Annual Campus Safety and Fire Report

Letter of Commitment

This information is provided as part of The University of Akron's commitment to safety and security on campus and in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act and The Higher Education Act: Fire Safety Report.

Safety: A shared responsibility

Your safety is our priority and our concern. It also must be your concern. As a university, we work very hard to prevent crime, fire, accidents and illness, but nothing we do is as important as what you do - and, in some cases, don't do. The University of Akron Police Department has primary responsibility for crime prevention and law enforcement on campus. Other areas, such as Student Engagement and Success, Transportation and Parking, Environmental Health and Safety and many others also contribute to making The University of Akron a safer place to study, work and live.

This site contains valuable information about how you can help us keep you safe, on and off campus. Please pay special attention to the safety tips. Following them may greatly reduce the chances that you'll be the victim of crime, become injured or lose valuables.

Reports for regional campuses of The University of Akron are reported separately by those campuses.

Let's work together to have a safe year.

Police Authority

About The University of Akron Police Department

Campus law enforcement is primarily the responsibility of The University of Akron Police Department (UAPD.) The University's full-time police officers are designated by statute as the law enforcement officers of the university and are commissioned by the State of Ohio with full law enforcement authority identical to a municipal police officer or sheriff's deputy (Ohio Revised Code §3345.04.) Each officer's oath of office is a personal commitment to the rule of law and constitutional limitations of police authority.

UAPD officers meet or exceed the training standards of the Ohio Peace Officers Training Council and receive ongoing in-service and specialized training. UAPD enforces all laws of the State of Ohio and the City of Akron, as well as being responsible for public safety services such as crime prevention, medical emergencies, fire emergencies and traffic accidents. UAPD is empowered to use investigative authority on reasonable suspicion of crime, to search and arrest as authorized by law and to use reasonable and necessary force to enforce all laws and protect property on all University property.

UAPD works closely with other law enforcement agencies and law enforcement information is shared through personal contacts and technological interaction. In addition, reports are regularly exchanged among agencies, so that all agencies share pertinent information.

In addition, the University maintains mutual aid agreements with several law enforcement agencies, including the cities of Akron and Orrville, and UAPD may enforce the law as provided by these mutual aid compacts. Copies of these mutual aid agreements are available here:

- [SWAT Team](#)
- [City of Akron](#)
- [City of Orrville](#)
- [Summit County](#)
- [Northern Ohio Violent Fugitive Task Force](#)
- [Participating Ohio Universities](#)

In particular, UAPD has established a strong working relationship with the City of Akron Police Department and UAPD has been given authority to engage in crime interdiction and joint crime prevention projects in the neighborhoods adjacent to the Akron campus.

UAPD provides law enforcement services to all campuses 24-hour-a-day, 7 days a week. Response areas include all parking lots, residence halls including fraternity and sorority houses and, in coordination with the City of Akron Police Department, local off campus housing.

The police station is located in the Physical Facilities Operations Center at the corner of Forge and Hill Streets. (GPS location of 146 Hill Street, Akron, OH 44325.)

UAPD is staffed 24 hours every day of the year, to receive reports and investigate crimes. Emergency telephone service, 9-1-1, is available without coin from all campus phones and over 250 direct emergency phones located throughout campus. Walk-in service is available every hour of every day. Non-emergency phone contact is also always available by calling 330.972.2911. Specific questions may also be directed to UAPD through electronic mail at pcallah@uakron.edu.

The mission for every member of UAPD is to consistently seek and find ways to affirmatively promote, preserve and deliver a feeling of security, safety and quality services to members of the community.

Criminal Activity Off Campus

The City of Akron has primary law enforcement responsibility for off-campus fraternities and sororities and the areas adjacent to the University's Akron campus. The City of Akron and the University have a mutual aid agreement that allows UAPD to assist the City of Akron Police Department with off-campus incidents. City of Akron Police also advise University officials when off-campus student organizations are engaged in off-campus criminal incidents. The University also has the authority to address off-campus conduct in accordance with the Code of Student Conduct.

Campus Safety Initiatives and Resources

Crime Prevention Initiatives

In addition to the campus safety programming, The University of Akron employs many additional crime prevention initiatives, including:

- **Community Policing:** UAPD utilizes a community policing philosophy with the goals of:
 1. establishing positive contacts with the campus community;
 2. identifying real and/or perceived problems that exist in the campus community; and
 3. developing programs that aid in resolution of identified problems.

To assist in its community policing efforts, UAPD uses various modes of transportation, including bicycles, motorcycles, cars and foot patrol.

- **Emergency phones:** Over 250 emergency phones are located throughout the University campus, which provide a direct line of communication to UAPD for individuals in need of emergency assistance. These phones are strategically positioned along pedestrian walkways, inside parking decks and at many building entrances. UAPD responds to all activated emergency phones even if no words are spoken. Look for the blue lights inside buildings, in parking areas and on campus grounds.
- **Student Campus Patrol:** Campus Patrol operates seven days a week from 5 p.m. to 2 a.m., for the safety of anyone walking alone on campus. By calling 330-972-7263, an escort will come to your location and accompany you to your local destination. Campus Patrol members are employed and trained by UAPD. They are easily identified by conspicuously marked shirts or jackets. Teams assist UAPD in patrolling the campus, including parking lots and reporting suspicious behavior.
- **Sexual assault survivor's rights:** UAPD has developed and implemented a "Sexual Assault Survivor's Rights" program, which is designed to protect the rights of survivors of sexual assault and is a road map to empower and inform survivors of sexual assault. Copies of these materials are available at UAPD. (Also see information concerning the [reporting of sexual misconduct and sexual assault in this document](#).)
- **Prospective and current student crime awareness and prevention programs:** UAPD and the Office of Student Engagement and Success present information to prospective students and their parents about University safety programs and general campus safety tips. Safety literature and displays are available during orientation and at move-in. Information is also available at various Web sites such as <http://www.uakron.edu/safety/police>.
- **The Department of Residence Life and Housing:** About 3,000 students live in the University's 13 residence halls. Access to the University's residence halls is restricted to student occupants, escorted guests and authorized University personnel. Unescorted persons are prohibited in the residence halls. While all residence halls have 24-hour visitation, buildings remain locked at all times and require a University-issued identification for access.

Residence hall staff members receive special training from UAPD about security and safety procedures and enforcement of residence hall regulations. Safety inspections every semester help students to maintain a safe environment. Department of Residence Life and Housing professional staff conduct programs with resident students to heighten awareness of safety on campus. Sessions cover topics from common sense precautions, (such as walking with a companion or in groups at night), to more difficult issues (such as acquaintance rape). Student programming offers other sessions such as "Sex Week," a nationally recognized program that covers topics such as safe sex, rape prevention, gay/lesbian issues, and interracial relationships.

As a part of crime prevention in the residence halls, UAPD patrols the residence halls during evening hours, Tuesday through Saturday. Officers participate in residence hall programs and handle all police, fire and safety problems in the residence halls.

- **The Office of Student Judicial Affairs:** The Office of Student Judicial Affairs' primary focus is to promote University community standards through the administration of The University of Akron Code of Student Conduct. The office also serves as an information source on student discipline, judicial hearings, appeals, and academic misconduct concerns. The purpose of the University discipline system is to promote student development by addressing behaviors that are inconsistent with community standards and expectations, as defined by the Code. The office conducts fair and impartial hearings regarding alleged violations of the Code and, when appropriate, administers proactive and educational sanctions. Student Judicial Affairs often coordinates its services with other campus offices in an effort to serve students to the fullest extent. When appropriate, referrals will be made to other University offices in an effort to best serve students.

Whenever persons witness what appears to be a violation of University rules under the Code, they are encouraged to report this to the Office of Student Judicial Affairs, which may conduct an investigation or contact UAPD if the reported activity appears to be criminal in nature. [The Office of Student Judicial Affairs](#) is located at Student Union 216. The Office may be contacted at 330-972-6380. See the Code of Student Conduct at <http://www.uakron.edu/ogc/UniversityRules/pdf/41-01.pdf>

- **Student Health Services:** Health Services works to assist students in meeting their educational and personal goals by addressing their health concerns during their enrollment. Health Services' Health Education section provides health education, wellness promotion and risk reduction programming to students, faculty and staff. Health Services continues to maintain the University's strategic vision of "shared responsibility" to plan, develop, implement, and evaluate health promotion techniques and continue to be a resource for those in need.

Health Services is designed to provide medical care for uncomplicated illnesses and injuries that are of recent onset and short duration. If you have any questions, please call us before your visit. Health Services is located in the Student Recreation and Wellness Center Room 260 and is open Monday through Friday from 8 a.m. to 5 p.m. (Last appointment at 4:30 p.m.) Health Services is closed on weekends and holidays. The office can be reached at 330-972-7808. [View Student Health Services' Website.](#)

Building Security and Access

The University of Akron implements numerous safety precautions on its campus.

Extensive lighting is found throughout the campus, and the University continues to implement additional lighting improvement projects and to consider public safety in maintaining its buildings and grounds. In addition, construction and renovation plans for University facilities are reviewed for principles associated with crime prevention through environmental design, both in the facility itself, and if practicable, in the adjacent area.

Access to campus buildings is restricted after normal business hours, and current University identification must be shown to gain admittance to many academic and administrative facilities during normal business hours. Access to the University's residence halls is restricted to student occupants, escorted guests and authorized University personnel. Unescorted persons are prohibited in the residence halls. While all residence halls have 24-hour visitation, buildings remain locked at all times and require a University-issued identification for access.

Policies for Reporting Crimes and Preparing Annual Reports

Individuals who are victims of, or witnesses to a crime, or otherwise become aware of a crime, are strongly encouraged to timely report that crime to the police. In fact, under Ohio law, persons who have knowledge of a felony (a victim of or witness to the crime) are required to report the crime to the police and failure to report a crime may itself be a crime. (Ohio Revised Code §2921.22)

Reporting Crime

- Crimes occurring **on campus** (Akron main campus, Medina campus or Wayne College campus) should be reported to UAPD by calling **9-1-1** or **330-972-2911**.
- Crimes occurring **off campus in Akron** should be reported to the City of Akron Police by calling **9-1-1** (emergency) or **330-375-2181** (non-emergency).
- Crimes occurring **off-campus at the Wayne College campus** should be reported to the City of Orrville Police Department at **330-684-5025**
- Crimes occurring off campus at the **Medina campus** should be reported to Medina County Sheriff's office at **330-336-6650** or dial **9-1-1**.

In addition to the police, information on criminal behavior may be reported to:

- Office of Student Engagement and Success and Student Judicial Affairs;
- Department of Athletics, Offices of the Athletic Director and athletic coaches;
- Residence Life and Housing staff; and
- Advisers to recognized student organizations.

The University strongly encourages crime victims to report all criminal activity to police in order to insure prompt evaluation for timely warning or emergency notification and for inclusion in the statistics for the annual crime report.

Confidentiality

Crimes reported to counselors at UA's [Counseling Center](#) or to a physician or nurse at [Student Health Services](#) are confidential by law. Some off-campus reports also may be legally confidential (for example, to clergy or Portage Path Behavioral Health). Counselors and physicians are encouraged to report crimes reported to them consistent with their professional ethics and the limitations imposed by applicable confidentiality laws. Therefore, crimes reported to counselors and physicians within the scope of their professional licenses may not be included in the annual crime statistics report.

Because of the Ohio public records law, The University of Akron is not able to promise confidentiality to persons reporting crimes to individuals or offices that supply crime statistics for this annual report.

Preparing annual reports

Crimes that are reported to the following individuals or offices are included in the annual crime statistics report. Campus offices also are encouraged to report criminal incidents to UAPD

contemporaneous with occurrence to ensure inclusion, and avoid duplication of statistics in the annual report.

- Student organizations with off-campus housing
- The University of Akron Police Department
- The City of Akron Police Department
- City of Orrville Police Department
- Wayne County Sheriff's Office
- The Medina County Sheriff's Office
- City of Lakewood Police Department
- City of Wadsworth Police Department
- Village of Millersburg Police Department
- Office of Student Judicial Affairs
- Advisors to Recognized Student Organizations
- Department of Residence Life and Housing
- Department of Athletics, Offices of the Athletic Director and Athletic Coaches

The University of Akron's [Annual Campus Security Act Report](#) is the result of the efforts of many people on campus. Each year the offices and individuals listed above provide information for inclusion in the annual report. No formal police report is required for a crime to be included in the statistics. Every effort is taken to ensure that all persons required to report do so, and that statistics are as accurate and complete as possible. Information included in the annual report is reviewed for accuracy, completeness and readability.

If you have any questions or concerns about any of the statistics and information in this report, please contact UAPD at 330-972-2911.

Timely Warnings

Safety Advisory

In the event that a crime occurs on The University of Akron campus, or on the public property surrounding campus, that, in the judgment of The University of Akron Police Department (UAPD) constitutes a serious or on-going threat to the campus community, a Safety Advisory will be issued. The purpose of a Safety Advisory is to provide to individuals information about the incident that will: enable persons to protect themselves; heighten safety awareness; aid in the prevention of similar crimes; and, seek information that will lead to an arrest and conviction of the perpetrator.

Safety Advisories are usually distributed for the following Uniformed Crime Reporting Program (UCR)/National Incident Based Reporting System (NIBRS) classifications: arson, criminal homicide, and robbery. Cases of aggravated assault and sex offenses are considered on a case-by-case basis, depending on the facts of the case and the information known by UAPD. For example, if an assault occurs between two students who have a disagreement, there may be no on-going threat to other University of Akron community members and a Safety Advisory would not be distributed. In cases involving sexual assault, they are often reported long after the incident occurred, thus there is no ability to distribute a “timely” warning notice to the community. Sex offenses and burglaries will be considered on a case-by-case basis depending on when and where the incident occurred, when it was reported, and the amount information known by UAPD. The UAPD Police Chief or designee reviews all reports to determine if there is an on-going threat to the community and if the distribution of a Safety Advisory is warranted. Safety Advisories also may be posted for other crime classifications, as deemed appropriate.

Safety Advisories are distributed to students, faculty and staff via a blast e-mail and are posted on the University’s Safety website.

Every attempt will be made to distribute a Safety Advisory soon after the incident is reported; however, the release of the Safety Advisory is subject to the availability of facts concerning the incident. The decision to issue an Advisory will be made by the University's assistant vice president for campus safety/police chief or designee, with notice to the senior vice president, provost and chief operating officer and the director of internal communications. Other University offices may be consulted as necessary. Safety Advisory e-mails typically include:

1. A succinct statement of the incident.
2. Possible connection to previous incidents, if applicable.
3. Physical description of the suspect, if available.
4. Date and time the bulletin was released.
5. Other relevant and important information.
6. Appropriate safety tips.

Emergency Notification and Response

Emergency Messaging System – Notification of an Immediate Threat

The University of Akron maintains multiple systems for alerting the University about campus emergencies, including via cell phone text messages and email. These notices also post to the University website. The University of Akron Text Messaging System is available to all University students, faculty, and staff.

[Enroll in UA's free emergency, text-messaging service.](#)

In addition, in the case of an emergency the University can activate an announcement via a public announcement system and can communicate with many buildings through voice announcements from the UAPD dispatch center to individual building fire alarms systems. The university may also elect to alert the media.

Emergency messaging primarily will be used for those situations that pose an immediate threat to the health or safety of students or employees on campus or for the closing of an entire campus (i.e., severe weather, chemical spills, fires, and crimes.) Messages about criminal activity generally will not be sent unless it is decided there is an imminent threat of danger. In those cases where a crime has been reported and UAPD determines that although there is no immediate threat the crime represents a serious or ongoing threat to the campus community, a Timely Warning/Safety Advisory will be issued.

The emergency messaging system is provided in addition to existing emergency notification procedures and does not replace or eliminate any other emergency notification system (e.g., fire alarms, tornado sirens).

The University generally will provide follow-up information to the community as appropriate via the University's website.

Emergency Notification Procedures

If UAPD confirms there is an immediate threat to the health or safety of some or all of the members of the campus community, UAPD will advise the Office of Internal Communications, which, in consultation with UAPD, will determine the content of the message and will use some or all of the methods described above to communicate to the campus community or appropriate segment of the campus community. The University will, without delay and taking into account the safety of the community, determine the content of the emergency message and initiate the emergency messaging system, unless issuing a message will, in the judgment of UAPD or other responsible authorities, compromise efforts to assist a victim or to contain, respond to, or otherwise mitigate the emergency situation. The warnings typically consist of the following elements: a short description and location of the incident; actions the recipient needs to take to avoid harm; and how follow-up information will be provided.

Emergency Notification v. Timely Warning

If there is an immediate threat to the health or safety of students or employees occurring on campus, The University of Akron will follow its Emergency Communication Procedures. No Safety Advisory based on the same circumstance will be issued. However, follow-up information will be disseminated to the community as needed.

Additional Communication

In the event of a significant on-campus emergency or dangerous situation involving an immediate threat to the health or safety of students, faculty or staff, the University will also post information on its homepage at www.uakron.edu. The University of Akron's Office of Marketing and Communications is charged with notifying the media in the event of an emergency. Updated information will be posted to the University's website and provided to the media as available.

Annual Publication

General information about the University's response and evacuation procedures is publicized each year as part of its Campus Safety Report, which is published as part of its compliance with the Clery Act.

Emergency Response Procedures and Testing Emergency Response/Evacuation Procedures

Emergency Response Procedures

The University of Akron has established a Comprehensive Emergency Management Plan (CEMP) to provide an all-hazards approach for managing its response to emergencies or disasters that threaten the safety and well-being of the University's community or disrupt its programs and operations. The University also has established an Emergency Management Group (EMG) to carry out its CEMP. These types of large-scale emergencies require a coordinated response effort between the University and local emergency response agencies. The CEMP is an operational plan that establishes policies, procedures, responsibilities and organizational structure to be implemented during emergencies and disasters, both during campus-wide emergency planning and during an actual emergency incident.

The CEMP shall be activated when circumstances indicate that there is a significant emergency or dangerous incident on campus. The first University safety force member that arrives on scene shall establish incident command over the radio and give a detailed overview of the situation, including: the type of incident; the number of people, vehicles or buildings involved; the number of injured people and type of injuries; and whether the situation presents an immediate threat to the health or safety of students and employees. If the situation presents an immediate threat, the University of Akron Police Department (UAPD) Dispatch Center, under the direction of the Assistant Vice President of Campus Safety - Chief of Police (or designee) and with notice to the President, is responsible for initiating the CEMP by immediately contacting the University's Chief Communication Officer (CCO) and Emergency Management Coordinator (EMC), who will coordinate the distribution of necessary notifications and activation of the Campus Emergency Operations Center.

In the event that the University President or Board of Trustees determines that unsafe conditions (i.e. the threat of serious injury to persons or extensive damage to property) exist as the result of a natural, human caused or technological disaster, the President (or designee) will immediately proclaim in writing the existence of a State of Emergency and the time of its occurrence. The President (or designee) shall issue a declaration to the campus community and public through the news media and such other means of dissemination consistent with Chapter 3345.26 of the Ohio Revised Code. Prior to the issuance of the emergency proclamation, the President should, if possible, consult with members of the UA Board of Trustees and Assistant Vice President of Campus

Safety to discuss the proclamation of the State of Emergency. When proclaimed, the EMG immediately shall notify the Summit County Emergency Management Agency (SCEMA).

Testing Emergency Response and Evacuation Procedures

Text messaging and the indoor and outdoor warning systems are tested regularly. E-mail, the telephone announcement line and the Internet announcements are in use daily. A dark website has been developed and social media streams are in place, ready to be activated if needed during an emergency. System tests are pre-announced. In addition, the campus is informed at the beginning of the academic year of the monthly tests of the outdoor warning system.

Campus safety services also conduct tests of emergency response procedures on *at least* an annual basis. The tests typically are announced. The Office of Environmental Health and Safety coordinates at least one announced or unannounced drill and exercise per year and conducts follow-through activities designed for the assessment and evaluation of emergency plans and capabilities, and documentation of the tests is maintained by the University's Office of Environmental and Occupational Health and Safety. The University also includes this description of Emergency Response procedures annually in its campus safety report.

Evacuation drills are coordinated by EOHS each semester for all residence hall facilities. The purpose of evacuation drills is to prepare building occupants for an organized evacuation in case of an emergency. Evacuation routes are posted in each residence hall and students learn the locations of the emergency exits in the buildings and are provided guidance about the direction they should travel when exiting each facility for a short-term building evacuation. Designated locations for long-term evacuations are affected by time of day, location of the building being evacuated, the availability of the various designated emergency gathering locations on campus, and other factors such as the location and nature of the threat. UAPD, SEAS staff and Residence Life staff on the scene will communicate information to students regarding the developing situation or any evacuation status changes. In addition to educating the occupants of each building about the evacuation procedures during the drills, the process also provides the University an opportunity to test the operation of fire alarm system components.

Evacuation drills for residence halls are monitored by EOHS and SEAS staff. Recommendations for improvements may be submitted to the appropriate departments/offices for consideration. The University of Akron has protocols for assisting people with different disabilities for safe evacuation.
