

**UC IT Standing Committee Annual Report  
UC Year 2024-2025**

| Goal/Metric                                                                         | Accomplished | In Progress | Not Accomplished |
|-------------------------------------------------------------------------------------|--------------|-------------|------------------|
| Exploring and recommending improvements for mobile apps supported by the University |              | ✓           |                  |
| Exploring and recommending enhancements to classroom technology                     |              | ✓           |                  |
| Exploring and recommending improvements for the new MyAkron portal                  |              | ✓           |                  |

**What were your top two successes?**

1. Elevated faculty and student concerns about classroom technology to UC and administration through survey results and committee reports.
2. Advanced discussions on LMS selection, leading to Faculty Senate resolution (even though not listed in original 3 goals, it became a major success of the committee).

**What were your top two challenges?**

1. Lack of timely feedback from UC Executive Committee on survey escalation.
2. Slow progress on technology initiatives (mobile apps, MyAkron) due to overlapping projects and limited resources.

**Please list the dates of your meetings:**

September – ✓  
October – ✓  
November – ✓  
December – ✓  
January – ✓

February – ✓  
March – ✓  
April – ✓  
May – ✓  
June – ✗ (skipped)  
July – ✗ (skipped)  
August – ✗ (skipped)

*Please submit the report to Heather Loughney (hl@uakron.edu) by September xx, xxxx.*
