

Physical Environment Committee Annual Report
September 1, 2024 – August 31, 2025

Goals:

Goal/Metric	Accomplished	In Progress	Not Accomplished
Reviewed, voted, and approved space requests (17)	X		
At least one PEC member participated in all of the four Safety Walks coordinated by Undergraduate Student Government, Spring Semester 2025.	X		
Invite campus stakeholders (e.g., Physical Facilities, Environmental and Occupational Health & Safety, UA Police, Student Health Services) to PEC meetings to share recommendations and other safety related practices once within the academic year		X	
Promotes a safe and accessible environment in campus spaces and facilities by surveying UA community every three years.			X

What were your top two successes?

1. Collaboration and support from committee members.
2. Invited guest speakers who informed committee of their unit's roles and priorities: Eric Green (Environmental & Occupational Health and Safety) and Mark Beers (Emergency Management – EOHS). These presentations are aligned with the committee's charge and current annual goals.

What were your top two challenges?

1. The committee needs a second member representing SEAC.
2. Because most space requests were received prior to committee monthly meetings, committee voted on the requests one month after submission.
