

## JEAN ANDRICK

I have been employed by The University of Akron since 1995. I began my career in the Center for Child Development as a part-time employee. In 1996 I transferred to the Office of the University Registrar as The University of Akron's Ohio Residency Officer. In 2004 I transferred to the Office of Undergraduate Admissions. During my career I have developed valuable relationships with the campus community, which has fostered my career professionally and personally.

I am a graduate of The University of Akron and currently pursuing a master's degree. I have been an instructor for The University of Akron's Student Success Seminars managed under University College Dean's Office. I contribute to the First Year Experience Mentor Program and serve on the Advisory Board because of my initiatives in promoting and improving this program. I continue to participate on the Welcome Team and Student Appreciation days to help demonstrate to students our gratitude. I am an Assistant Marshal at commencement ceremonies, continue to be a United Way representative and currently serve on the Student Affairs Safety committee. I am a member of Women in Higher Education and previously have been on several committees such as the Student Affairs Awards committee, Community Development committee, chair of the OACRAO Local Arrangements committee, Academic Records and Information committee, and several search committees.

Some of my hobbies and interests are life-long learning (I have been attending since 1996!), my family, volunteering, being an educator, hiking, traveling, and music. Last year I was appointed a position as a Primary Teacher Leader with People to People Student Ambassador Programs. I will be leading 40 student ambassadors to British Columbia this year from June 28-July 11. This program has been a wonderful experience for me and truly has given me an opportunity to enrich my life with international educational opportunities. I was privileged to have the Honorable Mayor Plusquellic as my guest speaker to discuss our civic responsibilities at one of my orientation meetings.

I am honored to have been nominated to represent our Staff Employees Advisory Committee and feel I can dedicate myself to "become part of the decision making process at The University of Akron." Thank you!
