Instructions

- Use this form to provide detailed information about the injured worker's ability to work. Add comments to Section 4 or attach additional information as necessary. BWC uses the information to support a request for temporary total compensation.
- The treating physician must submit this form each time they see the injured worker unless they:
 - Have been awarded permanent and total disability.
 - Have returned to work without restrictions within seven days of the injury.
 - Are being treated after the treating physician has released them to their former position of employment (i.e., full duty job) held on the date of injury without restrictions.
- While you may use an equivalent physician-generated document (e.g., office notes, treatment plan) to the MEDCO-14, it must contain, at a minimum, the required data elements. If you've previously submitted equivalent data, indicate the date of the report on the form (e.g., 5/15/2021, office note).

Note: Physician assistants and nurse practitioners may complete this form; however, they may only certify temporary disability for the first six weeks after the date of injury. Subsequent periods of temporary disability require a co-signature by the treating physician.

- Fax form to the managed care organization if the employer is state-fund or to the employer if self-insured.
- Important:** Failure to provide complete information may delay compensation payments to the injured worker.
