

# U.S. News Announces the 2019 Best Jobs

**Washington, D.C.** – U.S. News & World Report, the global authority in rankings and consumer advice, today unveiled the [2019 Best Jobs](#). The rankings offer a look at the best jobs across 15 categories – from [best-paying jobs](#) to sectors such as [business](#) and [technology](#) – to help job seekers at every level achieve their career goals. The rankings take into account the most important aspects of a job, including growth potential, work-life balance and salary.

To calculate Best Jobs, U.S. News draws data from the U.S. Bureau of Labor Statistics to identify jobs with the greatest hiring demand. Jobs are then scored using seven component measures: 10-year growth volume, 10-year growth percentage, median salary, employment rate, and future job prospects, stress level and work-life balance.

## Best Jobs

1. Software Developer
- 2. Statistician**
