University, 1969.
- ROBERT C. WEYRICK, Dean Emeritus of the Community and Technical College; Professor Emeritus of the Community and Technical College (1965) (Ret. 1988) B.E.E., The University of Akron; M.S., Case Institute of Technology, 1965.
- JOHN WIANDT, Associate Controller Emeritus (1967) (Ret. 1996) B.S.Bus.Ed., Kent State University, 1965.
- JEAN R. WILLIAMS, Associate Professor Emeritus of Home Economics (1973) (Ret. 1990) B.S., lowa State University; M.S., The University of Akron, 1972.
- JOHN D. WILLIAMS, Professor Emeritus of Finance (1969) (Ret. 1998) B.S., Westminster College; M.B.A., D.B.A., Kent State University, 1971.
- MAURICE G. WILLIAMS, Professor Emeritus of Education (1966) (Ret. 1988) B.A., The University of Akron; M.E., Kent State University; Ed.D., Case Western Reserve University, 1962.
- RICHARD A. WILLIAMS, Associate Professor Emeritus of Electrical Engineering (1968) (Ret. 1989)
 B.S., M.S., Ph.D., The Ohio State University, 1965.
- MAX S. WILLIS, JR., Associate Dean Emeritus for Research and Graduate Studies in the College of Engineering; Professor Emeritus of Mechanical Engineering; Professor Emeritus of Biomedical Engineering (1968) (Ret. 2000) B.S.Ch.E., Pennsylvania State University; M.S.Ch.E., Ph.D., Iowa State University of Science and Technology, 1962.
- CHARLES W. WILSON III, Professor Emeritus of Physics; Professor Emeritus of Polymer Science (1965) (Ret. 1989) B.S.E., M.S., University of Michigan at Ann Arbor; Ph.D., Washington University, 1952.
- JOHN W. WILSON, Member of the General Faculty Emeritus (1970) (Ret. 1989) B.S., Albany State College; M.S.Ed., Ed.D., The University of Akron, 1983.
- PAUL S. WINGARD, Associate Dean Emeritus of the Buchtel College of Arts and Sciences; Professor Emeritus of Geology (1966) (Ret. 1989) B.A., M.S., Miami University; Ph.D., University of Illinois at Urbana, 1960.
- BERNARD S. WINICK, Associate Professor Emeritus of Business Law (1979) (Ret. 1998) B.S.B.A., The Ohio State University; J.D., The University of Akron, 1964.
- MARY O. WITWER, Professor Emeritus of Office Administration (1972) (Ret. 1988) B.S., The University of Akron; M.E., Ohio University, 1951.
- CHARLES L. WOOD, Associate Professor Emeritus of Education (1966) (Ret. 1986) B.A., Simpson College; M.A., Ph.D., University of Iowa, 1966.
- JOHN W. WORKS, Associate Professor Emeritus of Finance (1981) (Ret. 1989) B.A., Brown University; J.D., Ohio Northern University; M.B.A., Ph.D., Northwestern University, 1968.
- WALTER H. YODER, JR., Professor Emeritus of Education (1971) (Ret. 2006) B.A., Tufts University; M.A., New York University; Ed.D., Indiana University at Bloomington, 1971.
 ROBERT L. ZANGRANDO, Professor Emeritus of History (1971) (Ret. 1994) B.A., Union College;
- M.A., Ph.D., University of Pennsylvania, 1963.
- HANS O. ZBINDEN, Assistant Professor Emeritus of Modern Languages (1965) (Ret. 1995) B.A., Wittenberg University; M.A., University of Pennsylvania; Ph.D., Pennsylvania State University, 1971.
- DONALD A. ZIMMERMAN, Associate Professor Emeritus of Marketing and Sales Technology (1973) (Ret. 1998) B.B.A., Defiance College; M.B.A., University of Pennsylvania, 1968.

Full-Time Faculty and Administration

September 2007

- LUIS M. PROENZA, President of the University; Professor of Biology; Adjunct Professor of Education; Adjunct Professor of Political Science (1999) B.A., Emory University; M.A., The Ohio State University; Ph.D., The University of Minnesota, 1971.
- ALA R. ABBAS, Assistant Professor of Civil Engineering (2005) B.S., University of Jordan, M.S., Ph.D., Washington State University, 2004.
- EIHAB T. ABOUSENA, Instructor in Modern Languages (2007) B.S., Cairo University, M.A., The University of Akron, 2003.
- STEPHEN H. ABY, Professor of Bibliography; Education Bibliographer (1988) B.A., University of Texas at Austin; M.A., University of Houston; Ph.D., State University of New York at Buffalo; M.L.S., Kent State University, 1984.
- SHERI A. ACIERTO, Instructor in Nursing (2007) B.S.N., M.S.N., University of Cincinnati, 2000.
- MARIA ADAMOWICZ-HARIASZ, Associate Professor of Modern Languages (1995) M.A., Maria Curie-Sklodowska University, Poland; M.A., Ph.D., University of Pennsylvania, 1994.
- NICOLE M. ADAMS, Academic Adviser II (2006) B.A., B.S., The University of Akron, Me.D., Ohio University 1995.
- RAJ AGGARWAL, Dean of the College of Business Administration; F.C. Sullivan Professor of International Business and Finance (2006) M.B.A., D.B.A., Kent State University, 1975.
- AIGBE AKHIGBE, Professor of Finance; Fredrick W. Moyer Chair in Finance (2000) B.S., University of Ibadan, M.S. University of Southwestern Louisiana, M.B.A., Ph.D., University of Houston, 1991
- SONIA ALEMAGNO, Associate Professor of Public Administration and Urban Studies; Interim
 Department Chair of Public Administration and Urban Studies (1998) B.A., John Carroll
 University; M.A., Kent State University; Ph.D., Case Western Reserve University, 1991.
- MARK ALLEN, Manager Intramurals (1989) B.A., Kent State University, 1975.
- PHILLIP A. ALLEN, Professor of Psychology; Senior Fellow, Institute for Life-Span Development and Gerontology (2000) B.S., M.A., Ph.D., The Ohio State University 1987.
- STEPHEN J. ALLEN, Senior Multimedia Producer (1997) B.S., Montana State University, M.S., Kent State University, 1987,
- ALAN S. AMBRISCO, Associate Professor of English (1999) B.A., SUNY Buffalo; M.A., Ph.D., Indiana University, 1999.
- ALFRED L. ANDERSON, Professor of Music (1985) B.M.E., Mississippi College; M.M., Indiana University, 1970.
- CAROLYN M. ANDERSON, Professor of Communication; Interim Director, School of Communication (1995) B.A., University of Detroit; M.A., Wayne State University; Ph.D., Kent State University, 1992
- **LLOYD C. ANDERSON,** Professor of Law; C. Blake McDowell, Jr. Professor (1981) B.A., University of Michigan; J.D., Harvard University, 1973.
- **THOMAS E. ANDES,** Associate Professor of Business Management Technology (Wayne College) (1983) B.S.Ed., The University of Akron; M.M., Northwestern University, 1979.
- SABRINA L. ANDREWS, Director of Institutional Research (2004) B.S., M.S., 1995.
- **JEROME E. APPLE**, *Instructor in Accounting* (1996) B.A., The Ohio State University; J.D., Cleveland State University; M.T., The University of Akron, 1987.
- WILLIAM B. ARBUCKLE, Associate Professor of Civil Engineering (1982) B.S.Ch.E., Ohio University; M.S.E.E., Ph.D., University of North Carolina, 1975.
- STEPHEN C. ARON, Professor of Music (1981) B.M., University of Hartford; M.M., University of Arizona. 1981.
- PAMELA L. ARRINGTON, Assistant Director of Student Financial Aid and Enrollment Services (2002) B.A., Walsh College, 1999.
- ROLAND K. ARTER, Associate Professor of Mechanical Engineering Technology (2003) B.S., Cleveland State University; M.S., Cleveland State University; M.B.A., Case Western Reserve University (1988).
- STEVEN R. ASH, Associate Professor of Management (2001) B.A., M.B.A., Ph.D., New Mexico State University, 1996.
- JACKIE E. ASHBAUGH, Admissions Counselor and Coordinator Student Activities Wayne College (1996) A.A.S., Stark Technical College; B.S., The University of Akron, 2001.
- SUSAN ASHBY, Associate Professor of Bibliography; Head of the Library Systems (1998) B.A., Cleveland State University; M.L.S., University of Pittsburgh, 1995.
- **KENNETH E. AUPPERLE**, *Professor of Management* (1986) B.A., M.A., Western Michigan University; M.B.A., Kansas State University; Ph.D., University of Georgia, 1982.
- JAMES F. AUSTIN, Associate Professor of Education (1987) B.A., M.A., Ph.D., Case Western Reserve University, 1971.
- KIMBERLEE A. AVERY, Assistant Director of Admissions (2004) B.A., Berea College; M.A., The University of Akron, 2004.
- **DAVID P. AYERS,** *Director, International Programs* (1998) B.S., University of Colorado; M.A., Ball State University; Ed.S., Pittsburgh State University; Ph.D., Kansas State University, 1996.
- RICHARD L. AYNES, Professor of Law; John F. Seiberling Chair of Constitutional Law; Research Fellow, Constitutional Law Center (1976) B.S., Miami University; J.D., Cleveland State University, 1974.
- GREGG BACH, Assistant Director, Athletics Media Relations (2002) B.S., Northern Arizona University, 1999.
- **BRIAN P. BAGATTO**, Associate Professor of Biology (2001) B.S., Queen's University; M.S., Auburn University, 1997.
- **DAN M. BAILEY,** Head Strength and Conditioning Coach (1995) B.S., University of Nebraska, 1988.
- DAVID B. BAKER, Director of Archives of History of American Psychology; Professor of Psychology (1999) B.A., Millersville State College; M.Ed., Southwest Texas State University; Ph.D., Texas A&M University, 1998.
- BRIAN M. BALLOU, Associate Professor of Construction Engineering Technology (1999) B.S., M.S., Case Western Reserve University, 1998.
- KATHLEEN F. BAME, Director of Development (1996) B.A., The University of Akron, 1991.
- PRITHVIRAJ S. BANERJEE, Assistant Professor of Finance (2007) M.S., Boston College, 2004.
- PATRICK BANGTSON, Head Baseball Coach (2005) B.A., Kent State University, 1988.

- SHELLEY O. BARANOWSKI, Professor of History; Associate Department Chair of History (1989) B.A., Wells College; M.A., Ph.D., Princeton University, 1980.
- ANTHONY E. BARNES, Manager of Governmental Communications (1989) B.S., Ohio University,
- LINDA R. BARRETT, Associate Professor of Geography and Planning (1995) B.A., M.A., Ph.D., Michigan State University, 1995
- CHARLES R. BARTON, Director of Nurse Anesthesia Track (1995) B.A., Malone College; M.Ed., Ashland College, 1992.
- ROBERT BATTISSON, Assistant Women's Soccer Coach (2007) B.A., Lock Haven University of Pennsylvania, M.A., Northwest Missouri State University, 2005.
- CELAL BATUR, Professor of Mechanical Engineering; Department Chair of Mechanical Engineering (1980) B.S., M.S., The Technical University of Istanbul; Ph.D., The University of Leicester, 1976.
- SAMUEL P. BAUMGARTNER, Associate Professor of Law (2004) M.A., University of Wisconsin; L.L.M., University of Wisconsin-Madison; L.L.B., L.L.D., University of Bern, Switzerland, 2002,
- GARY A. BAYS, Associate Professor of English (Wayne College) (1986) B.S., M.A., Central Michigan University, 1984.
- JANET P. BEAN, Associate Professor of English (1998) M.A., University of New Hampshire; B.A., Ph.D., University of North Carolina, 1998.
- MONIQUE BEAUVAIS, Assistant to the Dean of the University College (1987) A.A.S., B.A., M.A., The University of Akron, 2000.
- THOMAS G. BECK, General Manager of WZIP-FM; Adjunct Assistant Professor of Communication; Member of the General Faculty (1978) B.S., Slippery Rock State College; M.A., Ohio University, 1975.
- KELLEY A. BECKER, Assistant Athletics Trainer (2004) B.S., Bowling Green State University; M.Ed., Wright State University, M.Ed., Wright State University, 2001
- JULIA BECKETT, Associate Professor of Public Administration and Urban Studies (1997) B.A., J.D., Washington University; M.A., Ph.D., University of Colorado, 1995.
- CHERYL LEE BECKWITH, Coordinator Workforce Development and Continuing Education (2000) B.A., Kent State University, M.S., The University of Akron, 2006.
- ROSE A. BEESON, Assistant Professor of Nursing; Director, Center for Gerontological Health and Advocacy; Fellow, Institute for Life-Span Development and Gerontology (2003) B.S., Ohio State University; B.S., Ursuline College; M.S., Case Western Reserve University; D.N.Sc., Rush University (2001).
- CAROLYN BEHRMAN, Associate Professor of Anthropology (1998) B.A., Amherst College; M.A., Ph.D., University of Pennsylvania, 1997.
- NANCY E. BEIRNE, Assistant Director, Employer Relations-Center for Career Management (2005) B.A., John Carroll University, M.A., The University of Akron, 2005.
- THOMAS R. BEITL, Director Hardware Operations and Operating Systems Services (2000) B.A., Baldwin Wallace College; M.B.A., Robert Morris College, 1989.
- SUSAN BEKE, Assistant to the Vice President, Fiscal Operations Student Affairs (2001) B.S., The University of Akron, 1992.
- MARCIA C. BELCHER, Associate Professor of Construction Engineering Technology (1999) B.S., M.S., The University of Akron, 1997.
- KRISTINA M. BELISLE, Associate Professor of Music (2000) B.M., University of Georgia; D.M., M.M., Michigan State University (1994).
- JOHN F. BELTZ, College Lecturer in Geology and Environmental Sciences (2002) B.S., M.S., The University of Akron, 1992.
- CHARLES C. BENEKE, II, Associate Professor of Art (2001) B.A., Connecticut College; M.B.A., Kenyon College, 1996.
- RODNEY B. BENGSTON, Director of University Art Galleries (1992) B.A., Allegheny College; M.F.A., Kent State University, 1982.
- RICHARD L. BENNETT, Associate Professor of Fire Protection Technology (1999) A.A., B.S., M.P.A. M.S., The University of Akron, 1991.
- RAJADE M. BERRY-JAMES. Associate Professor of Public Administration and Urban Studies (2000) B.S., Rider College; M.A., Kean College of New Jersey; Ph.D., Rutgers University, 1999.
- THOMAS M. BESCH, Professor of Surveying and Mapping Technology; Program Director, Surveying and Construction Engineering Technology (1992) A.A., University of Maryland at Baltimore; A.S., Pensacola Junior College; B.S., University of Maryland at Baltimore; M.A., The University of Akron. 1995.
- KIMBERLY A. BEYER, Associate Director, Career Development, Center for Career Management (1992) B.A., M.A., Ed.D., The University of Akron, 1989.
- MARY BIDDINGER, Assistant Professor of English (2005) B.A., University of Michigan-Ann Arbor, M.F.A., Bowling Green State University, Ph.D., University of Illinois-Chicago Circle, 2003.
- ANGELA BILIA, College Lecturer in English (2003) B.A., M.A., Kent State University; Ph.D., Kent State University (1997).
- WIESLAW K. BINIENDA, Professor of Civil Engineering; Department Chair of Civil Engineering (1988) M.S., Warsaw Technical University; M.S.M.E., Ph.D., Drexel University, 1988.
- ERIC R. BIRDSALL, Professor of English (1987) B.A., California State University; M.A., Ph.D., The Johns Hopkins University, 1976.
- TONI L. BISCONTI, Assistant Professor of Psychology; Fellow, Institute for Life-Span Development and Gerontology (2006) B.S., Youngstown State University, M.A., Ph.D., University of Notre Dame, 2001.
- SHAWNEEN G. BIXLER, Coordinator Developmental Programs (2001) B.A., M.Ed., Malone
- TODD ALAN BLACKLEDGE, Assistant Professor of Biology (2005) B.S., George Washington University; Ph.D., The Ohio State University, 2000.
- GWENDOLYN R. BLACKSHEAR, Coordinator Health Education and Wellness (2000) B.S., M.Ed., Kent State University, 1998.
- BILL BLEIL, Assistant Head Football Coach (2005) B.A., Northwestern College; M.A., New Mexico Highlands University, 1982.
- VALERIE A. BLOODWORTH, Assistant Director of Residence Life and Housing (2000) B.S., The University of Akron, 1998.
- JOHN M. BOAL, Associate Professor of Criminal Justice Technology (1990) A.A.S., B.S., M.S., The University of Akron, 1994.
- JEFFREY BOALS, Assistant Men's Basketball Coach (2006) B.S., Ohio University, 1995.
- ALAN K. BODMAN, Professor of Music (1986) B.M., Michigan State University; M.M., University of Michigan, 1973.

- GARY L. BOGUE, Assistant Director of Development, School of Law (2005) B.S., M.S., Kansas State University, 1990.
- KATHLEEN BOGUE, Assistant Director of Development, College of Engineering (2006) B.S., Northern Arizona University, 1980.
- TRACEY J. BOISSEAU, Associate Professor of History (1999) B.A., Suffolk University; M.A., Georgetown University; Ph.D., Binghamton, 1996. ROBERT BOLDON, Assistant Women's Basketball Coach (2006) B.A., Walsh University; M.A.,
- Indiana University at Indianapolis, 2003. ANN D. BOLEK, Assistant Professor of Bibliography; Physical Sciences Bibliographer (1984)
- B.S.Ch.E., Purdue University; M.B.A., M.L.S., Kent State University, 1984. GUY V. BORDO, Assistant Professor of Music (2005) B.M., M.M., University of Michigan-Ann
- Arbor, D.M., Northwestern University, 1991.
- DALE S. BOROWIAK, Professor of Statistics (1980) B.S., M.S., The University of Akron; Ph.D., Bowling Green State University, 1980.
- ANDREW BOROWIEC, Professor of Art (1984) B.A., Haverford College; M.F.A., Yale University, 1982.
- CONSTANCE B. BOUCHARD, Distinguished Professor of History (1990) B.A., Middlebury College; M.A., Ph.D., University of Chicago, 1976.
- FRANK J. BOVE, Assistant Professor of Bibliography; Electronic Resources Librarian (2004) B.A., Walsh University; M.L.S., Kent State University, 2001.
- MARILYN K. BOWMAN, Director of Sports Medicine; Adjunct Assistant Professor of Education (1991) B.S., M.S., The University of Akron, 1987. MELISSA J. BOWMAN, Coordinator Academic Programs (1987) B.S., M.S., The University of
- Akron, 2000.
- NANCY BRACHER, Manager, Publications (1986) B.A., Southwestern at Memphis, 1978.
- MINEL J. BRAUN, Professor of Mechanical Engineering (1978) M.S., Ph.D., Carnegie-Mellon
- JAMES L. BRECHBILL, Associate Professor of Electronic Engineering Technology (1986) B.S., The University of Akron; B.S., Kent State University; M.S., The University of Akron, 1988
- ANDREA P. BREWER, Director of Audiology and Speech Center (2001) B.S., Purdue University, M.A., Indiana University, 1979.
- MARIE A. BRIGHT COBB, Instructor in Nursing (1996) B.S.N., M.S.N., The University of Akron, 1995
- LORI A. BRINKER, Associate Professor of Office Technology (Wayne College); Coordinator, Office Administration Program (2000) A.B.A., B.S., The University of Akron; M.A., Ashland College, 1996.
- ELIZABETH BRINKMANN, Director, Marketing and Promotions (2006) B.S., Valparaiso University; M.B.A., M.S., Ohio University, 2003.
- FRANCIS S. BROADWAY, Associate Professor Education; Co-Director, Center for Collaboration and Inquiry (1997) B.A., Kalamazoo College; M.A., Eastern Michigan University, Ph.D., University of South Carolina, 1997.
- JOSEPH D. BROOKHART, Head Football Coach (2004) B.S., Colorado State University (1998).
- STEPHEN C. BROOKS, Associate Professor of Political Science (1982) B.A., Colorado College; M.A., Ph.D., Northwestern University, 1982.
- BRENDA J. BROWN, Accountant (1986) B.S., The University of Akron, 1990.
- **DIANE K. BROWN,** Instructor in Nursing (1997) A.A.S., Youngstown State University; B.S.N., The Ohio State University; M.S.N., Gannon College, 1992.

- DIANE L. DOLL, Associate Director of Student Union Operations (2001) B.A., Walsh College; M.B.A., Ashland College, 1992.

- IVAN DOLOG, Research and Instructional Support Engineer (2007) B.S., Schevchenko University, M.S., The University of Akron, 2003.
- BRIAN L. DONOHEW, Assistant Baseball Coach (2005) B.S., Georgetown College, M.S., The University of Akron 1996.
- WILLIAM J. DONOVAN, Assistant Professor of Chemistry (2002) B.S., University of Delaware; Ph.D., Purdue University, 2001.
- SASA DORDEVIC, Assistant Professor of Physics (2005) B.S., B.S., University of Nis Yugoslavia; M.S., University of Houston; Ph.D., University of California, 2002.
- DENNIS DOVERSPIKE, Professor of Psychology; Senior Fellow, Institute for Life-Span Development and Gerontology; Director of Organizational Research (1984) B.S., John Carroll University; M.S., University of Wisconsin at Oshkosh; Ph.D., The University of Akron, 1983.
- THERESE M. DOWD, Associate Professor of Nursing; Fellow, Institute for Life-Span Development and Gerontology (1994) B.S.N., St. Louis University, M.S., University of Minneapolis at St. Paul; Ph.D., Wayne State University, 1994.
- THAD MATTHEW DOYLE, Assistant Director of Greek Life (2005) B.S., Bowling Green State University, M.Ed., Cleveland State University, 2001.
- DOUGLAS M. DRAHER, Assistant Director of the Office of Resource Analysis and Budget (1988) B.S., M.S., The University of Akron, 2005.
- BRETT A. DRAPER, Assistant Athletic Trainer (1993) B.S., Ball State University; M.Ed., University
- RICHARD A. DRAPER, Director of Application Systems Services; Member of the General Faculty (1986) B.A., Otterbein College, 1977.
- JAY DRATLER, Professor of Law; Holder, Goodyear Chair in Intellectual Property; Intellectual Property Center Fellow (1999) A.B., University of California; M.S., Ph.D., The University of California-San Diego; J.D., Harvard University, 1978.
- AMY SHRIVER DREUSSI, Assistant Professor of Social Science (2006) B.A., Kent State University, M.A., Ph.D., The University of Akron, 2001.
- JULIE A. DREW, Associate Professor of English (1997) B.A., M.A., Ph.D., University of South Florida, 1997
- WILLIAM GUY DRODDY II, Assistant Director of Sports Medicine; Head Football Trainer (2001) B.S., M.S., The University of Akron, 2000.
- JERRY E. DRUMMOND, Associate Professor of Mechanical Engineering (1981) B.S.M.E., General Motors Institute: M.S.M.E., The University of Akron: Ph.D., The Ohio State University, 1981.
- ZHONG-HUI DUAN, Associate Professor of Computer Science (2001) B.S., Chengdu Institute of Technology; M.S., Chinese Academy of Geological Science; M.S., Ph.D., Florida State University, 1997.
- KATHY D. DUBOSE, Senior Applications System Analyst; Member of the General Faculty (1984) B.S., M.B.A., The University of Akron, 1989.
- HOWARD M. DUCHARME, JR., Professor of Philosophy; Department Chair of Philosophy; Intellectual Property Center Fellow (1986) B.A., Hope College; M.A., Trinity Divinity School; Ph.D. Oxford University, 1984.
- VENKAT REDDY DUDIPALA, Manager of Nuclear Magnetic Resonance Laboratory (1999) B.S., Kakatiya University; M.S., Osmania University; Ph.D., Indian Institute of Chemical Technology
- ROBERT J. DUFF, Associate Professor of Biology; Associate Department Chair of Biology (1999) B.S., Calvin College; M.S., Ph.D., University of Tennessee at Knoxville, 1995.
- TIMOTHY R. DUFORE. Associate Vice President for Development: Executive Director of The University of Akron Foundation; Member of the General Faculty (1984) B.A., Westminster College; M.A., Bowling Green State University, 1977.
- J. THOMAS DUKES, Professor of English (1984) B.A., M.A., University of Texas at El Paso; Ph.D., Purdue University, 1984.
- LAURIE A. DUNLAP, Assistant Professor of Education in Mathematics (2006) B.S., The University of Akron; M.S., Ph.D., University of Cincinnati, 2005.
- KENNETH A. DUNNING, Professor of Management and Information Systems; Fitzgerald Institute Fellow, Entrepreneurship (1973) B.S., North Carolina State University at Raleigh; M.B.A., Ph.D., University of Pittsburgh, 1972.
- ROGER W. DURBIN, Associate Dean of the University Libraries; Professor of Bibliography (1978) B.A., M.A., Youngstown State University; M.L.S., Ph.D., Kent State University, 1985.
- JOHN DURKIN, Associate Professor of Electrical and Computer Engineering (1987) A.E.T., B.S., Pennsylvania State University; M.S., Ph.D., University of Pittsburgh, 1983
- RAMON EADY, Assistant Strength and Conditioning Coach (2004) B.A., Northeastern University,
- CATHY L. EDWARDS, Director of Human Resources Information Services; Deputy Appointing Authority (1980) A.A.B., B.S., M.S., The University of Akron, 1994.
- LE SHAUNTE R. EDWARDS, Assistant Track Coach (2004) B.A., The University of Akron, 2002.
- JAMES J. EGAN, Professor of English; Director, Careers Program (1971) B.A., St. Joseph's College; M.A., Ph.D., University of Notre Dame, 1971.
- ROSEMARIE T. EICHLER, Instructor in History (2000) B.A., M.A., The University of Akron, 1980.
- RICHARD L. EINSPORN, Associate Professor of Statistics (1987) B.S., Indiana University of Pennsylvania; M.A., The Pennsylvania State University; Ph.D., Virginia Polytechnic Institute, 1987.
- MALIK E. ELBULUK, Professor of Electrical and Computer Engineering (1989) B.Sc., University of Khartoum; M.S., D.Sc., Massachusetts Institute of Technology, 1986.
- JOELLE D. ELICKER, Assistant Professor of Psychology (2003) B.S., University of Delaware; M.A., University of New Haven; Ph.D., The University of Akron, 2000
- J. RICHARD ELLIOTT, JR., Professor of Chemical and Biomolecular Engineering (1986) B.S. Christopher Newport College; M.S., Virginia Polytechnic Institute and State University; Ph.D., Pennsylvania State University, 1985.
- MICHELLE ELLIS, Senior Associate Director of Student Financial Aid Administration (1983) A.A., B.S., M.A., The University of Akron, 1992.
- CHERYL S. ELMAN, Associate Professor of Sociology; Senior Fellow, Institute for Life-Span Development and Gerontology (1995) A.A.S., State University of New York; B.A., Syracuse University; M.A., Ph.D., University of North Carolina at Chapel Hill, 1993.
- DANIEL L. ELY, Professor of Biology; Fellow, Institute for Life-Span Development and Gerontology (1976) B.A., M.S., Ph.D., University of Southern California, 1971.
- JAMES R. EMORE, Associate Dean of the College of Business Administration; Associate Professor of Accounting (1973) B.A.Ed., M.S.Acct., The University of Akron; D.B.A., Kent State University, 1984.
- KATHLEEN L. ENDRES, Distinguished Professor of Communication (1987) B.A., M.A., University of Maryland; Ph.D., Kent State University, 1985.

- KEVIN E. ENGLE. Assistant to the Dean of Wayne College (2001) B.S., Grace Theology Seminar and College, M.A., Indiana Vocational Technical College, 1991
- KRISTINA M. ENGLISH, Associate Professor of Speech-Language Pathology and Audiology (2007) B.A., M.A., Ph.D., San Diego State University, 1993.
- MICHELE Z. ENLOW, Instructor in Nursing (2005) B.S., Baldwin Wallace College, M.S.N., D.N.S., Frances Payne Bolton School of Nursing, 1985.
- ELIZABETH B. ERICKSON, Associate Professor of Economics (1969) B.S., M.S., University of Western Australia; Ph.D., University of Illinois, 1972.
- REBECCA J. ERICKSON, Professor of Sociology (1991) B.A., Indiana University; M.A., Ph.D., Washington State University, 1991.
- MATTHEW P. ESPE, Associate Professor of Chemistry (1997) B.S., M.S., Illinois State University; Ph.D., Michigan State University, 1993.
- J. CHRISTOPHER EUSTIS, Professor of Modern Languages; Department Chair of Modern Languages (2000) B.A., Brown University; M.S. Middlebury College; Ph.D., Indiana University, 1977
- EDWARD A. EVANS, Associate Professor of Chemical and Biomolecular Engineering (1997) B.A., Dartmouth College; M.S., Ph.D., Case Western Reserve University, 1998.
- WALTER L. EVEGE, JR., Director of Affirmative Action/Equal Employment Opportunity (1988) B.S., Tougaloo College, 1964.
- THOMAS L. FAESSEL, Associate Director of Residence Life Activities; Member of the General Faculty (1983) B.A., Bowling Green State University; M.A., Ball State University, 1978.
- GHAZI FALAH, Professor of Geography and Planning (2001) B.A., M.A., Hebrew University, Jerusalem; Ph.D., University of Durham, 1982.
- JANE FALK, College Lecturer in English (2002) B.A., University of Michigan; M.A., John F. Kennedy University; M.A.T., Yale University; Ph.D., The Ohio State University, 2002.
- J. CLAYTON FANT, Professor of Classical Studies; Professor of History (1984) B.A., Williams College; Ph.D., University of Michigan, 1976.
- ZARREEN FAROOQI, Associate Professor of Computer Information Systems (1999) M.S., Ph.D., Oregon State University, 1987.
- DIANE FASHINPAUR, Director, Health Services (1998) B.S.N., St. John College; M.S.N., The University of Akron, 1995.
- KRIS K. FEAGAN, Supervisor of Employment Services; Deputy Appointing Authority (2000) B.S.,
- The University of Akron, 1991. JAMAL FEERASTA, Associate Professor of Hospitality Management (2000) B.A., University of
- Karachi; B.S., M.S., Florida International University, 1981. KEVIN M. FELDT, Associate Professor of Marketing and Sales Technology (1998) B.B.A.,
- Cleveland State University; M.B.A., Case Western Reserve, 1992. KATHRYN M. FELTEY, Associate Professor of Sociology (1988) B.A., M.A., Wright State
- University; Ph.D., The Ohio State University, 1988. RUDY FENWICK, Associate Professor of Sociology; Faculty Fellow, Senior Vice President and Provost (1978) B.A., University of Oklahoma; M.A., McGill University; Ph.D., Duke University, 1978
- MICHAEL J. FERRARA, Assistant Professor of Mathematics (2007) B.S., Stevens Institute of Technology, Ph.D., Emory University, 2005.
- RENO FERRI, Assistant Football Coach: Wide Receivers Coach: Recruiting Coordinator (2006) B.S., West Point, 2000.
- CAROL A. FICKEN, Coordinator Library Acquisitions (1985) B.S., The University of Akron, 1991
- LORI J. FIELDING, Associate Professor of Bibliography (2001) B.S., M.S., University of Buffalo,
- ROBERT A. FIGLER, Associate Professor of Management (1985) B.A., Indiana University of Pennsylvania; M.A., Ph.D., West Virginia University, 1984.
- LAURI S. FILE. Assistant Dean of Law Admissions and Financial Aid (1983) B.A., The University of Akron, MED., Kent State University, 2001.
- BONNIE L. FILER-TUBAUGH, College Lecturer (2002) B.S., M.S., The University of Akron, 1974.
- TODD A. FINKLE, Associate Professor of Management; Director of the Fitzgerald Institute; Intellectual Property Center Fellow (1997) B.S., D.O.C., University of Nebraska; M.B.A., University of Wisconsin, 1993.

- ROBERT F. POPE, JR., Professor of English (1977) B.A., University of California at Berkeley; M.A., California State University, San Diego; M.F.A., University of Iowa, 1976.
- SUSAN H. POPE, Associate Professor of Business Management Technology (1992) B.S., Pennsylvania State University, M.B.A., The Ohio State University, 1978.
- PAULETTE M. POPOVICH, Associate Dean of Instruction; Professor of Family and Consumer Sciences (Wayne College) (1998) B.A., The University of Akron; M.Ed., Pennsylvania State; Ph.D., Virginia Polytechnic Institute and State University, 1988.
- THOMAS V. PORTEN, Head Golf Coach (2006) A.A., Lakeland Community College; B.A., Cleveland State University, 1990.
- CALEB PORTER, Head Men's Soccer Coach (2006) B.S., Indiana University, 1998.
- ALEX POVITSKY, Associate Professor of Mechanical Engineering (2003) B.S., M.S., Ph.D., Moscow Institute for Steel and Alloys, 1988.
- MATTHEW W. POWELL, Assistant Law Librarian (2003) B.A., The University of Akron, 1999.
- JILIE K. PRATT, Assistant Softball Coach (2006) B.A., The University of Akron, 1996.
- DIANA J. PRESSLEY, Recruiter/Adviser Nursing (1998) B.A., Kent State University, M.A., The University of Akron, 2004.
- KENNETH G. PRESTON, Associate Vice President for Research and Director of Technology Transfer; Intellectual Property Center Fellow (2001) B.A., Princeton University, J.D., Washington University, 1963.
- LORETO R. PRIETO, Professor of Education (2000) B.A. Ph.D., University of Iowa, 1996.
- RACHEL A. PRIVETT, Assistant Director of Admissions for Events (2003) B.A., M.Ed., The University of Akron, 2003.

- DAVID PROCHAZKA, Associate Professor of Bibliography (1998) B.M., Roosevelt University; M.L.S., Rosary College, 1993.
- JOSEPH M. PROTOPAPA, Assistant Director, Cooperative Education and Internships, Center for Career Management (2006) B.S., Ohio University, M. A., The University of Akron, 2006.
- COLEEN PUGH, Associate Professor of Polymer Science (1998) B.A., B.S., University of California; M.S., Ph.D., Case Western Reserve University, 1990.
- CLAIRE J. PURDY, Director of Financial Services and Systems (1991) B.S., The University of Akron, 1982.
- JUDIT PUSKAS, Professor of Polymer Science; Lanxess Industrial Chair in Polymer Science (2004) Diploma of Organic and Biochemical Engineering (Naster's Degree), Candidate of Chemical Sciences (Ph.D.), Technical University of Budapest, Diploma of Economy and Philosophy (M.S.), MLEE College, Budapest, Candidate of Chemical Sciences (Ph.D.), Hungarial Academy of Sciences, Ph.D. Plastics and Rubber Technology (Polymer Engineering), Technical University of Budapest, 1990.
- HELEN K. QAMMAR, Associate Professor of Chemical and Biomolecular Engineering; Faculty Fellow, Senior Vice President and Provost (1989) B.S., Syracuse University; M.S., Ph.D., University of Virginia, 1986.
- Y. JOY QIU, Budget Administrator Senior (1986) B.A. Fudan University; M.A., The University of Akron, 1989.
- JOHN E. QUEENER, Associate Professor of Education; Faculty Fellow, Senior Vice President and Provost (1996) B.A., College of Wooster; M.A., The Ohio State University; Ph.D., The University of Akron, 1995.
- ANTONIO R. QUESADA, Professor of Applied Mathematics (1984) M.S., Ph.D., University of Florida, 1978.
- THOMAS J. QUICK, Research Associate in the Department of Geology and Environmental Sciences; Member of the General Faculty (1983) A.S., B.S., M.S., The University of Akron, 1983.
- **DONALD D. QUINN,** Associate Professor of Mechanical Engineering (1995) B.M.E., Georgia Institute of Technology; Ph.D., Cornell University, 1995.
- RODERIC P. OUIRK, Interim Director of Institute of Polymer Science; Distinguished Professor of Polymer Science; Kumho Distinguished Professor of Polymer Science (1983) B.S., Rensselaer Polytechnic Institute; M.S., Ph.D., University of Illinois, 1967.
- **NEAL C. RABER,** Associate Professor Mathematics (1972) B.S., Kent State University; M.S., Ph.D., The Ohio State University, 1972.
- BRIAN P. RADESIC, Instructor in Nursing; Associate Director, Graduate Nurse Anesthesia Program (2005) B.S., Kent State University; M.S.N., The University of Akron 1995.
- PATRICIA A. RAIFF, Clinical Instructor in Education (2001) B.S., M. Ed., Kent State University, 1979
- **PENNY RAKOFF,** *Professor of Art* (1978) B.F.A., University of Michigan at Ann Arbor; M.F.A., Rochester Institute of Technology, 1976.
- HARRIDUTT RAMCHARRAN, Professor of Finance and International Business (1986) B.S., Mankato State College; M.A., Ph.D., State University of New York at Binghamton, 1978.
- ROLANDO J. RAMIREZ, Assistant Professor of Biology (2006) B.A., Ph.D., West Virginia University, 1997
- SUSAN E. RAMLO, Professor of General Technology (1994) B.S., M.S., Ph.D., The University of Akron, 2003.
- REX D. RAMSIER, Associate Provost Academic Policies, Procedures and Reviews; Professor of Physics; Professor of Chemistry (1996) B.S., M.S., The University of Akron; Ph.D., University of Pittsburch. 1994.
- CYNTHIA D. RAMSTHALER, Assistant to the Dean of the College of Fine and Applied Arts; Member of the General Faculty (1984) B.A., Kent State University, M.A., The University of Akron. 1995.
- **ANDREW S. RANCER**, *Professor of Communication* (1991) B.A., M.A., Queens College; Ph.D. Kent State University, 1979.
- SCOTT P. RANDBY, Associate Professor of Technical Mathematics (1997) B.S., Grove City College; M.S., Ph.D., The Ohio State University, 1991.
- SUE A. RASOR-GREENHALGH, Associate Professor of Family and Consumer Sciences (1987) A.A., B.S., Morehead State University; M.S., University of Southern California, 1982.
- JAMES S. RAY, Accountant Senior; Member of the General Faculty (1981) B.S., The University of Akron, 1980.
- **DIANE R. RAYBUCK,** *Director of Admissions* (2002) B.S., M.A., Indiana University of Pennsylvania, 1988.
- NARENDER P. REDDY, Professor of Biomedical Engineering (1981) B.E., Osmania University; M.S., University of Mississippi; Ph.D., Texas A&M University, 1974.
- **DAVID A. REDLE**, Professor of Business Law; Department Chair of Finance (1981) B.B.A., University of Notre Dame; M.B.A., J.D., The University of Akron, 1980.
- DIANA C. REEP, Professor of English; Department Chair of, English (1980) B.S., M.A., Ph.D., University of Wisconsin at Milwaukee, 1979.
- JOHN N. REEVES, Instructor in Anthropology (2001) B.A., M.A., Kent State University, 1991.
- ELIZABETH A. REILLY, Associate Dean of the School of Law; Professor of Law; Research Fellow, Constitutional Law Center; C. Blake McDowell, Jr. Professor (1984) B.A., Princeton University; J.D., The University of Akron, 1978.
- JOHN J. REILLY, Associate General Counsel; Assistant Attorney General (2007) B.A., John Carroll University, J.D., The Ohio State University, 1989.
- DARRELL H. RENEKER, Professor of Polymer Science (1989) B.Sc., Iowa State University; M.Sc., Ph.D., University of Chicago, 1959.
 FRANCESCO RENNA, Assistant Professor of Economics (2002) B.A., Universita Cattolica Saro
- Cuore; M.A., Ph. D., University of Arizona, 2002.
- NIKOLA RESANOVIC, Professor of Music (1983) B.M., M.M., The University of Akron; D.M.A., Cleveland Institute of Music, 1981.
- REBEKKA L. REUSSER, Academic Adviser International (1998) B.A., Gettysburg College; M.A., The George Washington University, 1996.
 CYNTHIA A. REYNOLDS, Associate Professor of Education (1996) B.S., M.Ed., Ph.D., Kent State
- CYNI HIA A. REYNOLDS, Associate Professor of Education (1996) B.S., M.Ed., Ph.D., Kent State University, 1996.

 MACK RHOADES, Director of Athletics (2006) B.S., University of Arizona, M.S., Indiana University,
- WILLIAM D. RICH, Associate Professor of Law; Research Fellow, Constitutional Law Center (1981)
 B.A., University of Rochester: J.D., University of Denyer: L.L.M., Harvard University, 1986.

- PAUL RICHERT, Law Librarian; Professor of Law (1977) B.A., M.S., University of Illinois; J.D., Tulane University of Louisiana, 1977.
- HELEN W. RICHTER, Professor of Chemistry (1984) B.A., The Woman's College of Georgia; M.S., Ph.D., The Ohio State University, 1974.
- WILLIAM G. RICKETT, Assistant Director, Legal Clinic (1982) B.S., M.A., The Ohio State University; J.D., The University of Akron, 1986.
- BRETT RIEBAU, Director of Financial Reporting (1999) B.S., The University of Akron, 1989.
- JEFFREY M. RIEDL, Associate Professor of Mathematics (2001) B.S., Marquette University; Ph.D., University of Wisconsin-Madison, 1998.
- PETER L. RINALDI, Professor of Chemistry; Director of the Molecular Spectroscopy Laboratory (1987) B.S., Polytechnic Institute of New York; Ph.D., University of Illinois, 1978.
- DAVID RITCHEY, Professor of Communication (1990) B.A., Georgetown College; M.A., Ph.D., Louisiana State University, 1971.
- STANLEY E. RITTGERS, Professor of Biomedical Engineering (1987) B.S., State University of New York at Buffalo; M.S., Ph.D., The Ohio State University, 1978.
- NANCY L. ROADRUCK, Assistant Director, Academic Advisement Center (2001) A.A.S., B.S., M.S., The University of Akron, 1987.
- JANE F. ROBERTS, Professor of Social Services Technology (Wayne College); Fellow, Institute for LifeSpan Development and Gerontology; Coordinator Social Services Technology (Wayne College) (1985) B.A., Gettysburg College; M.S., Case Western Reserve University, 1975.
- PATRICK S. ROBERTS, Director, Development College Centered Programs (1993) B.S., Ph.D., The University of Akron, 2005.
- SCOTT S. ROBERTS, Academic Adviser II (2004) A.A., Okaloosa-Walton Junior College; B.S., Westminster College; M.S., The University of Akron, 2002.
- BENNIE P. ROBINSON, Assistant Professor of Bibliography (1987) B.A., Tougaloo College; M.L.S., Atlanta University, 1967.
- GREGORY F. ROBINSON, Senior Associate Director, Counseling, Testing and Career Center Training (1994) B.S., M.A., Ph.D., The Ohio State University, 1992.
- J. MORGAN ROBISON, Instructor in Modern Languages (2003) B.A., M.A., Ph.D., The Ohio State University, 1999
- DENINEE M. ROCCO, Associate Vice President and Dean of Student Life (2003) B.A., M.A., University of Pennsylvania, 1992
- EMILY A. ROCK, Professor of Biology (Wayne College) (1983) B.S., University of Richmond; M.S., The University of Akron, 1984.
- PAMELA K. RODEHAVER, Administrative Systems Trainer (2000) B.A., Northern Michigan University; M.B.A., Case Western Reserve University, 1989.
- MICHAEL J. RODRIGUEZ, Associate Athletics Director for Business (1987) B.B.A., Cleveland State University; M.S.A., Ohio University, 1983.
- MELINDA S. ROEMBKE, Coordinator Projects in the College of Nursing (2002) B.A., Kent State University, 1992.
- WILLIAM S. ROGERS, Inventory Accountant (1996) B.S., The University of Akron, 1968.
- JAMES R. ROGERS, JR., Professor of Education; Fellow, Institute for Life-Span Development and Gerontology (1998) B.A., M.A., Ph.D., The University of Akron, 1993.
- DEBORAH L. ROPER, Director of Training and Development Services (1995) A.A., B.A., The University of Akron; M.A., University of Phoenix, 2003.
- KATHLEEN M. ROSSALAOLMOLKI, Assistant Dean of Academic Nursing Programs; Associate Professor of Nursing (1990) B.S.N., College of Mount Saint Joseph; M.S.N., Ph.D., Case Western Reserve University, 1985.
- VICKI D. ROSTEDT, Associate Professor of Marketing and Sales Technology; Associate Professor of Social Science (1994) B.A., B.S., M.B.A., Kent State University, 1983.
- ANDREW W. ROTH, Associate Director of Purchasing (1982) B.S., The University of Akron, 1981. JEANNEHELENE ROY, Associate Professor of Modern Languages (1995) B.A., University of Michigan; M.A., Ph.D., Cornell University, 1995.
- DAVID W. RUSS, Public Relations Representative (2006) B.S., Kent State University, 1995.
- CHERYL S. SADLER, Associate Professor of Nursing; Fellow, Institute For Life-Span Development and Gerontology (1989) B.S.N., University of Maryland; M.Ed., Howard University; M.S.N., Catholic University of America; Ph.D., The University of Akron, 1995.
- JAMES L. SAGE, Vice President of Information Technology and Chief Information Officer (2005) B.S., The University of Akron, 1997.
- JOHN P. SAHL, Professor of Law; Intellectual Property Center Fellow; Research Fellow, Constitutional Law Center (1991) B.A., Boston College; J.D., Vermont Law School; L.L.M., Yale University, 1989.
- PRISCILLA K. SAKEZLES, Associate Professor of Philosophy (1995) B.A., M.A., University of South Florida; Ph.D., Florida State University, 1993.
- ATEF F. SALEEB, Professor of Civil Engineering (1983) B.Sc., Cairo University; M.Sc., Ph.D., Purdue University, 1981.
- LINDA M. SALIGA, Associate Professor of Mathematics; Associate Department Chair of Theoretical and Applied Mathematics (1993) B.S., Missouri Western State College; M.S., Ph.D., University of MissouriRolla, 1993.
- RONALD L. SALISBURY, Associate Professor of Biology (1982) A.B., Greensboro College; M.S., University of Richmond; Ph.D., Virginia Commonwealth University, 1979
- TERRIE L. SAMPSON, Director of Development (1995) B.A., The University of Akron, 1993.
- JEFFREY M. SAMUELS, David L. Brennan Professor of Law; Director, Intellectual Property and Technology Center; Intellectual Property Center Fellow (1998) B.A., Colgate University; J.D., Albany Law School, 1975.
- EROL SANCAKTAR, Professor of Polymer Engineering; Adjunct Professor of Mechanical Engineering (1996) B.S., Robert College, Istanbul; M.S., Ph.D., Virginia Polytechnic Institute and State University, 1979.
- MARTHA S. SANTOS, Assistant Professor of History (2006) B.A., State University of New York, M.A., Ph.D., University of Arizona, 2004.
- NEIL B. SAPIENZA, Professor of Art; Interim Director of the School of Dance, Theatre and Arts Administration (1987) B.F.A., Ohio University; M.S., Brooks Institute at Santa Barbara, 1987.
- IRA D. SASOWSKY, Professor of Geology and Environmental Sciences; Director of Environmental Studies (1995) B.S., University of Delaware; M.S., Ph.D., Pennsylvania State University, 1992.
- SHIVAKUMAR SASTRY, Assistant Professor of Electrical and Computer Engineering (2002) B.E., Bangalore University; M.S., Indian Institute of Science; M.S., University of Central Florida; Ph.D., Case Western Reserve University, 1998.

- JOHN R. SAVERY, Director of Learning Technologies and Scholar/Learner Services; Associate Professor of Education (2000) B.Ed., M.Ed., University of Calgary; Ph.D., Indiana University,
- SCOTT D. SAWYER, Associate Professor of Mechanical Engineering (1998) B.S.M.E., Milwaukee School of Engineering; M.S.M.E., Ph.D., Purdue University, 1997.
- TAMMI S. SAWYER, Assistant Director, Student Financial Aid (1997) A.A., B.S., The University of Akron, 2005.
- JEFFRY D. SCHANTZ, Associate Professor of Technical Writing and Composition (1997) B.A., M.A., Youngstown State University, Ph.D., Case Western Reserve University, 1998.
- JOHN A. SCHANTZ, Associate Professor of Music (2000) B.M., M.M., The University of Akron,
- KAREN R. SCHEEL, Associate Professor of Education; Training Director, Collaborative Program in Counseling Psychology (2000) B.A. University of California, Santa Cruz; M.A., Ph.D. University of Iowa 1999
- AARON M. SCHMIDT, Assistant Professor of Psychology (2003) B.S., Wright State University; M.A., Ph.D., Michigan State University, 2003.
- MARTHA SCHMIDT, College Lecturer in Sociology (2002) B.S., M.A., Ph.D., The Ohio State University, 1993
- MELANIE L. SCHNEIDER, Assistant Director of Athletics Media Relations (1999) B.S., Northwestern University, 1998.
- WILLIAM H. SCHNEIDER, IV, Assistant Professor of Civil Engineering (2006) B.S., M.S., Ph.D., Purdue University 2003
- GARTH D. SCHOFFMAN, Director, Instruction and Program Development (2006) B.S., The University of Akron, 1999.
- **GARY A. SCHULLER**, Associate Professor of Surveying and Mapping Technology (1999) A.S., Stark Technical College; B.A., The University of Akron, M.S., The University of Akron 2001.
- PAMELA ANN SCHULZE, Associate Professor of Family and Consumer Sciences; Fellow, Institute for Life-Span Development and Gerontology (2000) B.A., Southeastern LA University; M.A., Ph.D., University of Connecticut, 2000.
- ROBERT C. SCHWARTZ, Associate Professor of Education; Director of the Clinic for Individual and Family Counseling (2000) B.S., M.Ed., Ed.S., Ph.D., University of Florida, 1997
- CAROL J. SCOTTO, Assistant Professor of Nursing (2006) B.S.N., M.S.N., The University of Akron, Ph.D., Duguesne University, 2003.
- ROBERT H. SEIPLE, Manager of Applied Polymer Research (1984) B.A., Youngstown State University; M.A., The University of Akron, 1985.
- TIFFANY SEOLDO, Director, Academic Support Services Athletics (1999) M.E.D., Centenary College, 1999
- RICHARD L. SHANKLIN, Associate Professor of Music (1982) B.S., Illinois State University; M.M.Ed., North Texas State University, 1973.
- LINDA C. SHANKS, Assistant Professor of Nursing (2000) B.A., Baldwin Wallace College; D.N.S., M.S.N., Case Western Reserve University, 1989.
- ROBERT J. SHARDY, SR., Director of Engineering Computer and Network Services; Member of the General Faculty (1984) B.S., The University of Akron, 1972.
- LISA SHAUVER, Instructor in Biology (2002) B.A., Hiram College; M.S., Bowling Green State University, 1999
- RONALD R. SHAW II, Director of Academic Success Programs (2004) A.A.S., The University of Akron; B.S., The University of Akron; B.S., The University of Akron; J.D., Case Western Reserve University School of Law, 1991.
- DANIEL B. SHEFFER, Associate Professor of Biomedical Engineering; Associate Professor of Biology; Department Chair of Biomedical Engineering; Director, Biostereometrics Lab, Institute of Biomedical Engineering Research (1980) B.S., M.Ed., Northwestern State College; Ph.D., Texas A&M University, 1976.
- MARY L. SHELTON, Instructor in Social Work (2006) B.A., The University of Akron; M.S., Case Western Reserve University, 1991.
- MICHAEL SHOTT, Professor of Archaeology; Department Chair of Classical Studies, Anthropology and Archaeology (2006) B.A., University of Massachusetts; M.A., Ph.D., University of Michigan,
- T. DIANE SHOVESTULL, Manager of Payroll (1994) B.S., David Lipscomb College, M.B.A., The University of Akron. 1999
- BARBARA D. SHRINER, College Lecturer (2004) B.S., Miami University; M.S., The University of Akron, 1989.
- LARRY C. SHUBAT, Associate Professor of Survey and Map Technology (2001) B.A., University of Davis; M.A., The Ohio State University, M.S., The University of Akron. 2005.
- RAYMOND SIBBERSON, Professor of Respiratory Care (1978) A.A.S., Cuyahoga Community College; B.S., M.S., The University of Akron, 1981.
- RUSSELL D. SIBERT, Vice President of Board Operations; Assistant Secretary of the Board of Trustees (1995) B.A., M.S.T.E., The University of Akron, 1989.
- LOREN SIEBERT, Associate Professor of Geography and Planning (1997) B.A., Western Washington State College; M.A., Ph.D., University of Washington, 1997
- S. MARC SILLING, Coordinator Testing Services and Psychologist; Member of the General Faculty (1981) B.A., Marietta College; M.A., Cleveland State University; Ph.D., Kent State University, 1981. STANLEY B. SILVERMAN, Dean of the Summit College; Professor of Social Science (1981) B.S.,
- The Ohio State University, M.A., Middle Tennessee State University, 1973. SHERRY A. SIMMS, Associate Professor of Art (2001) B.F.A., The University of Akron, M.F.A.,

- DELMUS E. WILLIAMS, Professor of Bibliography (1991) B.S., University of Richmond; M.S.L.S., Kentucky State University; Ph.D., University of North Carolina at Chapel Hill, 1985.
- JANE L. WILLIAMS, Assistant Law Librarian, Technical Services (2004) B.A., Capital University; M.S., Kent State University, 1987.
- JOSEPH E. WILLIAMS. Project Manager: Associate Director of the Institute for Health and Social Policy (2001) B.S., M.Ed., The Ohio University; Ph.D., The University of Akron, 1996.
- MARY B. WILLIAMS, Professor of Office Administration; Program Director of Advancing Up Program (1989) B.S., M.S., Memphis State University, 1977.
- MICHAEL M. WILLIAMS, Professor of Computer Information Systems (1982) B.S., Bowling Green State University; M.S., University of Wisconsin at Milwaukee, 1973, Ed.D., The University of Akron. 1996.
- ZACHERY R. WILLIAMS, Assistant Professor of History (2005) B.A., Clemson University, Ph.D., Bowling Green State University, 2003.
- COREY D. WILLIAMSON, Coordinator, Student Union Operations (2006) B.S., Kansas State University, 2003
- GREGORY WILSON, Associate Professor of History (2001) B.A., Christopher Newport University; M.A., George Mason University, 1993.
- JOSEPH M. WILSON, Instructor in Computer Service and Network Technology (Wayne College); Coordinator Computer Service and Network Technology (Wayne College) (1990) A.A.S., B.S., Southern Illinois University at Carbondale, 1987.
- LOUIS R. WILSON, III, Coordinator Academic Advising (Wayne College) (1992) B.A., The Ohio State University; M.A., Kent State University, 1992.
- N. MARGARET WINEMAN, Interim Dean of the College of Nursing; Professor of Nursing (1990) B.A., Marymount Manhattan College; M.S.N., Yale University; Ph.D., University of Rochester, 1988

- DAVID D. WITT, Professor of Family and Consumer Sciences (1983) B.A., M.A., Ph.D., Texas Tech University, 1983
- SUSAN D. WITT, Professor of Family and Consumer Sciences (1988) B.A., M.A., Ph.D., The University of Akron, 1995.
- SHING-CHUNG WONG, Assistant Professor of Mechanical Engineering (2004) B.S., West Virginia Wesleyan College; M.S.M.E., University of Massachusetts; Ph.D., University of Sydney, 1999.
- DOUGLAS B. WOODS, Associate Professor of Business Management Technology (Wayne College) (1991) B.S., Ohio Northern University, M.A., Case Western Reserve University, 1984.
- STEPHANIE J. WOODS, Associate Professor of Nursing (1987) B.S.N., Edinboro State College; M.S.N., Edinboro University, Ph.D., Wayne State University, 1997.
- **DENISE M. WRAY**, Professor of Speech Language Pathology and Audiology (1980) B.A., M.A., Ph.D., The University of Akron, 1985.
- SHELDON B. WRICE, Professor of Technical Writing and Composition (1995) B.A., South Carolina State College; M.L.S., Atlanta University; M.A., M.S., Ed. D., The University of Akron, 1995.
- JEFFREY T. WYSHNER, Head Women's Tennis Coach (2006) B.A., Yale University; M.A., Columbia University Teachers College; J.D., Columbia University, 2000.
- MATTHEW WYSZYNSKI, Associate Professor of Modern Languages (1998) B.A, The University of Akron; A.M., Ph.D., University of Michigan, 1996.
- ZHENHAI XIA, Assistant Professor of Mechanical Engineering (2006) B.S., Hefei Polytechnic University, M.S., Ph.D., Northwestern Polytechnic University, 1990.
- YINGCAI T. XIAO, Associate Professor of Computer Science (1995) B.S., Wuhan University, China; M.S., M.S., M.S., Ph.D., Ph.D., University of Alabama, 1994.
- PING YI, Associate Professor of Civil Engineering (1996) B.S., Wuhan University of Hydraulic Electrical Engineering; M.S., Washington State University; Ph.D., University of Minnesota, 1992.
- HUICHU YING, Associate Professor of Art (1989) B.A., San Jose State University; M.F.A., West Texas State University, 1987.
- JANICE D. YODER, Professor of Psychology; Fellow, Institute of Life-Span Development and Gerontology (1998) B.A., Gettysburg College; M.A., Ph.D., State University of New York at Buffalo, 1979.
- RICHARD K. YODER, Coordinator Academic Affairs (Wayne College) (1977) A.A., B.A., The University of Akron. 1977.
- **GERALD W. YOUNG,** *Professor of Applied Mathematics* (1985) B.S., The University of Akron; Ph.D., Northwestern University, 1985.
- RITA K. YOUNG, Instructor in Nursing (2002) B.S.N., M.S.N., The University of Akron, 1994.

- SUSAN M. YOUNG, College Lecturer in Theoretical and Applied Mathematics (2000) B.S., M.S., The University of Akron, 1983.
- WILEY J. YOUNGS, Professor of Chemistry (1990) B.A., State University of New York at Albany; Ph.D., State University of New York at Buffalo, 1980.
- LAVERNE C. YOUSEY, Professor of Respiratory Care; Chair of Allied Health Technology Division; Director of Respiratory Care Technology (1976) B.A., Goshen College; M.S.T.E., The University of Akron 1979
- YANG HYUN YUN, Assistant Professor of Biomedical Engineering (2004) B.S., Christian Brothers College; M.S., Ph.D., Memphis State University, 1999.
- HUNTER R. YURACHECK, Senior Associate Athletics Director, External Relations (2006) B.S., Guilford College; M.A., University of Richmond, 1994.
- SAJIT ZACHARIAH, Assistant Dean of Administration and Strategic Initiatives; Associate Professor of Education (1998) B.A., Loyola College; M.A., The University of Akron, 1992
- EDWARD A. ZADROZNY, JR., Professor of Music (1977) B.M.E., The Ohio State University; M.M., University of Illinois, 1975.
- MARIA A. ZANETTA, Professor of Modern Languages (1995) B.A., National School of Fine Arts; M.A., Ph.D., The Ohio State University, 1994.
- BAOMEI ZHAO, Assistant Professor of Family and Consumer Science (2005) B.A., M.A., Zhejiang University, Ph.D., University of Kentucky, 2004.
- **GANG ZHAO**, Assistant Professor of History (2006) M.A., University of California; Ph.D., Johns Hopkins University, 2006.
- JIANG JOHN ZHE, Assistant Professor of Mechanical Engineering (2003) B.S., M.S., Ph.D., Columbia University, 2000.
- WEIPING ZHENG, Assistant Professor of Chemistry (2004) B.S., Ahejiang Normal University; M.S., Shanghai Institute; Ph.D., University of Tennessee, 1999.
- LISA L. ZICKEFOOSE, Departmental Budget/Fiscal Administrator Senior (1997) B.S., M.S., The University of Akron, 2004.
- **CHRISTOPHER J. ZIEGLER,** Associate Professor of Chemistry (2000) A.B., Bowdoin College; Ph.D., University of Illinois at Urbana-Champaign, 1997.
- NICHOLAS C. ZINGALE, Associate Professor of Environmental Health and Safety (Wayne College) (1998) B.S., Bowling Green State University; M.B.A., Baldwin Wallace, Ph.D., The University of Akron, 2004.
- JOHN F. ZIPP, Professor of Sociology; Department Chair of Sociology (1998) B.A., St. Joseph's College; M.A., Ph.D., Duke University, 1978.
- DAREN ZYWICKI, Assistant Professor of Civil Engineering (2005) B.S., Northwestern University, M.S., Ph.D., Georgia Institute of Technology, 1999.

Full-Time Teaching Faculty

(By College, School, and Department and the University Library) September 2007

Summit College

Division of Allied Health Technology

CHAIR: Professor La Verne C. Yousev

PROFESSORS: Rebecca L. Gibson-Lee, Raymond Sibberson.

ASSOCIATE PROFESSOR: Richelle S. Laipply. ASSISTANT PROFESSOR: Sherry L. Gamble.

Division of Associate Studies

PROFESSORS: Michael J. Jalbert, Michael F. Johanyak, Stanley B. Silverman, Jeffrey J. Wallace, Deborah S. Weber, Sheldon B. Wrice.

ASSOCIATE PROFESSORS: Irina A. Chernikova, Elizabeth A. Kennedy, Scott P. Randby, Jeffrey D. Schantz

ASSISTANT PROFESSORS: Amy Shriver Dreussi, Sukanya Kemp.

Division of Business Technology

CHAIR: Professor Lawrence Gilpatric

PROFESSORS: Gwendolyn Jones, Don V. Laconi, Elizabeth A. Lariviere, Rebecca L. McCollum, Mary B. Williams, Michael M. Williams.

ASSOCIATE PROFESSORS: Renee L. Croskey, Enoch E. Damson, Zarreen Farooqi, Jamal Feerasta, Kevin M. Feldt, Augustus L. Harper, Debra S. Keller, Janet S. Kropff , Susan H. Pope, Vicki D. Rostedt, Angela Walker,

ASSISTANT PROFESSORS: Thomas W. Kellar, Timothy R. Mehlberg.

Division of Engineering and Science Technology

CHAIR: Professor James D. Frampton.

PROFESSORS: Thomas M. Besch, Paul R. John, Susan E. Ramlo, Dennis K. Sullivan.

ASSOCIATE PROFESSORS: Roland K. Arter, Brian M. Ballou, Marcia C. Belcher, James L. Brechbill, Wyatt Kilgallin, Thomas F. Lukach, John J. Luthern, Gary A. Schuller, Larry C. Shubat.

ASSISTANT PROFESSOR: Lori A. Kraft.

Division of Public Service Technology

CHAIR: Professor Patricia A. Wallace

PROFESSORS: Jill L. Dickie, John Mumper.

ASSOCIATE PROFESSORS: Richard L. Bennett, John M. Boal, Patricia A. Milhoff, Stacy Lynn

ASSISTANT PROFESSORS: Sabine E. Gerhardt, Dwayne Keith Jones, David Anthony Licate, Mary

Developmental Programs

COLLEGE LECTURERS: Kathleen M. Ciszewski, Bonnie L. Filer-Tubaugh, Rebecca A. McDonald, Michelle A. Miller, Mindy Morse, Barbara D. Shriner, Karen M. Stein, Donald G. Taylor, Janet E

Buchtel College of Arts and Sciences

Biology

DEPARTMENT CHAIR: Professor Bruce S. Cushing.

PROFESSORS: Daniel L. Ely, Arny Milsted, Randall J. Mitchell, Peter H. Niewiarowski, Donald W. Ott, Luis M. Proenza, Monte E. Turner, Stephen C. Weeks.

ASSOCIATE PROFESSORS: Brian P. Bagatto, Robert J. Duff, James H. Holda, Martha M. Kory, Peter J. Lavrentyev, Qin Liu, Richard L. Londraville, Francisco B. Moore, Ronald L. Salisbury,

ASSISTANT PROFESSORS: Todd Alan Blackledge, Jean J. Pan, Rolando J. Ramirez.

INSTRUCTOR: Lisa Shauver.

Chemistry

DEPARTMENT CHAIR: Professor Kim C. Calvo.

DISTINGUISHED PROFESSORS: Joseph P. Kennedy, Ernst D. Von Meerwall.

PROFESSORS: James K. Hardy, Edward C. Lim, Robert R. Mallik, George R. Newkome, David S. Perry, Rex D. Ramsier, Helen W. Richter, Peter L. Rinaldi, Daniel J. Smith, Michael J. Taschner, Claire A. Tessier, Chrys Wesdemiotis, Wiley J. Youngs.

ASSOCIATE PROFESSORS: Ang Chen, Matthew P. Espe, Jun Hu, Jutta Luettmer-Strathmann, Sergei F. Lyuksyutov, David A. Modarelli, Yi Pang, Mark Soucek, Christopher J. Ziegler.

ASSISTANT PROFESSORS: William J. Donovan, Weiping Zheng

Classical Studies, Anthropology and Archaeology

DEPARTMENT CHAIR: Professor Michael Shott.

PROFESSOR: J. Clayton Fant.

ASSOCIATE PROFESSORS: Carolyn Behrman, Karen C. Flynn, Timothy C. Matney.

INSTRUCTOR: John N. Reeves.

Computer Science

DEPARTMENT CHAIR: Professor Wolfgang Pelz PROFESSORS: Chien-Chung Chan, Kathy J. Liszka.

ASSOCIATE PROFESSORS: Zhong-Hui Duan, Timothy S. Margush, Timothy W. O'Neil, Yingcai T.

ASSISTANT PROFESSOR: Xuan-Hien Thi Dang.

Economics

DEPARTMENT CHAIR: Professor Michael A. Nelson.

PROFESSORS: Gasper A. Garofalo, Randall H. King, Robert A. McGuire

ASSOCIATE PROFESSORS: Elizabeth B. Erickson, Sucharita Ghosh, Steven C. Myers, Richard W.

ASSISTANT PROFESSOR: Francesco Renna.

INSTRUCTOR: Jay L. Mutter, III.

English

DEPARTMENT CHAIR: Professor Diana C. Reep.

PROFESSORS: Eric R. Birdsall, Joseph F. Ceccio, J. Thomas Dukes, James J. Egan, Antonia Forster, William A. Francis, Janet E. Marting, Arthur L. Palacas, Robert F. Pope, Jr

ASSOCIATE PROFESSORS: Alan S. Ambrisco, Janet Bean, Pascal P. Buma, Julie Drew, Jon Stephen Miller, Kenneth J. Pakenham, Sheryl A. Stevenson, Lance M. Svehla, William Thelin.

ASSISTANT PROFESSORS: Mary Biddinger, Patrick J. Chura, Hilary M. Nunn.

COLLEGE LECTURERS: Angela Bilia, Sandy K. Dolan, Jane Falk, Jennifer G. Herbert, Caroline C.

English Language Institute

DIRECTOR: Instructor Debra L. Deane. INSTRUCTOR: Martha J. McNamara.

Geography and Planning

DEPARTMENT CHAIR: Professor Robert B. Kent.

PROFESSORS: Ghazi Falah, Kwadwo Konad-Agyemang, Charles B. Monroe.

ASSOCIATE PROFESSORS: Linda R. Barrett, Loren Siebert.

ASSISTANT PROFESSOR: Mark de Socio.

INSTRUCTOR: Deborah P. King.

Geology and Environmental Sciences

DEPARTMENT CHAIR: Professor John P. Szabo.

PROFESSORS: Lindgren L. Chyi, Annabelle Foos, David A. McConnell, Lisa E. Park Boush, Ira

ASSOCIATE PROFESSORS: Laverne M. Friberg, John A. Peck, David N. Steer.

COLLEGE LECTURER: John F. Beltz.

History

DISTINGUISHED PROFESSOR: Constance B. Bouchard.

PROFESSORS: Shelley O. Baranowski, Michael J. Carley, J. Clayton Fant, Stephen L. Harp, Walter L. Hixson, Elizabeth Mancke

ASSOCIATE PROFESSORS: Tracey J. Boisseau, Lesley Gordon, Michael F. Graham, Kevin F. Kern, Michael J. Levin, A. Martin Wainwright, Gregory Wilson.

ASSISTANT PROFESSORS: Janet Klein, Martha S. Santos, Zachery R. Williams, Gang Zhao.

INSTRUCTORS: Rosemarie T. Eichler, Elias O. Okach.

Modern Languages

DEPARTMENT CHAIR: Professor J. Christopher Eustis.

PROFESSOR: Maria Zanetta.

ASSOCIATE PROFESSORS: Maria AdamowiczHariasz, Parizad T. Dejbord-Sawan, Robert Jeantet, Jeanne-Helen Rov. Matthew Wyszynski.

ASSISTANT PROFESSOR: Javier D. Coronado-Aliegro. INSTRUCTORS: Eihab T. Abousena, J. Morgan Robison

Philosophy

DEPARTMENT CHAIR: Professor Howard M. DuCharme, Jr.

PROFESSOR: James H. Buchanan

ASSOCIATE PROFESSORS: Priscilla Sakezles, Eric Sotnak. ASSISTANT PROFESSOR: Joseph P. LiVecchi.

Physics

DEPARTMENT CHAIR: Professor Robert R. Mallik. DISTINGUISHED PROFESSOR: Ernst D. Von Meerwall. PROFESSORS: Purushottam Das Gujrati, Rex D. Ramsier

ASSOCIATE PROFESSORS: Alper Buldum, Ang Chen, YuKuang Hu, Jutta Luettmer-Strathmann, Sergei F. Lyuksyutov.

ASSISTANT PROFESSOR: Sasa Dordevic.

Political Science

DEPARTMENT CHAIR: Professor David J. Louscher. DISTINGUISHED PROFESSOR: John C. Green.

PROFESSORS: Nancy E. Marion, James C. Sperling.

ASSOCIATE PROFESSORS: Stephen C. Brooks, David B. Cohen, Karl C. Kaltenthaler, William T.

ASSISTANT PROFESSORS: Daniel J. Coffey, Ronald D. Gelleny, Dena E. Hanley.

Psychology

DEPARTMENT CHAIR: Professor Paul E. Levy. DISTINGUISHED PROFESSOR: Robert G. Lord.

PROFESSORS: Philip A. Allen, David B. Baker, Dennis Doverspike, Ronald F. Levant, Martin D Murphy, Harvey L. Sterns, Linda M. Subich, David M. Tokar, Janice Yoder.

ASSOCIATE PROFESSORS: Rosalie Hall, Kevin P. Kaut, Andrea F. Snell, Charles A. Waehler.

ASSISTANT PROFESSORS: Toni L. Bisconti, James M. Diefendorff, Joelle D. Elicker, Susan I. Hardin, Aaron M. Schmidt.

Public Administration and Urban Studies

INTERIM DEPARTMENT CHAIR: Associate Professor Sonia Alemagno.

PROFESSORS: Raymond W. Cox, III, Nancy K. Grant, Ralph P. Hummel.

ASSOCIATE PROFESSORS: Julia Beckett, Rajade M. Berry-James, Lucinda Marie Deason, Francois K. Doamekpor, Ramona Ortega-Liston.

ASSISTANT PROFESSORS: Gregory K. Plagens, Margaret Tonkin.

Sociology

DEPARTMENT CHAIR: Professor John F. Zipp.

PROFESSORS: Rebecca J. Erickson, Brian Pendleton, Mark B. Tausig.

ASSOCIATE PROFESSORS: C. Andre Christie-Mizell, Cheryl Elman, Kathryn M. Feltey, Rudy Fenwick, Jennifer L. Holy, Matthew T. Lee, Baffour K. Takyi.

ASSISTANT PROFESSORS: Valerie J. Callanan, Stacey Nofziger, Robert Peralta, Brent E.

COLLEGE LECTURER: Martha Schmidt.

Statistics

DEPARTMENT CHAIR: Professor Chand Midha PROFESSORS: Dale S. Borowiak, Richard P. Steiner ASSOCIATE PROFESSORS: Richard L. Einsporn, David B. Stark. ASSISTANT PROFESSOR: Josefina P. de los Reyes.

INSTRUCTORS: Justin C. Kimmel, Gaurab Mahapatra

Theoretical and Applied Mathematics

DEPARTMENT CHAIR: Professor Joseph W. Wilder

PROFESSORS: Curtis B. Clemons, Ali Hajjafar, Subramaniya I. Hariharan, Kevin L. Kreider, Lala B. Krishna, Dale H. Mugler, Timothy S. Norfolk, Antonio R. Quesada, Gerald W. Young.

ASSOCIATE PROFESSORS: Dmitry Golovaty, Laura K. Gross, John A. Heminger, Ernian Pan, Neal C. Raber, Jeffery M. Riedl, Linda M. Saliga, Ethel R. Wheland.

ASSISTANT PROFESSORS: Laurie A. Dunlap, Michael Ferrara, Jose Montero, Truyen Nguyen, J. Patrick Wilber

INSTRUCTOR: William Clary.

COLLEGE LECTURERS: Lance D. Nelson, Susan M. Young.

College of Engineering

Biomedical Engineering

DEPARTMENT CHAIR: Associate Professor Daniel B. Sheffer.

PROFESSORS: Narender P. Reddy, Stanley E. Rittgers.

ASSOCIATE PROFESSORS: George Giakos, Stephanie T. Lopina, Bruce C. Taylor, Mary C.

ASSISTANT PROFESSOR: Yang Hyun Yun.

Chemical and Biomolecular Engineering

DEPARTMENT CHAIR: Professor Lu-Kwang Ju.

PROFESSORS: George G. Chase, H. Michael Cheung, Steven S. Chuang, J. Richard Elliot Jr. ASSOCIATE PROFESSORS: Edward A. Evans, Stephanie T. Lopina, Bi-Min Zhang Newby, Helen

Civil Engineering

DEPARTMENT CHAIR: Professor Wieslaw K. Binienda.

PROFESSORS: Lindgren Chyi, Kevin Kreider, Robert Liang, Atef F. Saleeb.

ASSOCIATE PROFESSORS: William B. Arbuckle, Teresa J. Cutright, Craig C. Menzemer,

Christopher M. Miller, Ernian Pan, Ping Yi.

ASSISTANT PROFESSORS: Ala R. Abbas, William H. Schneider, IV, Daren Zywicki.

Electrical and Computer Engineering

DEPARTMENT CHAIR: Professor Jose Alexis De Abreu-Garcia.

DISTINGUISHED PROFESSOR: Nathan Ida.

PROFESSORS: Malik E. Elbuluk, Subramaniya I. Hariharan, Tom Hartley, Iqbal Husain, Igor A. Tsukerman

ASSOCIATE PROFESSORS: Joan E. Carletta, John Durkin, George C. Giakos, James Grover, Bruce Taylor, Okechukwu C. Ugweje, Robert J. Veillette, John T. Welch.

ASSISTANT PROFESSOR: Shivakumar Sastry.

Mechanical Engineering

DEPARTMENT CHAIR: Professor Celal Batur.

PROFESSORS: Minel J. Braun, Fred Kat-Chung Choy, George K. Haritos, Paul C. Lam, Tirumalai S. Srivatsan

ASSOCIATE PROFESSORS: Jerry E. Drummond, Xiaosheng Gao, Jon Stuart Gerhardt, Dmitry Golovaty, Michelle S. Hoo Fatt, S. Graham Kelly, III, YuehJaw A. Lin, Alex Povitsky, Donald D. Quinn, Scott D. Sawyer, GuoXiang Wang.

ASSISTANT PROFESSORS: Shing-Chung Wong, Zhenhai Xia, Jiang John Zhe.

College of Education

Counseling

PROFESSORS: Sandra L. Perosa, Loreto Prieto, James R. Rogers, Jr.

ASSOCIATE PROFESSORS: James Austin, Patricia E. Parr, Linda M. Perosa , John E. Queener, Cynthia A. Reynolds, Karen Scheel, Robert C. Schwartz.

Curricular and Instructional Studies

INTERIM DEPARTMENT CHAIR: Professor Bridgie A. Ford.

DISTINGUISHED PROFESSOR: Harold M. Foster

PROFESSORS: Susan G. Colville-Hall, William E. Klingele, Evangeline Newton, Katharine Owens, Lynne M. Pachnowski, Lynn A. Smolen, Elizabeth J. Stroble , Evonn N. Welton

ASSOCIATE PROFESSORS: Francis S. Broadway, Sufian A. Forawi, Lisa A. Lenhart, Timothy H. Lillie, Ruth Oswald, Denise Stuart, Shernavaz Vakil.

ASSISTANT PROFESSORS: Lynn S. Kline, Barbara K. O'Connor.

CLINICAL INSTRUCTOR: Margaret V. Kernen

Educational Foundations and Leadership

DEPARTMENT CHAIR: Professor Susan J. Olson

PROFESSORS: Fred M. Carr, Susan G. Clark, Ann Hassenpflug, Catherine C. Knight, Sharon D. Kruse, Huev-Li Li.

ASSOCIATE PROFESSORS: Sandra C. Coyner, Qetler Jensrud, Susan N. Kushner Benson, Xin Liang, Suzanne C. MacDonald, John Savery, Sandra Spickard Prettyman, Sajit Zachariah

ASSISTANT PROFESSORS: Megan Moore Gardner, Renee Mudrey, Cheryl L. Ward.

CLINICAL INSTRUCTOR: Patricia A. Raiff.

Sport Science and Wellness Education

DEPARTMENT CHAIR: Associate Professor Victor E. Pinheiro.

PROFESSOR: Mary J. MacCracken

ASSOCIATE PROFESSORS: Sean X.Cai, Alan S. Kornspan.

ASSISTANT PROFESSOR: Ronald Otterstetter

CLINICAL INSTRUCTORS: Stacey L. Buser, Rachelle M. Kappler.

College of Business Administration

Accountance

CHAIR: Professor Thomas G. Calderon.

PROFESSORS: Akhilesh Chandra, Gary B. Frank, Il-Woon Kim.

ASSOCIATE PROFESSORS: John J. Cheh. Edward J. Conrad. James R. Emore. Pamela Kav. Keltyka, Sharon L. Kimmell, Alvin H. Lieberman, Emeka O. Ofobike.

ASSISTANT PROFESSOR: Li Wang. INSTRUCTOR: Jerome E. Apple.

Finance

DEPARTMENT CHAIR: Professor David A. Redle.

PROFESSORS: Aigbe Akhigbe, Douglas R. Kahl, Karen E. Lahey, Harridutt Ramcharran.

ASSOCIATE PROFESSORS: John E. Matejkovic, Melinda L. Newman. ASSISTANT PROFESSORS: Prithviraj S. Banerjee, Bradley A. Stevenson.

INSTRUCTOR: Thomas E. Costigan.

Management

DEPARTMENT CHAIR: Professor Ravi Krovi.

PROFESSORS: Kenneth E. Aupperle, James K. Divoky, Kenneth A. Dunning, Stephen F. Hallam, John E. Hebert, Paul A. Kuzdrall, Liping Liu, Roger C. Mayer, Jayprakash G. Patankar, Bindiganavale S. Vijayaraman.

ASSOCIATE PROFESSORS: Steven R. Ash, Robert A. Figler, Todd A. Finkle, R. Ray Gehani, Susan C. Hanlon, William Keith McHenry, David G. Meyer, Barbara A. Osyk

ASSISTANT PROFESSOR: Mahesh Srinivasan.

Marketing

DEPARTMENT CHAIR: Professor Dale Lewison DISTINGUISHED PROFESSOR: Jon M. Hawes. PROFESSORS: Michael F. D'Amico, Bruce D. Keillor.

ASSOCIATE PROFESSORS: Jeffrey C. Dilts, Douglas R. Hausknecht, Deborah Owens.

ASSISTANT PROFESSORS: William J. Hauser, Linda Orr, Prashant Srivastava, Andrew Robert

Thomas

INSTRUCTORS: David Cockley, Fredric Marich.

College of Fine and Applied Arts

DIRECTOR: Professor Del Rev Loven

DISTINGUISHED PROFESSOR: Mark E. Soppeland.

PROFESSORS: Andrew Borowiec, George L. DiSabato, Richman W. Haire, Robert J. Huff, Penny Rakoff, Neil Sapienza, Donna S. Webb

ASSOCIATE PROFESSORS: Charles C. Beneke, Katharine M. Budd, Kevin Concannon, Laura D. Gelfand, Christopher Hoot, Mathew Kolodziej, James V. Lenavitt, John W. Morrison II, Sherry A. Simms, Janice S. Troutman, Laura A. Vinnedge, Vlada Vukadinovic, HuiChu Ying.

ASSISTANT PROFESSORS: Elisa B. Gargarella, Edward J. Laughner.

Communication

INTERIM DIRECTOR: Professor Carolyn M. Anderson. DISTINGUISHED PROFESSOR: Kathleen L. Endres.

PROFESSORS: Gabriel F. Giralt, Therese L. Lueck, Andrew S. Rancer, David R. Ritchey, Nancy M.

ASSOCIATE PROFESSORS: Nancy Brown, Richard E. Caplan, Kathleen Clark, Patricia S. Hill, Young Y. Lin, Julia A. Spiker, Mary Triece, Dudley B. Turner, Heather Walter, Sylvia E. White.

Dance, Theatre and Arts Administration

INTERIM DIRECTOR: Professor Neil Sapienza.

PROFESSORS: Adel A. MigidHamzza, Marc C. Ozanich, James Slowiak, Frederick T. Smith, Susan

ASSOCIATE PROFESSORS: Andrew W. Carroll, Kathleen M. Davis, Durand L. Pope. ASSISTANT PROFESSOR: Cydney Spohn.

Family and Consumer Sciences

DIRECTOR: Associate Professor Richard S. Glotzer.

PROFESSORS: Virginia L. Gunn, David D. Witt, Susan Witt.

ASSOCIATE PROFESSORS: Sandra Buckland, Sandra L. Hudak, Deborah D. Marino, Sue A. Rasor Greenhalgh, Pamela Ann Schulze, John L. Vollmer.

ASSISTANT PROFESSORS: Robert Brown, Cinda S. Chima, Teena Jennings-Rentenaar, Lonnie Michael Lowery, Anne Weiner, Victor Romando Wilburn, Baomei Zhao.

CLINICAL INSTRUCTOR: Eston Brown.

Music

DIRECTOR: Professor William Guegold.

PROFESSORS: Alfred Anderson, Stephen Aron, Alan Bodman, Samuel Gordon, Michael P. Haber, William G. Hoyt, Jr., Scott A. Johnston, Tucker R. Jolly, Robert Jorgensen, Laurie J. Lafferty, Daniel W. McCarthy, Georgia K. Peeples, George S. Pope, Nikola Resanovic, Larry D. Snider, Brooks A. Toliver, Edward A. Zadrozny, Jr.

ASSOCIATE PROFESSORS: Kristina M. Belisle, V. Douglas Hicks, Galen S. Karriker, John A. Schantz, Richard L. Shanklin, Philip G. Thomson, Ann L. Usher

ASSISTANT PROFESSORS: Guy V. Bordo, Laurie E. Lashbrook. COLLEGE LECTURERS: Robert J. Brownlow, James Wilding

Social Work

DIRECTOR: Professor Virginia L. Fitch.

ASSOCIATE PROFESSORS: Peter K. Li, Timothy M. McCarragher, Nikki W. Wingerson.

ASSISTANT PROFESSOR: Priscilla R. Smith. INSTRUCTORS: Linda J. McArdle, Mary L. Shelton.

SpeechLanguage Pathology and Audiology

DIRECTOR: Distinguished Professor Roberta DePompei.

PROFESSORS: Pamela G. GarnNunn, Yvonne M. Gillette, Karyn B. Katz, Sharon A. Lesner, James M. Lynn, Denise F. Wray

ASSOCIATE PROFESSORS: Kristina M. English, Terry L. Hallett, Mona L. Klingler, James Steiger.

College of Nursing

INTERIM DEAN: Professor N. Margaret Wineman PROFESSORS: Cynthia F. Capers, Maryhelen Kreider.

ASSOCIATE PROFESSORS: Therese M. Dowd, Elaine M. Fisher, Patricia A. Galon, Kristine M. Gill, Irene Glanville, Margaret B. Halter, Marlene S. Huff, Mary Agnes Kendra, Katharine Y. Kolcaba, M. Patrice McCarthy, Kathleen M. RossAlaolmolki, Cheryl B. Sadler, Stephanie J. Woods

ASSISTANT PROFESSORS: Rose A. Beeson, Cheryl L. Buchanan, Sheau-Huey Chiu, Marguerite A. DiMarco, Maria Pappas-Rogich, Carol J. Scotto, Linda Shanks, Kathleen Tusaie.

INSTRUCTORS: Sheri A. Acierto, Marie A. Bright Cobb, Diane K. Brown, Connie S. Chronister, Louise R. Cook, Michele Z. Enlow, Karen M. Fitzgerald, Jacqueline A. Guhde, Kimberly B. Kerr, Lori I. Kidd, Annette R. Mitzel, Karyn I. Morgan, Amber R. Murray, Kelly M. Pond, Brian P. Radesic, Carolyn Sutter, Rita K. Young.

College of Polymer Science and Polymer Engineering

Polymer Engineering

DEPARTMENT CHAIR: Professor Sadhan C. Jana.

DISTINGUISHED PROFESSORS: Avraam I. Isayev, Thein Kyu. PROFESSORS: Mukerrem Cakmak, Chang D. Han, Arkady I. Leonov, Erol Sancaktar, James L. White.

ASSOCIATE PROFESSORS: Kyonsuku M. Cakmak, Mark Soucek. ASSISTANT PROFESSORS: Kevin A. Cavicchi, Hendrik Heinz

Polymer Science

DEPARTMENT CHAIR: Professor Mark D. Foster.

DISTINGUISHED PROFESSORS: Joseph P. Kennedy, Roderic P. Quirk, Ernst von Meerwall.

PROFESSORS: Stephen Z. Cheng, Scott Collins, Ali Dhinojwala, Purushottm Das Gujrati, Gary R. Hamed, George R. Newkome, Judit Puskas, Darrel H. Reneker, Alexei P. Sokolov, Shi-Qing

ASSOCIATE PROFESSORS: Gustavo Adolfo Carri, Coleen Pugh.

ASSISTANT PROFESSOR: Liulia INSTRUCTOR: Marcia F. Weidknecht

School of Law

PROFESSORS: Lloyd C. Anderson, Richard L. Aynes, J. Dean Carro, Jay Dratler, Jr., Willa E. Gibson, Wilson R. Huhn, William S. Jordan, III, Margery B. Koosed, Richard J. Kovach, Alan Newman, A. Samuel Oddi, Elizabeth A. Reilly, Paul Richert, John P. Sahl, Jeffrey M. Samuels,

ASSOCIATE PROFESSORS: Samuel P. Baumgartner, Richard C. Cohen, Dana K. Cole, Malina Coleman, Carolyn L. Dessin, Bernadette B. Genetin, Richard L. Lavoie, Brant T. Lee, Jane C. Moriarty, E. Stewart Moritz, Carol A. Olson, William D. Rich.

ASSISTANT PROFESSORS: Sarah M.R. Cravens, Stefan Padfield

Wayne College

DEAN: Professor John P. Kristofco.

PROFESSORS: Daniel C. Deckler, Debra L. Johanyak, Janet B. Minc, Jerry C. Obiekwe, Jane F. Roberts, Emily A. Rock, Timothy R. Vierheller, Paul B. Weinstein.

ASSOCIATE PROFESSORS: Thomas E. Andes, Gary A. Bays, Lori A. Brinker, Jennifer L. Holz, Louis M. Janelle, Jr, Jack A. Loesch, Patsy A. Malavite, Richard M. Maringer, Susanne M. Meehan, Paulette Popovich, Monica Harrison Smith, Colleen M. Teague, Carol M.Turner, Tyrone M. Turning, Helen F. Walkerly, Douglas B. Woods, Nicholas C. Zingale.

ASSISTANT PROFESSORS: Denise Uitto, Adil M. Wadia.

INSTRUCTOR: Joseph M. Wilson.

University Libraries

DEAN: Professor Cheryl Kern-Simirenko

PROFESSORS: Stephen H. Aby, Jo Ann Calzonetti, Roger W. Durbin, Julie A. Gammon, Phyllis G. O'Connor, Nancy L. Stokes, Delmus Williams

ASSOCIATE PROFESSORS: Susan Ashby, Diana A. Chlebek, Lori Jean Fielding, Joseph A. LaRose, Peter Linberger, John V. Miller, Karen A. Plummer, David Prochazka.

ASSISTANT PROFESSORS: Ann D. Bolek, Frank J. Bove, Jeffrey A. Franks, Bennie P. Robinson,

Reserve Officers' Training Corps

Armv

ROBERT J. ARNHOLTER, Assistant Professor of Military Science (2004); Sergeant First Class, U.S.

RONALD J. BECK JR, Assistant Professor of Military Science (2004); Senior Military Instructor; Master Sergeant, U.S. Army

MICHAEL V. CHASTAIN, Associate Professor of Military Science (2007); Captain, U.S. Army

CHARLES R. PREBLE, Assistant Professor of Military Science (2004); B.S. University of Maine 1997; Captain, U.S. Army.

STANLEY R. YOUNG, Professor of Military Science (2006); B.S., M.S., University of Florida 1999; Lieutenant Colonel, U.S.Army

JAMES D. YOUNGDAHL, Ohio National Guard Recruiting Liaison (2005); A.A. University of Akron 1989; Staff Sergeant, U.S. Army

The Maurice Morton Institute of Polymer Science

- RODERIC P. QUIRK, Interim Director of Institute of Polymer Science; Distinguished Professor of Polymer Science; Kumho Distinguished Professor of Polymer Science (1983) B.S., Rensselaer Polytechnic Institute; M.S., Ph.D., University of Illinois, 1967.
- GUSTAVO CARRI, Associate Professor of Polymer Science (1995) License in Physics, Universidad Nacional de La Plata, M.S. Macromolecular Science Case Western Reserve University, M.S., Ph.D., University of Massachusetts-Amherst, 2000.
- STEPHEN Z. CHENG, R.C. Musson and Trustees Professor of Polymer Science (1987) B.S., East China Normal University; M.S., East China Institute of Science and Technology; Ph.D. Rensselaer Polytechnic Institute, 1985.
- SCOTT COLLINS, Professor of Polymer Science (2000) B.Sc., Ph.D., Calgary (Canada), 1983
- ALI DHINOJWALA, Professor of Polymer Science (1997) Ph.D., Northwestern University, 1994.
- MARK D. FOSTER, Professor of Polymer Science; Department Chair, Polymer Science; Associate Director, Akron Global Polymer Academy for Polymer Science (1990) B.S., Washington University; Ph.D., University of Minnesota at Minneapolis, 1987.
- PURUSHOTTAM DAS GUJRATI, Professor of Physics; Professor of Polymer Science (1983) B.Sc., Banaras Hindu University, India; M.Sc., Indian Institute of Technology, India; M.A., M.Phil., Ph.D., Columbia University, 1978.
- GARY R. HAMED, Professor of Polymer Science (1980) B.S.C.E., M.S.C.E., Cornell University; Ph.D., The University of Akron, 1978.
- FRANK W. HARRIS, Distinguished Professor of Polymer Science; Distinguished Professor of Chemistry (1970) B.S., University of Missouri, M.S., Ph.D., University of Iowa, 1968.
- LI JIA, Assistant Professor of Polymer Science (2007) B.S., Lanzhou University, Ph.D., Northwestern University, 1996.
- JOSEPH P. KENNEDY, Distinguished Professor of Polymer Science; Distinguished Professor of Chemistry (1970) B.Sc., University of Budapest; M.B.A., Rutgers University; Ph.D., University of Vienna, 1954.
- GEORGE R. NEWKOME, Vice President of Research and Dean of the Graduate School; Professor of Polymer Science, Professor of Chemistry, James and Vanita Oelschlager Professor of Science and Technology; Intellectual Property Center Fellow (2001) B.S., Ph.D. Kent State University 1966.
- COLEEN PUGH, Associate Professor of Polymer Science (1998) B.A., B.S., University of California; M.S., Ph.D., Case Western Reserve University,1990.
- JUDIT PUSKAS, Professor of Polymer Science, Lanxess Industrial Chair in Polymer Science (2004) Diploma of Organic and Biochemical Engineering (Master's Degree), Candidate of Chemical Sciences (Ph.D.), Technical University of Budapest, Diploma of Economy and Philosophy (M.S.), MLEE College, Budapest, Candidate of Chemical Sciences (Ph.D.), Hungarial Academy of Sciences, Ph.D. Plastics and Rubber Technology (Polymer Engineering), Technical University of Budapest, 1990.
- DARRELL H. RENEKER, Professor of Polymer Science (1989) B.S., Iowa State University; M.Sc., Ph.D., University of Chicago, 1959.
- PETER L. RINALDI, Professor of Chemistry; Director of the Molecular Spectroscopy Laboratory (1987) B.S., Polytechnic Institute of New York; Ph.D., University of Illinois, 1978.
- DANIEL J. SMITH, Professor of Chemistry; Faculty Research Associate, Institute of Polymer Science (1977) B.S., Wisconsin State University, Ph.D., University of California at Berkeley, 1974.
- ALEXI P. SOKOLOV, Thomas A. Knowles Professor of Polymer Science (1998) Ph.D., Novosibirsk State University, 1986
- CLAIRE A. TESSIER, Professor of Chemistry (1990) B.S., University of Vermont; Ph.D., State University of New York at Buffalo, 1982.
- ERNST D. VON MEERWALL, Associate Dean of the College of Polymer Science and Polymer Engineering; Distinguished Professor of Physics; Distinguished Professor of Chemistry; Distinguished Professor of Polymer Science; Faculty Research Associate, Institute of Polymer Science (1971) B.S., M.S., Northern Illinois University; Ph.D., Northwestern University, 1970.
- SHI-QING WANG, Professor of Polymer Science (2000) B.S. Wuhan University, China; Ph.D., University of Chicago, 1987.
- CHRYS WESDEMIOTIS, Professor of Chemistry (1989) B.S., M.S., Ph.D., Technical University of
- WILEY YOUNGS, Professor of Chemistry (1990) B.A., State University of New York at Albany; Ph.D., State University of New York at Buffalo, 1980.

Department of Polymer Engineering

- SADHAN C. JANA, Professor of Polymer Engineering (1998); Chair, Department of Polymer Engineering (2004) B. Tech., University of Calcutta; M.Tech., IIT, Kanpur; Ph.D., Northwestern University, 1993.
- KYONSUKU MIN CAKMAK, Associate Professor of Polymer Engineering (1983) B.Eng., M.Eng., Kyoto Institute of Technology; Ph.D., University of Tennessee, 1984.
- MUKERREM CAKMAK, Professor of Polymer Engineering (1983) Associate Director, Akron Global Polymer Academy for Polymer Engineering (2004) B.S., Technical University of Istanbul; M.S., Ph.D., University of Tennessee, 1984.
- KEVIN A. CAVICCHI, Assistant Professor of Polymer Engineering (2006) B.S., Cornell University, Ph.D., University of Minnesota, 2003.
- CHANG D. HAN, Benjamin Franklin Goodrich Endowed Professor of Polymer Engineering (1993) B.S., Seoul National University; M.S., Sc.D., Massachusetts Institute of Technology, 1964; M.S., Newark College of Engineering, 1969; M.S., New York University, 1971.
- HENDRIK HEINZ, Assistant Professor of Polymer Engineering (2006) B.S., University of Heidelberg; M.Sc., Ph.D., ETH Zurich, 2003.
- AVRAAM I. ISAYEV, Distinguished Professor of Polymer Engineering; Interim Director of Institute of Polymer Engineering (1983) M.Sc., Azerbaijan Institute of Oil and Chemistry; M.Sc., Institute of Electronic Machine Building, Moscow; Ph.D., USSR Academy of Sciences, 1970.
- THEIN KYU, Distinguished Professor of Polymer Engineering (1983) B.Eng., Kyoto Institute of Technology; M.Eng., D.Eng., Kyoto University, 1980.
- ARKADII I. LEONOV, Professor of Polymer Engineering (1988) B.S., Moscow Technical University of Chemical Engineering; M.S., Moscow State University; Ph.D., USSR Academy of Sciences 1962; Ph.D., Karpov PhysicoChemical Research Institute, Moscow, 1969.
- EROL SANCAKTAR, Professor of Polymer Engineering (1996) B.S., Robert College, Istanbul (now Bosphorus University); M.S., Ph.D., Virginia Polytechnic Institute and State University, 1979.
- MARK SOUCEK, Associate Professor of Polymer Engineering (2001) B.S., Eastern Illinois University; M.S., Illinois State University; Ph.D., University of Texas, 1990.
- JAMES L. WHITE, Harold A. Morton Professor of Polymer Engineering (1983) B.S.Ch.E., Polytechnic Institute of Brooklyn; M.S.Ch.E., Ph.D., University of Delaware, 1965.

Institute of Biomedical Engineering Research

- STANLEY E. RITTGERS, Professor of Biomedical Engineering (1987) B.S., State University of New York at Buffalo; M.S., Ph.D., The Ohio State University, 1978.
- GLEN O. NJUS, Research Associate Professor in Institute for Biomedical Engineering Research (1986) B.S., M.S., Ph.D., University of Iowa, 1985.
- NARENDER P. REDDY, Professor of Biomedical Engineering (1981) B.E., Osmania University; M.S., University of Mississippi; Ph.D., Texas A&M University, 1974.
- DANIEL B. SHEFFER, Associate Professor of Biomedical Engineering; Associate Professor of Biology; Department Chair of Biomedical Engineering; Director, Biostereometrics Lab, Institute of Biomedical Engineering Research (1980) B.S., M.Ed., Northwestern State College; Ph.D., Texas A&M University, 1976.
- BRUCE C. TAYLOR, Associate Professor of Biomedical Engineering; Associate Professor of Electrical Engineering (1988) B.A., Hiram College; M.A., Ph.D., Kent State University, 1971.
- MARY C. VERSTRAETE, Associate Professor of Biomedical Engineering; Coordinator of Bachelor of Science in Biomedical Engineering Program (1988) B.S., M.S., Ph.D., Michigan State University, 1988.
- YANG HYUN YUN, Assistant Professor of Biomedical Engineering (2004) B.S. Christian Brothers University, Memphis; M.S. University of Memphis; Ph.D. University of Memphis, 1999.

Presidents

*Deceased

Buchtel College

S. H. McCOLLESTER*, 1872-1878, D.D., Litt. D. E. L. REXFORD*, 1878-1880, D.D.

ORELLO CONE*, 1880-1896, D.D.

CHARLES M. KNIGHT*, 1896-1897, D.Sc. (ad interim)

IRA A. PRIEST*, 1897-1901, D.D. A. B. CHURCH*, 1901-1912, D.D., LL.D. PARKE R. KOLBE*, 1913, Ph.D., LL.D.

The University of Akron

PARKE R. KOLBE*, 1913-1925, Ph.D., LL.D. GEORGE F. ZOOK*, 1925-1933, Ph.D., LL.D

HEZZLETON E. SIMMONS*, 1933-1951, M.S., D.Sc. LL.D.

NORMAN P. AUBURN*, 1951-1971, B.A., D.Sc., Litt.D., L.H.D., LL.D., D.C.L.

D. J. GUZZETTA, 1971-1984, Ed.D., LL.D., D.S.Sc., L.H.D. WILLIAM V. MUSE, 1984-1992, B.S., M.B.A., Ph.D. MARION A. RUEBEL, 1992, B.A., M.A., Ph.D., (acting) PEGGY GORDON ELLIOTT, 1992-1996, B.A., M.S., Ed.D. MARION A. RUEBEL, 1996-1998, B.A., M.A., Ph.D. LUIS M. PROENZA, 1999-, B.A., M.A., Ph.D.

Deans of the Colleges of The University of Akron

Buchtel College of Arts and Sciences

ALBERT I. SPANTON*, 1913-1938, M.A., Litt.D. CHARLES BULGER*, 1938-1948, Ph.D., Litt.D. ERNEST H. CHERRINGTON, JR., 1948-1960, Ph.D. THOMAS SUMNER*, 1960-1962, Ph.D. **GEORGE W. KNEPPER,** 1962-1967, Ph.D DON A. KEISTER*, 1967-1969, Ph.D. JOHN BACHMANN*, 1969-1970, Ph.D. (acting) ROBERT A. OETJEN, 1970-1977, Ph.D. CLAIBOURNE E. GRIFFIN*, 1977-1993, Ph.D. RANDY MOORE, 1993-1995, Ph.D. ROGER B. CREEL, 1995-1997, Ph.D. (Interim) ROGER B. CREEL, 1997, 2005, Ph.D. RONALD F. LEVANT, 2005-, Ph.D.

College of Engineering

FREDERIC E. AYER*, 1914-1946, C.E., D.Eng. R. D. LANDON*, 1946-1963, C.E., M.S. W. M. PETRY*, 1963-1964, M.S.M.E. (acting) MICHAEL J. RZASA*, 1964-1970. Ph.D. COLEMAN J. MAJOR, 1970-1979, Ph.D. JOSEPH EDMINISTER, 1980-1981, J.D. (acting) LOUIS A. HILL. JR., 1981-1988 Ph.D. GLENN A. ATWOOD, 1988-1989, Ph.D. (acting) NICHOLAS D. SYLVESTER, 1989-1994, Ph.D. CHIOU S. CHEN, 1994-1995, Ph.D. (interim) IRVING F. MILLER, 1993-1998, Ph.D. S. GRAHAM KELLY III, 1998-2003, Ph.D. (interim) GEORGE K. HARITOS, 2003-, Ph.D.

College of Education

W. J. BANKES*, 1921-1931, M.A. ALBERT I. SPANTON*, 1931-1933, M.A., Litt.D. (acting) HOWARD R. EVANS*, 1933-1942, Ph.D. HJALMER W. DISTAD*, 1942--1944, Ph.D. (acting) HOWARD R. EVANS*, 1944-1958, Ph.D. D. J. GUZZETTA, 1958-1959, Ed.D. LL.D., D.S.Sc., L.H.D. (acting) CHESTER T. McNERNEY, 1959-1966, Ph.D., LL.D. H. KENNETH BARKER, 1966-1985, Ph.D. JOHN S. WATT, 1985-1986, Ph.D. (acting) CONSTANCE COOPER, 1986-1988, Ed.D. JOHN S. WATT, 1988-1989, Ph.D. (acting) WILLIAM E. KLINGELE, 1989-1996, Ed.D. RITA S. SASLAW, 1996-1998. Ph.D. (interim) LARRY A. BRADLEY, 1998-2000, Ph.D. (interim) ELIZABETH J. STROBLE, 2000-2004, Ph.D. PATRICIA A. NELSON, 2004-2007, Ph.D. CYNTHIA F. CAPERS, 2007-, Ph.D. (interim)

College of Business Administration

WARREN W. LEIGH*, 1953-1962, Ph.D. RICHARD C. REIDENBACH, 1962-1967, Ph.D. ARTHUR K. BRINTALL, 1967-1968, Ph.D. (acting) WILBUR EARLE BENSON*, 1968-1970, Ph.D. JAMES W. DUNLAP, 1970-1989, Ph.D. RUSSELL J. PETERSEN, 1989-1994, Ph.D. JAMES INMAN, 1994-1995, LL.M. (interim) STEPHEN F. HALLAM, 1995-2003, Ph.D. JAMES W. BARNETT, 2003-2004 B.S. (interim) JAMES W. BARNETT, 2004-2006, B.S. RAJ AGGARWAL, 2006-, DBA

School of Law

STANLEY A. SAMAD*, 1959-1979, J.S.D. ALBERT S. RAKAS*, 1979-1981, J.D. (interim) **DONALD M. JENKINS,** 1981-1987, LL.M. ISAAC C. HUNT, JR., 1987-1995, LL.B. **RICHARD AYNES, 1995-2007, J.D.**

Graduate School

CHARLES BULGER*, 1933-1951, Ph.D., Litt.D. (Dean of Graduate Work) ERNEST H. CHERRINGTON, JR., 1955-1960, Ph.D. (Director of Graduate Studies) ERNEST H. CHERRINGTON, JR., 1960-1967, Ph.D. (Dean of the Graduate Division) ARTHUR K. BRINTALL, 1967-1968, Ph.D. (Dean of Graduate Studies and Research) EDWIN L. LIVELY, 1968-1974, Ph.D. (Dean of Graduate Studies and Research) CLAIBOURNE E. GRIFFIN*, 1974-1977, Ph.D. (Dean of Graduate Studies and Research) JOSEPH M. WALTON, 1977-1978, Ph.D. (Associate Dean of Graduate Studies and Research) ALAN N. GENT, 1978-1986, Ph.D. (Dean of Graduate Studies and Research) JOSEPH M. WALTON, 19861-989, Ph.D. (Acting Dean of Graduate Studies and Research) PATRICIA L. CARRELL, 1989-1993, Ph.D. (Dean of the Graduate School) CHARLES M. DYE, 1993-2000, Ph.D. (Dean of the Graduate School) GEORGE R. NEWKOME, 2001-, Ph.D. (Vice President for Research and Dean of the Graduate School)

Honors College

DALE MUGLER, 2005-, Ph.D.

University College (formerly General College)

D. J. GUZZETTA, 1959-1962, Ed.D., LL.D., D.S.Sc., L.H.D. THOMAS SUMNER*, 1962-1977, Ph.D. PAUL S. WINGARD, 1977-1978, Ph.D. (acting) MARION A. RUEBEL, 1978-1989. Ph.D. NANCY K. GRANT, 1989-1990, Ph.D. (acting) THOMAS J. VUKOVICH, 1990-1993, Ph.D. (acting)

KARLA T. MUGLER, 1993-, Ph.D.

Continuing Education and Evening Division (formerly Evening College)

L. L. HOLMES, 1932-1934, M.A. (director) LESLIE P. HARDY*, 1934-1953, M.S.Ed., L.H.D. (director) E. D. DURYEA, 1953-1956, Ed.D. (dean) D. J. GUZZETTA, 1956-1959, Ed.D., LL.D., D.S.Sc., L.H.D. (dean) WILLIAM A. ROGERS*, 1959-1967, Ed.D. (dean) CHARLES V. BLAIR, 1967-1970, M.A. (dean) JOHN G. HEDRICK, 1970-1974, M.A. (dean) CAESAR A. CARRINO, 1974-1986, Ph.D. (dean) WILLIAM H. BEISEL, 1998-2004, Ph.D.

Summit College (formerly Community and Technical College)

W. M. PETRY*, 1964-1974, M.S.M.E **ROBERT C. WEYRICK.** 1974-1985. M.S. FREDERICK J. STURM, 1985-1987, Ed.D. (acting) JAMES P. LONG, 1987-1989, Ph.D. FREDERICK J. STURM, 1990-1995, Ed.D. DEBORAH S. WEBER, 1995-1996, M.A. (interim) DAVID A. SAM, 1996-2000, Ph.D. WILLIAM H. BEISEL, 2000-2004, Ph.D. (interim) STANLEY B. SILVERMAN, 2004-, M.A.

College of Fine and Applied Arts

RAY H. SANDEFUR*, 1967-1978, Ph.D. GERARD L. KNIETER, 1978-1986, Ph.D. KELVIE C. COMER, 1986-1987, Ed.D. (acting) WALLACE T. WILLIAMS*, 1987-1991, Ph.D. DONALD E. HALL, 1991-1992, Ph.D. (acting) LINDA L. MOORE, 1992-1998, Ph.D. MARK S. AUBURN, 1998-2000, Ph.D. (interim) MARK S. AUBURN, 2000-2005, Ph.D. JAMES M. LYNN, 2005-, Ph.D. (interim)

College of Nursing

ESTELLE B. NAES, 1967-1975, Ph.D. LILLIAN J. DeYOUNG, 1975-1988, Ph.D. **ELIZABETH J. MARTIN,** 1988-1992, Ph.D. V. RUTH GRAY, 1992-1996, Ed.D. JANNE R. DUNHAM-TAYLOR, 1996-1997, Ph.D. (interim) CYNTHIA CAPERS, 1997-2006, Ph.D. N. MARGARET WINEMAN, 2006-, Ph.D. (interim)

Wayne College

MARVIN E. PHILLIPS, 1972-1974, M.A. (acting director) JOHN G. HEDRICK, 1974-1974, M.A. (director) JOHN G. HEDRICK, 1974-1979, M.A. (dean) ROBERT L. McELWEE, 1979-1980, M.A. (acting dean) TYRONE M. TURNING, 1980-1995, Ed.D. (dean) FREDERICK J. STURM, 1995-1997, Ed.D. (dean) JOHN P. KRISTOFCO, 1997-, Ph.D. (dean)

College of Polymer Science and Polymer Engineering

FRANK N. KELLEY, 1988-2006, Ph.D. (dean) GEORGE R. NEWKOME, 2007-, Ph.D. (interim)

Current Members of College and School Advancement/Advisory Councils

May 2007

College of Engineering

(Advancement Council)

Mr. Robert A. Handelman, Chair, Mr. William J. Bandy, Jr., Mr. Allen R. Barber, Dr. C.F. Chen, Mrs. Margaret Donovan, Mr. James L. Dowey, Dr. Thomas P. Gielda, Mr. Richard R. Grigg, Mr. David L. Keller, Mr. Robert Leibensperger, Mr. Robert Novotny, Mr. Ernest Rodia, Mr. Bruce W. Rogers, Jr., Mr. John E. Schremp, Dr. Angelo Scopelianos, Mr. John W. Stull, Mr. J. Michael Talbert, Mr. Jerry H. Welty, Mr. James F. Wood, Mr. Gordon D. Woolbert, Dr. George K. Haritos (Ex-officio)

College of Education

(Alumni Society)

Ms. Charlotte Grace Buzzelli, Ms. Eleanor Campbell, Mrs. Linda Herold, Ms. Rita Hosch, Mrs. Deborah Minerich, Mrs. Vivian Celeste Neal, Mr. Chad Palmer, Mrs. Lauri Ropchock, Mr. Donald Welch, Ms. Sue Wells, Ms. Evelyn Yovich

College of Business Administration

(Advancement Council)

Mr. John R. Adams, Ms. Anne Armao, Mr. Michael C. Arnold, Ms. Donna L. Barton, Mr. Rollie Bauer, Mr. Mark P. Bernier, Mr. Nick Browning, Mr. John Butcher, Mr. William L. Caplan, Mr. John H. Costello III, Mr. Anthony E. Cox, Ms. Laura Culp, Mr. Paul F. Denning, Mr. Vincent A. Di Girolamo, Ms. Kathryn W. Dindo, Mr. Edward T. Eliopoulos, Mr. Richard Fedorovich, Mr. Timothy Fitzwater, Mr. Thomas E. Gedelian, Ms. Valerie A. Geiger, Mr. Joseph Gingo, Mr. Paul Hoogenboom, Mr. Donald L. Kaufman, Mr. Edward Kemp, Mr. Richard J. Kramer, Mr. Richard H. Marsh, Mr. Robert McMinn, Mr. Scott C. Meyer, Mr. Scott Michaels, Mr. Peter D. Moore, Mr. Robert R. Morrison, Mr. Ronald W. Ocasek, Mr. Craig Pickering, Mr. John Piecuch, Mr. Andy Platt, Mr. Ernie E. Pouttu, Mr. Randy R. Radik, Mr. Roger T. Read, Ms. Suzanne Rickards, Mr. Lawrence E. Saulino, Mr. William Scala, Mr. Dean E. Smith, Mr. Philip A. Spanninger, Mr. F. William Steere, Mr. Donzell S. Taylor, Mr. James K. Thomspon, Ms. M. Catherine Vernon, Mr. Jeffrey A. Walters, Mr. Joseph R. Weber, III, Ms. Sharon L. Whitfield, Mr. William D. Woodyard.

College of Fine and Applied Arts

(Advancement Council)

Mr. Bill Bennett (Chair), Dr. Barbara N. Armstrong, Mr. David L. Bennett, Dr. Bonnie Burman, Mrs. Charlotte Essner, Mrs. Laura Lee Garfinkel, Mrs. Ruthie George, Mrs. Mary Ann Jackson, Dr. Gregory C. Keck, Ms. Karen M. Krino, Dr. David Makinson, Mrs. Orlene Makinson, Mr. Michael Malyuk, Mrs. Susan Malyuk, Mr. James McClusky, Mrs. Peggy McClusky, Mrs. Dolores Parker Morgan, Mrs. Renee S. Pipitone, Dr. Patrick J. Reilly, Mrs. Nanette G. Ryerson, Mrs. Janet Sours, Mr. John A. Sours, Ms. Mary Jane Stanchina, Dr. Ronald Stanich, Mrs. Virginia Wojno-Forney, Mr. Abe Zaidan, Mrs. Nancy Zaidan, Dr. Mark Auburn (honorary), Dr. Sandy Auburn (honorary), Mrs. Barbara Gillette (honorary), Mrs. Teresa Good (honorary), Mrs. Louise Harvey Kuhns (honorary), Mrs. Susan L. Martin (honorary), Ms. Jean Mercer (honorary), Mrs. Walter N. Mirapaul (honorary), Dr. Linda L. Moore (honorary), Dr. Yale S. Palchick (honorary), Mrs. Marilyn E. Sholtis (honorary), Mrs. William C. Waldman (honorary), Mrs. Virginia E. Wilson (honorary).

College of Nursing

(Advisory Council)

Ms. Marty Allen, Mr. Charles Barton, Ms. Suzanne Gill, Mrs. Eileen Good, Ms. Diane Janusch, Mrs. Christine Johnson, Ms. Unhee Kim, Ms. Marie McMillen, Ms. Hope Moon, Ms. Michele Morse, Mr. Chris Parker, Ms. Gloria Rookard, Dr. Katherine Ross-Alaolmolki, Mrs. Gillian Soposky, Mrs. Pat Torrico, Mrs. Grace Wakulchik, Dr. N. Margaret Wineman.
