

## Student Engagement and Success Annual Report September 1, 2018 – August 31, 2019

**Goals:**

(Submitted to UC in November 2018)

Goal/Metric	Accomplished	In Progress	Not Accomplished
Develop and help market an ITL series of innovative teaching strategies being used by faculty on campus.	x		
Research and suggest policy regarding incentives for early enrollment.	x		
Revive First Year Experience team		x	
Research the impact of the timing of the students' bill on registration. Suggest policy for improvement.	x		

What were your top two successes?

1. ITL series was well received.
2. Research into early enrollment and student billing was enlightening and helped the committee understand the efforts already in place.

What were your top two challenges?

1. Keeping the committee intact. It was difficult to move forward with initiatives with high turnover of committee members.
2. There is a concern among the committee members, and others across campus, that there are too many committees focused on the same issue of student success and retention and it would be good to consolidate efforts.

Please list the dates of your meetings:

9/19/18, 10/17/18, 11/14/18, 1/28/19, 2/27/19, 3/20/19, 4/29/19, 5/22/19, 7/17/19, 8/13/19
