

Sociology Degree:

Basic Requirements for Graduation¹

General Education Requirements: Students should refer to the outline of general education requirements listed in the undergraduate bulletin or located at <http://www.uakron.edu/advising/curriculum-guides>.

Foreign Language Requirement: Students are required to complete through the second year of a foreign language. Students may test out of courses in the language sequence, but they must post the final course to their transcript (e.g., level four). There are no substitutions for this requirement.

College of Arts & Sciences Upper-Division Requirement: All graduates of the college of Arts & Sciences are required to complete 47 credit hours of 300/400 level coursework. Your departmental requirements (listed below) fulfill a part of this requirement. The additional credits are commonly referred to as “electives” and can be completed in any department (including additional Sociology courses). Many students choose to pursue a specific minor and/or certificate with these credits; other students pursue courses of personal interest or scheduling convenience. The only restriction on these classes is that they may NOT be a general education course or a workshop. See Tools for Success on “electives” and “Understanding the Course Numbering System” for more information.
