1. The following motion was made regarding Fee Remission for Part-time Staff Dependents:

   Whereas, part-time faculty receive a fee remission of one course/semester that is transferrable to a qualified dependent and part-time staff do not have the option to transfer the remission.

   Whereas in 2015, 15 part-time staff qualify for fee remission for themselves.

   Therefore, the committee recommends that the benefit to transfer one course per semester to a qualified dependent be extended to qualified part-time staff. **The motion carried** by a secret ballot vote of 17 in favor and 1 opposed.

2. The following motion was made regarding the Succession and Retirement Planning recommendations that was sent to President Scarborough on April 6, 2015:

   The Human Resources and Talent Development Committee is concerned that the recent layoffs did not take into account the recommendations for succession planning previously provided by this committee in our report, including the processes that would allow for the preservation of institutional knowledge. We urge that these previously submitted recommendations be accepted and applied by the university.

   The following amendment was made:

   The Human Resources and Talent Development Committee is concerned that the recent layoffs did not take into account the recommendations for succession planning previously provided by this committee in our report, including the processes that would allow for the preservation of institutional **integrity and knowledge**. We urge that these previously submitted recommendations be accepted and applied by the university.

Nathan Mortimer, Vice President of Finance and Administration/CFO, discussed the attached **FY16 Budget Presentation.**

The following are a couple points of interest:

- $60m references the gap we think we are over from an economical sustainability financial model
- The budgetary control is different than in the past; we are using a “hard control” which means users cannot spend more than allocated
- 213 positions were abolished; 161 positions were filled at the time of the decision; some people have since retired; some people were placed into vacant positions – 121 people were displaced
• All revenue goes into the general fund (very limited revenue share)
• Administrative IDC distributions go into the general fund and academic IDC remains unchanged
• Scholarships will be managed to a net revenue percentage instead of to a specific dollar amount
• Many central obligations shifted to the colleges and VP units
• Dining Services is being outsourced to Aramark
• VP Mortimer will continue to work to reduce the ERIP and Startup issues

4:10 – 4:30  STANDING COMMITTEE REPORTS CONTINUED  STANDING COMMITTEE CHAIRS

## Agenda topics

### 1:30 – 1:35
CALL TO ORDER

**DISCUSSION**

1. The chair called the meeting to order.

### 1:35 – 2:30
PRESENTATION

**PRESIDENT SCARBOROUGH**

President Scarborough was chair of the University of Toledo University Council and a student member of the University of Texas University Council.

He is hopeful that the UC bylaws will be approved by the BOT this semester. He complimented the UC on the great work being done.

The President asked UC members to identify the topics they wanted to discuss:

- Campus physical environment/master planning
- LeBron James scholarships/partnership
- Faculty lines
- UC key success factors/helpful ideas
- Budget
- Employee morale
- Identity of UA
- Dr. Proenza future role
- Honors College
- Graduate School
- President’s visibility
- Athletics
President Scarborough discussed the following topics:

**LeBron James scholarships/partnership:**
He discussed the attached *University Strengths* document. We need to either grow a strength or build a strength to meet the market demand. The Executive Director of the LeBron James Family Foundation is an alumna of the University of Akron. We created a more meaningful relationship with LeBron that will benefit the University of Akron and the kids in the LeBron’s James Family Foundation.

**Faculty lines:** He worked with the colleges to determine which faculty lines to approve and they will be communicated after BOT approval.

**Budget:** He spent the first year learning the budget process to understand how to stabilize the finances. He invited one representative from Faculty Senate, the faculty union and the UC Budget & Finance Committee to review the budget with him. The UC Budget & Finance committee is a broadly representative group that provides input and feedback on the budget. He does not expect the committee to review each line item of the budget.

**President's visibility:** During the first year, he spent 75% of his time internally focused and 25% externally focused to understand what goes on at the college level, the financial level and the market level. His goal next year is to be more externally focused.

**UC key success factors:** He would like the UC to continue to be a group that comes together and practices shared governance to help move the University forward.

**Employee moral:** He will discuss his vision for the future of the University at his State of the University Address on October 20. We need to clearly communicate where the University is heading and get excited about it.

**Identity of UA:** We cannot be a generic state university and rely on recruiting the majority of our students from Northeast Ohio. We need to become a destination university that offers something distinct and special. The Polytechnic educational experience is an attempt to make our historical strengths unique and special.

**Dr. Proenza’s future role:** It is customary for a president emeritus to be given a one-year sabbatical. Dr. Proenza has chosen to take a two-year sabbatical at half pay. It is his choice whether he comes back to teach after his sabbatical.

Due to time constraints, President Scarborough will discuss the remaining topics at a future meeting.

The meeting was adjourned at 2:35 p.m. by unanimous consent.

- The survey findings are representative of those that completed the survey; we do not know everything that has happened on campus  
- 3,330 people completed the survey (10% response rate)
• The survey contained 50 questions; 95% of the questions came from the White House Task Force to Protect Students from Sexual Assault (federal initiative)
• As faculty and staff of the University of Akron, it is our responsibility to report sexual assault
• More information is available at http://www.uakron.edu/save-team (including the survey questions and responses)
